

## **Super IDG 961**

Chapter 961: End of a Legend?

The Sea Burial King's expression was cold as he suddenly waved the saber in his hand!

“Sea Wall!”

Whoosh! Whoosh!

The seawater surged, as if a thick city wall had risen above the sea to resist the fierce attacks of the two of them!

Boom! Boom!

The tens of thousands of whaling harpoons and pythons slammed into the city wall with a torrential momentum!

A large amount of water splashed in all directions, making it look as if it was raining heavily!

The combined attack of Deep Sea Lord and Sea Spectre was extremely powerful!

The thick city wall condensed by the Sea Burial King only resisted for a few minutes before collapsing!

The remaining whaling harpoons continued to shoot towards the Sea Burial King!

The remaining pythons also continued to pounce forward!

“Do you really think you can kill me so easily?

Dream on!”

The Sea Burial King roared and flew up. He waved the saber in his hand and slashed out heavily!

Boom! Boom! Boom!

The incoming whaling harpoons and pythons were all destroyed by that saber!

Deep Sea Lord and Sea Spectre took this opportunity to instantly charge over!

“Go to hell!”

Sea Spectre suddenly waved its whaling harpoon and slashed at the Sea Burial King’s chest!

Swoosh!

The whaling harpoon slashed over heavily, tearing the air apart with an ear-piercing tearing sound!

The Deep Sea Lord leaped into the sky and waved his trident, stabbing at the Sea Burial King’s head!

The Sea Burial King held his saber tightly in his right hand and welcomed the whaling harpoon that the Sea Spectre slashed at him!

He clenched his left fist and erupted with a dazzling dark blue light, resisting the trident that was stabbing down from the sky!

Clang!

Boom! Boom!

The saber, whaling harpoon, fist, and trident collided heavily at this moment!

The sound of collision that shook the sky and sea resounded continuously!

Rays of light shot out in all directions, and the light was resplendent. Energy surged, causing the sea to surge violently!

At this moment.

The Sea Burial King forcefully endured the fierce attacks of the two of them and roared, “Be it in the past, present, or the future, I, Rokelev, will always be the number one overlord on the sea!”

With a roar!

Ooommmm!

The power in his body instantly erupted, and an even more dazzling dark blue beam of light shot out!

“Argh!”

“Ugh!”

The Deep Sea Lord and Sea Spectre let out a muffled groan and were sent flying at the same time!

Their bodies were torn open and blood flowed!

“Roar!”

The blue whale also let out a roar and dragged its injured body, sending the Megalodon and the Titan Python flying!

At this moment.

The pirates of the Giant Whale Pirates who were watching the battle from afar were all fired up!

This was their king!

Eternally domineering!

Even if it was one against two, he was not afraid and would never retreat!

Even the pirates of the eight pirate organizations were filled with admiration!

Even if the Sea Burial King really died today, he would be remembered by the Dark World and praised by all the pirates at sea!

“Kill!”

The Sea Burial King let out a wild roar and charged at the Deep Sea Lord and Sea Spectre with a saber in his hand!

“Wu...”

The blue whale also let out a roar and charged towards the Titan Python and the Megalodon Shark!

DONG!

DONG!

Two terrifying collision sounds resounded in the sea again!

The Sea Burial King, Deep Sea Lord, and Sea Spectre were sent flying again!

The blue whale, the Titan Python, and the Megalodon Shark were also sent flying at the same time!

As they were sent flying, blood splattered and dyed the sea red!

But soon...

The Sea Burial King and the blue whale stabilized their bodies and endured the pain on their bodies before continuing to charge!

Dong, dong, dong!

Boom! Boom! Boom!

The sound of collision and explosions resounded continuously!

After fighting for hundreds of rounds!

Rumble...

Rumble...

The Sea Burial King and the blue whale, who were covered in injuries, smashed into the sea at the same time!

Two huge splashes were blasted into the sky!

“Kill the Sea Burial King and this beast!”

The Deep Sea Lord roared and mobilized a trace of divine power. He suddenly waved the trident in his hand!

Whoosh! Whoosh!

An incomparably huge wave rose from the sea!

Then, it compressed and condensed into a huge trident that flickered with a dazzling blue-gold light under the sunlight!

Sea Spectre also continuously mobilized the energy in its body and waved the whaling harpoon in its hand!

Another huge wave rushed into the sky and condensed into a huge spear that attacked the Sea Burial King and the blue whale!

“Sea Burial King!”

“Fatty Blue!”

“Quick! Go and help!”

The pirates of the Giant Whale Pirates organization shouted in fear and jumped off the battleship, wanting to rush over to help!

“Do you think trash like you can save people?”

The Deep Sea Lord waved the trident in his hand.

The seawater turned into pythons again, tearing the pirates who rushed over to help apart!

The eight pirate leaders who were watching the battle from afar became excited!

On the sea, the Sea Burial King, who had left countless legends in the Dark World, was about to die!

The legend of a generation was about to end!

The giant trident and giant spear attacked crazily!

Meanwhile, the Sea Burial King flipped over and stood up. He raised the saber in his hand and slashed into the sky!

The blue whale also raised its head and spat out a thick and huge water pillar!

Rumble!

Boom! Boom!

The saber and water pillar collided heavily with the huge fork and huge spear, erupting with a thunderous sound!

The sea area where the Sea Burial King and the blue whale were kept sinking!

It was as if a huge pit had collapsed on the sea!

Less than a minute later...

Ooommmm!

The water pillar spat out by the blue whale was directly shattered, turning into a large number of water droplets that splashed everywhere!

The Sea Burial King gripped his saber tightly with both hands and continued to withstand their attacks!

“This guy is really tenacious!

Even this can't kill him!”

The Deep Sea Lord's expression darkened. With a flash, he leaped into the sky and swung the trident at the Sea Burial King!

Sea Spectre also jumped into the sky and waved the whaling harpoon in its hand, attacking the Sea Burial King below!

The two of them constantly mobilized the energy in their bodies and poured it into their weapons, bombarding the Sea Burial King!

“Ahhh!”

The Sea Burial King let out a loud roar. The muscles in his thick arms bulged, and his veins bulged as he fought the two of them crazily!

The skin and muscles on his body could not withstand the suppression of the two of them. They kept tearing and blood splattered!

“Sea Burial King!”

“Can anyone help my king?!”

The pirates of the Giant Whale Pirates organization shouted in grief.

However, at this critical moment!

Whoosh! Whoosh! Whoosh! Whoosh!

A series of ear-piercing air-piercing sounds resounded in the sea!

What greeted everyone was...

A golden flying sword!

A white spear!

A spear of white light!

A pitch-black blade of light!

A huge black-red claw!

All of them came crashing from afar with endless destructive power!

In an instant!

Rumble!

An earth-shattering explosion exploded in the sky!

The giant trident and spear that the Deep Sea Lord and Sea Spectre had condensed were shattered!

“Ahhh...”

The two of them could not withstand such a ferocious attack either. They let out a tragic cry and were blasted flying!

In an instant...

Everyone present was dumbfounded, not knowing what was going on!

Who had attacked just now and instantly resolved the crisis of the Sea Burial King?

Just as everyone was stunned...

“Hahaha, Fifth Brother, I haven’t seen you beaten up so badly in a long time!”

A gloating laugh came from afar.

Everyone turned around and was stunned by the scene in the distance...

Chapter 962: Fight Me if you can!

Seventy battleships sailed over majestically from afar.

Great flags floated on the warship, and the deck was filled with people. There were more than 100,000 people.

It was majestic and magnificent.

On the leading battleship stood a group of people.

They were Yang Luo, the King of Destruction, the Heavenly Sirius, the Purgatory Death God, and the Goddess of Fate.

“What’s going on? Why are there suddenly so many people?!”

“Why are the King of Destruction, the Heavenly Sirius, the Purgatory Death God, and the Goddess of Fate all here?!”

“Who are those people from Country Hua? They don’t look simple either!”

The pirates of the eight pirate organizations exclaimed as their bodies trembled.

Even though the Holy Imperial Court had declined, the reputation of the ten Divine Kings still resounded throughout the Dark World.

A single stomp from a Divine King was enough to make the entire Dark World tremble.

But now, in addition to the Sea Burial King, five divine kings of the Holy Imperial Court had actually appeared at the same time.

Other than a few top organizations, no other organization would be able to resist such a force.

The eight great pirates were also trembling and sweating profusely.

Deep Sea Lord and Sea Spectre also swallowed their throats and felt immense pressure.

After all, the two of them could barely defeat the Sea Burial King even if they joined forces.

But now, four more Divine Kings had arrived. How could they fight?

The Sea Burial King looked at the King of Destruction and the others in confusion and asked, "Fourth Brother, Sixth Brother, Seventh Sister, Ninth Brother, why are you here?"

Also, did you bring so many people to fight?"

The King of Destruction smiled and said, "We've experienced quite a lot of things before. I'll tell you in detail later."

"Oh..."

The Sea Burial King nodded and frowned, "I don't think I asked you for help. How did you find me?"

"Your Majesty, I sent a distress signal to the headquarters!"

A young pirate on the deck in the distance said as if he was taking credit.

Not long ago, he sent a distress signal to the headquarters of the Holy Imperial Court.

The headquarters sent the distress signal to every Divine King and other higher-ups through the “Heavenly Eye System”.

In that case, no matter which Divine King or upper echelons it was, as long as they were close to the source of help, they would be able to rush over immediately.

“F\*ck, who asked you to meddle in other people’s business!”

The Sea Burial King cursed angrily and said unhappily, “I just have to make these guys laugh at me!”

The Heavenly Sirius said happily, “Alright, Fifth Brother, if we hadn’t come, you would have died!”

The Sea Burial King snorted and said, “Nonsense. How would I die so easily!”

As he spoke, his gaze shifted to Yang Luo.

“Eh, you’re here too?”

The Sea Burial King’s eyes lit up.

Yang Luo cupped his hands and said, “Sea Burial King, your reputation is resounding like thunder. I’ve finally seen you today!”

The Sea Burial King laughed loudly and said, “Alright, after this matter is over, I’ll fight you properly!”

“Of course I’ll accompany you!”

Yang Luo nodded in agreement.

The King of Destruction looked up at the Deep Sea Lord and Sea Spectre and narrowed his eyes, “I didn’t expect your Heavenly Shrine and Hell Fiend Palace to be mixed together!

“Why? Are you guys planning to join forces to resist our Holy Imperial Court?”

The Deep Sea Lord exclaimed, “So what if I am?”

Sea Spectre said coldly, "The Dark World is about to fall into chaos!

As long as our two organizations join forces...

Your Holy Imperial Court will eventually be destroyed by us!"

The King of Destruction said with a cold expression, "If you want to destroy our Holy Imperial Court, you can try!

However, do you think you can survive today?"

Deep Sea Lord mocked, "Bullying with numbers? Is this the style of the Holy Imperial Court?"

"At the very least, your Holy Imperial Court was once the largest organization in the Underworld!

"If word gets out today, you will definitely be despised by the major organizations of the Dark World!"

Sea Spectre also mocked.

The Deep Sea Lord continued, "We have two people now. You can also send two people. Let's have a duel. How about that?"

They knew very well that once the King of Destruction and the others joined forces, they would definitely lose.

Bujie jumped out and started scolding.

"Are you idiots?"

Did you think that this is a group arena?

Duel? I'll duel with your sister!

Didn't you guys bully him with numbers just now?

Now, you actually claim that we're bullying you with numbers!

Where did you get the face to say such things?

Is there something wrong with your brain?"

This series of curses made the Deep Sea Lord and Sea Spectre tremble in anger!

Meanwhile, the King of Destruction and the others were overwhelmed with laughter.

No matter what, the Deep Sea Lord and the Sea Spectre were the Chief God of the Heavenly Shrines and the Demon King of the Hell Fiend Palace.

When had they ever been scolded like this?

"Kid, you have a death wish!"

The Deep Sea Lord roared and waved the trident in his hand!

Swoosh!

A huge wave surged up from the sea and turned into a huge fork that shot towards Bujie!

The huge fork tore through the air, emitting a sharp sound. The air in front of it was shattered!

“Brother Yang, save me!”

Bujie screamed in fright and hurriedly hid behind Yang Luo.

Yang Luo waved the Dragon Emperor Sword in his hand and faced it!

Rumble!

Accompanied by a shocking explosion!

The huge trident condensed from seawater was shattered!

Bujie hid behind Yang Luo and continued to scold, “Don’t think that you can show off just because you have a trident. Aren’t you just a fisherman!”

“Ahhh!”

The Deep Sea Lord let out furious roars and charged towards Yang Luo and the others with the trident in hand!

Sea Spectre also charged over with its whaling harpoon!

The Sea Burial King's figure flashed as he charged at the two of them!

Yang Luo, the King of Destruction, the Heavenly Sirius, the Purgatory Death God, and the Goddess of Fate also jumped off the deck and charged at the two of them!

Naturally, they would not really choose to duel these two fellows!

If they had not arrived in time, the Sea Burial King would have been in danger!

Since these two fellows were bullying him with numbers, they could not blame them for bullying them with numbers in return!

At that moment...

The Deep Sea Lord and Sea Spectre closed the distance between them and Yang Luo and the other six!

The two of them mobilized the energy in their bodies to the limit and launched a fierce attack!

“Giant Waves!”

“Sea Tornado!”

Whoosh! Whoosh!

Wave after wave rushed towards Yang Luo and the others!

Tornadoes swept up a large amount of seawater and crushed upwards!

“Emperor Dragon Sword Technique!”

Yang Luo shouted and slashed out with all his might!

Swoosh!

A huge golden sword tore through the sky and slashed at the huge waves and tornadoes!

Rumble!

Just a single slash from Yang Luo shattered many of the huge waves and tornadoes!

“Who is this Country Hua kid? He actually has such strength?!”

“Could it be that this kid’s strength is comparable to Divine Kings, Demon Kings, and Chief Gods?!”

The spectators exclaimed in surprise, their eyes filled with shock.

“Hey, kid, your strength is indeed not bad!”

The Sea Burial King smiled at Yang Luo and slashed forward!

A huge dark blue saber tore through the sky and destroyed the remaining huge waves and tornadoes!

Just Yang Luo and the Sea Burial King alone were enough to resist the Deep Sea Lord and the Sea Spectre!

Chapter 963: Great Battle at Sea!

Deep Sea Lord and Sea Spectre were also shocked.

They did not take Yang Luo seriously at all just now.

However, they did not expect this kid to be so powerful.

Just one strike was enough for them to sense it.

This kid's strength was definitely not inferior to theirs.

The five Divine Kings had already given them enough pressure.

But now, another brat who was not inferior to them had appeared?

This made them feel even more pressured.

Most importantly, it was too late for them to ask for help now.

Just as the two of them were in a daze...

The King of Destruction, the Heavenly Sirius, the Purgatory Death God, and the Goddess of Fate attacked at the same time!

“Atmospheric Spear!”

“Heavenly Wolf Claw!”

“Death God’s Blade!”

“Divine Light Spear!”

The attacks of the four Divine Kings were extremely terrifying, as if they wanted to destroy everything!

The Deep Sea Lord and Sea Spectre did not dare to be careless. They waved the trident and whaling harpoon in their hands!

A large amount of seawater rose and condensed into two city walls, blocking in front!

Boom! Boom!

The four attacks slammed into the two city walls, emitting sounds akin to rumbling thunder!

However, these two walls only lasted for a few seconds before they shattered and exploded!

The four attacks continued to bombard the Deep Sea Lord and Sea Spectre!

The two of them were shocked and hurriedly raised the weapons in their hands to block!

Boom! Boom!

A clear sound of collision resounded!

“Ugh!”

“Ahh!!”

The Deep Sea Lord and Sea Spectre cried out in pain as they were sent flying.

Blood exploded from their bodies, splattering everywhere. Blood flowed from the corners of their mouths.

Before the two of them could stabilize themselves!

Yang Luo and the Sea Burial King's figures flashed as they charged at the Deep Sea Lord and Sea Spectre again!

"Hurry up and help!"

"If the two lords lose, we're all finished!"

"Let's go, quick!"

The eight pirate leaders who were watching the battle from afar shouted and moved one after another, preparing to help the Deep Sea Lord and Sea Spectre.

"You still dare to help!"

Bujie raised his Dragon-Mark Buddhist Staff and shouted, "Brothers, let's fight!"

As he spoke, he jumped off the warship and attacked the eight pirates!

Chu Longyuan, Lin Qianyi, Xu Ying, Prajna, Tian Zhen, and the others also jumped off the battleship and charged forward!

The 80,000 people from the Holy Imperial Court, the 30,000 people from the Azure Dragon Pavilion, Vermillion Bird Pavilion, and the Giant Whale Pirates also moved together and killed more than 50,000 people from the eight pirate organizations!

Another huge battle broke out on the sea!

Although Bujie, Chu Longyuan, Lin Qianyi, and the others had not fully recovered from their injuries and their strength had not completely recovered...

However, the combat power that everyone could unleash now was still not weak. At least, it was more than enough to deal with these eight leaders.

“Devil Slaying Bandits!”

Bujie gripped the Dragon-Mark Buddhist Staff tightly with both hands and swung it forward with all his might!

This staff directly smashed into the body of a pirate leader!

“Pfft...”

The pirate spat out a mouthful of blood and was sent flying like a cannonball!

“Azure Dragon Goes to Sea!”

Chu Longyuan gripped the Azure Dragon Saber tightly and slashed downwards!

“ROAR...”

A mighty dragon roar sounded!

An azure dragon broke through the sea and roared out!

“Vermillion Bird Bathes in Fire!”

Lin Qianyi held the spear tightly with both hands and swept it out!

“Shriek!”

Accompanied by a clear cry!

A Vermillion Bird burning with scarlet flames flapped its wings and charged out!

“Ahhh...”

Another two pirate leaders let out a miserable cry and were sent flying at the same time!

Lan Xiaomeng, on the other hand, had activated her second-stage battle form. She stomped on the sea surface, causing it to tremble. She directly punched a big pirate!

“Pfft...”

The pirate leader spat out a mouthful of blood. His body was like a rubber ball as he was sent flying by a punch.

Xu Ying, Prajna, Tian Zhen, and the others also displayed their skills and sent the other pirate leaders flying!

Then, Bujie and the others continued to charge forward, preparing to kill these eight great pirates in one go!

The blue whale continued to fight the Titan Python and the Megalodon Shark!

At this moment.

On a distant sea.

Boom! Boom!

Rumble!

Terrifying collisions and explosions resounded non-stop!

Huge waves surged up from the sea, looking extremely spectacular!

Under the fierce attacks of Yang Luo and the others!

Deep Sea Lord and Sea Spectre were forced to retreat step by step!

It was a complete suppression!

Yang Luo and the others continued to press forward!

Seeing this, the Deep Sea Lord and Sea Spectre were shocked and furious!

Were they really going to die here today?

“I’ll fight you to the death!”

The Deep Sea Lord roared and stomped down!

“Sea Vortex!”

Whoosh! Whoosh!

In an instant!

A huge vortex appeared in the sea ahead!

The powerful suction force from the vortex wanted to suck Yang Luo and the others in!

“Atmospheric Confinement!”

The King of Destruction stepped on the sea with his right foot!

This crazy vortex was directly imprisoned by the atmosphere and stopped moving, as if it had turned into an abyss canyon!

After imprisoning this vortex...

Yang Luo and the others flew up, crossed the huge vortex, and charged at the two of them!

“Calamity of Mad Python!”

The Deep Sea Lord let out a fierce roar!

Huge waves surged in front of him, condensing into pythons that pounced at Yang Luo and the others!

“Illusory Sea Spirit!”

Sea Spectre’s body trembled and he let out a roar!

Accompanied by a series of shrill cries!

Black-green spirits condensed into form and pounced at Yang Luo and the others!

Yang Luo rushed to the front and slashed out!

“ROAR...”

Accompanied by a loud dragon roar!

A huge golden dragon phantom collided with the two attacks.

At the same time, a huge golden sword slashed out!

Rumble!

The pythons condensed from seawater were all shattered by the golden dragon phantom and shattered by the golden sword!

“Light Purification!”

The Goddess of Fate raised her slender hand and waved it gently!

The incomparably holy and dazzling white light instantly bloomed and shot out!

Peng, peng, peng!

The ghosts that pounced over instantly exploded and dissipated in the sky. They could not even approach Yang Luo and the others!

The King of Destruction charged forward and activated his Atmospheric Superpower and Violent Tremor Superpower. He threw a punch at the Deep Sea Lord!

The Heavenly Sirius also charged forward. A huge black-red claw condensed in its right hand and grabbed at the Sea Spectre!

Deep Sea Lord and Sea Spectre's pupils constricted as their hearts trembled. They quickly raised the weapons in their hands to block!

Rumble!

The King of Destruction and the Heavenly Sirius' heavy punches and huge claws ruthlessly struck their weapons!

Light, sparks, and energy intertwined and washed out in all directions like a wave!

"Pfft..."

"Pfft..."

The Deep Sea Lord and Sea Spectre spat out a mouthful of blood and were sent flying together with their weapons!

However, before the two of them could stabilize themselves!

"Death Shadow Instant Kill!"

The Purgatory Death God's figure flashed and disappeared on the spot!

By the time he appeared again!

He had already appeared behind the two of them. Then, he waved the Death God Scythe and slashed at their necks!

Chapter 964: Suppressing the Dark World Alone!

The Deep Sea Lord and Sea Spectre instantly felt their hair stand on end!

The two of them could not be bothered to stabilize their bodies and quickly dodged!

Chi! Chi!

Although the two of them avoided the fatal blow, a long wound appeared on their backs!

Their flesh was spayed open, and blood spurted out, looking sinister and terrifying!

The two of them retreated a distance and stared fixedly at Yang Luo and the others, their eyes filled with extreme anger and resentment!

The Deep Sea Lord roared angrily, "Even if I die today, I will drag the six of you down with me!"

The Sea Burial King sneered and said, "Are you dreaming?"

Do you think you can drag us down with you?”

The Deep Sea Lord shuddered and roared!

“Unseal the Power of God!”

In an instant!

Colorful beams of light seemed to be projected from the sky and entered his body like divine light!

Seeing this scene...

Yang Luo was slightly shocked and asked, “Could this be the power of God?”

“That’s right.”

The King of Destruction nodded and said, “This Heavenly Shrine is indeed not simple!

Whether the Heavenly God Emperors and the others were descendants of the twelve Chief Gods of Olympus or not, there are different opinions about them.

However, the Heavenly God Emperor as well as the 11 Chief Gods under him can indeed mobilize the power of gods for their own use!”

Yang Luo narrowed his eyes.

It seemed that the Heavenly Shrine was really not simple!

However, the Deep Sea Lord could only mobilize a very small amount of divine power!

Therefore, in less than a minute, these divine lights disappeared into the sky!

However, at this moment, the Deep Sea Lord's aura became even more powerful and vast. His pressure and aura also increased significantly!

He raised the trident in his hand and muttered something!

"In the name of the sea, I summon... Poseidon, the Sea God!"

In an instant!

An illusion of a giant driving a golden chariot, wearing blue-gold armor, holding the Sea God's Trident, and bathed in divine light stood up!

Although this giant was very blurry, it looked like one of the real twelve Chief Gods of Olympus, the Sea God Poseidon, had descended. It was majestic and terrifying!

"Kill!"

The Deep Sea Lord raised the trident in his hand and pointed forward!

Poseidon held his trident and drove his chariot towards Yang Luo and the others!

Sea Spectre's body trembled as well. He mobilized the energy in his body to the limit and suddenly waved the whaling harpoon in his hand!

"Raging Sea Violent Waves!"

Whoosh! Whoosh!

The sea within a radius of nearly 10,000 meters churned up huge waves that crushed towards Yang Luo and the others from all directions like landslides and tsunamis!

“Heavenly Stele of Destruction!”

The King of Destruction waved his hand!

A huge tablet that was glowing with grayish-white light condensed and collided fiercely with the huge wave that was crushing over!

“Ten Thousand Swords Break Through the Sky!”

Yang Luo waved the Dragon Emperor Sword in his hand!

Whoosh! Whoosh! Whoosh! Whoosh!

Countless golden flying swords shot out in all directions with him as the center!

“Boundless Sea Slash!”

The Sea Burial King also slashed out with all his might!

Similarly, countless long sabers condensed and shot in all directions!

“Demon Wolf Devours the Heavens!”

“Death God descends!”

“Radiant True Body!”

The Heavenly Sirius, Purgatory Death God, and the Goddess of Fate also mobilized the energy in their bodies and shouted!

A gigantic demon wolf that was shimmering with black and red light condensed above the Heavenly Sirius!

A Death God that flickered with pitch-black light and held the Death God Scythe condensed above the Purgatory Death God!

A pure and holy Radiant Witch appeared above the Goddess of Fate on a pegasus!

Then, the three of them waved their hands!

Demon Wolf, Death God, and Radiant Witch charged at Poseidon at the same time!

At that moment...

Boom! Boom!

A sound that shook the sky and sea resounded!

In less than half a minute!

Rumble!

A series of earth-shattering explosions resounded!

Poseidon’s illusion instantly collapsed and exploded!

The huge waves that crushed over from all directions also shattered and exploded!

“Pfft...”

“Pfft...”

The Deep Sea Lord and Sea Spectre spat out a mouthful of blood and were sent flying!

The light on their bodies dissipated completely. Their faces were pale and they were already half dead!

Just as the two of them were sent flying!

Suddenly...

Swoosh!

A purple-gold pillar of light descended from the sky and enveloped the Deep Sea Lord and Sea Spectre!

Furthermore, there were ancient and mysterious runes floating around the purple-gold pillar of light!

“What is this?!”

“There’s actually a pillar of light in the sky?!”

“Who did this?!”

The people who were fighting in the distance exclaimed one after another, their eyes filled with shock.

As for Yang Luo and the others, they could sense the powerful energy contained in this pillar of light!

This energy even made their hearts palpitate!

In less than a few seconds!

A light flashed!

The Deep Sea Lord and Sea Spectre instantly disappeared into the pillar of light!

Seeing that their master had disappeared, the Megalodon Shark and the Titan Python quickly dived into the sea and fled.

The blue whale also dived into the sea to chase after the Megalodon Shark and the Titan Python.

“Huh? Why did they suddenly disappear?!”

“What happened?!”

“What was that pillar of light just now? Isn’t it too magical?!”

Everyone present was even more shocked.

But at this moment...

A powerful voice sounded in the sky!

“Now that damned old fellow is no longer around...

You guys can't defend the Holy Imperial Court at all!

Just you wait. One day, we will completely flatten your Holy Imperial Court!

Hahaha..."

Until the pillar of light disappeared into the sky.

This voice still echoed in everyone's ears.

The King of Destruction, the Sea Burial King, the Heavenly Sirius, the Purgatory Death God, and the Goddess of Fate frowned. They were furious, and their expressions were very ugly.

Yang Luo asked in confusion, "What happened just now? Why did those two guys suddenly disappear?

Also, who was the person who spoke just now?"

The King of Destruction said in a low voice, "The person who spoke just now was the head of the Heavenly Shrine — the Heavenly God Emperor!

As for the Deep Sea Lord and the Sea Spectre, they were saved by the Heavenly God Emperor!"

"What?!"

Yang Luo was shocked, "The person who spoke just now was actually the Heavenly God Emperor?!"

The Sea Burial King nodded and said, "The Heavenly God Emperor is a true expert on the Divine Ranking. His strength is extraordinary.

Only other experts on the Divine Ranking can compete with him."

The Heavenly Sirius said, "However, this guy was no match for our old Divine Emperor back then.

The old Divine Emperor killed his way to Mount Olympus alone and severely injured this guy.

That was why this guy was so frightened that he did not dare to appear again for so many years.

But now that the old Divine Emperor is no longer around, this guy is starting to jump around again."

The Purgatory Death God sighed and said, "Not only the Heavenly God Emperor, but the Holy Light Pope and the Hell Fiend Emperor were also severely injured by the old Divine Emperor back then.

Back then, it was precisely because of the old Divine Emperor that the peace and stability of the Dark World could be stabilized. That was why these experts on the Divine Ranking did not dare to appear and cause trouble.

And now, I don't know where the old Divine Emperor has gone. No one can suppress them anymore..."

The Goddess of Fate also nodded and sighed, "The Dark World is really going to be in chaos once again..."

Hearing their conversation...

Yang Luo was shocked.

Was that old fart so powerful back then?!

He had actually suppressed all the experts on the Divine Ranking in the Dark World alone?!

Chapter 965: Determination Towards Becoming Stronger!

Until now.

He had only interacted with the Demon Kings, Cardinals, and Chief Gods of the Hell Fiend Palace, the Holy Light Church, and the Heavenly Shrine.

However, these guys were already very powerful.

He really did not know how powerful the controllers of the three organizations, the Hell Fiend Emperor, the Holy Light Pope, and the Heavenly God Emperor, were.

Moreover, just the method of the Heavenly God Emperor saving the Deep Sea Lord and the Sea Spectre out of thin air was already very heaven-defying.

However, he did not expect that the old man could severely injure the Hell Fiend Emperor, the Holy Light Pope, and the Heavenly God Emperor alone.

How strong was that old fart?

The deeper Yang Luo understood the old man, the more he felt that he was not an ordinary person.

The King of Destruction sighed and said, "Kid, if you want to be the next Divine Emperor, you have to continue to work harder.

"With your current strength, it's really difficult for you to compete with experts on the Divine Ranking like the Hell Fiend Emperor, the Holy Light Pope, and the Heavenly God Emperor."

The Heavenly Sirius patted Yang Luo's shoulder and said, "Kid, there's not much time left for you. You have to work hard. We still think very highly of you."

“Ok!”

Yang Luo nodded heavily, and his gaze became even more determined.

He had to become stronger!

The Holy Imperial Court could not be destroyed by him!

One day!

He wanted to defeat all the experts on the Divine Ranking and reach the top of the world!

At this moment.

Bujie, Chu Longyuan, and the others who had killed the eight great pirates also ran over from afar.

“F\*ck! What was going on just now? Why did those two guys disappear?”

Also, who was that arrogant fellow who spoke just now?”

Bujie asked repeatedly.

Chu Longyuan and the others also looked at the King of Destruction and the others.

The King of Destruction had no choice but to speak, “The person who spoke just now was the controller of the Heavenly Shrine, the Heavenly God Emperor.

As for those two fellows, they were saved by the Heavenly God Emperor.”

The corners of Bujie's mouth twitched, "Holy sh\*t, is the Heavenly God Emperor so awesome that he saved someone out of thin air?!"

Chu Longyuan and the others were also shocked.

They had naturally heard of the Heavenly God Emperor.

However, he did not expect the Heavenly God Emperor to be so powerful.

Yang Luo took a deep breath and said, "That's why we have to become stronger!

Otherwise, facing a top expert like the Heavenly God Emperor, we can't do anything at all!"

"That's right. I have to become stronger!"

Bujie and the others nodded heavily.

The Sea Burial King turned to look at the remaining 20,000 people from the eight organizations and said in a trembling voice, "Now, your team leader is dead!

Your backer, the Deep Sea Lord and the Sea Spectre, have also run away!

"Now, do you still want to continue going against us?"

"Sea Burial King, we don't dare. We won't dare again!"

"Sea Burial King, please spare our lives!"

The remaining 20,000 pirates threw away their weapons and begged.

The Sea Burial King said loudly, "You can ask me to spare your lives if you want!"

However, from today onwards, you have to submit to me, the Giant Whales!"

"We are willing to submit!"

The 20,000 pirates knelt on one knee.

The Sea Burial King nodded and continued, "As long as you're willing to join me, the Giant Whales, you'll be my brothers in the future!"

Of course, if you dare to act differently and have any crooked thoughts, don't blame me for being ruthless!"

"We are willing to be loyal to you forever!"

More than 20,000 pirates shouted in unison to express their loyalty.

"Alright, I'll see your performance later!"

The Sea Burial King nodded and turned to look at Yang Luo, "Kid, everything that should be dealt with has been dealt with!"

Come, let's compete now!"

"Now?"

Yang Luo frowned and shook his head, "Sea Burial King, you're already injured. If I fight you, it'll be an unfair victory."

The Sea Burial King laughed and said, "This small injury is nothing.

Besides, you seem to be injured too, right?

We're all injured. It's very fair."

The King of Destruction smiled and said, "Fifth Brother, you've seen this kid's strength just now. Are you still not convinced?"

The Sea Burial King said, "The strength this kid displayed just now indeed shocked me.

"However, I still want to personally feel how strong this kid is."

Yang Luo nodded and said, "Since you're so interested, I'll naturally accompany you!"

"Kid, you're straightforward enough!"

The Sea Burial King laughed loudly and said loudly, "Then let's begin!"

"Retreat!"

The King of Destruction said loudly and retreated with everyone.

After retreating for a distance...

Chu Longyuan asked in confusion, "Why does the Sea Burial King want to spar with Brother Yang?"

The King of Destruction smiled and said, "Fifth Brother has always liked to challenge experts.

In the battle just now, Fifth Brother realized that that kid was an expert, so he had the intention to spar.”

As for the real reason, he naturally would not say much.

Now that everything had yet to be settled, the fewer people who knew that Yang Luo was going to succeed the position of the next Divine Emperor, the better.

This was also a form of protection for Yang Luo.

“I see.”

Chu Longyuan, Lin Qianyi, and the others nodded in realization.

As for Bujie, Xu Ying, and Prajna, who knew the reason, they didn’t say anything.

At this moment...

On the distant sea.

Yang Luo and the Sea Burial King stood on the sea, facing each other.

The Sea Burial King chuckled and said, “Kid, I won’t show you mercy!

Therefore, don’t hold back either!

“Otherwise, I won’t be convinced by you!”

“Alright!”

Yang Luo nodded in agreement.

Before their voices could fade...

Ooommmm!

The Sea Burial King’s body trembled, and a dark blue beam of light shot into the sky from his body!

Yang Luo’s body trembled as a golden beam of light surged from his body!

Then, the two of them moved and turned into two streams of light that rushed towards each other at the same time!

In an instant!

The two of them closed the distance and swung their sword and saber at the same time!

Clang!

The saber and sword collided heavily, emitting a crisp sound!

True Qi, Sword Qi, Saber Qi, light, and energy interweaved and spread in all directions, raising layers of huge waves!

After this collision!

The two of them were pushed back at the same time!

Yang Luo retreated more than ten meters before stabilizing his body!

The Sea Burial King retreated more than 20 meters before stabilizing his body!

In just one exchange, the King of Destruction and the others could already tell that Yang Luo had the upper hand!

However, everyone on the distant battleship was immediately dumbfounded.

“What’s going on now? Why is the king fighting with that little brother?”

“That’s strange. Could it be that the king and that little brother had a conflict? It doesn’t look like it?”

“I understand. The king is sparring with this little brother!”

Everyone started discussing and understood what was going on.

On the distant sea.

The Sea Burial King grinned and said, “Kid, your strength is really not bad!

Come, let’s continue!”

Chapter 966: Visual Feast!

“Alright!”

Yang Luo responded. With a move, he transformed into a golden figure and rushed towards the Sea Burial King!

In order to convince the Sea Burial King, Yang Luo also decided to go all out!

Hence, his speed was simply extremely fast!

Other than the King of Destruction and the others who could still see Yang Luo's figure clearly...

The others could no longer see clearly!

What a terrifying speed!

The Sea Burial King was shocked. He did not dare to hesitate and waved the saber in his hand!

Whoosh! Whoosh!

The seawater surged and turned into a solid wall, blocking in front of him!

"Cut!!"

Yang Luo flew up and slashed out!

Swoosh!

A huge golden sword slashed down from the sky, forcefully cutting the thick sea wall into two!

Not only the sea wall, but even the sea was split into a gully nearly two hundred meters long, as if a deep sea canyon had been split open!

After the Sea Burial King dodged Yang Luo's sword, he turned into a dark blue stream of light and rushed towards Yang Luo!

His speed was also extremely fast!

However, Yang Luo could still clearly capture his figure!

In an instant!

The Sea Burial King appeared above Yang Luo and slashed down with all his might!

However, Yang Luo was already prepared. He slashed at the sky!

Clang!

The saber and sword collided heavily again with a shocking momentum!

Rumble rumble rumble!

The sea under Yang Luo's feet kept sinking!

The power erupted from the Sea Burial King's saber was extremely terrifying, as if it wanted to force Yang Luo into the deep sea!

Yang Luo gripped the Dragon Emperor Sword tightly with both hands and suddenly shook!

Accompanied by a clanging sound...

The Sea Burial King was sent flying!

Yang Luo moved his feet and chased after him!

His speed increased again, and he caught up to the Sea Burial King in the blink of an eye!

“Dragon Suppresses Mountains and Rivers!”

He jumped into the sky and held the Dragon Emperor Sword tightly with both hands as he slashed at the Sea Burial King!

The Sea Burial King was shocked. Clearly, he did not expect Yang Luo’s speed to still be able to increase!

He did not even have time to stabilize his body and directly raised his saber to block!

Clang!

There was only a loud explosion!

Electricity and flames flashed, True Qi and sword qi flew, and huge waves surged into the sky. It was shocking!

Everyone only heard a loud bang!

The Sea Burial King’s huge body smashed into the sea, causing a torrential splash!

King of Destruction and the others, who were watching the battle from afar, were also feeling emotional.

The King of Destruction sighed and said, “This kid seems to be improving at all times!

Compared to not long ago in Country Stars & Stripes, this kid's combat experience and combat strength seem to have increased a lot!"

The Heavenly Sirius clicked its tongue, "Isn't that so? This kid is simply a monster!"

Bujie curled his lips and said, "You guys just found out that Brother Yang is a monster?"

This guy is perverted. You can't look at him like an ordinary person."

The Purgatory Death God narrowed his eyes and said, "I've never treated this kid as a normal person."

Although the Goddess of Fate did not speak, her beautiful eyes were filled with splendor.

"Oh my god, I originally thought that this kid's strength was only comparable to a Divine King!

However, I didn't expect this kid's strength to actually surpass the Sea Burial King!"

"Isn't that so? From the current situation, the Sea Burial King has already been completely suppressed!"

"Could it be that this kid's strength has even surpassed Lord King of Destruction?!"

The people watching the battle on the battleship were also amazed.

Just now, when Yang Luo and the King of Destruction joined forces to deal with the Deep Sea Lord and the Sea Spectre,

They still did not know how strong Yang Luo was.

But now, they deeply felt Yang Luo's powerful strength.

Just as everyone was fervently discussing!

Boom! Boom! Boom!

Waves soared into the sky from below and blasted towards Yang Luo in the sky!

Furthermore, along with the huge waves, countless sabers shot out and headed straight for Yang Luo!

But Yang Luo did not panic and waved the sword in his hand!

Countless golden flying swords condensed and shot down from the sky!

Boom! Boom!

Rumble!

Accompanied by terrifying collisions and explosions!

The huge waves that rushed into the sky and the huge sabers that shot into the sky were all shattered!

The Sea Burial King rushed out of the sea and jumped into the sky, slashing at Yang Luo with a powerful slash!

Yang Luo also swung his sword heavily to meet it!

Tang!

The saber and sword collided again. The clouds in the sky and the sea below exploded at the same time and split into two. It was extremely spectacular!

After this shocking collision!

The Sea Burial King was shaken and fell down!

Meanwhile, Yang Luo was sent flying into the sky!

However, the moment the Sea Burial King landed on the sea, he stomped his feet and his strong body rushed into the sky again!

But this time...

He instantly erupted with the Qi in his body!

A huge blue whale that was dozens of meters long condensed in the sky and slammed into Yang Luo in the sky!

Yang Luo twisted his waist and abdomen and swooped down!

The moment he charged down!

His entire body shook!

“Roar, roar, roar!”

Nine huge golden dragon phantoms roared out and merged into one in the air, turning into an even larger golden dragon phantom that collided with the blue whale!

At this moment...

Everyone present was dumbfounded, their eyes almost popping out!

The scene in front of them was too spectacular!

A giant whale soaring into the sky!

A flying dragon entering the sea!

The battle between Yang Luo and the Sea Burial King was simply a visual feast!

In a flash!

The golden dragon phantom collided heavily with the blue whale!

The entire sky and sea suddenly fell silent!

At the point of impact...

Space seemed to fluctuate and distort slightly!

A few seconds later.

Rumble!

The sound of an explosion that sounded like it could shake the nine heavens and disturb the four seas exploded in the sky!

The illusion of the blue whale directly collapsed and exploded, turning into surging and vast energy waves that spread out!

Although cracks also appeared on the golden dragon phantom's body, it did not explode. Instead, it continued to roar and crash into the Sea Burial King!

The Sea Burial King stood on the sea, holding his saber tightly with both hands and slashing at the golden dragon phantom that was roaring down from the sky!

“Thousand Layered Waves!”

At this moment, the Sea Burial King was really like a god of the sea, stirring the sky and sea!

Whoosh! Whoosh!

With a slash, thousands of huge waves soared into the sky and collided with the golden dragon phantom and Yang Luo!

Yang Luo did not hesitate and quickly formed seals with his left hand!

The four-sided seals — Mountain Embracing Seal, Heaven Overturning Seal, Earth Covering Seal, and True Dragon Seal — condensed at the same time and suppressed down!

In an instant!

Rumble!

An even more terrifying explosion exploded on the sea!

The dazzling light and violent energy crazily washed in all directions!

Even though the King of Destruction and the others retreated far away, they were still forced to retreat!

If not for the fact that they had condensed their True Qi barriers and energy barriers in advance to block, they would probably have been injured by the waves of energy!

Even the battleships further away were pushed back!

A few minutes passed in this state before everything settled back to its original silence.

Everyone looked up.

An abyssal vortex with a diameter of two hundred meters and an unknown depth was blasted out of the sea.

Yang Luo was standing quietly beside the vortex.

As for the Sea Burial King, he had already disappeared...

Chapter 967: Imminent Chaos!

Everyone watching from afar was stunned.

Everyone looked at the scene in the distance in a daze and did not speak for a long time.

After a moment of silence...

“What’s going on now? Why has the Sea Burial King disappeared?!”

“Could the Sea Burial King have been killed by this kid?!”

“Bullsh\*t, how can my king die so easily!”

“However, the battle just now was really exciting. I wonder who won!”

“This kid is too strong. He completely suppressed the Sea Burial King!”

Everyone started discussing and looked at Yang Luo with reverence.

Now, no one dared to underestimate Yang Luo anymore.

The King of Destruction shrugged and said, “Although I already knew the outcome, I didn’t expect Fifth Brother to lose so thoroughly.”

The Heavenly Sirius said happily, “Back then, this kid beat me up so badly in Country Gaule. Now, I have to let Fifth Brother have a taste of his own medicine.”

At this moment.

Ooommmm!

A majestic figure rushed out of the abyss vortex and landed steadily on the sea beside him.

It was the Sea Burial King.

However, there were now several more wounds on the Sea Burial King’s body. There were even a few seaweeds hanging on his head, making him look a little miserable.

“Pfft...”

The Sea Burial King spat out a large mouthful of seawater and said angrily, “Kid, you’re really f\*cking heavy-handed!

If I wasn’t strong enough to withstand the beating, I would have been killed by you just now!”

The King of Destruction laughed and said, “Fifth Brother, this kid has already shown mercy.

Otherwise, you won’t just be injured.”

“That’s right. It’s already considered merciful that this kid didn’t beat you until you vomit blood.”

The Heavenly Sirius also gloated.

“Kid, did you really show mercy just now?”

The Sea Burial King still could not believe it.

Yang Luo smiled and nodded. He said truthfully, “Actually, I only used 70% of my strength.”

“You...”

The Sea Burial King pointed at Yang Luo and sighed, “Kid, I really admire you now. I’m convinced!

I’ve lost this competition!”

Hearing the Sea Burial King admit defeat...

Everyone watching the battle on the warship in the distance went into an uproar.

“The Sea Burial King actually admitted defeat. Moreover, he’s already convinced by this kid!”

“Oh my god, I’ve never seen my king submit to anyone! How strong is this kid?!”

“No matter how strong this kid is, at least he’s now qualified to be on equal footing with these kings of the Underworld!”

“I wonder if this kid can fight those experts on the Divine Ranking!”

Everyone was amazed and looked at Yang Luo with reverence and admiration.

The Dark World had always respected the strong.

The strength that Yang Luo had displayed was powerful enough and worthy of their respect.

“Thank you for letting me win!”

Yang Luo cupped his hands at the Sea Burial King.

The Sea Burial King laughed loudly and went forward to put his arm around Yang Luo’s shoulder, “Kid, let’s go. Let’s talk on the ship!”

Then, Yang Luo and the others boarded the battleship.

The Sea Burial King smiled and said, “Everyone, my headquarters is only a few hours away from here.

Why don’t everyone come to my place?”

Yang Luo said helplessly, "Sea Burial King, we shouldn't reject your kind invitation.

However, we have to rush back to Country Hua now.

Therefore, we can only do it next time."

He only wanted to bring everyone back as soon as possible and give the ten documents to Mr. Yi and the Dragon General. He did not want any more complications.

The Sea Burial King nodded and said, "Alright, I'll bring you to my place to play next time."

As he spoke, he turned to his subordinates and instructed, "Go back to the headquarters first. I'll gather with my brothers!"

"Yes!"

The Giant Whale's pirates responded.

After that, the Giant Whale's pirates left on dozens of battleships with the 20,000 pirates they had recruited.

Yang Luo and the others set off again towards Country Hua.

On the way...

The King of Destruction specially took out his precious wine from the cabin. There was red wine, baijiu, beer, and so on.

Everyone sat on the deck, drinking and chatting. The atmosphere was very happy.

“Come, come, come, let’s drink!”

The Sea Burial King held a huge cup and gulped down a glass of baijiu.

Bujie clicked his tongue and said, “Brother Sea Burial King, you’re really strong. You drank such a large glass of baijiu in one go?”

F\*ck, your cup is almost as big as my palm, right?”

“Hahaha...”

Everyone laughed out loud.

The Sea Burial King breathed in the smell of alcohol and said with a smile, “We’ve been at sea all year round and have been at sea for a few months.

When I have nothing to do, I like to drink a few glasses. After a while, my alcohol tolerance has increased.”

“Awesome!”

Bujie gave the Sea Burial King a thumbs up.

Yang Luo and the others also noticed it.

The Sea Burial King had a bold personality and was straightforward. He did not put on any airs at all.

Such a friend was worth making.

“By the way, Fourth Brother, can you tell me now?

Why did you bring so many people with you? Where did you go?”

The Sea Burial King asked the King of Destruction.

“It’s like this...”

The King of Destruction did not hide anything and told the Sea Burial King what had happened in Country Stars & Stripes not long ago.

After hearing the King of Destruction’s words...

The Sea Burial King was stunned.

“Oh my god, you guys actually did such a big thing in Country Stars & Stripes?”

He said in a daze, then laughed out loud, “I reckon those guys in Country Stars & Stripes are currently crazy with anger!”

The Heavenly Sirius took a sip of wine and said, “They asked for it.

We wanted to negotiate with them properly, but they just wanted to try and show off a strong front.

Did they really think we’re pushovers that they could crush just because they want to?”

“Those fellows from Country Stars & Stripes just bully the weak and fear the strong.

We should teach them a lesson.”

The Sea Burial King said coldly, then frowned and said, "However, this Hell Fiend Palace is quite active now.

Even the Holy Light Church and the Heavenly Shrine were involved with them.

It seems like the Dark World Peace Ordinance has really become a decoration.

Even these top organizations no longer follow the rules, let alone other organizations.

I'm afraid the Dark World is really going to be in chaos. The situation of heroes fighting for supremacy will appear again."

The King of Destruction took a sip of wine and said in a low voice, "Now that the old Divine Emperor is no longer around, no one can suppress those guys.

Those guys will naturally not restrain their ambitions anymore. They will definitely cause trouble everywhere and annex other weak organizations to crazily snatch resources."

The Goddess of Fate's eyes were filled with worry. She sighed and said, "Once the Dark World is in complete chaos, I wonder how many organizations will be destroyed and how many people will die.

I'm afraid that not only will countless people die in the Dark World, but many ordinary people will also be implicated..."

Although the Goddess of Fate had mingled in the Dark World and was ranked among the ten Divine Kings of the Holy Imperial Court,

However, she was different from the other bandits. She still retained the purest kindness and sympathy.

Chapter 968: Protection Needs Strength!

The Purgatory Death God said coldly, "The first step of the Hell Fiend Palace, Holy Light Church, and Heavenly Shrine's plan is definitely to use all kinds of methods to make the other organizations submit to them.

As for the second step, it is naturally to destroy the Holy Imperial Court and divide the resources of the Holy Imperial Court.

Furthermore, it's not just the Holy Imperial Court. I'm afraid even the Hidden Alliance won't be let off."

Heavenly Sirius said, "Now, we need a top expert like the old Divine Emperor to stand out from the crowd.

This top expert has to have absolute strength, boldness, and charisma.

He has to be able lead all the organizations that want peace to fight against the Hell Fiend Palace, the Holy Light Church, and the Heavenly Shrine together.

If possible, he has to destroy these three organizations completely to prevent future troubles."

Bujie patted Yang Luo's shoulder and said, "Everyone, the person you're talking about is my Brother Yang!

My Brother Yang is the chosen one. He is destined to change the chaos of the Dark World!"

Chu Longyuan nodded and said, "I also think that the person who can change the chaos in the Dark World is my Brother Yang!

Brother Yang's strength, courage, and charisma have convinced me!"

Lan Xiaomeng waved her little fist and said with a smile, "Brother Yang, I'll leave the mission of saving the world to you!"

The King of Destruction said, "There's nothing to say about this kid's boldness and charisma.

He is also stronger than all of us here.

However, his current strength is not enough to bear this heavy burden.

After all, the Hell Fiend Emperor, the Holy Light Pope, and the Heavenly God Emperor are all really powerful.

This kid is far from being able to contend with these three."

Heavenly Sirius looked at Yang Luo and said, "However, I believe that this kid will definitely grow up as soon as possible.

I'm certain that this kid will definitely be an important person in the future to change the chaos in the Dark World."

Sea Burial King smiled and added, "Kid, I think highly of you!"

Yang Luo took a deep breath and said, "Everyone, I can't guarantee that I can definitely shoulder this heavy burden in the future.

However, I will make myself stronger.

If you need my help, I will definitely do my best."

The King of Destruction smiled in relief and said, "Kid, your words are enough."

The Sea Burial King said, "However, we have to start preparing now.

We have to rope in all the forces we can as soon as possible.

When the Dark World is in chaos in the future, we will have the ability to fight against the Hell Fiend Palace."

"Ok!"

The King of Destruction, the Heavenly Sirius, the Purgatory Death God, and the Goddess of Fate nodded.

Chu Longyuan patted his chest and said, "Everyone, if you need help in the future, feel free to contact us. We will definitely help!"

Lin Qianyi also said, "That's right. Once the Dark World is in chaos, it will definitely affect the entire world!

We can't just sit back and do nothing. We have to help when we have to!"

Tian Zhen and the others also nodded. Clearly, no one planned to stay out of this.

"Alright, thank you, everyone!"

The King of Destruction laughed and raised his glass. "Come, come, come. Let's not talk about these unhappy topics anymore. Drink, drink!"

"Cheers!"

Everyone raised their glasses.

After clinking glasses, everyone finished the wine in their glasses in one go.

After drinking, everyone chatted about other topics.

Some even volunteered to sing and dance. Laughter and laughter filled the air.

Yang Luo looked at the scene in front of him and sighed with emotion.

Back when he was in the mountains, the only people he knew were the old fart and his five senior sisters.

And now, he had a large group of like-minded friends.

This also made his life more colorful.

However, it was precisely because of this...

That he wanted to protect his friends even more.

And protection required strength.

Therefore, he had to become stronger.

At this moment.

“Wu...”

A clear cry came from afar.

Everyone turned around and saw a huge blue whale more than 30 meters long swimming over.

However, there were bloody wounds all over the blue whale's body. It was obvious that it had suffered serious injuries.

Bujie smiled happily. "Hey, why is this blue whale here?"

Previously, I realized that this guy is quite ferocious. He can actually fight that shark and python at once."

The Sea Burial King stood up and walked to the deck. He asked gently, "Fatty Blue, why are you here?"

"Wuwuwu..."

The blue whale made a sound, as if it was talking to the Sea Burial King.

The Sea Burial King seemed to understand and said, "You mean you didn't catch up to the Megalodon Shark and the Titan Python and let them escape?"

The blue whale nodded.

The Sea Burial King patted the blue whale's head and said with a smile, "It's okay. When we encounter them again, we'll teach them a lesson."

As he spoke, the Sea Burial King asked again, "Why didn't you return to the headquarters and follow me here?"

The blue whale whimpered again.

“Oh...”

The Sea Burial King smiled and pointed at Yang Luo and the others. “You’re saying that they saved me, so you want to thank them and send them off?”

“Wu...”

The whale nodded.

Yang Luo and the others were dumbfounded.

“Holy shit, Sea Burial King, you can actually talk to this blue whale?”

Moreover, isn’t this blue whale too human-like?”

Bujie was very curious and hurriedly ran over.

Yang Luo and the others also stood up and came to the deck.

“This blue whale is my most important companion. It cultivated with me and grew up with me.

I named it ‘Fatty Blue’.”

The Sea Burial King introduced the blue whale and said, “Fatty Blue, greet my friend.”

“Wuwuwu...”

The blue whale let out a pleasant sound and raised its head to shoot a water pillar into the air.

Chu Longyuan sighed, "Everyone says that blue whales are very intelligent. Now that I look at it, it's true."

Prajna reached out and stroked the blue whale's head, while the blue whale rubbed her hand.

She giggled, "It's so obedient!"

"I wanna touch it too, I wanna touch it too!"

Lan Xiaomeng also ran over and reached out to pat the blue whale's head.

Perhaps it could sense everyone's kindness, but the blue whale did not reject interacting with everyone.

Yang Luo looked at the injuries on the blue whale's body and said, "Sea Burial King, Fatty Blue's injuries are quite serious. Let me treat it."

"Alright, sorry to trouble you."

The Sea Burial King nodded and asked, "Kid, how is it going to cooperate with you?"

Yang Luo said, "Just let it stay here and not move."

"No problem."

The Sea Burial King responded and instructed the blue whale.

Then, Yang Luo jumped onto the back of the blue whale and placed his palm on the wound on the blue whale's body. He mobilized the True Qi in his body to heal it.

Under everyone's gaze, the wounds on the blue whale's body recovered at a visible speed.

The Sea Burial King sighed and said, "This kid's medical skills are really amazing!"

The Heavenly Sirius also said, "This kid's strength and medical skills are so powerful. His future is limitless!"

Chapter 969: I Recommend Someone!

Bujie said proudly, "Of course. My Brother Yang is a true Divine Doctor!

It's a piece of cake for him to treat your injuries!"

Xu Ying, Prajna, Tian Zhen, and the others nodded.

They were all in awe of Yang Luo's medical skills.

After treating the injuries on the blue whale's back, Yang Luo dived into the water and began to treat the injuries on the other parts of the blue whale's body.

Half an hour later.

Yang Luo rushed out of the sea and jumped onto the back of the blue whale. He clapped his hands and said, "Alright, I've already treated the injuries on Fatty Blue's body."

"Wu..."

The blue whale chirped happily and swam into the distance with Yang Luo.

Bujie said excitedly, "Damn, is Fatty Blue carrying Brother Yang for a spin on the sea?"

This is much more interesting than a car ride!

I want to give it a try later!”

“Me too, me too!”

“And me, and me!”

Prajna and Lan Xiaomeng both raised their hands.

The blue whale carried Yang Luo and swam a few rounds on the sea before returning.

Bujie hurriedly said, “Brother Yang, quickly come down and let me try!”

Yang Luo smiled and jumped onto the deck.

Bujie then hurriedly jumped onto the back of the blue whale.

He stood on the back of the blue whale with his hands on his hips and laughed loudly, “I’m the king of the sea!

“Fatty Blue, let’s go. Let’s fight the sea together!”

However, the moment they finished speaking...

The blue whale jumped up high from the sea, and its huge body shook!

“Holy shit!”

Bujie cried out in surprise as he drew a high parabola in the sky and fell into the sea with a plop!

“Help!”

Bujie struggled in the sea and shouted.

The blue whale dove into the sea and carried Bujie. Then, it suddenly swung him!

There was a loud bang!

Bujie fell to the deck with his face on the ground and spat out a few mouthfuls of seawater.

He was on the brink of tears and wailed, “I don’t think I provoked it. Why did it mess with me!”

“Hahaha...”

Yang Luo and the others immediately burst into laughter.

In the following period of time...

Prajna, Lan Xiaomeng, Lin Qianyi, and the others sat on the blue whale’s back one after another.

The blue whale was ferrying everyone around the sea.

Everyone’s laughter spread across the sea.

...

At the same time...

In Country Hua.

Due to the time difference...

It was past eight in the evening in Country Hua.

The capital.

Four Seasons Hotel.

A large private room was filled with people.

Sitting in the main seat were Yi Jiuzhou and Lin Aocang.

Sitting on both sides were the top figures in the Chinese medicine world.

The number one Divine Doctor in the capital, Hua Changsheng, the four Divine Doctors of Jiang City, Huang Tai'an, Cao Jisheng, Han Shouli, Sun Boren, the number one Divine Doctor in Yang City, Xia Qihuang, and the others were all present.

Even Du Kongqing, the "Poison Doctor King" who roamed the pugilistic world, was present.

Other than Hua Changsheng and the others,

The sect masters of the Medicine God Valley, Bodhisattva Sect, Physician King Sect, and other major medical sects were also present.

Yi Jiuzhou looked at everyone and smiled, "Everyone, although it has been delayed for a few months, the ninth medical competition is finally about to begin.

The date has already been set. It will be held tomorrow for three days.

Now, all the major medical sects and medical groups overseas had also arrived in the capital.

I gathered everyone here tonight to talk to you about the Medical Dao Competition."

The Valley Master of the Medicine God Valley, Ling Hanshan, sighed, "The ninth Medical Dao Competition is finally about to begin. I've been looking forward to this day for a long time."

Tang Wanqing, the sect master of the Bodhisattva Sect, said, "This time, we can exchange medical skills with the outstanding figures of the various medical sects overseas. It can also inspire and help our Chinese medicine."

The Sect Master of the Medical King Sect, Chen Bozhong, took a sip of tea and said, "Since it's a Medical Dao Competition, we naturally have to determine the difference in medical skills.

We lost to the Medical Saint Sect of Country Sakura in the previous Medical Dao Competition. We can't lose again this time.

Also, the Oriental Medicine Sect in Country Kimchi is also a powerful enemy of ours. We can't be careless either."

"Sect Master Chen is right."

Hua Changsheng continued, "This time, the Medical Saint Sect and the Oriental Medicine Sect must be prepared to defeat us in the Medical Dao Competition.

We definitely can't let them succeed."

Yi Jiuzhou nodded and said, "Although we're holding a medical competition this time to exchange medical skills on a friendly basis...

However, we still have to fight for the ranking. Otherwise, other countries would really think that Chinese medicine originated from Country Sakura and Country Kimchi in the future.

Every country will only send ten people to participate in this Medical Dao Competition.

Therefore, I want to ask everyone, who is willing to participate?"

Hua Changsheng took the lead and said, "I'm willing to participate."

Ling Hanshan continued, "I'm also willing to participate."

Tang Wanqing smiled and said, "Since Valley Master Ling is participating, I, Tang Wanqing, naturally can't fall behind."

"I also want to meet those medical experts overseas!"

Chen Bozhong added.

"Elder Hua, Valley Master Ling, Tang Sect Master, Sect Master Chen, it's naturally best if the four of you are willing to participate!"

Yi Jiuzhou smiled and glanced at everyone present, "There are still six spots left. I wonder who is willing to participate?"

"Elder Huang, Elder Xia, Elder Cao... Don't you plan to participate?"

Lin Aocang asked with a smile.

Huang Tai'an cupped his hands and said, "Since Elder Lin has mentioned it, I naturally can't refuse."

Xia Qihuang said, "Now, under Master's guidance, I have already mastered the twelve acupuncture methods of the Eight Trigrams Divine Needle.

It just so happens that I can use this Medical Dao Competition to practice."

"Elder Huang, Elder Xia, thank you!"

Lin Aocang smiled and asked, "There are still four spots now. May I ask who else is willing to participate?"

However, the event location fell silent.

No one said anything else.

Yi Jiuzhou sighed, "Everyone here is a big shot in Country Hua's Chinese medicine world.

"At this critical juncture, aren't you all willing to contribute your strength?"

Everyone remained silent, looking a little embarrassed.

"Mr. Yi, it's not that we don't want to participate, but our medical skills are really not up to standard!"

"That's right. This time, we're facing all the medical experts overseas. If the participants' medical skills are too weak, they'll embarrass our Country Hua!"

“Elder Hua, Valley Master Ling, and the others have extraordinary medical skills and are completely qualified to represent our Country Hua’s medical world in the competition. However, our medical skills are really inferior to Elder Hua and the others!”

Everyone present spoke up.

Of course, there were several reasons why the medical experts present were unwilling to participate.

Firstly, they felt that their medical skills were not good enough and were not presentable.

Secondly, in the past few Medical Dao Competitions, they were really frightened by Medical Saint Sect, Oriental Medicine Sect, and other medical Dao sects.

Thirdly, if they lost, not only would they feel shame, but they would also lose the pride of Country Hua’s medical world. They would also be scolded by the citizens of Country Hua.

Cao Jisheng, Sun Boren, and Han Shouli looked at each other and spoke at the same time.

“The three of us are willing to participate in this competition!”

Cao Jisheng and the other two stood up.

Yi Jiuzhou and Lin Aocang were overjoyed.

Lin Aocang said in relief, “Alright, at the critical moment, Elder Cao, Elder Sun, and Elder Han are willing to stand up. They’re really the role models of Country Hua’s medical world!”

These words made many people present feel their faces heat up and they were flustered.

Yi Jiuzhou glanced at everyone present again and asked, “There’s only one spot left. Who is willing to participate?”

Everyone present looked at each other, but still, no one stood up.

At this moment.

“Mister Yi, I recommend someone!”

Hua Changsheng, Huang Tai’an, and the others spoke at the same time.

Chapter 970: Tenth Spot!

At the same time, Hua Changsheng, Huang Tai’an, Cao Jisheng, Sun Boren, Han Shouli, and Xia Qihuang spoke.

“Oh?”

Yi Jiuzhou turned to look at Hua Changsheng and the others and asked curiously, “Elder Hua, who are you recommending?”

The others present also looked at Hua Changsheng and the others.

“Yang Luo!”

Hua Changsheng and the others spoke in unison again.

Yi Jiuzhou laughed and said, “You guys are thinking the same thing as me.

I’m also preparing to recommend Yang Luo.”

“Mr. Yi, Elder Hua, is this Yang Luo a Chinese medicine master?”

Ling Hanshan asked curiously.

Tang Wanqing said, “Since Mr. Yi and Elder Hua recommended him at the same time, I believe Mr. Yang’s medical skills are very impressive, right?”

Puzzled, Chen Bozhong asked, “If Mr. Yang is so famous, why have I never heard of him in the Chinese medicine world?”

The others also looked puzzled and whispered.

Yi Jiuzhou smiled and said, “Everyone, do you still remember that not long ago, a young man defeated the three martial arts experts of Country Sakura by himself?”

“Of course I remember. This was a huge matter in Country Hua’s martial arts world!”

Ling Hanshan nodded and was stunned, “That young man seems to be called Yang Luo too!”

“Mr. Yi, Elder Hua, could it be that the person you recommended is that young man?!”

“That’s right.”

Yi Jiuzhou nodded.

“It’s exactly that young man.”

Hua Changsheng also smiled and nodded.

“This...!”

Ling Hanshan said with a strange expression, “Mister Yi, Elder Hua, Yang Luo’s martial arts strength is indeed very strong.

However, does he really know medicine?”

Tang Wanqing frowned and said, “Yang Luo is so young. Even if he really knows medicine, how good can he be?”

Chen Bozhong also shook his head and said, “If it’s a martial arts competition, we will definitely recommend Yang Luo to participate.

But now that we’re competing in medical skills, how can we let a young man participate?”

Hua Changsheng raised his hand and said, “Everyone, although Mr. Yang is young, his medical skills have already reached the peak.

Even the Green Sachet Divine Needle that our ancestor passed down was completed by Mr. Yang.

Moreover, I’ve also seen Mr. Yang’s extraordinary medical skills with my own eyes.

I’m full of admiration for him, so I took Mr. Yang as my master.”

Xia Qihuang also said, “Mr. Yang has also completed the Eight Trigrams Divine Needle passed down by our ancestors. I’ve also acknowledged Mr. Yang as my master.”

“Old Cao, Old Sun, and Old Han also acknowledged Mr. Yang as their master.

Mr. Yang is very proficient in various fields of Chinese medicine.

Through Mr. Yang's guidance, the four of us could improve our medical skills.

It's our lifetime honor to be able to acknowledge Mr. Yang as our master."

Huang Tai'an echoed, his face filled with pride.

Hearing Hua Changsheng, Xia Qihuang, and Huang Tai'an's words...

Everyone present was dumbfounded, their eyes filled with disbelief.

They never expected that Hua Changsheng, Xia Qihuang, Huang Tai'an, Cao Jisheng, Sun Boren, and Han Shouli would all acknowledge Yang Luo as their master.

How powerful was this kid called Yang Luo's medical skills to make Hua Changsheng and the other five Chinese doctors willingly acknowledge him as their master?

Du Kongqing, who had been silent all this while, also said, "Mr. Yang's medical skills are really very impressive.

Back then, I even competed with Mr. Yang in terms of poisoning and detoxification.

However, Mr. Yang defeated me in the field I'm best at. I'm completely convinced by Mr. Yang."

Upon hearing Du Kongqing's words, everyone present went into an uproar again.

Du Kongqing, who was known as the "Poison Doctor King", was actually defeated by this brat?

Ling Hanshan picked up his teacup and took a sip, saying, "As much as everyone praises this kid...

However, I still find it hard to believe how good the medical skills of a young man in his early twenties are.

After all, seeing is believing, and hearing is not believing. ”

“To be honest, I find it hard to believe too.”

Chen Bozhong shook his head and continued, “Even if Yang Luo started studying medicine since he was young, it’s only been more than twenty years.

And everyone present has studied medicine for more than 40 years.

Even so, no one dared to participate in this Medical Dao Competition.

After all, this concerns the reputation of our Country Hua’s Chinese medicine world. We can’t be careless in choosing people.”

“That’s right, Mister Yi, Elder Hua, please think twice. You really have to be more careful when choosing people!”

“We’re all Chinese medicine experts here. Can’t we choose the last person amongst us?”

“Even if I have to fight, it’s better than letting that brat fight!”

Everyone present also spoke up to persuade Yi Jiuzhou, Hua Changsheng, and the others.

Yi Jiuzhou’s expression darkened, “I know very well how good Yang Luo’s medical skills are.

Some time ago, my body had accumulated so much fatigue that I almost got hospitalized.

It was precisely because of Yang Luo that my body regained its vitality.

Regardless of whether you believe Yang Luo or not, I definitely believe him.”

Hua Changsheng also said unhappily, “Everyone, aren’t you slapping my face by saying this? Do you think that I, Hua Changsheng, have acknowledged the wrong master?”

Huang Tai’an, Xia Qihuang, and the others also looked dissatisfied.

Someone actually dared to doubt Mr. Yang’s medical skills?

What a bunch of ignorant fellows!

Lin Aocang said angrily, “Since you don’t trust Yang Luo so much, why weren’t you all willing to participate in the competition just now?

To think that you’re all great doctors in the Chinese medicine world!

However, when we need such people, nobody dared to say a word!

I think you’re just afraid of those famous doctors overseas!

You’re afraid that you would lose face and your reputation would be damaged!

How can you go further on the path of medicine if you’re so afraid?”

He was originally the Commander-in-Chief of the various battle teams and had a fiery personality.

He wouldn’t be like Yi Jiuzhou who would care about these guys’ feelings.

Naturally, he said whatever was on his mind.

Hearing Lin Aocang's words...

The faces of everyone present flushed red with embarrassment and anger.

If it weren't for Lin Aocang's high status, they would have long scolded him and left.

"Old Lin, stop talking."

Yi Jiuzhou quickly came out to smooth things over.

He glanced at everyone present and said loudly, "Everyone, there's no need to persuade me anymore. I've decided that the last spot will be given to Yang Luo."

If we lose this Medical Dao Competition because of Yang Luo, I'm willing to bear the responsibility."

"Since Mr. Yi has said so, we naturally can't say anything else."

"It's a pity that our chances of winning this competition are slim again!"

Everyone shook their heads and sighed, as if they could already see the outcome of this Medical Dao Tournament.

Yi Jiuzhou ignored everyone and said, "However, Yang Luo has been working overseas for the past few days.

Although he has already finished his business, it might still take him a day or two to rush back."

Only then did Huang Tai'an understand, "I was wondering why Master wasn't in Jiang City. So he went overseas to do something."

Hua Changsheng said worriedly, "But the competition starts tomorrow. Can Master make it back in time?"

Huang Tai'an said, "I'll contact Master now and see if he can rush back."

As he spoke, Huang Tai'an did not avoid everyone. Instead, he took out his cell phone and made a call.

Moreover, he even turned on the speakerphone...
