

## Super IDG 981

Chapter 981: Even If God Comes, He Can't Win!

Chengxu also walked out and said loudly, "That's right. We want to have an ultimate competition with Mr. Yang!

Of course, Mr. Albas, the Sect Master of the Spiritual Doctor Sect, and Mr. Bugram, the Sect Master of the Witch Doctor Sect, who have yet to be eliminated, can also participate in this ultimate competition!"

Hearing Kitano Torii and Che Chengxu's words, everyone present was confused.

"What are these two old fellows talking about? What ultimate competition?"

"I don't think these two old fellows are planning anything good!"

The audience started discussing. They felt that Kitano Torii and Che Chengxu were up to no good.

The referee frowned and said, "Mr. Kitano Torii, Mr. Che Chengxu, please explain more clearly."

Kitano Torii nodded and said, "It's actually very simple. The remaining eight contestants from our Medical Saint Sect and Oriental Medicine Sect will participate in the competition at the same time and challenge Mr. Yang together!

As long as Mr. Yang can defeat three out of the eight of us in this competition, the first place in this medical competition will belong to Country Hua's Chinese medicine team!

"Of course, if he loses, Country Hua's Chinese medicine team will still be last place!"

Che Chengxu added, "In other words, if Mr. Yang can treat more patients than three of us combined in a limited period of time, Mr. Yang will win!"

As soon as these words were spoken...

The audience exploded in anger.

“Damn it, you two old fellows are shameless. You actually want to join forces with everyone to challenge this brother?!”

“What do you mean by you have to treat more patients than three of you combined to win?

Isn’t this a joke? Who the f\*ck can do this?”

“You know that you can’t win against this brother, so you started to use such despicable methods. How shameless!”

“And we only need to defeat three people to obtain first place. This seems to be beneficial to us, but in fact, it’s even harder than ascending to the heavens!”

“Isn’t that so? Indeed, you can’t hear anything good from a beast’s mouth!”

The audience roared and looked at Kitano Torii and Che Chengxu with fire in their eyes.

Yi Jiuzhou and Lin Aocang’s expressions darkened.

Lin Aocang said coldly, “These two old fellows are really being unscrupulous in order to win!”

Yi Jiuzhou said in a deep voice, “Yang Luo is very smart. It’s impossible for him to agree!”

Bujie clicked his tongue and said, “I’ve seen many despicable and shameless people, but I’ve never seen anyone who can unleash their despicable and shamelessness to the extreme!

It's an eye-opener for me today!"

Hua Changsheng shook his head and said, "I knew that Kitano Torii and Chengxu would try their best to deal with Master, but I didn't expect them to even think of such a method.

Indeed, the kind of country will give birth to the same kind of people."

"Master, please don't agree!"

"Mr. Yang, don't fall for it!"

Huang Tai'an, Ling Hanshan, and the others reminded him.

Even the Spiritual Doctor Sect's Sect Master, Albas, and the Witch Doctor Sect's Sect Master, Bougrand, could not stand it anymore.

Albas frowned and said, "Mr. Kitano Torii, Mr. Che Chengxu, this competition is too unfair to Mr. Yang.

Moreover, I'm already deeply convinced by Mr. Yang's medical skills and am not thinking of competing with him again.

Therefore, I withdraw from this competition."

Bugram also said, "Even if you want to win, you have to win fair and square.

Therefore, I withdraw from this competition."

Kitano Torii sneered, "I think you guys were scared out of your wits by this kid and don't even dare to compete anymore!"

Che Chengxu also sneered, "To think that you're the sect masters of two major medical sects. You don't even have this bit of courage. What a joke!"

Albas and Bugram did not reply, their eyes filled with disgust.

The main referee could not stand it anymore.

He said in a low voice, "Mr. Kitano Torii, Mr. Che Chengxu, this competition is too unfair..."

Kitano Torii interrupted, "Referee, we still have to listen to this kid's thoughts, right?"

The main referee turned to look at Yang Luo and said, "Mr. Yang, do you want to agree to this competition?"

Kitano Torii said with a smile, "Kid, everyone now regards you as the number one Chinese doctor in Country Hua!

Since you're the number one, you have to have the courage and boldness to be the number one, right?"

Che Chengxu echoed, "Kid, if you have the ability, agree to compete with us. Don't let us look down on you!"

For a moment...

Everyone's gaze turned to Yang Luo as though persuading him not to agree.

Yang Luo looked at the two of them and chuckled, "You two old fellows don't have to goad me.

Since you want to play like this, I'll play with you."

Right after he finished his sentence...

The entire place was in an uproar!

“Brother, don’t mess around. This is obviously a trap!”

“Brother, are you crazy?”

Within the stipulated time, how can one person treat more than three people?”

“Moreover, such a competition is a test of one’s heart, stamina, and medical skills. The chances of winning are not even 10%!”

The audience began to persuade him. Many people felt that Yang Luo was arrogant because he had won a match.

“Master, don’t!”

“Mr. Yang, don’t mess around!”

Hua Changsheng and the others were also anxious.

“Everyone, don’t worry. I’ve said it before. Any schemes and plots are useless in front of absolute strength!”

Yang Luo gave Hua Changsheng and the others a reassuring look.

Then, he turned to Kitano Torii and the others and said, “However, I have a condition!”

“Tell me, what are your conditions?”

Kitano Torii stood with his hands behind his back and asked.

Yang Luo said loudly, “If I defeat you, your Medical Saint Sect and Oriental Medicine Sect’s previous results will not be counted. You will be tied for the last place. How about that?”

Do you dare to agree?

As long as you dare to agree, I’ll agree to compete with you!”

“Alright, I agree to your conditions!

If we lose, our Medical Saint Sect is willing to be the last place!”

Kitano Torii replied loudly.

“Our Oriental Medicine Sect is the same!”

Che Chengxu echoed.

The reason why they dared to agree was because they felt that it was impossible for Yang Luo to win!

Even if a true god came, it was impossible to win!

Yang Luo nodded and said, “Since you’ve agreed, cut the crap and start quickly!”

“Hahaha...”

Kitano Torii couldn't help but laugh out loud, "Good, good, good. Kid, you really have guts. You're indeed bold. I admire you!"

Che Chengxu was also overjoyed. He gave Yang Luo a thumbs up and said, "Kid, you're really amazing!"

I wish you success in the competition in advance!"

The main referee looked at Yang Luo and said, "Mr. Yang, are you really going to compete? Do you want to reconsider?"

Yang Luo said in a stern voice, "There's no need to consider. Since they want to compete like this, I'll naturally accompany them to the end!"

I'll let them know that no matter what they do, they can forget about defeating our Country Hua's Traditional Chinese Medicine!"

"Fine..."

The referee sighed and nodded. Then, he said, "All contestants, please get ready!"

Kitano Torii, Kitano Taiga, Kitano Ryuhei, Tanji Nakamura, and Tenko Yamashita of Medical Saint Sect walked out.

Che Chengxu, Che Yongjun, and Park Jeong-woo from the Oriental Medicine Sect also walked out.

It could be said that these eight people were the strongest medical experts in the Medical Saint Sect and the Oriental Medicine Sect.

At this moment.

The major hospitals sent nearly a thousand patients again.

The main referee took a deep breath and said loudly, "The competition time is still an hour!

I hereby announce that the competition begins now!"

Before their voices could fade...

Yang Luo's entire body shook as he released his aura. His body lit up with a dazzling golden light!

One person against eight people, and he had to defeat three people. This was also a challenge for him!

Therefore, he did not show any arrogance and directly went all out!

Chapter 982: With Everyone's Faith!

Yang Luo circulated the True Qi in his body to the limit and waved his right hand!

"Eight Trigrams Divine Needle!"

Accompanied by a ferocious shout...

Swish! Swish! Swish! Swish!

One silver needle after another emitted a dazzling golden light as they continuously soared into the sky!

"The Eight Trigrams Divine Needle. Master used our Xia family's Eight Trigrams Divine Needle!"

Xia Qihuang shouted excitedly.

Yang Luo had already begun to perform acupuncture!

Meanwhile, Che Chengxu also erupted with the True Qi in his body, and his body flickered with a blue light!

He said teasingly, “Kid, you can only manipulate 90 needles at the same time, but I can do so with 100 needles at the same time!

From the moment you accepted the challenge, you had already lost!

Hahaha...”

Accompanied by a smug laugh!

He waved his hand!

Swish! Swish! Swish! Swish!

The 100 silver needles emitted a dazzling blue light and soared into the sky!

Kitano Torii also erupted with the True Qi in his body, and his entire body emitted a purple light!

He said proudly, “Kid, I can manipulate 138 needles at the same time!

“In front of me, no matter how good your medical skills are, you will definitely lose!”

With that, he waved his hand!

Swish! Swish! Swish! Swish!

138 silver needles emitted a purple light and soared into the sky!

At this moment...

Silver needles floated in the sky above the center of the gymnasium. They were dazzling and shocking!

“Although these two old fellows are despicable, their medical skills are really high!”

“One is using 100 needles at the same time, and the other is using 138 needles at the same time. Even in the entire Chinese medicine world of Country Hua, there are very few people who can do it!”

“I’m afraid Mr. Yang is really going to lose!”

“Sigh, Mr. Yang is still too young. In a moment of hot blood, he actually agreed to the challenge and completely destroyed the hope of winning!”

The old Chinese doctors on the stage shook their heads and sighed. They could almost see the outcome.

But at this moment...

“Damn, Mr. Yang has already transported 156 needles, and it’s still increasing!”

Someone exclaimed.

Everyone looked at the number of silver needles above Yang Luo and quickly counted them.

“158, 159, 160... Oh my god, there are already 170!”

“No, it’s 178!”

“You’re all wrong. It’s 185!”

Waves of exclamations sounded.

Everyone present could not sit still anymore and stood up!

“Oh my god, Mr. Yang is manipulating 218 needles at the same time!”

Someone confirmed the final number.

At this moment.

Silver needles danced in the air above Yang Luo. Golden light shone brightly, and there were 218 of them!

“Sh\*t! How is that possible?!”

“How can you manipulate 218 needles at the same time?!”

Che Chengxu and Kitano Torii exclaimed at the same time. As they were too shocked, their voices even cracked.

The other six participants were also dumbfounded. They looked at Yang Luo as if he was a monster.

Yang Luo looked at the two of them calmly and said indifferently, “Didn’t you say that I had already lost the moment I accepted the challenge?”

So, what about now? Have I lost?"

"D\*mn it!" "D\*mn it!"

Kitano Torii roared, "I don't believe that the eight of us can't defeat you!"

He continued to mobilize the True Qi in his body and waved his hand again!

Another 16 silver needles soared into the sky. He was controlling a total of 154 needles!

This was also his limit!

"Kid, I'll fight you to the death!"

Che Chengxu also mobilized the True Qi in his body to the limit and waved again!

Another eight silver needles soared into the sky, and the number of needles he carried reached 108!

He had also reached his limit!

However, even though the two of them had reached their limits, they were still far inferior to Yang Luo!

"You think this is my limit?"

Yang Luo asked calmly.

"What do you mean?"

"Could it be that you..."

Kitano Torii and Che Chengxu stared at Yang Luo and realized that something was wrong.

Meanwhile, Yang Luo waved his hand again!

Swish! Swish! Swish! Swish!

Under everyone's watchful eyes...

Another 48 silver needles shot into the sky!

He was now controlling 266 needles!

"This is impossible!!!"

Kitano Torii and Chengxu widened their eyes and roared at the same time.

"Oh my god, how many needles can Master transport at the same time?"

"Where is Mr. Yang's upper limit?"

Hua Changsheng and the others shouted in shock and were about to kneel down.

Everyone in the stands also looked at Yang Luo as if they were looking at a god!

"Go!"

Yang Luo waved his hand!

Whoosh! Whoosh! Whoosh! Whoosh!

266 silver needles that flickered with golden light whistled out, displaying 64 changes of the Eight Trigrams Divine Needle as they pierced into the acupuncture points of the patients!

“Kid, so what if you can transport more needles at the same time? I don’t believe you can defeat the eight of us!”

Kitano Torii roared and waved his hand!

154 silver needles that flickered with purple light whistled out and pierced into the acupuncture points of the patients!

“We will definitely win this match!”

Che Chengxu roared and waved his hand!

108 silver needles that flickered with blue light whistled out and pierced into the acupuncture points of the patients!

The other six people also used their strongest medical techniques and began to treat the patients!

At this moment.

“Nine Needles of Revolving Yang!”

Yang Luo shouted and waved his hand!

This time, the number of needles he was transporting increased again, reaching 269!

“Nine Needles of Revolving Yang! Master used my Nine Needles of Revolving Yang!”

Huang Tai’an also shouted in surprise.

Just as the 269 silver needles pierced into the acupuncture points of the patients!

Yang Luo continued to wave his hands!

“Green Sachet Divine Needle!”

The number of needles he transported increased again, reaching 281!

“Green Sachet Divine Needle... Master is using our Hua family’s Green Sachet Divine Needle now!”

Tears welled up in Hua Changsheng’s eyes. He was extremely touched.

After 281 silver needles pierced into the respective patients’ acupuncture points!

Yang Luo waved his hand again!

“Nine Yang Divine Needle!”

This time, the number of needles he transported continued to increase, reaching 291!

The Sect Master of the Medical King Sect, Chen Bozhong, cried tears of joy as he choked, “What Mister Yang used was the Nine Yang Divine Needle of our Medical King Sect!”

Huang Tai’an’s tears flowed as he said, “I understand. Master wants to challenge these eight fellows with all our faith, will, and determination!”

He wants to tell these guys that Country Hua's Chinese medicine can't be bullied and that Country Hua's Chinese medicine can't be humiliated!"

"Chinese medicine in Country Hua cannot be bullied!"

"Chinese medicine in Country Hua cannot be humiliated!"

Instantly, everyone present raised their arms and shouted.

It seemed to be cheering for Yang Luo.

"Come on, man!"

"Brother, rise!"

"Hero, defeat them ruthlessly!"

People from all over the country who were paying attention to this competition were also cheering for Yang Luo!

Now, everyone's eyes were on Yang Luo!

All eyes were on him, all eyes were on him, and even millions and thousands of eyes were on him!

Seconds ticked by.

At the last moment!

“Nine Needles of Heavenly Dao!”

Yang Luo let out a heaven-shaking roar.

“Roar, roar, roar!”

A series of dragon roars sounded in the entire stadium.

But this time...

A total of 365 silver needles shot into the sky!

Nine golden dragon phantoms even soared into the sky!

Silver needles danced!

Golden dragons soared!

Shock!

Deep shock surged into everyone’s hearts!

“Go!!!”

Yang Luo roared again and waved his hand!

365 silver needles shot out at the same time and pierced into the bodies of the patients!

Another ten minutes passed.

“Collect!”

The moment Yang Luo retracted the 365 silver needles!

“Time’s up!”

The referee shouted.

The competition was finally over!

Chapter 983: Too Powerful to Defeat!

At this moment...

The entire venue fell into dead silence again.

It was so quiet that everyone could hear each other’s breathing and heartbeats!

No one had recovered from the shock just now!

What did they see?

365 silver needles shot into the sky at once?

Nine golden dragons soaring in the sky?

If they had not seen it with their own eyes, they would not have believed this fact.

There was a long period of shock and silence.

At this moment.

At the center of the stadium.

Thump...

Thump...

Thump...

Kitano Torii, Chengxu, and the others all collapsed to the ground. Their faces were pale and they were sweating profusely as they panted heavily.

In order to defeat Yang Luo, the eight of them had used all their strength just now.

Yang Luo panted heavily as well.

In order to defeat these eight people, in order to clear the name of Country Hua's Traditional Chinese Medicine, and in order to fight for first place, he had spent a lot of effort.

If not for his current high cultivation and the majestic True Qi in his body, he would have long fallen.

"Master!"

"Mr. Yang!"

“Brother Yang!”

Hua Changsheng, Alinda, Ling Hanshan, Lin Qianyi, Prajna, and the others rushed over.

Alinda and Lin Qianyi supported Yang Luo from both sides.

Prajna hurriedly brought a towel to wipe Yang Luo’s sweat.

Lan Xiaomeng handed him a bottle of water.

“Master, you must have been tired out!”

“Mr. Yang, regardless of whether you can win this competition, you’re the pride of Country Hua’s Chinese medicine world!”

Hua Changsheng, Ling Hanshan, and the others choked as hot tears flowed.

Everyone was deeply convinced by Yang Luo’s medical skills and spirit.

Everyone no longer cared about winning or losing.

After all, Yang Luo’s appearance made them see the future hope of Country Hua’s Chinese medicine.

“This guy’s doing his best!”

“That’s right. Even if he loses, he’s still our hero!”

“One person against eight people. Even if he loses, it’s still glorious!”

Everyone in the stands spoke up one after another.

“The battle just now was too exciting!”

“I thought that manipulating 218 needles at the same time was already this kid’s limit!

“But I didn’t expect this kid to control 365 needles in the end!”

“Furthermore, this kid is also good at the Eight Trigrams Divine Needle, Nine Needles of Revolving Yang, Green Sachet Divine Needle, Nine Yang Divine Needle, and many other peerless acupuncture techniques!

“What’s even more terrifying is that this kid actually learned the Nine Needles of Heavenly Dao, which is ranked first on the Divine Needle List!”

“This kid is the future of our Country Hua’s Chinese medicine. He’s the hope of our Country Hua’s Chinese medicine!”

The old Chinese doctors in the stands were also extremely touched and sighed in admiration.

The sect master of the Spirit Medical Sect, Albas, sighed and said, “With such a talented young junior in Country Hua’s Chinese medicine world, I’m afraid it’ll be difficult for us to defeat them again!”

The Sect Master of the Witch Doctor Sect, Bugram, nodded and said, “I’m afraid Country Hua’s Traditional Chinese Medicine is really going to rise completely!”

The sect master of the Buddhist Medical Sect, Adelhan, pressed his palms together and sighed, “I didn’t expect to be able to witness such an exciting competition in Country Hua this time. This trip was really worth it.”

The sect masters of the other medical sects also looked at Yang Luo, their eyes filled with admiration.

Flora's beautiful eyes also stared intently at Yang Luo, her eyes filled with admiration.

This god-like man was so powerful that he was invincible!

At this moment.

Kitano Torii and the others were helped up by the disciples.

Kitano Torii took a deep breath and said, "Referees, since the competition is over, it's time to tabulate the results!"

Che Chengxu also said, "Hurry up and tabulate the results. We must have won this competition!"

The referee wiped the tears from the corners of his eyes and stood up, "Please count the number of patients cured by the competition staff!"

"Yes!"

All the staff nodded and began to count the number.

After all, this was related to the final results of the various medical sects.

Therefore, everyone was especially careful in their statistics and counted several times.

They counted for half an hour.

Only then did the staff hand the results to the judges.

Swoosh! Swoosh! Swoosh!

The gazes of more than 80,000 people in the event location shifted to the referee's seat.

All the major reporters, media, and internet celebrities also aimed their cameras at the referee's seat.

After all, it was not only the event location audience who were waiting to pay attention to this competition.

The citizens of Country Hua, Country Sakura, Country Kimchi, Country New Luo, Country Golden Tower, and Country Elephant were also paying attention to this competition.

Everyone was waiting for the final outcome.

Hua Changsheng and the others also looked at the judges' seats.

Although winning or losing was no longer important, if they could win, who wanted to lose?

Yi Jiuzhou and Lin Aocang were also extremely nervous and uneasy.

At this moment.

The eight referees in the referee's seating area gathered together to browse the data and were still discussing.

There were even referees who took out their phones to calculate the data.

Moreover, every judge had a different expression on their faces.

Shock, doubt, and confusion.

Just from the judges' expressions, no one could tell anything.

"Oh my god, what's the outcome? I'm so anxious!"

"Can you quickly announce the results and end my misery?!"

"Whether we win or lose, I just want to know the outcome!"

The audience was about to go crazy.

In particular, the audience who were closer to the referee's seat craned their necks to see the outcome.

After more than twenty minutes.

The referee stood up with the results.

However, the main referee frowned and did not look too good.

"It's over, it's over. The main referee's expression is so ugly. It looks like this brother has lost!"

"Sigh, actually, we already knew the outcome!"

One person against eight people, the number of patients who got treated by them will definitely exceed his own self!

Under such harsh conditions, it's really too difficult to win!"

Everyone shook their heads and sighed. Although they were unwilling, there was nothing they could do.

In the end, he still lost?

Hua Changsheng, Ling Hanshan, and the others also revealed bitter expressions.

However, no one blamed Yang Luo.

This was because everyone knew that Yang Luo had already used all his strength.

As for Kitano Torii, Che Chengxu, and the others, they were all excited.

Kitano Ryuhei sneered, "So what if this kid is strong? He's only one person after all!

"If one person wants to defeat the eight of us, he has to treat more patients than the three of us combined. This is definitely impossible!"

Che Zaixian looked at Yang Luo and said teasingly, "Kid, your Country Hua's Chinese medicine team was still second in the previous year!

But this year, you've reduced them to the last place. I wonder what you think?"

Yang Luo said indifferently, "The results aren't out yet, but you're already in a hurry to come to a conclusion?"

"Is there a need to hear the outcome now? You've definitely lost!"

"That's right. You can't beat us!"

Kitano Longping, Che Zaixian, and the others all spoke up.

"I'll now announce the results of the participants!"

At this moment, the main referee finally spoke.

Everyone's gazes shifted over again.

The main referee said loudly, "In the competition that lasted for an hour just now!

Park Jeong-woo had cured 72 patients!

Mr. Yamashita Tianhong cured 76 patients!

Mr. Nakamura Taji had cured 79 patients!

Mr. Kitano Ryuhei cured 81 patients!

Mr. Che Yongjun had cured 89 patients!

Mr. Kitano Ryuhei cured 81 patients!

Sect Master Chengxu cured 103 patients!

Gate Master Kitano Torii cured 118 patients!"

At this point, the main referee stopped and did not immediately announce Yang Luo's results.

Chapter 984: Overwhelming!

However, after hearing the results of Kitano Torii and the others,

Everyone's hearts sank at the event location....

"Even Park Jeong-woo, Tianhong Yamashita, and Tanji Nakamura, who have the least number of patients, have treated a total of 227 patients!"

"Unless this brother can cure more than 227 people, only then can he win. However, this is impossible!"

"That's right. In these three days of competition, no one has cured more than two hundred patients in an hour!"

The audience sighed deeply and felt that Yang Luo was definitely going to lose.

"We're going to win!"

"I don't believe that this kid can cure more patients than any of us combined!"

"Everyone, after the competition ends, we have to get together!"

The people from the Medical Saint Sect and Oriental Medicine Sect had already begun to celebrate.

However, at this moment!

"I will now announce Mr. Yang's results!"

The referee's energetic voice sounded.

He said in a trembling voice, "Mr. Yang treated a total of 345 patients in the hour just now!"

He had only just finished speaking.

“145? Although it’s a lot, it’s still... Wait, f\*ck, is it 345?!”

“Oh my god, did I hear wrongly? This brother actually cured 345 patients in an hour?!”

“Even Kitano Torii, Chengxu, and Kitano Taiga, who have the most patients treated, only have a total of 313 people!”

“Crush, this is a complete suppression!”

“Doesn’t that mean we won?! We’re first place?!”

The audience exclaimed and suppressed the excitement in their hearts.

The referee could no longer hold it in. His face was filled with smiles.

He said loudly, “I announce that the winner of this competition is Mr. Yang!

“The first place in this medical competition is Country Hua’s Chinese medicine team!”

“Wait!”

Kitano Torii’s expression was ferocious as he roared, “Impossible, this is cheating!”

“That’s right. How could this kid treat 345 patients in an hour?!”

This is impossible. This is simply unrealistic!”

Che Chengxu also roared.

“Cheating! Cheating! Cheating!”

The people from the Medical Saint Sect and Oriental Medicine Sect also shouted.

Bujie immediately scolded, “Bullsh\*t. Against you, does my Brother Yang need to cheat?”

“That’s right. Not only are you despicable and shameless, but you don’t even dare to admit defeat?”

Lan Xiaomeng chimed in.

“Shameless!”

“So what if you lost? You’re still unwilling to admit it. How can you be so shameless?”

The audience also started scolding.

The referee said coldly, “Mr. Kitano Torii, Mr. Chengxu, if you don’t believe me, you can count the number of people yourself!”

“The staff has already counted the number of people ten times. There won’t be any mistakes!”

“We’ve also counted it several times. There’s definitely no mistake!”

The judges sent by the other medical sects also stood up.

Only the two referees from the Medical Saint Sect and the Oriental Medicine Sect remained silent.

They naturally did not want Yang Luo to win, but the number of people they counted was indeed not wrong.

Kitano Torii said, "Everyone, please follow me to count the number of people!"

"Alright!"

Che Chengxu and the others responded.

After that, Kitano Torii, Chengxu, and the others went to do the statistics themselves.

Another half an hour or so passed with them watching the situation.

In the end, Kitano Torii, Chengxu, and the others were all dumbfounded and speechless.

They counted more than ten times, and the number was exactly the same as the number calculated by the staff.

Moreover, they had also confirmed that Yang Luo had indeed treated 345 patients.

There was even half of these 345 patients who were more ill than the patients they were treating.

Yang Luo crushed them in all aspects!

They couldn't find any fault with it!

"How could this be... How could this be?!"

"We actually lost... We actually lost?!"

“Impossible... This is absolutely impossible!”

Kitano Torii, Chengxu, and the others all sat on the ground and shook their heads vigorously.

The main referee said in a trembling voice, “I now announce that the first place in the ninth Medical Dao Competition is Country Hua’s Chinese medicine team!

Please applaud and cheer for them!”

“We won! We won!”

“We finally won! It wasn’t easy, it wasn’t easy at all!”

“Dude, you’re our hero. You’re our god!”

The audience applauded and cheered enthusiastically.

Yi Jiuzhou and Lin Aocang also had tears in their eyes as they clapped hard.

“Master, we won!”

“Master, you’re too awesome!”

“Mr. Yang, I’m convinced. I’m really convinced!”

“Our Country Hua’s Traditional Chinese Medicine has finally won first place again!”

Hua Changsheng, Huang Tai'an, Ling Hanshan, Tang Wanqing, and the others all cried tears of joy. They were so excited that they could not control themselves.

At this moment...

The entire stadium turned into a sea of joy!

"Divine Doctor! Divine Doctor! Divine Doctor!"

Everyone's cheers converged into the word "Divine Doctor".

Everyone looked at Yang Luo with admiration, fanaticism, and worship.

Alinda blinked at Yang Luo and said, "Dear Mr. Yang, you're so charming. How can I not fall in love with you?"

Yang Luo said helplessly, "Alinda, not again."

Alinda immediately giggled.

"Good job, Little Luo!"

Lin Qianyi's eyes turned red as she hugged Yang Luo tightly.

She said gently, "I'm proud of you!"

Bujie shouted at the people from the various medical sects, "Everyone, listen up. This awesome person is my brother!"

Xu Ying said in amusement, "What does this have to do with you?"

Bujie's eyes widened, "How is it not related? I was cheering for Brother Yang from behind just now. My voice was hoarse from shouting, okay?"

"Hahaha..."

Chu Longyuan, Tian Zhen, and the others laughed.

At this moment...

Just as everyone in the stadium was cheering...

The people who were paying attention to this competition all over the country also cheered.

"His martial arts are peerless, and his medical skills has no match!"

"Not long ago, this brother cleared the name of our Country Hua's martial arts world. Today, he cleared the name of our Country Hua's Chinese medicine world!"

"Could he be the savior sent by the heavens to our Country Hua?"

"He's our great hero, our guardian angel. He can do anything!"

"How can there be such an outstanding man in this world? He's my destined one!"

"Bullsh\*t, he's clearly my man!"

"Shut up, all of you. He's my man!"

“Who are you? How did he become your man?”

“He’s really my man!”

“F\*ck off!”

Everyone discussed fervently on the Internet. Someone even established a fan club for Yang Luo.

Jiang City.

Meanwhile in Hua Mei Biomedical’s CEO office...

“I’m so angry! I’m so angry! Yang Luo is my man to begin with!”

Su Qingmei slammed the table in anger.

She had been paying attention to the Medical Dao Competition for the past few days.

It was only today that she saw Yang Luo return.

When she saw Yang Luo defeat the eight medical experts from the Medical Saint Sect and the Oriental Medicine Sect alone...

She was very excited.

When she saw that someone was discussing Yang Luo online, she joined the discussion.

Unexpectedly, she was scolded when she said that Yang Luo was her man.

She threw her phone on the table and said angrily, "Hmph, Yang Luo is my man to begin with. Go ahead and be envious!"

She stood up and walked to the floor-to-ceiling window. She looked into the distance and muttered, "Yang Luo, I'll also make myself more and more outstanding!"

Chapter 985: Ranked Last!

Peng City.

Silken Manor.

In the study.

Dongfang Ruoshui, who was wearing a long black dress and had long black hair tied up, had a beautiful figure. She held a cup of coffee and looked at the projection on the wall.

At this moment, the medical tournament was being broadcasted live.

After seeing Yang Luo finally win the competition...

The corners of her lips curled up slightly as she said softly, "Little Luo, it looks like you're getting closer and closer to becoming the number one person in Country Hua.

You will always be my pride..."

At this moment.

Knock, knock, knock.

At this moment, there was a knock on the door.

“Come in.”

Dongfang Ruoshui said lightly.

The door was pushed open.

A tall and heroic woman in a black suit walked in.

It was one of the twelve Battle Kings under Dongfang Ruoshui, “Black Phoenix” Yun Feng.

“South Suppressing King, I have something to report!”

Yun Feng bowed respectfully.

“What is it regarding?”

Dongfang Ruoshui took a sip of coffee.

Yun Feng replied, “In the past few days, our intelligence team discovered that there was quite a commotion in the north.

Nie Changkong has sent quite a number of people south. They seem to be making a big move.”

Dongfang Ruoshui squinted her beautiful eyes and said coldly, “Is Nie Changkong finally impatient? It seems that the battle between the north and south is not far away...”

“The battle between the north and south?”

Yun Feng’s expression changed as she exclaimed, “Is Nie Changkong planning to declare war on us?”

“It’s highly possible.”

Dongfang Ruoshui nodded and instructed, “In this period of time, get everyone to be more vigilant and prevent those fellows from the north from infiltrating!

“Also, inform all the Battle Kings to be prepared to fight at any time!”

“Yes!”

Yun Feng responded and left the study in a hurry.

After Yun Feng left...

Dongfang Ruoshui turned to look out of the window. Her beautiful eyes flickered with a cold light as she muttered, “Nie Changkong, let’s see who will have the last laugh...”

Xiangjiang.

Times Square.

“We won! We won!”

“Alright, this is awesome. This is too damn satisfying!”

“This little brother’s medical skills are really amazing. He can actually win against eight people alone!”

“The Medical Saint Sect and the Oriental Medicine Sect tried everything to defeat us, but in the end, all their efforts were in vain!”

The people in the square cheered.

At the periphery of the crowd stood a group of people.

Standing at the front was Su Wanqiu, who was wearing a burgundy OL uniform.

Her female assistant and a few bosses also stood at the back.

Everyone looked at the big screen in the square.

Just now, when they came out of the cafe after discussing their collaboration, they happened to see Yang Luo fighting Kitano Torii and the others, so they stopped and watched.

“I didn’t expect our Country Hua to have such a powerful young Chinese doctor!”

“Divine Doctor, this is a real Divine Doctor. We must find out the contact number of this Divine Doctor and befriend him!”

“That’s right. It’s beneficial to befriend such a Divine Doctor!”

The bosses started discussing.

The female assistant’s eyes lit up as she looked at Yang Luo on the screen. She said to Su Wanqiu, “President Su, this man is really too outstanding. Do you think he has a girlfriend now?”

Su Wanqiu smiled and replied, “Yes, and there seems to be more than one.”

“Hmm?”

The female assistant looked puzzled, “President Su, how did you know?”

Su Wanqiu blinked her beautiful eyes and said, “I guessed.”

“Oh...”

The female assistant smiled and said, “President Su, I think you’re quite compatible with this man. Why don’t you get someone to find out his contact information?”

“Do you really think I’m a good match for this man?”

Su Wanqiu asked curiously.

“I’m being truthful!”

The female assistant nodded repeatedly.

The corners of Su Wanqiu’s lips curled up slightly, “I think so too.”

The female assistant suddenly thought of something and shook her head repeatedly, “But President Su, you already have a husband. I’m afraid you can’t like this man anymore.”

Su Wanqiu chuckled and said, “It’s alright. My husband won’t mind.”

“Ah?”

The female assistant was speechless.

How generous was President Su's husband to not mind that his woman liked another man?

At the same time...

Country Sakura.

Eastern Capital Silver Seat.

Tens of thousands of people crowded in the square and looked at the big screen in a daze.

There was a live broadcast going on.

"How could this be? How could this be?! Our Country Sakura's number one medical sect, the Medical Saint Sect, actually lost to a kid from Country Hua?!"

"We joined forces with Country Kimchi and eight people challenged this Country Hua kid, but we still lost?!"

"Could it be that our Medical Saint Sect and the Oriental Medicine Sect are really ranked last?!"

"Who is this Country Hua kid? Why is his medical skills so powerful? Is no one able to defeat him?"

"How humiliating! How humiliating!"

The citizens of Country Sakura cried out in grief. Many of them even hugged their heads and cried.

Country Kimchi.

Han City.

Guanghuamen Square.

The square was also filled with people.

But when they saw the scene on the screen,

Everyone was silent.

After a moment of silence...

“F\*ck! We actually lost?!”

“Eight people can lose to one person? What kind of joke is this?!”

“Last place, our Oriental Medicine Sect actually became last place!”

“Who is this kid? Is he really a god?!”

“Why does this kid want to defeat us? Why doesn’t he die?!”

The citizens of Country Kimchi were extremely sad. They wailed and cursed.

However, no matter how much they scolded, it could not change the fact that they were the last place.

This day was the death of Sakura Country and Country Kimchi’s ancient medical world!

This appeared on the headlines of the various reporters and media outlets!

The Medical Saint Sect and the Oriental Medicine Sect had fallen from grace!

At this moment...

Apart from the commotion caused by the citizens of Country Hua, Sakura Country, and Country Kimchi...

The citizens of Country Elephant, Country New Luo, Country Asan, Country Golden Tower, Afro Domain, Euro Domain, North America, and South America also stirred.

Everyone was shocked by Yang Luo's extraordinary medical skills!

Many people were asking about Yang Luo's information!

No one pitied the Medical Saint Sect and Oriental Medicine Sect for losing the competition. They only felt that they deserved it!

...

In Country Hua.

The capital.

The Bird's Nest Stadium.

It was already past five in the afternoon.

At the center of the stadium.

Country Hua's Chinese medicine team and other medical sects and medical groups were already present.

Yi Jiuzhou stood in front of everyone, feeling very happy.

On the other hand, the people from the Medical Saint Sect and Oriental Medicine Sect all had dark expressions. They gritted their teeth so hard that they were about to break.

Yi Jiuzhou glanced at everyone and said loudly, "Thank you everyone for your extraordinary medical skills and exciting competition in the past three days!

Moreover, everyone had treated many patients in the past three days. We are very grateful to everyone!

Now, let me announce the final results!

The first place in the Western Medicine School was the Euro Domain's Western Medicine Association!

The second place is the North American Western Medical Association!

The third place belongs to Country Hua's Western Medical Association!

The fourth place goes to the South American Association of Western Medicine!

Please give the four Western Medical Associations the warmest applause!"

The audience in the stands began to clap.

There was a pause.

Yi Jiuzhou continued, “Next, I’ll announce the rankings of the ancient medical sects!

The first place is won by Country Hua’s Chinese medicine team!

The second place belongs to the Spiritual Doctor Sect of Country Golden Tower!

The third place is the Eastern Medicine Sect of Country New Luo!

The fourth place was Country Asan’s Buddhist Medical Sect!

The fifth place is the Witch Doctor Sect of the Elephant Kingdom!

The sixth place belongs to the Black Physician Sect of the Afro Domain!

The seventh place was the Medical Saint Sect from Country Sakura and the Oriental Medicine Sect from Country Kimchi!

Please give everyone your warmest applause to encourage them!”

Clap, clap, clap...

The audience applauded enthusiastically.

Some even started to tease the sects.

“Aiya, who was the one who said that he would definitely be able to defeat our Country Hua’s Traditional Chinese Medicine?”

“Being tied for seventh place seems to be tied for last place, right?”

“The first and third place in the previous Medical Dao Competition actually fell to the last place this time. Isn’t it too tragic?”

“If they had competed properly, they would have been able to get a good ranking, but they just had to court death!

Could this be the so-called to shoot oneself in the foot?”

Hearing the ridicule of the audience in the stands...

Kitano Ryuhei roared, “Don’t be smug. We’ll definitely defeat you in the next Medical Dao Competition and win first place again!”

Che Zaixian also gritted his teeth and said, “Don’t be too arrogant. Let’s wait and see the next Medical Dao Competition!”

Yang Luo looked at the two of them and said in a loud voice, “With me around, you can never think of getting first place!”

Chapter 986: Everyone in the World Knows You!

“You...”

Kitano Longping and Che Zaixian stared at Yang Luo.

They wanted to refute, but they could not.

This kid was too terrifying!

All of the eight medical experts had lost to this kid!

With this kid around, it would probably be very difficult for them to obtain first place!

“Brother, you’re domineering!”

“With this brother around, don’t even think about getting first place!”

“It’s better to hone your medical skills and stop having crooked thoughts!”

The audience burst into laughter.

The people from the Medical Saint Sect and Oriental Medicine Sect clenched their fists. They were so angry that their faces turned red and their expressions were ferocious.

They felt too aggrieved and humiliated!

After today, the Medical Saint Sect and the Oriental Medicine Sect would probably become the laughing stock of the world’s medical world!

They were too ashamed to face anyone!

Moreover, they were extremely regretful!

If they had known that this kid’s medical skills were so powerful, they would not have chosen to compete in this way!

Even if they competed one round after another and lost in the end, they would not have been in last place!

After all, their overall results were very high!

Unfortunately, there was no medicine for regret in this world!

They could only grit their teeth and swallow it!

Yi Jiuzhou coughed lightly and said, "Alright, the award ceremony will begin now!"

Very quickly...

One by one, tall and beautifully dressed ladies in cheongsams walked over with trays.

Yi Jiuzhou presented awards to everyone one by one. Not only were there cash rewards, but there were also trophies and certificates.

As the first place in the competition, Yang Luo and the others obtained a billion yuan cash reward, the Fuxi Divine Needle, and six medicinal herbs.

"This is the Fuxi Divine Needle?!"

When he saw the nine golden needles in a wooden needle box, Yang Luo was intrigued.

Hua Changsheng chuckled and said, "Master is indeed knowledgeable. That's right, this is the Fuxi Divine Needle.

This supreme treasure was taken out by Mr. Yi. It's yours now, Master."

“Isn’t this a little bad?”

Yang Luo scratched his head.

He was indeed lacking a set of good acupuncture needles.

As for the Fuxi Divine Needle, it was said to be a divine needle created by the ancient Human Emperor, Fuxi. It could be said to be a treasure among acupuncture needles.

He naturally wanted it too.

With the Fuxi Divine Needle, he would be able to save people with half the effort.

Ling Hanshan chuckled and said, “Mr. Yang, as the saying goes, a BMW has to be driven by a hero!

This Fuxi Divine Needle should be worthy of a peerless Divine Doctor like you!”

Tang Wanqing also smiled and said, “That’s right, Mr. Yang. Please accept the Fuxi Divine Needle.”

“Without you, Mr. Yang, we wouldn’t have been able to get first place at all!

If you don’t accept this Fuxi Divine Needle, who will dare to accept it?”

Chen Bozhong also echoed.

“Thank you, everyone!”

Yang Luo thanked them all and accepted the Fuxi Divine Needle.

Then, he opened six wooden boxes containing medicinal herbs.

When he saw four of the medicinal herbs, he was immediately shocked!

“Seven Phantom Ice Grass, Green Wood Lotus Seed, Crimson Ginseng, Jade Dragon Vine?!”

Tang Wanqing said in admiration, “As expected of Mr. Yang. You can actually recognize these four top-grade medicinal herbs at a glance!”

“Mr. Yang, do you need these four medicinal herbs?”

Ling Hanshan asked.

Yang Luo nodded and said, “Yes, these four herbs are very useful to me!”

Therefore, these four herbs were the four herbs needed to refine the Mysterious Dao Pill.

Coupled with the six medicinal herbs he had found in the Witch God Sect, he had now gathered all the medicinal herbs needed to refine the Mysterious Dao Pill.

He had really searched high and low for it, only to find it without any effort!

Ling Hanshan waved his hand and said, “Mr. Yang, you should have said so earlier!

The Medicine God Valley lacks everything except for these rare herbs!

These six ingredients are from the Medicine God Valley!

Take it if you need it!

“If you need any medicinal herbs in the future, feel free to contact me!”

“Alright, I’ll accept it then!”

Yang Luo cupped his hands and accepted the six herbs. Then, he said, “As for the cash reward of one billion yuan, everyone can split it. I don’t want it!”

Ling Hanshan said, “Mr. Yang, we don’t lack money. Take this money!”

Yang Luo shook his head repeatedly, “I’ve already taken the Fuxi Divine Needle and six top-grade medicinal herbs. I definitely can’t take this money.

If everyone treats me as a friend, don’t reject me.”

Everyone nodded.

At this moment, Ling Hanshan rubbed his hands and said with a smile, “Mr. Yang, we agreed before.

“If you can help our Chinese medicine team obtain the first place in the competition, we will acknowledge you as our master.

I hope Mr. Yang can take me in as your disciple.”

“Mr. Yang, I also want to acknowledge you as my master!”

“Me too!”

Tang Wanqing and Chen Bozhong also spoke up.

The three of them looked at Yang Luo expectantly.

Cao Jisheng teased, "Old Ling, Old Chen, Sister Wanqing, didn't you say that you wanted to kneel down and acknowledge me as your master?"

"Mr. Yang, please accept us as your disciples!"

Ling Hanshan, Tang Wanqing, and Chen Bozhong knelt on one knee towards Yang Luo.

"What are the three of you doing? Hurry up and get up!"

Yang Luo quickly went forward to help the three of them up. "You're all respected seniors in the Chinese medicine world and the leaders of a sect. How can I take you in as my disciples?"

Ling Hanshan asked, "Are you looking down on us?"

Tang Wanqing sighed and said, "Mr. Yang, we really failed to recognize a formidable person. We didn't know that the expert was in front of us. We really know our mistake."

"But Mr. Yang, we really want to acknowledge you as our master!"

Chen Bozhong added.

Yang Luo said, "The three of you, forget about becoming my disciples.

However, we can be friends. If the three of you have anything you don't understand in the future, you can ask me."

"Good, good, good!"

Ling Hanshan nodded repeatedly. "It's our honor to be friends with Mr. Yang!"

Tang Wanqing and Chen Bozhong also nodded, their faces filled with joy.

They were really convinced by Yang Luo!

Their martial arts and medical skills impressed them deeply!

After the award ceremony ended...

Yi Jiuzhou looked up at Kitano Torii and Che Chengxu, "Mr. Kitano, Mr. Che, isn't it time for you to fulfill your promise?"

Can you give us the two Acupuncture Bronze Figurines now?"

Lin Aocang also said indifferently, "You're the sect masters of two medical sects. You won't go back on your word, right?"

Kitano Torii gritted his teeth and said in a deep voice, "Don't worry, I'll send someone to send the Acupuncture Bronze Figurine to your National Museum tomorrow!"

"We're willing to admit defeat. We'll naturally do what we say!"

Che Zaixian said ruthlessly.

Then, the two of them did not have the face to stay here anymore and left hurriedly with their disciples.

At this moment, people from the Medical Spirit Sect, Eastern Medicine Sect, and other major medical sects walked over.

“Congratulations on getting first place!”

The Spirit Medical Sect’s Sect Master, Albas, congratulated him and said, “Mr. Yang, your medical skills have really broadened our horizons and shocked us!

If you go to Country Golden Tower in the future, you must come to our Spiritual Doctor Sect as a guest!”

“Mr. Yang, our Eastern Medicine Sect welcomes you at any time!”

“Mr. Yang, our Buddhist Medical Sect welcomes you!”

“Mr. Yang, if there’s a chance in the future, we can exchange our medical insights and insights!”

The sect masters of the various medical sects greeted Yang Luo one after another.

Yang Luo cupped his hands and said, “If I have time in the future, I’ll definitely go to everyone’s place to nag!”

“Haha, alright. Mr. Yang, you can’t go back on your word!”

“Mr. Yang, we’ll await your arrival!”

Everyone exchanged contact information with Yang Luo and left one after another.

Alinda also walked over and pouted, “Yang Luo, I wanted to stay with you for a few more days, but I still have something to do in the association. I have to leave again.”

Yang Luo smiled and said, “It’s alright. Anyway, we’ll have many chances to meet in the future. If there’s anything, just call me.”

“Ok!”

Alinda smiled sweetly before leaving with her team.

Hua Changsheng smiled and said, “Master, you’re really famous this time!”

“Don’t worry about your future. Now, everyone in the world knows you!”

Huang Tai’an added.

Yang Luo shook his head, “It’s better to keep a low profile.”

Everyone laughed out loud.

Yi Jiuzhou smiled and said, “Everyone, I’ve already booked a private room. Let’s go over together and have a good drink!”

“Alright!”

Everyone agreed.

Chapter 987: To Changbai Mountain!

After leaving the gym.

Yang Luo and the others arrived at the Wang Manor Restaurant.

As one of the top high-end cafeterias in the capital, the people who came here were either rich or noble.

In a large private room.

Several tables were set up.

Other than Yang Luo and the others, the ten doctors from the Western Medical Association were also present.

Yi Jiuzhou raised his glass and said loudly, "Thank you for participating in this medical competition and obtaining a good ranking. Let me toast everyone!"

Lin Aocang also raised his wine glass and said, "Everyone, you've let the major medical sects and medical groups in the world see our medical skills and fought for the honor of our Country Hua. I'm very grateful!"

The President of the Western Medicine Association, Lang Qingsong, shook his head and said, "I'm ashamed, I'm ashamed. The Ancient Medicine competitors won first place, while our Western Medicine Sect only won third place."

Yi Jiuzhou waved his hand and said, "Mr. Lang, our western medicine has always lagged behind.

It was already not bad for everyone to have such results.

Come, come, come. Let's cheers."

"Cheers!"

Everyone raised their glasses.

In the following period of time...

Everyone chatted and drank. The atmosphere was very happy.

The meal lasted until past nine in the evening.

After Hua Changsheng greeted Ling Hanshan and the others, they left one after another.

Only Yang Luo, Chu Longyuan, and the others stayed behind.

Yang Luo took out a leather folder and handed it to Yi Jiuzhou, "Mr. Yi, Dragon General, we completed the mission and took back ten documents!"

Yi Jiuzhou took the paper bag and sighed, "Thank you, everyone. You're all heroes of the country!"

Chu Longyuan shook his head and said, "It's our honor to serve our country."

Lin Aocang said, "Can you tell us what you experienced during the mission?"

Chu Longyuan glanced at Yang Luo and said, "Brother Yang, tell me."

Yang Luo nodded and did not hide anything. He told Yi Jiuzhou and Lin Aocang what he had experienced in Country Stars & Stripes.

After hearing Yang Luo's story...

Yi Jiuzhou and Lin Aocang were stunned for a long time.

A long period of time passed like that.

Yi Jiuzhou heaved a long sigh and said, "I didn't expect you guys to experience so much during this mission. It's so dangerous. It's been hard on everyone."

Lin Aocang said, "Fortunately, with the help of the Holy Imperial Court, you can return safely."

If there's a chance next time, we must invite those Divine Kings to our place as guests. We have to thank them in person."

Yang Luo said, "We're all friends, so we naturally have to help each other. There's no need to thank each other."

Lin Aocang nodded and said, "Then if the Holy Imperial Court needs help in the future, we will not hesitate to help!"

"Ok!"

Yang Luo and the others nodded heavily.

They chatted until past ten o'clock.

Only then did Yang Luo and the others leave the restaurant.

Chu Longyuan chuckled and said, "Brother Yang, if you're not busy these few days, why don't you come to my Azure Dragon Pavilion to play?"

Lin Qianyi glared at Chu Longyuan and said, "Even if you want to go, you should go to our Vermillion Bird Pavilion!"

Yang Luo shook his head and said, "Brother Chu, Fourth Senior Sister, I feel that my cultivation is about to break through.

Therefore, I'm preparing to find an excellent cultivation place to cultivate well. I won't go."

Chu Longyuan was shocked, “F\*ck, Brother Yang, your cultivation is about to break through again. Are you still human?”

Yang Luo rolled his eyes at Chu Longyuan and said, “After fighting those Demon Kings and Cardinals, I also gained a lot of insights, so my cultivation level is already on the verge of breaking through.”

He indeed planned to find a place to cultivate and break through to the perfected Soul Formation realm.

Of course, he also planned to refine the Mysterious Dao Pill in preparation for breaking through to the Dao Convergence Realm later.

After all, the enemies he would have to face in the future would become stronger and stronger.

For example, Country Sakura definitely did not only have Martial Emperor Realm experts. There were definitely Martial God Realm experts above the Martial Emperor Realm, or even Martial Saint Realm experts.

With his current cultivation and strength, it would be difficult for him to even deal with a Martial God Realm expert, let alone a Martial Saint Realm expert.

Furthermore, he had already stepped into the Dark World. He would definitely fight the Hell Fiend Emperor, the Holy Light Pope, and the Heavenly God Emperor later.

Therefore, he had to become stronger.

Only by becoming stronger could he be invincible.

Chu Longyuan said, “Then as the eldest brother, I can’t fall behind too much. I have to work hard too!”

Lin Qianyi said unhappily, “Little Luo, I originally wanted to invite you to our Vermillion Bird Pavilion to play, but you had to go and cultivate.”

Yang Luo smiled and said, "Fourth Senior Sister, I'll look for you to play when I have time in the future. Don't be unhappy."

Lin Qianyi said helplessly, "Alright, alright, we'll talk about it in the future!"

Yang Luo looked at everyone and said, "Brothers, everyone must work hard. You must become stronger!"

"Ok!"

Chu Longyuan, Tian Zhen, and the others nodded heavily.

After that, Chu Longyuan, Lin Qianyi, and the others left.

"Brother Yang, where do you plan to cultivate?"

Bujie asked curiously.

Prajna asked, "Are we going to Kunlun Mountain?"

Yang Luo shook his head and said, "I won't go to Kunlun Mountain this time. Let's go to Changbai Mountain."

"To Changbai Mountain?"

Xu Ying, Bujie, and Prajna were puzzled.

"That's right."

Yang Luo nodded and said, "It's said that there are a total of 100 dragon veins in Country Hua.

The Ming Dynasty military advisor, Liu Bowen, had cut off 99 dragon veins, leaving only one dragon vein in Changbai Mountain.

It was precisely because of this that the other 99 dragon veins in Country Hua are incomplete.

Although the location of those dragon veins are also very rich in spiritual qi, they are far inferior to the Changbai Mountain.

Therefore, I plan to bring you guys to Changbai Mountain to cultivate this time. Perhaps we can all achieve a breakthrough."

Bujie said in surprise, "I've also heard of the rumor of Liu Bowen severing the dragon vein. Could it be true?"

Yang Luo smiled and said, "The rumors in this world are both true and false. Who can say for sure if they're true?"

"That's true."

Bujie nodded and said with a determined gaze, "This time, I must step into the Martial King Realm!"

Xu Ying said, "I've benefited a lot from the consecutive battles overseas.

I feel that my cultivation is not far from breaking through. I hope I can succeed this time."

Prajna also said excitedly, "I'm about to break through to the next realm too!"

Yang Luo encouraged, "Then let's work hard together this time and strive to achieve a breakthrough!"

“Alright!”

Xu Ying, Bujie, and Prajna responded.

After leaving the Wang family’s restaurant...

Yang Luo and the other three took a car to the Bulgari Hotel.

After checking in, Yang Luo and the others took the elevator upstairs.

When Xu Ying and Bujie entered the room.

Prajna grabbed Yang Luo’s hand and winked, “Brother Yang, shall we sleep together tonight?”

Seeing the woman’s seductive expression, Yang Luo’s heart instantly burned.

“I’d like that.”

Yang Luo agreed immediately.

Soon, the two of them entered the room and closed the door.

As soon as the door closed...

Prajna turned around and hugged Yang Luo, kissing him on the lips.

Boom...

Yang Luo felt a buzz in his head and began to respond to the woman’s kiss.

A few minutes later...

Yang Luo picked up the woman and rushed into the bedroom...

...

The next morning.

After Yang Luo and the other three had breakfast, they took a plane to Spring City in Rime Province.

After flying for more than an hour, Yang Luo and the other three arrived at Spring City.

As it was already autumn and winter, Spring City that was situated in the North East was even colder.

Fortunately, Yang Luo and the other three were all Martial Warriors, so they would not be affected even if they were only wearing single clothes.

After arriving at Spring City, Yang Luo and the other three took a car to the neighboring White City and arrived at the periphery of the Changbai Mountain scenic area.

As they cast their gazes in front of them...

Snow capped mountains rose and fell continuously. Forests were dense, and rivers and lakes flowed. It was majestic.

Although the weather was cold, there were also many tourists playing here.

Yang Luo and the other three avoided the tourists and entered the depths of the Changbai Mountains through a small path.

Bujie exclaimed, "Holy sh\*t, the Spirit Qi here is really abundant. It's indeed a cultivation treasure land!"

## Chapter 988: Crisis Arrives!

"Looks like we made the right choice in coming here."

Yang Luo smiled and led Xu Ying and the other two to the place with the most spiritual energy. They climbed to the top of a snow capped mountain.

At the top of the mountain...

Yang Luo used spirit stones to set up a spirit gathering array around the four mountains.

Then, he stomped with his right foot!

"Activate the formation!"

The Spirit Gathering Array was instantly activated!

A golden barrier was opened, and the spiritual qi between heaven and earth continuously gathered towards the Spirit Gathering Array, making the spiritual Qi in this area even more abundant.

Yang Luo said loudly, "Start cultivating!"

"Yes!"

Xu Ying and the other two agreed. Then, they jumped onto the three mountains around them and sat cross-legged. They each took a Spirit Gathering Pill and started cultivating.

Yang Luo also sat down cross-legged and took a few Spirit Gathering Pills before starting to cultivate.

He planned to break through his cultivation first before refining the Mysterious Dao Pill.

After all, refining a Mysterious Dao Pill was even more difficult than refining a Soul Formation Pill.

It needed to be supported by boundless True Qi.

When his cultivation level broke through to the perfected Soul Formation realm, the chances of successfully refining the Mysterious Dao Pill would be even higher.

After a while...

Yang Luo entered a meditative state.

After entering a meditative state...

Yang Luo wanted to probe into the Divine Sense Space, but he still could not enter.

This made him very puzzled.

Previously, he could enter, but why couldn't he now?

Also, who was the person who had spoken to him in the divine sense space?

Where did the Dragon Emperor Sword come from?

During this period of time, as long as he had time to cultivate, he would try to enter the Divine Sense Space, but he would fail every time.

What was going on?

Yang Luo had a stomach full of questions that he could not answer.

He sighed in his heart. He could only try again later.

After calming down, Yang Luo began to cultivate.

This time, he had to step into the perfected Soul Formation realm!

...

Time passed quickly.

In the blink of an eye, three days passed.

Three days later, early in the morning.

Jiang City.

Inside Hua Mei Biomedical.

In the President's office.

Su Qingmei was handling some documents.

During this period of time, Hua Mei Biomedical was developing at a high speed, so she was busy every day.

She was going to fly to Heron City this afternoon to discuss a collaboration.

But at this moment...

Knock, knock, knock.

There was an urgent knock on the door.

“Come in.”

Su Qingmei responded and did not look up. She was still dealing with the matter at hand.

Xu Yan rushed in and said, “President Su, something big has happened!”

Su Qingmei put down the document in her hand and looked up at Xu Yan, “Xiao Yan, what happened?”

Xu Yan said, “President Su, starting from this morning, the companies that originally planned to work with us suddenly said that they don’t want to work with us anymore!”

Su Qingmei frowned and asked, “Which companies are unwilling to cooperate with us?”

Xu Yan hurriedly said, “Natural Beauty Cosmetics Company, Herbal Medicine Company, Blue Star Skincare Company, Dongzi International, Shengda Corporation...”

After hearing Xu Yan’s words...

Su Qingmei frowned, "In other words, there are more than 10 companies that are unwilling to cooperate with us now?"

"Yes, President Su..."

Xu Yan nodded.

Su Qingmei was very puzzled, "That's strange. These ten companies are quite interested in working together. Why are they suddenly not working together?"

"Didn't they say why?"

Xu Yan said, "These companies said that our Hua Mei Biomedical has provoked someone they can't afford to offend."

The other side also said that if they continued to cooperate with us, they would be sanctioned and suppressed.

Therefore, they can only choose to give up on working with us.

"I asked them who the other party was, but they didn't dare to say."

Su Qingmei was even more puzzled, "Our Hua Mei Biomedical develops steadily and never offends anyone. When did we offend such a character?"

Xu Yan frowned and said, "Perhaps a company saw that our development was too strong and wanted to suppress us..."

"Could it be..."

Su Qingmei suddenly thought of something and turned to look at a building opposite.

Xu Yan also looked at the building opposite, "President Su, do you think Taikang Medical is suppressing us?"

"Possibly."

Su Qingmei nodded and said in a low voice, "During this period of time, we only have grudges with Taikang Medical."

Xu Yan said angrily, "We've been tolerating them repeatedly, but they're pressing on step by step. What exactly do they want?"

Just as Su Qingmei was about to speak...

There was another urgent knock on the door.

"Please come in."

Su Qingmei agreed.

The door was pushed open.

Shen Yun, Li Sihai, and Cai Donglai ran in.

The three of them must have rushed over in a hurry, so their foreheads were still covered in sweat.

"Sister Shen, Brother Li, Brother Cai, why are you here?"

Su Qingmei quickly stood up and went forward.

Shen Yun said anxiously, "Qingmei, something big has happened!"

"What happened?"

Su Qingmei asked in surprise.

Shen Yun said, "This morning, I received many calls from my business partners. They suddenly want to cancel their cooperation with us!"

Li Sihai also said, "This morning, my phone was also bombarded with calls!

Those partners who have been cooperating with us for almost half a year suddenly said that they want to cancel the cooperation with us!

"Moreover, they also said that as long as we can cancel the cooperation, they won't hesitate to pay a huge penalty!"

Cai Donglai said in a deep voice, "Now, the partners in the surrounding provinces and cities in Jiangnan province have also called to cancel their cooperation with us!

Moreover, even our partners in many cities in Jiangnan province have called!

It's already a mess now. We don't even know how to work anymore!"

"What?!"

Su Qingmei clenched her fists, "How did this happen?!"

Just now, Little Yan said that the company that originally had the intention to cooperate with us are all no longer willing to cooperate with us!

And now, you're saying that the partners who are cooperating with us are also going to cancel their cooperation with us?"

Li Sihai tugged at his collar and gritted his teeth, "There's no need to say anything else. Someone must be messing with us!"

Cai Donglai also said angrily, "I also asked for the reason. Those business partners all said that we offended someone!

Now that they want to mess with us, any company related to us will be implicated!

Most importantly, those guys didn't say who it was that wanted to mess with us!"

Su Qingmei said with a solemn expression, "I'm afraid only Taikang Medical can cause such a huge commotion!

After all, Taikang Medical is the business of the Huangfu family, a top family in the capital. They have the ability!"

"Taikang Medical?!"

Shen Yun was stunned for a moment before saying, "It might really be them!"

Li Sihai took a deep breath and said, "Dammit, we resolved the trouble they caused us the past few times, but I never expected that they would directly start attacking ruthlessly now!"

Cai Donglai said hatefully, "The reason why Taikang Medical can develop to its current size is entirely because it suppressed and annexed major cosmetics and pharmaceutical companies!

Because they were too powerful, those companies could only be at their mercy!

It's not surprising that they would do such a thing!"

Shen Yun said, "Looks like they want to use the same method to destroy us this time and annex us in one go!"

Li Sihai said angrily, "Bastard, if you have the ability, compete fairly. What's the point of causing trouble in the dark!"

Although Su Qingmei was anxious, she still maintained her composure.

Now, she was no longer as flustered as before.

Moreover, as the leader of Hua Mei Biomedical, if she panicked when she encountered a crisis, the entire company would be in chaos.

Of course, Hua Mei Biomedical was no longer a small company that could be bullied by others. It also had the ability to deal with some crises.

But at this moment...

"President Su, something happened!"

"President Su, what should we do now?"

A few higher-ups of the company ran in in a panic.

"What exactly happened?"

Su Qingmei hurriedly asked.

## Chapter 989: Last Chance!

“President Su, the various factories called just now and said this to us!

The suppliers of raw materials have all said that they want to cancel their cooperation with us and won’t provide us with raw materials in the future!”

“All our major online shopping channels have been attacked. Customers online can’t place orders normally!”

“The offline shops we opened in other cities have all been sealed by the people from the Industry and Commerce. They said that they want to carry out modifications!”

“In just a few hours this morning, our losses have exceeded seventy million, and they’re still increasing...”

“...”

A few higher-ups began to report the situation.

As they listened to the reports of a few higher-ups...

Su Qingmei, Xu Yan, Shen Yun, Li Sihai, and Cai Donglai’s expressions became even more solemn.

“President Su, what should we do now?”

“If this continues, our company won’t be able to continue operating normally!”

After the higher-ups finished reporting, they asked Su Qingmei what to do.

Su Qingmei took a deep breath and said, "Everyone, don't panic. The more this situation is like, the calmer we have to be!

Now, the enemy would definitely want us to be in chaos. The more chaos we are in, the happier they would be!

Since there's a problem, we'll solve it one by one!"

Shen Yun said, "President Su is right. At such a time, we can't panic."

In front of the employees, she would still address Su Qingmei as President Su, but in private, she would call her sister.

A few of the higher-ups nodded and tried their best to remain calm.

But at this moment...

A call was made to Su Qingmei's phone.

Su Qingmei picked up the cell phone on the table and saw that it was an unfamiliar call.

She frowned and answered the call.

"President Su, do you like the gift from the Huangfu family?"

Suddenly, a snide voice sounded.

"Huangfu Haotian, you guys are indeed behind this!"

Su Qingmei recognized the other party's voice. It was Huangfu Haotian.

Hence, she turned on the cell phone's speaker.

"Aiyaya, President Su, it's my honor that you still remember me!"

Huangfu Haotian's evil laughter could be heard.

Hearing Huangfu Haotian's voice...

Shen Yun and the others looked at each other, and their expressions darkened.

Su Qingmei said coldly, "Did you call just to show off?"

Huangfu Haotian chuckled and said, "President Su, you can think of it this way.

I just want you to see the strength of our Huangfu family.

Of course, I'm calling you because I want to give you one last chance."

"What chance?"

Su Qingmei frowned and asked.

Huangfu Haotian said, "Hand over all the secret recipes of Hua Mei Biomedical and incorporate them into Taikang Medical.

As long as you agree, we will immediately lift the sanctions and suppression on Hua Mei Biomedical."

Su Qingmei instantly got furious, “You want me to hand over the secret recipe and let our Hua Mei Biomedical join your Taikang Medical Company? Dream on!”

Huangfu Haotian sighed softly and said, “President Su, I don’t think you should make a decision so quickly. It’s better for you to reconsider.”

Su Qingmei said in a low voice, “There’s no need to consider. My Hua Mei Biomedical won’t compromise with you!”

“You really want to fight us?”

Huangfu Haotian’s voice turned cold, “Then do you know what kind of existence you’re fighting with?”

I might as well tell you that this time, our Huangfu family has joined forces with the other two families in the capital, the Qiao family and the Xu family, to punish and suppress you...”

Hearing Huangfu Haotian’s words...

Su Qingmei and the others were shocked.

They had thought that only the Huangfu family was sanctioning and suppressing them, but they did not expect the Qiao family and the Xu family to be involved as well.

Huangfu Haotian’s smug voice continued to ring through the phone.

“I know that your Hua Mei Biomedical is now considered a large company, but can you defeat the three first-rate families?”

You have to know that we are not a first-rate family in a local city, but a first-rate family in the capital, under the Imperial City. To be precise, we are an aristocratic family!

I can tell you clearly that other than the five royal families, we can't touch any other companies in Country Hua!

I also know that you have some background overseas, but they only cooperated with you because your Hua Mei Biomedical is valuable!

If Hua Mei Biomedical lost its value, do you think they would still care about you?

Therefore, you still have to recognize reality!

It's better to be annexed by us than to be made bankrupt by us, right?"

Su Qingmei clenched her fists tightly and said in a trembling voice, "I told you, I won't compromise with you!

You want to punish us and suppress us? Then come!

No matter what method you use, I'll take it!"

"Su Qingmei!"

Huangfu Haotian's voice also became louder. He said angrily, "Since you insist on fighting with us, we'll play with you!

I want to see how long your Hua Mei Biomedical can last!

I hope you won't call me and beg me when the time comes!"

"Beg you?"

Su Qingmei sneered and said, "Even if Hua Mei Biomedical really goes bankrupt, I won't beg you!"

With that, she hung up.

At this moment.

The entire office fell silent. The atmosphere was very oppressive.

Su Qingmei looked at everyone and said, "Everyone, I believe you've heard it too.

"Now, not only is the Huangfu family sanctioning and suppressing us, but the Qiao family and the Xu family are also doing the same.

Therefore, it could be said that this was the greatest crisis since the establishment of Hua Mei Biomedical.

It is even more dangerous than the Jiang family, He family, and Song family colluding against us back then.

If we can't resolve this crisis, our Hua Mei Biomedical might really go bankrupt.

I can now tell you clearly that there is no way I can compromise with them.

Therefore, if everyone wants to withdraw, I won't stop you."

Shen Yun said, "President Su, from the day I decided to follow you, I've never thought of leaving.

If Hua Mei Biomedical really goes bankrupt, I won't have any uncomplaining."

“President Su, we’re already in the same boat. I, Old Li, won’t quit!”

“I, Cai Donglai, will never withdraw!”

Li Sihai and Cai Donglai spoke up one after another.

“President Su, we won’t back out either!”

Xu Yan and a few higher-ups of the company also spoke up.

Su Qing was touched and said, “Thank you for being willing to stay when Hua Mei Biomedical is in the most dangerous situation!

Then let’s overcome this hurdle together!”

Shen Yun said, “President Su, we can understand why the Huangfu family is sanctioning and suppressing us. Why are the Qiao and Xu families also involved?”

Su Qingmei thought for a moment and said, “The Qiao family has some grudges with us.

Previously, the Qiao family’s construction company in Jiang City, Longxing Construction, had harmed the children of the Sunshine Welfare Institute.

In a fit of anger, Yang Luo destroyed Longxing Building. I’m afraid the Qiao family has always held a grudge against us, but they only attacked us now.

Of course, the Huangfu family must have promised the Qiao family a lot of benefits.

As for the Xu family, they probably got involved because of their interests.”

“I see.”

Shen Yun and the others nodded in realization.

After all, Hua Mei Biomedical was very profitable now and had huge potential.

In the eyes of these large families, Hua Mei Biomedical was a big cake. They definitely wanted to take one's share of the loot.

Su Qingmei exhaled softly and said, “Alright, let's not talk anymore. We can't sit still and wait for death now!

We must use all the connections and resources at our disposal to deal with this crisis!

Everyone, please start moving quickly!”

“Alright!”

Shen Yun and the others responded.

“President Su, aren't you going to contact Mr. Yang?”

Li Sihai asked.

Su Qingmei said, “Yang Luo has his own things to do now. Let's not disturb him for now.

Let's tell him about this when he comes back.”

“Alright.”

Li Sihai and the others nodded and left in a hurry.

After everyone left...

Su Qingmei also picked up her phone and made calls one after another, beginning to deal with this crisis...

Chapter 990: I Must Swallow Hua Mei Biomedical!

At the same time...

The capital.

There was a luxurious manor on the outskirts of the city.

The entire manor was huge. There were fake mountains, pools, and swamps, along with all kinds of pavilions.

This was the Huangfu family's manor.

At this moment...

In an ancient pavilion in the backyard of the manor, three old men were drinking tea and chatting.

These three old men were the heads of the current three first-rate families in the capital, the Huangfu family, the Qiao family, and the Xu family.

Huangfu Zhenxiong, Qiao Bailin, and Xu Yanfeng.

Xu Yanfeng smiled and said, “Brother Huangfu, I heard that each of the six secret recipes of Hua Mei Biomedical are priceless. The products produced have ignited the entire Southern Market.

If we can annex Hua Mei Biomedical and snatch these six secret recipes, our three families will definitely rise to a higher level.”

Qiao Bolin chuckled and said, “Isn’t that so? Now, the business world in Country Hua is saying that Hua Mei Biomedical has great potential and is very likely to become the number one brand in Country Hua in the future.

If we don’t eat this fat piece of meat now, we won’t be able to eat it in the future.

Although the branch of Longxing Construction in Jiang City had closed down...

However, if we can split the Hua Mei Biomedical, not only can we make up for my losses, but we can also make a huge profit.”

Huangfu Zhenxiong smiled and said, “That’s why we have to strike first.

If other first-rate families or even the royal families target them, we won’t even be able to get any benefits.”

Xu Yanfeng said, “It’s said that Hua Mei Biomedical has a lot of power in the south. I’m afraid they will resist us.

Therefore, we have to be prepared.”

Qiao Bolin sneered and said, “Hua Mei Biomedical only has some power in Jiang City and Jiangnan province.

With this bit of authority, they’re not even worth a fart. How can they even resist us?

Didn’t Haotian contact the President of Hua Mei Biomedical?

In my opinion, there will be a result soon.

Hua Mei Biomedical will definitely compromise with us.”

Huangfu Zhenxiong and Xu Yanfeng also nodded.

From last night until now, they had already used a portion of their energy to punish and suppress Hua Mei Biomedical.

No matter how powerful Hua Mei Biomedical was in the south, they could only compromise with them.

After all, in the entire Country Hua, not many companies could withstand the joint sanctions and suppression of the three first-rate families.

At this moment.

After the call, Huangfu Haotian walked over from afar.

Huangfu Haotian’s face was still wrapped in gauze. Clearly, he was still suffering from being slapped a few times by Yang Luo previously and had yet to recover.

Moreover, not long ago, Yang Luo even asked him to kneel down and apologize to Su Qingmei in front of so many people. This made him hate Yang Luo and Su Qingmei to the core.

Now, his family had joined forces with the Qiao and Xu families to suppress Hua Mei Biomedical.

The end of Hua Mei Biomedical had arrived. Yang Luo and Su Qingmei were also finished.

“Haotian, how is it? What did the President of Hua Mei Biomedical say?”

Huangfu Zhenxiong asked.

Huangfu Haotian said unhappily, “Grandpa, that b\*tch Su Qingmei actually refused to compromise with us and even said that she wanted to fight us to the end!”

“Oh? They did not compromise?”

Huangfu Zhenxiong looked surprised, “Haotian, are you sure Su Qingmei won’t compromise with us?”

Qiao Bolin and Xu Yanfeng’s faces were also filled with surprise.

“Yes, Grandpa!”

Huangfu Haotian nodded and said, “This b\*tch said that even if Hua Mei Biomedical really went bankrupt, she wouldn’t compromise with us!”

Qiao Bolin chuckled and said, “This Su Qingmei is quite bold. She’s actually unwilling to lower her head in the face of the suppression of our three first-rate families.

If this woman was given some time, she might really be able to lead Hua Mei Biomedical to become the number one brand in Country Hua.

I’m afraid this woman would have also become a business queen by then.”

Xu Yanfeng sneered and said, “It’s a pity that this woman met our three families. Even if she has ambitions and dreams, they can only become bubbles in the end.”

Huangfu Zhenxiong took a sip of tea and said indifferently, “Since they’re unwilling to compromise, continue to impose sanctions and suppress Hua Mei Biomedical!”

Huangfu Haotian suddenly thought of something and said, “Grandpa, that kid called Yang Luo has some martial arts strength.

Su Qingmei is his fiancée. He definitely won’t sit back and do nothing.”

Huangfu Zhenxiong said coldly, "I naturally know Yang Luo.

Wasn't he the kid who had defeated the three experts of Country Sakura and displayed his skills in the Medical Dao Competition these few days?

This kid is indeed not simple. However, no matter how strong this kid is, he can't defeat us.

Our three families have many ancient martial arts sects as our backing. There are even a few martial arts families that are our allies.

Moreover, we have a good relationship with Vice Alliance Master Lu of the Martial Alliance and the five immortals of the northeast."

Qiao Bolin said proudly, "In terms of martial arts, this kid can't compare to us. In terms of background in the country, this kid can't compare to us!

Therefore, we don't have to worry at all!"

Xu Yanfeng also said, "Hua Mei Biomedical has no choice but to compromise with us!"

Huangfu Haotian chuckled and said, "In that case, we'll definitely swallow Hua Mei Biomedical!"

“Hahaha...”

Huangfu Zhenxiong, Qiao Bailin, and Xu Yanfeng all laughed.

...

In an instant.

Another two days passed.

Three days later, early in the morning.

In the center of Changbai Mountain.

At the peak of four of the mountains.

Yang Luo, Xu Ying, Bujie, and Prajna were sitting cross-legged on the mountaintop cultivating.

At this moment.

Rumble rumble rumble!

With the four mountains as the center, the surrounding mountains shook gently!

As the mountain shook!

Ooommmm!

A pink beam of light shot into the sky from Prajna's body!

Prajna's cultivation had finally broken through and stepped into the late-stage Martial Highness Realm!

At the same time when Prajna's cultivation broke through!

Boom boom!

A platinum beam and a golden beam also shot out from Bujie and Xu Ying's bodies!

The two of them finally broke through and stepped into the early-stage Martial King Realm!

Right after the three of them broke through!

Ooommmm!

A dazzling golden beam of light also rushed out of Yang Luo's body!

This golden beam of light was majestic and vast, directly scattering the clouds in the sky!

Rumble rumble rumble!

The surrounding mountains shook even more violently!

Even the forest in the distance shook!

Waves also rippled in the river and lake!

At this moment.

In the distant Changbai Mountain scenic area.

“Oh my god, what’s that? Is it a rainbow?”

“These four beams of light seem to be coming from the mountain. Could it be a magical phenomenon?”

“It’s said that there are immortals living in the Changbai Mountains. Could it be the light emitted by immortals?”

“You must have read too many novels. There’s no such thing as an immortal!”

The tourists were alarmed and looked into the distance.

There were also many tourists who took out their phones to take photos and videos.

At this moment.

Deeper in the Changbai Mountains.

There were five caves halfway up the five mountains.

At this moment.

Five figures walked out of the cave.

It turned out to be five elderly figures.

Four old men and an old woman.

“What’s going on? Why is there such a huge commotion outside?”

A gray-robed old man frowned and asked.

“Could it be an earthquake?”

An old man in a yellow robe looked puzzled, “That’s not right. There don’t seem to be any earthquake occurrences in the Changbai Mountains!”

A black-robed old man narrowed his eyes and said, “Everyone, did you sense the aura?”

The other four sensed it and were surprised.
