

Super Leveling System Chapter 1 -

C1

"Senior Brother Lu, you're finally awake!"

In a rather dimly-lit room.

Lu Zixuan opened his eyes, and his head was in a daze, as he heard a burst of anxious shouts.

Senior brother? What senior brother?

"Senior Brother Lu, are you alright? Are you stupid after you were beaten by Su Yang? I am Zhang Heng. Do you remember?"

A fourteen-or-fifteen-year-old youngster was dressed in green, and anxiety could be seen on his face. He reached out his palm, touching Lu Zixuan's forehead.

"Zhang Heng? Su Yang?"

When he saw the palm Zhang Heng extended over and his dressing, his eyebrows knitted together.

"Damn, this is my hand?! What's going on?"

Lu Zixuan reached out his hand and grabbed Zhang Heng's arm. However, when his hand grabbed Zhang Heng's arm, he suddenly realized that something was wrong.

He was a strong young man in his twenties. When did his hands become so small and tender?

"Senior Brother Lu, Senior Brother Lu?"

Lu Zixuan was truly stunned this time. His eyes looked straight at his own palm, and then he slowly moved his gaze onto his own body. He turned a deaf ear to Zhang Heng's shout.

His palms shrank!

The same cyan clothes!

Moreover, his body had become smaller!

"This is me?!"

Lu Zixuan's head was in a daze, as he anxiously took the bronze mirror on the table, and looked at his own reflection, a fourteen-or-fifteen-year-old handsome young man, and said blankly.

"Could it be that he has transmigrated to the ancient times?"

Lu Zixuan put down the mirror and touched his own face. After an entire minute, he finally regained his senses, his eyes flashing with excitement, and even his breath became short.

Transmigration, this was transmigration!

He clearly remembered that he had been playing an all-nighter game, so how did he transmigrate?

Was he dreaming?

"I'm not dreaming!"

Lu Zixuan pinched his arm and couldn't help but gasp due to the pain, but he became even more excited.

"I've transmigrated! I've actually transmigrated!"

In his previous life, he had been a nobody leading a mediocre life, but now that he had crossed over to another time, he must fight for hegemony in all of the world and enjoy the company of beauties!

He must have the best food, drink the best wine, and sleep with the most beautiful women!

When he thought about those novels on transmigration he had read in his previous life, Lu Zixuan felt as if his entire body was boiling. The figures of beauties flashed in his mind, and then, all of them surrounded him, wearing low-cut palace clothes, revealing their thighs!

"Senior Brother Lu, are you alright? Su Yang hit you this time, and I thought you wouldn't wake up! Senior Brother Lu, that Su Yang has Steward Li as his support, so we can't afford to offend him. We should just endure it. After all, life is more important."

When Zhang Heng saw the smile on Lu Zixuan's face from time to time, he thought that Lu Zixuan was alright.

The moment he heaved a sigh of relief, he started talking nonstop to Lu Zixuan.

"Su Yang?"

Zhang Heng kept on chattering nonstop, causing Lu Zixuan to frown. He suddenly felt that in his brain, there were pieces of scattered memories that streaked past like meteors.

"God, you're playing with me!"

Lu Zixuan was attracted by the scattered memories and walked out of his fantasy to check the scattered memories.

As he looked through the memories, they slowly fused with his own, allowing him to understand more or less about the original owner of this body.

"Senior Brother Lu, what's wrong?"

But after fusing with the memories, Lu Zixuan suddenly let out a loud shout, which was extremely loud, with a tinge of misery and sorrow, and it scared Zhang Heng to the point that he jumped.

"Other people who transmigrate are either children of noble families or cultivating geniuses. Why am I just a loser whose natural talent in cultivation is the worst of all?"

Lu Zixuan's magnificent dream just now suddenly vanished into nothingness.

After his memory fused with the memories of the original owner of this body, he tragically discovered that he was a trash that almost could not cultivate!

Furthermore, he was bullied by others every day, so he didn't even dare to breathe loudly, let alone resist. What a wimp!

The world he currently resided in was known as the Martial God world. Compared to the Earth in his previous life, it was many times larger.

In the Martial God world, there were Cultivators everywhere. Those Cultivators were strong enough to split open space and destroy the heavens and the earth.

Here, strength ruled all. The ranks of Cultivators were divided into Martial Apprentice, Martial Warrior, Martial Master, Martial General, Martial Marshal, Martial Lord, Martial King, Martial Emperor, Martial Sovereign, Martial Monarch, Martial Saint, and the legendary Martial God!

Every rank was further divided into Nine Ranks!

But Lu Zixuan, the youngster whose body he occupied, was a disciple of chores in the Azure Yang Sect, and his aptitude in cultivation was extremely poor.

After cultivating for four or five years, he still had not become a Martial Apprentice, and he was only slightly stronger than an ordinary person.

But that Su Yang had already become a second-rank Martial Apprentice!

"Heavens, are you trying to mess with me? In my previous life, I was a loser and now, after I have finally transmigrated, even if I can't have a bunch of beauties, at least give me one or two.

Yet now, not only am I a piece of trash, I have even provoked a second-rank Martial Apprentice. Do you want me to die once more?"

Lu Zixuan was cursing in his heart. It was not easy for him to transmigrate here, and when he thought of the novels he had read in his previous life, his blood boiled.

However, what happened to him was nothing to be excited about. Not only had he become a good-for-nothing, but he had also offended an expert that seemed undefeatable to him.

A second-rank Martial Apprentice could crush him to death with a single finger.

"Senior Brother Lu, don't scare me. I really hope you will be fine. I'll look for something for you to eat first."

Zhang Heng was shocked by Lu Zixuan, and became extremely worried.

He saw that Lu Zixuan was extremely excited just a moment ago, but now he seemed as if he had nothing to live for, so Zhang Heng immediately said that.

"Sigh, will I continue to be muddleheaded and become a disciple of chores for the rest of my life?"

When Zhang Heng left, Lu Zixuan walked out of the room and sat on a stone outside. He looked at the vast mountains and sighed to himself.

The place he lived in was halfway up a mountain of Azure Yang Sect. This mountain was called Mount Yuhua.

Although the name sounded good, Lu Zixuan did not care about the name at all. Instead, he cared about his own identity!

A disciple of chores in the Azure Yang Sect, to put it in a nice way, could be considered a disciple. But in fact, he was just a servant.

It was just that compared to other servants in the secular world, the disciples of chores in the Azure Yang Sect had the chance to learn a few low-rank martial skill cultivation methods and the like.

If some disciples of chores performed well, they might even have a chance to become Inner Sect disciples or even core disciples.

But to Lu Zixuan, that kind of opportunity was no different from nothing.

"Buzz buzz."

Lu Zixuan sat on top of the rock and sighed. Suddenly, a fly flew around him randomly with a buzzing sound.

"Even a fly dare bully me. Go to hell!"

That fly hummed and danced wildly beside Lu Zixuan, causing Lu Zixuan's mood to become even more agitated, so he directly slapped it.

"If I can't even deal with you, I'd really rather die!"

That fly was slapped to the ground by Lu Zixuan. He muttered as he used more strength to stomp that fly to death.

"Ding!"

Just as Lu Zixuan stomped the fly to death, a sound that was as clear as silver bells suddenly rang out in his mind.

"Congratulations to host 'Lu Zixuan' for activating the upgrade system. Would you like to view the attributes?"

"Congratulations to host 'Lu Zixuan' for killing the fly. The number of Exchange Value you have obtained is 0, and the number of Genuine Qi is 0.01."

"Congratulations to host 'Lu Zixuan' for obtaining the Gale Slash. Do you wish to cultivate it?"

A string of hints sounded out in Lu Zixuan's mind, causing him to be a little dumbstruck.

The upgrade system?

Wasn't this something in the game?

Why did this thing appear in his mind? Could it be the Golden Finger mentioned in those novels?

Super Leveling System Chapter 2 -

C2

"Check the attributes!"

Thinking of this, Lu Zixuan's originally dejected mood instantly became high-spirited, and he immediately chose to check the attributes.

Host: Lu Zixuan

Level: None

Genuine Qi: 0.01

Martial Skills: Gale Slash (Not Cultivated) First Grade Human Level, Able to be upgraded.

Cultivation methods: Azure Yang Arts (abridged), First Grade Human Level, cannot be upgraded (needs to be repaired fully before it can be upgraded!)

Exchange Value: 0

Note: Host can acquire Genuine Qi Points and Exchange Value through slaughter, cultivation, and so on.

Note: Exchange Value can exchange for upgrading treasures, cultivation methods, pills, etc.

A series of attributes appeared in Lu Zixuan's mind, causing his ecstasy to surge like a volcanic eruption. He burst out laughing, "What's a golden finger? This is it!"

"Kylin Fruit, Dragon Slaughtering God Slaying Sabre Technique, Eight Steps Wandering Dragon Movement Technique, Sea Breaking Palm, Great Firmament Golden Pill, Demonic Emperor Scripture, Divine Beast Blood Lineage."

The joy on his face grew even more obvious as he opened up what the Exchange Value could exchange for.

In the Martial God world, there were seven levels of cultivation methods and martial skills: Divine, Saint, Heaven, Earth, Profound, Yellow and Human. Each level contained Nine Grades.

And the existence of Divine Level in the Martial God world could already be considered to be a legendary existence.

It was in the upgrade system!

Everything!

However, those things required a lot of Exchange Value. Even pills of the lowest level required thousands or even tens of thousands points of Exchange Value.

"Holy sh * t, I'm going to be be rich! Although the Exchange Value that is needed to exchange for items is bullsh * tty, these are all the details!"

"Trash? In the future, who would dare call me trash? Killing a fly would allow one to obtain a Genuine Qi Point. Although it is very few, no matter how small the mosquitoes, no, the flies are, they are still lives!

What if he killed other animals, or even Demonic Beasts?

Furthermore, that Exchange Value is able to exchange for countless of good things. If he can exchange for cultivation methods, then he will be powerful!"

The more Lu Zixuan thought about it, the more excited he became. He was very familiar with this system, because the games he played in his previous life mostly had similar systems.

Killing monsters to upgrade and obtaining treasures, weren't those the most familiar thing in the game?

What's wrong with being a trash? He had the upgrade system, so why would he be afraid of anyone!?

"Learn the Gale Slash!"

Lu Zixuan laughed as he recited the Gale Slash martial skill.

"Ding!"

"Congratulations to host 'Lu Zixuan' for learning Gale Slash, Proficiency 1/100. Host can exchange for Proficiency through the Exchange Value!"

"Although it's a first grade Human Level martial skill, its might is not bad. It's far from something that the basic fist and palm skills that I cultivated previously can compare to."

After learning the Gale Slash, the smile on Lu Zixuan's face became even wider.

"Senior Brother Lu, eat something now."

Zhang Heng returned with the food.

"Junior brother Zhang, what's wrong?"

Lu Zixuan, who had obtained the upgrade system, was in a great mood. After receiving the food, he started to eat it crazily. Suddenly, he noticed that Zhang Heng's expression was a little ugly, so he stopped what he was doing.

In his fused memories, Zhang Heng was a very honest and gentle person. Like the original owner of this body, he was also a target to be bullied.

However, Zhang Heng was the kind of person who would submit to orders. Furthermore, he had always been very optimistic, never showing this kind of expression before.

"Senior Brother Lu, when I was looking for food, I met Steward Li. He said that if you didn't wake up, he would directly throw you out of the sect. If you wake up, you must immediately go and complete the mission. If we cannot complete our missions of this month, he will dismiss both of us."

Zhang Heng was hesitant, but he stammered in front of Lu Zixuan.

"Damn, this Steward Li is as evil as that Su Yang. I'll definitely let them have a 'good' time."

Lu Zixuan's expression instantly darkened, and he gritted his teeth as he spoke.

The original owner of this body had already been lying on the bed for half a month after being injured by Su Yang. But for Zhang Heng's tender care, Lu Zixuan could not have transmigrated and taken this body.

And that Su Yang and Steward Li were birds of the same feather. If it wasn't for Steward Li's protection, Su Yang wouldn't dare to make such a heavy move against him.

Now, Steward Li actually didn't care about his life and death, and still wanted him to complete the mission. Even Zhang Heng had been implicated.

As a disciple of chores, he had a fixed mission every month. If he couldn't complete them, his pills would be deducted, and he might even be expelled from the sect.

Because Zhang Heng had been taking care of Lu Zixuan for the past half month, he had also delayed his own mission. If they did not complete their missions, the two of them would have to leave the Azure Yang Sect.

"Senior Brother Lu, don't worry. You just woke up, and you need to recuperate properly. I will think of a way to complete your mission."

Furthermore, your mission this month is the same as mine, so I can just complete them together and go catch twenty Wire Snakes."

Seeing Lu Zixuan's gloomy expression, Zhang Heng immediately said, afraid that Lu Zixuan would be so angry that he would become moody again and lose his sanity.

"Ding!"

"Congratulations to host 'Lu Zixuan' for activating the Wire Snake mission."

"Content of mission: Capture twenty Wire Snakes within eight days and hand them over to Steward Li of the Azure Yang Sect. Completing the mission, and you will be rewarded with 500 Exchange Value, 1 Genuine Qi pill, and 300 Genuine Qi!"

Note: Wire Snakes like to live in cold places, mostly in the depth of cold caves, or by the cold pond.

Note: Wire Snakes are social animals. They are very dangerous to Martial Apprentices below the first level!

Lu Zixuan's gloomy face suddenly revealed a sneer at the system's notification sound.

Activate the mission!

There were so many rewards?

Killing a fly was only rewarded with 0.01 point of Genuine Qi and 0 point of Exchange Value, but now, with just a mission, he could receive so many rewards. How many flies would he have to kill in order to get so many rewards?!

"Let's go and capture the Wire Snakes together!"

The Wire Snakes were just ordinary wild beasts, and they could not be considered Demonic Beasts, but their strength was not something an ordinary person could deal with.

This kind of mission was still quite troublesome for Cultivators like Lu Zixuan and Zhang Heng.

Furthermore, Wire Snakes were hard to find. They could already be considered lucky even if they caught five Wire Snakes in one month, let alone twenty.

However, when the upgrade system sent him the mission, it also notified him where the Wire Snakes usually dwelled, which immediately reduced the difficulty of this mission by several times!

Other people might not know the living conditions of the Wire Snakes, but he did!

Just twenty Wire Snakes?

He would just go and get them!

He could also upgrade.

Su Yang? Steward Li? You just wait!

In the Martial God World, Azure Yang Sect could not be considered a great sect, and Azure Yang Sect was to those great sects what a firefly was to a bright moon.

However, the area that the Azure Yang Sect occupied was not small either. Excluding the hundreds of small and large towns around the Azure Yang Sect, just the range of the Azure Yang Sect Mountain alone was dozens of kilometers.

Lu Zixuan brought Zhang Heng away from the Mount Yuhua, and entered the mountain forest which was connected to the Mount Yuhua. After arriving here, he began to search for small animals such as cockroaches and mice.

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing the mouse. You have obtained two points of Exchange Value and one Genuine Qi! Gale Slash Proficiency plus 1!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing the wild rabbit. You have obtained 4 points of Exchange Value and 2 points for killing the Genuine Qi! Gale Slash Proficiency plus 0!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing the sparrow. You have obtained 0 point of Exchange Value and 2 points of Genuine Qi! Gale Slash Proficiency plus 1!"

The system's beeps of notification continuously resounded in his mind as Lu Zixuan fell into a frenzy of killing, ecstatic and overjoyed amidst the system beeps.

Upgrade!

Upgrade!

The reason why Lu Zixuan killed those cockroaches and rats was very simple. He wanted to upgrade!

The current him had just obtained the Upgrade System. Although he had this extremely powerful System, with his current strength, he was not strong enough to deal with those Wire Snakes.

Therefore, he naturally chose these small animals that weren't very aggressive. He would first let his strength increase, and then go find those Wire Snakes to complete the mission.

Super Leveling System Chapter 3 -

C3

"Senior Brother Lu, our mission is to find Wire Snakes. Killing these things is useless."

Zhang Heng had been following behind Lu Zixuan the entire time. He saw Lu Zixuan frantically searching for small roaches and mice, and the moment he saw one, he would rush forward with shining eyes. Zhang Heng could not figure out the reason.

After a long time, he finally couldn't help but speak.

"Ding!"

"Congratulations to host 'Lu Zixuan' for upgrading to the first-rank Martial Apprentice!"

At this time, Lu Zixuan, who had just killed a mouse, suddenly felt the Genuine Qi in his body increase. A layer of weak Genuine Qi flowed through his body, causing him to laugh out loud.

He quickly activated his attributes and checked them.

Host: Lu Zixuan

Rank: First-Rank Martial Apprentice

Genuine Qi: 100 points

Skill: Gale Slash, first grade of Human Level, upgradeable. Proficiency: 46/100

cultivation methods: Azure Yang Arts (abridged), first grade of Human Level, cannot be upgraded (needs to be repaired fully before it can be upgraded!)

Exchange Value: 198 points

Activated mission (search for Wire Snakes): 0/20

Time remaining: seven and a half days

"Junior brother Zhang Heng, let's go and find the Wire Snakes!"

Lu Zixuan laughed out loud. Within half a day, he had become a first-rank Martial Apprentice. Who could compare to him with such speed of cultivation?

With the strength of a first-rank Martial Apprentice, wouldn't those Wire Snakes be easy to capture?!

Damn Su Yang, did he thought that a second-rank Martial Apprentice was very awesome?

"When I train for half a day more, I'll beat you up!"

"Martial...Martial Apprentice!"

Zhang Heng looked at the hazy Genuine Qi that was floating above Lu Zixuan's body. His eyes were wide open as he stared at Lu Zixuan in disbelief, as if he had seen a ghost.

"Calm down, isn't that just a first-rank Martial Apprentice? Follow me, I'll take care of you!"

Lu Zixuan laughed, his face full of pride.

"Senior Brother Lu, are you sure this place is where the Wire Snakes are?"

Deep within the mountain, Lu Zixuan brought Zhang Heng into a cave.

The cave was deep and it was dim. After entering, they found that the temperature immediately dropped by quite a bit, and cold Qi came out from the cave.

"It must be here! Follow me, and we'll definitely be able to complete the mission later!"

Lu Zixuan said confidently. In the dim cave, his eyes were shiny and black. The Genuine Qi in his body was slowly flowing along his meridians.

"Hiss, hiss~"

The cave was deep, and Lu Zixuan and the rest continued to walk down. After about five minutes, they arrived in a karst cave.

"Gale Slash!"

The moment they entered the karst cave, Lu Zixuan heard a hissing sound. The Genuine Qi in his body was covered by his palm and it slashed out.

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing a Wire Snake. The reward is 10 points of Exchange Value and 5 points of Genuine Qi! Gale Slash Proficiency plus 1!"

The familiar system beep appeared when Lu Zixuan's palm struck the Wire Snake.

"Heh heh, after killing a Wire Snake, the points of Exchange Value and Genuine Qi that I have obtained have indeed increased by a lot. There must be other Wire Snakes here. Let's continue to kill them!"

Lu Zixuan's mouth was wide open, his heart filled with unspeakable excitement.

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing a Wire Snake. The reward is 8 points of Exchange Value and 5 points of Genuine Qi! Gale Slash Proficiency plus 1!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for upgrading to the second-rank Martial Apprentice!"

"I'm a second-rank Martial Apprentice. Haha, this upgrade system is really awesome. This karst cave is not small, so there should be other Wire Snakes. I want to continue to improve my strength!"

Cold Qi was emitted, causing the temperature in the karst cave to be very low. However, Lu Zixuan did not care, as he was searching for the Wire Snakes, then killing them to improve his own strength.

In less than a day, Lu Zixuan's strength broke through once again, and he became a second-rank Martial Apprentice, which made him let out a loud laugh.

"Senior Brother Lu, we have killed too many Wire Snakes. Our mission is completed, so when are we going back?"

The number of Wire Snakes killed had long since exceeded the number that the mission had required.

The cold Qi here caused a layer of frost to form on Zhang Heng's eyebrows. He trembled as he said this, not knowing that Lu Zixuan had already become a second-rank Martial Apprentice.

"Junior Brother Zhang Heng, wait for me outside. I need to cultivate here for a period of time."

Lu Zixuan turned around and glanced at Zhang Heng. Zhang Heng's cultivation talent was incredibly mediocre, and he had not reached the Martial Apprentice level yet. If he continued to stay here, there might be danger for him.

"Senior Brother Lu, be careful. I'll wait for you outside."

After Zhang Heng heard it, he started to put the corpses of Wire Snakes on his body. He took as many of them as he could and immediately left the cave. He could not endure the cold Qi in this place anymore!

"Strength! Continue to improve my strength. I want to stomp that Su Yang and that Steward Li below my feet."

After Zhang Heng left, Lu Zixuan continued to look for Wire Snakes and began a new round of slaughter.

"Ding!"

"Congratulations to host 'Lu Zixuan', for reaching 100 of Gale Slash proficiency. Do you want to choose to upgrade it? It requires 200 points of Exchange Value to upgrade!"

The number of Wire Snakes in the cave was beyond Lu Zixuan's imagination. The system's beeps almost drowned him, and with these system beeps, his strength was quickly increasing.

"Upgrade!"

Hearing that the Gale Slash could be upgraded, Lu Zixuan took a look at his attributes. His Exchange Value had already increased to 500 points after the massacre. He directly chose to upgrade.

"Congratulations to host 'Lu Zixuan'. Your Gale Slash have been upgraded to the second grade of Human Level. Under the activation of the Genuine Qi, you can condense a single Wind Blade to attack from the outside within a distance of one meter! One attack will cost 50 Genuine Qi Points!"

Note: As the Proficiency is upgraded, the range of attack from the outside will increase, and the number of Wind Blade will also increase.

"Swish!"

Lu Zixuan's palm slashed out like a blade, and at the same time that it slashed out, a Wind Blade shot out from his palm like a short knife, slicing open the air with a crisp sound.

"After the Gale Slash is upgraded, its power is indeed a lot stronger. It's a pity that requires a lot of Genuine Qi to be used outside of the body, so I can't use it as I please."

The Wind Blade slashed onto the stone wall of the cave, leaving an ugly cut on the stone wall, causing Lu Zixuan to be very satisfied.

"With the upgraded Gale Slash, my strength will increase even faster. I will continue to kill, and improve my strength!"

Lu Zixuan's eyes lit up, as he was constantly looking for Wire Snakes, in order to improve his own strength.

"Lu Zixuan!"

The karst cave was not small. Lu Zixuan was looking for Wire Snakes here, immersing himself in the excitement of improving his strength.

Suddenly, a few people walked out from the depths of the karst cave. Those people were surrounded by the cold Qi and their faces could not be seen clearly.

But when those figures walked over, they saw Lu Zixuan, who was killing the Wire Snakes. The person leading the group shouted sinisterly.

"Damn, it's that Su Yang!"

Hearing that stern voice, Lu Zixuan also noticed the few people there. When he turned his head, despite the hazy cold Qi, he immediately recognized Su Yang.

"I didn't expect trash like you to still be alive and still come here to search for Wire Snakes. You want to complete the mission? Humph, good, last time I didn't have enough fun, and this time I'll let you have a taste of my skills!"

Lu Zixuan, why aren't you kneeling down obediently? As long as you obediently kneel down, I can let you leave this place alive. Otherwise..."

Su Yang and the others walked towards Lu Zixuan as the cold Qi around their bodies floated with their footsteps. Su Yang laughed and shouted as he walked.

Super Leveling System Chapter 4 -

C4

"Trash? Who the hell are you calling trash? Who do you think you are!"

The moment Lu Zixuan saw Su Yang, the killing intent in his heart could not be restrained and gushed out.

Now that he heard Su Yang's words, he bellowed and stomped his feet fiercely. Like a cannonball, he shot towards Su Yang.

"Gale Slash!"

In a flash, Lu Zixuan appeared in front of Su Yang. When Lu Zixuan saw Su Yang's pupils suddenly shrink, the corner of his mouth raised into a sneer. His palm chopped down, and a Wind Blade shot out with a whoosh.

Gale Slash, attack from the outside!

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing Su Yang. The reward is 45 points of Exchange Value and 20 points of Genuine Qi! Gale Slash Proficiency plus 3!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for obtaining the special martial skill 'Rage Killing'. Activating the Rage Killing will allow you to increase your attack power by 1% and your attack speed by 1%."

Note: Rage Killing is a special martial skill, it can be upgraded, and its Proficiency can be increased, but after the state of Rage Killing dissipates, the host will enter a state of weakness.

"Rage Killing? This kind of special martial skill is comparable to the berserk mode in games in my previous life!"

The system's notification caused Lu Zixuan to completely focus his attention on the Rage Killing, and did not notice Su Yang, who had already turned into a corpse.

You actually dared to kill Senior Brother Su! Senior Brother Su worked for Steward Li. Trash, just wait for your death!"

Just then did the rest of the people realized that Su Yang was killed. They pointed at Lu Zixuan and said, their eyes trembling as they spoke.

The trash that they had bullied back then had actually killed Su Yang with a single strike?!

What the hell!

"Do you think you can still live? Die!"

Lu Zixuan's face revealed a dark and cold smile.

"Trash, you still want to kill us? If you kill us, Steward Li won't let you off!"

Those people said, but before they could finish, their voices suddenly stopped.

"So what if I kill all of you? Even if that Steward Li doesn't come looking for me, I would go looking for him."

Lu Zixuan looked at their corpses and snorted.

Previously, the owner of this body didn't dare to resist after being bullied by others. Now that he had taken over, he couldn't repeat the same mistake again.

If there must be a bully, he would be the one bullying others!

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing Li Zhi. You have obtained 38 points of Exchange Value and 20 points of Genuine Qi! Gale Slash Proficiency plus 2!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing Zhao Gang. The reward is 51 points of Exchange Value and 25 points of Genuine Qi! Gale Slash Proficiency plus 1!"

"Ding!"

Host: Lu Zixuan

Rank: Second-rank Martial Apprentice

Genuine Qi: 310 points

Martial Skill: Gale Slash, second-rank of Human Level, upgradeable. Proficiency: 20/200

Cultivation methods: Azure Yang Arts (abridged), first-rank of Human Level, cannot be upgraded (needs to be repaired fully before it can be upgraded!)

Exchange Value: 639

[Special martial skill: Rage Killing, Proficiency: 3/100, Able to be upgraded]

Activating the Rage Killing would increase one's attack power by 3% and attack speed by 3%.

"They are all Cultivators of the Martial Apprentice level. After killing them, the amount of Exchange Value and Genuine Qi Point I have obtained far surpasses those of the Wire Snakes."

After Lu Zixuan killed these people, he checked his attributes. Seeing that the Genuine Qi Point had already reached 310 points, his eyes lit up.

According to his estimation, once the Genuine Qi Point reached 400, he would be able to become a Third-Rank Martial Apprentice.

"There really is something good!"

Lu Zixuan was not in a hurry to upgrade. After using the Rage Killing, he fell into a certain state of weakness.

The moment the weakness was gone, he went beside the corpses of Su Yang and the rest. He found a few pills from their bodies.

"Eh, what is this thing?!"

After finding a few bottles of pills from those people, Lu Zixuan came beside Su Yang's corpse. He found a palm-sized wooden box in Su Yang's bosom.

"So cold!"

The wooden box was about the size of a palm, but when it was opened, a wave of bone-chilling cold Qi instantly emanated from it. A layer of thin ice covered Lu Zixuan's hands, and he couldn't help but shout in surprise.

"Ding!"

"Host, would you like to appraise this item? Identification requires 200 points of Exchange Value!"

The system's notification appeared again, causing Lu Zixuan to unconsciously click on the attributes window and look at the Exchange Value column.

"Even though it costs 200 points of Exchange Value to appraise once, it also means that this item is not simple. Appraise!"

Lu Zixuan clenched his teeth and said. After choosing to appraise, his Exchange Value immediately decreased by 200 points, leaving behind only 439 points.

"Ding!"

"Congratulations to host 'Lu Zixuan' for obtaining the Heart of Ice. After fusing it with your body, you can improve your immunity to Cold-Qi-related cultivation methods, martial skills, and the like. Attacks can be accompanied by Cold Qi, increasing the attack power."

"Ding!"

"Congratulations to host 'Lu Zixuan' for obtaining the Heart of Ice. Would you like to fuse it? Fusion requires 800 points of Exchange Value."

"Host 'Lu Zixuan', your Exchange Value does not meet the requirements and you cannot complete the fusion."

After the 200 points of Exchange Value were reduced, the system notification sounded once again.

"Holy shit, Heart of Ice?"

"After fusion, it can actually increase the immunity to Cold-Qi-related cultivation methods, martial skills, and the like. And when I attack others, my attack can be accompanied by Cold Qi?"

It's very similar to the improvement on weapons in the game!"

Lu Zixuan could not help but curse, but after looking at the amount of Exchange Value required, he smacked his lips, "Compared to upgrading the Gale Slash, this is much more expensive. But once the fusion is completed, there will also be much more benefits. I must fuse it!"

"Merging the Heart of Ice by myself would require me at least half a month, or even a month. I might as well just fuse it with the system!"

I must kill more! Now that my strength has improved, I can go find those Demonic Beasts with strength similar to third level Martial Apprentices or so. Once the Exchange Value is enough, I will immediately fuse with the Heart of Ice."

Lu Zixuan placed the Heart of Ice back into the wooden box and spoke with a passionate gaze. He no longer searched for Wire Snakes here, but turned around and left, intending to find some Demonic Beasts!

"Senior Brother Lu, when are we going back?!"

Zhang Heng was waiting for him outside the cave. With Wire Snakes hanging on his body, he looked like a monster from afar.

When he saw Lu Zixuan coming out from the cave, he immediately shouted.

"Go back and give these Wire Snakes to Steward Li. I still need to stay here for a while."

Lu Zixuan looked at Zhang Heng and said.

Zhang Heng's strength was too weak. If he continued to follow him, Lu Zixuan would probably not be able to take care of him, and his rate at which he improved his strength would also be affected.

"Alright, I will wait for you on the mountain. Senior Brother Lu, you must come back soon."

Now that this month's mission was completed, Zhang Heng cheerfully nodded and said. With several tens of Wire Snakes hanging on his body, he unsteadily returned to the Mount Yuhua.

"Hehe, the Demonic Beasts are waiting for me. I'm going to start a massacre!"

After separating with Zhang Heng, Lu Zixuan started laughing loudly. Thinking of how all the beauties would enter his arms, his passion for improving his strength by searching for Demonic Beasts was even more so.

Super Leveling System Chapter 5 -

C5

"Kill! Kill! Kill!"

Lu Zixuan travelled through the forest, and the distance between him and the Mount Yuhua became further and further. As he went deeper, the wild beasts he met started to slowly disappear, and the ones that appeared were the Demonic Beasts.

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing a Wind Wolf. You have received 39 points of Exchange Value and 20 points of Genuine Qi! Gale Slash Proficiency plus 5!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for upgrading to a third-level Martial Apprentice!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing Yellow Marten. You have received 41 points of Exchange Value and 19 points of Genuine Qi! Gale Slash Proficiency plus 2!"

The system beeps kept appearing during Lu Zixuan's crazy slaughter. Every time it appeared, Lu Zixuan could feel himself improving, and he immersed himself in it, enjoying the thrill of power.

"The beauties of the Martial God World, you are about to undress for me!"

As a loser in his previous life, he didn't want to continue leading that kind of life anymore, so he wanted to realize everything that he could only dream of in his previous life.

"The Exchange Value is already over 790 and it will soon meet the requirements of fusion with the Heart of Ice. I'll continue to kill them tomorrow."

After killing for an entire day, Lu Zixuan was also somewhat tired. Seeing that the sky was already dark, he found a cave and fell asleep.

"Find carefully. We can't let her escape. If she escapes back to the sect, then we will be in big trouble."

Within the forest, the sky had completely darkened, and there was only a crescent moon that hung in the sky, scattering strands of silver light.

An anxious voice suddenly rang out in the forest. Three silhouettes could be seen shuttling back and forth, searching for something.

"Big brother, don't worry. She was heavily injured and even got hit by our Aroma Dispersing Fragrance. She must be nearby."

A skinny Cultivator who looked like a monkey said casually.

"Yes, Shou Hou is right. Zhao Jing'er will definitely not run far from here. That little beauty is normally so arrogant, and she has never given us a proper look. This time, we must let her know how powerful we are!"

Another man said with a lewd smile.

"Who is it!"

Inside the cave, Lu Zixuan had killed Demonic Beasts for an entire day. Even though his strength had been constantly increasing, the moment he rested, he immediately felt his fatigue surge in like the tide, causing him to quickly fall asleep.

In his dream, he saw a bunch of beautiful ladies in gauze and palace tunics, revealing their long legs, pouncing towards him.

He had already taken off half of his pants when a sword was suddenly placed on his neck. The icy cold blade caused him to wake up from his fantastic dream.

"Shut up. Don't say anything. If you keep talking, I'll kill you!"

When Lu Zixuan woke up from his dream, he heard a voice speaking to him.

"Oh my god, they are so big!"

That sound was very close to him. When he opened his eyes, he saw a beautiful woman, whose clothes were tattered, faintly revealing the snow-white color of her skin. She was currently tightly leaning on his body.

"Shut up, or I'll kill you!"

Zhao Jing'er's beautiful eyes were filled with anger, and she said in a low voice, telling Lu Zixuan to shut up.

She was so embarrassed that her face flushed red from Lu Zixuan's gaze. If it was not for the fact that Lu Zixuan was wearing the clothes of a disciple of the Azure Yang Sect, she would have made her move a long time ago.

"I won't say a word. I promise. I was just curious and wanted to take a look. I really wasn't thinking about anything."

Lu Zixuan anxiously waved his hands, but he did not have any intention to move his gaze away, and he sighed in his heart.

Who was a beauty? She was!

Zhao Jing'er was so beautiful, especially when her snow-white skin was faintly discernable under her tattered clothes. She was many times prettier than Sola Aoi that Lu Zixuan saw in his previous life.

Only idiots would waste such a good opportunity of watching such a beauty. He took a good look at her before retracting his gaze unwillingly.

"If you keep looking at me like that, I'll really kill you!"

Under Lu Zixuan's blazing gaze, Zhao Jing'er felt her body heating up, she pressed the sword on Lu Zixuan's neck, leaving a trail of blood.

"Hey beauty, I didn't tear your clothes, and I didn't do anything to you. I was just sleeping here, so why do you want to hit me or kill me? Who did I offend?"

Although it seemed that the beauty did not really want to kill him, Lu Zixuan did not dare to use his life as a joke, and he hastily explained.

As he said that, the Genuine Qi in his body slowly entered his palm, and he planned to use the Gale Slash to escape from Zhao Jing'er's sword when she was off guard.

"Crash!"

But before he even moved, Zhao Jing'er's body suddenly became soft and fell towards him without any warning. Her long sword also fell to the ground with a crash.

"Holy shit, beauty, it's not proper if you take the initiative, right? Could it be that you were intentionally putting on an act?"

Lu Zixuan subconsciously reached out his hands, and Zhao Jing'er bumped into him.

He was caught off guard! There was no way to dodge her!

But!

That feeling...

Mm, it was very good!

"I will kill you!"

Zhao Jing'er's body was powerless, and the Aroma Dispersing Fragrance spread throughout her body, causing her to be unable to muster up any strength, let alone the Genuine Qi.

She felt Lu Zixuan's embrace and she said with overflowing killing intent. She wanted to struggle out of Lu Zixuan's arms but she couldn't do anything.

On the contrary, they were even closer.

"Beauty, are you trying to say the opposite so as to attract my attention? Well, congratulations. You have succeeded!"

Lu Zixuan laughed. He did not mind teasing Zhao Jing'er a little more.

She dared to use the sword to scare him?

How could he not tease her?

Humph!

"Scram!"

In Zhao Jing'er's eyes, Lu Zixuan was already a pervert. Hearing his teasing, she roared furiously.

"She's here! She's here!"

Zhao Jing'er's angry roar seemed to have used all of her strength. A burst of laughter sounded from outside the cave.

"Haha, Zhao Jing'er, let's see where you can run this time? Today, we'll let you know how powerful the three of us are.

Little beauty, let us brothers love you tenderly! Although our cultivation aptitude is not as good as yours, but in that aspect, we will definitely satisfy you."

Outside the cave, a burst of loud laughter came from afar and quickly approached, causing Zhao Jing'er in the cave to immediately pale in comparison. Her eyes became blank.

"Kill me! Quickly kill me! I cannot fall into their hands! I beg you, kill me now!"

As the loud laughter kept getting closer and closer, Zhao Jing'er's body trembled and her face was full of panic.

She suddenly looked towards Lu Zixuan, as if she had seen her lifesaver, and begged.

Although Lu Zixuan kept on provoking her, he didn't really do anything to her.

But, if she were to fall into the hands of those three people outside...

Things wouldn't be so simple.

When Zhao Jing'er thought about that horribly painful result, her hair almost stood on end, and she begged Lu Zixuan to kill her immediately.

Super Leveling System Chapter 6 -

C6

"Kill you?"

Lu Zixuan was startled, but soon after, his mouth formed a playful smile, and looking at the determined Zhao Jing'er, as he sighed in his heart.

This girl was pretty stubborn, but he liked it!

"Quickly, kill me. I don't want to be in their hands."

Seeing that Lu Zixuan did not make a move, Zhao Jing'er continued to plead, and the panic in her eyes became more and more obvious.

"Brat, get out of my way. You are merely a third-rank Martial Apprentice, and you want to be a hero and save the beauty? Haha, you overestimate yourself!"

When the three walked into the cave and saw Lu Zixuan, the leader of the three laughed out loud and said with disdain.

"Drip, drip~"

Zhao Jing'er was still in Lu Zixuan's embrace, trembling as she watched the three people walk in. When she thought about how her body would be tainted and played by those three people one by one once she fell into their hands, the tears in her eyes uncontrollably flowed down.

She wanted to pick up the sword on the ground and end her life by herself, but now that she had been struck by the Aroma Dispersing Fragrance, it was incredibly difficult for her to move even a finger.

"Damn it, I'm in big trouble this time!"

The appearance of those three people caused Lu Zixuan to feel stressed out.

He was only a third-rank Martial Apprentice, but there were two Fourth-Rank Martial Apprentices and one Fifth-Rank Martial Apprentice.

Even if he used the Rage Killing, he wouldn't have any chance.

"F * ck, I'm just sleeping here. Is this the so-called unforeseen disaster?"

However, Lu Zixuan still protected Zhao Jing'er behind him.

"Boss, let me kill this brat first, so that he won't disturb our mood later."

The Cultivator called Shou Hou sneered. His palm turned into a claw and grabbed towards Lu Zixuan.

"Ding!"

"Congratulations to host 'Lu Zixuan' for completing the Wire Snake mission. The reward is 500 points of Exchange Value and 300 points of Genuine Qi.

"Ding!"

"Congratulations to host 'Lu Zixuan' for obtaining the Genuine Qi Pill. After consuming the Genuine Qi Pill, you will receive an additional 1000 Genuine Qi Points. Do you want to consume it?"

"Ding!"

"Congratulations to host 'Lu Zixuan' for upgrading to a Fourth-Rank Martial Apprentice!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for obtaining enough Exchange Value for fulfilling the condition of fusing with the Heart of Ice. Do you wish to fuse with it?"

Shou Hou's palm was striking towards him, and right at this moment, system beeps sounded out in his mind, causing Lu Zixuan's face to reveal an expression of wild joy.

"Consume it!"

"Fuse!"

Although he didn't know why Zhang Heng had handed the Wire Snakes over to Steward Li in the middle of the night, the mission had been completed, and now Lu Zixuan couldn't care less.

Hearing the system beeps, he let out a loud laugh and directly chose to consume the Genuine Qi Pill and fuse with the Heart of Ice.

"Ding!"

"Congratulations to host 'Lu Zixuan' for upgrading to the fifth-rank Martial Apprentice!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for fusing with the Heart of Ice and improving your immunity to the Cold-Qi-related cultivation methods, martial skills and the like. Attacks can be accompanied by cold Qi, increasing the attack power!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for fusing with the Heart of Ice. The Genuine Qi has transformed into the Ice Genuine Qi, increasing its attack power!"

"Get lost? I think it's you guys who should get lost! I hate people like you the most! Gale Slash, kill them!"

Lu Zixuan sneered. Seeing Shou Hou that was attacking him, he struck out with his palm and released a Wind Blade that was wrapped in cold Qi. With a swoosh, it chopped at Shou Hou's palm.

"Puchi!"

When the Wind Blade slashed down, Shou Hou's palm was ruthlessly split apart, and finally the Wind Blade came out from his chest.

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing Shou Hou. You have received 79 points of Exchange Value and 40 points of Genuine Qi. Gale Slash Proficiency plus 5!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing Shou Hou. The Rage Killing Proficiency plus 2, its attack power will be increased by 5%, and its attack speed will be increased by 5%."

With one strike, he killed Shou Hou, a fourth-rank Martial Apprentice, causing the other two people's pupils to shrink.

Expert?

He was an expert!

"Senior brother, if you like her, we'll give her to you and we'll leave now. Otherwise, don't blame us for getting nasty and destroying you even at the cost of our own lives!"

The leading man was somewhat fearful of Lu Zixuan, but he supposed that, if the two of them were to join hands, even if they were no match for Lu Zixuan, they should still be able to leave.

"Destroy me? That will depend on whether you have the ability to do so!"

Lu Zixuan snorted coldly. He took a step forward, and then appeared in front of the two, as if he had turned into an afterimage.

The Rage Killing was activated!

Gale Slash, attacking from the outside!

When he arrived in front of the two of them, Lu Zixuan hacked out four times in a row. At the cost of consuming 200 Genuine Qi Points, he directly condensed four Wind Blades.

"Puff! Puff! Puff! Puff!"

Four Wind Blades flashed and disappeared, leaving behind afterimages in the eyes of the two people. Soon after, they heard the sound of blood spurting out from their bodies.

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing Xue Tao. You have received 80 points of Exchange Value and 50 points of Genuine Qi. Gale Slash Proficiency plus 5!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing Xue Tao. Rage Killing Proficiency plus 2, its attack power will be increased by 7%, and its attack speed will be increased by 7%."

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing Qian Nie. You have received 75 points of Exchange Value and 43 points of Genuine Qi. Gale Slash Proficiency plus 5!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing Qian Nie. Rage Killing Proficiency plus 2, its attack power will be increased by 9%, and its attack speed will be increased by 9%."

"Even you two dare to kill me?"

Lu Zixuan said with disdain. He placed all the things on the three people into his own pocket, and even obtained a martial skill manual from one of them.

"Ding!"

"Congratulations to host 'Lu Zixuan' for obtaining the movement martial skill Phantom Step. Would you like to cultivate it directly? The cultivation costs 200 points of Exchange Value!"

When Lu Zixuan took out that Martial Skill, the system notification sounded out once again.

"Cultivate!"

Originally, there were still a lot of Exchange Value on his body. Moreover, after killing Shou Hou and the other two, he also obtained quite a lot of Exchange Value.

Without any hesitation, he directly chose to cultivate.

"Ding!"

"Congratulations to host 'Lu Zixuan' for learning the movement martial skill Phantom Step, Proficiency 1/100. Host can upgrade the Proficiency through Exchange Value!"

"Exchange all my Exchange Value for Proficiency!"

After spending 200 points of Exchange Value, Lu Zixuan clenched his teeth, and spent all of his remaining Exchange Value onto the Phantom Step, allowing its proficiency to improve.

"Congratulations to host 'Lu Zixuan'. Phantom Step Proficiency plus 1!"

"Congratulations to host 'Lu Zixuan'. Phantom Step Proficiency plus 1!"

"Now that I finally have my movement technique, I don't need to rampage anymore!"

After spending all of his Exchange Value, the Proficiency of Phantom Step reached 49/100.

Although he had used up all his Exchange Value, Lu Zixuan, who was familiar with all sorts of games in his previous life, knew the importance of movement technique!

This was a necessity for murder, smuggling and traveling!

With the Phantom Step, when he fought in the future, there would be no need for him to rampage. The odds of death would be reduced, and even fleeing would be much faster.

Super Leveling System Chapter 7 -

C7

"Thank you for saving me!"

Lu Zixuan had easily killed those three people, causing the powerless Zhao Jing'er to be dumbstruck.

Wasn't he just a Third-Rank Martial Apprentice?

How come he suddenly became a fifth-rank Martial Apprentice and killed those three people so easily?

Could he have been hiding his strength?

Zhao Jing'er looked at Lu Zixuan. She could not understand how his strength had suddenly increased by so much.

"Beauty, didn't you want to kill me just now? Yet, you actually said thank you?"

Lu Zixuan could not help but tease her.

Although he was feeling rather weak because he had activated the Rage Killing just now, the series of system beeps had made him feel extremely refreshed.

"You!"

Zhao Jing'er was stifled, her beautiful eyes staring straight at Lu Zixuan, and her expression ice cold.

If Lu Zixuan had not protected her just now and killed the three of them, she would definitely have ignored him.

"Ice Cold Beauty? It seems like conquering such a beauty will give me a greater sense of accomplishment!"

Lu Zixuan chuckled, and then secretly said to himself.

His gaze stopped at Zhao Jing'er's breast and he couldn't help but think of those exciting movies he had watched in his previous life and gulp down a mouthful of saliva.

"Pfft!"

Just as he was about to continue watching, Zhao Jing'er suddenly spat out a mouthful of blood.

"Hmm? What's the matter with you?"

"What the f * ck!"

"Since when can watching cause someone to spit blood?"

After seeing this, Lu Zixuan stopped teasing her, and anxiously said, as he went to Zhao Jing'er's side.

"It's none of your business. Go away!"

Normally, who would use such a gaze to look at her?

When Zhao Jing'er thought of Lu Zixuan's fearless gaze, her heart flared up.

"Beauty, are you sure you want me to leave? You're really poisoned, tsk tsk. If you don't get rid of the poison quickly, the aftermath will be severe indeed. Maybe your Genuine Qi will really dissipate completely."

Zhao Jing'er's clothes were tattered and half of her back was exposed.

On Zhao Jing'er's back, there was a five-inch-long wound. That wound was pitch-black, like a stain.

It affected her beauty!

He could not allow such a beautiful woman to have such an ugly stain!

He had to get rid of it!

"Beauty, I'll help you clean up the poison!"

As he thought about the bottles of pills he had found on those people, one of which seemed to be used to remove the Aroma Dispersing Fragrance, Lu Zixuan's eyes lit up as he spoke generously.

"No need, go away!"

Zhao Jing'er immediately rejected him, she had already been infected by the Aroma Dispersing Fragrance, and now, angered by Lu Zixuan, she actually fainted.

"Saving lives is more important. Senior Sister Zhao, sorry for offending you!"

Lu Zixuan frowned, then crushed a pill in his hand, rubbed it with his palms, and slowly reached towards Zhao Jing'er's back.

"I have to spread the pill. Mm, I can't let Senior Sister Zhao have any lingering effect of the poison!"

Lu Zixuan said with a serious face as his hand carefully rubbed on Zhao Jing'er's back.

But he did not play at it. He urged the Genuine Qi, and carefully smeared the pill.

"Ding!"

"Congratulations to host 'Lu Zixuan' for comprehending the Dragon Claw Hands. Do you wish to cultivate it?"

Note: Dragon Claw Hands, a cultivation method at the Ninth Grade of Yellow Level, upgradeable, can increase Proficiency. The host can activate Genuine Qi to condense Genuine Qi Dragon Claw Hands, and attack from the outside.

Just as Lu Zixuan was feeling intoxicated, no, just as he was carefully applying the pill with a serious face, he was shocked by the sudden system beep.

"Holy shit, even that is possible?!"

Could it be that the so-called "good people have good rewards"?

"Cultivate! I must cultivate it!"

Without hesitation, Lu Zixuan immediately chose to cultivate, afraid that this was a joke of the system.

"Ding!"

"Congratulations to host 'Lu Zixuan' for learning Dragon Claw Hands, Proficiency 1/9000. Host can improve Proficiency through the Exchange Value!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for learning the Dragon Claw Hands. After the activation of the Genuine Qi, you can condense dragon claws to attack from the outside within a distance of ten meters! One attack will cost one thousand Genuine Qi Points."

Note: As the Proficiency is upgraded, the range of attack from the outside will increase, and the attack power of the Dragon Claw will also increase.

"This is real! Oh my god, a martial skill at the Ninth Grade of Yellow Level, this is a big move. I can even upgrade it!"

Lu Zixuan laughed out loud. Rubbing the back of a beautiful woman could lead him to comprehend the Dragon Claw Hands at the Ninth Grade of Yellow Level?

If he rubbed other parts...

Wouldn't that be even better?

"Is that enough? Take your hands away!"

Just as Lu Zixuan was fantasizing about rubbing other parts of her body, Zhao Jing'er had already woken up.

Feeling Lu Zixuan's palms moving behind her back, she said with an ice-cold expression.

A wave of Genuine Qi appeared, shaking Lu Zixuan's palms on her back away.

"Ahem, Senior Sister Zhao, are you awake?"

"Do you feel better?"

Seeing that Zhao Jing'er had woken up and even recovered her Genuine Qi, Lu Zixuan cleared his throat and said.

"Don't tell anyone about this, or I'll kill you!"

Zhao Jing'er looked at Lu Zixuan hatefully. The poison from the Aroma Dispersing Fragrance had already been removed, allowing her to recover some of her Genuine Qi. She then left the place immediately.

"Such a stubborn personality, but I like it!"

"In the future, I must make her one of my harem!"

After Zhao Jing'er left, Lu Zixuan muttered.

If it was in his previous life, he wouldn't even dare to think about having such a woman, but in this life, if he didn't conquer a few of them, would he be able to live up to such an amazing system?

"My strength has already reached the fifth-rank Martial Apprentice. I will rest for a while and return tomorrow morning. That damnable Steward Li has suppressed me for so long, and I must take care of him!"

Lu Zixuan said hatefully as he thought of Steward Li.

For a gentleman, it was not late even he took revenge ten years later?

That was for a gentleman. He would take revenge as soon as possible. Now that he had enough strength, he must teach that old fellow a lesson!

"Junior brother Zhang Heng, how is your cultivation progress?"

The next morning.

Lu Zixuan had long returned to the Mount Yuhua from the forest. He came to Zhang Heng's residence and shouted.

"Hmm? Why is he not here?"

The emptiness of the room made Lu Zixuan frown. He suddenly had a bad feeling.

"Senior Brother Lu, you're back? Junior brother Zhang Heng was captured by Steward Li, and was even hung on a tree. Steward Li said that he wanted to hang him to death."

A disciple of chores that lived nearby said carefully after hearing Lu Zixuan's shout.

"Steward Li?"

"Old dog, you are f * cking courting death!"

"If I don't kill you, I won't be surnamed Lu!"

The only person who could be considered a friend of his in the Martial God world was Zhang Heng.

When he heard that Zhang Heng was taken away by Steward Li, Lu Zixuan was furious!

He didn't care about what others did, but they couldn't do anything to his friends!

Lu Zixuan said with killing intent, then he turned and walked towards the courtyard of Steward Li.

"Old dog Li, get the hell out here!"

"Damn it, are you courting death?"

Lu Zixuan came to the front of Steward Li's courtyard and shouted loudly. His voice was loud and caused all of the nearby disciples to stick their heads out.

Super Leveling System Chapter 8 -

C8

Damn, what was going on?

That trash Lu Zixuan actually dared to call Steward Li like that. Was he tired of living?

The disciples looked at Lu Zixuan as if he had gone mad.

They all knew that Lu Zixuan had been bullied by Steward Li a lot. At that time, Lu Zixuan basically did not dare to resist.

But now?

He actually dared to shout here, and he even dared to call him old dog Li!

"Lu Zixuan, you trash, have you been so bold? How dare you make a ruckus here, lie down and get lost!"

A Cultivator came out from the courtyard, looked at Lu Zixuan with his head held high, and shouted loudly. His arms were crossed in front of his chest and his face was full of disdain.

"Pah!"

Pah!! The haughty Cultivator was slapped to the ground by Lu Zixuan.

"Get lost? I think you should be the one to get lost!"

Lu Zixuan's eyes were gloomy and cold, filled with killing intent, as he said coldly.

"You, you actually dare to hit me?!"

The Cultivator was stunned from the slap. He pointed at Lu Zixuan and said, gritting his teeth in fury.

"You dog, so what if I hit you? Get out of my way!"

With a kick, he sent the Cultivator flying more than ten meters away.

"Clang!"

After kicking the Cultivator away, Lu Zixuan kicked the gate of the courtyard open and walked in with large strides.

"That piece of trash came in? Cripple him and get him out of here!"

The courtyard where Steward Li lived in was very big, and was where all the chores in the entire Mount Yuhua were handled. Not only was Steward Li living here, there were also quite a few other Cultivators.

Someone said.

"Pah!"

Lu Zixuan immediately slapped on his face, causing the disciple to faint on the spot.

Damn, these people had all bullied him before, and now he must deal with them together!

"Trash, don't you want to live anymore? You actually dare to attack us?"

"Pah!"

Another slap flew out, causing the another Cultivator to shut up.

Lu Zixuan strode towards the direction of Steward Li, and all of the Cultivators he passed by were slapped unconscious by him.

How many ordinary people could resist the Gale Slash?

Even if he did not use the Genuine Qi, he could still easily take them down, one slap for each!

"Old dog Li, put Junior Brother Zhang down!"

Numerous Cultivators were flipped over by Lu Zixuan before he came to the place where Steward Li was. Seeing the dying Zhang Heng who was hung on a tree, he said those words with a darkened face.

"Senior Brother Lu, quickly leave!"

Zhang Heng, who was hung on a tree, said dispiritedly with a face full of anxiety when he saw Lu Zixuan.

"He's just like an old dog. Don't worry, Junior Brother Zhang."

Lu Zixuan said.

"Lu Zixuan, you dared to intrude into this place, and injured fellow disciples. Do you still remember the rules of the sect?"

"You practiced fraud during your mission, and now you're injuring your peers. Humph, come here and receive your punishment!"

"Tie him up for me and hang him on a tree as well!"

Steward Li's gaze was cold as he spoke sinisterly.

"Rules? You dog, you think you have the right to tell me about the rules?!"

The Genuine Qi in Lu Zixuan's body churned as he spoke with a sinister and cold gaze.

Rules?

"When you bullied me, did you think of the rules?"

"When you deducted my monthly pills, did you think of the rules?"

"When Su Yang attacked me, did you think of the rules?"

"Now!"

"You're actually telling me the rules?!"

"Pah!"

"Pah!"

With two slaps, he sent the two people who wanted to tie him up flying away directly.

"Trash, you still dare to resist? Then I'll let you know what rules are!"

Steward Li was dressed in green robes, and his face darkened. He reached out his hands, and like sharp eagle claws, they swept up a gale and descended towards Lu Zixuan's head.

"Kill!"

Seeing Steward Li make his move, Lu Zixuan snorted.

A mere old fifth-rank Martial Apprentice dared to make a move in front of him and tell him about the rules?

Fine, he would explain to him Lu Zixuan's rules!

"Ah~"

Gale Slash, attack from the outside!

The Wind Blade flashed past, and with a miserable scream, Steward Li, who had pounced towards Lu Zixuan, actually retreated in a sorry state, with his palms covered with blood.

"No way! Steward Li is a fifth-rank Martial Apprentice, and just now he even used Eagle Claw, but he was actually defeated by that crippled Lu Zixuan'?"

"When did he become so powerful?"

All of the Cultivators who were attracted over were dumbstruck. The image of Lu Zixuan in their hearts immediately changed tremendously.

"Old man, let me explain my rules to you!"

He stepped out with the Phantom Step and directly appeared in front of Steward Li. Using the Gale Slash once again, he created a series of palm images.

"Pah!"

"Pah! Pah!"

"Pah! Pah! Pah!"

The slapping sound was heard as Lu Zixuan continuously slapped Steward Li on his face.

"Old man, this is my rule. Die!"

Lu Zixuan said coldly, as he wanted to kill Steward Li.

"Who dares to violate the rules of the sect? Surrender right away!"

At this time, over ten Cultivators rushed over from afar. All of them had identity tokens of disciplinary disciples on their waists, causing Lu Zixuan to focus his gaze.

"Lu Zixuan, the disciplinary disciples are already here. I want to see how you will kill me now. Just you wait. I'll make you wish you were never born. The Steward Wang will definitely kill you!"

Seeing the arrival of the disciplinary disciples, Steward Li said with a cold expression.

He was actually injured by a piece of trash?

His killing intent boiled in his heart, and he swore to kill Lu Zixuan.

"Is that so? You think you still have a chance? Old man, go to hell!"

The Wind Blade flew out and with a puff sound, it pierced through Steward Li's chest.

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing Steward Li. You have received 115 points of Exchange Value, and 60 points of Genuine Qi. Gale Slash Proficiency plus 3!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing Steward Li. Phantom Step Proficiency plus 3!"

Hearing the system beeps, Lu Zixuan felt the anger in his heart dissipating, which made him feel extremely comfortable.

"Junior Brother Zhang, hurry and consume the pills!"

Lu Zixuan put Zhang Heng down from the tree and took out a few pills. Then, he turned to look at the disciplinary disciples who had rushed over.

"It's you!"

The disciplinary disciples rushed over, among whom Zhao Jing'er looked at Lu Zixuan and said while clenching her teeth.

Zhao Jing'er still vividly remembered what had happened in the cave. Thinking about it, she could still feel as if a pair of large hands were moving wantonly around her chest.

"Zhao Jing'er?!"

Lu Zixuan was startled. He did not expect her to be a disciplinary disciple, not to mention the head of those disciplinary disciples.

"Arrest him! Cripple his cultivation and he will be waiting for his punishment!"

Steward Li's corpse was still lying on the side. Zhao Jing'er shouted out angrily.

"Senior Sister Zhao, you haven't even asked who's right and who's wrong, and you're going to cripple my cultivation. Is this how you disciplinary disciples deal with your job? In my opinion, you guys are a group of evil gangsters!"

She actually wanted to cripple his cultivation?

F * ck, if he didn't save her, she would've been raped long ago.

Lu Zixuan sneered, his expression dark and cold. His eyes made Zhao Jing'er's heart tremble, as a trace of fear actually emerged within her heart.

"Lu Zixuan, you killed Steward Li. It's the truth. Do you still want to deny it?"

That momentary fear caused her brows to furrow.

"Deny? This bastard should be killed!"

"Have you guys ever punished him when he bullied the disciples of chores?"

"Have you guys ever punished him when he seriously injured Junior Brother Zhang Heng and frame him?"

"Have you guys ever punished him when he deducted disciples' pills?"

Lu Zixuan said word by word. With every word said, he drew a step closer, causing Zhao Jing'er to feel a wave of pressure pouncing over and her chest to move up and down.

"Since you haven't punished him, then I will. At the very least, I won't be as useless as you!"

These words were like sharp blades that fiercely pierced into Zhao Jing'er's heart, causing her breath to become short.

Super Leveling System Chapter 9 -

C9

"Right, that old fellow deserves to die. Damn it, he used to deduct my pills every month. If I had those pills, I might have already become an Inner Sect disciple."

"That old fellow deserved to die. Senior Brother Lu did a good job!"

"Incompetent, that old man should long be killed!"

The surrounding Cultivators were mostly disciples of chores, and there were quite a few that were bullied by Steward Li. If it were before, they wouldn't dare to say so.

But now that Steward Li was dead, and that what Lu Zixuan said had caused their blood to boil, they all shouted out, and some of them even ran to the corpse of Steward Li and stepped on it fiercely.

"Senior Sister Zhao, may I ask what did I do wrong?!"

Lu Zixuan had already approached Zhao Jing'er as he said this with a cold expression.

"Good! Very good!"

"Lu Zixuan, we will investigate this matter thoroughly. If anything you have said turns out wrong, just you wait!"

Zhao Jing'er's chest rose up and down. She glanced at Lu Zixuan and the rest of the disciples, then led her people and left.

"Chick, sooner or later I will let you know just how powerful I am!"

After the law enforcement disciples left, Li Zixuan said angrily in his heart.

"Senior Brother Lu, that Steward Li was one of Steward Wang's men. Now that he is dead, Steward Wang will definitely not let this matter rest."

Returning back to his residence, Zhang Heng let out a long sigh as he spoke with some guilt.

"Steward Wang?"

Lu Zixuan's brows tightened as he mulled over these two words. He suddenly remembered that Steward Li had also mentioned this before.

"Steward Wang is the manager of the Outer Sect and he is in charge of all the Outer Sect matters. He is even in charge of the Inner Sect Assessment in one month. If we have offended him, then it will be hard for us to become Inner Sect disciples."

Zhang Heng sighed once again.

"Ding!"

"Congratulations to host 'Lu Zixuan' for activating the mission for the Inner Sect Assessment."

"In the Inner Sect Assessment, you will be rewarded 5000 points of Exchange Value and 3000 Genuine Qi Points if you enter the top five."

"In the Inner Sect Assessment, if you enter the top three, you will be rewarded with 8,000 points of Exchange Value and 5,000 Genuine Qi Points."

"In the Inner Sect Assessment, if you become the winner, you will be rewarded with 8,000 points of Exchange Value, 5000 Genuine Qi Points, and a large gift pack."

"That old fellow had better not provoke me. If he provokes me, I'll let him know what color is blood!"

When the system beeps sounded out, Lu Zixuan's face revealed a cold smile.

So what if this Steward Wang was powerful?

However powerful he might be, could he be more powerful than the upgrade system?

When he became an Inner Sect disciple, he'll stomp on this Steward Wang however he wanted to!

"Upgrade. I will upgrade within a month. I want to become an Inner Sect disciple!"

Lu Zixuan said in his heart.

"Wind Rift Valley is a rather dangerous place nearby, but it is also a perfect place for cultivation. I should be able to raise my Gale Slash and Phantom Step here!"

In the valley, the wind whistled, causing Lu Zixuan's figure to sway a little.

Using both Gale Slash and Phantom Step, he cultivated in the violent wind, in order to continue improving his own strength.

"Ding!"

"Congratulations to host 'Lu Zixuan'. Gale Slash Proficiency plus 1!"

"Ding!"

"Congratulations to host 'Lu Zixuan'. Phantom Step Proficiency plus 0!"

His Gale Slash Proficiency was upgrading!

His Phantom Step Proficiency was also upgrading!

The system beeps rang in Lu Zixuan's mind. The Proficiency of his Gale Slash and Phantom Step was quickly increasing.

"The deeper I go into the Wind Rift Valley, the stronger the gales are and the more Demonic Beasts there are. I need to go deeper so as to increase my strength even more quickly."

In less than a day's time, the Proficiency of his Gale Slash and Phantom Step had increased by more than 50 points.

Lu Zixuan was no longer satisfied with the periphery of the Wind Rift Valley, and directly walked towards the depths.

"Ding!"

"Congratulations to host 'Lu Zixuan'. Gale Slash's Proficiency plus 2!"

"Ding!"

"Congratulations to host 'Lu Zixuan'. Phantom Step Proficiency plus 0!"

As he went deeper, the Proficiency increased more and more.

"Ding!"

"Congratulations to host 'Lu Zixuan'. The Gale Slash proficiency has reached 200. Do you want to upgrade the level of Gale Slash? It costs 400 points of Exchange Value to upgrade!"

"Ding!"

"Congratulations to host 'Lu Zixuan'. The Phantom Step proficiency has reached 100. Do you want to upgrade the level of Phantom Step? It costs 200 points of Exchange Value to upgrade!"

"Check the attributes!"

Host: Lu Zixuan

Rank: Fifth-rank Martial Apprentice

Genuine Qi: 1935 points. Ice Genuine Qi

Martial Skill: Gale Slash, second grade of Human Level, upgradeable. Proficiency: 200/200

Martial Skill: Dragon Claw Hands, Ninth Grade of Yellow Level, upgradeable, Proficiency: 1/9000

Movement Martial Skill: Phantom Step, first grade of Human Level, Proficiency: 100/100

Cultivation methods: Azure Yang Arts (abridged), first grade of Human Level, cannot be upgraded (needs to be repaired fully before it can be upgraded!)

Exchange Value: 10

Special martial skill: Rage Killing, Proficiency: 9/100, upgradeable

(Activating Rage Killing will increase the attack power by 9% and the attack speed by 9%)

Heart of Ice: Enhances the host's immunity to Cold-Qi-related cultivation methods, martial skills, etc. Attacks can be accompanied by Cold Qi, increasing the attack power!

"I've reached its limit so soon? But, I have no Exchange Value!"

Hearing the system beeps once again, Lu Zixuan had the urge to curse out loud.

Cultivating in the gale could indeed help him increase his Gale Slash and Phantom Step rapidly, but there was no Exchange Value rewarded!

"Eh, there's a Demonic Beast!"

Just when he was lacking in Exchange Value, a Demonic Beast walked out of the fierce wind, causing Lu Zixuan's eyes to suddenly light up.

His figure flashed, leaving behind several afterimages as he charged towards the Demonic Beast.

Killing Demonic Beast could help him obtain Exchange Value!

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing a Gale Beast. The reward is 100 points of Exchange Value and 50 points of Genuine Qi!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for activating the Wind Rift Valley mission."

"Killing the Storm Lion. The mission duration is five days!"

"After the mission is completed, the host will receive 1,000 points of Exchange Value and 3,000 Genuine Qi Points!"

Note: Storm Lion is in the middle area of the Wind Rift Valley, and its strength is similar to that of a seventh-rank Martial Apprentice!

After the Demonic Beast was cut into two, Lu Zixuan's mind was refreshed.

Activate the mission?

The rewards were so generous?

He had to take it!

"Kill! Kill! Kill!"

Lu Zixuan continued to search for Demonic Beasts and kill them, in order to improve his strength.

That Storm Lion's strength was similar to that of a seventh-rank Martial Apprentice, and if he went over now, he would absolutely be sending himself to death!

"Ding!"

"Ding!"

"Ding!"

The system beeps continuously rang. As Lu Zixuan searched for Demonic Beasts, he slowly approached the depths of the Wind Rift Valley.

"Upgrade Gale Slash!"

After killing countless Demonic Beasts, he finally had enough Exchange Value. Lu Zixuan upgraded his Gale Slash first.

Super Leveling System Chapter 10 -

C10

In the Wind Rift Valley, there were a few disciples training there.

Lu Zixuan went on slaughtering as his strength rapidly increased.

He tried his best to avoid the disciples and search for a remote place.

"We've finally found you, trash!"

But the five Cultivators secretly followed up and stopped Lu Zixuan as they said that with a cold sneer.

"Damn, these people are sent by that old bastard Steward Wang?"

Lu Zixuan frowned and cursed.

"Brat, you dared to offend Steward Wang. I think you must be tired of living!"

One of them said with disdain.

"You bunch of dogs dare to bark in front of me? Die!"

Lu Zixuan executed Phantom Step, the Proficiency of which had reached its limit, and with a swoosh, it left a total of ten afterimages on the ground.

"Swish!"

With the attack of Gale Slash from the outside, two Wind Blades were instantly emitted, and caused two of them fell to the ground.

Blood sprayed wildly from his mouth, covering the ground with red. He was as completely dead.

"Damned thing, you dare to attack us? Kill him!"

The remaining three changed their expressions, and their eyes were filled with fierce light as they all pounced over Lu Zixuan.

"Motherf * cker, this fellow is actually a sixth-rank Martial Apprentice!"

The three of them were very strong, and one of them was even a sixth-rank Martial Apprentice, so Lu Zixuan couldn't help but cursed in a low voice.

"Trash, go to hell!"

Seeing Lu Zixuan being forced back, the three people started laughing coldly with overflowing killing intent.

The benefits they would get from getting rid of Lu Zixuan were huge!

"Die? You guys should be the ones to die!"

"Dragon Claw Hands!"

"Rage Killing!"

Lu Zixuan, who was forced to retreat, suddenly froze. He activated Rage Killing, and the aura around his body explosively increased by a large amount.

At the same time, his palms reached out and formed two half-meter-long Genuine Qi dragon claws.

"Puchi!"

The three people who had pounced at him were instantly crushed to pieces under the Dragon Claw Hands with added effect of the Rage Killing. The two Cultivators with strength of the fifth-rank Martial Apprentice had turned into bloody mist!

"Yellow...Yellow Level martial skill?!"

Seeing two cultivators be killed in one move, the remaining sixth-rank Martial Apprentice trembled all over.

"Now you know fear? Go to hell and wait for old dog Wang there!"

After he had used Rage Killing, Lu Zixuan would be weak, so he decided to end the battle quickly and spent another 1000 Genuine Qi Points to use Dragon Claw Hands once again.

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing Bai Xi. You have received 100 points of Exchange Value and 60 Genuine Qi Points. Rage Killing proficiency plus 1, increasing the attack power by 10% and the attack speed by 10%."

"Congratulations to host 'Lu Zixuan' for killing Bai Xi,. Dragon Claw Hands Proficiency plus 1!"

"Ding!"

"That Steward Wang is the head steward of the Outer Sect and his strength is much higher than Steward Li. Once my strength has increased, I will definitely teach him a lesson!"

How dare he send people kill him?

Old dog, just you wait!

"Upgrade Phantom Step!"

He killed those few people, checked the Exchange Value, and found that there were more than two hundred points already, and upgraded the Phantom Step as well.

"Continue to improve my strength!"

The Wind Rift Valley was extremely large. It stretched for over a hundred miles, and the deeper one went, the wilder the gale became. There were even more Demonic Beasts there, causing Lu Zixuan's strength to continuously increase.

"Ding!"

"Congratulations to host 'Lu Zixuan' for upgrading to the sixth-rank Martial Apprentice!"

"I have finally reached the sixth-rank Martial Apprentice. Storm Lion, get your ass out here right now!"

Two days later, Lu Zixuan's strength had reached the sixth-rank Martial Apprentice. He laughed loudly as he found the location of the Storm Lion and shouted.

"Junior brother, quickly leave. The strength of this Storm Lion has already reached the Seventh-Rank Martial Apprentice!"

Lu Zixuan laughed out loud. He turned around and saw a beautiful lady!

"Hey, beauty!"

Arriving here, he saw a beauty fighting with a Storm Lion. That beauty was merely a sixth-rank Martial Apprentice, and she was not its opponent at all.

The sudden appearance of a beautiful woman caused Lu Zixuan's eyes to light up.

Wow, she was at least 36D!

Make a move!

He had to make a move!

"Be careful, Senior Brother!"

The beautiful woman did not expect that not only did Lu Zixuan not leave, but he rushed forward instead, so she became extremely worried.

"What is gentleness? This is! That girl Zhao Jing'er is a tigress!"

Lu Zixuan sighed in his heart as he continued to use Gale Slash.

"Junior Sister, don't be afraid, Senior Brother is here!"

He did not forget to shout at the beauty.

"Roar!"

The upgraded Gale Slash was even more powerful. With one strike, it slashed out three Wind Blades, causing the Storm Lion to let out a furious roar.

"Bastard, what are you screaming for!"

A few Wind Blades went down, and on the face of the Storm Lion, fresh blood dripped, and a few sinister scars were left.

"Senior Brother, quickly dodge!"

The Storm Lion flew into a rage as it pounced towards the beauty beside it, causing her to almost faint from fright.

"Bastard, die!"

Lu Zixuan used the Dragon Claw Hands, and the dragon claw formed by the Genuine Qi directly crushed the Storm Lion that pounced over into smithereens. Fresh blood rained down from the sky.

Fresh blood rained down, causing his entire body to be drenched in blood.

"Ah!"

The beautiful lady ran over, but when she saw the bloodied Lu Zixuan, she suddenly fainted.

"Well..."

When Lu Zixuan looked at the unconscious beauty, the corner of his mouth twitched.

As a Cultivator, she actually fainted!

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing the Storm Lion. You have received 150 points of Exchange Value, 73 points of Genuine Qi. Gale Slash Proficiency plus 4, 2 Dragon Claw Hands Proficiency plus 2!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing the Storm Lion and completing the Wind Rift Valley mission. You have received 1,000 points of Exchange Value and 3,000 Genuine Qi Points!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for upgrading to the Seventh-Rank Martial Apprentice!"

"I have finally reached the Seventh Rank!"

After killing the Storm Lion, Lu Zixuan had not only completed his mission, but also broken through and become a Seventh-Rank Martial Apprentice.

"So huge, even bigger than that girl Zhao Jing'er!"

Lu Zixuan looked at the big-breasted girl on the ground, and his eyes sparkled as he compared her breasts with Zhao Jing'er's.

"It's a pity that she is too young. I need to wait for her to grow!"

The big-breasted girl on the ground was not old, but her breast was very impressive, causing Lu Zixuan to gulp down his saliva.

"Ah!"

Lu Zixuan looked at her, wondering if he should touch her. Right at this moment, the unconscious beauty woke up with a scream.

"Senior brother, you're not dead. Are you really still alive? Great!"

The moment the big-breasted girl woke up, she said excitedly as she hugged Lu Zixuan's arm tightly.

"Big breasts and no brains, but I like it!"

The big-breasted girl hugged Lu Zixuan's arm tightly, causing Lu Zixuan's mind to explode.

"Senior Brother, you're really too amazing! Is that Storm Lion dead?"

The big-breasted girl's attention was quickly focused on the Storm Lion.

"Eh, yes, it has been killed by me, your Senior Brother!"

Lu Zixuan said somewhat regretfully. He was not as attractive as an animal!

"Thank you, senior brother, for saving me. I am Bai Lingyue from the Pill Cauldron Peak. Which peak are you from, senior brother?"

Seeing the Storm Lion's corpse, Bai Lingyue heaved a sigh of relief.

"Ahem, I am Lu Zixuan from Mount Yuhua. You can call me Big Brother Lu."

The girl in front of him was in truly good shape, and she looked no less than Zhao Jing'er. He had to keep her in contact, and maybe, she could become one of his harem!
