

Super Leveling System Chapter 11 - 20

C11

"Big Brother Lu, wait for me. I'll collect the Blood Essence between its eyebrows first."

Bai Lingyue hurriedly came to the side of the Storm Lion's corpse and took out a drop of Blood Essence from between its brows.

"Lingyue, why did you come here alone? This place is very dangerous! "

Lu Zixuan said, as he was thinking about how to find opportunities to develop next.

"I am preparing for the Inner Sect Assessment. Big Brother Lu, can you help me find some medicinal herbs? I..."

Bai Lingyue said hesitantly.

She came here alone to find pills, but she wasn't strong enough to find one. She wanted Lu Zixuan to help her.

"Ding!"

"Congratulations to Host 'Lu Zixuan' for triggering the mission to find medicinal herbs."

"Help Bai Lingyue from Pill Cauldron Peak find medicinal herbs for refining pills. Completing the mission, you will be rewarded with 1300 points of Exchange Value and 3000 points of Genuine Qi!"

"Help Bai Lingyue from Pill Cauldron Peak look for medicinal herbs for refining pills. Completing the mission, you will be rewarded with a Basic Alchemy Skill!"

"Yes, of course!"

Lu Zixuan readily agreed.

With a beautiful lady by his side, he could develop his cultivation and even more so, he would be rewarded. This kind of thing, he had to be able to do it!

"Big Brother Lu, when are we leaving?"

Bai Lingyue's face was full of joy as she asked.

"Lingyue, you lead the way. let's go now."

Lu Zixuan nodded his head. Time was limited, so he had to quickly increase his strength, and at the very least, to shock the entire Inner Sect disciples in the Assessment!

"Wind Nether Flower!"

"Green God Grass!"

Under Lu Zixuan's help, the medicinal herbs were successfully found one after another.

His strength was also increasing explosively!

"Ding!"

"Congratulations to Host 'Lu Zixuan' for levelling up to the Eighth Rank!"

"Ding!"

"Congratulations to Host 'Lu Zixuan' for the proficiency of Gale Slash reaching 300. Would you like to raise the level of Gale Slash? To level up, it will cost 800 points of Exchange Value! "

"Ding!"

"Congratulations to Host 'Lu Zixuan' for the proficiency of Phantom Step reaching 200. Do you want to choose to raise the level of the Phantom Step? It will cost 400 points of Exchange Value to level up! "

"Upgrade!"

"Upgrade!"

Ten days later, Lu Zixuan became a Rank Eight Martial Apprentice and raised the levels of both Gale Slash and Phantom Step.

It allowed him to have even more confidence in the Inner Sect Assessment !

"Big Brother Lu, we still lack a Wind Spirit Vine. That Wind Spirit Vine should be in the deepest part of Wind Rift Valley."

Bai Lingyue said somewhat embarrassingly.

In the depths of Wind Rift Valley, the Demonic Beasts alive were extremely powerful. If they were to enter, the risk was very high.

"It's fine, let's go in. I'm also going to increase my strength."

Lu Zixuan was not afraid in the slightest as his strength increased to the Eighth Rank.

"Big Brother Lu, you are really great!"

Bai Lingyue worshiped him much, her face blushing red.

The relationship went another step further!

His cultivation plan seemed to be very successful!

Lu Zixuan secretly rejoiced in his heart.

This kind of beauty didn't even take a glimpse at him in his previous life, but now, she worshiped him so much!

"Wind Spirit Vine, I found it!"

As Lu Zixuan killed the Demonic Beasts along the way, the system beep kept on appearing and Bai Lingyue became more and more close with him.

A day later, they arrived at the depths of the Wind Rift Valley and saw a Wind Spirit Vine on a cliff.

"Big Brother Lu, let's go harvest the Wind Spirit Vine quickly. That Wind Spirit Vine is not something that ordinary herbs can compare to. Normally, there would be Demonic Beasts protecting it. "

Bai Lingyue anxiously said.

"Alright, wait here!"

Lu Zixuan nodded and walked towards the cliff in large strides.

"Squeak!"

However, before he could finish his sentence, a long cry rang out.

It couldn't be that smart, right?

This jinx mouth!

"Whole Gale Eagle!"

Bai Lingyue was also dumbstruck. Seeing the Whole Gale Eagle that was about five meters long swooping towards them with its wings spread open, her face was deathly pale.

"Damn it, a Rank Nine Whole Gale Eagle!"

Lu Zixuan's face did not look good either.

"Whoosh!"

The Whole Gale Eagle spread open its wings. As it flapped its wings, strong gales were created, and the surrounding large trees were all swept up.

"Run!"

Lu Zixuan shouted to the Bai Lingyue who had been scared witless. The Genuine Qi poured into his legs, pushing the Phantom Step to its limit.

"Swish!"

With flapping of Eagle's both wings, Wind Blades shot over with whooshing sounds, causing the air to emit explosive sounds.

Lu Zixuan carried Bai Lingyue and quickly dodged.

"The Gale Eagle is a flying Demonic Beast, so it's harder to deal with it than with normal Demonic Beasts, and its strength is at the peak of Ninth Rank; it's just a step away from becoming a warrior!"

The Wind Blades danced chaotically and slashed the ground. Lu Zixuan's face became gloomy.

This was the most tough Demonic Beast he had ever encountered in his life!

"You're still chasing? Lingyue, quickly leave! "

Carrying Bai Lingyue and running amongst the patch of Ancient Trees, he said.

The Whole Gale Eagle was extremely fast. If they wanted to dump it, there was no way they could!

"No, Big Brother Lu, I cannot leave you behind!"

Tears flickered in Bai Lingyue's eyes, as she refused to leave on her own.

"Listen to me, that beast can't kill me yet. Leave quickly, I will catch up very soon."

Lu Zixuan's heart softened. Aside from Zhang Heng, she was the first person concerning about him!

"Bastard, get over here!"

After letting Bai Lingyue leave, Lu Zixuan's Gale Slash slashed out several Wind Blades, while he turned around and rushed in the other direction, quickly attracting the Whole Gale Eagle's attention.

"Swish!"

Under the Gale Slash, the Whole Gale Eagle became even more furious, flapping its wings and releasing continuous Wind Blades too, destroying the Ancient Trees one by one and chasing after him.

"Dragon Claw Hands!"

The Phantom Step was unleashed to its limit, leaving behind a series of afterimages. Like ghosts, the afterimages shuttled back and forth between the Ancient Trees.

"Damn, its speed is too fast! Fortunately, my Phantom Step was upgraded. "

Using Dragon Claw Hands, he immediately lost 1000 Genuine Qi Point.

But the dragon claw formed by the Genuine Qi was dodged by the Whole Gale Eagle, causing Lu Zixuan to curse loudly.

"Swish!"

The Whole Gale Eagle chased closely, causing all the Ancient Trees to turn into dust.

"No way, I have to find a chance to kill it!"

On Lu Zixuan's body, numerous wounds were cut out by Wind Blades and he was bleeding. After being chased for two to three minutes, he gritted his teeth and spoke. Then he actually stopped.

"Squeak!"

Seeing Lu Zixuan stop, the Whole Gale Eagle's eyes lit up, and it let out a long cry as its sharp claws pierced through the air, grabbing towards Lu Zixuan's head.

"Bastard, go to hell!"

When the claws were reaching him, he didn't dodge at all. When the claws were less than a meter away from Lu Zixuan, Lu Zixuan suddenly roared.

"Rage Killing!"

"Dragon Claw Hands!"

"Gale Slash!"

At this moment, he was like a furious lion. He activated the Rage Killing, forming five dragon claws in a row, and blocked the Whole Gale Eagle's entire body!

Gale Slash, cut out eight Wind Blades!

His all-out attack had exhausted all of his Genuine Qi!

"Rumble!"

With a distance of one meter, five dragon claws and eight Wind Blades smashed onto the Whole Gale Eagle instantly. The berserk attack caused an explosion.

"Die, you must die!"

Lu Zixuan sat paralyzed on the ground. The effect of the Rage Killing had dissipated, causing him to sink into a weakened state without any strength.

"Ding!"

"Congratulations to Host 'Lu Zixuan' for killing the Whole Gale Eagle. The rewards are 190 points of Exchange Value, 95 points of Genuine Qi! Gale Slash Proficiency, plus 10! "

"Ding!"

"Congratulations to Host 'Lu Zixuan' for slaying the Whole Gale Eagle, Dragon Claw Hands Proficiency, plus 5!"

"Ding!"

"Congratulations to Host 'Lu Zixuan' for slaying the Whole Gale Eagle, Phantom Step Proficiency, plus 5!"

"Ding!"

"Congratulations to Host 'Lu Zixuan' for slaying the Whole Gale Eagle. Rage Killing Proficiency, plus 3; its attack power increased by 13% and its attack speed increased by 13%."

"Ding!"

"Congratulations to Host 'Lu Zixuan' for slaying the Whole Gale Eagle and obtaining the Sword Qi Storm. Do you wish to cultivate it?"

Super Leveling System Chapter 12 -

C12

"Sword Qi Storm?!"

"Holy shit, this martial skill pops out!"

"Cultivate!"

When the system beep appeared, Lu Zixuan heaved a sigh of relief, but when he heard the three words "Sword Qi Storm", he immediately stood up!

In his previous life, he was no stranger to the three words "Sword Qi Storm".

The Sword Qi Storm could only be described as overpowered!

"Ding!"

"Congratulations to Host 'Lu Zixuan' for learning Sword Qi Storm, Proficiency 0/9000. Host can exchange for Proficiency through the points of Exchange Value! "

Prompt: Sword Qi Storm, Grade Nine Martial Skill of Yellow Level. Under the activation of Genuine Qi, it could form Sword Qi Storm, which consumed 1000 to 5000 Genuine Qi Points in one go (The larger the Sword Qi Storm, the more Genuine Qi Points it consumed).

Prompt: As the Proficiency levels up, its power will increase, and the Sword Qi Storm will enlarge.

"Damn, it's another Grade Nine Martial Skill of Yellow Level !"

After choosing to learn, Lu Zixuan shouted loudly in excitement.

In his previous life, when he was playing a game, he knew about the power of Sword Qi Storm. He couldn't imagine now he learned it!

Awesome!

This was truly awesome!

With a sword in hand, the world is mine!

"Right, the Wind Spirit Vine!"

The weakness brought about by the Rage Killing gradually disappeared. He took a look at the shattered corpse of the Whole Gale Eagle, then went to the cliff and picked the Wind Spirit Vine.

"Lingyue!"

Bringing the Wind Spirit Vine, Lu Zixuan found Bai Lingyue.

"Big Brother Lu, purr..."

Seeing that Lu Zixuan was still alive, Bai Lingyue cried and threw herself at him.

"Don't cry anymore. See what this is?"

Looking at the Bai Lingyue in his arms, Lu Zixuan didn't have any other thoughts under the circumstances.

"Wind Spirit Vine?!"

"Big Brother Lu, you killed the Whole Gale Eagle?!"

Bai Lingyue was shocked, she never thought that Lu Zixuan would actually obtain the Wind Spirit Vine!

"Haha, it's just a feathered animal. What does it count as? Take it to refine medicine!"

Lu Zixuan laughed.

"Big Brother Lu, thank you!"

"Mwah!"

With a Mwah sound, Bai Lingyue left a print of lips on Lu Zixuan's face.

"I ..."

Lu Zixuan's heart was overjoyed as he looked towards Bai Lingyue, wanting to continue. But when he wanted to take the initiative to kiss back, he discovered that Bai Lingyue had already run far away with a blush on her face.

"Ding!"

"Congratulations to Host 'Lu Zixuan' for completing the task of finding medicinal herbs."

"Congratulations to Host 'Lu Zixuan' for completing the mission. Rewards: 1,300 points of Exchange Value, 3,000 Genuine Qi points."

"Congratulations to Host 'Lu Zixuan' for completing the mission and obtaining the basic alchemy skill. Would you like to learn it?"

"Basic alchemy skill!"

"Learn!"

The mission was completed and adding the reward from killing the Whole Gale Eagle, Lu Zixuan was ecstatic.

The gains were too great!

He could not wait to learn the basic alchemy skill!

"Ding!"

"Congratulations to Host 'Lu Zixuan' for learning alchemy. Proficiency: 1/100. Do you want to increase your Proficiency?"

Prompt: Basic Alchemy Skill, First Grade of Human Level, upgradeable. Host can use points of Exchange Value to increase Proficiency.

Prompt: Basic Alchemy Skill, able to refine Grade One Pills of Human Level.

"Genuine Qi Pill, Grade Three Pill of Yellow Level, unable to be refined!"

"Violent Spirit Pill, Grade Eight Pill of Human Level, unable to be refined!"

"Nine Yang Pill, Grade Eight Pill of Profound Level, unable to be refined!"

"..."

"Wait, Origin Returning Pill, Grade Six Pill of Human Level, can increase one's cultivation talent?!"

After learning the basic alchemy skill, Lu Zixuan opened up the system and looked at the pill recipes that were in the system.

When he saw the Origin Returning Pill, he stopped!

"Origin Returning Pill can increase cultivation talent. If it was refined and given to Junior Zhang, would he be able to cultivate?"

After seeing the use of the Origin Returning Pill, the first person he thought of was Zhang Heng.

He had the upgrade system, so he did not need the Origin Returning Pill to level up his talent.

But Zhang Heng did not, so the Origin Returning Pill was extremely important to him.

"Promote the Proficiency!"

He checked the Exchange Value and saw that there was quite several thousand left. Without hesitation, he began to exchange them.

"Ding!"

"Congratulations to Host 'Lu Zixuan' for his basic alchemy skill, Proficiency + 1!"

"Ding!"

"Congratulations to Host 'Lu Zixuan' for his basic alchemy skill, Proficiency + 5!"

"Ding!"

"Congratulations to Host 'Lu Zixuan' for his basic alchemy skill, Proficiency + 3!"

"Ding!"

"Congratulations to Host 'Lu Zixuan' for the basic alchemy Proficiency reaching 100. Would you like to level up your basic alchemy skill? It requires 200 points of Exchange Value to level up! "

"Upgrade!"

With the Exchange Value, the Proficiency for his basic alchemy skill increased rapidly. After reaching the maximum amount, Lu Zixuan immediately chose to upgrade.

"Ding!"

"Congratulations to Host 'Lu Zixuan' for his basic alchemy skill to be promoted to the second grade of Human Level, capable of refining Grade Two Pill of Human Level ! Proficiency: 1/200. Do you want to increase Proficiency? "

"Promote the Proficiency!"

"Ding!"

"Ding!"

"Ding!"

As the system beeped continuously, the quality of the basic alchemy skill and his Proficiency were increasing rapidly.

Of course, the points of Exchange Value were also quickly decreasing.

"Ding!"

"Congratulations to Host 'Lu Zixuan' for increasing his basic alchemy skill to the Sixth Grade of Human Level. Host can refine Grade Six Pill of Human Level! Proficiency: 1/600. Would you like to increase Proficiency? "

"I have finally reached the Sixth Grade of the Human Level!"

When his basic alchemy skill had reached the Sixth Grade of Human Level, Lu Zixuan heaved a long sigh of relief. Looking at the points of Exchange Value, he had only less than 100. It seemed like going back to square one.

"Okay, almost enough. When I return to the sect, I will go look for the medicinal herbs used to refine Origin Returning Pill. Before the Inner Sect Assessment, I should be able to refine them."

Lu Zixuan said in his heart.

"Big Brother Lu, should we return to sect?"

After a while, Bai Lingyue ran over and asked while blushing.

"Mm, alright. let's go back now."

The harvest this time was great, and the strength of Rank Eight Apprentice could definitely be considered one of the tops in the Inner Sect Assessment.

Coupled with the two trump cards--Dragon Claw Hands and Sword Qi Storm, Lu Zixuan was full of confidence.

Now that he had obtained the basic alchemy skill, he also wanted to return early to refine the Origin Returning Pill.

"Mm, when I go back, I will start refining pills. When I finish refining, I will send a few over to Big Brother Lu."

Bai Lingyue did not dare to look straight into Lu Zixuan's eyes. Once she thought about what happened before, her face would flush.

"Lingyue, let's go. On the way back, tell me about refining pills."

Lu Zixuan really wanted to kiss Bai Lingyue on her cheek.

"Big Brother Lu intends to learn alchemy?"

Bai Lingyue was shocked and asked in surprise.

The Alchemy depended on one's aptitude. In the entire Martial God World, the ratio of number of alchemists to that of Cultivators was definitely one to a hundred, or even one to a thousand.

The ratio of formidable alchemists was even one to a hundred thousand or one to a million.

"No, I just want to know it."

Lu Zixuan shook his head and said, as he left with Bai Lingyue.

On the way, Lu Zixuan didn't forget to kill a few Demonic Beasts, as he had accumulated points of Exchange Value. The recipe of that Origin Returning Pill required lots of them as well.

"Big Brother Lu, when you have time, you must come find me at Pill Cauldron Peak!"

Outside of the Wind Rift Valley, after Lu Zixuan and Bai Lingyue had come out, Bai spoke with somewhat unwillingness to part.

"Don't worry, I'll try my best to refine pills!"

Rubbing Bai Lingyue's hair, Lu Zixuan said somewhat dotingly.

"Goodbye, Big Brother Lu!"

The two of them parted. There were only less than ten days left until the Inner Sect Assessment. Bai Lingyue found enough medicinal herbs to go back for careful preparation.

Lu Zixuan, on the other hand, wanted to make the best use of his time to refine the Origin Returning Pill!

Super Leveling System Chapter 13 -

C13

"The points of Exchange Value is finally enough. Now, I'll go to the medicine shop on Green Stone Street and buy the herbs needed for refining the Origin Returning Pill."

Exchanged the Origin Returning Pill recipe.

With the recipe and the high enough grade for refining pills, the only thing missing was the herbs needed for refining the Origin Returning Pill.

After making up his mind, Lu Zixuan did not return to the Mount Yuhua, but instead came to the Green Stone Street where the Azure Yang Sect resided.

"Are you accepting these things?"

On both sides of the street, there were shops that sold pills, weapons, treasures, and so on.

Lu Zixuan directly went to a medicine store and placed a large bag on the counter with a "Bang" sound.

"Get out, you're just a disciple of chores. Is this a place that you can come to? Don't let your trash stain our place! "

Sun Chen recognized Lu Zixuan immediately. Recalling Steward Wang's instructions, he immediately spoke with disgust, picked up the big bag and was about to throw it out.

"Get out? I think you're tired of living. You dare to throw my things out? Open your bitchy eyes and see what's inside! "

"This is Azure Yang Sect's territory, the sect rules are clearly stated, and anything can be exchanged here by all disciples.

Don't tell me you want to violate sect rules? "

Lu Zixuan said with a cold smile.

Green Stone Street was also under the jurisdiction of the Steward Wang, but here, the Steward Wang wasn't considered as the highest administrator, so he couldn't have the sole authority.

Thus, Lu had no fear when he came here.

Moreover, he also wanted to find some misfortune for Steward Wang.

If Steward Wang was really unaccommodating, he would take this opportunity to teach him a lesson first!

"A disciple of chores, what good stuff can you have? I bet you're here to cause trouble. If you don't have any good stuff, don't blame me for beating you until you crawl out later!"

Sun Chen thought about the rules of the sect, resisted his anger, and opened the package. He thought to himself that if there were no good things inside, he would definitely beat Lu Zixuan up.

"The teeth of the Rank Seven Demonic Beast, Storm Lion?!"

"The eyeballs of the Rank Eight Demonic Beast, Jade-eyed Golden Toad?!"

"The claws of the Rank Nine Demonic Beast, the Whole Gale Eagle, and its blood?!"

"..."

"Impossible! How could you have obtained so many things?"

Opening the bag, Sun Chen looked at the contents inside and felt his head spinning.

A disciple of chores actually had so many things!

Although these things were nothing to the Inner Sect disciples, to the disciples of chores, this was simply impossible!

"You still want me to get out of here? Hurry up and change mine to Blood Ginseng, Seven Score Seeds and Three Leaf Flowers."

Lu Zixuan sneered and stated the medicinal herbs he needed.

"What? You actually want to exchange for medicinal herbs? "

"Haha, little servant, are you going to refine pills? In your next life! There's none of what you want to trade with me here! "

Sun Chen said angrily as he laughed loudly.

Did you think that obtaining these things was an incredible feat?

You even wanted to refine pills?

In your next life!

The items were not to be traded!

"Flap!"

A slap fiercely landed on Sun Chen's face.

"Damn it, I'll take it back if I have given you face!"

Lu Zixuan said coldly, as he flipped Sun Chen onto the ground who cried out miserably.

"Trash, you actually dare to hit me?!"

The slap on the face caused blood to flow.

Sun Chen's eyes revealed a murderous look.

"Hit you? It was you! "

"Flap!"

"Flap!"

The continuous slapping sounds made Sun Chen unable to resist at all.

"Stop!"

At this moment, an old man in his sixties or seventies walked out from inside. Although the old man was aged, his voice was loud and clear, and his eyes were like those of a falcon.

"Manager Qian, this trash is here to cause trouble. What he says is about refining pills? He's just a trash. If he wants to refine pills, what else can he be if not a troublemaker?"

"I told him to leave and he hit me!"

Sun Chen anxiously went forward and covered his bloody mouth as he said.

"Hehe, hit you? It was you! "

"I'm here to exchange my stuff for the medicinal herbs. You said you didn't have them on purpose, and now you're saying that I'm causing trouble? You want to die? "

Lu Zixuan sneered and once again raised his palm.

"Stop! How dare you hit the person from my medicine store!"

Elder Qian shouted angrily as he blocked the descending palm.

"So what? I hit the little one, then the old one is about to come out?"

Lu Zixuan said with an unfriendly expression, and a layer of Genuine Qi appeared on his palm.

"Old fellow, you want to make a move?"

Not bad; but I will kill you!

It is you who have violated the rules first, so even if I kill you, what can the sect do to me?"

"This is not the place for you to cause trouble! You want to refine a medicinal pill on your own? "

Manager Qian said disdainfully.

"Old man, mind your words. I am here to refine pills; what's wrong with that? "

Lu Zixuan opened his mouth and said coldly.

"Hehe, if you can refine pills, I'll give you a hundred of the things you want!"

Manager Qian laughed coldly, then said, "But if you can't refine any, then you are here to cause trouble. Don't blame me for making you scam!"

"Right, if you're unable to refine any, then you'll be slapped a hundred times before scamming!"

Sun Chen pretended to be mighty as the old man was present, his eyes full of disdain.

"You know how to refine pills?"

Do you think that alchemists are like cabbages everywhere?!"

"Did you say that? However, if I were to succeed, the two of you would also have to be slapped a hundred times and get out of here! "

Lu Zixuan sneered in his heart,

"Would I spend thousands of Exchange Value in vain?"

You look down on me, then I'll let you slap your own faces!"

"You don't believe me, do you? Today, I'll let you all take a look at how I refine pills. "

Lu Zixuan sneered.

You were the ones looking for a beating, then don't blame me for hitting the spot hard enough.

"What sort of medicinal pills are you trying to refine? Get him some medicinal herbs!"

Manager Qian's face was gloomy; he was somewhat wondering in his heart.

"Can he really refine pills?"

"What pill? En, whatever. Oh right, give me a pill formula."

Lu Zixuan said casually, looking extremely self-confident.

However, only he knew that he did not have any other pill formulas on him.

"Haha, any random pill recipe? I don't think you have any on you, right? Hmph, give him a pill formula. I'll watch him piss off later!"

Manager Qian laughed, put down his worries and became even more disdainful.

"You, a trash who doesn't even have a pill formula, dare to claim that you know how to refine pills?"

F * ck, just now when I saw that kid's confident look, I almost thought it was real!"

"Kid, this is a simple recipe of Small Revitalizing Pellet, a Grade Two Pill of Human Level. If it cannot be refined, hehe ..."

Sun Chen took out the pill formula and laughed.

"Do you want a beating?"

He took the pill formula in one go and raised his palm.

"You!"

Sun Chen's body trembled, and quickly hid behind Manager Qian.

"Hurry up and refine the pills. Don't think that you can stall for time. No one can save you today!"

The Manager Qian shouted in anger, waiting to embarrass and punish Lu Zixuan.

"Don't block the way. I'll pick the herbs first."

Lu Zixuan withdrew his palm. As if no one was around, he went to the medicine cabinet that was holding the herbs and immediately grabbed a handful of herbs.

"Kid, those wasn't the medicinal herbs used to refine the Small Revitalizing Pellet!"

Sun Chen shouted from the side.

Lu Zixuan did not even check and directly took a handful of medicinal herbs.

If he didn't take them, it would be a waste of the occasion!

Super Leveling System Chapter 14 -

C14

"Should I refine pills, or should you?"

One by one, the medicinal herbs were taken away without any intention of stopping.

Lu Zixuan asked.

"You!"

Sun Chen was so furious that he wanted to rush up and beat him up.

"Let him take. Let me see how he can refine it. A moment later, I will make him spit everything out! "

Manager Qian stretched out his hand to stop Sun Chen, his face full of malevolence.

"Hehe, it's a pity that you won't have the chance. Bring me to the alchemy lab."

After grabbing countless of medicinal herbs, Lu Zixuan finally stopped.

"This is the place. Hurry up and enter. Don't waste our time."

There was a alchemy lab in the courtyard behind the medicine store. After coming here, the Manager Qian opened his mouth and spoke, as the look of disdain on his face grew more and more.

"Acting!"

Continue acting!

I want to see how long you can keep pretending!"

"Just you wait!"

With that said, Lu Zixuan pushed open the door and walked in.

"Do you really think that I don't know how? It is just a Small Revitalizing Pellet. I will smash you both to death with it later! "

Looking at the pill furnace in the alchemy lab, he sat down.

"Without the Fire Control Formula, refining pills is a little difficult. Next time, when the points of Exchange Value will be enough, I must exchange it for a martial skill of fire control ."

He controlled the fire and threw the herbs into the furnace one by one.

Although this was his first time refining a pill, his pill refining levels that were realized by thousands of points of Exchange Value was a real knack.

As each herb was thrown into the furnace, he was extremely familiar with the process.

"Alright!"

The fire continued to change, and very quickly, the pill furnace started to exude a medicinal fragrance. Lu Zixuan's eyes lit up.

"Ding!"

"Congratulations to Host 'Lu Zixuan' for refining Small Revitalizing Pellets (eight) at the second grade of Human Level. The rewards are 153 Exchange Value points, 20 Genuine Qi points, and the pill refining skill Proficiency + 10!"

"I can get Exchange Value and Genuine Qi Points by refining pills? Damn, this is awesome!"

"Eight Small Revitalizing Pellets at the second grade of Human Level ? Hehe, not bad! "

Eight pigeon-egg-sized Small Revitalizing Pellets rolled out from the furnace. Lu Zixuan kept them with satisfaction.

The Small Revitalizing Pellet was a Grade Two Pill of Human Level, but it was extremely difficult for ordinary alchemists to successfully refine it at their first tries. Even if they succeeded, most of them would only be able to make a Grade One Pill of Human Level .

"Refine more. It's not easy to find a free pill furnace next time."

Lu Zixuan began refining once again.

In order to refine pills, one needed to use a furnace or a cauldron. He didn't have the money to buy them, so how could he waste this opportunity to use them for free?

Moreover, refining pills could also increase the points of Exchange Value and Genuine Qi!

"Nine pills? One more than last time. Continue! "

In the alchemy lab, Lu Zixuan started refining like a crazy man.

Each stalk of medicinal herb was turned into a medicinal pill. He was immersed in it, unable to extricate himself from it. System beeps were heard without end.

"It's too bad that I didn't get any more medicinal herbs just now!"

Quite a moment later, all of the herbs on him were used up, which made him feel like not getting enough.

"Old man, I'll smash you to death with pills later!"

Looking at the pills that were refined, a cold smile surfaced on Lu Zixuan's face.

"I don't know how to refine pills?

Today, I will broaden your horizons!"

"Why isn't that piece of trash over yet? Could it be that he wants to hide inside and not come out?"

Outside the alchemy lab, Sun Chen had been waiting impatiently.

"Hehe, he's just a piece of trash. Do you really think that he can refine pills?"

Manager Qian also had a cold smile on his face.

"Manager Qian is right. Even if it's refining a Grade Three Pill of Human Level, it should have ended long ago. From my view, that trash is no doubt here to cause trouble. I will definitely teach him a good lesson later! "

Sun Chen's eyes revealed a cold light as he let out a sneer.

"Brat, you dare to come here and cause trouble?"

I'll let you know how powerful I am later on. I shall return all those slaps to you.

No, I return them tenfold, or even hundredfold!"

"Hey, you two have been waiting here for a long time."

The door to the alchemy lab opened with a creak. Lu Zixuan had a smile on his face as his eyes rolled around on the two of them.

"Kid, what are you looking at?"

Manager Qian frowned and said coldly.

"Didn't Trash refine a pill? Come, I'll give you a hundred slaps!"

Sun Chen took a step forward and raised his palm as he prepared to slap him.

"Damn it, who said that I didn't manage to refine any? It depends on you that's which side of face will be slapped! "

"Flap!!" With a slap, Sun Chen took four or five steps back with blood flowing out of his mouth and nose.

"Brat, you dare hit me!"

Sun Chen, who had been stunned, covered his mouth and shouted.

He was just beaten up, and now he's even beaten up again?

"Refined pills? Hehe, kid, then take out the pills you refined. Otherwise, not only would I give you a hundred slaps, I would also want to pull out all your teeth."

The Manager Qian was burning with anger as he glared at Lu Zixuan. The Genuine Qi on his body had already begun to boil.

"Just on your own, you're able to refine a medicinal pill?"

Hmph, I'll see how you take it out!"

"Old man, open your dog eyes and see what this is!"

Lu Zixuan took out a porcelain bottle and threw it over without even looking at it.

"Small Revitalizing Pellets? That's impossible!"

Opening the porcelain bottle, Manager Qian's eyes were wide open as he said in disbelief.

"Impossible? I have more! "

Porcelain bottles were casually thrown out one by one, but in the eyes of Manager Qian and the other, they were like boulders that had been smashed onto their bodies.

"These ..."

Looking at those pills, Manager Qian and Sun Chen were stunned.

"Old man, there is nothing impossible. These are what I have refined. Come, let me slap you a hundred times and then you get the hell out of here!"

Lu Zixuan rolled up his sleeves, and his hand dropped down.

"Trash, you dare!"

Manager Qian shouted angrily, and the Genuine Qi on his body exploded, wanting to fiercely teach Lu Zixuan a lesson.

"F * ck, is a Rank Seven Martial Apprentice really that awesome?"

The Genuine Qi of Lu Zixuan erupted and immediately suppressed the Manager Qian.

"Flap!"

"Old fellow, you're just taking advantage of your age, aren't you?"

"Flap!"

"Trash? Who's the trash? "

"Flap!"

"You were the one that was hit, and you still want to fight back?"

"Flap!"

"Pull out all my teeth? Hehe, you don't need your teeth anymore! "

The palm continued to fall as one after another echoed in the air. Only after a hundred strikes did it stop.

"And you!"

After he finished slapping Manager Qian, Lu Zixuan walked to Sun Chen and began to do the same thing.

"Give me a hundred portions of medicinal herbs!"

After he finished slapping them, Lu Zixuan said and picked up the Manager Qian who was like a dead dog.

"Here, I'll give you right away."

Manager Qian said anxiously, afraid that Lu Zixuan's palm would fall again.

"That's more like it! Alright, now you all should get out of here!"

After obtaining a hundred portions of the medicinal herbs for Origin Returning Pills , Lu Zixuan said in satisfaction.

"We ..."

Manager Qian's face was ashen.

No matter what he said, he was still the medicine store's shopkeeper. If he were to scam, how could he meet others in the future?

"You're not going to scam?"

Lu Zixuan's eyes stared and his palm raised.

"Scram! We're going to scam right now!"

Manager Qian and Sun Chen were so scared that they immediately rolled out.

"I want this furnace as well!"

Seeing the two of them rolling on the ground, Lu Zixuan then took out a pill furnace and left.

"Manager Qian, that brat is too lawless. He actually dared to hit us!"

Lu Zixuan said angrily after Lu Zixuan left.

"Shut up!"

With a "flap" sound, Sun Chen's face was slapped yet again.

"That brat is already a Martial Apprentice at the Eighth Rank. We must inform Steward Wang of this matter."

"Brat, just you wait! I will make you wish you were dead!"

Manager Qian's face was ashen. Luckily there was no one else in the medicine shop; otherwise, he would really lose a lot of face.

Super Leveling System Chapter 15 -

C15

"Senior Brother Lu, what are you doing with the pill furnace?"

Mount Yuhua.

Zhang Heng watched as Lu Zixuan took out the pill furnace in his room and asked in surprise.

"Of course, it's to refine pills."

Lu Zixuan said, his hands moving nonstop.

"Refine pills?"

Zhang Heng was startled, his face full of disbelief.

Other people refined pills in the alchemy lab, which was not only filled with special flames but also spell arrays.

But now, there was nothing!

Besides, alchemists were extremely rare. Senior Brother, could you please stop messing around?

"Haha, Junior Brother Zhang, just wait for me to refine the medicinal pellets."

Lu Zixuan laughed out loud, and a pile of flames rose from under the furnace, starting the pill refining.

"Ding!"

"Alchemy failed, Exchange Value Point + 1, Genuine Qi Point + 1, Alchemy Skill Proficiency + 1!"

The system beep appeared, but this time, it was a failure.

"It seems that without a specific flame and the Fire Control Incantation, the difficulty of refining pills will increase by quite a bit."

Lu Zixuan said with a dark face, feeling heartache over the wasted herbs.

"Senior Brother Lu, why don't we stop refining?"

Zhang Heng advised, because he could not bear to see the medicinal herbs waste.

"Nothing, continue!"

He had a hundred sets of medicinal herbs on him. He opened the pill furnace and continued to practice.

"Ding!"

"Alchemy failed, Exchange Value Point+ 1, Genuine Qi Point + 1, Alchemy Skill Proficiency + 1!"

"Ding!"

"Alchemy failed, Exchange Value Point + 1, Genuine Qi Point + 1, Alchemy Skill Proficiency + 1!"

Failure!

Failure!

Continuous Failure!

"I don't believe it. Continue!"

The corner of Lu Zixuan's mouth twitched. He felt extremely embarrassed, but he was even more unconvinced.

"Ding!"

"Congratulations to Host 'Lu Zixuan' for refining an Origin Returning Pill at the sixth grade of Human Level (three pellets), obtaining 369 Exchange Value points, 73 Genuine Qi points, and the alchemy Proficiency + 30!"

"Done!"

After nearly a day, the system beep sounded, shocking Lu Zixuan and causing him to stand up abruptly.

"Success?!"

Zhang Heng was also stunned.

Even though he had never seen anyone refine pills before, he had never heard of one succeeding in refining pills like this!

"Junior Brother Zhang, this is the Origin Returning Pill, hurry up and eat it."

In the furnace, three Origin Returning Pills rolled out. Lu Zixuan took one out and told Zhang Heng to quickly consume it.

"This is for me?"

Zhang Heng was confused. He did not expect that for an entire day, Lu Zixuan was actually refining pills for him.

"Hurry up and consume it, then your aptitude will increase."

Lu Zixuan urged, and before Zhang Heng could say anything, he placed it in his mouth.

"Senior Brother Lu, I ..."

Zhang Heng's eyes were moist.

Pills that could raise one's aptitude were extremely precious, but now, it was actually given to him!

"Cut the crap, hurry up and eat it!"

Lu Zixuan said, and directly stuffed the pill into Zhang Heng's mouth.

"Swallow!"

After consuming the Origin Returning Pill, Zhang Heng quickly sat down cross-legged and started to circulate the Azure Yang Arts.

"Senior Brother Lu, I can cultivate now!"

In less than ten minutes, a weak Genuine Qi appeared, causing Zhang Heng to be overjoyed.

"Origin Returning Pill is really useful!"

Lu Zixuan's eyes also lit up.

"Unfortunately, I am unable to participate in this Inner Sect Assessment with Senior Brother Lu."

Zhang Heng suddenly sighed.

"Haha, it's fine. Cultivate properly, then you can definitely become an Inner Sect disciple."

Inner Sect disciples and disciples of chores could not be compared in any way. Only by becoming an Inner Sect disciple could one be considered as truly a member of Azure Yang Sect.

"There are only a few days left before the Inner Sect Assessment. I need to properly prepare for it and adjust my condition."

Zhang Heng had just finished cultivating the Genuine Qi, so Lu Zixuan told him to go back and stabilize his cultivation. At the same time, he also began to return to his residence and adjust his condition.

"What? He actually refined a pill?! "

In a courtyard of Azure Yang Sect, the face of the Steward Wang was filled with a dark shadow.

"Isn't that Lu Zixuan always the trash that couldn't cultivate? Why did he not only kill the Steward Li, but also learn how to refine pills? "

Steward Wang frowned.

"Right, that kid has always been a piece of trash. I don't know why, but he seems to have suddenly changed in this period of time. His strength has skyrocketed and he's even proficient in alchemy."

Manager Qian of the medicine store Manager Qian covered his swollen mouth and said.

"Hmph, no matter what, if he touches my people, I will kill him!"

A cold light flashed in his eyes, as the Steward Wang spoke in a low voice.

"Didn't that brat want to participate in the Inner Sect Assessment? Hmph, inform the people below that during this assessment, get rid of him!"

Hearing what Steward Wang said, Manager Qian's eyes immediately lit up.

"Don't worry, Steward Wang. That trash will definitely not live past the end of the Assessment."

Manager Qian nodded his head heavily. When he thought of Lu Zixuan, he could not help but vent all the anger in his body.

"Make the arrangements properly; don't let the disciplinary disciples find out."

Steward Wang explained again.

"Lu Zixuan, the day of Inner Sect Assessment is your doomsday. I want to let you know the consequences of offending me!"

Manager Qian walked out of the courtyard with a sinister smile and went to arrange the manpower.

"Senior Brother Lu, be careful. During this assessment, that Steward Wang might make his move in secret. "

In Mount Yuhua, Zhang Heng said with a face full of worry.

"Don't worry, that Steward Wang won't dare to make a move during the assessment. Disciplinary disciples are just watching."

Lu Zixuan waved his hand and said carelessly, but his eyes were filled with a cold chill.

"F * ck, if anyone dares to offend me in this assessment, I'll destroy them!"

"You don't have to worry about me. Cultivate properly, then in the next Inner Sect disciple exam, you might even be able to become an Inner Sect disciple."

Lu Zixuan laughed. He was fiddling with the furnace in the room, refining pills.

"Un, I will definitely cultivate properly!"

Zhang Heng nodded strongly; his eyes full of gratitude.

After consuming the Origin Returning Pill, his aptitude had increased to a certain extent, which allowed him to now become a Cultivator as Martial Apprentice and see the hope of becoming an Inner Sect disciple.

"Haha, I'll be waiting for you at the Inner Sect then!"

Lu Zixuan laughed loudly.

In the past few days, he had been adjusting his condition. Although he did not go kill the Demonic Beasts, he was still practicing his martial arts.

Gale Slash that had already risen to the fourth grade of the Human Level had reached 86/400 in Proficiency. With a wave of his palm, he could slash out four Wind Blades.

The Dragon Claw Hands at the Ninth Grade of Yellow Level also increased to 45/9000 in Proficiency .

As for the Phantom Step, the Proficiency rose even more, reaching 100/300.

The might of the Sword Qi Storm was too terrifying, so he did not cultivate it. But he believed that once the Sword Qi Storm was used, even those Cultivators at the peak Ninth Rank would turn into losers.

With the added bonus from the Rage Killing, his fighting strength would be even stronger!

The Sword Qi Storm and other martial skills would also be upgraded.

At that time, who would be his match?

Kill whoever came!

Moreover, he had refined quite a few Small Revitalizing Pellets.

It could be said that the current Lu Zixuan was completely prepared and was only waiting for the Inner Sect Assessment to begin.

Super Leveling System Chapter 16 -

C16

In Azure Yang Sect, on the plaza.

There were many disciples of chores crowded together, forming a large patch.

"The Inner Sect Assessment is related to the future of our Azure Yang Sect. You will have to go all out and obtain good results in the assessment."

Steward Wang stood on a stone platform and said loudly.

Then, he spoke again.

"Of course, we cannot cheat. If anyone dares to play any tricks in this assessment, we will directly abolish their cultivation and kick them out of the sect."

"This time's Inner Sect Assessment is to enter the Dawnshroud Mountain Range to kill Demonic Beasts. Five days later, I will rank you by the number of Demonic Beasts killed and the strength of the Demonic Beasts."

"The higher your rank is, the more rewards you will get. For the disciple who is ranked first, you can even get the chance to cultivate Raging Fire and Sun Chasing Fist!"

After Steward Wang finished speaking, his gaze swept across the group of disciples of chores.

"Raging Fire and Sun Chasing Fist? That is a martial skill at the third grade of Yellow Level, and it is said that the complete Raging Fire and Sun Chasing Fist has even reached the first grade of Profound Level! "

All of the disciples of chores were extremely excited.

"That's right, I must get my hands on the Raging Fire and Sun Chasing Fist. That martial skill is something only core disciples are qualified to learn."

Someone said, his eyes filled with anticipation.

"It must be mine. I'm definitely going to get the first place in this assessment!"

Dong Hu's eyes flashed.

"Steward Wang, may I ask what we should do if someone tries to steal our Demonic Beasts during the assessment?"

Dong Hu said, his mouth revealing a sinister smile.

"That's right. Can we fight back?"

Someone echoed.

The strength of those two were both at the Ninth Rank, and their words contained a cold sneer.

What they really wanted to ask was if they could snatch the Demonic Beasts that others killed!

"The purpose of the sect Assessment is to select disciples with potential. During the assessment, of course you can snatch beasts away."

"Moreover, accidents will inevitably happen during the assessment. Even if someone died in there, it would be a very common thing."

The Steward Wang said, glancing at Lu Zixuan's direction from the corner of his eyes.

"Haha, then I am relieved!"

Dong Hu and the other disciples laughed and said.

"Let's go!"

Steward Wang pressed his palms together and led over a thousand disciples of chores to appear outside the Dawnshroud Mountain Range.

"Remember, you only have five days. Once it exceeds five days, your results will be invalid!"

Dawnshroud Mountain Range was vast and endless for thousands of miles. Cultivators appeared here one after another.

"The assessment shall begin. Enter the mountain range!"

The Steward Wang had just finished speaking and then the disciples of chores rushed in impatiently.

"I'm here!"

Lu Zixuan took a deep breath and walked forward in strides, entering the mountain range.

His speed was extremely fast, and when he activated the Phantom Step, his figure disappeared in the span of a few breaths.

"How's things going?"

About ten minutes later, all of the disciples of chores had entered the mountain range.

Steward Wang asked a person beside him in a low voice.

"Hehe, there are more than 20 people arranged by me. They all have pills sent by the Manager Qian on them, and after consuming them, they will be able to increase their strength for a short period of time. That brat will definitely be killed. "

That person said sinisterly.

"All of you, go in as well. However, unless you have no other choice, you must not take action."

"Also, you must ensure that Dong Hu ranks first in this assessment!"

Steward Wang muttered, and let the man bring the rest in.

Within the Dawnshroud Mountain Range.

After running for over an hour, Lu Zixuan finally stopped and pulled out a long blade around his waist. He turned around.

"Ladies and gentlemen, it has been hard to follow me all the way here. Come on out."

His gaze was cold, and the Genuine Qi on his long blade stirred.

"Trash, I didn't expect that you would actually discover us. Then, give us your life!"

As the sound of a voice faded, six people walked out.

"Did Old Dog Wang send you guys?"

Lu Zixuan said with a faint smile as the six people surrounded him.

"Heh heh, this kid is quite smart? If you want to blame something, you can only blame yourself for offending the Steward Wang! "

"Go, kill this kid!"

The leader sneered as he swung his sword and stabbed forward.

"You guys are in too much of a hurry, and before you kill me, you still haven't figured out my strength!"

Lu Zixuan's mouth split open; the blade in his hand slashed out.

"Swish!"

The moment the Gale Slash was unleashed by a long blade, it was even more powerful, causing the air to hiss.

Then.

The Phantom Step beneath his feet took a step, causing his figure to instantly become more than ten.

"Pfft! Puff! Pfft!"

As the long blade fell, it seemed as if thousands of blade lights were falling down, covering those six people.

"Ding!"

"Congratulations to Host 'Lu Zixuan' for his attack."

"Ding!"

"Congratulations to Host 'Lu Zixuan' for his attack."

System beeps appeared. Within the time of five breaths, five out of the six people were already lying on the ground.

"Do you know your wrongs now?"

Pointing the blade at the leading man, Lu Zixuan said.

"Trash, you're courting death!"

The person leading the group was sweating profusely. He clenched his teeth and swallowed a pill. He let out a roar and his aura expanded.

"Your strength has increased?"

That person's strength suddenly increased as the long sword once again pierced towards him.

"But you still have to die!"

Lu Zixuan focused his gaze, and the Gale Slash left his body to attack.

"Ding!"

"Congratulations to Host 'Lu Zixuan' for killing him!"

"They actually have Qi Burst Pills on them to raise their strength. It seems like that Manager Qian will not be able to escape the responsibility."

"You guys just wait for me; I'll show you what I can do when I get out!"

Lu Zixuan ferreted out a few pills from the bodies of the men and said with a gloomy expression on his face. He crumbed the pills directly.

Qi Burst Pills could raise their strength in a short amount of time.

But the backlash was also huge, so it was simply unable to compare to the Rage Killing.

"Attack!"

After killing those few people, Lu Zixuan began to search for Demonic Beasts.

As he went deeper into the mountains, he searched for traces of Demonic Beasts. As soon as he saw a Demonic Beast, he rushed forward with his long blade.

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing it!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing it!"

The system beeps unceasingly rang out, and his strength was also increasing.

"My status as a Martial Apprentice is about to reach the Ninth Rank, but the Demonic Beasts here are too weak. I need to find some strong Demonic Beasts to level up even faster."

Strength was the most important thing. He wanted to make the best use of his time to break through, so that he could improve his strength as much as possible.

He gradually went deeper into the mountain range and the Demonic Beasts that appeared became stronger and stronger.

"Ding!"

"Congratulations to host 'Lu Zixuan' for levelling up to Martial Apprentice at the Ninth Rank!"

"Martial Apprentice at the Ninth Rank. It's not enough yet. Continue to increase!"

"I want to break through and become a warrior!"

Among the system beeps, Lu Zixuan felt his blood boiling.

He was fighting fiercely, going deeper all the way.

"That piece of trash is here; kill him!"

A day later, Lu Zixuan arrived at a valley and just as he entered, several Cultivators surrounded him.

"Motherf * cker, how many people did that old dog arrange?!"

Within the valley, a total of eight Cultivators appeared. To make matters worse, three of them were Martial Apprentices at the Ninth Rank.

Super Leveling System Chapter 17 -

C17

"Kid, prepare to die!"

The eight of them rushed over, all of their Genuine Qi surging.

"Let's go!"

Lu Zixuan turned and rushed towards the valley.

Those eight people were simply too strong. Even he didn't have absolute confidence that he would win!

"Chase after him! We must kill him!"

One of them shouted, and then they all chased after him.

"F * ck, just you wait. If I can't kill you bastards, I'll just walk upside down!"

When he exerted the Phantom Step to its limit, it caused a series of afterimages behind him.

"Kill!"

In the valley, there lived Demonic Beasts.

The Gale Slash was exerted. From the blade, Wind Blades flew out and attacked the Demonic Beasts that were in his sight.

"Roar!"

Under Lu Zixuan's attacks, the Demonic Beasts roared, growled and chased after them in succession.

"I don't believe you won't be separated. As long as you separate, I will destroy you one by one!"

Lu Zixuan said coldly.

"Get out of my way, all of you!"

Those furious Demonic Beasts not only attacked Lu Zixuan, but also aimed at those eight people.

Under the attack, the eight of them were greatly restrained.

"It's still not enough. Find more Demonic Beasts and let them split up!"

Lu Zixuan had the Phantom Step, so when he traveled through the Demonic Beasts, the impact was very small, but to those few people, things were different.

He continued to run in the valley, attacking whenever he met a Demonic Beast.

"Roar!"

In the end, roars could be heard in half of the valley, and hundreds of Demonic Beasts ran like hell, attacking the group from all directions.

"Damn it, get away!"

The eight of them had extremely gloomy expressions.

They did not have the Phantom Step, so it was extremely strenuous for them to be under those Demonic Beast's attack. They had already been separated, and if this continued, they would be in great danger.

"Let's go!"

The rest of the people echoed one's words and tried to exit the valley unwillingly.

"Want to leave? It's not that easy! You chased me for so long; you should all stay behind!"

Lu Zixuan turned and sneered. He raised his long blade and rushed forward to kill in return.

"Kill!"

As the long blade swung down; the saber light was like a waterfall.

"Swish!"

With the Phantom Step, he moved mysteriously like a ghost, suddenly appearing beside a person and killing him.

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing him!"

"You're courting death!"

The remaining seven people yelled in rages and some of them had even consumed Qi Burst Pills.

"Courting death? The ones who are courting death are you guys! "

Leaving a few afterimages, Lu Zixuan once again rushed towards another Cultivator.

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing him!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing him!"

Those Cultivators were scattered by the Demonic Beasts and were unable to help each other at all.

In less than three minutes, of the eight Cultivators, only the three Martial Apprentices at the Ninth Rank remained.

"Bastard, come and kill me if you dare!"

A person roared.

"Brat, don't fall into our hands, otherwise I will tear your body into a thousand pieces!"

Another man said sinisterly as well.

"Am I f*cking afraid of you?"

"Watch me destroy you!"

Lu Zixuan said in disdain.

Moments ago, when you guys teamed up, I was still a little worried, but now that you guys are separated by the Demonic Beasts, did you really think that you couldn't be killed?

"Tsk tsk, boy, you are courting death!"

One of them seeing Lu Zixuan rushing towards him, he laughed out loud and thrust his spear out.

"Dragon Claw Hands!"

"Crack!"

The Dragon Claw Hands being triggered formed a Genuine Qi dragon claw, directly smashing the spear into pieces and throwing them to the person.

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing Yun He, you have obtained 190 points of Exchange Value, 90 points of Genuine Qi, and Dragon Claw Hands Proficiency + 5!"

One hit kill!

The system beep appeared!

"How is he so strong?!"

"Quickly consume the Qi Burst Pill!"

The faces of the remaining two people instantly turned pale.

"You guys are next!"

"It's useless even if you eat dog shit; why bother eating Qi Burst Pill?!"

Lu Zixuan bellowed, and then he appeared beside a person of two in a flash. The Dragon Claw Hands appeared again.

So, what if it was a Qi Burst Pill?

I would f*cking crush it with one claw!

"Ding!"

"Ding!"

"Motherf*cker, Old Dog Wang, and that Manager Qian, just you two wait!"

Under the Dragon Claw Hands, the remaining two people were killed. Lu Zixuan said with overflowing killing intent.

"Continue to raise my strength and kill all of these Demonic Beasts!"

Those eight people were killed, and the remaining Demonic Beasts all attacked toward him.

"Gale Slash, charge!"

Lu Zixuan began to slaughter.

With the Phantom Step, he was not worried about these Demonic Beasts at all. He chopped them while moving like a ghost.

"Ding!"

"Ding!"

As the long blade swung down, system beeps appeared one after another, and the beasts were all killed one by one.

"You want to run?"

At the end of the battle, the Demonic Beasts were all afraid and no longer attacked. Instead, they ran towards the depths of the valley.

Lu Zixuan laughed out loud and chased after them with his long blade.

"Roar!"

A roar echoed out from the depths of the valley. Here, a pond suddenly exploded.

"Demonic Beast of Warrior Level!"

Lu Zixuan chased those Demonic Beasts all the way here. When he saw a Demonic Beast emerging from the pond, his expression immediately changed.

"Boom! "

The pond exploded, creating a pillar of water that shot into the sky. A dark black python revealed itself. Its pair of eyes were like bells, ice-cold and bloodthirsty.

"So powerful! However, the rewards given by the system will definitely be much more! "

"Kill it!"

This was a Demonic Beast of Martial Apprentice level. After killing it, he could definitely obtain a lot of rewards.

"Whoosh! Whiz! Whiz!"

Using the Gale Slash, he slashed out a few Wind Blades.

"Ding, ding, ding!"

The Wind Blade tore through the air and slashed at the dark black python's body.

"F * ck, isn't this guy's defense too overpowered?"

There were a few dings sounded as the several Wind Blades failed to break its defense.

"Whoop!"

At this moment, the dark black python's head came crashing over; the air emitted a dull explosion sound.

"Bang!"

As his head struck against it, a series of afterimages shattered. Lu Zixuan was sent flying more than ten meters back from the impact.

"Damn, this beast is too strong."

On the ground, a huge crater was formed by Lu Zixuan who flew out.

He felt an excruciating pain in his chest. His internal organs felt like they were about to explode. He hurriedly took out a few Small Revitalizing Pellets and consumed them.

"Splash!"

Seeing that Lu Zixuan was actually still alive, it seemed to have received a huge provocation and became even more furious.

The dark black python swam out of the pond. When its huge body appeared, it pulled at the countless water in the pond, producing 'splash' sounds as it whipped its tail.

"What the f * ck!"

Under the effect of the Small Revitalizing Pellets, Lu Zixuan's injuries recovered quite a bit, and his Phantom Step quickly activated.

"Boom! "

Its thick tail was at least five to six meters long. As it landed on the ground, it created a loud rumble and a ravine immediately appeared.

"Damn it, Dragon Claw Hands!"

Lu Zixuan embarrassingly dodged the dark black python's tail, condensed six Dragon Claw Hands and smacked it.

"Rumble!"

Six Dragon Claw Hands directly consumed six thousand points of Genuine Qi.

"Roar!"

Under the Dragon Claw Hands, the defense of the dark black python was finally broken apart. Its scales flew in the air and blood flowed out.

However, its injuries were not fatal. It opened its big mouth and spat out a black poisonous fog.

"Sizzle sizzle!"

Beneath the black poisonous fog, the surrounding ground was corroded into pits, and even the rocks were shattering.

"Motherf * cker, can't I kill you? Rage Killing, Sword Qi Storm! "

That mouth of the poisonous fog caused Lu Zixuan to tremble with fear.

Then, he got angry.

"F * ck, an animal dared to be so arrogant in front of me?"

Do you really think I can't kill you?"

Super Leveling System Chapter 18 -

C18

"Boom!"

Coupled with Rage Killing, the Sword Qi Storm turned into countless Sword Qi, forming a storm, and fiercely crashed into the body of the dark black python.

"Roar!"

The dark black python's entire body was dripping with blood, and its scales had shattered into countless pieces.

However, it was not dead yet.

Letting out a furious roar, he spat out bunches of poisonous fog from his mouth, floating away in the air.

"Sizzle sizzle!"

Beneath the poisonous fog, the surrounding things were being corroded.

"Damn it, Sword Qi Storm!"

Seeing that the python was not dead, Lu Zixuan gritted his teeth and unleashed another Sword Qi Storm.

"Boom!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing the Dark Black Poison Python. The reward is 200 points of Exchange Value and 100 points of Genuine Qi. Sword Qi Storm Proficiency + 18. "

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing the Dark Black Poison Python. The reward is obtaining the Grade Nine Dark Poison Python bloodline of Human Level and activating the function of the bloodline exchange."

"Ding!"

"Congratulations to host 'Lu Zixuan' for obtaining the Grade Nine Dark Poison Python bloodline of Human Level. Do you wish to fuse it?!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for triggering the Ten Kill Quest!"

"Within three days, kill ten lives of Warrior Level. Completed the quest, you will be rewarded with 5000 points of Exchange Value and Genuine Qi 10000 points."

"Bloodline Exchange Function? Ten Kill Quest? What the f * ck!"

Five consecutive times of Sword Qi Storms finally managed to kill the dark black python.

At the same time, a system beep sounded out, causing Lu Zixuan to widen his eyes.

He had even ignored the feeling of weakness brought about by the Rage Killing.

"Check the bloodline!"

Within the world of the Martial God, there existed a few special Cultivators. Those Cultivators had bloodlines, so their fighting strength was powerful .

The Cultivator who had the bloodline would suppress everyone else at the same level in fighting.

In addition, there were all sorts of divine abilities attached to the bloodline!

Hearing about the system beep, he ignored the triggered quest, but checked his bloodline immediately.

Dark Poison Python Bloodline

Grade Nine of Human Level.

By fusing with the Dark Poison Python bloodline, one would have a certain chance to obtain the strength of Dark Poison Python. The higher the density of the bloodline was, the stronger the strength one would gain.

It could increase the density of one's bloodline.

When the density of a bloodline reached 100%, one could raise his bloodline in many different selective directions.

In the end, it was the Divine Dragon Blood Lineage, the Nine Yin Bloodline, the Nine-headed Python Bloodline, and the Nine-Colored Heaven Swallowing Python Bloodline.

"It has the potential to increase to the level of the bloodline of Divine Level?"

"Fuse, I must fuse it!"

Lu Zixuan chose to fuse it without hesitation.

"Congratulations to host 'Lu Zixuan' for fusing with the Dark Poison Python bloodline at the Ninth Grade of Human Level, and the density of bloodline is 1%. For awakening the dark poisonous fog, you can use the Exchange Value to increase the density of bloodline. Do you want to exchange it?"

As the Dark Poison Python's bloodline fused with Lu Zixuan's body, he felt a chill run down his spine, and the system beep sounded out once again.

"Try the dark poisonous fog!"

After acquiring the dark poisonous fog, Lu Zixuan could not help but have a look at its might.

"Sizzle sizzle!"

A group of black poisonous fog flew out from his palm and landed on the ground with a 'Sizzle' sound.

"So strong? Wouldn't it be even stronger if the density of its bloodline increased? Maybe I can even obtain the remaining power of the Dark Black Poison Python! "

"If I can raise the bloodline to the Divine Level, won't that be super powerful?"

Looking at a deep pit that was caused by corrosion on the ground, Lu Zixuan's eyes flashed as he spoke.

With this powerful bloodline, wouldn't one be able to run amuck in the future?

He could step on whoever he wanted to!

Which chick had he taken a fancy to? Brought her home!

"Let's see how much Exchange Value is needed to level up the bloodline!"

Lu Zixuan's breathing hastened. He once again opened the system to check the Exchange Value that was needed to raise his bloodline.

"The density of bloodline. Upgrading a bit requires 500 points of Exchange Value."

"Raising the bloodline to the Yellow Level needs 100000 points of Exchange Value."

"Raising the bloodline to the Profound Level needs 10000000 points of Exchange Value."

"Raising the bloodline to the Earth Level needs ..."

"F * ck, it's trying to mess with me!"

Looking at the Exchange Value that could easily reach a million or ten million points, Lu Zixuan felt like his heart was about to explode.

The bloodline was very strong, but the number of Exchange Value required ...

This was too f * cking ridiculous!

"Let me first increase the density of the bloodline before anything else. As the density of the bloodline increases, the might of the dark poisonous fog will also increase. My strength will grow faster."

"Some price must be paid to achieve a certain goal. I'll go all out!"

Looking at the remaining points of Exchange Value, Lu Zixuan gritted his teeth and paid them all out.

"Ding!"

"Congratulations to host 'Lu Zixuan' for increasing the Density of Dark Poison Python bloodline by 1%."

"Ding!"

"Congratulations to host 'Lu Zixuan' for increasing the Density of Dark Poison Python bloodline by 1%."

"The amount of Exchange Value needed to raise the density of bloodline is simply too much. If I raised it to the Divine Level, it would simply be unimaginable!"

After using all of the Exchange Value on him in one breath, the density of his bloodline had finally reached 18%.

"Kill, continue to kill!"

"After his completion of the Ten Kill Quest, this amount of Exchange Value would worth nothing for him."

Lu Zixuan felt his heart aching. Then he immediately grabbed his long blade and continued to delve into the valley to complete the triggered mission.

"Those people have failed. Let's make our move and kill him!"

Outside the valley, a few Cultivators at warrior rank appeared and saw a few corpses.

Those few corpses were the Cultivators who had been chasing after Lu Zixuan and got killed instead.

"That brat cannot leave this place alive, otherwise, the few of us will be punished."

A man said savagely.

"That kid was a complete trash previously. But now his strength rose so fast that there must be some secret on him!"

Another man's eyes were cold.

"Let's go, kill that brat and complete the mission given by the Steward Wang."

"The secret on him would also belong to us!"

Those few Cultivators were like shadows as they sped through the valley.

"Bastard, get your ass out here!"

In the valley, at the entrance to a cave Lu Zixuan kicked the corpse of a Demonic Beast into the cave.

"Hiss hiss!"

The cave was deep, but the entrance was only one meter wide. After the corpse was kicked into the cave, it instantly disappeared from sight.

As the corpse disappeared, a low roar sounded out from within the cave.

"Finally came out!"

Lu Zixuan held his long blade tightly, and the Genuine Qi was surging inside his body like boiling water, his eyes shining brightly.

"Kill!"

A lizard-like Demonic Beast appeared from within the cave. There were still broken pieces of flesh and blood remaining at the corner of its mouth.

"Go to hell!"

Looking at the Demonic Beast, Lu Zixuan began to attack crazily.

"Dragon Claw Hands! Dark poisonous fog!"

After the light from the blade, the Dragon Claw Hands and the dark poisonous fog appeared at the same time. The Demonic Beast was wrapped around.

"Woe!"

Screams came out of the Demonic Beast's mouth.

"Boom!"

The Demonic Beast was retaliating, and its strength of warrior level exploded out totally.

Twenty minutes after.

"Ding!"

"Congratulations to host 'Lu Zixuan' for slaying the Nerubian Lizard; you have gained 190 points of Exchange Value, 100 points of Genuine Qi, Gale Slash Proficiency + 5 and Dragon Claw Hands Proficiency + 8!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for slaying the Nerubian Lizard. The Ten Kill Quest has been completed six tenths.."

"The Demonic Beast of Warrior Level is really powerful. Even if I used my full strength, it would still take me some time to defeat it."

"I'm just four more people away from completing the Ten Kill Quest!"

"Continue!"

After killing the Demonic Beast, Lu Zixuan was full of energy. He turned around and left, planning to continue looking for Demonic Beasts of Warrior Level to kill.

"Brat, get the hell over here and accept your death!"

At this moment.

An angry bellow rang out.

A few Cultivators appeared.

"Warriors?"

"F * cking Old Dog Wang, he actually sent so many Cultivators of warrior level to kill me!"

Lu Zixuan's body tensed up as he cursed in his heart.

"Lu Zixuan, you won't be able to escape!"

Those people chased after him, their attacks landing on the ground.

"Cough, cough!"

"Motherf * cker, just you wait!"

Lu Zixuan coughed out blood. He anxiously took the pills and used Rage Killing, pushing the Phantom Step to its limit, and then left.

Super Leveling System Chapter 19 -

C19

"Motherf * cker, do you really think I'm easy to bully?"

"Just you wait!"

By using the Rage Killing, Lu Zixuan's speed had increased by quite a bit, and in a short span of ten breaths, he had already thrown off those people.

He entered a concealed cave and the disappearance of the Rage Killing caused him to sink into weakness.

"Those people are very strong. Only by becoming a warrior can I kill them all!"

"There are still four Demonic Beasts left for the Ten Kill Quest."

"After I'm done, I should be able to break through and become a warrior. At that time, I'll show them who's boss!"

After consuming several Small Revitalizing Pellets, the feeling of weakness in his body gradually disappeared.

He said with cold eyes.

"The seventh!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for slaying Wind Wolf. The Ten Kill Quest has been completed seven tenths."

Recovered from his injuries, he appeared from the cave with his long blade in hand, continuing his search for Demonic Beasts of warrior level.

"The deeper you go, the easier it is to find Demonic Beast of warrior level!"

The long sword was stained with blood, and he was going deep.

"Ding!"

"Congratulations to host 'Lu Zixuan' for slaying the Fierce Sun Panther. The Ten Kill Quest is now at 8/10."

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing the Ice Tattooed Tiger. The Ten Kill Quest is now at 9/10."

"There's only one left!"

After the entire two days, Lu Zixuan killed nine Demonic Beasts of warrior level.

"Just you wait!"

"Motherf * cker, let's see if I won't kill you!"

The Ancient Trees were dense here, and Lu Zixuan was searching for the Demonic Beast of warrior level.

"Damn it, where is that guy hiding?"

"Does he want to hide until the assessment is over?"

The faces of the Cultivators that were chasing after Lu Zixuan darkened.

"We can't let that brat get out alive. If the sect finds out about this, we'll all die."

Another person said in a cold voice.

"I've really underestimated him. However, if he wants to escape, he won't have a chance!"

A person gritted his teeth and said.

"There are only two ways out of this valley, at the two ends respectively. If he wants to escape, there are only two choices. "

"On the way of the other end, there exist Demonic Beasts with powerful strength. He couldn't handle those beasts. So, if we keep chasing after him, we'll definitely be able to find that kid. "

The leader said in a deep voice.

Right now, it was not about completing the mission assigned to them by the Steward Wang, but rather about their lives.

Once Lu Zixuan got out alive and told the Disciplinary Elder about this, they would...

"Found it, it's this big guy!"

A Savage Earth Bear was coiled on top of a huge boulder.

Lu Zixuan's eyes immediately lit up.

"Whoosh! Whiz! Whiz!"

The long blade slashed down, releasing dozens of Wind Blades and enveloping the Savage Earth Bear.

"Roar!"

The gigantic boulder crumbled as Wind Blades slashed at it one after another.

However, an earthen yellow defensive shield had appeared on the body of the Savage Earth Bear. The attacks did not leave any scars on the defense.

"The strength of this beast is even stronger than that of the Dark Poison Python from before!"

"His defense is abnormal!"

With the strike of the bear's paw, those Wind Blades were crushed.

When Lu Zixuan saw that defensive shield, his brows twitched as he said in astonishment.

"Stomp! Stomp!!"

The Savage Earth Bear's eyes were crimson red. It was so angry that it walked forward step by step. It was like a moving mountain, causing the ground to shake.

"You're quite arrogant?"

"No matter how arrogant you are, you are to die!"

"Dragon Claw Hands! Dark poisonous fog!"

The Dragon Claw Hands, which was wrapped in a layer of black poisonous fog, was ruthlessly smashed out, blowing away the Savage Earth Bear's enormous body.

"Bang!"

The Savage Earth Bear smashed into the ground. A layer of chilling air emerged from its body, along with a layer of black poisonous substance. The defensive shield was also corroded.

"Big guy, big bro will play with you slowly!"

It was not Lu Zixuan's first time fighting with a Demonic Beast of warrior level, so he was very experienced and continuously used martial skills, slowly killing the Savage Earth Bear.

"Haha, he's here!"

"Lu Zixuan, let's see where else you can run to!"

When the few Cultivators came to this place and saw Lu Zixuan, their spirits were lifted.

"Surround him; don't let him get away!"

The few of them rushed forward and formed a circle.

"Sword Qi Storm, kill!"

Seeing those few people, Lu Zixuan squinted his eyes.

In one breath, he used five Sword Qi Storms to attack the Savage Earth Bear.

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing the Savage Earth Bear. The reward is 200 points of Exchange Value and 100 points of Genuine Qi."

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing the Savage Earth Bear. The Gale Slash Proficiency has increased by 20, the Dragon Claw Hands Proficiency has increased by 8, and the Sword Qi Storm Proficiency has increased by 18."

"Ding!"

"Congratulations to host 'Lu Zixuan' for obtaining the special martial skill 'Earth Defense'. The Proficiency is 1%. Activating the Earth Defense will increase one's defense by 1%. "

Note: Earth Defense is a special technique: it can be upgraded, and Proficiency can be raised.

"Ding!"

"Congratulations to host 'Lu Zixuan' for completing the Ten Kill Quest. The reward is 5,000 points of Exchange Value and 10000 points of Genuine Qi."

"Ding!"

"Congratulations to host 'Lu Zixuan' for leveling up to be a Rank One Warrior."

"Earth Defense? Haha, f * cking hell, you have to go to die now!"

The system beeps appeared in his mind, causing Lu Zixuan to laugh out loud with a face full of killing intent.

"I have already f * cking broken through, so why should I be afraid of you?"

You want to kill me?

I'll make you all die!"

"Brat, go and die!"

The attacks of those few people instantly arrived.

"Earth Defense!"

Lu Zixuan growled, and an earthen-yellow layer of defense instantly appeared around him.

"Rumble!"

"The defense is not bad; Dragon Claw Hands!"

The earthen-yellow defensive layer was broken through, but the attacks also completely dissipated.

Lu Zixuan was very satisfied; the Genuine Qi formed six dragon claws, grabbing towards those few people.

"He has broken through to become a warrior! Take the Qi Burst Pill! "

The six dragon claws of Genuine Qi caused those few people's expressions to change.

One of them said and immediately took out the Qi Burst Pill and consumed it.

"Brat, so what if you've broken through? You will die just the same! "

After consuming the Qi Burst Pill, the few of them rushed over again.

"Motherf * cker, so much nonsense!"

"Is the Qi Burst Pill amazing? I have the Rage Killing! "

"Sword Qi Storm; go and f*cking die for me!"

Lu Zixuan said in disdain.

In front of the Rage Killing, Qi Burst Pill were trash.

"Whoosh! Whiz! Whiz!"

Once the Sword Qi Storm was released, a total of seven thick Sword Qi Storms appeared.

Countless Sword Qi cut through the air recklessly, producing whooshing sounds.

"Crack! Ka-cha!"

Ground, Giant Rocks, Ancient Trees

Everything in the surrounding area was frantically being destroyed.

"No!"

Those few people had faces full of fear as they shouted out loud.

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing him!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for killing him!"

The shouts of the few people were immediately drowned, and then, the system beeps appeared.

"How dare you oppose me? I'll kill you guys! "

"Old Dog Wang, this time you won't be able to escape!"

The effect of the Rage Killing dissipated and a feeling of weakness washed over him like a tide.

But as he looked at the few corpses as fragments of flesh, Lu Zixuan's face was filled with coldness.

Super Leveling System Chapter 20 -

C20

"There's still more than a day's time until the end of the Inner Sect Assessment."

"Exchange all the points of Exchange Value, then continue searching for Demonic Beasts of warrior level."

"I will definitely get the first place in the assessment!"

There were already quite much Exchange Value on him now that he had completed the Ten Kill Quest and had killed several Demonic Beasts.

"Ding!"

"Congratulations to host 'Lu Zixuan', Phantom Step Proficiency + 1!"

"Ding!"

"Congratulations to host 'Lu Zixuan', Phantom Step Proficiency + 1!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for Phantom Step Proficiency reaching 300. Would you like to raise the level of Phantom Step? To level up, 800 points of Exchange Value is needed! "

"Upgrade!"

With the Exchange Value, the Phantom Step Proficiency had been raised to its limit.

"Ding!"

"Congratulations to host 'Lu Zixuan' for upgrading the Phantom Step to the fourth grade of Human Level."

"After my Phantom Step has been upgraded, it's already enough for me currently. Next is my Gale Slash!"

Lu Zixuan continued to crazily exchange.

"Ding!"

"Ding!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for the Gale Slash Proficiency reaching 400, unable to be upgraded. Would you like to exchange the Gale Slash for the evolving martial skill 'Nine Slashes of Gale'? 1600 points of Exchange Value is required."

Note: Nine Slashes of Gale, Grade Five Martial Skill of Human Level (Saber Technique), with a total of nine forms. It can be upgraded, and the Proficiency can be increased.

Note: 1 Slash, Requires 100 Genuine Qi Points. 2 Slash Requires 200 Genuine Qi Points.

"Nine Slashes of Gale?"

"This power is twice more than that of the Gale Slash!"

Lu Zixuan was startled.

After inspecting the properties of the Nine Slashes of Gale, his face was filled with joy.

He had directly exchanged on the spot!

The Gale Slash was not considered strong, and when it was raised to the fourth grade of Human Level, it had already reached its limit.

Now that it had evolved into the Nine Slashes of Gale, its power was multiplied!

"As for the remaining Exchange Value, I will use them to exchange for Earth Defense and upgrade Rage Killing!"

The remaining Exchange Value was all used by him.

Finally, the Rage Killing Proficiency reached 38/100. After using it, one's attack power would increase by 38% and the attack speed by 38%.

The Earth Defense also reached 20/100, increasing one's defense by 20%.

"Awesome!"

"To see my strength increase, it's just awesome!"

With the Exchange Value, Lu Zixuan's overall strength increased to another higher level once again.

He continued to search for Demonic Beasts of Warrior Level here. After his strength had increased, he killed those Warriors even faster.

On the periphery of the Dawnshroud Mountain Range.

"Haha, this time I'll definitely be able to enter the top ten!"

A Cultivator with a big bag on his back was emitting the smell of blood from far away.

"That's hard to say!"

The other person sneered, looking conceited.

"Until the end, who knows the result?"

"Senior Brother Dong will definitely be first this time! His strength is very strong, and his senior brother is even stronger in Inner Sect! "

"However, I am more curious about how many Demonic Beasts that Lu Zixuan can kill."

Someone showed interest and said mockingly,

"He? Haha, just a piece of trash. He could be lucky to kill several ones. "

"How powerful do you really think he is? If he doesn't die in there, it will be good enough! "

Dong Hu said in disdain.

"Hehe, you're right. That kid doesn't know what's good for himself. He'll definitely not be able to come out."

Someone looked towards the Steward Wang.

Everyone immediately understood.

"Be quiet. Do you see the Elder Li of Inner Sect?"

Someone reminded.

Cultivators kept coming out from the mountain range one by one.

"What's going on? The people who were sent out, why haven't they returned yet? "

"Don't tell me ..."

Seeing that no one came out, Steward Wang frowned.

"Impossible!"

"Absolutely impossible!"

"He's only a piece of trash. How could he possibly be a match for those people?"

"They must have met some powerful Demonic Beasts that some accident happened!"

He had arranged many people, but none of them appeared. This gave him a bad feeling.

"Haha, Steward Wang, why does your face look so bad?"

At this moment, a voice suddenly sounded.

Lu Zixuan walked over from within the Dawnshroud Mountain Range.

He was also carrying a bag on his back.

"He's not dead!"

Steward Wang turned to look; his expression changed as killing intent appeared in his eyes.

"That kid is actually still alive?"

The others couldn't help but be taken aback as well.

"Steward Wang is too hardworking. You need to rest more."

Lu Zixuan said with a fake smile.

"Alright, it's about time. Let's begin!"

On the side.

The Inner Sect Elder Li who had his eyes closed all this while suddenly spoke.

"Yes sir!"

Steward Wang's expression was somewhat sinister.

"It is impossible for the brat to kill them. There must be something strange going on!"

"I want to see how long that brat can be so arrogant for!"

He looked towards Lu Zixuan; his eyes filled with killing intent.

"I'll go first!"

A disciple walked up and opened the bag behind him.

"Hualala!"

A pile of items fell to the ground, and the stench of blood spread through the air.

"Fifty-three Demonic Beasts as Martial Apprentices at the sixth rank! Eighteen Demonic Beasts of as Martial Apprentices at the seventh rank! "

"Nine Demonic Beasts as Martial Apprentices at the eighth rank! One Demonic Beast as Martial Apprentices at the ninth rank! "

The Steward Wang said.

"Next!"

"Fifth-ranked Demonic Beast as Martial Apprentices."

"Thirty-two eighth-ranked Demonic Beasts as Martial Apprentices! Seventeen ninth-ranked Demonic Beasts as Martial Apprentices, three Demonic Beasts as warriors at the first rank ! "

Dong Hu walked forward and confidently poured the package on the ground.

"So many?"

Seeing the things that Dong Hu took out, the crowd exploded.

"Looks like he will definitely take the first place!"

Someone said in envy.

"Who else do you think he is?"

"His brother is a disciple of Inner Sect, and his status is not low either. Steward Wang has specially arranged a few people to help him kill the Demonic Beasts."

A person said in a low voice.

"Not bad, not bad. I think this time's first place will be Dong Hu's!"

One by one, the Cultivators began to pour their bags on the ground, causing the blood to soar into the sky.

Steward Wang laughed.

"Old guys, it's too early to celebrate!"

"This is mine!"

Lu Zixuan curled his lips and walked forward.

He casually threw a bag on the floor.

"Hmph, I want to see how many Demonic Beasts he killed!"

Steward Wang sneered in his heart.

"Haha, how many Demonic Beasts can a trash kill?"

Dong Hu's gaze also turned cold as he said gloomily.

"Steward Wang, don't worry. What that brat killed must be Demonic Beasts all under the fifth rank."

"Maybe even some wild beasts."

"Haha!"

"Don't embarrass yourself. Quickly get out of here!"

Some of the Cultivators who wanted to show good will to Dong Hu and Steward Wang said with mockery.

Lu Zixuan stood on the side and looked indifferently.

"Stupid people just laugh now.

I'll see how you guys laugh later!"

"This ..."

"Lu Zixuan, how dare you cheat!"

As the package opened, a strong stench of blood spread out, bringing with a violent aura.

The contents of the bag were scattered on the ground.

There were the claws of Demonic Beasts,
the teeth of Demonic Beasts,
and the eyeballs of Demonic Beasts.

The moment Steward Wang saw them, his expression froze.

Immediately after, he shouted out, and the Genuine Qi on his body rolled.

"This is impossible!"

Dong Hu's expression also changed.

"What's going on?"

The Inner Sect's Elder Li also looked over, frowning.

"Elder Li, this disciple dares to cheat!"

A dark killing intent flashed across Steward Wang's face.

"A Rank One Demonic Beast of warrior level? And there's even a Rank Two Demonic Beast of warrior level? "

Elder Li walked up and looked at those things on the ground. His brows trembled.

Warriors!

All those things were from Demonic Beasts of warrior level!

Among them, there were even stuff from two Demonic Beasts at Rank Two of warrior level.

"Impossible!"

"He's just a piece of trash. How could he possibly kill those Demonic Beasts of warrior level?"

Dong Hu also shouted, afraid that his first place would be taken away.

"He must have cheated!"

The rest of the people were also shocked.

And then ...

they cried, firmly disbelieving.

"Lu Zixuan. Those who cheat during the assessment, will be expelled from their sect and all of their cultivation will be abolished!"

"Obediently receive your punishment!"

The Genuine Qi surged. Steward Wang had his five fingers formed a claw for destroying Lu Zixuan's cultivation.

"Pah!"

"God damn. I've tolerated you for a long time, yet you still dare to say that I cheated?"

"Cheating? F * ck your mother!"

Lu Zixuan slapped Steward Wang, sending him flying.

"A Warrior at the First Rank!"

Before people could figure out, Lu Zixuan had already sent Steward Wang flying with a slap.

Those people sucked in a breath of cold air.

He was a Warrior at the First Rank?!
