"The large gift pack, open!"

At Mount Yuhua.

Lu Zixuan impatiently opened his large gift pack.

"Ding!"

"Congratulations to host 'Lu Zixuan' for opening the large gift pack."

"Ding!"

"Congratulations to host 'Lu Zixuan' for obtaining 1000 points of Exchange Value."

"Ding!"

"Congratulations to host 'Lu Zixuan' for obtaining the 2000 Genuine Qi Points."

"Ding!"

"Congratulations to host 'Lu Zixuan' for obtaining the Smithery. Would you like to learn it?"

"Ding!"

"Congratulations to host 'Lu Zixuan' for obtaining the Profound and Extreme Fire."

"Ding!"

"Congratulations to host 'Lu Zixuan' for obtaining the Forging Illustrating book of the God-slaying Sabre. Would you like to learn it?"

"Damn!" "Holy sh * t!"

"Profound and Extreme Fire!"

"The Forging Illustrating Book of the God-slaying Sabre!"

"Wonderful!"

A series of system beeps appeared in his mind.

Lu Zixuan had gone completely crazy.

"Check the system!"

Everything else was fine, but the Profound and Extreme Fire and the Forging Illustrating Book of the God-slaying Sabre made it impossible for him to calm down.

"Profound and Extreme Fire, a Yellow Level Fifth Grade flame, can swallow other flames and raise its own grade!"

Note: Profound and Extreme Fire can attack, forge weapons, engrave formations, and refine pills

Note: Profound and Extreme Fire, of the Yin nature, produced under Netherworld.

A dark flame loated in his palm.

"Holy shit, awesome!"

"Check the Forging Illustrating Book of the God-slaying Sabre!"

"The Forging Illustrating Book of God-slaying Sabre, able to forge the God-slaying Sabre."

Note: [The Forging Illustrating Book of the God-slaying Sabre], can forge the Divine Level God-slaying Sabre at most.

"Awesome!" "Awesome!"

After checking the system, Lu Zixuan laughed out loud.

"With my current strength, there's no possibility of forging the Divine Level God-slaying Sabre."

"But if I raise my Smithery, there won't be much of a problem to create a God-slaying Sabre at Yellow Level."

"Learn Forging Illustrating Book of the God-slaying Sabre!"

"Learn the Smithery!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for learning Smithery. Pro ciency: 1/100. Do you want to increase your Pro ciency?"

"Ding!"

"Congratulations to host 'Lu Zixuan' for having learned the Forging Illustrating Book of the God-slaying Sabre."

"Increase Smithery Pro ciency!"

Lu Zixuan learned the Smithery and used the Exchange Value to level up his Pro ciency crazily.

He directly pushed the Smithery up to the First Grade of Yellow Level.

"Now that I have become an Inner Sect disciple, I can move to the cave created by the Mount Yuhua and cultivate there!"

"Arrays have been set up in those caves, so they are full of Spiritual Qi of Heaven and Earth!"

"Inner Sect disciples enjoy many resources, and I must make good use of them."

"On the Martial God Land, the respect one receives is decided by the strength. I am not strong enough now, and I have to work hard!"

"Girls, wait for me!"

He began to imagine himself surrounded by girls and towering over all the geniuses.

Lu Zixuan planned to move out from here.

"Senior Brother Lu, I heard that you obtained first place in the Inner Sect Assessment, is that true?"

Just then, Zhang Heng hastily pushed open the door and ran in.

He was panting and beaming.

"Haha, that's right."

Lu Zixuan laughed.

His gained a lot this time, and he even had his revenge successfully, making him in a very good mood.

"Congratulations Senior Brother Lu!"

Zhang Heng congratulated.

"Junior Brother Zhang, it's good that you're here. Let's go to the cave together!"

Lu Zixuan said.

"Go to the cave together?"

Zhang Heng opened his eyes wide.

Every one of those caves were incomparably precious and could help the Cultivators cultivate.

No Cultivators would want to share his cave with others.

Because that would mean a portion of the Spiritual Qi of Heaven and Earth in the cave being taken away.

"Of course!"

Lu Zixuan nodded.

He did not care about the little bit of Spiritual Qi of Heaven and Earth in the cave.

With the upgrade system here, what was the cave worth?

"Senior Brother Lu, I ..."

Without waiting for Zhang Heng's retort, Lu Zixuan pulled him and walked over.

On the Mount Yuhua, many caves were opened up.

The closer the cave was to the top of the mountain, the denser the Spiritual Qi of Heaven and Earth in the cave became.

"Senior Brother Lu, which cave are we going to?"

Zhang Heng followed Lu Zixuan, and after arriving at the cave, he asked.

"Of course we choose a good one!"

There were also differences between good and bad caves.

However, most of the good caves had already been occupied.

"I have just entered the Inner Sect, so I had better keep a low profile. I should just choose from the caves occupied by the Martial Warriors of the first rank!"

"Eh, this one is not bad!"

In the end, he chose a cave and walked over with large strides.

"Senior Brother Lu, there's already someone in this cave."

Zhang Heng reminded.

"It's fine. I can just snatch it away. As long as nobody is getting killed, the sect will not interfere."

"Peng!"

Lu Zixuan laughed, and then kicked out.

He wasn't worried at all about the matter of robbing a cave, which happened quite frequently.

"Senior Brother Lu, I'm worried about you."

Zhang Heng was worried, but he was already too late to stop Lu Zixuan.

"Just entered the Inner Sect, and dared to come and snatch the cave?"

"Kid, are you tired of living?"

From the cave, a Cultivator walked out with a murderous aura.

"Heh, he has a stubborn temper!"

"Nine Slashes of Gale!"

Lu Zixuan's long blade slashed out.

"Whoosh!" "Whiz!" "Whiz!"

As the blade descended, the Cultivator's pupils shrank.

"Brat, since you're courting death, I'll let you know how powerful I am!"

The man bellowed, thrusting out his long sword, which transformed into Sword-light that covered the sky.

"Dragon Claw Hands, break for me!"

The Genuine Qi condensed six dragon claws and grabbed over directly.

"Crack!" "Ka-chai!"

"You're not very powerful?" This place is mine now! "

Under the Dragon Claw Hands, the Sword-light was violently clawed to pieces.

That person vomited blood and fell to the ground.

"Just you wait!"

That person glared fiercely at him before turning around to leave after saying those words.

"Will there be any problems, Senior Brother Lu?"

The man left, and Zhang Heng asked worriedly.

"He's just Martial Warrior of first rank, there's no need to worry."

Lu Zixuan said indifferently.

All the caves he was choosing from were occupied by Martial Warriors at the first rank.

He intended to keep a low profile for now. After all, a First Rank Martial Warrior was considered to be at the bottom in the Inner Sect, and didn't have much backing.

When he became fully aware of the situation here, he could take over the other caves.

"Wow, the Spiritual Qi of Heaven and Earth here is so dense. One day of cultivation is equivalent to three days outside!"

Zhang Heng exclaimed after entering the cave.

"Junior Brother Zhang, you should cultivate hard here. I will first make a trip to the Martial Pavilion!"

"After that, I'll head to the Blazing Flame Valley and comprehend the Raging Fire and Sun Chasing Fist before the Blazing Flame Monolith!"

Lu Zixuan looked inside the cave.

After saying the words to Zhang Heng, he left the cave.

After becoming an Inner Sect disciple, one will have the opportunity to choose a cultivation method and a martial skill from the Martial Pavilion.

As the first place of the Inner Sect Assessment this time, he also had a chance to comprehend the Raging Fire and Sun Chasing Fist.

Even though there was still an overpowering system.

To exchange for a martial skill, doesn't one need to spend the Exchange Value?

Moreover, the system's martial skills and cultivation methods were all extremely expensive!

"Show your identity token!"

Arriving in front of the Martial Pavilion of Mount Yuhua, an elder guarding here said.

"Disciple Lu Zixuan is here to choose a cultivation method and a martial skill!"

Lu Zixuan handed over his identity token.

"Go inside. You can stay inside for at most an hour. Choose from the first level, and come out as soon as you finish."

The elder explained after checking the identity token.

"Thank you elder!"

Lu Zixuan anxiously entered the Martial Pavilion.
