

C27

"Kid, are you sure you are still alright?"

Jiang Bo came back to his senses and asked uncertainly.

You've already fused with one ball, do you still want to continue?

Is it really okay?

This is the Essence of Earth re, not some ordinary flames!

"Of course I can!"

"It's just fusing with some balls of Essence of Earth re."

"It's very simple!"

Lu Zixuan waved his hand and said indifferently.

The Essence of Earth re was indeed great things.

If it was himself, he wouldn't be able to get any.

It was even impossible for him to get close to the edge of the magma pool.

Not to mention binding the Essence of Earth re.

Now, he had a free helper.

He had to make use of it!

"..."

Jiang Bo's mouth twitched a few times.

His self-confidence had been blown.

Gritting his teeth, he came to the side of the magma pool and attacked the Essence of Earth re.

"Ding!"

"Congratulations to host 'Lu Zixuan' for obtaining the Essence of Earth re at the Seventh Grade of Human Level. Do you want to fuse it with the Profound and Extreme Fire? The fusion requires 1800 points of Exchange Value."

"Fuse!"

"Congratulations to host 'Lu Zixuan' for successfully fusing with the Essence of Earth re!"

Within the magma pool, the Essence of Earth re left were lower in terms of grade compared to the one he had obtained earlier.

The points of Exchange Value required were also fewer than the previous one.

"Elder, let's continue!"

Lu Zixuan said loudly.

"Come here!"

Jiang Bo was already extremely shocked.

He continued to attack those Essence of Earth re.

"Ding!"

"Ding!"

The balls of Essence of Earth re were being fused with the Profound and Extreme Fire.

"Elder Jiang, do your best!"

"Let's try again!"

"There must be other Essence of Earth re left inside!"

Within the magma pool, all the Essence of Earth re were captured and fused.

Lu Zixuan was not done and continued to look towards the magma pool.

"More?"

Jiang Bo was completely speechless.

"The more Essence of Earth re my Profound and Extreme Fire fuses with, the stronger it will be."

"When the time comes, forging the weapon will be even easier."

Lu Zixuan said.

There was no need to waste such a good opportunity for him.

"Alright, let's continue!"

Jiang Bo clenched his teeth and said.

He took out another handful of Flaming Flower from his bosom.

"Wait!"

Lu Zixuan anxiously said.

"What's wrong?"

Jiang Bo did not understand.

"It's a bit of a waste to use it like this, let me do it."

Lu Zixuan coughed twice and then took the Flaming Flower back.

"Exchange for the Flaming Pill Recipe!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for obtaining the Flaming Pill Recipe."

"Kid, what are you trying to do?"

"This is very precious."

Holding the Flaming Flower, Lu Zixuan immediately activated the Profound and Extreme Fire.

Jiang Bo anxiously said.

"Don't worry."

"Just a moment!"

Lu Zixuan rolled his eyes and said.

What am I trying to do?

Of course, I am trying to refine the pill!

"Ding!"

"Congratulations to host 'Lu Zixuan' for refining a Flaming Pill at the Sixth Grade of Human Level (1). You have obtained 180 points of Exchange Value, 60 points of Genuine Qi, and your Proficiency of the pill-refining skill has been increased by 20!"

"Without a pill furnace, it's such a waste."

"The medical powder at the First Grade of Yellow Flower was refined to only one single pill."

"The medicinal effect has increased by five times. It should be enough."

Looking at the Flaming Pill he had refined, Lu Zixuan muttered in dissatisfaction.

"Kid, you know how to refine pills as well?"

"You even managed to refine a pill at the Sixth Grade of Human Level?"

"Without using a pill furnace!"

Jiang Bo opened his mouth wide.

His heart was in turmoil.

"I had been training the skill for fun."

"It's just my personal interest."

"Elder Jiang, let's continue!"

Lu Zixuan urged.

"Abnormal!"

It was a real blow to Jiang Bo's self-confidence. He felt that he had lived for dozens of years for nothing.

"All of you, come out!"

The Flaming Pill was directly thrown to the magma pool.

However, no flames appeared.

"Why is there no movement?"

"There should be no problem with the Flaming Pill?!"

No Essence of Earth re appeared from the magma pool.

Lu Zixuan frowned.

He was extremely confident in his pill-refining skill.

There should be no reason that the Essence of Earth re had not come out.

"Could it be that all the Essence of Earth re have been drawn out and fused?"

Jiang Bo was equally puzzled.

"Hualalal!"

Suddenly.

The magma pool vibrated with a crashing sound.

"Holy shit, they're out!"

"Elder Jiang, get ready!"

Lu Zixuan's mind shook.

There was quite a commotion, it seemed like a big boss was about to come out!

The Fifth Grade of Yellow Level?

Or the Sixth Grade of Yellow Level?

Boom!

A loud sound echoed out.

The magma pool exploded.

"This is bad!"

"There's a Demonic Beast!"

The magma pool exploded, setting off a pillar of magma that shot into the sky.

A Demonic Beast appeared.

"F * ck!"

"Motherf * cker, what the hell is this thing!"

The light screen formed by the Profound Fire Ball shook, causing Lu Zixuan to hastily retreat.

"A Demonic Beast of the Demonic General Level!"

Jiang Bo's face turned serious.

"F * ck, how did you make such a big thing!"

Lu Zixuan also scolded loudly.

"Roar!"

The Demonic Beast was like a lion, but its entire body was covered with red scales.

His eyes were blazing with fire.

"Ding!"

"Congratulations to host 'Lu Zixuan' for discovering the Fire Kylin Lion, a descendant of kylin!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for triggering the side quest of the Nine Yang Divine Arts - The Mission of the Fire Kylin Lion!"

"Mission accomplished. Reward 200000 points of Contribution Value, 100000 Genuine Qi Points."

Note: The Fire Kylin Lion is a descendant of the Fire Kylin, and it has consumed the Kylin's Fire of Vital Spirit.

Note: You can obtain the Kylin's Fire of Vital Spirit after killing the Fire Kylin Lion.

"The Kylin's Fire of Vital Spirit?!"

"Elder Jiang, let's go!"

"Kill it!"

"The Beast Fire in its body is stronger!"

Hearing about the system beep, Lu Zixuan had no intention to leave.

He shouted.

His spirits were lifted, and his eyes shone brightly.

The Kylin's Fire of Vital Spirit!

One of the side quests of the Nine Yang Divine Arts!

He had to complete it!

Moreover, the rewards he would receive would be too much!

"Kill it?"

Jiang Bo's body shook and he almost vomited blood.

A Demonic Beast of the Demonic General Level, do you think we can just kill it easily?

"Roar!"

The Fire Kylin Lion rushed over with the burning hot magma.

"Qi Burst Pill!"

"I have a Qi Burst Pill here!"

Lu Zixuan shouted.

"Qi Burst Pill?"

"Kid, remember to help me forge treasures in the future!"

Hearing the Qi Burst Pill, Elder Jiang clenched his teeth, waved the Great Hammer and charged forward.

"Wait, let me level up the Qi Burst Pill."

The Great Hammer was waved, raising a strong wind.

Jiang Bo started to fight with the Fire Kylin Lion.

Lu Zixuan took out all of the Qi Burst Pills on him.

"Refine!"

"Ding!"

"Congratulations to host 'Lu Zixuan' for refining a strengthened Qi Burst Pill at the Sixth Grade of Human Level (1). You have obtained 180 Exchange Value, 60 Genuine Qi, and the alchemy Proficiency + 20!"

Note: The strengthened Qi Burst Pill can increase one's strength by 50% in a short period of time.

Note: The strengthened Qi Burst Pill will lead to longer rebound time after consumption. Within half a day, one will lose all the strength. Within ten days, one will stay in a weakened state.

"Elder Jiang, catch!"

After the strengthened Qi Burst Pill was refined, Lu Zixuan immediately threw it over to Jiang Bo.

"Bastard, go to hell!"

Jiang Bo swallowed the strengthened Qi Burst Pill in one gulp.

His Genuine Qi increased by more than half, and he let out a loud shout.

"Rumble!"

The battle between Jiang Bo and the Fire Kylin Lion was too fierce and violent. Only after more than ten minutes did it stop.

"Elder Jiang, let me do it!"

The scales of that Fire Kylin Lion had shattered into countless pieces, and it was on the verge of death.

Just then, Lu Zixuan shouted out.

Fuck, I have waited so long just for this moment!

Attack!

For the reward!

Rage Killing!

Sword Qi Storm!

Dark poisonous fog!

Profound and Extreme Fire!

Raging Fire and Sun Chasing Fist!

He used all his trump cards!

Boom!

As the attack descended, it completely engulfed the dying Fire Kylin Lion.
