

C29

"I'll go and Lao Jiang half a month later. Before that, I'll go enhance my strength first."

After separating with Jiang Bo, Lu Zixuan went straight to the Mission Pavilion.

The Mission Pavilion was the place where the Azure Yang Sect issued missions.

Here,

Inner Sect disciples of the Azure Yang Sect could accept various kinds of missions.

After completing those missions, they would be rewarded.

Mission of Black Wind Valley: Kill 300 Black Wind Wolves and obtain their wolf teeth.

Mission Description: Black Wind Wolves are at the Ninth Grade of Martial Apprentice. The reward for completion is a martial skill book at the Eighth Rank of Human Level.

Mission of Bandits: Kill the bandits surrounding the Little Stone Town.

Mission Description: ...

"There are indeed quite a lot of missions?"

In the Mission Pavilion, the missions were hung on the wall one by one.

Lu Zixuan looked at those missions, wondering which one to accept.

"Big Brother Lu, you are here too!"

At this time,

A shout suddenly rang out.

"Lingyue?!"

Lu Zixuan turned his head and saw Bai Lingyue.

The big chest girl!

Long time no see!

"Big Brother Lu, congratulations on becoming first in the Inner Sect Assessment!"

Bai Lingyue was ecstatic.

"Haha, haven't you also become an Inner Sect disciple?"

Lu Zixuan laughed.

The Pill Cauldron Peak, the Fire Melting Mountain and the others had different content in their Inner Sect Assessments.

Take the Pill Cauldron Peak as an example, their assessment task was to refine pills.

"Junior Sister Bai, who is this person?"

"Let's hurry up and accept the mission."

"Don't let an insignificant person delay us."

Beside Bai Lingyue, there were several others.

One of them said with some disgust, as he looked at Lu Zixuan with eyes full of warning.

"Lingyue, why is there a dog barking?"

"It's so noisy."

Lu Zixuan scratched his ear and said.

"Huh?"

"Dog barking?"

"No?"

Bai Lingyue was startled, and asked in confusion.

Dog barking?

Why didn't I hear it?

She listened carefully and looked around.

"Yes, of course."

"Eh, I'm sorry, I heard it wrong."

"So, it turns out that this person is speaking."

"Lingyue, who is this, why does he sound like a dog barking?"

Lu Zixuan had a face full of certainty.

Then, he looked at the Cultivator, and acted as if he had suddenly realized something.

A cold smile appeared on his face, and he even grabbed onto Bai Lingyue's little hand.

F*ck you, you dare to say I am insignificant?

And you look at me like that?

I knew this big chest girl first.

You dare to snatch her now?

"You!"

That person was furious.

Especially when he saw Lu Zixuan grab Bai Lingyue's hand.

His face was like a dark sky.

"Big Brother Lu, stop messing around."

"This is Yun Qishui, Senior Brother Yun, we are also here to accept a mission."

"Senior Brother Yun is very powerful, he's already a Martial Warrior of the Fifth Rank!"

"Big Brother Lu, why don't you come with us?"

Bai Lingyue's face was slightly red.

But she didn't take her hand away.

Instead, She asked expectantly.

"Junior sister Bai, your Senior Brother Lu must have other missions."

"Let's not disturb him."

Yun Qishui anxiously said.

He looked at Lu Zixuan with warning in his eyes.

"I'm fine!"

"I haven't accepted any missions yet, so let's go together."

Lu Zixuan sneered in his heart.

F*ck,

You want to rob my big chest girl?

Dream on!

"Mhmm!"

"Senior Brother Yun, Big Brother Lu did not accept any missions, so we can go together now."

Bai Lingyue, who was still a little disappointed a moment ago, said excitedly.

"Junior Sister Bai!"

"Our mission this time is very dangerous, he is not an alchemist. I'm afraid we won't be able to take care of him then."

"If he dies inside..."

Hearing that, Yun Qishui became even more anxious.

He had liked Bai Lingyue for a long time, how could he not be anxious when he saw that someone trying to compete with him?

"With Senior Brother Yun and the other senior brothers and sisters, I'm sure it will be fine."

"Senior Brother Yun, with your strength, you definitely won't let anything bad happen to Big Brother Lu."

Bai Lingyue said.

She didn't notice Yun Qishui's gloomy expression at all.

"You want us to take care of you?"

"Humph!"

"Brat, since you are courting death, don't blame me for this!"

However, Yun Qishui's eyes were cold.

He thought to himself.

"Lingyue, what kind of mission are you going to accept?"

Lu Zixuan glanced at Yun Qishui for a bit before retracting his gaze.

That sort of scum wanted to kill him.

Did he really think that he was so awesome?

If he had the time, he might as well chat more with the big chest sister.

A Martial Warrior at the Fifth Rank, how awesome was that?

It wasn't like he hadn't killed anyone like this before!

"It's the mission of Ghost Swamp. After completing the mission, we can go to the Flame Tower to obtain the flames."

"There are quite a few flames in the Flame Tower. It would be of great help to us if we could get those flames."

Bai Lingyue said.

"The mission of Ghost Swamp?"

"Not bad, I can take the chance to kill some ghost spirits and increase my strength."

He had just seen the mission of Ghost Swamp.

That place was just enough to satisfy his needs.

"Let's go."

After accepting the mission, Bai Lingyue said.

"Within the Ghost Swamp, there are a lot of ghost spirits."

"Those ghost spirits are very difficult to deal with. After entering, we must be careful!"

"The mission of Ghost Swamp requires us to find the ghost spirit grass, which is our goal of this journey!"

The group entered the Dawn-shroud Mountain Range.

Four days later, they arrived at the edge of the Ghost Swamp.

Looking at the floating layer of mist above the Ghost Swamp, Yun Qishui asked.

"After entering the Ghost Swamp, we should not split up."

"Remember to be careful!"

"Those without flames should be especially careful and should not run away, otherwise you could lose your lives at any time."

"At that time, if you implicate us, don't blame me for being impolite!"

Yun Qishui looked at Lu Zixuan with disdain as a ball of red flames appeared within his palm.

"Senior Brother Yun's Scarlet Flame is at the Ninth Grade of Human Level."

"If those ghost spirits touch it, they will definitely die!"

"With Senior Brother Yun here, we can definitely find enough ghost spirit grass!"

The others said in a little envy.

"Haha, although my Scarlet Flame is not bad, it is far inferior to Junior Sister Bai's Crystal Pure Flames at the Third Grade of Yellow Level."

Yun Qishui showed some complacency on his face.

He looked at Bai Lingyue fawningly.

"Junior Sister Bai's talent is so rarely seen, and she is actually able to fuse with the Crystal Pure Flames at the Third Grade of Yellow Level. Her future achievements are immeasurable."

The others couldn't help but nod.

"Seniors, let's go in."

"Senior Brother Lu, you aren't an alchemist. You don't have any flames in your body, so you must follow me closely."

"Sizzle sizzle!"

A ball of flames also appeared in Bai Lingyue's hand.

The moment that ball of flames appeared, the surrounding temperature immediately rose.

She said seriously.

"Don't worry, everything will be fine."

Lu Zixuan nodded.

His gaze paused on the flames of everyone.

"Brat, continue acting cool!"

"You think your Scarlet Flame at the Ninth Grade of Human Level is very powerful?"

"I'll swallow it later!"

Lu Zixuan thought in his heart.

He followed behind the group and did not reveal his Profound and Extreme Fire.

The mission of Ghost Swamp required obtaining the ghost spirit grass here.

Because there existed ghost spirits here, it was extremely dangerous for normal Cultivators to come here.

However, those ghost spirits could also be restrained by certain things.

For example, flames, lightning, etc.

The Pill Cauldron Peak was full of alchemists, and one would be able to fuse with a ball of flames after becoming an Inner Sect disciple.

With those flames...

this place was much less dangerous for them.
