### Chapter 51 Extraordinary Man "Leon! You!"

Sucyanti turned red in anger and embarrassment.

She realized she is encountering an enemy.

No man has ever gone up against her, neither in the capital city nor in Oregon.

But Leon didn't only break her walls, he toyed with her because of her fame. This sent her into flaming rage.

Sucyanti felt Leon had a wild background, he is mysterious and daring at the same time. She has no idea what magic he is using, but she is not going to mess with him for the time being.

"Please keep quiet. Can't you see I'm having tea with this graceful lady?" he said referring to Rachel.

Rachel put down her cup and blinked her doe-eyes twice as what Yenni said earlier came to her mind. She figured that the beautiful woman arguing with Leon is the rich woman Yenni was talking about.

Yenni accused Leon of relying on rich women for money, but Rachel didn't believe her. But from the way she saw Leon taunting Sucyanti, her beliefs are solidified.

"Leon, you used tea for acupuncture... was it true?"

Rachel studied modern medicine, but she also took extra classes on traditional medicine which gave her an understanding on the function of acupuncture points.

Only, this is the first time she saw liquids used in acupuncture.

“Rachel, believe me it is true,” answered Leon.

Believe it and its true. That’s what his mouth said repeatedly, but she can’t seem to comprehend.

The key to the tea acupuncture was in Leon’s power.

The acupuncture technique pays attention to speed and accuracy.

After the correct side is located, and with the right amount of power, the points will be hit regardless its depth.

Leon combined his acupuncture techniques with the art of self-defense. He formed the column of tea to relay enough pressure to stimulate the acupuncture points.

Rachel believed Leon wouldn’t trick him. She felt that Director Ezra’s dislike towards Leon might have something to do with his treatment technique. Her mother’s recovery might also be related to Leon.

Rachel was deeply moved and told herself, “What a humble person Leon is... During these four years he’s never shown his true healing abilities. It seems his rich friend has benefited from his therapy!”

Leon has immense knowledge on a wide array of subjects, but it would be innappropriate for him to show it off in Oregon.

Sucyanti went back to sit alone and drink tea. Her emotions made her say too much and she can't stop mumbling about Leon's unimaginable feat.

At the same time, a spy Dani sent to the teahouse came back with his reports.

"What? He kissed with the Wibowo family's heiress?!" Dani showed a serious expression.

He thought Leon is Indra's grandson-in-law, but why did he take another girl for a walk? What a huge trouble that would be! Are the youngsters nowadays living too freely?

"No, Sir. They did not. They had a quarrel."

"Oh... a quarrel." What Dani misheard made him feel awkward. He then pushed for details, "Is it an ordinary quarrel, or a quarrel between lovers?"

"They didn't like seeing each other, Sir. And he splashed tea at Ms. Wibowo."

"Is that for real? How could he? Anyways, the Wibowos are a reputable family in the capital city..." Dani was taken aback.

"Yes, it is Sir!"

Dani became intrigued. "Go back and find out more about him! Time is running. Call me if anything changes!"

He furrowed his eyebrows in thought and said to himself, "How could he spray water at Indra's granddaughter? Let Indra find out, and when the time comes, he will surely be finished off!"

## Super Rich Man by Kiang Chapter 52

### Chapter 52 Do you not recognize me

Dani only has less than seven minutes from Leon's given time.

Leon was struck with boredom while Rachel went to wash her hand at the toilet. He pulled out his phone and played games to kill time.

He is not interested in popular games; he prefers solving riddles.

Thinking the tea house is pretty clean, but it made Leon disappointed instead.

A couple walked across him.

The man spoke to Leon in an arrogant manner, "I want your seat!"

A waitress noticed the situation and appeared to direct the couple.

"Mister, this is not the only table available in the teahouse. Please follow me and I will find a place just as comfortable for you."

The man became upset. "You must be a trainee! This table is mine. I come here every week!"

The table Leon and Rachel occupied is next to a window offering an unobscured view of the garden outside. Drinking tea while enjoying the view are two wonderful things.

The only problem is, there is no rule about table ownership. First come, first served.

“Sir, there are several other window tables with views just as great. I will arrange them for you,” the waitress persuaded.

The waitress didn't ask Leon to move from his seat. First, it's not her decision. Second, the man's ridiculous request will destroy the teahouse's reputation.

“You pheasant! Don't you have eyes to see? Do you not recognize me, huh? I am Bagas, and since when can you push me around?”

The man named Bagas stared and was going to slap the waitress as he shouted at her.

But when he was about to swing his hand, Leon caught his arm from where he calmly sat, not even standing up.

Leon's left hand caught Bagas's arm, while his right hand moved the chess pieces on his phone screen; his focus stays unbothered.

“What kind of man are you to hit a waitress? Life is easy, why make it difficult?” Leon lifted his head while still paying attention to his chess game.

Bagas was overcome with anger. He has spent over a month in Oregon; if he is going to beat someone up, no one is going to stop him.

“Do you want a beating too? Alright, come here!” Bagas provoked Leon at the sight of him playing on his phone.

A cold smile crept on Leon's face. “I suggest you get out of here while you can still avoid torture,” he calmly said.

“Hahaha! Is that a joke? You’re just a boy playing Gomoku, and you tried to threaten me? Your brain can only play chess!” Bagas said arrogantly, showing his dominance over Leon.

Leon can’t help but feel entertained by Bagas.

Clearly it is a game of Go, not Gomoku. Although both are black and white, Gomoku is played in a closed field, whereas Go are chains. A big difference.

It seems Bagas likes to show off his shallow intelligence about Gomoku.

“This is a game of Go. With your shallow brain, I bet you don’t even know the game rules. Gomoku is a relaxing game whereas Go requires high IQ which I don’t think you imbecile have.”

Leon didn’t feel like explaining too much. As a new player in the network, he is torturing a local player with his strategy and garnered the attention of fellow players.

“Are you making fun of me? During my time in Oregon, no one dared to insult me. You’re the first and the worst!”

Bagas stared at Leon menacingly.

The woman beside Bagas said in a clingy voice, “My hubby, dear, please settle it quickly... We still have shopping to do after tea. You’ve promised me a Hermes bag and a Patek Phillipe watch, don’t forget it, ok?”

Bagas smiled and wrapped his arm around the woman’s slim waist. He turned to the waitress and his expression changed in a second. “Call your manager! Get Ardi here now!” he barked.

The waitress's face turned pale out of fright, and quickly disappeared to call her manager. It seems he is not an ordinary man!

## Super Rich Man by Kiang Chapter 53

### Chapter 53 Are You Related?

While the waitress went to summon the manager, Leon calmly focused on finishing his game of chess.

Bagas and his lover stood arrogantly in front of Leon with a condescending look.

“That’s brave of you to snatch my husband’s table!”

“Linda let’s wait for Ardi and I will kick this boy out. Just wait for the show!”

Not long after, the teahouse manager came to them. He smiled once he recognized Bagas.

During the last few months, Bagas would visit the teahouse every two or three days and order their most expensive tea.

Although he had previously never heard of Bagas, Ardi knew he came from the capital city. He came to Oregon after his sister and funded the development of a theme park and other projects in Sunter Lake.

He shocked Oregon’s business district, thus leading to speculations that he is a powerful executive in the capital city. Beyond that, Ardi doesn’t know any further details.

“Mr. Bagas, please don’t be angry, I will find a good table just for you,”  
Ardi said with respect in his voice.

“Out! I want his seat! Bagas angrily insisted he kicks Leon out.

With his lover beside him, Bagas felt powerful and wanted to show off his strength.

Ardi knew Bagas will not stir up trouble. Only the rich come here for tea, or at least the son of a rich man. No poor man will visit Oregon’s most famous teahouse.

Ardi thought it would have been better to not offend both sides during the final moments.

But Bagas was very angry and has no intention to back down. His immense rage is not going to let anyone stop him.

Ardi has no other way out. He looked at Leon.

“Excuse me, Mister, would you like to switch places? I will find you another table so that you both can enjoy tea,” he offered.

“No.” Leon lightly tapped on his phone screen, causing a black piece to move.

Ardi tried to persuade him, “Let’s choose the peaceful way, Mister. Giving up your seat isn’t a big deal and there is no loss in doing so. As a real man I believe you understand.”

“I said no.” Leon said firmly as he moved another black piece.

Ardi became upset at the situation; he tried to persuade Leon for his own good. Bagas has a mysterious origin, said to be related to the gangster mafia of the capital city. Leon might end up dead trying to fight him.

“Mister, I beg for your cooperation, please don’t make me force you. Please give up your seat to Mr. Bagas. If you offend him, then you will have to bear the consequences yourself!” Ardi stared at Leon sharply.

“I will not.” Leon’s attitude remains unchanged until the end.

If his opponent is elderly or disabled, Leon would gladly give his seat up. But the person he is facing is healthy and strong, added with an arrogant attitude. Leon has no reason to give in!

“Security! Security!” shouted Ardi loudly.

“Is it even necessary to call the security?” Leon didn’t even bother lifting his head.

“Oh! Do you want to practice with me? I graduated from a martial art school!” Ardi shook his head, flicked his arms and moved his muscles to warm up.

“Practice with you? So not worth it!” Leon said with coldness in his voice.

“You bastard!” Ardi shouted as he swung his fist to punch Leon.

Leon caught his wrist with only one hand. He slowly turned, and Ardi’s wrist gave out a click; he sprained his wrist!

Ardi grimaced and shouted from the immense pain, attracting all the security guards at the teahouse.

He saw Leon's fierce gaze and shrunk in doubt.

## Super Rich Man by Kiang Chapter 54

### Chapter 54 Get away from here

"Your wrist is now sprained. If you still don't understand my generosity, I will cut off your head!"

Leon's intimidating aura sent Ardi shuddering in fear.

Ardi didn't expect Leon is trained in self-defence.

"You... stirred up trouble on Oregon Avenue. Our teahouse owner and the Dani family are closely tied, and this teahouse is leased by them. Are you not afraid of provoking the Dani family?"

Dani family?"

Leon smiled smugly.

Leon has clashed with members of Dani's family; he has confronted them multiple times, to say the least.

At the same time, a few questions appeared in Leon's mind.

The Danis relied on the Williams family for funding. Lately, the Dani family, especially their grandchildren, have been abusing their power in Oregon. It's time to discipline their behaviour.

If they cannot be disciplined, all the Dani family members will be punished to clean the public restrooms for a month in order to taste the bitterness of life.

“Stop using the name Dani as your shield!” Leon said coldly. “Get away from here if you understand what I said!”

If Ardi isn't going to obey Leon, his head will surely fall off!

Sucyanti sat at her place and looked at the spectacle from afar. She finally opened her mouth.

“You, Ardi, the teahouse manager. I say you better leave, or I will have you fired!”

She pulled out her phone and displayed the teahouse owner's number on the screen.

Sucyanti and Leon are enemies. Although she enjoys seeing Leon stirring a commotion, the situation is different this time.

On the other hand, she is disgusted by Bagas's rude and arrogant behaviour as if he is a winner.

Sucyanti is not bad by nature, but she can't match Leon on a cognitive level.

The reason she helped Leon this time was not because of his kindness, but because she felt Bagas has a disgustingly poor attitude.

Ardi felt weak. The woman in front of him isn't going to fight him either, right?

Bagas's lover glanced at Sucyanti with a boring look.

“You shameless woman! What right do you have to speak?”

Sucyanti's expression started changing. Her bright and petite face grew tense. She stared at Bagas's lover with anger as she stepped forward towards her.

Bagas's lover felt she had the upper hand and stood with her arms crossed. She underestimated Sucyanti.

But to her surprise, Sucyanti landed a hard slap across her face.

“Slap!”

“I'll tell you once. I am Sucyanti, granddaughter of Indra, heiress of the Wibowo family!”

Whoever dares to disturb her must pay the price.

The woman was dazed. She was already ridiculed and insulted by Sucyanti, and still received a slap to her face.

Sucyanti turned to Ardi, “Your boss Randy has a strong relationship with the Wibowo family. I have known him way before you became his employee!”

Sucyanti appeared high and mighty in a way that suits her rich image. She knows how to dominate.

Bagas's lover could only hold onto her husband in a clingy manner, her face red and burning from the slap. She was utterly defeated.

“Hubby, she slapped me! Rip her mouth open!”

But Bagas didn't react. His face became tense and spoke in a serious tone, “Are you Sucyanti from the Wibowo family in the capital city?”

“Yes, it is me.” Sucyanti raised her head until her gaze met his.

Bagas became more serious after hearing her answer.

It’s confirmed!

Ardi was shocked to learn that the young woman was indeed the Ms Wibowo his boss often mentioned.

The Wibowo family is a noble and highly educated family who owns various enterprises in the capital city. Their youngest generations are also established as business owners.

He sighed in relief and thought, “Thank God I didn’t argue with Ms. Sucyanti or I could’ve lost my job. But what about the man who refused to give up his seat? What is their relationship?”

Ardi felt the problem was getting more complex. Sucyanti was willing to defend him. Their relationship must be beyond ordinary!

### **Chapter 55 The Life of the Rich is as Simple as That**

At that particular moment, Austin scolded Bryant in his heart.

“Damn it. Bryant wants to drag me into the water. I can’t afford to mess with the Williams, the provincial capital’s most prominent family.”

Although he doesn’t know the origin of Bryant, Austin is aware of the existence of a clan of Williams in their provincial capital.

As he looked at Bryant who’s currently brewing fire, Austin’s mood even darkens and his feeling is not in a good condition.

Since Tabitha is willing to stand up for the young man, it showed that the relationship between the two is unusual. He's not Indra's grandson-in-law, is it?

Austin immediately decided to get out of there.

It doesn't matter whether he'll be fired or not. After all, the dog's life doesn't matter.

"I'm sorry, everyone. I must go to the hospital. My wrist hurts terribly. Please excuse me!"

After Austin slipped away, Bryant frowned and said the dog was fast.

He glanced at Tabitha, which made him lose his previous arrogance.

Bang! A loud sound filled the air.

Bryant slapped his girlfriend Linda in the face and taught her a vicious lesson.

"You are a loser, you will make trouble for me in the future."

This guy has a strong desire for life. Before he dotes on his girlfriend, but now he slapped her in the face.

His girlfriend Linda is also a bully, but because of how abusive Bryant is, she just covered her face and dared to say nothing.

Then Bryant smiled at Tabitha and said "I've heard of you, Ms. Williams. But what I didn't know is the relationship between Ms. Williams and this person." Bryant pertained to Austin.

From the bottom of his heart, Bryant is not convinced by the forces behind Tabitha. But then, he just can't compete hastily with the Williams Family in their provincial capital, because he knew that there is still a big gap between his status and Tabitha.

"We're in an ordinary relationship and I'm not helping him. Also, I don't like you. You buzz like a mosquito and disturb my peace!"

Tabitha has always been direct, and it is the same character that she gives to everyone.

As he heard this, Bryant's face changed again. His eyebrows spread out and the corners of his mouth gently bent an arc, as if secretly delighted.

When he heard that there was an ordinary relationship between Tabitha and the boy, a stone fell to the ground at the bottom of his heart.

"it's my fault. At first, I didn't know Ms. Tabitha Williams was drinking tea here. Otherwise, I wouldn't dare to be presumptuous again. I'll make amends for you here."

With that, Bryant bowed to Tabitha.

Seeing Bryant bowed his head and apologized, Tabitha felt a little less angry. But the momentum above Bryant was still above it.

"This young lady won't accept your apology. I just don't like looking at you. I don't want to see you again. If you dare, I'll make sure you'll have nightmares for the rest of your life!"

Tabitha beeped and lectured at Bryant.

“Ms. Williams is right. I made Tabitha sick.” Bryant nodded, again and again, faked a look as if he’s sincere.

“Today, I’m not comfortable drinking this tea. Go home and swim!”

When she had finished, Tabitha left and curled her lips. She looked very upset because someone disturbed her interest in drinking tea.

As soon as Tabitha left, Bryant changed his face.

His original respectful manner was revealed that it was just a facade.

He looked at Leon, with an insidious and ferocious look and sneered. “I thought you were on Tabitha. It seems that she doesn’t know you at all!”

Leon’s attitude towards Tabitha has long been anticipated, and it is not surprising.

After all, from the beginning of their acquaintance, Tabitha looked down on him, found fault with him, and thought that his acupuncture technique was a charlatan, deceiving Indra.

With this kind of relationship, of course, Bryant didn’t care much about the safety of Leon.

However, through this matter, he found that Tabitha is not just an unprincipled and immoral woman, but also jealous and evil.

And as for Leon, he doesn’t have to rely on anyone else to get it back.

“What does it have to do with you whether I know her or not?” Leon said coldly.

His game of chess is not finished yet.

When played online games with national players, he was distracted from dealing with Bryant and others. He is very curious about how high the chess power of Leon has reached.

When Rachel came out of the bathroom, Bryant glanced at his girlfriend and then returned to his seat.

Rachel didn't know anything about what had just happened, but her perception told her that there was a strong smell of gunpowder at the scene, and it seemed that someone embarrassed Leon.

As soon as Rachel sat down, Bryant's girlfriend Linda made a mockery.

"If you have the money to come to this place for tea, why don't you have the money to buy decent clothes for your girlfriend? Look at the cheap Amazon goods your girlfriend bought. Dozens of dollars of rubbish. It's extremely shabby!"

The place she lost from Tabitha just now, she wants to get it back from Rachel.

"We are not boyfriend and girlfriend, we are just classmates." Rachel felt a little self-abased and blushed when she explained that she felt that her talents and abilities were unworthy for Leon at present.

"Oh, you haven't got it yet. I see the money hasn't been spent yet."

Linda sneered.

Leon is the most annoyed person when Linda judged the taste of his clothes. Although Linda is dressed in Burberry, she is not worthy of this upbringing at all.

Besides, if her ruthless son really wants to chase girls, he doesn't have to rely on money at all. The reason why he bought Rachel watches, jewelry, and other things, is to prepare her for the graduation party of the whole school.

Rachel is not a materialistic girl, and if she is, she wouldn't have been friends with Leon for four years.

At first, Leon was spurned by the whole school but only Rachel was willing to approach him.

“Even if she wears a sack, she is better than your Internet celebrity face. Burberry clothes? What is there to show off? As long as she and I feel simple and comfortable, we're fine.”

When Leon finished saying this, he clicked on the phone screen again and left a sunspot.

As he raised his hand, the cuff slid down, inadvertently revealing a watch.

It is a limited edition of Patek Philippe. In fact, Leon thought that this watch is ugly, but its function is to accurately report the leap year, the day, the week and the month of the day, and the mechanical perpetual calendar, which helps him to control the time of his spiritual practice.

Most people do not realize the “mechanical beauty” and thought that they are just pretending to show off their wealth. They must admit that poverty really limits their imagination.

Linda's eyes changed and her eyebrows jerked.

At this time, Rachel is still trapped in an inferiority complex. She stretched out two small hands and covered her red face.

A limited-edition Patek Philippe women's watch emerged from her white wrist.

Rachel seemed to realize this and hurriedly put down her little hand. She didn't want to guilt herself with luxury goods. She had to learn by herself if she wanted to catch up with Leon.

However, Linda cannot calm down.

These two watches are both limited editions of Patek Philippe! Linda has been acting cute for more than a month. However, her boyfriend Bryant is stingy and didn't buy it for her. She's extremely jealous to death!

Linda shut up instantly, and she no longer had the strength to ridicule Rachel and Leon. She was embarrassed to death, implied that she met two masters of pretending.

At the same time, Dani just learned from his spy that Bryant was probably the one he was waiting for.

"Are you sure that you heard me? The gentleman I'm waiting for is in the teahouse?"

"I heard you Mr. Dani clearly, I heard with my own ears that there was a man named Bryant who was very arrogant and crazy. He had just been in Fairmont for more than a month."

"That's right! The time coincides with the human setting. So, take me to where he is and I'll see him at once!"

## Super Rich Man by Kiang Chapter 56

Chapter 56 I Am the King Here

Currently, in the teahouse.

Bryant is still threatening Leon.

“Now that you don’t have Tabitha to back you up, I’ll see what you can do!”

However, Linda is honest and no longer dared to compare and show off her wealth.

Because of Leon and Rachel’s watches, only take a single out of them, one can buy dozens of Burberry.

“I don’t need her to back me up. I’m more than enough to deal with you. What kind of person are you to disturb me while I drink tea and play chess?”

Leon gently dropped a sunspot and defeated the national player he played with online.

He put away his phone, raised his head, and glanced at Bryant with a cold look in his eyes.

Leon looked up, which means he’s finally getting serious.

And the national player who lost to Leon, he’ll be afraid to know that Leon played chess while he dealt with others.

If the national players knew the truth, they would probably collapse even more.

Rachel, who was seated at the opposite, was surprised to see Leon sitting still and continued to play chess in the face even after he heard a strong threat from Bryant.

She didn't expect that Leon knew chess, which is not a board game that ordinary people can play.

“Who the fuck are you pretending to be? I will crush you today! This pot of hot tea will perm your head!”

After mocking, Bryant picked up a pot of tea on the tea table and threw it at Leon.

Leon immediately noticed the movement of Bryant and rapidly reacted.

He had intended to teach Bryant how to be a man with a trick of gossip.

But just then, Rachel jumped over and used her back to block the hot tea for Leon.

It's not that Rachel is faster than Leon, but when she heard Bryant said that he wants to pour hot tea on Leon, she plunged into Leon's arms without hesitation and made her back as a barrier.

Yuck!

As soon as the hot scald was poured, Rachel clenched her lips in pain. She frowned because of the burn and her little face was wrenched, almost unconscious with pain.

Holding the warm fragrant soft body in his arms, Leon quickly took emergency measures.

He hurriedly wiped his palms on Rachel's back.

He used 10% of the cold palm to neutralize the scalding of boiling tea.

Then, he went to the middle part of Rachel's chest and use a little finger to relieve the pain for her.

After dealing with this quickly, Rachel won't leave any scars on her back.

The girl cares about her skin very much, but Rachel still dared to come forward and risk being scalded or even disfigured to block the hot tea. Which showed how important Leon is in her mind.

Leon gently put down Rachel's face and turned to Bryant who is as cold as frost.

As soon as his eyes were turned up, his gaze suddenly showed a strong murderous spirit.

“Son of a bitch!”

Leon punched Bryant in the face which instantly made his mouth and nose bleed and his incisors shattered.

It's another kick that he gave to Bryant!

If the window were a few centimeters shorter, Bryant would definitely fly out of the window.

Other people who witnessed it had no idea that Leon would suddenly become so grumpy.

Originally, Leon did not intend to spare Bryant. When he saw that Rachel was shielding her injury from the hot tea, Leon was even angrier!

This is his reverse scale. If anyone touches her, he will not just die but be crippled!

Bryant laid on the ground. He rolled with pain, cried out for his father and mother, and screamed again and again.

On the other hand, Linda was so frightened that she just stood where she was. She trembled and became speechless.

She didn't expect that her usually swaggering and domineering boyfriend was now so abused by the man who drank tea and played chess.

Bryant, who was hammered by the explosions of punch, howled madly.

"Today you hurt me, tomorrow will be your death! Do you know who my sister is?"

"I don't know, and I don't want to know!" Leon shook his head with a sneer.

Again, he never cared about the identity of the other party. He only knew those who deceived him and they will come to a miserable end!

Leon went to Bryant and gave him a slap and a kick, but it was just an appetizer for him. How could he stop before the main food was served?

But Bryant suddenly changed his tune and begged Leon for mercy. "I was wrong, please forgive me, please let me go, my sister will give you a lot of money."

“What is money ? will I need it? I will discipline you for your parents and let you know what it feels like to be in pain! ”

Leon stepped closer to Bryant.

Beneath him is Bryant, begging like a dog.

Leon was indifferent and his face looked like frost.

Just then, there was a cry of anger from behind.

“Stop! Stop it now! Otherwise, my Danielle Family will make your life a living hell with the help of the whole clan.”

Dani appeared.

When the other customers in the teahouse saw Dani coming, they immediately realized that there was a big deal.

You know the whole street is full of Dani. Danielle Family is the king of this mall!

Leon didn't turn around but sneered back to Dani instead. “Who are you ? Who are you to command me ?”

“I am the king of Fairmont Street! In this street, I have the final say. Let him go at once. It's good for both you and me!”

Dani's face is like a layer of frost and is tight It was his angriest moment in recent years.

“Dani, the older you get, the more confused you get. You might as well rip your head off and be a night pot!” Leon still turned his back to Dani, as if the elders were lecturing the younger generation.

“I’m not confused. I advise you to stop, or you and I will suffer. He’s the one I’m waiting for. You have no idea how honorable this man is!”

As early as a week ago, Dani received a notice from Morgan that the headquarters of the ruthless family group would send someone to inspect and take over Fairmont Street.

Fairmont Street is the property of the ruthless Millers Family. While Dani is just an escrow, it’s not too much to say that he is a part-time worker.

Cruel family, Houston has always had its legend. This is an immortal legendary business empire.

However, very few people have really encountered them. Even Dani, who’s the business hegemon of Fairmont is not qualified to get in touch with the ruthless family.

Not to mention their ruthless son, even if he’s a department head of the family group, it is difficult to meet each other. After all, in the business empire of the ruthless family, there are still many people of the same size as Fairmont City, and Dani is not qualified.

It has always been only a grant from the cruel family, and the Morgan family issued instructions for him to turn around the funds and take charge of the operation of the shops on Fairmont Street.

Dani didn’t know how many times in the dream does he want to meet the group headquarters. Even their group’s executive driver is not in vain this life.

The moment when he learned that the group would send someone to Fairmont City, Dani was very nervous. Aside from being excited, he feared that he would be snub by each other and arouse his disgust.

Now, Dani believes that Bryant is the one he wanted to wait for. Even if he is not a member of Millers Family who inherited a ruthless bloodline, he is from a department head of the group headquarters. He should serve him as a god.

Leon did not listen to Dani at all just even if he claimed that he is the king of Fairmont Street!

Dani has no right to command him!

Leon raised his right foot and stepped hard on Bryant's face.

When Dani saw this, he roared like crazy. "Son of a bitch! I'm tired of negotiating! I, Dani, will cut you alive today!"

## **Super Rich Man by kiang Chapter 57**

### **Chapter 57 Penalty for Ripping Off the Construction Site**

Dani is like a grumpy lion at this time.

The thick intention of killing broke out in his eyes, wanting to tear Leon apart!

However, Leon was lightheaded and calm, and his right foot was still on Bryant's face.

This Bryant will be eaten by Leon today, and I can't even keep it!

He wanted to leave a mark on Bryant's face so that he can always remember how to be a man.

A moment later, Leon took his foot away from Bryant's face.

See, a huge shoe print, incomparably clearly printed on the face of Bryant.

Got it!

Ruthless Childe's masterpiece of art!

These size 43 shoe print that is pressed on Bryant's face, also have a different artistic demeanor.

The shoe prints given to him by Leon are naturally unusual and cannot be erased, whether they are dry cleaning or water washing.

It's harder to treat than a tattoo and can't be scraped off unless you use a knife.

Dani was so angry that he never thought that Leon was not frightened by his authority and seemed to take him lightly.

This made him very confused.

The other party is not a fool, how can he turn a blind eye to the threat of a Dani? This is what Dani doesn't understand the most.

In Fairmont City, only the Wyatt family dared to challenge the local forces against the Danielle Family.

Looking at Fairmont City, his power as a member of the Danielle Family is on a par with the Wyatt Family. He also wanted to put pressure on the Thompson family, which can be naturally said to be a leader in the local consortia of Fairmont City.

On the other hand, he was on good terms with the Wyatt family and did not compete on commercial projects. He was drinking with Boss Thompson just a few days ago.

Unless it is a foreign force, Williams Family in the provincial capital is a powerful external force.

“Are you from Indra or not? It’s strange, even if they are people from Indra, they can’t help but give me Dani a face!” Dani’s face was dignified.

And then Leon finally turned around.

He sneered and said, “Mr. Dani, what do you want me to say about you? You don’t believe me, you trust this man!”

Dani was confused and haunted by doubts.

“You? What do you mean?”

“What else do you mean? I’m the one you’re waiting for today!” Leon’s tone was cold.

Today, Leon originally planned to take Rachel shopping smoothly and take over Fairmont Street smoothly according to his way.

Unexpectedly, the Danielle Family made so many moths.

Dani’s wrinkled brow gave him another sharp pick. “You!” Are you really?”

It is really unexpected to meet a member of the ruthless family group headquarters, unexpectedly wearing ordinary clothes. Especially because

of the girl he brought, who seemed to shop a dozen pieces from Amazon goods because they are cheaper.

How can this be linked to the other party's honorable identity?

"I believe Morgan informed you a week ago. Half an hour ago, I asked you to come to the teahouse to talk about it, but you questioned my identity, motherfucker!" Leon taught him a lesson.

Hmm? I can't believe he knows Morgan! It was Morgan who informed me about it a week ago. He knew it too carefully. Is this really the one I'm waiting for?! Dani thought.

Just then, Dani's cell phone suddenly rang.

Caller ID, it's Morgan!

Dani's heart thumped when he saw the name.

"Don't make a mistake! Please don't!"

Dani muttered anxiously, then turned into an empty teahouse and closed the door tightly.

There are too many eyes outside, and Dani doesn't want to do bad things.

Dani shook his hands and connected through the phone.

Immediately, the receiver answered. It was Morgan's low-pitched but dignified voice.

"Has the Dani been handed over?"

"Just. It's going on. Oh, no, just. We just met. "

“You’re so slow, didn’t you get ready a week ago?”

“I’m sorry, Morgan. I almost got the wrong guy so I took a little time.”

“Maybe because he usually keeps a low profile, but your eyesight is really poor!”

“I. I... ”

“Don’t snub him, or else there will be serious consequences!”

“Alright then. Well, Morgan, he’s in the group headquarters. What’s his position? ”

“Don’t ask what you shouldn’t ask. It’s not good for you to know too much. You just have to remember to follow his arrangement, or you will become poor in the next three generations of Danielle Family!”

“Good! Yes! I’ll be sure to obey orders! ”

“Remember! It’s a secret! ”

“I, Dani, always keep in mind that I will guarantee it with my life and fortune.”

After finishing the call with Morgan, Dani trembled. He wobbled and began to shoo.

He quickly grabbed the next chair so that he didn’t fall.

Just then, Leon pushed the door in and closed the door.

He doesn’t want a third party to know what will happen next.

When Leon calmly walked in, all Dani's nerves became tense.

"I, Dani, don't know Mount Tai. I beg your pardon!"

See, Dani plop, kneeling on his knees, bending over, the whole head, also dropped to a very low position.

Leon glanced at Dani, with a sneer he answered. "Don't be fooled with these fancy things, I said, a second later, will increase a layer of punishment!"

The word of Childe is more important than Mount Tai.

What Leon said, he realized one by one. What is said should be, there is no room for negotiation!

At that particular time, Dani was extremely nervous.

"I hope I'm not late and haven't exceeded your time. "

"You did arrive at the teahouse within the specified time, but you didn't come to me but someone else. And with that, you must be punished!"

Leon said coldly.

"I beg you to give me your hand and show mercy. I beg your forgiveness."

.....

Dani kowtowed ten times in a row, looking pale and scared out of his wits.

Whether he saw his brain or three generations were poor, he could not accept such a punishment.

Sometimes poverty is as terrible as death.

“If you came to the teahouse within the specified time, I can take back your previous punishment, but you went to the wrong person and must be punished!”

After Leon said this, Dani was drenched in a cold sweat. He trembled and curled up on the floor.

“I announce that all the three generations of, Danielle Family will go out and volunteer to clean public toilets for 10 months, help citizens sort rubbish for 10 months, help granny cross the road for 10 months, help carry bars on construction sites for 10 months, and pick up bottles from tourist attractions for 10 months!”

After Leon announced the punishment for Danielle’s Family, Dani dared not look up and speak for fear of adding a few more punishments to him.

“Do you have any objection? It doesn’t matter if you have it. I have reservations about it and I have the rights of final interpretation!” Leon smiled.

This kind of punishment is very meaningful, not only did it radiate positive energy, but also torture and humiliate the Danielle Family.

Leon was overjoyed. He was already imagining the scene of the third generation of Danielle Family going to the construction site. It must be very picturesque.

Now, Dani breathes a sigh of relief.

However, these punishments are enough for him to drink a pot.

The descendants of the Danielle Family haven't done rough work for decades. It, may seem nothing to ordinary people, but for Danielle's Family, it is a kind of inhuman torture!

### Chapter 58 Filial Piety of Dani

Leon is happy, but that's a pain in Dani's heart.

"Sir, isn't it too difficult to clean public toilets and rip off the construction site?"

"Is it big? Aunt cleaning can, uncle migrant workers can and you eat fat for nothing, so why not?"

"I..."

"If you talk any more, you will go to live in poverty. You'll go to the mountains to experience life and get up at 04:00 every morning to mow pig grass."

Leon has many ways to clean up Danielle's Family and teach them a long lesson.

"Well, I'll obey my boss' orders, but then, who will run the group?" Dani dared not to disobey.

"It's very simple. When you work during the day and go back to the office at night, the Danielle Family, especially your two grandsons, are used to being arrogant and unrestrained. Now it's up to me to discipline them so that they don't take detours." Leon sneered.

“What my informant said is that your eldest grandson Jerry is a real jerk who runs fakes. But right now, he is still in the hospital. I’ll wait for him to leave the hospital before you carry out your mission.” Dani said.

Dani, the pet grandson madman, doesn’t care about spoiling now.

“Anyway, Jerry is already a one-eyed disease, and it is not a fatal disease in other parts of the hospital. It will not take long for you to leave the hospital. Besides, Danielle Family will perform well. It is still unknown whether your family will still oversee the operation and management of the group in the future. This is an unknown. It all depends on my mind.”

Leon spoke up.

This second-tier trial task is not just about taking over the enterprise.

The aim is to examine whether the current escrow is reliable, whether he works wholeheartedly for Miller’s Family, and whether he absolutely obeys his orders.

If Leon feels that Danielle’s Family is no longer appropriate, he has every right to kick it out.

Since Millers is capable to support one Dani, they are also fully capable of supporting another “Dani.

Leon understood that this is also the meaning of the trial task.

His father taught him that this is a test of his ability to see, recognize, and employ people, and this is the stage that the heirs of the ruthless family must go through.

Like the Thompson family, Louise Thompson was also intimidated by Leon. Right now he obediently bowed to Leon, even the school bully Gerald is also obedient to him.

For now, it depends on whether the Danielle Family people keep abreast of the times.

“Sir, you are right. I have no problem with it. If there is anything else, sir, please let me know.”

In fact, Dani has been intimidated by Leon.

The reason why he is afraid of Leon is not entirely because he is afraid of the identity of Leon, but he is really shocked by the aura emitted by Leon himself.

From the moment the Richmond Pavilion refused to accept his VIP card, Dani deeply felt the difference between him and Leon, which must have experienced a great scene.

But at that time, he only thought that Leon was arrogant and did not know the nature of heaven and earth.

Later, in the face of the threat and rudeness of Bryant, he broke out from a low profile, acted decisively and just overbearingly, which made him shudder.

Dani, the de facto controlling shareholder of Diluc's Enterprise, dared not to have the slightest objection now.

“The conversation between you and me must be kept secret, and my identity must not be revealed during this period in my city of peace. As for how you explain to your children and grandchildren, it is your

business. Isn't it difficult to make up a suitable excuse?" Leon tugged at the corners of his mouth and asked with a sneer.

"It's not difficult, sir. I know what to do." Dani replied with his head down.

"When I make time, I will make a special field visit to Diluc's Enterprise. Also, there is a very serious problem on Fairmont Street. All the unhealthy tendencies of the descendants of your clan must be eradicated, and you can finish the rectification within a week!" Leon's tone became serious.

The purpose of investment by ruthless families is to make money, and it must not be destroyed in the hands of outsiders.

"Yes, sir, I'll do everything you tell me to do." Dani nodded.

"That's it. I hope you can seize this last opportunity, otherwise, there will be no more Danielle Family enterprises in Fairmont."

After he said this, Leon was ready to push the door and leave.

At this time, Dani suggested "Sir, I heard you said you wanted to buy jade jewelry for that beautiful woman. I happen to have a lanolin white jade pendant made of fine Hetian seed material. I have kept it all the time, but I have never used it."

Leon stopped and sipped gently at the corner of his mouth. "Even if you are still a little filial, the general pendant cannot enter my eyes. This jade pendant of yours, what's so special?"

“Mr. Leon, I bought this jade pendant at Christie’s auction last year for 20 million dollars. If you don’t mind, sir, you can pick it up at home with me.” Dani said.

“If it’s ordinary stuff, I advise you to think twice,” Leon said faintly.

“It is absolutely a high-quality good. Pure lanolin white jade, Jade old pit material.” Dani said seriously.

Leon nodded and answered.

If Dani is not sure, he will not offer jade on his own initiative. He can’t find himself uncomfortable.

Squeak-

The door opened.

The two walked out of the room.

Leon is in front and Dani is in the back.

The size of the steps taken by the two men was almost the same.

In the eyes of others, this is very strange.

Because Dani stared down at Leon’s steps. Every time Leon took a step, he followed.

It feels as if Dani is afraid to walk in front of Leon.

Leon was speechless. He glanced back at Dani.

Just now they agreed to keep a low profile. But as a result, Dani is like an old slave. He followed him timidly, which was easy to make people suspicious.

Dani seemed to grasp the meaning of Leon and tried to relax his taut nerves.

However, the mood of this kind of thing cannot be easily adjusted, Dani's control is a bit difficult.

"It's nothing. Let's all break up. Harmony leads to wealth."

Dani looked around and grinned with a stiff expression.

At this time, Rachel trotted up to Leon and asked with concern.

"Leon, are you all right?"

"I'm fine. Rachel just had a chat with Mr. Dani and exchanged with his collection experience." Leon explained.

Rachel's brow stretched out, and she was relieved that Leon was all right.

When she heard that Leon exchanged collection experiences with Dani, Rachel felt another wave of admiration.

"Leon knows a lot, and it is also a skill to be lucky by his own ability." Rachel thought silently in his heart.

After that, Leon and others walked out of the teahouse.

The teahouse is across the street from the Richmond Pavilion, and there are still 1/3 of the people who used to watch the hustle and bustle in the busy cabinet.

Some people have been standing there waiting to see the results, but they are really drunk.

In Italy, there is always no shortage of people who eat melons and go to the theatre.

They wondered how Dani would fix the young man, which was the topic they talked about most of the day.

When they saw that the young man walked out of the teahouse safe and sound, they were both disappointed and surprised.

It's no fun to watch. How can I brag with my family and friends when I'm drinking wine and chewing peanuts at night?

Just then, 500 meters away in the southeast of the street, there was a sound of smashing things.

It's like broken glass. It was crackling and dense.

Leon was attracted to the noise and turned around to find that it was the Patek Philippe that was sold not long ago!

## **Super Rich Man by Kiang Chapter 59**

### **Chapter 59 That's Your Little Grandfather**

"It's my shop."

Leon stared solemnly and said with a serious face.

The store was smashed!

Someone smashed the shop under his nose, it was crazy!

Without saying a word, he went straight to Patek Philippe.

At this point, Dani panicked.

He followed closely, extremely uneasy, and had a foreboding.

“I don’t know which stupid fool dared to smash my subordinate’s shop and make trouble under my nose. He was too bold. I hope it doesn’t have anything to do with my Danielle Family.”

At this time, Bryant had just got up from the teahouse and it was not clear that the big shoe marks on his face could not be erased.

After being abused by Leon, there is nothing he can do about Leon for the time being.

Bryant, who had no place to vent, slapped Linda in the face.

“Bitch, it’s all because of you! You are a scourge!”

Linda dared not respond even if she felt very aggrieved. He said that if she had not pretended to force him, he would not have been beaten by others.

The anger in Bryant’s heart did not go away.

His face was livid and his eyes were bleak.

“This boy, I’ll remember this face and I must avenge it! When my sister finds out that I have been beaten, she will feel sorry for me to death, and then I will remove his bone and feed it to the dog!”

Bryant’s sister is a little bit powerful.

More than a month ago, he got special funds from a powerful family in the provincial capital and came to Fairmont to set up an enterprise.

Recently, several projects done by his sister are in full swing.

Although it is not a local force in Fairmont, there have been a lot of pictures recently.

Only 500m away, Leon and others walked a few steps to get there.

Sure enough, the Patek Philippe store was smashed, and at the door stood more than a dozen men in security uniforms, tall, short, fat and thin.

And among these security guards is Tommy.

Yes, this guy has a palmprint clearly printed on each side of his face, which is a masterpiece of Leon's art.

Leon's face was grim and serious, and his elegant eyes opened slightly, he was not angry nor proud.

Tommy turned his head and at first, saw the anger that Leon concealed, he had held back and lit it at this moment.

"Parasites! How dare you bring it to the door? I smashed your shop, and now I'm smashing to you!" Tommy roared.

Leon does not have too strong mood swings. In his eyes, Tommy is like an ant. If he smashed up his shop, he must pay a price.

Right then and there, Dani panicked.

The foreboding just now came true at last.

He did not expect that the person who smashed the Leon store was his little grandson Tommy.

Oh, my God, you're playing a trick on me! The eldest grandson has committed a heinous crime of counterfeiting, and the little grandson even smashed the shop of the boss of the headquarters and asked me to stop Danielle Family.

Dani is full of bitterness and wants to yell at the sky, but it is out of place here.

He was so angry as if he had a side stitch and his head was buzzed. He hadn't figured out how to make amends for Leon.

At this time, Tommy was surprised to see his grandfather standing behind Leon.

He felt that it would be much easier with his grandfather, and there was someone behind him.

"Grandpa, this kid needs repair. I smashed his shop and made him learn a lesson." Tommy was also smug and thought Grandpa would praise him for his guts or something.

Unexpectedly, Dani was so angry with him that he was about to vomit blood.

"Unworthy descendants! How dare you? You take a snapshot and look in the mirror. What are you doing now? You got a tattoo on your face. You are shameless! Why don't you get a nose ring? Isn't that more handsome?"

“Hey, Grandpa, I don’t have that idea yet. If Grandpa likes it, I’ll get a nose ring tomorrow.”

Tommy was embarrassed to say that the two clear palm prints on his face were left by Leon, which he thought would embarrass Danielle’s Family.

“What an asshole, why can’t you hear me clearly? And a nose ring? If you dare, I’ll give you a discount on your leg!” Tommy roared.

The hair of the body is the parent of the recipient.

In the eyes of older people like Tommy, tattoos and nose rings are unacceptable as insulting to their ancestors.

Tommy felt embarrassed to the point that it can’t be explained. This is Leon’s hit. After all, there are a lot of people on the street, they are spread out and must be humiliated.

“No, Grandpa, I wouldn’t dare to get the nose ring. Forget about it. I’ll keep smashing the store.” Tommy said.

Just now he took the Danielle Family security guard and smashed all the glass counters in Leon’s store, but he hasn’t damaged the Patek Philippe yet.

What is extremely valuable is these luxury watches, and Tommy can’t wait to continue to destroy them to solve his hatred.

One-on-one fight, he can be defeated. He can only rely on large numbers of people to damage each other’s property.

Tommy is about to smash it in front of Leon, which is not only a kind of catharsis but also a provocation to Leon.

However, from the point of view Leon, this kind of behavior is extremely stupid.

There is no need to take a notebook to write it down, and then directly estimate the loss of the smashed store, and then let Tommy go to the construction site for one more day for every dollar lost.

“It’s just that you have such childish behavior and the construction site is very energetic in summer.” Leon sneered at Tommy.

It’s over!

It’s over!

When Tommy heard this, he knew how Leon was going to punish him.

Let his grandson, who has never experienced hardship, go to the construction site against the sun in the summer, which is even more torture than the top ten tortures of the Louisiana Dynasty!

However, his disgraceful little grandson was still foulmouthed.

“Ha ha! Smash the shop for a while, keep smashing the shop all the time! Fairmont Street is my Family’s territory, even if your shop is smashed to pieces, what can you do with me? My Danielle Family is in Fairmont City, and my hands and eyes are all over the sky so it’s useless for anyone to come and stop me!”

“Hands and eyes are all over the sky? Oh? Why didn’t I know that?”  
Leon said this to Dani.

Dani’s face was pale and his body was shaking so badly that he thought he had had a seizure of epilepsy if he didn’t know it.

This kind of remark is usually all right to brag, but in front of the boss of the headquarters, it is taboo!

How can a kitten shit on a tiger's neck?!

"No, no, no," Dani explained hurriedly.

He promised Leon that his identity would be kept secret, so he tried his best to overcome his fear, but he couldn't calm down when he heard such irreverent remarks from his grandson.

"Grandpa, what's the matter with you? Is this still you? The boy wants to be taught a lesson. Why are you getting kinder and kinder as you get older?" Tommy was deeply puzzled.

His impression of his grandfather as tough meant that he can be called an iron fist. In this part of Fairmont City, he is definitely a boss. How has he become submissive now?

Dani wants to teach Tommy a lesson to show Leon his determination, and on the other hand to make Tommy learn a lesson so he won't think his family is so good that the real behind-the-scenes player can ruin his whole clan with a sneeze.

However, the scene is full of people with mixed eyes, and it may arouse suspicion if he's too afraid of Leon.

So, what Dani did is he walked over, dragged Tommy to Patek Philippe, and closed the door tightly.

"Motherfucker, are you used to being arrogant, or are you not smart?"

As soon as he came in, Dani scolded him in the face and beat Tommy with crutches.

He doesn't know why Tommy scratched his head carelessly. He doesn't know what kind of wind his grandfather inhaled.

“Grandpa, I guess you're worried that smashing the shop in public will not have a good impact on our family. It's not a big problem. I don't know who we Danielle Family was afraid of. I have a way to keep things down!”

Seeing that his little grandson was so rude, Dani felt that he had to make up a lie.

“Stupid! That's your little grandfather! “

## Super Rich Man by Kiang Chapter 60

### Chapter 60 Kowtowing Ceremony

“Shit!”

When Tommy heard his grandfather's words, he simply didn't know what words to use to describe his mood at that time.

He felt that the three values are about to be subverted, just like he have always regarded him as a brother, and it turns out that Leon is his old father who has been lost for many years!

Tommy still can't believe it, and he doesn't want to believe it.

“Grandpa, you've got to be kidding me. He's about my age. How is that possible?”

“What's impossible? He is a distant relative of our family. He has high seniority. It's not too much for you to call him Grandpa.”

“Grandpa, since when do we have such relatives?” Tommy is so confused that he found it difficult to accept the reality.

“It’s a long story. It can be traced back to your great grandfather’s generation. In short, he is your little grandfather. You have to listen to him in the future. He has the right to make any request to you. His words are my words!”

Dani also didn’t bother to make up stories and gave Tommy serious orders directly.

“Grandpa, isn’t that bullshit? He and I are enemies, so how can we listen to him? I don’t recognize him as a grandfather!” Tommy is not convinced.

“Son of a bitch! It’s easy for your little grandfather to teach you a lesson! It’s just that because of the relationship between our two families, he didn’t do anything to you!” Dani snapped.

Tommy was embarrassed to say that the two slap marks on his face were given by Leon, after all, it was not a glorious thing.

“Grandpa, that kid blinded one of my brother’s eyes. We Danielle Family and he are enemies, so it’s impossible to make friends with relatives with this feud!”

Tommy mentioned that his brother Jerry has not been released from the hospital yet.

He thought it would arouse his grandfather’s hatred, but Dani immediately denied it. “It was his own fault and he brought it on himself. I heard Ezra said that your brother would bite the hand that feeds him and framed your little grandfather. He was kind enough to cure him, but he

was bitten back. That delayed his illness, which was the cause of his own planting, and he should bear the consequences! ”

Tommy is becoming more and more difficult to understand. How can Grandpa talk to outsiders ?

How can a business tycoon who dominates one side become a kind old man in the twinkling of an eye ?

“Grandpa, are you confused ? Anyway, that kid has a grudge against our family! ”

“Shut up! I’m not confused at all. On the contrary, I’m rational. If you don’t listen to me, you’ll suffer a lot, and then even I can’t protect you! ”

Dani didn’t say anything, and he promised Leon to keep it a secret.

But currently, Tommy was in no hurry to refute and question Grandpa.

Because of his grandfather’s expression, he saw him as dignified but anxious.

In his memory, Grandpa has never been as serious as he is today.

Grandpa is known for spoiling his grandson, especially doting on his two grandchildren. He buys whatever they want, and seldom scold the two grandchildren.

But now, Grandpa’s not on his normal self. That made Tommy realized the seriousness of the situation, maybe Leon really has the leverage to make Danielle’s Family afraid.

Otherwise, how could his Grandpa, a business tycoon, be afraid of a young man in his early twenties!

That gradually awakened Tommy's arrogant posture ended, but it was still difficult to quell his anger.

He felt that he was at least the hegemony of the youth in Fairmont City, and the second young master of the Danielle Family who was rich suddenly sprang out of a little grandfather of the same age.

He was so angry with this guy that it almost exploded in place.

“You must bear in mind what I said just now. Otherwise, our Danielle Family luck will change from prosperity to decline, and it will even be difficult to gain a foothold in the business circle, causing a disaster of blood!”

Dani is not kidding.

His descendants did not know the secret and naively thought that he had started from scratch.

However, without the Millers throwing money, his family business would not have been able to rise at all.

Dani still know how to measure and doesn't reveal much, but he solemnly warned Tommy that if he made a mistake, Danielle's Family will be finished.

Linking the fate of the family together is enough to show the seriousness of the matter.

“All right, Grandpa.” Tommy finally compromised.

“This is my good grandson. Besides, if you smash up his shop, you must be punished. Remember not to resist. You must remember Grandpa's words!” Dani ordered again.

Tommy said, what punishment can there be? At the worst, compensation can be made according to the lost funds.

“What a big deal, I’ll remember.”

Tommy is still too young. Luther has a way of dealing with “problem youth”. If he doesn’t play the cards right, he will not have a choice but accepts going to the construction site and foamed at his mouth.

Dani nodded and did not relax.

Although he has explained it to my grandson, it is still unknown whether I can pass the level of the boss at the headquarters.

Then Dani opened the door and Leon understood what he meant and walked in.

The door closed again, which filled the appetite of the onlookers outside.

No one knew what these three are talking about.

However, most people speculate that nine times out of ten, Leon’s entry is dangerous.

“Do you think this kid is stupid? It’s obvious that Dani wants to catch turtles in an urn. Yet he still wants to run after closing the door?”

“That’s right, and he even offered to send it to the door and put a pen on it!”

“That’s a lot of bad luck, and Tommy has to beat the shit out of him!”

“It’s a pity that his girlfriend is so beautiful.”

“We don’t have to worry about this chick. Tommy will naturally take over, and it won’t be our turn.”

“It’s not necessarily that Tommy to be like that, he bis likely to be occupied by the old man Dani. Old cattle eat tender grass, and it’s exciting to think about it!”

These small fart people also only knew how to talk high. Just like the keyboard man on the Internet, they have not seen Leon on the teahouse that he beat Bryant violently.

Even if Danielle’s Family hits Leon, it’s not enough for Leon to play.

In their eyes, Leon has been set up by Danielle Family and they are just waiting to see the show.

In the store, Tommy bowed his head in silence.

As he saw that his grandson was so blind, Dani held up his crutch and hit him on the legs.

“hurry up and kowtow to your little grandfather. It’s your blessing to recognize your little grandfather today. Get down on your knees!” Dani ordered.

As a matter of fact, what Dani said is true.

In any case, it can be regarded as climbing into the relationship of the boss of the group headquarters. If this little grandson is nimble but chose to cling to this big tree, it will definitely be a good thing for the Danielle Family.

But then, it seems that Tommy is not very convinced.

Since he didn't experience the kind of deep fear that Gerald has experienced, Tommy has not yet grown up.

"Grandpa, you don't have to kneel. It's time to get rid of all this red tape." Tommy said reluctantly.

"You must kneel to him!" Dani gave Tommy an ultimatum with a sharp look.

"Oh, it's so troublesome. All right, I'll kneel. I'll kneel."

After saying this, Tommy knelt to Leon and felt displeased with ten thousand in his heart.

"Kowtow! Right away!" Dani urged again.

"What a hassle." Tommy kowtowed reluctantly.

From beginning to end, Leon looked cold.

It doesn't matter if he doesn't accept it, there's a chance for him to take it!
