

Super Son-in-law Chapter 1621-1630

Chapter 1621

Thousand sea paused, but still followed, just looking at the back of the master brother, the heart thump thump, a time some sudden, which makes people do not know what is the matter

The sky sea, a thousand sea and a thousand river two landed on the hegemony sword door mountain place, and the stalker, instantly on Lin Hao informed the news? Fuyi yi shan serve dyed to cover the west?

‘Brother Lin, have you received the news?’ Jun Wu Ren asked to Lin Hao.

Lin Hao nodded his head and looked towards the Hegemony Blade Sect party, unexpectedly the other party came so quickly, and also two Grand Masters, from the feeling of the past, the other party’s strength seems to have just advanced.

Lin Hao got up and said in a deep voice: ‘Two Grand Masters who just advanced, I can’t imagine that there are still sects with this kind of heritage existing in the martial arts world, and I don’t know what kind of purpose these two people come out with.’

Jun Wu Regrets said indifferently: ‘No matter what purpose the other party has come with, since they have sent out people without greeting, then the purpose must be impure, let’s go over and have a look now?’

Listening to Jun Wuhuai's words, Lin Hao felt agreement. As Jun Wu Regret said, since the other party did not greet, then necessarily with the purpose of impure, since this, then there is no need to give the other party much face, see the face in the talk!

Looking at the change of concept of Jun Wu Regret at this moment, Lin Hao does not know whether to laugh or cry, it is quite lamentable.

Flying towards the direction of the hegemony sword door, looking back at the villa, feeling Shen Xiyuan has woken up, is looking at his direction, Lin Hao heart helpless, originally wanted to live a few days of quiet life, but now it seems that some people do not want to live such a life, the world of many things, it seems that you can not wishful thinking

'I hope that after the ancient prison line is over, I can live a clean life. Xie Yan and the baby inside your belly, I will definitely let you live a quiet and comfortable life in the future, and will definitely not let these disturbances disturb you!' Lin Hao secretly swore.

Jun Wu Ren has not had such thoughts in the bottom of his heart, before a person alone to go forward, the heart moral righteousness and hatred hanging on the top, but with the end of one big war, as well as after marrying Hou Yijun, he found that the focus of his life began to shift slightly

'I hope all that was done was worth it!'

Jun Wu Regrets looked at Lin Hao, suddenly began to understand Lin Hao in his heart, previously felt that Lin Hao so desperately, whether he thought it would be some not worth it, now it seems, where is not worth it, if it were him, he would also be like this. That is their own wife, their own children, their own everything ah!

Think about if Hou Yijun is pregnant, if you encounter this kind of thing, Jun Wuhuo does not want to tolerate for a moment!

On the Hegemony Blade Sect.

At this moment, the previous four hundred population of the Hegemony Blade Sect had been demobilized and arranged to various places, and they were no longer contactable. And the thousand clan also can no longer contact the people of the knife door, the whole knife door, as if in the history of the world removed, even if the thousand clan will record the disappearance of the knife door records, but after some years, the big clean-up of the clan registry, will also be very natural to these unused registry swept away, after all, the large clan, there is no need to save a historically dispensable existence

And this is why, history is written by the victor. Just like the thousand rivers standing inside the ancestral shrine of the Baba Sect lamenting, he felt that the huge Baba Sect had faded away so much, and how many people would remember such an existence of the Baba Sect? Even if there are still people who remember now, but then, after some years, after the Baba Sect no longer brings a trace of value to them, who will remember it?

Now the crowd said that the Hegemony Blade Sect, that everyone is in danger. But if the danger is lifted, who will remember ?

The aura of the divine collection was extremely faint, and Qian Hai disdained it and pooh-poohed the ancestral shrine: 'The clan has been in existence for thousands of years, but now there is nothing, and the so-called divine collection is ridiculous, it has no value at all! It's worse than chicken ribs! No wonder they were exterminated! If I had come to rob their clan and found that there was nothing, I would have done the same thing!'

Thousand River listened to the arrogant and horrible remarks of the thousand sea, looked at him fiercely, he could not imagine that his brother would have such evil ideas, this is now the civilization, I heard that to the technological civilization, fighting and killing is against the law, private strife if found, but to be arrested in prison education, if this kind of extermination incident occurred, even if the thousand clan is willing to let him go, I am afraid that society will not let them

'Brother, this is a violation of the law! To be shot!' Thousand River lectured.

Thousand sea drank, not put on the heart, but disdainfully said: 'Senior brother, gunshot you afraid? I'm telling you, it's not like I haven't been sent on missions by the Dragon Sect, the other side with those cannons are nothing in front of me, if not for the speed and power of some cannons, I would feel invincible except for a few elders of the Thousand Clans! And that was before, now I am a Grand Master, those cannons before can no longer threaten me! What else do we need to be afraid of? Brother, you should not be too cautious, you are so strong, still afraid of this and that, not afraid of being laughed at by the world?'

Thousand River smiled, bowed his head and sighed, senior brother if such ideas the deeper, when the time to encounter the danger is certainly much greater than what he encountered. But no matter how they corrected, it seems that senior brother are not willing to listen, before will listen, now the strength is strong, completely not put on the heart, which makes the thousand river extremely helpless

‘Eh, far away seems to come people, feel the breath is much weaker than us, is the door people before the hegemony sword door? Or is it an ally of the Hegemony Blade Sect? Or maybe it’s Lin Hao and Jun Wu Ren?’ Thousand sea looked at the thousand river not to speak, feel quite boring, just when he raised his head, found in the distance there are two breath and come, strength than its they have to feel up a lot weaker, thousand sea immediately disdain!

Himself is now at hand? Lu’er Lu dyed service west service west? Itchy, if these two people are enemy each other would be good, just in time to practice. After all, just advanced to the Grand Master, has not yet had time to actual combat

‘Senior brother, wait a moment remember to restrain.’ Thousand River instructed.

‘Okay, I know all this.’ Thousand sea grunted and said with a deaf ear. The same old instructions, I do not know what is wrong with senior brother, the stronger the strength, but the more timid? People really live more and more back

Ten seconds later.

Not waiting for a thousand river up to ask, a thousand sea directly shouted:
‘Who is coming?’

In the air Lin Hao looked at Jun Wu Regret and replied, ‘Lin Hao!’

Jun Wu Ren also followed, ‘Jun Wu Ren!’

‘What!’ Qian Hai was shocked and blurted out.

Immediately, Qian He was ready to speak when Qian Hai already shouted,
‘You two are the ones who destroyed the Hegemony Blade Sect! Do you know that the
Baba Sect is a sect under the jurisdiction of my Thousand Clans! Without reporting to us,
you brutally exterminated the Baba Sect! Aren’t you afraid of the Thousand Clans?’

Lin Hao smiled faintly when he heard that, looked at Jun Wu Ren and
asked seriously, ‘Brother Jun, what is this Thousand Sect again?’

Super Son-in-law Chapter 1623-1624

Chapter 1623

Lin Hao smiled lightly when he heard that, looked at Jun Wu Regret and asked seriously,
‘Brother Jun, what is this Thousand Clans again?’

Jun Wu Regret slapped his brain, forgot to tell Lin Hao about the existence
of the Thousand Sects, before so many news, but only ignored the Thousand Sects.

It's not that Jun Wu regret not to say, just disdain to say, after all, they are now the identity, a thousand clans count for what? The entire martial arts world, worth being said is also the Daoist Sect and moving mountain clan these special sects in the environment, those in the deep mountains and forests inside the existence of the two of them want to go over to destroy, that is a matter of words?

There are only a few places in the world they can not enter, as long as they are willing, just solve it

'You guys! Looking for death!' This person is too arrogant, he doesn't even know the Thousand Sects, he is just looking for death!

What is the Thousand Clans?

It was an existence that could not be ignored in the entire martial world, and these two asked what the Thousand Clans were in front of his Thousand Clan Elders? This is too rampant!

This two people were too conceited, especially this Lin Hao, didn't he think that because he was a genius in the secular world and a worldly pride, he was invincible? When no one came forward to occupy the great fortune, that is, many sects of geniuses are not willing to be tainted, while the sect also does not want them to die for the fortune, otherwise where there are two people's opportunity?

Lin Hao and Jun Wuhuo as if they did not see two people, Jun Wuhuo said: 'This thousand sects is the general alliance of the Martial Union. It used to be hundreds of sects in charge together, then a powerful person inside rubbed these hundreds of sects together and changed the name to Thousand Sects.'

Lin Hao smiled lightly after pondering for a while: 'A pot of stew, and subsequently changed the name? And felt that the name of the Hundred Sects was not atmospheric and overbearing enough, so he exaggeratedly changed it to the Thousand Sects?'

'It was such a moment. Haha.' Hearing Lin Hao's words, Jun Wu Ren laughed cheerfully, he hadn't thought of this place before, and was quite amused by Lin Hao saying so!

'You guys!' ? Yi Yi dyed Shan Lu Wu whisked the ground? Rao is still a good temperament of the thousand rivers at this moment is also a little annoyed, after all, the thousand clan is their home, is their ancestors, although the reason is so, but if others so humiliated them, they will not be able to stand, instantly pointed at Lin Hao Jun Wuhuai two people shouted angrily.

Qianhai was already furious, glaring at Lin Hao, a killing intent emerged: 'Originally, I wanted to keep the two of you dog lives, but now it seems completely unnecessary, since you seek death, then do not blame us!'

Lin Hao and Jun Wu Ren looked like they had heard a big joke, a small person who had just advanced to Grand Master, and they said they were looking for death?

What a joke!

Or when did Grand Masters become so valuable?

In the battle of the high seas, the second-most dead were Grand Masters with hundreds of years of heritage, and many of the mid-Grand Masters died, yet these two people who had just advanced to Grand Master were so arrogant, so how arrogant were those who were stronger than them?

Jun Wu regret a kingly aura emerged, instantly diffused, directly wrapped and came.

The sword that is pinned to the waist of the thousand sea expenditure, a sword across to kill.

Instantly the situation directly changed, like no more words, the next moment to burst out like!

‘Two yellow-haired little children, I a sword to end the matter!’ This sword is a thousand sea of anger, whether it is internal force or sword power have made his nine-tenths of the strength!

Going to come up and pretty much give it all he's got, you can imagine how much Lin Hao's joke just now hurt his pride.

'Killing moves?' Jun Wuhuo cold eyes stared at the two, Lin Hao is also a slight movement of the eyelids, a joke, the other side directly up a killing move?

What if the two of them are weak? Then what should be done?

Waiting for death?

This two people are too arrogant, meet up to kill? The two of them are too arrogant, and they meet to kill. Heart, it seems that this thousand clan, is also overbearing powerful ah!

Lin Hao grunted.

Blast out a fist, that a sword harsh sword intent, exploded in mid-air, black and heavy sword mane like a thunderbolt inside a weekday, instantly blossomed out his terrifying power.

'Bang!'

The next moment, a loud sound cut around.

Thousands of sea eyelids violently jumped, their own nine-tenths of the force of a sword, he was so simple to crack ?

This can't be!

Who is he ?

His strength is strong and boundless, in the Thousand Sect Elders Department is not weak, but now in the hands of the other party, but so not ?

Thousand Sea is also trembling in his heart, strong man!

And also super strong ?

This can't be!

When they came out, the patriarch but said that the two of them may be stronger than the average person, but than other doors, is weak, after all, they are only experimental products, have not yet gone through systematic training, there is only a brute force, but now it seems that this is not the case!

His fist directly blasted a signature kill move of the Thousand Sea, Thousand Sea in the Thousand Sects, no, the entire Martial Union strength is not weak, and now is to advance to the Grand Master, the strength is even stronger, but can can be under the hands of the other side, but it seems so weak ?

The two of them for a while some can not accept

Lin Hao looked at the two, icy cold eyes, contemptuous tone: 'on such strength, dare to be so arrogant, in the end what gives you the bottom line? Is it a pot of stew clan? Or what?'

It was too late, Lin Hao's fist blasted away, black and heavy, with a terrifying pressure came, enveloping the two of them in the surrounding heaven and earth, like the heaven and earth fell, the mountains and seas were cracked, the world began to collapse, such a terrifying strength, shocked them both

The two of them are also stepping on the air, one foot after another, stepping on the air under the rules of this heaven and earth emits a bursting sound, the peak strength of the middle Grand Master is undoubtedly displayed

Numerous pressure deterrent down, the two people ate look

Thousands of sea in the heart is endless scruples is also afraid, is the terror!

But he so many years of pride, so he did not the first time to bow his head, because a thousand Zong!

Thousand Zong is terrifying!

Even if the Lin Hao at this moment is very powerful, but the two of them face the powerful Thousand Zong, but what is it?

It's nothing!

Therefore, Qianhai roared in anger: 'You dare to suppress us like this, are you not afraid of the wrath of the Thousand Clans, the wrath of the Martial Union? Or maybe you guys can be lawless because of your strength?'

Thousand River also gritted his teeth and said, he felt his feet were bound, not a single movement, and he stared at the two, found that these two people killing intent, even if the Thousand Sea so threatening, the two of them did not have a single eye floating, as if the threat of the Thousand Sea does not exist, or the existence of the Thousand Zong to them, does not say anything! Thousand rivers also gritted his teeth, he felt his feet were bound, not a single movement, and he stared at the two, found that these two people killing intent intense, even if the thousand sea so threatening, the two of them but not a single eye floating, as if the threat of the thousand sea does not exist, or the existence of the thousand clan for them, does not say anything!

Super Son-in-law Chapter 1625-1626

Qian He said, 'Gentlemen, we are dealing with you on behalf of the entire Martial Union, there is no need to make such an unpleasant scene!'

Lin Hao laughed loudly, 'The entire Martial Union? I don't seem to have any problems with the Martial Union? The two of you came up to kill to get killed, now the strength is not as good as us, start reasoning is not? You don't say anything, but you start to say it when you can't win, do you think you make the rules?'

Lin Hao heart sarcasm, this group of people really seems to hold pride extraordinary ah, think the world should be around them, unfortunately, the world is not what they imagine, and listen to the meaning of Jun Wu regret, they are because there is a strong man, the original hundreds of sects fused into a now a thousand sects, that is, the hegemon means just, so they think that everything, all need to use the hegemon means to speak, but they can not deal with the time, but began to reason, huh!

The one who is not equal to, all? Shandiyi Wu Shan'er steak? The world has to listen to them?

What a ridiculous and pathetic group of people

Thousands of sea heard, looking at Lin Hao's appearance, for a moment thought, this person seems to be afraid!

But just as he was about to make a threat in, he was stopped by a thousand rivers: 'You shut up!'

Qian Hai was annoyed, malice hung on his face, but still did not open his mouth to threaten, after all, the words of his senior brother still had to be listened to, and inside their world, there were also rules. No rules can't make a circle!

Thousand River said to Jun Wu Regret and Lin Hao: 'My senior brother may have been spiteful, but did not cause much harm to you, but you have destroyed the Hegemony Blade Sect, we came to ask why exactly, is it wrong?'

Lin Hao and Jun Wu Ren were also stunned, why was this person's attitude so humble?

Totally unlike another person ah, that person is much more domineering, of course that so-called domineering, is ignorant

Lin Hao stared at the thousand river glanced at his serious look, looking at his hands coalesced out of the killing intent thinning a, but did not directly dispatch, after all, he did not just because of the other party's words, and give up the defense, just a thousand sea of a move, although he was able to easily crack, but the other party is also the Grand Master, although weak, but compared to the day of Arashiyama, is also an even match!

Now it seems that China's heritage is really rich, a just advanced Grand Master, the strength is comparable to Arashiyama who has been dormant for decades! That was a person who had advanced to the T3000 level long ago.

Not waiting for Lin Hao to speak, Jun Wuhuo grunted: 'Bastard sword door threatening the world, colluding with the world, trying to kill a lot of money, I do not

know if you thousand clan did not do their regulatory rules, and I do not know why Dragon Gate did not solve this problem! But these problems exist, then it must be solved! If the Thousand Clans can not! Then we will destroy the Thousand Clans! If some people in the Dragon Sect are not doing their part, then restructure the Dragon Sect! Those who break the rules will die by the rules! I think this statement is clear to each and every one of you! And the Bastard Sect, who broke the rules, only a few masterminds died, and the others were just discharged. As for why they were dispatched, you all should know that, right! If your Thousand Clans had no taint over the years, you might be able to exist, but if taint exists, then sorry, the two of us also went back to your Thousand Clans and disbanded your Thousand Clans!

‘Even if your Thousand Clans still have top-level powerhouses, in the eyes of the two of us, it’s nothing!’

Chapter 1626

Jun Wuhuo’s speech can be said to be hot, Lin Hao faintly watched, would have liked to say two sentences, but was Jun Wuhuo finished, and said some wiggle room are not, there is no supplementary meaning

Thousands of rivers heard the words, this moment into a deep silence, these two people like scavengers!

They want to purge the dregs, but these decades, Dragon Gate does not act, the dregs inside long ago countless! If the purge, then would not all be cut off? Then the entire martial art would cease to exist?

Martial arts, that is the intangible cultural heritage. This is also the last umbrella of protection for their group of hearts

Qian Hai listened to Jun Wu Ren's words, the whole person could no longer control!

'With just the two of you, you also say purge our Thousand Clans?' Qian Hai bellowed.

Thousands of rivers were angry brain thrombosis, the person is not the same as a disguised admission that their Thousand Clan has also done a lot of inhuman hooks over the years?

Really brainless people!

Lin Hao instantly eyes once again transformed, endless killing intent instantly enveloped the thousand sea, voice cold to the extreme: 'So that is to say, your thousand clan also did not see the hooks!'

Said and Lin Hao looked at Jun Wuhuai, faintly said: 'Jun brother, it seems that some people are bones have rotten, while some people do not seem to have much to do? Wu Xi Zero Xi Fu Er Closed Er? Dragon Gate previously issued an invitation, I see no need for us to talk to them about the meaning of joining!'

'The mission given by the nation, why must we put a title on it? There are so many unsung heroes, I don't mind becoming one too!' At this moment, Lin Hao was not trusting the Dragon Sect, the credibility of the Dragon Sect had dissipated in his heart this moment from now on.

And when Jun Wu Ren heard that, his whole body also shook, yes!

Before Yuanwu sent an invitation, he was seriously thinking for a long time, after all, if not with the Dragon Sect's mission, they can not do something, but after hearing Lin Hao's words, Jun Wuhuo like to find an excellent solution to this dilemma of the problem!

The strength of the two of them is the ceiling of China, to join a dragon gate so some remnants of the general existence of the candle, if they go straight in, change to what identity? War God or town guards?

But the four guards and the eight gods of war are fixed positions, they are strong to join, is above these two titles, or below it?

Not to mention the four guards are willing to accept, the eight gods of war? What about the other trainees? What about the departments inside?

If it is below? He Jun Wu Ren may be willing, after all, before he wanted to achieve the status of War God, as long as he worked hard, now the War God position within reach, but Lin Hao?

This top battle power heavenly dweller, reduced to eight battle gods under, he called his own life brother in to listen to people's orders?

This makes Jun Wu regret some feel sorry!

But now well, it all makes sense!

Defending the country is everyone's mission!

Not a specific department!

It's every single person!

‘No!’ Thousand River yelled, while glaring angrily at Thousand Sea, this damn, to be exploited the language, this is finished! Although everyone more or less will do some, after all, today's society is too advanced technology, there are some things that they will also demand, however, they will not have too much money some times, can have to get money, before the surveillance cameras are not much, that time they did fly

After all, the Dragon Gate monitoring was not strict at the time, they did as they wished, and then the monitoring was set up, so they were constrained, but then? This disguised to their increased income, a time they get more benefits, under the impact of such, there are many sects a time to forget a lot of rules. After all, when people are happy, will automatically ignore many things, such as rules, such as their own situation, thinking about all, how to get more benefits, and then while saying, after doing this single I will close, but it can be imagined, people's greed into nature, in front of the greater interest, is unable to do the whole body and retreat, and again, for many people, why to retreat?

Super Son-in-law Chapter 1627-1628

Chapter 1627

Those who sell can be much benefit, as long as they want, they can have things? And trampling on the rules under the benefits obtained very high, and trampling on these rules, even after being discovered, the Dragon Gate is only a reprimand, and even he heard that some people secretly sold the bottom of their own clan to the upper part of the people, and then do these unseemly hooks when, but also be able to get shelter

Of course, they thousand sects and other large sects are not so unrestrained, after all, the larger the sect, the more eyes received

However, some small rule-breaking things, or do a lot of things. He thousand rivers dare say, no clan is clean on it! And why is it that the Daoist clan can blatantly solicit money inside the secular world, but they can't? They are also a super martial arts heritage of the sect

Thousand sea is also a momentary perception into the Lin Hao language trap, instantly more and more annoyed, the sword above the endless killing intent, as if, as long as Lin Hao dare to speak out again, will directly kill them. But Qianhai has fought with Lin Hao, know Lin Hao's strength

'Heh! You have, with you do not have, not you and I say, we are clearing. When the time comes there is only there!' Lin Hao sneered, his gaze sizing up the thousand rivers on the verge of extreme anger, and not forgetting to provoke!

Thousand sea clutching the sword tightly, very annoyed, unusually annoyed! Previously, he was arrogant, on the basis of the status of the thousand clan, many clan elders were pressed by him, the other party a little careless, he is the name of the cut-off, win the fight, then wildly beat some, do not win, then bring out the name of the thousand clan to suppress, over the years, no disadvantage

But today, it seems, not so good

Listen to the other party's tone, and want to kill to their thousand clan!

Thousand sea is easy to anger, but also some brain. Now this situation, he found his own brain is not good enough, and make the whole body, the other party also do not eat, so can only put hope in the senior brother.

Looking at the appearance of a thousand sea, a thousand river is the heart of endless resentment, long ago taught a thousand sea do not talk nonsense, do not rampant, but it ?

Now to this situation, and the problem dumped into his hands ?

How can he solve it ? The other two, is soft and hard to eat ah!

'Two! I don't know where you heard the news, these years occasionally offenses are also quite helpless, and a thousand clans do just within the rules, perhaps

there are other clans in the name of a thousand total to do it? And who can say this?'
Thousand rivers stall time to.

Just the heart began to measure, after all, so dragging time, when is the
head ah?

Thousands of sea also saw the anxiety of the heart of the thousand river,
began to panic a little, but secretly face is with the thousand clan headquarters began to
communicate!

Thousand clan headquarters, Thousand Star Chen is setting up another
thing, see the urgent request for help sent by Thousand Sea, a time a little surprised,
Thousand Sea and Thousand River is not the opponent of the other two.

'Father, what's wrong?' Qian Sunset looked at the hesitant Qian Xingchen,
put down the pen in his hand and asked.

He was recording Qian Xingchen's placement, and was afraid of forgetting
any important information, so he? steak Shan closed er ground cover according to love?
used the record.

Thousand Star Chen waved his hand: 'Thousand Sea side seeks assistance!'

'What!' Thousand sunset mouth slightly open, a shocked look, obviously
some disbelief.

‘It seems that the other side is a tough fighter.’ Thousand Xing Chen narrowed his eyes and said, since taking over the Thousand Clans, their people have not said such a gas, now suddenly a situation has arisen, let the Thousand Xing Chen for a moment a little trance, think the prestige of the king, so short time to be trampled on?

Chapter 1628

Or has the world changed?

‘Nothing! That Lin Hao and Jun Wu Ren although the strength is good, but still that, they received the inheritance is not very good, this is not, the dispatch is still on the way, surprisingly, the thousand rivers and thousand seas are unable to deal with them, then long shout on the thousand thunder thousand rain together, four people enough can suppress them!’ Thousand Star said confidently.

Thousands of sunset nodded at hearing, also feel that the father this hand set up, is simply a foolproof strategy, so down, this Lin Hao and Jun Wuhuai wings can not escape.

The only thing I don’t understand is, why just suppress?

According to the past style of handling, should not be directly killed? When did father change his nature?

‘Father, why not kill them directly? Why keep them, now that we have crossed paths, keeping more moments will always be bad for us.’

Qian Xingchen looked at his son and was very relieved. That child back then, now really grown up, also know the fetal death, is the best way to kill all the crisis.

Thousand Xingchen said with relief: ‘You have finally grown up? Flicking steak Yi Ai Yi Wu Lu Shan? I’m very pleased with this. Only this two identity is special, now is being recruited by the Dragon Gate, once into the Dragon Gate, in the end is still our top, if it is really too deep, then it is not easy to solve, may be when to trip us up!’

Looking at the thoughtful appearance of a thousand sunsets, a thousand stars then said: ‘Dragon Gate is an existence we can never shake! Said high martial arts era, in fact, is just a product of this era special, everything, is the human supremacy! Human civilization, is the dominant era!’

‘The most glorious era of martial arts is the end of the era, only to have that short-lived glory, then directly after! I have thought that the human race is heading this way, the martial artists are heading this way, I’m afraid it has something to do with our civilization, the Chinese civilization is so enlightened, so wise compared to the Western world! The Church ruled the Western world for a thousand years in modern times! However, in our country, China, two thousand years ago ended the era of martial artists ruling a country! Chinese people, too wise!’

Thousand sunsets had difficulty understanding these things for a while, it was too profound, the interlacing of times and various eras, the influx of countless information, made his mind explode, and his whole person was dizzy.

Looking at Qian Sunset's appearance, Qian Xingchen shook his head and lost his smile, and said lightly: 'Well. These things you do not understand is also reasonable! After all, even if these things, with some still big sects, their patriarchs can not understand!'

Thousands of stars finished speaking, looking towards the east, there, in that unknown place, is there any special existence?

Thousands of sunset is also followed by looking over, just see are their father's great back if if Yuan Wu in, will certainly shock, after all, with his understanding of these sect heads, how they can be so avant-garde ideas, after all, they are the products of the old times, is a very feudal existence, but the words in the mouth of Thousand Star, completely unlike the old times

Old times: antiquated, decaying, the facts in front of you, but also do not believe! Those who ascended to outer space with the rocket, always still do not believe in science

Thousand Lei and Thousand Rain were called in by Thousand Sunset.

Along the way, Thousand Thunder asked the young patriarch, 'Young patriarch, the patriarch really just told us to go out and suppress and not do anything else?'

'Yes, we are the Thousand Clans! Our elders are being bullied outside! Just suppressing it is somewhat unjustifiable, if other sects knew about it, especially the

Moving Mountain Sect and Yuehai Sect, wouldn't they be laughing their heads off?'
Thousand Rain said in an arrogant tone, arrogantly.

Super Son-in-law Chapter 1629-1630

Chapter 1629

Thousands of sunset listening, heartfelt a smile, perhaps this is the pride of their
Thousand General, everything, all the control, in the hands of Thousand Zong! As for
those words from his father's mouth, I'm afraid they are unfounded, right? After all,
martial artists ruling the world, not want to rule can be ruled? The group of unarmed
people outside, he killed 10,000 with a single punch, just casually carried over! He but
knows, as long as the promotion after the Grand Master, a group of blast kill 100,000 are
simple

'Two elders, it is better to listen to the teachings of the father! After all,
today's eventful season, the disposition of the father, has his own reasoning, the father
also said, this two behind the back of the Dragon Gate, too much, I'm afraid the Dragon
Gate will be uncomfortable! The four town guards of the micro, or very scary!' Thousand
sunset said.

Thousand thunder and thousand rain heard the Dragon Gate and the four
town guards, instantly face some awe. Originally also principal arrogant look, all of a
sudden became a lot softer, instantly eyes flattened a lot, followed behind the thousand
sunset, also no longer say Lin Hao and Jun Wu Ren things, but began to talk to the
thousand sunset about the Eastern Ying

'Shaking people up?' Lin Hao felt the means of the thousand river men,
looked at the thousand river asked.

Thousand rivers instantly revealed fear, he did not expect at all, he used the unique secret? Zero Shan Yi Xi Dye closed Lu Dye? The means of communication of the system, but the other party felt.

You know, these means of communication is much more sophisticated than the satellite transmission, after all, is a combination of modern technology and ancient transmission manufacturing, hidden very, this is why their thousand clan can be in China reckless reason, as long as in China, thousand clan's transmission will never break, is very dominant

‘How did you find out!?’ Thousand Sea forgot to be afraid and questioned.

Lin Hao mouth corner raised, looking at this moment as jumping clown general thousand river, the earlier kind of arrogance is no longer seen, and some people perhaps this way, when faced with deep fear, only then will reveal the appearance of fear, and hold the arrogant look how arrogant, scared look how lame!

‘I don't need to report to you how I found out! Rather, you, the thief's heart will not die, it seems that if you are not given a little lesson, you really think that the Thousand Sects are invincible!’ Lin Hao's icy cold voice carried the flavor of judgment.

Jun Wuhuo also nodded: ‘Brother Lin, these people really won't behave unless they fight! Just like spoiled children!’

Thousand sea this time no longer want to suffer aggravation gas!

‘What are you guys pretending to be? Are you afraid that our people are coming, so you become so? Want to settle this before it’s too late? But don’t you forget! We came out to find you, and I just sent a message back, and the clan also recorded it! I’m not afraid to scare you to death! We have two Grand Master level strength elders who are on their way, if you confess your mistakes to us at this time, we might turn a blind eye to it!’ Thousand Seas grunted, once again arrogant.

Out of the Thousand Clans, the whole way flew.

Thousand Thunder and Thousand Rain’s speed was much faster than Thousand River and Thousand Sea, and in an instant, they were on the outskirts of the Heavenly Sea, where Lin Hao and Jun Wuhuo’s breath could be felt.

‘Senior brother, in delaying some time, senior brother Yu and I are about to arrive!’ Thousand Thunder summoned, he did not summon Thousand River, because they both felt that there was something wrong with this person Thousand Sea.

Not that the problem of rebellion against the sect, but because this person has a problem with his thinking, born from the Thousand Clan, growing up in the Thousand Clan, but has been afraid, simply too let people atmosphere, if do not know the Thousand Clan people still think that the Thousand Clan is so weak.

Chapter 1630

He’s walking around, simply disgracing the reputation of the Thousand Clans!

‘Brother, these two are too arrogant! They’re more powerful than me and Brother Qianhai, and they’re always belittling the Thousand Clans, and they don’t take the Thousand Clans into account, I can’t stand it anymore! If I hadn’t been unable to defeat them, I wouldn’t have taken it!’ Thousand Sea replied.

His heart was so angry that his teeth itched.

However, once he thought of the arrival of the two senior brothers, when four fought two, he would no longer need to fear these two people. So instantly Qianhai became arrogant again!

He was inside the perception, four people, against the other two people, stable win!

Thousand sea looked at Lin Hao and Jun Wu Ren, found two people as if waiting for something, too confident! Confident to the point of being bizarre, Qianhai wondered why they could be so confident? Where did their confidence come from?

What makes them!

The two of us are here to assist you and suppress them, not to kill them! So do not release your emotions too much, or the clan will also suffer great hardship! These two have the Dragon Sect and the four guardians behind them!’

Thousand rain incomparably know the character of a thousand sea, he is afraid of a thousand sea too hold the favor and spoiled, when the time to provoke a thousand clan riding a tiger difficult

Just the next moment, a thousand sea words let them a time some do not know how to choose!

‘Senior brother, the two of them said! Not to join the Dragon Sect, Thousand River senior brother also heard clearly, the arrogance of this duo, much more arrogant than Yue Wu Dao, completely not afraid of people anyone in the eyes! After all, the Dragon Sect ah, the mention of the Dragon Sect, the martial arts world will be afraid, but they? How dare they speak so boldly that they won’t join the Dragon Sect!’ Thousand Seas replied excitedly, he didn’t know why Senior Brother Thousand Thunder and Thousand Rain would say such words, but he just happened to hear these two’s incomparably arrogant remarks about not joining the Thousand Clans!

In that case, wouldn’t it be possible to deal with these two people?

The clan’s regard, they removed themselves!

Wouldn’t the two of them nowadays be like turtles in a jar?

‘Is that true?’

‘It’s true, it’s true!’ Thousand sea said, at the same time also thought of the thousand river asked: ‘Thousand river senior brother, and I did not false words? Is it the truth?’

Thousand River pondered for a second, this second, he looked at Lin Hao and Jun Wu Ren, found that these two people are still so calm and unhurried, the heart still have some worry, but now again shake people over, repair damage to the relationship destroyed before, seems to be impossible, so stiffened his head, nodded and said: ‘Thousand Hai senior brother’s words are completely true.’

The next moment, a thousand thunder and a thousand rain laughed, but still said: ‘Although they? er Yi Lu Fu Wu er Di Lu? Do not want to join, but still afraid that they finally gave me suppressed after the backlash! But well, since he does not want to participate in the Dragon Sect, then we can be tough on them, as a few lessons to him!’

Thousand Sea instantly excited, said to Thousand Thunder Thousand Rain, ‘Senior brother, I also mean the same, this person is too arrogant, completely does not put the entire martial arts forest in the eyes, and said something about purging the entire martial arts world, really laugh off.’

‘Well, no more, we will arrive soon, when we arrive, and then see what the person who said such words actually looks like, with what so arrogant!’ Thousand Thunder and Thousand Rain are not talking, because they are really too close to this, not much time later, the sky a darkening, two powerful breath flying, Lin Hao and Jun Wu Ren looked up, and two more Grand Masters.
