

# Super Son-in-law Chapter 1711-1720

## Chapter 1711

Now no matter how the two groups try to explain and cover up, it's useless, the retail investors are holding their breath, waiting for the fourth round to gamble on their hand speed and rush to run, otherwise there is no way to leave the market even if they want to!

As expected, the situation in the fourth round is the same, a minute after the drop, even if countless retail investors bet on their own hand speed for the rest of their lives, still only a very small part of the escape.

It was a bloodbath!

It wasn't just the retail investors spitting blood, the Hu family of the Hu Group and the Chen family of the Hailan Group were all spitting blood to the point of no return.

Their share prices had risen by close to almost half from the original base ah, only to now plummet straight to spitting blood, they were all on the verge of losing blood.

'Bastard, which lobbying team is interfering in this thing, don't want to live!'

‘That’s right, they dare to interfere in the affairs of our two Hu Chen families, they are looking for death!’ Hu Haiquan and the head of the Chen family were about to vomit blood at this moment.

How was this going to play out ?

The other side kept throwing out big hands to drop, and those retail investors who were able to slip out a little bit, all ate into them, and this was the end of the day, the other side had more and more money and chips, while their money and chips were pathetically small!

The worst part is that it is extremely difficult for them to pull up the trend now!

That’s how a few hundred million dollars, when used wisely, can pry tens of billions of dollars!

Now that the other side has pried, even if the other side only has 10 billion in chips, but if they want to fight with the other side, they have to invest tens of billions of dollars, but they may not be able to pry because the other side has more chips!

Hu Haiquan’s face was as gloomy as water: ‘The other side is trying to beat us to death, and this lobbying team is definitely from the Tianhai Group, where on earth did they get this horrible amount of money from! And it’s amazing that they’ve already laid it out early on!’

‘I’ll contact the Mountain Moving Sect’s confessor.’ The people from the Chen family were straightforward and decisive, since they couldn’t dry up the other side in this conventional way, they would use force to suppress them!

The sect leader would come out and suppress it with thunder!

‘Good.’ Hu Haiquan nodded and looked to Yue Wumu, who had been wearing a dark face next to him, Hu Haiquan said sincerely and respectfully, ‘Donor Wumu, please.’

‘It’s no matter, I’m also considered to have avenged my brother’s death, the master is famous.’ Yue Wumu flashed away, his target was naturally Lin Hao!

As for Jun Wu Ren, he would leave it to the disciples of the Moving Mountain Sect, they all knew very well that basically over 70% of the strongest people in the entire martial world wanted these two to disappear from the world!

If they died, then the Lin and Jun families, as well as the families involved with the Tianhai Group, would be nothing more than a piece of fatty meat on someone else’s lips!

After Yue Wumu and the others left, Hu Haiquan gritted his teeth, he couldn’t be so passive: ‘Release, release 20 percent of the remaining 30 percent of shares in your hands! And collect as many retail chips as possible, this pull up trend must be pulled up for me, a two-pronged approach!’

Both sides quickly moved into action.

But the Skyfall Justice team doesn't care what you do, they'll eat as many shares as you put out, and they'll collect as many chips as the retail investors have.

No matter what the other side did, they were already powerless, and even Hu's head of finance had even warned Hu Haiquan that if he still wanted to win this battle, he should at least put up ten times more money than the other side to get his chips back and take control of the initiative.

This man was directly scolded by Hu Haiquan and continued to do as he pleased.

He just doesn't understand that this kind of war is the worst for adding fuel to the fire!

Either you directly smash enough money into it, so that the other party has no chance to fight back, if it is a little bit into the smash, then the situation is obvious, how much is not enough for people to play.

One after another, three days later, Hu set? The company's main business is to provide a wide range of products and services to the public. Group, Hyland Group completely fell to a halt, fell to the bottom. And it allowed the Heaven Sent Justice team to take control of close to seventy percent of the shares of the two groups!

Having such a large number of shares, it was perfectly possible to announce a compulsory takeover of the two groups directly, but Nezha didn't do so, instead he consulted the Western Emperor Chen Tianyue, who told him that the Tai Shan Prefect had orders to first drop to a halt and wait for the order form!

## Chapter 1712

As for the Tianhai Group, it took a breather, and although the stock did not pull up significantly, it showed signs of raising its head, and more than that, the Tianhai Group also gathered back 50 percent of its shares, so it was almost impossible for the other side to force a takeover.

In this battle, the two groups besieged the Tianhai Group, but in the end, it was the two besieging groups that lost a mess instead!

Shen Xiyan and Lin Qingcheng, among others, could finally have a good night's sleep.

Lin Hao didn't bother them either, instead he went out for a relaxing shopping trip, but of course, he still couldn't get rid of Xu Linglong, a follower, when he went out for a shopping trip.

'Brother Lin Hao, wait for me, do you know how to care for your sister?' Xu Linglong looked at Lin Hao with discontent, 'I at least gave you back the sword skill, and gave you 300 billion, okay? You don't know how to be nice to others.'

Lin Hao rubbed his head with a headache, 'Firstly, you're not my real sister! Second, that sword skill was given to me by your ancestor, it has nothing to do with you, third, I returned your three hundred billion, but you don't want .....

'What do I need that for, just enough money to spend, by the way, you don't need my money, how did you do it? Beat them to death, hehehe, what a relief.' Xu Linglong's exquisite pretty face blossomed into a bright smile, this half month, how badly the Tianhai Group was bullied, she could see it in her eyes.

However, she was not too worried, after all, the 300 billion was in Lin Hao's hands, even if the Tianhai Group was destroyed, he could still use these funds to rebuild an even bigger Tianhai Group.

It's just that Xu Linglong was incomparably surprised that Lin Hao didn't even touch the three hundred billion she gave him, yet he was also able to beat these two besieging groups into submission, this man is quite powerful ah.

'Ah ..... it hurts.' Xu Linglong steeply exclaimed, rubbing her small and delicate foot, 'Brother Lin Hao, I've twisted my foot.'

'I saw that.' Lin Hao rubbed his temples, having a real headache.

'Brother, carry me, I've twisted my foot and can't walk.' Xu Linglong opened her arms as if she was pampered.

Lin Hao directly turned around with a black face and walked away, are you kidding? He was at the early stage of Grand Master, would he be unable to walk because he had twisted his foot?

The most important thing is that you are not so easy to push around, even if your body is delicate and soft.

Seeing Lin Hao ignore himself and turn around to leave, Xu Linglong's mouth flattened, so aggrieved that she almost didn't cry out.

Since she was a child, she had been the jewel of everyone's heart, the one who was afraid of falling in the palm of her hand and melting in her mouth. Everywhere she went, she was the centre of attention, but only on Lin Hao did she suffer a complete defeat.

Was he that uncomfortable? Is he that bad? Or was his wife, Shen Xi Yan, really that good?

Xu Linglong was even starting to doubt life a little.

However, she was not discouraged and casually rubbed her foot, the bones were reset and the injury recovered.

Xu Linglong stood up and patted the dust, jumping up to catch up with Lin Hao: 'Brother Lin Hao, wait for me ..... Huh? Brother Lin Hao, you seem to be in trouble oh.'

Lin Hao also noticed it, and then stopped in front.

Here although the lot has been somewhat remote, there are no pedestrians around, Lin Hao came out to walk everywhere, did not notice that has gone to such a remote place, surrounded by only three or two broken down factory buildings, has been unattended, overgrown with weeds in a sad appearance.

The corners of Lin Hao's mouth rose slightly: 'So, didn't hold back after all and asked the martial arts community to take action?'

Lin Hao knew from the start that this siege battle was not just a clash between groups, in the end, regardless of the ending? er serve yishan love er whisk? situation, the strongest people in the martial arts world would definitely bump into each other.

Now that the Hailan Group and the Hu Group have become that miserable, the martial arts community is naturally going to step in.

'Heh, Scavenger Lin Hao.' On the branch of a bare old tree, Yue Wumu stood with his arms folded, his gaze arrogant and condescending, looking at Lin Hao with contempt in his eyes.

Because Lin Hao had no Daoist Implication, it was impossible to tell exactly what realm Lin Hao was at, but according to Yue Wumu's guess, the other party should be a mid Xiantian realm Patriarch, or at most a late Xiantian realm Patriarch!

## Super Son-in-law Chapter 1713-1714

### Chapter 1713

It was Xu Linglong, who looked so delicate and harmless, that made Yue Wumu most afraid, because Yue Wumu sensed an uneasy aura from Xu Linglong's body.

The other party did not exude any energy, but he was still afraid of her.

Seeing the other party looking at her, Xu Linglong smiled cutely with a crooked head: 'Don't look at me, it has nothing to do with me.'

In her heart, she thought, 'Humph, if you don't recognize me as your sister, then let you eat some bones!'

Hearing this, Yue Wumu didn't say any more nonsense: 'Lin Hao! Today I will take your life! I'll make you a waste vegetable like my brother!'

Boom!

There was a small stream next to this, and under Yue Wumu's control of his deep sea dao essence, the entire stream's water rose up into the sky, converging into a

canopy, and more than that, the clear water began to slowly glow with an azure luster under the rendering of the dao essence.

It looked even more fascinating! And equally more dangerous!

‘Brother?’ Lin Hao raised his eyebrows carelessly, ‘Are you talking about that lapdog following Hu Mang?’

‘Who are you calling a lapdog? I want you to die!’ The word ‘lapdog’ completely angered Yue Wumu, they had been sent to a mundane family to serve as offerers, so they were indeed lapdogs, but they were Sovereign Masters who were above mortals, how could they have the consciousness of lapdogs!

A great master is like a dragon, not to be insulted lightly, this is their pride!

But they actually knew that it was no different from being a lapdog, unless the clan had complete control over the mundane world!

Therefore, this one word was simply the final blow to crush their emotions!  
‘Cang Long Goes Out to Sea!’

Yue Wumu’s hands formed a formation and blasted out!

Within the vast canopy formed by the azure-coloured stream, there was suddenly a heart-stirring dragon's roar!

The sound of the dragon's roar was like the descent of a god, as a dozen-metre-long azure-coloured dragon burst out from the watery curtain and hovered majestically above Lin Hao!

Boom!

The terrifying oppression came down with a bang, giving the impression as if there was an ocean above one's head, and that the ocean might come crashing down at any moment, that terrifying oppression if it were an ordinary person, one would probably have turned around and run in fear.

'That's a bit more powerful than your brother.' Lin Hao tsked, this azure scaled Canglong, no matter in size or realism, was lifelike, much more powerful than the Canglong summoned by Yue Feng and moreover, this Canglong was even more majestic!

For Yue Wumu's seemingly flirtatious tone, it made Yue Wumu feel insulted!

Not too much damage, extremely insulting!

‘Give me death!’ Yue Wumu’s body was frantically outputting deep sea dao essence, his foot stomped on the Canglong, and with a heaven-shaking dragon roar coming from the Canglong, his foot stomped on the Canglong and swooped down!

Lin Hao didn’t retreat, his power was released!

He was at least a strong man who had reached the peak of the Grand Master, now he wanted to test whether his body strength was still there or not!

‘Arrogant! Since you want to die, I’ll let you die with clarity!’

Yue Wumu saw that Lin Hao was actually just defending without the slightest intention of avoiding him, a mere Grand Perfection Patriarch of the Innate Realm with no Dao Implication, and he dared to be arrogant?

The Canglong’s Qi was like a rainbow, descending from the sky and ruthlessly pounding down!

A zero-servant steak and a dyed-servant flicker? Boom!

The ground trembled, and with Lin Hao at the centre, a four to five metre crater appeared, sinking more than half a metre straight down! Half of Lin Hao’s body even plunged directly into the mud!

The celestial dragon was made of liquid and collided and collapsed, but the dragon kept pounding down. There was one terrifying attack after another!

The Deep Sea Dao Yin was of the water attribute and was incomparably feminine, so almost instantly, Lin Hao felt as if he had fallen into an ice cave, even though he was defending himself with all his energy, it was useless!

This power was like a maggot in his tarsus, it was pervasive. It quickly seeped into Lin Hao's body, and even his powerful Qi could not stop it.

This feminine force even carried a wave of dark energy, destroying the meridians in Lin Hao's body in wave after wave.

Chapter 1714

I'm sure there's a bit of a doorway!

Lin Hao's face was rather ugly as he frowned, this Yuehai Sect is really not simple, taking the meaning of turning the sea over to the mountains.

It is really something, this kind of ? Zero Yi Di Covering the Earth Er Fu Xi ? The deep sea dao implication, if not a little caution will eat a big loss.

Not to mention this kind of pervasive dao implication and dark energy invasion, even if one is prepared, one will have a headache, extremely difficult ability ah.

Lin Hao's entire body was enveloped by the azure yin and soft power, invading Lin Hao's body all the time.

Yue Wumu laughed coldly, he hadn't expected to solve Lin Hao so easily, but this guy turned out to be so unaware of the depths, not putting up any resistance and foolishly resisting his own Cang Long Out of the Sea!

The Cang Dragon Out of the Sea was really out of the sea, that was to invade the enemy's body, that was the real out of the sea. Using the enemy's meridians as the sea, the dragon swims in the ocean, where invincibility lies!

Unless the strength was stronger than his, or the Dao Yin just happened to restrain his Dao Yin, otherwise, there was no chance, Lin Hao would become a ruined man with his meridians severed by inches!

On the side, Xu Linglong was also not in the slightest bit anxious, instead she was waving her two long white fans aside, holding a lollipop in her hand as she watched the dandelions in the distance.

Boom!

At the moment when Yue Wumu was so proud of himself, there was a sudden explosion and the azure water curtain that surrounded Lin Hao's surroundings was directly blown away by Lin Hao's fist!

‘I thought you were much more powerful than Yue Feng, but I didn’t expect that to be all.’ Lin Hao smiled and shook his fist, this Deep Sea Dao Yin was somewhat troublesome, but it wasn’t insurmountable.

Through the test just now, although he didn’t have the strength of a Grand Master Grand Perfection, his body strength, a living Grand Master Perfection, that gave him nothing to worry about!

If the other party comes stronger, it’s fine if you can’t beat you, you can’t beat me either, so you’ll be happy.

‘How is this ..... possible! It’s not right! You’re faking it, your meridians must be inching off now!’ Yue Wumu couldn’t accept this fact, his opponent didn’t have any Dao Yin for support at all, how could he possibly be able to withstand the erosion of his own deep sea Dao Yin and the devouring of wave after wave of dark energy!

#### Seven Killings Divine Sword Duel!

Lin Hao gently stepped on the ground, and with a buzzing sound, his body was enveloped in pure white energy, and the ground trembled, while five crystal clear swords surrounded Lin Hao, looking so well-behaved, yet so sharp that no one dared to underestimate them in the slightest!

‘Huh? This guy’s talent is so powerful?’ Xu Linglong also noticed the movement on Lin Hao’s side and looked over with great curiosity, impressive, to be able

to control five sword qi in only half a month, this was already considered a beginner's initiation ah.

Xu Linglong was a pride of the sky, right? Just past twenty, breaking through to the early stage of Grand Master!

But in reality, it had taken her a year to get started with this Seven Killings Divine Sword Duel, so the comparison made it clear how difficult this sword skill was!

'Surprisingly, she really wasn't hurt!' Yue Wumu's face was indescribably shocked when he saw this scene, it was impossible! He didn't have the Dao essence, he couldn't have been able to carry it off!

Yue Wumu still didn't want to believe it all!

'First stance! Sword Qi Breaks the Water!' Lin Hao didn't have the effort to play on with his opponent, his aim had been achieved!

As Lin Hao wielded his sword Qi, he pulled out an arcane sword splash!

Clap!

The curtain of water that had been condensed by the Dao Yin behind Yue Wumu was cut off, severing the connection between the Dao Yin and the curtain of water, and those below returned to their normal clear river colour, clattering back into the water.

The small fish and shrimps in the river that were dying of thirst instantly regained their vitality!

‘I had underestimated you! Thunder moves the nine heavens! Zhen!’ Yue Wumu spurted out a mouthful of blood and directly used the forbidden technique, only at this moment did he know that his brother had been wasted by this man, not unjustly!

Yue Wumu spurted out a mouthful of blood, his face was pale and his face was filled with madness, ‘Very well, you are very good, but now, bury me with you, haha!’

Boom! Rumble!

There was a thunderclap on the ground, one after another, the sky that was clear and sunny just a moment ago was suddenly covered with dark clouds and thunder claps!

Within the dark clouds, a thunderbolt flashed and shimmered, proclaiming the terrifying sense of power of the thunderbolt force in nature!

## **Super Son-in-law Chapter 1715-1716**

## Chapter 1715

‘Surprisingly, it’s the most domineering thunder forbidden technique!’ Lin Hao’s face was a little ugly.

Even Xu Linglong stood up expansively and narrowed his eyes, ‘The Yuehai Sect is becoming more and more unruly!’

Ka-ching!

Under Yue Wumu’s control, an arm-thick thunderbolt descended from the sky and was aimed at Lin Hao with unparalleled precision!

Xu Linglong’s fists clenched tightly and was about to strike when Lin Hao also shouted angrily, ‘Second Form! Sword Intent Sprawl!’

When Xu Linglong heard this angry shout, her tightly clenched fist slowly loosened and she watched from afar with a smile on her face.

Phew!

Seven Killings Divine Sword Duel’s second stance, Sword Intent Straddle!

Lin Hao didn't panic in the slightest, as the arm-thick thunderbolt fell, four sword qi blasted out rushing sword intent, arching around Lin Hao, and the fifth sword qi rose up to meet that thunderbolt, not dodging or avoiding it!

A head-on confrontation!

Lin Hao was also quite surprised, this guy's thunder forbidden art was quite high level, and the power of the thunder he manipulated was a bit frightening!

In an instant, the falling thunder clashed with the sword tip of the sword Qi and came into contact, and at the moment of contact, it was as if time stood still!

Immediately afterwards, an earth-shattering explosion rang out, an ear-splitting roar, and a dazzlingly bright light shone through heaven and earth!

The sword qi and the thunderbolt had died together! The two cancelled each other out and dissipated back into a part of the energy between heaven and earth.

Click, click, click!

The thunderbolts continued to fall rapidly, targeting Lin Hao with unparalleled precision!

Rumble! Several more thunderbolts continued to fall, encircling Yue Wumu's body and arching around him, his body flickering with thunder, the thunder forming a grid that directly protected him: "Hahahaha, Lin Hao! You can't carry it! You're simply no match for me!"

'Let me strike! I can destroy it in one move! Or delay until his forbidden spell passes! Once the time for the forbidden spell is up, he will surely enter a period of weakness, and he can be killed with a single blow then.' Xu Linglong was no longer sitting on the sidelines.

'Haha. Is it possible! Impossible.' Yue Wumu was confident in this forbidden technique of his, 'Before the time of the forbidden technique arrives, he, Lin Hao, will be blasted into ashes by the thunder long before that, haha!'

Ka-ching!

Several more thunderbolts fell with a swish, blocking all of Lin Hao's spots that were big enough to move, the thunderbolts were as thick as a bucket of water, obviously the opponent had limited patience.

Lin Hao secretly laughed: Can't you wait any longer? I don't want to waste any more time with you either.

The second stance, Sword Intent! Explosion!

Boom!

Five sword qi carrying an out-of-this-world sword aura exploded all around Lin Hao! The five sword qi exploded, forming a terrifying sword qi that streaked across Lin Hao's surroundings, and all forces approaching were instantly shattered!

This was the true meaning of sword intent!

Lin Hao didn't care about the insane consumption of his energy, he gathered another sword qi, the first stance, Sword Qi Breaks the Water!

Ka-chow!

This? Ai Ai Di Wu Jie Wu Er Di? As the sword qi was waved out, the half-moon shaped sword ripples emitted a dazzling white light as it ruthlessly slashed at Yue Wu Mu!

Right at that clicking sound! The thunder connected between Yue Wumu and the dark cloud was actually directly split in two and broken!

The Seven Killings Divine Sword Duel showed its power! Although the first stance is to break the water with sword qi! But when used properly, when used well! The first stance can break all things!

Xu Linglong's big, watery eyes stared in anger as she covered her mouth and exclaimed, 'Oh my God, how did this happen! Sword Qi cuts thunder!'

Then Xu Linglong let out another bitter laugh, 'It's really true that people are worse than others, no wonder the old ancestor had to give this discipline's mastery to him.'

Not only did Xu Linglong feel incredulous, even Yue Wumu was dumbfounded.

Brother, this is thunder, this is thunder! It's not a water curtain!

Don't go so far! Sword Qi cutting thunder!

As the thunder was cut by Lin Hao's sword, the thunder that surrounded Yue Wumu's body scattered with a bang, collapsing into the ground nearby, and Yue Wumu instantly became defenceless!

'I haven't lost yet, let's see who has the last laugh!' Yue Wumu's serious madness intensified as dozens of thunderbolts in the sky were all controlled by Yue Wumu, then ruthlessly blasted down towards Lin Hao.

Chapter 1716

Poof!

After all this, Yue Wumu spat out blood and fell to the ground, his face as pale as paper.

The use of the forbidden technique itself was extremely damaging to his body, not to mention the fact that he had just overloaded himself with the secret technique, and his meridians had suffered heavy injuries. He was afraid that he would never be able to improve his cultivation again, and that he would not even be able to protect himself with the last trace of thunder.

But it doesn't matter, it doesn't matter!

As long as Lin Hao died, the clan would definitely reward themselves in a big way, and that was enough!

'Heh heh, it's quite tricky, but it's still dead in my hands! Lin Hao, the Martial World Scavenger, is no better than that.' Thinking of this, Yue Wumu laughed to himself, filled with smugness and mockery of Lin Hao.

'Oh? Is that so? Why do I think it's you who's losing!' Lin Hao's voice abruptly rang out in Yue Wumu's ears.

Yue Wumu's smile froze violently and his laughter even came to an abrupt halt!

Yue Wumu twisted his head with difficulty to make sure that Lin Hao wasn't dead, but he was greeted with a stunning sword that was unstoppable and out of this world!

Boom!

The entire suburb trembled, and in the distant jungle, countless flying birds and beasts fled!

The middle stage of the Ascended Realm, Deep Sea Dao Yin Grandmaster Yue Wumu, died!

Yue Wumu was split in two by Lin Hao's sword qi, and everywhere he went, the earth split into a crack tens of metres long and half a metre wide, showing how terrifying the power of this sword was!

Xu Linglong quickly ran over and looked at Lin Hao with incomparable surprise: 'Brother Lin Hao, your talent is too good, isn't it?'

'It's only been half a month, and you've already reached the entry level and have seen the first two stances of the Sword Skill completely melded together.' Xu Linglong said this from the bottom of her heart, which made her even feel a little sour.

Now he hadn't even mastered the fourth stance of the Seven Killings Divine Sword Duel, so it was clear how difficult this Seven Killings Divine Sword Duel was to cultivate.

But it was also because it was too difficult that Xu Linglong had simply given up long ago, otherwise she wouldn't have failed to master the fourth stance even now!

'It's average, I feel that this sword skill is still quite difficult.' Lin Hao was also honest, it was only seven strokes in total, but he had only mastered two strokes after half a month of serious study, so it was really a bit difficult.

'Cut it out, you think it's difficult because you've got the advantage? You mastered two moves in half a month, but it took me a year to achieve this!' Xu Linglong was very dissatisfied.

'What's so strange about that, that's the reason why I've reached the Grand Master Grand Perfection and you're only at the early stage of Grand Master now, I'm just that talented.' Lin Hao struck Lin Hao without mercy.

'You .....' Xu Linglong wanted to retort, but couldn't, yes, other people Lin Hao was now at the Grand Perfection of the Innate Realm, but they were once at least at the peak of Grand Master, but Xu Linglong was still unconvinced: 'Hmph, what are you proud of, once It was once, you are still a bitter little sect master now, in front of my Grand Master, what do you have to be cross about.'

Lin Hao was a bit amused, this girl was quite competitive, and didn't have the heart to continue fighting with this girl, it was almost time to change back.

Just then, Lin Hao's mobile phone ringing suddenly rang: 'I fly in the dark clouds, you look at me indifferent .....

Lin Hao glanced at it, it was Jun Wu Ren calling, Lin Hao then reacted.

Not good, he was quasi-team, that Jun Wu Regret estimated not much better, these? Wu dyed closed Shan Lu Ai Di Di? People targeting the two of them is not a day or two thing.

'I throw, Lin Hao? Hey, Lin brother! Say something .....

ow, I go, are you dead yet.' Just after picking up the phone, Lin Hao hadn't said anything yet when Jun Wu Ren's strange shout came from over there.

Before the words were fully spoken, there was another harsh scream, and the booming sound of flying sand and rocks and collapsing houses.

'Your side is quite lively.' Lin Hao cried and laughed, he had guessed correctly, Jun Wu Ren had also been attacked by another martial powerhouse.

Besides, just by listening to the commotion, there was no doubt that it was actually tragic.

‘What kind of bullshit are you talking about? It’s not just lively! It’s simply hilarious!’ Jun Wu Regret was slandered, this was not this kind of torture, right?

## Super Son-in-law Chapter 1717-1718

### Chapter 1717

Hearing Jun Wu Regret’s explanation, Lin Hao couldn’t help but laugh, and Xu Linglong, the girl, even laughed loudly without regard to her image, laughing so openly and casually that she didn’t care about her ladylike image in the slightest.

Because Jun Wu Regret was really miserable, he was being chased by three Patriarchs of the same level, all with Dao Implications. Jun Wu Regret had only mastered the first move of the Broken Cangtian Blade Technique.

The key is that this move is very powerful, but it is not very useful.

He could only run and get beaten up at the same time, he couldn’t beat those three guys of the same level because he didn’t have Dao Yin!

But he was like Lin Hao, the physical strength of a peak Grand Master powerhouse was still there, those three Grand Masters couldn’t fuck him up.

It just ..... hilariously appeared that you were chasing me.

‘Not bad, excellent, being chased by three clan masters and still able to leisurely call me, this act seems to the three clan masters on the opposite side, not too much damage and extremely insulting, good job.’ Lin Hao even gloated and praised Jun Wu Regret twice.

After all, from Jun Wu Regret’s mouth, they were mainly dealing with the two of them and hadn’t sent anyone to target Lin Qingcheng or Shen Xiyan, hence Lin Hao was in the mood to flirt with Jun Wu Regret ah.

‘You can shut up, you! I don’t believe they just messed with me alone and didn’t beat you up?’ Jun Wu Regret was so angry that he directly cursed, he was now holding a lot of anger, but he had nowhere to vent it, he couldn’t fight, he could only be beaten.

What’s wrong with being physically strong? If you can’t die, it still hurts!

‘Hahahahaha .....’ This time Lin Hao and Xu Linglong both laughed in a very ungenerous manner.

‘What the hell are you laughing at!’ Jun Wu Ren was furious, how could he have such a pitiful brother!

Lin Hao’s expression was incomparably serious, ‘Brother Wu Regret, I will never allow you to denigrate yourself like that.’

What ?

Jun Wu Regret was confused, and Xu Linglong was also stunned, what did he mean ?

Then Xu Linglong reacted by laughing first, while Jun Wu Regret also reacted, but he was so dazed just now that he was hit several times again, causing Jun Wu Regret to scream in pain: 'Go to hell! You're not like that!'

This guy actually said he was a fart ? ? ? ?

Lin Hao thought it was about time, although Jun Wu Regret wouldn't be killed, it was still a bit damaging to flirt with his brother like that.

'I also have enemies on my side, Yue? Yi Yi Wu Yi grill Ai Ai dye? A middle Xiantian realm sect master from the Sea Sect, quite difficult to deal with.'

'Difficult a ghost, with Xu Linglong on your side can be a problem? The actual fact is that you'll be able to get a lot more than just a few of these. Jun Wu Ren didn't believe it, he had just heard Xu Linglong's voice, and Lin Hao's side was surprisingly quiet, where did it look like there was a battle?

'Okay, I'll go over there.' Lin Hao didn't explain much, Lin Hao could now basically conclude that he had mastered the two moves of the Seven Killings Divine Sword Duel and had integrated them, his combat power was equivalent to being a late

stage of the Innate Realm having the combat power of a Dao Yin Sovereign, as for the physical strength, it was not abject at all.

Lin Hao and Xu Linglong quickly rushed to the old town side in the south of the city, there was a lot of commotion over here, two houses had been dry collapsed, so Lin Hao they quickly found Jun Wu Ren.

Although they had been prepared, but when they saw Jun Wu Regret's miserable appearance, the two of them still didn't collapse and puffed out, forking their waists and laughing until their stomachs hurt ah.

'You guys .....' Jun Wu Regrets had a black face, that screams of anger!

Jun Wu Regrets was in rags and had bruises all over his body, although not deep or shallow it was not a big problem, but the key looked too miserable and wretched, his hair was blown into a chicken nest, well, there was a pile of chicken shit on top .....

'Cough cough, sorry, couldn't hold back, brother remorseless, what are you still standing there for, counter kill away you.' Lin Hao coughed and forced a smile as he fiercely stepped forward, gathered his sword Qi and shouted angrily, 'Sword Intent Vertical!'

Boom!

Powerful Qi was released, five crystal clear swords surrounded Lin Hao's body, sword intent rushing to the sky!

## Chapter 1718

Seeing Lin Hao's five sword qi, Jun Wu Ren's eyes lit up, this was the Seven Killings Divine Sword Duel? Is this the Seven Sword Qi that has been practiced?

That's great, that's five sword qi!

'Awesome, Brother Lin, beat him up, with just two more sword qi, are you completely practicing the Seven Killings Divine Sword Duel?' Jun Wu Ren was a little envious, he had only managed to melt through one blade after practicing for so long.

The remaining two swords were useless without knowing how hard to cultivate them, not to mention that he now lacked a precious sword that he could use!

Look at the Seibe Mad Sword's precious sword, which only produces 108 slashes in its lifetime, so you can see how formidable this sword is?

The sword of Chen Bei Xuan, the divine sword of the capital, is the legendary Yellow Spring Sword!

Lin Hao rolled his eyes, 'Thinking of fart eating, I've only learnt two moves.'

Jun Wu Ren's face stiffened, only two strokes, a waste of emotion.

'Ahem, these trash from the Yuehai Sect, they can't even solve a Dao-less sect master, it's fine, since we're here, let us settle you once and for all!' All these disciples of the Moving Mountain Sect were sickly, their faces were white, their eyes were cloudy, and they had dark circles under their eyes, with the frail appearance of a pulmonary consumptive ghost.

This could not be helped, this was the downside of this sect, a cursed sect, but it could never be underestimated in terms of fighting power.

With the leader ? Shanshan Serving Lu Xi Closing Shandi ? of the Mountain Moving Sect disciples shouted angrily, the three of them, holding their beckoning streamers, chanted one after another: Move the mountain and unload the mountain, look at the winding mountain, don't come near unless the eight characters are hard!

Boom!

In an instant, a radius of hundreds of meters was affected by the terrifying dao implications of the three, the stars shifted, the peaks were stacked, the mountains and dragon veins were unmistakably visible! The three of them were able to create their own movements.

They were able to create their own heaven and earth, so to speak, to create their own geographical location!

Using dragon veins to set up a formation to suppress the enemy, what a bizarre technique!

At the same time, the mountains were completely enveloped by a gloomy, dark and cold aura. It could also be called corpse Qi!

These guys are really crazy!

Corpse Qi is an absolutely deadly gas to normal people, and even the Gold Detectives are extremely afraid of it.

Even the Golden Guards were terrified of corpse qi. This Mountain Moving Sect had been invaded by corpse qi, which had caused major health problems over the years, but these people were crazy enough to use corpse qi to cultivate and defend themselves against their enemies!

In an instant, the surrounding temperature plummeted, and ice dregs would rustle down when one exhaled.

It was so cold!

This icy corpse qi combined with the mixture of Yin and Fury qi kept attacking Lin Hao and Jun Wu Ren, the coldness etched their bones!

‘Not good, we’ll be in big trouble if this continues.’ Jun Wuoren shouted anxiously, the situation was troublesome!

With their physical strength, they could completely withstand this level of attack, but the problem was that the strong qi in their bodies simply couldn’t withstand the attack of these Yin Fury corpse qi, and at this moment, several of Lin Hao’s sword qi were tainted with black fury qi.

If they didn’t find a solution in time, the consequences would be unthinkable, this was polluting other people’s fatal Qi!

Lin Hao was also frowning and couldn’t help but curse in a low voice, ‘Such tactics, dirty, really dirty!’

‘Sword Qi spreading! Explode!’

Lin Hao let out a furious cry, and the sword intent of the five contaminated swords surged, killing intent rushing through the sky, sword intent spreading across the sky!

The next moment!

Bang, bang, bang!

Five explosions rang out in quick succession as the five sword qi exploded, the terrifyingly powerful qi centering on Lin Hao, the shockwave of the explosion swept around and wreaked havoc.

The Yin and Fury Qi quickly collapsed under the impact of the terrifying explosions, and after it had collapsed, it was also clear that the surrounding heaven and earth, which had been fictitiously created by the other party's Daoist influence, then fell apart, and the mountains collapsed and the earth collapsed in an incomparably terrifying manner.

'Holy shit, is it that fierce?' Jun Wu Regret was stunned, how did this feel like the Seven Killings Divine Sword Duel was a little more powerful than the Three Blades Breaking the Heavens?

Jun Wu Regret was envious, even a little lemon.

'This, damn it, Corpse King, give me a go!' The three disciples of the Moving Mountain Sect also did not expect that the other party would be able to avoid being attacked by the corpse qi, the terrifying recoil caused them to spit out a mouthful of blood, the three of them chanted the mantra one after another and a regal roar rang out!

## **Super Son-in-law Chapter 1719-1720**

Chapter 1719

Lu Xi Pao Er Zhan Zhan Yi? The voice was human-like, as if it were a low, hissing growl like a wild animal!

Dang!

The earth trembled as a giant wearing armour and holding a large sword, almost two metres tall, descended from the sky.

Upon closer inspection, it turned out to be a festering corpse!

The corpse of some ancient general that they had manipulated and refined into a corpse king!

‘A slash of the Yellow River breaks the flow!’ At this point, Jun Wu Ren’s blade qi had also become problematic, and if he didn’t have to go out again, the problem would be troublesome.

Boom!

The curved moon-shaped blade qi exploded out, pointing straight at that corpse king, just as this blade was wielded, Jun Wu Regret’s condensed treasure blade also collapsed with a bang, there was no way around it, his treasure blade had been too badly attacked by the corpse qi and he was only able to condense it again.

If it wasn’t for Lin Hao’s sword qi exploding and dispersing the surrounding Yin and Evil Qi, I’m afraid that the powerful qi in their bodies would have been contaminated by now.

Ding!

The seemingly terrifying blade qi, even Jun Wu Ren thought that he would be able to cut it off with a single slash, but who knew that it wouldn't even be able to break the other party's armour, the terrifyingly sharp blade qi attacking on the armour only made a light sound of a ding, not even breaking the armour!

Boom!

The Corpse King was unharmed, while the aftermath of the sword qi impacted the small mountain behind the Corpse King, with a loud boom, the small mountain completely went up in smoke and fell apart!

When Jun Wu Regret and Lin Hao saw this scene, their pupils shrunken, and Lin Hao didn't expect Jun Wu Regret's slash to be so terrifying!

This situation proved that it wasn't that Jun Wu Ren's blade was not sharp enough, but that the corpse king's defence was too perverted, after all, the small mountain bag was blown apart by the aftershocks!

'Roar!' The corpse king opened his mouth, like a giant whale swallowing water, and incorporated all the surrounding Yin and Evil Qi into his body.

As the corpse qi continued to be injected, the corpse king's festering area began to slowly mend, and it became more and more similar to a living person.

‘Not good, this corpse king is invulnerable to swords and spears, now that he has sucked up enough corpse Qi, even a Grand Master would have a headache if he came across it, and would only be able to run away.’ Only when she saw this scene did Xu Linglong react, looking terrified as she warned Lin Hao and Jun Wu Ren both.

The Corpse King, who was invulnerable to swords and spears, tireless, and whose strength was comparable to that of a Grand Patriarch, was crucially unconscious, only fighting tirelessly and exploding with extreme power, and until the corpse Qi was completely dispersed, he was an invincible and undead existence!

Even if it was an ordinary Grand Master, if he fought against a corpse king of this level of hard steel, there was still the possibility that he would fall at any time!

Hearing Xu Linglong's words, Lin Hao's and Jun Wu Ren's faces also changed greatly.

Lin Hao, on the other hand, reacted quickly and used the Second Form of the Seven Killings Divine Sword Duel! Sword Intent Vertical!

Since the corpse king was under the control of these three people, then the thief should be captured first, and these three people should be killed first!

Xu Linglong was even the first to react, 'Huashan Draw Sword Style!'

Xu Linglong's strength at the early stage of Grand Master exploded out completely without any concealment, holding her sword in her hand, swish!

The sword light flashed, Xu Linglong's hand seemed to have not moved, still holding the hilt of the sword!

But a stunning sword light had already sped out!

It wasn't that Xu Linglong hadn't drawn her sword, but the speed at which it came out was so fast that she didn't even see it clearly, the sword had already returned to its scabbard!

'What! Huashan Sword Pulling Style! Damn, he's a Grand Master of the Huashan Sect!' The three Mountain Moving Sect disciples were spitting blood, they had already crossed the limit of summoning the Corpse King, and they had punched Lin Hao and the others' breath into the Corpse King's body!

In other words, the Corpse King was now not under their control at all, they didn't have this ability to control the Corpse King at all.

Once the Corpse King had killed Lin Hao and Jun Wu Ren, it would become an uncontrollable and vicious weapon on earth, a killing machine like existence!

## Chapter 1720

The three Moving Mountain Sect disciples wanted to spread the news, after all, if Lin Hao had a Grand Master of the Huashan School by his side, the situation would be different.

Only, the sword-drawing style had arrived, and with that dazzling sword light, they knew that there was no chance!

‘Hahahaha, so what if we die, the Corpse King has remembered your scent, even if you go to the ends of the earth, you will all have to die!’

‘Ah!’

Three miserable screams rang out at the same time, as the three Mountain Moving Sect disciples, were cut off directly by that radiant sword light! The Dragon Veins of Heaven and Earth created by the Moving Mountain Sect’s Dao Yin around them instantly collapsed!

The sword light killed the three Mountain Moving Sect disciples but did not stop at all, heading straight for the distant mountain peaks!

The sword light sank into the mountain peak at a speed visible to the naked eye, and then, with a rumbling vibration, the top half of the mountain peak detached directly, forming a smooth and flat diagonal cut.

Hiss!

The Huashan School sword-drawing style was as terrifying as this!

‘What are you two dumbfounded about!’ Seeing the two Lin Hao still dazed, Xu Linglong was so angry that she stomped her foot, ‘Do it quickly, they remembered your scent, if we don’t completely disperse its corporeal aura, we all have to die!’

‘Brother Wuyou, everything depends on you!’ Lin Hao said without hesitation.

‘What do you mean?’ Jun Wuoren didn’t react.

‘Pulling hatred, pulling monsters! Can’t you see? That slash of yours couldn’t even break someone’s defense, so pull the hatred.’

Jun Wu Ren: !!!

‘Please be a human, just say so if you want me to die!’

Roar!

At this moment, that corpse king roared once again, then without hesitation, he darted towards Jun Wu Ren, the large sword in his hand wielded with a tiger's wind, a sword light broke through the air, emitting an ear-piercing sonic boom!

The three disciples of the Moving Mountain Sect had been attacking Jun Wu Regret, naturally Jun Wu Regret's breath was incorporated into the Corpse King even more, so the Corpse King rushed straight towards Jun Wu Regret with a wailing cry!

Jun Wu Regret's head was buzzing, should this zombie be like this?

What the hell did he do wrong to suffer this pain!

'Damn you don't look, do it.' Jun Wu Ren began to run wildly to escape, only to see Lin Hao and Xu Ling Long still in a daze, apparently this zombie directly chased Jun Wu Ren and did it, somewhat shocked. Jun Wu Ren, however, couldn't help himself and directly opened his mouth to curse.

DONG~! Dang~!

The corpse king ran fast and furiously, each step landed on the ground with a roar, and the ground trembled with it, as if each foot stepped on the door of the heart with a terrifying feeling, the corpse king ran while waving his big sword, each blade impacted towards Jun Wu Ren.

Lin Hao and Xu Linglong, however, quickly came back to their senses and did not dare to continue to fret.

Sword Draw Style!

A swish of blinding sword light sped out from in front of Xu Linglong, pointing straight at where the Corpse King was!

‘Go!’ Lin Hao squeezed his sword fingers and fiercely pointed, five sword qi swooshing out with sonic booms as they ruthlessly impacted on the Corpse King’s armour.

Clanging sounds rang out continuously, and the Corpse King’s armor was even bursting with sparks in all directions? Wu zero Yi Shan Ai Ai Ai Serving Lu? splashes!

Lin Hao five sword qi, a touch immediately collided with the corpse king armor, just burst a burst of sparks, and then directly collapsed, can not create any substantial effect, even in the armor can not leave a white mark!

Lin Hao was stunned, no way big brother? Such a terrifying defence, how can this be fought!

Boom!

At this moment, the sword light from Xu Linglong's drawn sword style had already landed on the Corpse King.

With a boom, the Corpse King's body trembled violently, and was directly staggered a few steps forward by the sword light.

'Wooah!' Jun Wu Ren Real was miserable! He was directly lifted more than ten metres away by the aftershocks of that sword-drawing style.

He was being chased wildly by the Corpse King, and he countered, but like Lin Hao, his attack was not powerful enough to break through this Corpse King's defence, and he could not even leave a white mark, but it was Jun Wu Regret who was closest to the Corpse King.

Therefore the fallout from the sword-drawing style failed to collapse and lifted Jun Wu Regret off the ground miserably.

Jun Wu Regret wanted to cry, the Corpse King was not hurt, but his own man was hurt first!
