Chapter 111

“Have you guys heard of this kind of elixir in the clan?”

Jasmine, the leading elder sister of the Hundred Flowers Clan this time, looked at the crowd and asked, everyone shook their heads, while the talkative Peony among them picked up the conversation.

“Although I haven’t seen it, however, there might be one, do you still remember, sometimes, the elders would help those core disciples to break their bottlenecks, and perhaps this kind of elixir was used.”

However, someone immediately retorted.

“Impossible, it’s just to raise from Dark Energy to Transformation Energy, who would be willing to use that kind of elixir, after rising to Transformation Energy isn’t it still an outer disciple, it’s of no use whatsoever.”

Hearing her out, the others also nodded, indicating that they had indeed never heard of using pills to break the bottleneck at the peak of Dark Energy.

For the clan, a Houtian cultivator could simply be considered insignificant.

When this person finished speaking, the other women could not help but feel emotional, and one of them said.

“It’s because of this that we need to get that kind of elixir and break through to the clan so that they can take us seriously, don’t you think so, sisters?”

The others all nodded, but Paeonia said with some concern.

“That kind of elixir must be worth a lot, right, what will we get in exchange with others?”

At this the crowd was silent.

And in a hotel not far from them, Daoist Daoist Daoist was thinking about the same thing, he and also Daoist Daoist Daoist had actually both extremely low status in the sect, however, Daoist Daoist Daoist Daoist Daoist had instantly raised his status because of this new disciple Zhang Tian who had entered the sect, because according to the sect, Zhang Tian had an unlimited future.

“I must get my hands on this kind of elixir, I’m not young, I’m still stuck at the peak of dark jin, if I don’t improve I guess I’ll be swept out of the sect soon, since one immortal elixir can come out here, maybe more can come out, I don’t stay here, the day after tomorrow is the ‘Dharma meeting’, I guess those who want to participate in this The people who want to attend this ‘puja’ are all arriving soon, so maybe I can even meet some acquaintances.”

“Right, I also need to find out where that evil cultivator called Ye Lu is, now that Master Daochen is a bird and a gun, I have to make an effort to befriend him.”

Daoist Master Da Xuan smiled bitterly helplessly.

In the past, what kind of thing was Dusty, his cultivation level was not even as good as his own, and Daoist Daoist could not even look at him with half an eye, but now that things had changed, he had no choice but to flatter Dusty.

“Which secondary school is that evil cultivator Ye Lu in, yes, it’s ‘Experimental Secondary School’, then I’ll go to Experimental Secondary School first.”

With this in mind, Daoist Master Hua Xuan packed up and walked out of the hotel.

Indeed, as Daoist Master Hua Xuan said, since the “puja” was about to start, people who knew about the puja had started to gather in Liaocheng, and antique families like the Gu family were also making preparations in earnest, preparing all the treasures that might be seen by practitioners and displaying them at the puja, in case they were seen by practitioners.

These cultivators are either rich or have backgrounds, and of course having a background is the same as being rich in disguise. Moreover, for cultivators money is a foreign object, but for businessmen like the Gu family it is different, money is a good thing.

“Are there really any cultivators who would like these jadeites?”

Elder Gu Mingyue said with some uncertainty in his heart as he looked at the jadeite ornaments that were listed on the form, the goods that each family could display at the puja were limited and he did not want to waste this opportunity.

“Don’t worry, if Sister Long says someone will like it, then someone will definitely like it.”

Gu Shiqi said with a smile.

“Besides, just now Ye Lu said that he doesn’t have to pay back his money, so you guys don’t have to worry about money, it doesn’t matter if no one buys them, does it?”

As soon as they heard that there was suddenly a deficit of over a billion less, both Gu Mingyue and Third Uncle let out a long sigh of relief. With this billion or so, the Gu family’s emptied business would immediately have working capital, and they no longer had to be so strapped for cash.

At this time, Gu Mingyue’s mobile phone suddenly rang, it was a call from Su Lao.

“Elder Gu, our Su family is ready to cooperate deeply with your Gu family, I wonder if you are interested?”

Of course Gu Mingyue was interested, the Su family’s business was much bigger than the Gu family.

However, following that, Su Lao then said with a smile on the other side.

“However, there is one more person to be solemnly thanked for our cooperation, and that is your granddaughter-in-law Ye Lu, without him there would be no cooperation between us.”

Old man Su had become an old man, of course he would not forget to buy Ye Lu a good deal from Old Master Gu.

After putting down the phone, Gu Mingyue also sighed with emotion.

“Ye Lu is really not a normal person!”

And at this moment, Ye Luo was in the English teacher’s office, as the college entrance exams were all over, the school organized the teachers to go out for a trip, the office looked extraordinarily cold, only Liu Mei was sitting there alone quietly looking at the book.

The sunlight spilled in from the window and shone on Liu Mei’s body, the scene looked unusually serene and warm, so that Ye Lu couldn’t help but be a little dumbfounded.

After a long time, Liu Mei then saw Ye Lu standing in the doorway.

“When did you come, Ye Lu?”

Liu Mei asked with a smile as she closed her book.

Ye Luo smiled and said.

“I just came for a while, I saw you reading a book and couldn’t bear to disturb you, I came to give you the elixir, eat it and you can shed your bones.”

Ye Lu said as he took out two pills, one blue and one light blue.

“You’ve never taken this ‘Marrow Cleansing Pill’ before, so you should take this blue one first, and then take this light blue one when the effects are all over to see if it still has an effect.”

Ye Lu had experimented with this on Ye Yan’s body before, but Ye Yan had taken a large number of low quality ‘Marrow Cleansing Pills’ before, so Ye Lu was still not quite sure about the specific effects of the ‘Marrow Cleansing Pills’.

“Good!”

Liu Mei smiled and took the pill, then looked at Ye Lu and said.

“Junior, have you decided which department you want to take? Professor Qin and Professor Wu are waiting for your news.”

Ye Lu smiled and said.

“I’ve thought about it, I’m not going to either of their colleges, I’m going to apply for the ‘College of Chinese Medicine’.”

In fact, this was the conclusion that Ye Lu had come to after deep consideration over the past few days, he found that the matter of acupuncture and moxibustion and massage was only superficial, and the substance of healing through aura, the glasses already had knowledge of everything, so there was no longer any point in learning it, and Chinese medicine was similar, the aura that he relied on to heal the sick was estimated that mundane Chinese medicine would not introduce it either.

However, Chinese herbal medicine was different, because Ye Lu felt that maybe he could see those very rare herbs in the Chinese herbal medicine academy as well.

The most important thing for Ye Lu was the herbs, for example, with this blue manjushala, he could make pills like the “Marrow Cleansing Pill”, and now that he had planted the seeds of the “Underworld

Ghost Inferno" in his body, once it grew, he could release the "Underworld Ghost Inferno" on his own, and by then, many pills should be able to be made.

However, just having the recipe and the flame would not work, without the herbs, it would be like the saying "A clever woman can't cook without rice", that's why Ye Lu finally decided to study at the Institute of Traditional Chinese Medicine.

"Giggle, I guess Professor Qin and Professor Wu should be disappointed to know your decision."

Hearing Ye Lu's words, Liu Mei then laughed.

Following that, the two left the office and walked towards the outside of the school.

Daoist Master Da Xuan had just walked into the school, he asked the doorman about Ye Lu, but what he didn't expect was that Ye Lu seemed to be quite famous in the school, as soon as he said that the doorman knew about it, and said that Ye Lu had just entered not long ago.

This made Daoist Master Xuan a bit overjoyed.

"I didn't expect this evil cultivator to be so high-profile."

He muttered in his heart, and following that the doorman then pointed to a man and a woman who were walking out and said.

"Look, that man is Ye Lu, but he has already sort of graduated."

Daoist Master Daxuan looked along the doorman's finger, and the duster in his hand fell to the ground with a "dang!" It fell to the ground with a clang, just as if he had seen a ghost.

He found out that this evil cultivator called Ye Lu was actually the man he had seen standing on the cliff last night without clothes on.

"Fix this evil cultivator?"

Are you kidding, he didn't want to seek death himself, although he hadn't seen Ye Lu actually strike, but that scene last night made him completely unable to raise the slightest thought of moving Ye Lu.

And at this moment, Ye Luo also noticed Daoist Master Xuan, he found that this man, for some reason, was as if he had seen a ghost when he saw himself from afar.

"What's all this?"

Ye Luo frowned and walked over.

## Chapter 112

Seeing Ye Lu walk towards him, Daoist Master He Xuan quickly picked up the duster and then disappeared as if he was fleeing.

This left Ye Luo with a dumbfounded look on his face.

"What the hell is the meaning of this? Am I that scary?"

Ye Luo touched his face and then scratched his hair again, completely unaware of what was happening.

The doorman, on the other hand, looked at him and nodded thoughtfully.

“People say that this student Ye Lu was born with a kingly aura, I never believed it before, but now it seems to be true, the moment this kingly aura is revealed it scares the shit out of the other party, admire, admire.”

Ye Luo did not know that the doorman was thinking this way, he walked over to him and asked.

“Big brother, who was that man just now, why did he run away as soon as he saw me?”

As soon as the doorman heard Ye Lu actually call himself big brother, he immediately said with a smile.

“That person, I don’t know, but he was really asking about you just now.”

As a result, in the end, Ye Lu didn’t figure out the identity of the other person, so he had to walk with Liu Mei towards the outside of the school.

Only after Daoist Master Da Xuan fled far away was he relieved, he also fled because he was well aware of the evil and terrifying nature of evil cultivators, if he messed with them, he would not be destined to have a good life in the future, and because of their evil cultivation techniques, evil cultivators were generally formidable in battle, not something that a guy like him could handle.

At this time, he suddenly heard a voice say.

“Senior Brother Dui Xuan, what’s wrong with you? Is it hell?”

When he heard this voice, Daoist Master Hua Xuan turned around, only to see several Daoist priests walking together in his direction, led by a boy who looked younger than Ye Luo in age.

When he saw this person, Daoist Master Hua Xuan’s brow frowned slightly, because in the sect, he and this guy did not deal with each other, this disciple called Hua Qing entered the sect much later than him, but was very talented, and had already reached the peak of Dark Energy in just a few months, so he had always not put Daoist Master Hua Xuan in his eyes.

“What are you doing here, Senior Daoist Brother Hua Qing?”

As a result, Daoist Master Hua Qing said with a smile.

“Of course I’m here to attend the ‘puja’, and by the way, I’ll help Senior Brother Daidian deal with that evil cultivator who injured him, you weren’t scared like that by that ‘evil cultivator’, were you?”

After saying that, he looked at Daoist Master Hua Xuan with a playful expression.

Daoist Master Da Xuan thought for a moment and then said coldly.

“Humph, you guys have never seen that evil cultivator, if you had seen him, you wouldn’t be so shameless.”

As expected, Daoist Master Hua Qing and the others were angered by Daoist Master Hua Xuan’s words.

“Cut, you say your own level is poor, and you are still growing others’ prestige to destroy your own, I don’t believe that such a small place can produce any terrifying evil cultivator.”

“That evil cultivator’s name is Ye Lu, right, where is he, take me to clean him up.”

This played right into Daoist Master Xuan’s hands as he smiled and said.

“Sure, he’s just heading that way, I’ll take you there, don’t be a wimp when the time comes.”

Of course these guys refused to show weakness, so a few of them headed for the other side of the street.

Ye Lu had already sent Liu Mei back, there was no danger anyway, and Liu Mei needed another bath, so Ye Lu didn’t follow him up.

“I’m going to go for a stroll around.”

Ye Luo said with a smile.

“According to Principal Liu, this puja should attract a lot of people over, and I guess quite a few cultivators have already arrived in the city, so I’ll go and see what all the fuss is about.”

Liu Mei was not interested in these cultivator matters, so she smiled and went back to her room.

He was going to go to the snack street on the other side of the park to have something to eat, he hadn’t eaten anything since he got up this morning.

“The people from the Hundred Flowers Clan also happened to walk into the park at this moment, they were also bored and were going to go to the snack street to have a bite to eat, however, just as they reached the park they were stopped by another group of people.

There were only two women in this group, the rest were men, and all of them were extremely rugged looking, most of them were wearing tattoos, and the two women were also dressed with short hair and short clothes, most of their skin was exposed, full of wildness.

“Aren’t these the girls from the ‘Hundred Flowers Clan’? I really didn’t expect you guys to come to this small city as well, rare, rare!”

The tall man at the head of these men with a wolf’s head tattoo on his chest looked at the Hundred Flowers Sect’s girls and said with a lecherous smile.

When she saw the group appear, Jasmine, the leader of the Hundred Flowers Clan, frowned, for she knew very well that she was no match for these people, but, not showing any weakness, she looked at the burly man with the wolf tattoo and said.

“What does it matter if we come or not, you ‘Beast Alliance’, get out of the way.”

“The Beast Alliance was a clan whose main training direction was beast taming, most of the clan were old men and behaved in a rough manner, so the people of the Hundred Flowers Clan did not have any good feelings towards them, but the Beast Alliance was indeed much more powerful than the Hundred Flowers Clan, and even Jasmine had to admit this.

“Hehehe!”

When he heard Jasmine’s words, the guy at the head of the Beast Alliance did not have any intention to move aside as he looked at Jasmine and said with a smile.

“Sister Jasmine, don’t worry, I wouldn’t dare to do anything to you in this broad daylight, cultivators can’t disturb the worldly order, I still understand this, I just heard that Sister Jasmine’s breasts feel the best among all the sisters, so I couldn’t help but want to verify it.”

After saying that, he even reached out and made a couple of grasping motions.

Jasmine’s face turned red and the sisters behind her quickly took up their positions.

In the mundane world, of course, you can’t carry a sword or knife, so if you want to fight, you have to fight with your bare hands, which is definitely not good for the girls of the Hundred Flowers Sect.

Therefore, the burly man at the head of the Beast Alliance was not worried at all, as he looked at the girls of the Hundred Flowers Sect and said with a smile.

“Fighting in a group you guys are definitely not our opponents, as a big old man, I won’t bully you guys, I’ll give you guys a chance, no matter which one of you comes out, if within three moves, you can make me move my feet one step, I won’t look for your trouble anymore, if you can’t do that, then Fairy Jasmine, you let me reach in and touch it, do you dare?”

After he finished his words, Jasmine nodded her head without much hesitation and said.

“Good, Wolf Green, don’t go back on your word.”

After saying that, she flew her hand out.

“Sister Jasmine, let me do it.”

At this time, someone shouted loudly, obviously she should be a little stronger in combat than Jasmine who was leading the group, however, Jasmine ignored it and still charged up herself.

This was because she knew very well that if she let someone else fight in such a matter, once she lost, this person would definitely blame herself very much and feel that it was because she was useless that she had let herself be touched.

Therefore, Jasmine felt it was better to take the fight herself, so that even if she lost, she wouldn’t implicate her sisters.

“Boom!”

Jasmine used her legs, as they were much stronger than her arms in a fight, but she still underestimated how strong this strong man was.

The powerful swinging kick landed on her opponent’s body, and the wolfgreen guy actually just wobbled before standing firm again.

“Two more moves.”

Wolf Green said with a smile.

\*\*\*\*

At this moment, Daoist Master De-Qing and the others also chased Ye Lu into the park.

“Is this man the evil cultivator Ye Lu, he doesn’t look too evil, true reputation is better than meeting, I thought he was some kind of three-headed, six-armed figure.”

Da Qing looked at Ye Lu in front of him and said with a smile, he didn’t even look at someone from a small place like Ye Lu in his eyes.

“Yell, what does he mean by that, is he going to play hero to save the beauty?”

Following that, Daoist Master Zhiqing saw that Ye Lu actually walked towards the place where the Hundred Flowers Sect and the Beast Alliance were clashing.

“He’s also an evil cultivator, I think the whole thing is just a brainless one, this is good, we don’t even need to do anything, let’s watch the fun here and see how he dies.”

As Da Qing said, he stopped in his tracks, as far as he was concerned, Ye Lu was just a two-bit rash.

By this time, three moves had passed and Wolf Green took advantage of the fact that Jasmine had attacked the last move and grabbed Jasmine’s wrist, then yanked Jasmine to his face with force and said with a smile.

“Three strokes have passed, honour your agreement or we will touch all those sisters of yours.”

This was what Jasmine was most worried about, she was the one who had brought her sisters out, so it was her responsibility to bring everyone back unscathed, so she gritted her teeth and closed her glasses.

However, just as she was desperate, she suddenly heard a voice say in a loud voice.

“Beast, let go of that girl and let me do it!”

## Chapter 113

It was only when Ye Lu finished that he realized that there seemed to be something wrong with what he had said, as if he should not have said “let me do it”, but at that moment, he had already arrived at a fast pace and grabbed Wolf Green’s wrist in the moment when everyone was dazed.

Wolf Green felt as if his wrist had been clamped in an iron vice, and the sudden force made him let go of his hand instantly.

“Oh, I didn’t expect this big brother to be a really wise person, to be able to listen to advice, there’s no greater good than that!”

Ye Luo said with a smile, then let go of Wolf Green’s hand, giving the other party a face, perhaps there was still a chance to settle this matter peacefully.

However, upon hearing Ye Luo’s words, both the women from the Hundred Flowers Sect and the Beast Alliance froze, as everyone understood that Wolf Green was not the kind of person who listened to advice.

Following that, one of the women from the Hundred Flowers Clan then looked at Ye Luo with wide eyes in surprise and said.

“Handsome!”

Hearing her words, Ye Lu tossed his hair in a dashing manner, but then, immediately after that, another woman said.

“Really yeah, it’s that evil cultivator.”

This time Ye Luo was a bit confused, even if it was a handsome man, how come it was also an evil cultivator, where was I evil.

In fact, he didn’t know that this evil cultivator claim was put on him by Daoist Master Zhi Xuan before. Daoist Master Zhi Xuan was jealous of Ye Lu, so he told the women of the Hundred Flowers Sect that Ye Lu was actually an evil cultivator, at that time, Ye Lu’s look was really too unbelievable, so those women believed it.

Of course, how could Daoist Master Dui Xuan not have thought at that time that Ye Luo was really the evil cultivator he was looking for.

“Yes, it’s the one without clothes on.”

“So handsome!”

“Where are those bats?”

.....

When he heard these women chattering, Ye Luo understood that these people should have been present when he controlled the bats to kill people last night, and that was why they had said what they had just said.

However, before he could say anything, Wolf Green had already looked at him and said coldly.

“Who the hell are you to run this cross-legged bar.”

From Wolf Green’s point of view, this was actually considered polite, if not for the fact that Ye Lu’s strength had just made him a bit confused, he would have already given him a big slap on the face.

Seeing this guy’s attitude, Ye Lu smiled and said.

“I am the eldest at home, so I have to forgive people, besides, you are a big old man, what are you doing bullying these women? Don’t you think so?”

The Daoist Master Hua Qing, who was watching from a short distance away, was laughing at the scene.

“This guy is dead this time, actually reasoning with Wolf Green is like playing the piano to a cow.”

As expected, just like this guy said, Wolf Green’s bullying style immediately kicked in, and he looked at Ye Lu and said in a stern voice.

“Damn, you dare to lecture me, you’re tired of living.”

He then threw a punch at Ye Lu, Ye Lu dodged his punch sideways, and then kicked him to the ground without ceremony.

Since this bastard was so uncouth, Ye Luo didn't bother to talk nonsense with this guy.

"Oi yell! Holy f\*ck!"

When he was kicked to the ground, Wolf Green immediately burst out a foul mouth, and his brothers and sisters "Hullo!" In a flash, they surrounded Ye Lu.

He was expecting Ye Lu to be crushed. He knew Wolf Qing's combat power, and he was almost invincible at the peak of Dark Energy level, because he was not only full of true qi, but also naturally strong as an ox, with steel bones.

"Worthy of being an evil cultivator!"

He couldn't help but lament as well.

However, those women from the Hundred Flowers Sect were not surprised, as they had long thought that Ye Lu might be incredibly powerful, and they were excitedly chattering at the moment about how handsome Ye Lu was or something like that.

"Motherf\*cker, kill him for me."

Being kicked over by Ye Luo, Wolf Qing instantly became furious as he pointed at Ye Luo and roared, while taking out a pair of dark gloves like gloves and putting them on his hands.

Those brothers and sisters of his heard Wolf Green's roar and immediately swarmed towards Ye Luo.

These guys fought in the same way as Wolf Green, straightforwardly wheeling their fists and disliking them fiercely, which was just what Ye Lu wanted, and he liked this way of fighting.

"Boom!"

"Boom!"

"Boom!"

.....

A succession of impacts rang out, basically one at a time, and in the blink of an eye, six of these eight guys fell to the ground, leaving the two women looking at Ye Lu with horrified faces.

"Don't worry, I don't usually hit women."

Ye Luo said in a gentlemanly manner.

Only then did the two women breathe a sigh of relief, while Wolf Green, who had put on his gloves, looked at Ye Lu with a dumbfounded expression, he hadn't expected such an outcome at all.

So many of his brothers had been taken out so easily, he couldn't accept it at all.

He had previously looked down on a handsome boy like Ye Lu, he felt that it was useless to be handsome, but he found that the one in front of him seemed to be a bit different.

“Could it be the strongest little white boy in the world?”

He looked at Ye Luo, but did not dare to go forward.

While watching the lively Daoist Daoist had almost dropped his jaw, he died not expecting Ye Lu to be so terrifying, he suddenly remembered what Daoist Daoist Xuan had just said.

“If you had seen him, you wouldn’t have spoken so loudly.”

Now it seemed that Daoist Master Xuan had really not lied to himself.

And beside him, Daoist Master Yexuan was extremely depressed at the moment, because originally he wanted to let Ye Lu teach Daoist Master Qing and the others a lesson, but now it seemed that this plan was definitely out of the question, so he looked at Daoist Master Daoist Master Qing and said.

“Senior Daoist Brother De-Qing, have you conceded, what did you say just now?”

This dislike made Daoist Master Deguqing’s face turn blue, however, he looked at Ye Lu in the distance, and then looked at the strong men lying on the ground, in the end, he did not say anything, because he understood that they people simply could not dislike Ye Lu.

In the distance, Ye Luo then looked at Wolf Qing and said with a smile.

“You’re wearing your weapon, right, so come on, get up and fight one on one like a man, what kind of good man are you if you let a woman help you?”

These words obviously hit Wolf Green where it hurts, he gritted his teeth and jumped up fiercely and charged towards Ye Lu, however, Ye Lu didn’t even dodge, he poured his aura into his fist and then met Wolf Green’s blasted fist and disliked it straight back.

When he saw Ye Lu’s action, Wolf Qing revealed a cruel smile, because he was wearing a “magic weapon” in his hand. Although he was only a Dark Energy powerhouse and could not use the full power of his boxing gloves, he did not think that his flesh and blood could compete with a “magic weapon” infused with true qi.

“Boom!”

The two men threw a solid punch, and then one figure stumbled backwards, and then “thumped!” He fell into the small lake in the park with a thud.

“Cut! It’s not worth a single blow.”

Ye Luo said casually, and to the surprise of the Beast Alliance, they saw that Ye Luo’s hand was actually unharmed.

Following that, Ye Luo then clapped his hands and said.

“Still not rolling, are you planning to take a bath together?”

Hearing Ye Luo’s words, the people from the Beast Alliance then quickly fished Wolf Green up and then disappeared in a flying manner, along with Daoist Master Qing and the others.

“Evil cultivators are really too evil!”

Daoist Master Da Qing lamented as he dialed Daoist Master Dust's phone number.

In the park, Ye Lu was already surrounded by the women of the Hundred Flowers Sect.

"Great master, what's your name, thank you for helping us?"

"Yes, that was awesome, that was great."

"Yes, it hurts so much!"

.....

Seeing the guys from the Beast Alliance in a mess, the women were all happy bad, while Paeonia looked at Ye Lu and blinked her glasses and smiled.

"By the way, expert little brother, you just said 'let go of that girl, let me come', what are you planning to do to Sister Jasmine, Sister Jasmine, let him come."

Hearing Paeony's jibe, Jasmine's face immediately turned red, and she quickly lowered her head.

Ye Lu did not expect them to be so open, so he hurriedly waved his hand and said.

"I have things to do, I'll leave first."

Being pestered by such women, Ye Luo was not quite comfortable with it, however, those women obviously did not want to let him go, they still surrounded him and said.

"It's okay to leave, just leave a phone number, or if not, leave a WeChat."

"Yes, leave a contact information."

.....

There is no way, Ye Luo had to leave his WeChat to that Jasmine, because he felt that this Jasmine is still considered a relatively quiet woman, probably will not harass himself.

After leaving his WeChat number, Ye Lu then got rid of the woman from the Hundred Flowers Sect, but at this time, Ye Yan's phone call came.

"Ye Lu, where are you, there's someone from the capital who wants to see you."

## Chapter 114

Hearing that someone from the capital wanted to see him, and that it was Ye Yan who had passed on the news, Ye Lu understood who had probably sent them, it must have been the Ye family, only, he didn't know what the other party had come to do.

"They seem to be here to deliver something to you."

Ye Yan said on the other side of the phone.

"Grandpa is also being kind, so just accept it."

Hearing Ye Yan's words, Ye Lu thought for a moment then said.

"Good, then tell them to wait for me at the 'Hongfu Club', I'll go there now."

After all, it was Ye Yan's grandfather, and Ye Lu did not want to make the relationship too stiff, moreover, he had also figured out that it was not too much to charge him something as interest for saving Master Ye's life.

After hanging up the phone, Ye Lu walked out of the park and took a taxi towards Su Lao's "Hongfu Club".

Not far from the park, people from the Beast Alliance were changing Wolf Green's clothes.

"That kid is too evil, what's his cultivation level, he can't be an innate expert, can he?"

A strong man asked with some confusion.

However, someone immediately retorted to him and said.

"An innate expert my ass, I don't even see any outgoing true qi on him, how can he be an innate expert, besides, what's an innate expert doing in this small place?"

The other man could only nod silently when he heard this.

It was true that Innate masters could walk around in the mundane world, and the "puja" in this small place could not attract such masters, besides, the initiation level of this "puja" was very clear, it was a low-level puja, and the main group of people it targeted was the dark jin masters.

At this time, Wolf Green had already finished dressing, and he touched his damp hair and said.

"Don't guess blindly, that person is not an innate expert, if such a young innate expert appeared in the secular world, it would be too demonic, unless it's one of those big families in the capital who want their children to cultivate and can't be bothered to send them to the clan, this guy looks like a wild kid, I don't even feel the true qi in his body."

Hearing Wolf Green finish, the crowd immediately asked in disbelief.

"That can't be right, not even true qi and he sent you flying?"

Wolf Green didn't know how to explain this matter, as he also felt that it was too evil, however, he didn't dwell too much on this matter, but looked at one of the few people, a woman, and said.

"How are all the preparations on Brother Leopard's side?"

The woman said with a smile.

"Don't worry, the men are being gathered, if the news is true this time, for sure they won't be able to take a single pill or treasure with them, and when the time comes, they will be eaten to the bone, and no evidence will be left behind."

Hearing the woman finish, Wolf Green then smiled and nodded his head.

From Wolf Green's point of view, although the incident just now was depressing, it was just a minor incident, because their goal was all the things of the "Dharma Society", including the kind of elixir that had just come out of the legend.

"When the time comes, that little b\*tch Jasmine will still be in my hands and I'll see how I spoil her."

Wolf Green muttered in his heart, and then the Beast Alliance men headed for the city.

At this moment, the heart of Daoist Master Zhuchen was filled with astonishment, he did not expect Ye Lu to be so terrifying at all, he originally thought that Ye Lu might be a cultivator at the peak of dark jin, now from the phone call Daoist Master Zhuchen gave him, a cultivator at the peak of dark jin seemed to be as unbeatable as a mound of earth in Ye Lu's eyes.

So, he thought about it and said to Daoist Master Hua Qing.

"OK, I know about this matter, the Supreme Elder is giving Zhang Tian an initiation, when it's over, I'll talk to Senior Brother Zhang Tian and see what he does, after all, this is his grudge."

When Dazhen finished speaking, Dao Qing also nodded, indeed, this matter originally had nothing to do with the few of them, let's see what the person concerned does, the emperor is not in a hurry, what is the eunuch in a hurry.

However, beside Daoist Daoist Daoist had already made up his mind, he decided never to mess with Ye Lu, this guy was too much to mess with.

At this time, Ye Lu had already arrived at the Hong Fu Club, where two middle-aged men dressed formally were waiting for him.

Seeing Ye Lu enter, the two men stood up at the same time and said.

"You are Young Master Ye Lu, right, we are sent by Master Ye, we have two items to give to you, please Young Master Ye must accept them."

As he said that, one of them took out two boxes.

Ye Lu was also a little curious, what exactly would Master Ye give to himself?

The first box was opened immediately, and the result was that what was inside was slightly disappointing to Ye Lu, not that what was inside was bad, but mainly because Ye Lu couldn't use it.

In the box was a set of silver needles made of secret silver. To be honest, this set of silver needles was really quite good, because "secret silver" was not a product of this world, but also from the "Haotian Continent", which was perfect for making silver needles, and this set of silver needles was also made by a famous master, so it should be a treasure for doctors.

However, it would not be of much use to Ye Lu.

"It can't be that the other one is also something to cure diseases."

Ye Luo had some bad premonition, and sure enough, when the other box was opened, it was also related to healing, it was an ancient medical book, indeed a long lost ancient book, but it was not of much use to Ye Luo either.

However, Ye Lu could feel that Elder Ye had prepared these two items for himself with great care, presumably because he saw that he was good at healing, so he had plucked these two items around.

“Good, then I’ll take them, and tell Elder Ye that I appreciate his gift.”

Ye Luo said as he looked at the two items and nodded his head.

He felt that although he couldn’t use these two items, it was still a good thing to take them to the Yanjing University of Chinese Medicine to pretend to be something else, not to mention that this set of “secret silver” silver needles was very rare and would definitely make people’s eyes shine when they took it to the “Acupuncture and Tuina College”.

The medical book can be taken to the “College of Traditional Chinese Medicine” to pretend to be something else, and it will definitely have a good effect.

Seeing that Ye Lu accepted the two gifts, the two middle-aged men were relieved, because before they came here, Elder Ye said that Ye Lu might not accept them, so they thought that Ye Lu would be an unruly person, but now it seemed that this young man was still quite easy-going and nice to talk to.

At this time, Liu Mei’s phone call came through.

“Ye Lu, this stuff you gave me is too powerful, I feel like I’ve been transformed, and I’ve suddenly become so strong.”

Although it was only a double bed with an iron frame, but with the mattress and bedding and other things, it should weigh more than a hundred pounds, so it was indeed a bit appalling to lift it with one hand.

When Ye Lu heard Liu Mei’s words, he laughed and said.

“Does it feel like you’ve become Superman.”

After chatting with Liu Mei for a while, Ye Lu left the “Hong Fu Club” with the two treasures.

The “Marrow Cleansing Pill” was already available, and Ye Lu felt that there was nothing more to prepare.

He was woken up early the next morning by Gu Shiqi.

“Ye Lu, come over to my house, we’ve almost finished preparing everything for the puja, come and help us see if there’s anything you need, plus help see if there are any fakes here, or anything completely useless, we’ll be transporting them up to ‘Ancient Lu Mountain’ this afternoon.”

The “Ancient Lu Mountain” mentioned by Gu Shiqi is the place where this “puja” will be held, and there is a Taoist temple on the “Ancient Lu Mountain” named “Yun Lu Palace”, which is the organizer of this “puja”, however, because the “Ancient Lu Mountain” is rather remote and the “Yun Lu Palace” is not open to the public, so Ye Lu has never been there.

But when he arrived at the Gu family, Ye Lu found that the things prepared by the Gu family were not all antiques, but rather decorative things, some extremely beautiful things.

“It was sister Long’s idea, she said that we were doing it to make money anyway, there were too few treasures that were really useful, so we might as well get something pretty, those cultivators have money anyway.”

After listening to Gu Shiqi, Ye Lu nodded, indeed there were only two of these things prepared by the Gu family that were really more useful, they were considered magic weapons, but they were weapon type and of poor quality, basically they were not of much use.

It looked like it was indeed difficult to pluck good treasures from antique families.

So, Ye Lu helped the Gu family to look around the warehouse and the various branches again, and put together a few more items, and in the afternoon, they were all brought to Mount Gu Lu by a special person.

Just like that, another day passed, and the next day before dawn, Ye Lu started to set off towards Ancient Lu Mountain.

## Chapter 115

The long-awaited “puja” finally started as scheduled.

The first day was a preview, so that everyone could get to know each other and see what other people had brought to the fair.

The treasures displayed at the preview are not tradable, and each person has to write an introduction to the items on display, both to introduce their usefulness and benefits, and to attract others to exchange or buy them.

Of course, this is all for cultivators, it’s different for antique dealers like the Gu family, who have separate booths and just have to display their stuff, as for trading it’s relatively free, everyone can trade as much as they want in private.

Of course, the organisers also have a small-scale auction, but this is different from the usual one, as the items are not exchanged for money, but for items, and the final trade is not based on the actual value of the items, but on the organisers’ preference, meaning that if he likes you, he will exchange you for a stone from the roadside.

The other thing is that the organisers do not provide accommodation and food, because the Taoist temple is very small and it is hard enough to put up the various exhibits, so people have to take care of their own accommodation and food.

This was a rather dodgy point, I guess. Of course, Ye Lu did not have to worry about these things, as the Gu family had already arranged various things.

If he hadn’t come across the blue Manjusri, he would have returned empty-handed from this “puja”. He didn’t have any decent treasures, and the two items that Master Ye had given him, he felt that firstly, there wasn’t much of a market for them, and secondly, it was good to keep them to pretend.

Sensing that Ye Lu was nearby, one of the “ghost bats” immediately flew up, and Ye Lu hurriedly instructed it not to come over, this thing had a hideous face, if other righteous people saw it who knows what they would do.

Fortunately, these “ghost bats” were quite obedient and all of them retreated after Ye Lu’s gesture.

It was said that every puja was held in a place far away from the crowd, in order not to disturb the normal life of humans.

Ye Luo saw people from the Beast Alliance from afar, and people from the Hundred Flowers Sect were also there. This time, since it was in the mountains, the Beast Alliance people had brought beasts with them, but many of these beasts were not like anything on earth, like the giant wolf that Wolf Green was riding, which was bigger than a tiger and was the same as a small-sized horse.

All this made Ye Luo couldn’t help but feel emotional, was this really still on Earth?

At this moment, Gu Shiqi was with Long Feixue, the Gu family had divided the two spots between Gu Shiqi and his third uncle, this was also the intention of Gu Mingyue, the old man of the Gu family, he wanted Gu Shiqi to have more contact with Ye Lu while he was still in his feather, the relationship established at this time was far more solid than the one established after one had already grown up.

“So many people!”

Seeing the bustling crowd on the mountain beam, Gu Shiqi couldn’t help but lament as well.

Long Fei Xue, on the other hand, smiled and said.

“That’s because there hasn’t been a method meeting in Liao City and the surrounding area for many years, so that’s why there are so many people coming this time, but it also has something to do with the fact that the low-end method meeting doesn’t have much of a high threshold.”

Gu Shiqi was not very interested in these, she was instead interested in those monstrous beasts of the Beast Alliance.

“That strange thing shouldn’t be from Earth, right?”

Gu Shiqi asked as she looked at a long snake with two heads.

Long Fei Xue smiled and said.

“How can I say this, it counts and doesn’t count, because those things were obtained from some secret places on Earth, such as the ‘Avenue of Yellow Springs’ in America, the Bermuda Triangle, the Thousand Year Snow Valley in Antarctica, the Hell’s Gate in Kunlun in our country, etc. Of course, these beasts should not be obtained by themselves either of them, they were young beasts brought out by their masters or clan masters, who in turn raised them.”

Gu Shiqi then said with some envy.

“I think I should raise one too, like that white one, it’s so pretty.”

She was talking about a white young beast, all snowy white with bloodshot red eyes, it looked exceptionally cute.

Long Fei Xue then smiled and said.

“That is a ferret, nothing offensive, but there is a certain method to raise these foreign beasts, and the Beast Alliance does not allow it to be passed on, so wait until you have the chance later.”

Hearing Long Fei Xue’s words, Gu Shi Qi nodded slightly disappointed.

After walking for some time, they finally reached the top of the Ancient Lu Mountain, the “Cloud Lu Palace” is on the top of the mountain, the terrain here is very open, the “Cloud Lu Palace” covers an area of quite large, at the entrance are a few Daoist priests responsible for the reception, only those who have the “Dharma Association” token can enter, and after entering, the token of the Dharma Association must always wear on their body, if they do not have the token on their body will be expelled from the “Cloud Lu Palace”.

Of course, merchants like Gu Shiqi and the others who were invited were not included in this category, as the “Yunluo Palace” would take 30% of the transaction from the merchants as commission.

In fact, not all of the people who came could enter the “Yunluo Palace” to trade, for example, the people from the Hundred Flowers Sect only had three tokens, so many of them started to choose a place to set up their tents when they arrived, because most of them still felt that it was better to stay here for one night than to go back and forth.

When Ye Lu arrived, he showed his token and then hung it around his neck and walked into the “Yun Lu Palace” according to the organiser’s rules.

“Fellow Daoist, do you have something to display, if so, you can register here, that side is the display area, you can put your item on display for everyone to see, today is a preview, it is a good opportunity for everyone to know your treasure, don’t worry, we will keep your secret, no one will know who the item belongs to.”

This is one of the unwritten rules of the “Dharma Fair”, that is, during the preview only the treasure is displayed, unless the owner needs it, it will not be written down who the treasure belongs to, to avoid the occurrence of a treasure grab.

Of course, when the real deal comes tomorrow, the owner will definitely have to be there, because the Fair is not an auction, and the owner is not there to sell the treasure, but to exchange it for what he needs, and only the owner knows what he needs.

Ye Lu smiled and walked with him into a secret room on the side, then took out a “Marrow Cleansing Pill” and a well-written profile card and said.

“I don’t have any other treasures, I only have this one, so please put it in the exhibition area for me.”

The Taoist priest nodded in agreement, and then let Ye Lu fill out a bunch of lists and leave his contact information, before smiling and saying to Ye Lu.

“Alright, Daoist, it’s all done, I hope you can get something out of ‘Yunluo Palace’.”

Seeing that the formalities were all done, Ye Lu was a little impatient to leave, but the Daoist stopped him and said with a smile.

“Fellow Daoist, if you have any treasures that you don’t want to preview and are worried that it’s dangerous to keep them on your person, we suggest that you deposit them in the Daoist temple, we can guarantee the safety of your items 100 percent.”

Ye Lu did not expect the services offered here to be quite comprehensive, however, he shook his head and refused, who knew if this Daoist temple would lay a dark hand on him? Ye Luo had heard that this Taoist temple had not only a strong Hua Jin master, but even a Xiantian master sitting in the temple, once such a master moved to do something, it should not be difficult to make a person disappear unnoticed.

Seeing that Ye Lu refused, the Daoist priest smiled and said nothing more.

Instead, Ye Luo walked towards the display hall.

When he reached the hall, he realised that it was really big and winding, with many corners and passageways, which were lined with transparent boxes for display, but of course, many of the boxes were empty now, after all, the preview had just started.

Ye Lu began to look at the exhibits that had been previewed, they were really diverse and dazzling, and as the owners of the displays were all cultivators, the vast majority of the items were magic weapons, except that for cultivators like Dark Strength practitioners, many of the magic weapons could only exert a small portion of their power.

“Vertigo Lamp, using it at close range can make the mind lose its concentration and fall into a state of madness, a must-have artifact for conquering girls, don’t miss it if you walk by .....

Ye Luo saw that the blurb on one of the things was written in a rather interesting way.

However, the actual situation was completely different from what this person wrote, and in Ye Lu’s glasses, the real situation of this thing looked like this.

“Name: old compulsion lamp, material: cold iron, compulsion poison, production date: 1843, origin: Miaojiang, synopsis: a poison lamp that can kill people by using a wick impregnated with compulsion poison as a medium, the toxicity has weakened due to too much time .....

It turns out that this thing is a poisonous lamp, that is to say, even the user will be poisoned, would this not be a pitfall if we were to exchange it back, Ye Lu has some heart a bad chill.

At this time, suddenly from not far away came a shout of alarm.

“Wow! Look, the legendary elixir ‘Marrow Cleansing Pill’ has appeared!”

Someone said in surprise.

## Chapter 116

He had actually been prepared to find someone to try out the medicine, but now it seemed that he didn’t have to go through all that trouble.

However, he didn't go there, but continued to study the contents of the transparent cabinets, because he felt that there were still many functions that had not been opened in the glasses, and this "puja" should be a good opportunity to open up various functions.

Around the box where the "Marrow Cleansing Pill" was located, many people had gathered at the moment, because for the past day or so, this pill had been the most discussed in the circle, and rumours were like that.

Some say it is an "Immortal Pill" left over from the ancient times, some say it is a pill passed down from some hidden clan, made by a great master of the hidden clan, and some say it is an "Immortal Pill" that has been divided into several parts and then re-refined .....

As for how divine the "Marrow Cleansing Pill" is, there are also many versions, but no matter how long you have been stuck in a bottleneck, you can break through by taking it.

"The first thing you need to do is to take it. It's not a hype, is it? In this day and age, there are so many marketing tactics, it's impossible to guard against them!"

"Yeah, it would be a shame if this stuff didn't work."

"Then eat it on the spot, as everything exchanged at the 'puja' is open for testing anyway."

"Yeah, that's right."

.....

Just at this time, Su Lao suddenly appeared, and he looked at the crowd and said with a smile.

"This elixir is indeed real, it was by taking this elixir that I finally broke through, and these few old friends have also come for this reason."

Su had been stuck in a bottleneck for many years, and he had attended many of these low-end "puja" meetings, so many people were familiar with him, so what he said still carried a lot of weight.

Probably because he was worried that people would not believe him, Su continued with a smile after he had said this.

"In order to let everyone know that this matter is true, let me show you the power of the 'Realm of Transformation'."

With those words, he then stretched out his hands, and a white light lit up, forming a protective film of true qi on his fists and arms.

True qi was released!

It was the hallmark of a "Transformation Power".

"The so-called "external release of true qi" did not mean that one could shoot out true qi like a laser, as one might think, but that one could release true qi outside the body to form a defensive layer.

Don't underestimate this layer. For example, if a Dark Power is very powerful, but if the opponent has a gun in his hand, with a single "ping", the Dark Power will be dead.

However, if it's a Huajin practitioner, he will be able to block the bullets through the true qi defence layer on the outside of his body, but of course, bullets with too much power or bombs will not be able to do so, but with such a true qi defence, it is very difficult for ordinary swords and knives to hurt a Huajin practitioner.

Therefore, a Hua Jin strongman has a crushing-like advantage over a Dark Jin strongman, because this layer of True Qi defence is also able to resist most Dark Jin attacks.

Seeing the glow on Su Lao's body, there were quite a few people who were envious, after all, everyone was basically here for this matter, especially those few people around Su Lao.

They were Su Lao's friends, and had been stuck in this realm for many years like Su Lao, and were considered to have the same fate as Su Lao, however, these few people did not live in this city, so they were not familiar with the others.

"Everyone is clear, right? A breakthrough in the realm, although it is a small one, is enough to let us live for some more years, moreover, the real benefit of this pill is not a breakthrough in the bottleneck."

Hearing that the function of the "Marrow Cleansing Pill" that could break through the bottleneck was not the most powerful, everyone fell silent and waited for Elder Su's next words with eyes wide open.

Only then did Elder Su smile and said.

"The greatest benefit of this 'Marrow Cleansing Pill' is that it can transform the body, washing away all kinds of impurities in the body, things that hinder cultivation, things that block the meridians, this is the essence of its ability to allow people to break through bottlenecks."

Hearing Elder Su's explanation, the crowd was taken aback.

"That means this thing isn't only effective for breaking through the bottleneck this time, it's also effective for breaking through the bottleneck in the future, isn't it?"

Su Lao nodded and said.

"That's what it means, it's fundamentally transforming the body, it's the essence of the person that changes."

This time everyone was moved.

"So divine!"

"That's really good stuff!"

.....

However, at this time, Ren Yi and Ren Yao, who had come from the capital, raised doubts because they did not know Su Lao, nor did they know which onion he was, so Ren Yao looked at the "Marrow Cleansing Pill" and said.

"It's quite evil, but who knows if it's just fooling us, we've never eaten it anyway."

A few other outsiders also nodded along and said.

“Yes, it’s all one side of the story, it’s hard to tell if it’s true or not!”

“Right, this society is full of set-ups nowadays!”

“This looks like a set-up.”

.....

It was in this society that a voice suddenly said.

“Fellow Daoists, please listen to me for a moment, the Daoist who just offered this pill has decided that he can sell this ‘Marrow Cleansing Pill’ to everyone in order for them to better understand the effects of this pill.”

“There is no need to exchange, just money, I will be in charge, the money can be credited to our ‘Yunluo Palace’ card first, time is ten minutes, the highest bidder will win, you can bid now.”

A Daoist priest who was in charge of order looked at the crowd and said with a smile.

This was also an impromptu idea that Ye Lu had just come up with, as the Gu family was short of money anyway, and if everyone was not allowed to see the effects of the “Marrow Cleansing Pill”, I was afraid that they would not come to exchange it enthusiastically.

The Daoist priest’s words made everyone freeze, but one of the people beside Su was already the first to make a bid, and he raised his hand and looked at the Daoist priest.

“I’ll offer one hundred million.”

His words made the Daoist priest almost fall to the ground.

It was true that the Daoist priests were not poor in money, but they still had the concept of money, after all, the daily operation of the Daoist temple also needed money, otherwise the Daoist temple would not have held this “puja”, firstly, for the purpose of exchange, and secondly, also to make money, after all, everyone had not reached the realm of “abstaining from eating”, so they could not be completely free from vulgarity.

“A hundred million out of the blue, what kind of elixir is this?”

The Daoist priest couldn’t help but look at the blue elixir.

However, in the eyes of Su Lao’s friend, the price was definitely worth it, and it was cheap, because according to what Su Lao said, other than that, just transforming their bodies and breaking through bottlenecks, it would not be a problem for them to live for a few more decades.

A few decades, that’s a life, money can’t buy that, especially for people who are already old enough.

Not to mention, Su had said that after the body transformation, even that aspect would be the same as when they were young, and that the lure of decades of happiness was too great.

However, he was not the only one with money here, as another man immediately raised his hand and said.

“One hundred and ten million dollars.”

“One hundred and fifty million.”

“Two hundred million.”

.....

Seeing that these people were raising their bids like crazy, the Daoist priest in charge was already completely dumbfounded.

“What kind of elixir is this?”

Eventually the elixir stopped at twelve billion, and Ren Yao looked at the crowd and smiled inwardly, saying.

“Dare to compare more money with Laozi, compare yourselves to death.”

The Ren family, as a large family in the capital, had a thick family base that could not be compared to this small city, Su Lao did have money, but his friends were not like him and did not have years of experience in business, they did have money, but not as much as Su Lao.

Of course, there were more people who were in the mindset of watching, everyone wanted to see if this elixir would really work when it was blown so godly.

Seeing that no one else was raising the price, that Daoist priest smiled and said.

“Alright, this ‘Marrow Cleansing Pill’ is yours, however, the owner of the pill has one more request, and that is that you have to test the effects of the pill on the spot before you can do so.”

Ren Yao of course said indifferently.

“Sure, how to test it, come on.”

The Daoist priest said with a smile.

“Everything is ready for you, come with me.”

He took out the “Marrow Cleansing Pill” and handed it to Ren Yao, then followed by another Daoist priest with clothes and various things and took Ren Yao to a bathroom.

“Please, you can take a bath and use the toilet here.”

The Daoist priest said with a smile.

Although Ren Yao was a little puzzled, he took his things and went into the bathroom, following which he took the potion and tossed it.

After ten minutes or so, Ren Yao came out with his hair wet and bare shoulders.

“Brother, look!”

He said excitedly as he came out and looked at Ren Yao, followed by a layer of white true qi appearing on his hands.

“It’s really a breakthrough!”

Seeing this scene, the whole room stirred up.

Chapter 117

If everyone was still a bit skeptical just now, then this time everyone understood that the “Marrow Cleansing Pill” really worked, and just like the legend said, it only took a very short time to work.

Of course, this was also related to how long everyone had been stuck in the bottleneck. Many people who had been stuck in the bottleneck for a long time were actually just a little bit away from breaking through, and the “Marrow Cleansing Pill” was undoubtedly that opportunity.

“Hahahahaha!”

The breakthrough made Ren Yao laugh happily, which made many people envious, after all, most of them came to the meeting because of this, and of course some of them came for the sake of Taobao.

“It’s really so awesome!”

“After seeing it with my own eyes, I’m really impressed!”

“I wonder how many of these pills are still available?”

“Didn’t you see the blurb? The quantity is extremely limited, first come, first served.”

“Who is the owner of this elixir anyway?”

.....

After seeing the effects of the medicine, everyone started talking about it, after all, such an incredible thing was a rare occurrence.

“Yeah, this person didn’t specify what to exchange it for either.”

At this time, someone suddenly said.

Many people had read the introduction that Ye Lu had just written, so people started to think about the exchange, because it depended on fate, mainly on what the owner of the treasure liked, what was important was that it was a good match, it didn’t have to be something very rare or very high class.

The people who were with Ren Yao and Ye Lu in the Tianma Mountain treasure hunt that day saw Ren Yao make a breakthrough like this, and everyone was red in the eyes, but it was useless to be red in the eyes.

It is true that the clan also has the strength to do so, but it is not possible for one person to make a decision on the use of such a large sum of money, so the people of the Hundred Flowers Clan can only be envious.

The people of the Beast Alliance, on the other hand, were a little chagrined.

“I can’t believe we just ate it like that, what a waste, if only we could have grabbed it.”

“Yeah, what a pity.”

.....

They began to whisper and mutter, but Wolf Green was not bothered.

He smiled and said.

“Don’t worry, it’s impossible to eat them all, and you guys are too ratty, the most important thing is the source, understand, grab a few more that you can, catch the potion seller and ask him where he got the potion, that’s the most important thing.”

Another man said with some disbelief.

“Why don’t we just cook up the ‘Yun Lu Palace’ in one pot, if we do it now, won’t we have everything.”

As a result, Wolf Green said coldly.

“‘Yunlu Palace’ has a background, and ‘Yunlu Palace’ also has an innate expert sitting in the town, doing it recklessly is bound to trigger a war between sects, don’t talk nonsense if you don’t understand.”

The “Yunlu Palace” was related to the clan, while Ye Lu and the others belonged to the secular cultivators, without background, they would just die.

At this moment, the Daoist priests of the “Yunlu Palace” were also experiencing the same shock.

“Is there such a thing? It’s unbelievable.”

“Yes, it’s unheard of!”

“Go and report this to the Palace Master.”

“Yes, we must report it to the Palace Master, quick!”

.....

Following that, there were Daoist priests who went to the Palace Master in a blaze of glory.

He had never seen so many things related to cultivation before. There were not so many “magic weapons” in the night market, such as the street stalls and antiques.

However, Ye Lu also found out that most of the magic weapons were actually made by people, not like what he thought, they were some ancient treasures or things from other worlds, and the makers were all “Liu Xia Fairy”, “Dao Yi Real”, “Xuan Tian Lao Zu” and so on.

Most of the magic weapons have very limited power, and some of them are called “magic weapons”, but they are not strictly magic weapons, but weapons that have been used by others and have some of their power remaining, or fragments of weapons.

According to the instructions, many of these magic weapons were given to lower-ranking disciples by the clan, and basically, they were all crippled by the clan’s refiners, and since lower-ranking disciples could not exert their power even if they were given good things, these things fell into the mundane world for various reasons and became used by cultivators.

“I thought there were ‘Sunset Arrow’ arrows or things like the ‘Burning Furnace’ all over the ‘Dharma Fair’, looks like I thought wrong.”

Ye Lu shook his head with some chagrin as he realised that he had misjudged before.

Still, soon enough, he saw something that made his eyes light up.

“Name: flawed spirit stone, Material: spirit stone, Date of production: conceived in heaven and earth, Source: Haotian Continent, Description: the most precious treasure for cultivators, can replenish spiritual energy, quench the body and improve cultivation, extremely rare in this world .....”

Another flawed spirit stone, however, this one was not displayed as an ornament, the person displaying it said so.

“Excellent luminous stone, infused with true qi can glow, equivalent to carrying around a torch without installing batteries, small size and practicality, you deserve it .....”

Seeing that this treasure owner actually used this as a “luminous stone”, Ye Luo couldn’t help but smile, this spiritual stone was a lot bigger than the pendant he received before, compared to it would be very helpful to him.

During the past few days when he was cultivating, Ye Lu felt that the stream of spiritual energy in his body had grown to its limit, it was estimated that with this flawed spiritual stone, the spiritual energy in his body would change, exactly what kind of changes would occur, Ye Lu was actually very much looking forward to it.

So, he used his glasses to record the number of this exhibit, and tomorrow, according to this number, he would be able to find the treasure owner of this item to make an exchange.

Of course, what Ye Luo wanted to know was whether he had a lot of this “luminous stone”, and judging from his introduction, it should not be a rare treasure in the eyes of the owner.

“If there were more of these flawed spirit stones, I would be able to cultivate much faster.”

According to the glasses’ instructions, the spiritual energy in this world was too thin, which was why one’s cultivation speed was slower.

At this time, there was suddenly a commotion coming from the other side.

“Look! This new treasure that came out is actually a martial skill, this should be the most valuable thing in this ‘Dharma Meeting’.”

“A martial art, are you kidding, where is it?”

“It’s really a martial art, holy shit, everyone, come and see.”

.....

The most important thing that he lacked at the moment was “martial arts”, even if he was given a set of Wing Chun persuasion or something, now he basically fights by hard dislike.

So, he too quickly went over to him.

Then someone said.

“Don’t be too happy too early, martial arts skills like this, what are you going to exchange with others, also, it is also a question whether this martial arts skill is suitable for you to cultivate or not, many martial arts skills, such as ‘Six Chakra Divine Sword’, ‘One Yang Finger’ and so on, all require Innate experts can only cultivate them, so it’s useless for us to take them, and we might even invite disaster.”

After this man said it, many people thought about it.

“Besides, since it’s at our level of ‘puja’, it must be something we can cultivate, otherwise it would have been sold at a high level ‘puja’ to sell at a big price.”

“That’s right.”

“However, there is still the question of whether or not the technique fits, if it doesn’t I’m afraid I won’t be able to learn it, or if I do learn it, I won’t be able to bring out its power, right?”

“That’s true.”

.....

Hearing this large group of people talking, Ye Lu realized that there were really a lot of dao in this “martial art”, it seemed that the path of cultivation was really profound.

But of course, he didn’t want to miss this martial art, according to everyone, this should be the only martial art in the tournament.

“Simple version of Yi Yang Finger, can condense true qi into a point of the finger to launch an attack, once practiced, even dark jin strong people can easily poke through the true qi defense of chemical jin strong people, pretend to pick up girls, cross level killing must have divine skills .....”

After seeing the introduction, a hint suddenly appeared in the glasses.

“Hint: It belongs to an item within the activation requirements, but the level is too low and incomplete to activate the corresponding ability.”

Upon seeing this hint, Ye Luo understood that he had found the right thing this time.

However, in Ye Lu’s glasses, the real situation of this martial arts secret book was a different story.

## Chapter 118

“Name: simplified version of Candle Dragon Finger Handbook, Author: Xuan Zhi Zhen, Source: Xuan Tian Clan, Transcriber: Daoist Master Zhi You, Synopsis: Mortal rank lower grade martial art, simplified version for beginners, very low grade, unable to activate ‘martial art ability’ .....”

Seeing this synopsis, Ye Lu felt a bit pitiful.

He sighed in his heart, it was so hard to see a martial art, but it turned out to be an unimpressive ground-breaking product.

If other people knew what he was thinking, they would have cursed, because martial skills were the most important treasure of every sect and were strictly forbidden to be passed on, so it was very difficult to obtain a martial skill in the secular world.

So, this was definitely something that would make people grab their heads.

As expected, more and more people gathered, and even Long Fei Xue and Gu Shi Qi, two beautiful women, were attracted by the buzz of the event.

“Ye Lu, you didn’t just sell another pill for over a billion, did you? Third Uncle said that he just got another billion or so in on his end.”

Gu Shiqi looked at Ye Lu with a look of amazement and surprise and said.

This was too incredible in her opinion.

Long Feixue, on the other hand, said with a smile.

“It’s normal la, for cultivators, the earlier they enter the next realm the greater the benefits, after all, if a person grows mature, they are also set in stone, it’s much harder to transform again, so of course the faster they break through the better, for the big families, money is nothing.”

“Think about it, how much money is there in the domestic tycoons on the Forbes Rich List every year, which one of the top ten is not a hundred billion dollars in assets, this is still all the tycoons whose assets can be counted on the surface, the money of the real big families cannot be counted, and the Ren family is one of the big families, so this money is nothing.”

Through Long Fei Xue said so, Gu Shi Qi then nodded, indeed, for example, the Su family in the city was very rich, but, this kind of private and low-profile business would probably not have any people coming to rank them, but people were really rich.

Following that, Long Fei Xue then said with a smile.

“However, compared to Ye Lu’s elixir, this martial skill secret book is obviously more rare, because there are very few martial skill secret books outside the clan, even if there are, they will be hidden at home by the various big clans, and it is impossible to take them out and teach them to others, I guess most of this martial skill was secretly transcribed by some clan disciple by some unknown means.”

Ye Lu did not expect Long Fei Xue’s guess to be so accurate, as this simplified version of the Candle Dragon Finger was really copied by a disciple of the Xuan Tian Clan.

Long Fei Xue then said.

“For big clans like us, this kind of thing doesn’t have much appeal, but for casual cultivators, this thing does have a deadly allure.”

He didn’t have any martial skills and had no way to open his “Martial Skill Ability”, so if he had this “Candle Dragon Finger”, his combat power would definitely increase a lot.

Of course, what he was looking forward to was the opening of his “Martial Skill Ability”.

If he really opened his “Martial Skill Ability”, with the nature of the glasses, there would be countless martial skills just like the “Pill System”, and then he would be able to take out a martial skill that would drive the cultivators crazy.

Thinking about it, Ye Lu was a little excited.

However, this was all after he had opened his “Martial Skill Ability”, so now he could only rely on his imagination.

Of course, Ye Lu was determined to obtain this martial art, if not, he could just spend a few more Marrow Cleansing Pills, as he still had a lot of stock in his hands anyway.

At this time, Long Fei Xue looked at Ye Lu and said with a smile.

“Ye Lu, do you see anything you want to get your hands on?”

Ye Lu pointed at the “Candle Dragon Finger” and said.

“That’s it for now, yes, there’s also a ‘Luminous Stone’, come and help me see if it’s very rare, I reckon I’ll need a lot of it.”

Ye Lu suddenly remembered that Long Feixue was also a real cultivator, she might know about the ‘Luminous Stone’, if there was a large number of flawed spirit stones, Ye Lu’s cultivation would be in order.

Long Fei Xue didn’t expect Ye Lu to be interested in the Luminous Stones, so she said as she walked.

“I have indeed heard of ‘Luminous Stones’, however, we hardly use them because it’s not like we rob tombs or explore caves or anything like that, there’s no use for them.”

Ye Lu felt that Long Fei Xue had a point, this kind of “luminous stone” was really very chicken-hearted, with the current technology, bring a high-powered torch, or other lighting devices, if you can’t get a more expensive rechargeable battery will solve the power problem, why bother with this “luminous stone”.

Soon, the three of them arrived at the place where the “Luminous Stone” was located. As expected, Long Fei Xue did not know this kind of stone, but she promised Ye Lu that she would go back to her family and ask around for him.

When he heard this news, Ye Lu was a little disappointed, but he didn’t particularly care, after all, he hadn’t looked long enough to find a spirit stone and a martial art, so he was already happy to have gained a lot.

So, he looked at Gu Shiqi and asked with a smile.

“Gu Shiqi, how about those things displayed by your Gu Family, are there many people interested?”

Immediately, Gu Shiqi smiled and said.

“Sister Long’s idea is great, I also didn’t expect there to be so many women in the cultivators, and each one of them is beautiful, they seem to be very interested in those jewellery, I reckon the price offered

here should be able to be quite expensive than in the shop, mainly because in the shop, it's too hard to find buyers for such expensive jewellery, sometimes no one buys it for years."

When she finished, Ye Lu smiled, even if the jewellery was tens of millions of dollars, even if it was good, it was not an easy task to find the right tycoon buyer.

"Then Ye Lu, you can do your own research, Sister Long and I will go elsewhere to have a look, hehehe!"

After saying that, Gu Shiqi pulled Long Feixue and ran away, obviously she was not interested in these cold magic weapons and other things, Ye Lu did not think so either, he continued to study one by one, it seemed that it was difficult to open the "martial ability", but maybe he could open other abilities.

However, before he could look at a few things, a Daoist priest suddenly approached him and said.

"Fellow Daoist Ye, our Palace Master invites you over for a chat."

This made Ye Lu feel a bit surprised, the Palace Master of "Yun Lu Palace" was said to be an "innate expert", what did such an expert want with him?

However, Ye Lu had never seen an "innate expert" before, so he was curious as to what an innate expert was like.

So, after thinking for a while, he nodded his head, since the goods on display here were not finished anyway, he should go and meet this palace master first and see what he wanted to do.

Soon, Ye Lu followed the Taoist priest to the main hall of Yun Lu Palace, and then walked up to the highest level of the main hall.

"Palace Master, the person has been brought in."

The Daoist priest said respectfully from outside the door.

Then, a very nice woman's voice came out of the door and said.

"Good, let the honored guest in, you go down."

Hearing this voice, Ye Lu froze for a moment, because he did not expect that the head of the "Yun Lu Palace" was actually a female Daoist nun, he had always thought that the head of the palace was a man.

The Daoist priest beside Ye Lu made a gesture of invitation, then bowed and withdrew.

Ye Luo pushed open the door of the room and walked in.

As a result, Ye Lu saw a rather beautiful-looking woman sitting in the room, who did not look very old, which once again surprised Ye Lu, because he had heard everyone say that they said that the Palace Master of the "Yun Lu Palace" had been sitting here for more than ten years.

If what they said was true, could it be that the Palace Master of the Yunluo Palace had been sitting here as a teenager? This was too frightening.

"You are Ye Lu?"

Seeing that Ye Lu was staring at him blankly, the Palace Master of Yun Lu Palace looked Ye Lu up and down and said.

Ye Lu nodded and said.

“Yes, I am Ye Lu, I didn’t expect the Palace Master to be so young, I am a bit rude, don’t be sorry.”

“The Palace Master of the Yunlu Palace smiled and said.

“You are not an Innate cultivator, so it is normal for you not to know about Innate cultivators, once a cultivator reaches the Innate cultivation level, they use the heaven and earth as the placenta and the Yuan Qi as the amniotic fluid to absorb the Qi of the heaven and earth, so they will age very slowly, in fact, I am much older than you think.”

Ye Lu really didn’t know that there was such a benefit for Innate Masters, but before he could think about it, the Palace Master of Yun Lu Palace already looked at him and said.

“I have come to you to make a deal with you, a deal that is very cost-effective for you.”

Chapter 119

Ye Lu did not expect that the Palace Master of Yun Lu Palace wanted to make a deal with him, but he did not know what this Palace Master wanted to deal with him, so he looked at the Palace Master quietly and waited for her to explain.

The Palace Master said indifferently.

“Just how many ‘Marrow Cleansing Pills’ do you have, our ‘Yunluo Palace’ is willing to trade with you, in addition to the things you have taken a fancy to outside, you can give us a list, we can also help you get them, it’s definitely better than you exchanging them yourself outside. The purpose of your visit here is to exchange the things you need, right? Our ‘Yun Lu Palace’ collection is much richer than those outside.”

Ye Lu understood this Palace Master’s words after a little thought, at the same time, he also understood that what this Palace Master said was probably right, their Palace’s collection was definitely more than those lower-ranked cultivators.

So, Ye Lu thought about it and said.

“Okay, I agree, I came here to get what I need anyway, do you have any martial skills here?”

As a result, the “Yunlu Palace” Palace Master shook his head and said.

“Sorry, all secret books on ‘martial arts’ are forbidden to be passed on, even if I am the palace master, but as for the martial arts book outside, I will try to find a way to get it for you.”

It seemed that the sect was indeed quite strict in managing things regarding “martial arts”, so Ye Lu thought about it and continued.

“Okay, the other one, the luminous stone number 023, do you know where to get it?”

Hearing that Ye Lu was interested in the “Luminous Stone”, the Palace Master of Yun Lu Palace froze for a moment, and then she said with a frown.

“I haven’t really paid attention to what you’re talking about, what’s the purpose of it?”

Ye Lu thought for a moment and said.

“What does it do? It’s that it can illuminate.”

Hearing Ye Luo say that it could illuminate, the Palace Master of Yun Lu Palace said with a smile.

“Then I’ll buy you a cart of torches, okay?”

“Uh!”

After the “Yunluo Palace” Palace Master finished speaking, Ye Lu was a bit depressed, it seemed that the “Luminous Stone” was really useless, and to be honest, it was probably not as good as a torch.

“Okay!”

Ye Lu said helplessly, but the “Yun Lu Palace” Palace Master already said with a smile.

“Giggle, don’t worry, I don’t care what you use it for, but I will keep an eye out for the ‘Luminous Stone’ for you, but it seems that this thing is not even used by tomb robbers anymore.”

The palace master’s reply disappointed Ye Lu once again, he originally thought that this useless stone should be easy to get, but now he found out that it seemed like this matter was not that easy.

“It seems that good things come in small packages!”

Ye Lu secretly muttered, and then looked at the Palace Master of the Yun Lu Palace and said.

“Lord Palace Master, what do you have here and how are you going to exchange it with me, I still have more than thirty of these ‘Marrow Cleansing Pills’.”

In fact, the number of ‘Marrow Cleansing Pills’ Ye Lu possessed was larger than this, only that he found that the value of the ‘Marrow Cleansing Pills’ was greater than he had imagined, and he didn’t know where he could find the blue Manjushrias again, the ‘Marrow Cleansing Pills’ were one less when he used one, and he didn’t want to take them all out at once.

When she heard Ye Lu say that there were more than thirty Marrow Cleansing Pills, the Palace Master of Yun Lu Palace was also surprised.

She wanted to know where Ye Lu had gotten these pills, but she felt that Ye Lu would definitely not say anything, so she would be embarrassed if she asked, so she smiled and said.

“Ye Lu ah, how about this, let me show you to our warehouse, don’t worry, this exchange will definitely be done fairly, we will exchange according to the different grades of the ‘magic weapon’, whichever ‘magic weapon’ you fancy we will What do you think?”

Ye Lu thought about it, then nodded, anyway, whether to exchange or not was up to him, might as well take a look first.

“Then, let’s go.”

Only then did Ye Lu find out that this thing was actually an elevator-like device, and the palace master pressed the button for the underground level, and the two of them soon arrived at the “magic weapon” warehouse of the “Yun Lu Palace”.

What caught their eyes was a variety of magic weapons, densely packed with the entire warehouse.

“The ‘magic weapons’ here are divided into ‘Mortal Grade’, ‘Xuan Grade’ and ‘Earth Grade’, and each grade is divided into ‘lower grade’, ‘middle grade’ and ‘upper grade’, and we follow the lower grade of the Mortal Grade ‘magic weapon’ is one ‘Marrow Cleansing Pill’, and so on, the middle grade ‘magic weapon’ is two, then the upper grade is three, and the lower grade ‘Xuan grade’ That’s four, one more pills for every rank you raise, what do you think, that’s quite a deal, you know the difference between ‘Mortal Rank’ and ‘Xuan Rank’ is actually a world of difference.”

Ye Luo hadn’t been exposed to this at all and didn’t really understand it, so he smiled and said.

“Okay, it sounds quite simple, I’ll see what I can do.”

It was useless to talk so much, one had to have what one needed, so Ye Lu began to skulk around the warehouse, luckily there were many things here but they were clearly classified.

Ye Luo began to look at the lowest ranked items.

“The Palace Master of the Yunlu Palace continued.

“As for the things you’ve seen outside, apart from that ‘Martial Skill’, we can collect three pieces of everything else for you for free.”

This was like giving away three items for free, and Ye Lu certainly had no problem with this, while in the opinion of the Palace Master of Yun Lu Palace, it didn’t matter if the number of those low-grade “magic weapons” were doubled.

He had a weapon made from the arrow of the “Sunset Arrow” in his hand, so he didn’t need any more weapons, and after he had the “Burning Heaven Furnace”, he didn’t need anything for alchemy either.

So, Ye Luo searched for half a day, he looked through the “Lower Mortal Grade” “magic weapons”, but found nothing, followed by the “Middle Mortal Grade”, and in the “Middle Mortal Grade” area, he really found something he needed.

It was a demon slaying pestle, but what interested Ye Lu was not the pestle itself, but the flawed spirit stone embedded in the handle of the pestle.

“Another spirit stone, but this one is going to cost a bit.”

Ye Luo muttered in his heart, according to the pricing just now, this Demon Subduing Pestle would cost two “Marrow Cleansing Pills” to make.

“Palace Master, I’ll take this Demon Subduing Pestle.”

Ye Lu said with a smile.

The Palace Master also smiled at the same time, she was really worried that Ye Lu would not be able to see anything, but now it seemed that at least two pills were already in hand.

After saying that, Ye Lu then continued to look at them.

As a result, he didn't see any other mortal-rank weapons, and then he reached the "Xuan-rank" weapons area, where Ye Lu found that the number of "Xuan-rank" weapons was decreasing in a precipitous manner, while the more advanced area, the "Earth-rank" weapons area, only had one item in it.

"Palace Master, why are there so few 'Xuan-rank' magic weapons, and why is there only one 'Earth-rank' weapon."

The Yun Lu Palace Master said with a smile.

"Because low quality magic weapons can be refined by just the experts of the clan, while the higher the quality of the magic weapon the more difficult it is to refine, some are almost impossible to refine and can only be obtained in the secret realm, such as the magic weapons of the earth rank ....."

While the Yunlu Palace Master was introducing them, Ye Lu had already quickly scanned through the "Xuan-rank" magic weapons, and there was nothing he needed, then he walked to the last and only "Earth-rank" magic weapon.

It was a pen-like object, about the same length, but it felt a bit like a carving knife, with an unusually sharp tip and a metallic sheen.

"What is this thing?"

Ye Lu said in a somewhat strange manner.

The Yunlu Palace Master shook his head and said.

"I don't know, it's been sitting here since I arrived, I don't know what use it has, I've tried it, it's sharp after infusing true qi, but nothing else."

Ye Lu didn't say anything, but checked it out with his glasses.

"Name: burin pen, material: heavenly outer green gold, production date: a million years ago, origin: Haotian continent, introduction: magic treasure used by refiners, can draw patterns of laws, change the properties of artifacts and increase their combat power ....."

While Ye Lu was checking the profile of the "burin pen", the prompt from the glasses finally appeared again.

"Hint: This is the item needed to activate the 'Weapon Refining Ability', after obtaining it, you can activate the 'Weapon Refining Ability'."

Seeing this prompt, Ye Lu's mood couldn't help but get excited, the new ability he had been waiting for so long was finally about to be opened.

## Chapter 120

Of course, if he wanted to open up his new ability, he had to get his hands on this magic weapon, the “burin gold pen”, so Ye Lu looked at the Yun Lu Palace Master and said.

“I’ll take this.”

When she heard that Ye Lu wanted this small pen-like object, the Yun Lu Palace Master was both happy and a bit puzzled, happy because it was an “Earth-rank” magic weapon, according to the previous agreement, Ye Lu had to give at least seven “Marrow Cleansing Pills” to do so.

So, she looked at Ye Lu and asked.

“Do you know what this is?”

Ye Lu shook his head and said.

“I don’t know, but I feel that it has a destiny with me, besides, it has the highest grade here, and it must be the most powerful, right?”

This was true, but, although it was of high grade, it didn’t know how to use it, so that wouldn’t be of any use at all, the Yunlu Palace Master was a little confused as to what Ye Lu meant, but still said with a smile.

“However, I only know that it is an ‘Earth-rank’ magic weapon, but I don’t know exactly which grade it is.”

Ye Luo smiled and said.

“Then how about counting it as ‘middle grade of the earth grade’, I’ll give eight ‘Marrow Cleansing Pills’?”

As he said that, Ye Lu took out ten ‘Marrow Cleansing Pills’, which was exactly the amount of the previous Demon Subduing Pestle and the current ‘Burin Gold Pen’.

The ten “marrow cleansing pills” would create at least ten strong practitioners with a promising future, and they would probably become ten innate experts afterwards.

The moment he got the “burin pen”, the prompt on the left side of his glasses appeared, and the new ability “weapon making ability” appeared on the list of functions.

Ye Lu opened this ability with his mind, and just like the “Pill Ability”, there was again an endless variety of knowledge and various methods of making weapons.

According to the introduction of the glasses, the power of the law was the key to the “magic weapon”, but of course, the glasses also said that the power of the ‘magic weapon’ was related to the user, and a strong Dark Power could only exert a small part of the power of the magic weapon.

“I must try this new ability when I find the chance.”

After receiving the new ability, Ye Lu was a bit itchy and could not wait to find a ‘magic weapon’ and try it out on it right away.

Seeing Ye Lu holding the “burin pen” motionlessly, Yun Lu Palace Master did not disturb him, and waited until Ye Lu came back to his senses before she said with a smile.

“Ye Lu, is there anything else you need?”

Hearing the Yunluo Palace Master’s question, Ye Lu said with a smile.

“The ‘martial skills’ cannot be passed out, what about the ‘gongfu’, can the gongfu be passed out?”

As a result, the Yun Lu Palace Master said with a smile.

“‘Gong methods’ are of course even more unpassable, however, unlike ‘martial skills’, in the mundane world, there are actually many mortal rank lower grade gong methods for cultivation, however, choosing gong methods for cultivation haphazardly is very troublesome, because gong methods for cultivation has the problem of fitting with the human body, and why many people will get stuck at the bottleneck, many of them are caused by the mismatch between the chosen gong method and the body.”

“Everyone has their own characteristics, just like everyone’s fingerprints are different, so cultivation is also a rather specific matter, and a poor choice of gong methods will often result in half the effort, while higher-ranking gong methods have less chance of such problems because they are inherently more perfect.”

After listening to the Yunluo Palace Master, Ye Lu nodded, thinking to himself that it really didn’t seem like he could just let Gushiqi and the others start cultivating indiscriminately.

Now that Gushiqi and Liu Mei had all finished felling their hair and cleansing their marrow they could cultivate, however, the next step was to find them the right gong method to do so.

When he left Yunluo Palace Master, Ye Lu once again asked her to help him find the “Luminous Stone”, because at present, the most direct help to Ye Lu was the spirit stone.

After returning from the Yunluo Palace Master’s place, all the items in the preview area were already on display. Ye Lu circled around and found that apart from the “martial arts” book, there was another item that was somewhat useful.

The reason why it is of a lower grade is probably related to its function, which is to indicate the presence of ghosts and their scariness by the direction and brightness of the flame.

To put it simply, it is a tool used by Daoist priests to assist in catching ghosts.

Now Ye Lu has the seeds of the “Ghost Inferno” planted in his body, and he needs to absorb Yin Qi to make the Ghost Inferno grow, which is why he has his heart set on this lamp.

The Yunluo Palace Master promised to give him three items, but Ye Lu had not thought of the remaining one, so he had to leave it for now.

After that, Ye Lu went to the antique merchant’s display area to look for Gu Shiqi, and it turned out that the Gu family was really the most popular one in the whole area, there were quite a few young girls cultivators all chattering at the counter picking out things, and Gu Shiqi was certainly busy.

Because the antique area was for buying things with money, there was no such thing as a preview on that side, you could just pay for it, so I guess this day Gushiqi was definitely going to make a big profit again.

Ye Lu ignored Gushiqi as he walked over to Long Feixue who was doing nothing and whispered.

“Long Feixue, can you come over here for a moment, I have something to see you.”

Long Feixue didn't know why Ye Luo was looking for her, but she still walked quickly to Ye Luo's side.

“Ye Luo, what do you want to see me about?”

Ye Luo said with a smile.

“Well, do you have a magic weapon on you, can you show it to me?”

Long Fei Xue didn't know what Ye Luo wanted a magic weapon for, she was a bit puzzled and took out a pair of clean white gloves and handed them to Ye Luo, then said.

“This is my magic weapon, it's called 'Ice and Fire Gloves', after filling it with true qi, one glove can emit fire attribute attacks, while the other glove can emit ice attribute attacks.”

Ye Lu smiled and said.

“Then put them on and imbue them with true qi for me to see.”

As he said that, he began to look at this “magic weapon” through the glasses to see if there were any flaws and if there was any possibility of transformation.

“A medium grade magic weapon of the mortal class, the quality is really good.”

Ye Luo said while seeing ice crystals slowly forming on one of Long Fei Xue's hands and flames faintly emanating from the other.

“Give it to me in the next two days, I'll help you upgrade it to a 'Mortal Rank Upper Grade' magic weapon, how about that?”

After getting the “Burin Gold Pen”, Ye Luo was itching for it, this pair of gloves could just be used for practice, of course he had never refined a weapon before, and the risk involved was not small, so Ye Luo thought about it and said.

“Right, Miss Long, if I break your magic weapon, I'll take a 'Marrow Cleansing Pill' as compensation, is that alright?”

As a result, Long Fei Xue said with a smile.

“Compensation for what, feel free to take it and play with it, I didn't expect you to know how to refine weapons, what a surprise.”

Ye Lu then smiled and said.

“Hey hey, I just got a little bit of skin, I haven't practiced yet, so I'll practice with you with this.”

After saying that, Ye Lu walked towards the outside of “Yun Lu Palace” in a hurry, while Long Fei Xue had a black line, she originally thought that Ye Lu wanted to help, but who knew that he was practicing.

“But, if I can really upgrade to a ‘Mortal Rank Upper’ magic weapon, that would be great, Long Fei Fei and the girls would be no match for me.”

Long Feixue said with some anticipation as she looked at Ye Lu’s back.

Ye Lu found a place on the side of the mountain and took out the “burin brush” to study it. Of course, he didn’t dare to take Long Feixue’s gloves directly, but he found a stone and started to practice the basic drawing of the pattern of laws.

What he didn’t expect was that this practice would not end until it was so dark that he couldn’t see anything.

“Khan, it’s so late, I haven’t gone to the toilet for a day, let’s make it easy before we go back.”

Ye Lu looked at the campfire in the distance, and only then carefully slipped to the edge of the cliff at the top of the mountain and pulled out his d\*ck to unscrupulously release water.

“Whew! It’s been a long day!”

As he watched a stream of water fall silently down the cliff, Ye Luo felt a sense of relief in his heart. He had deliberately chosen a recessed spot on the edge of the cliff so that even if he stood to pee, he could only show more than half of his head, which was far away from the manned campsite and the safest place to do so was in the bushes.

But then, he heard footsteps and a quick rustle of undress.

Subconsciously, Leafall quickly turned his head and followed, completely dumbfounded!

He saw that at an extremely close distance, a woman in white had taken off her trousers, revealing her white body and squatting down .....

It looked like the girl was preparing to have a convenient time, and this girl Ye Luo knew, it was none other than Jasmine of the Hundred Flowers Sect.

The reason for this is that the angle is so close to Ye Luo that Ye Luo can see it very clearly and his heart starts to pound like a high speed train. His heart began to beat like a high speed train.

“This view is a bit beautiful!”

Ye Lu swallowed his saliva at the beautiful view in front of him, and because he was so close, he could faintly smell the fragrance of the girl’s body that only a virgin could have.

However, in the end, Ye Lu couldn’t help but voice out a reminder, because, if not, at such a close distance, Jasmine would definitely have to pee on his face.

“Jasmine, pee down, I .....

The first thing that happened was that Jasmine grabbed the branch and let out a shriek, she was so scared that she fell to the ground with a thud, followed by a loose bladder and really peed.
