

Super Student 191

Chapter 191

“Yeah, it’s all cured!”

“It looks like a bit of a trigger, though.”

“I wonder if it will survive?”

.....

Fire Lie had someone send the fire pepper inside, and he was also a bit worried as he looked at Ye Lu who was covered in flames, and equally worried were Lin Ru Yue and Zhu Qi Huang and the others.

They didn’t want the Master they had just recognized to die like this.

Following that, everyone saw that the flames on Ye Lu’s body suddenly started to slowly weaken, after that there were blue flames that started to appear, Ye Lu turned into a state of half blue flames and half red flames, then the two flames started to gradually fall back down, eventually all the flames disappeared and turned into a complete Ye Lu again.

“Whew!”

Ye Luo let out a long breath, then slowly stood up.

However, right after that, he heard the woman’s shriek.

“Aaaah, shame on you!”

“Wow!”

“So you’re still looking?”

.....

At this time, Ye Lu realized that his clothes were all burnt out, which was a bit embarrassing, and he was instantly a bit embarrassed, after all, there were hundreds of people here, and each of them was a head and a face.

“Brush!”

A tablecloth was placed on Ye Lu’s body, and then Lin Ruyue whispered in his ear.

“Master Ye Lu, good money, thick and long!”

Hearing Lin Ru Yue’s words, Ye Luo wanted to find a crack in the ground, but unfortunately, there was no crack in the ground here, and he found that the fire pepper he had just saved was currently looking at himself with a red face even with the support of a few girls.

“Ahem!”

Ye Lu coughed, then wrapped the tablecloth tightly and said.

“Then there’s nothing else, I’ll leave first.”

As a result, Fire Lie immediately stopped him and said.

“Don’t, don’t, Master Ye, our Fire Family has to thank you properly for this, quickly, set up a feast, everyone, everyone has a gift from our Fire Family, no one can leave, everyone will not return until they are drunk.”

After he finished he looked at the people around him and said.

“Quickly, go and take Master Ye to change his clothes.”

This time a girl smiled and led Ye Lu away.

Zhu Qihuang then stroked the beard on his chin and said.

“Our master teacher is really out of the ordinary!”

Miao Renlong, on the other hand, said somewhat sourly.

“Che, you’ve taken all the benefits, I’ve got nothing.”

Zhu Qi Huang then looked at this old friend and said with a smile.

“How can you say you didn’t get any benefits, now that I’m calling your precious daughter ‘senior uncle’ when I see her, her entry into the ‘Pill Alliance’ is a foregone conclusion, what else do you want to get out of it?”

Hearing Zhu Qihuang say this, Miao Renlong couldn’t help but heave a smile as well.

Indeed, his daughter was now untouchable.

Soon after, Ye Luo changed his clothes and reappeared in front of everyone, he waved slightly awkwardly to everyone, then he was dragged by Fire Lie to the main guest seat, of course Lin Ru Yue and Zhu Qi Huang and the others all sat next to him in the VIP seat, and the others could only be the company.

However, these people did not feel that the position was unfair, Ye Lu’s toughness and all the incomprehensible miracles he had shown made these people understand that Ye Lu deserved this position.

“What the hell is that elixir that can form cocoons just now, it’s too awesome too!”

“That’s right, it’s beyond imagination.”

“That disease cure is too godly too, I’m afraid even if the elders come, they can’t cure it.”

“Elders? You underestimate the elders.”

“Come on, don’t be ridiculous, go and make a toast, you just despised someone.”

“Hey, hey, go!”

.....

Following that, all the people came over to make a toast, Ye Lu of course did not refuse, anyway, he had the capacity of not getting drunk in a thousand glasses, this kind of cup of booze won the goodwill of the people at once.

“Magnificent, that’s how a man should be.”

“Indeed, big bowls of wine, fast and furious, that’s how one should live!”

“Master Ye is a great man!”

.....

Next, Ye Luo was happy to have a big meal, when he left the table, Lin Ruyue suggested that we all go together, anyway, Zhu Qi Huang and Miao Ren Long both had cars, and the cars were both good.

Ye Lu thought about it and got into Zhu Qi Huang’s car.

At the same time, he sent a message to Professor Wu and Professor Qin, asking them to try to help him keep it a secret in their secular circles, but, looking at the way things were going today, the matter would be exposed sooner or later.

At this time, Lin Ru Yue said with a smile.

“Master Ye, if you give me one of those pills you just gave me, I can help you shut everyone up, how about that, that’s a fair deal, right?”

Lin Ru Yue said with a smile as she crossed her big white legs.

To be honest, this white flowery empress look of hers really made Ye Luo a bit uncomfortable, but he still thought about it and then nodded his head.

After seeing that Ye Lu had promised to give her a “Heaven Transformation Pill”, Lin Ru Yue got busy.

She began to send messages to the disciples in Ye Lu’s name, telling them to control the disciples under their teacher’s name and to keep the news about Ye Lu to themselves.

After thinking about the Mo Lian Sect’s style of doing things and the way Ye Luo had just acted, everyone eventually chose to listen to Lin Ru Yue’s words.

On the way back, Lin Ru Yue looked at Ye Luo and asked.

“Someone once brought me a pill like this before, would you like to see if it came from your hand?”

As she said that, Lin Ru Yue took out a “regeneration pill”.

Ye Lu smiled and said.

“Yes, it is from my hand.”

Hearing Ye Luo’s answer, Lin Ru Yue’s eyes lit up as she looked at Ye Luo and asked.

“Then do you have the dan recipe?”

Ye Luo smiled and said.

“Of course I do.”

Lin Ru Yue then said with a smile.

“That’s great, I’ve already reported this dan to the clan, as long as the ingredients on the recipe aren’t too expensive and the refining method isn’t too complicated, I think the clan will be extremely interested, and when the time comes, we can use this as a bargaining chip to negotiate with the clan.”

Ye Lu then smiled and said.

“Good, it looks like you are very good at negotiating things, then I will leave this matter to you, remember to help Zhu Qi Huang and the others, you know what they want, as for Fengling, just teach her well, she is extremely talented, she is sure to become an excellent physician.”

Ye Lu was not worried about Miao Fengling because not only had she reached this level at a young age without any guidance from the Pill Alliance, but her unforgettable talent also gave her a promising future.

Hearing Ye Lu’s words, Zhu Qi Huang smiled happily.

It looked like he had really gotten lucky this time, and Ye Lu hadn’t lied to him, and had immediately delivered on everything he had promised.

However, before he returned to school, Ye Yan’s phone call came first, she told Ye Lu that the renovation was all done and asked him to hurry over with all kinds of pills to set up the shop.

Of course, Ye Lu agreed with a smile, and he went back to his dormitory to carry all the bottles and jars he had prepared before, and then rushed over towards Ye Yan’s shop.

Only after arriving did Ye Lu find that Ye Yan’s shop was decorated in a very simple yet unobtrusive style, in black and white with all sorts of details at the same time.

Ye Lu was also very satisfied with the decoration, although it was only a small shop of a few dozen square feet, the structure matched quite well, and of course, Ye Yan had also gotten herself a nice environment to look at the shop, with a computer and internet, as well as a separate small room where she could rest at noon.

“Come on, Ye Lu, bring all your medicines, I’ve prepared beautiful medicine bottles, you have to tell me the name of each elixir, its function, usage dosage and so on, I’ll record them all, in order to lighten your burden, I won’t advertise, just count when it sells.”

Ye Luo’s sales expectations for Ye Yan were the same, if he got a bunch of orders, he didn’t have so much time to refine, moreover, he wasn’t short of money at the moment, however, he felt that Ye Yan had some drunkenness in opening the shop, he asked Ye Yan and she didn’t say anything, so Ye Luo didn’t bother to care too much, just don’t get into any danger anyway.

The two of them spent the afternoon naming the pills, as they needed to have a name that was attractive and descriptive of their effects to attract more customers.

“Breast Enhancement Elixir”, “Beauty Elixir”, “Slimming Elixir”, “Pimple Removal Elixir”, “Spot Removal Elixir”, and “Spot Removal Dan”, “Eye Brightening Dan”

One by one, the names were all set, then Ye Yan called someone to come over and engrave all these names into one sign, then the bottles of these pills and the signs were all displayed on the various counters.

“There, just wait for the opening tomorrow.”

Ye Yan said with a smile as she looked at her shop.

Chapter 192

Leaffall then said with a smile.

“Then should we set off some firecrackers for the opening tomorrow!”

Ye Yan shook her head and said.

“No need, and don’t inform anyone, just open it in a low profile, these pills of yours won’t be worried about selling anyway.”

This was something Ye Lu was confident about, however, there was still one most important thing that had not been determined yet, and that was the price of these elixirs, which Ye Yan had never said.

“Older sister, how are you going to price them!”

Ye Lu couldn’t help but ask.

As a result, Ye Yan said indifferently.

“It depends on the mood!”

Hearing Ye Yan’s words, Ye Lu could only smile helplessly, anyway, Ye Yan could toss it around however she wanted.

“Okay, but, old sister, if there is anything, feel free to find me, and how is the villa side of the renovation?”

Ye Yan nodded and said.

“I will look for you, the villa side is estimated to take some time, although all the most environmentally friendly materials, but want to live in how it will be two months later.”

Ye Lu thought about it, renovating a house is not the same as renovating a shop.

“Let me help you tomorrow.”

Ye Lu said with a smile.

Ye Yan then shook her head and said.

“No, you’d better study hard.”

In fact, Ye Lu did have arrangements for tomorrow, he was going to go and see Qin Shiyu, he was all kinds of busy before, and Qin Shiyu was also in military training so he hadn’t been able to go there, this

time he was finally free and could go and see, due to the presence of that Lin Danni of the Lin family made Ye Lu a bit uneasy.

So, Ye Lu thought about it and said.

“Good, then I won’t come, anyway, your place isn’t far from the school, I can come to you anytime.”

This small shop was located in a place in the middle of the two campuses, so it was very convenient for Ye Lu to go there, but Qin Siyu’s school was very far away from himself.

So, the two siblings had a dinner together, and after that they went their separate ways.

Ye Lu did not rush back, he found a secluded place and began to study the Red Lotus Flame he had just collected.

He found that although it was a flame from hell at the same time, the Red Lotus Karma Flame was the opposite of the Underworld Ghost Flame, it was a masculine flame that could be enhanced through cultivation.

“It’s a pity that you can only use ‘Yin Flame’ to refine the Flower, otherwise this ‘Red Lotus Flame’ should be able to improve faster than the ‘Ghostly Inferno’.”

Ye Lu said with some emotion.

Flames like ‘Red Lotus Karma Flame’ could be raised through normal channels, at least easier than ‘Ghostly Underworld Flame’ which had to be raised by devouring Yin Qi.

Unfortunately, there were two types of flames in the world, Yang Flame and Yin Flame, and different pills required different flames to be made.

“The ‘Heaven Transformation Pill’ will definitely be refined again, but only after the ‘Ghostly Flame of the Underworld’ has been upgraded. ‘level?’”

Ye Lu had actually been thinking about how to improve the ‘Spectral Ghost Inferno’ before, but this time he was far more eager than any other time.

“Should I go back to the place where the ‘Spectral Blossom’ grew?”

Ye Luo muttered somewhat helplessly, as that was the only place where he currently knew there were many ghosts, but those ghosts seemed to be a little too scary.

Therefore, Ye Lu thought about it and eventually gave up on this plan.

The next morning, Ye Lu set off for the Yanjing Film and Television Academy, a good film and television school in China.

Ye Yan’s shop also opened early, without any ceremony, he didn’t even buy any flower baskets or other things, he just opened the door of the shop silently.

This small, unassuming shop, “Luyan’s Pill Shop”, was opened in this way.

This was the name Ye Yan had given the shop, taking one word from her own name and one from Ye Lu’s. According to her, this was a joint shop between the two of them.

However, there weren't many shops like this in the capital, because none of the shops in the Pill Alliance had the word "Dan" in it, because there weren't many people in the Pill Alliance who were really good at alchemy, and the Pill Alliance, as its name implied, was a sect that relied mainly on medicine.

Of course, in fact, every sect is a behemoth, and the water inside is unfathomable, and not something you can pry into with Ye Lu's current strength.

"What kind of a shop is this next to?"

Ye Yan's neighbours began to talk with some confusion.

"I don't know, it was only stocked yesterday, it seems to be some elixirs, it opened quietly anyway, all I know is that the owner's wife is really very pretty, she should be the prettiest in our area, so I think whatever it sells, it should do a good business."

This was agreed by another person.

"Why don't we go over and have a look, after all, we were neighbours until she closed down and we're pretty bored here most of the time."

The other shopkeeper agreed with this, so the two women hit it off and they walked into Ye Yan's shop together.

Ye Yan originally thought that customers had just opened the shop, but it turned out to be the two little sisters from the neighbourhood next door, so she smiled and said.

"You two are here, thank you for helping me look after the shop these days, here are my goods, take whatever you need, it's my thank you gift."

When the two heard Ye Yan's words they both became curious and they began to go back and forth in the shop.

"Are these things real?"

A shopkeeper asked with some skepticism.

"Like this one for removing spots, I've used quite a few similar products and it's hard to get rid of a small patch of class."

Ye Yan said with a smile.

"Then just take a few capsules and try it out, it doesn't cost you guys any money anyway."

The other one also said curiously.

"Then I'll take this breast enlargement dan, I've always you feel that my breasts are a bit small."

Hearing that she was going to take the breast enlargement elixir, Ye Yan then looked at her and said with a smile.

"You should take less of this elixir, otherwise you'll be in trouble if it's too big, take four of them, then take them one by one and see the effect before you continue."

“Remember, it’s only free this once oh!”

The two shopkeepers were somewhat skeptical as they took the pills and left.

At this time, Ye Yan saw the first customer come to her door.

Long Feixue had prepared quite a few gifts for Ye Yan’s shop, but of course, she did not know what the nature of Ye Yan’s shop was.

Of course, since Ye Lu had given her the “Beauty Pill”, she would not give Ye Yan anything else for her beauty. She had chosen some precious jewellery, watches, limited edition bags, perfumes and other things that women like.

When she arrived at Ye Yan’s shop, she realised that the shop was really just as Ye Lu had said, a small shop in a very remote area.

“Hello, welcome to the small shop, today is the first day the shop is open, the whole shop is discounted.”

Ye Yan looked at Long Feixue and said with a smile.

As a result, Long Feixue looked at Ye Yan and said with a smile.

“You are Ye Yan, Ye Lu’s sister, right, really beautiful, I am here to give you congratulatory gifts, come, quickly bring in all the gifts.”

With those words, two people walked in carrying various gifts.

This confused Ye Yan a little, she looked at Long Fei Xue and asked in confusion.

“We shouldn’t have told anyone about the opening of our shop, you’re Ye Lu’s girlfriend, right? However, you do have the looks to match our family Ye Lu.”

Ye Yan said as she looked Long Feixue up and down and nodded her head.

Long Feixue’s good looks and outstanding temperament made Ye Yan very satisfied.

However, when Long Feixue heard Ye Yan’s words, her face immediately turned red.

She hurriedly waved her hand and said with some embarrassment.

“No, no, we are just ordinary friends.”

Ye Yan said with a smile.

“Oh, don’t be embarrassed, if you weren’t a girlfriend, how could Ye Lu only talk to you about this matter, well, you are quite to my liking, see what pills you like, old sister will give them to you for free.”

To be honest, Ye Yan was really satisfied with Long Feixue, especially the shy expression just now was what pleased her the most, because she felt that so many girls now no longer knew what it meant to be shy.

Originally, Long Fei Xue was ready to run away immediately, but when she heard Ye Yan mention “pills”, she nodded in her heart and walked towards the various bottles on display.

Chapter 193

After that, Long Fei Xue's heart jumped wildly because she really saw the elixir she had been looking for for a long time, the "Breast Enhancement Pill".

"Where did you get this elixir from?"

Long Feixue said with a slightly trembling voice.

Ye Yan smiled and said.

"As a shop manager, I can't talk to you about my sources of purchase oh!"

She had already discussed this with Ye Lu, not revealing any of the sources of goods, because Ye Lu did not want to bring trouble to himself, he felt that if a discerning person should be able to see that this shop's origin was very big, at least it should be related to the "clan", probably would not easily come to trouble.

For the secular world, the mysterious "clan world" is a mysterious and unpredictable place, so no one dares to mess with the clan world easily.

When she saw Ye Yan's attitude, Long Fei Xue understood, and she smiled to show that she had understood.

Then she pointed at the "Breast Enhancement Pill" and said.

"Take some of this for me."

Ye Yan of course generously took out a small bottle of the stock and handed it to Long Feixue with a smile.

"This bottle is all for you, but with your current size four pills will be very big, you'd better take them one by one, I didn't expect this kid Ye Lu to like big ones!"

Hearing Ye Yan's words, Long Fei Xue immediately became embarrassed once again as she hurriedly took the pills and turned around to leave.

However, at this time, Ye Yan suddenly slapped her head and said.

"Drink! Look at this brain of mine, girl you stay for now, your name is Long Feixue, isn't it?"

Long Feixue immediately stopped in her tracks and turned around somewhat puzzled.

Ye Yan then continued to smile and said.

"I'm a bit too big in the head here, I forgot, Ye Lu said that if you come, let me give you two special pills."

With those words, she took out two ghostly blue pills and said.

"These are two 'Heaven Transformation Pills', Ye Lu said that they can help you break through to some innate realm, if you can't take one then take two, if two still don't work, then you should find him."

Long Fei Xue had never heard of the “Heaven Transformation Pill”, but she had never heard of the “Marrow Cleansing Pill” before, but she had experienced the effects of the “Marrow Cleansing Pill”, so she thought it would be no worse than the effects of this “Heaven Transformation Pill”.

So, Long Fei Xue took the pill and looked at Ye Yan solemnly and said.

“Sister Ye Yan, thank you so much Ye Lu”

As a result, before Long Feixue could finish speaking, Ye Yan waved her hand and said.

“Alright, don’t be so polite, we are all family, just come to sis if you need anything.”

Seeing Ye Yan’s appearance, Long Feixue was too embarrassed to explain any further, she thanked Ye Yan once again before leaving this small shop of Ye Yan’s.

At this moment, she was in an overwhelmingly excited mood, a pill that could allow her to advance to the Innate Realm, if she could advance to the Innate Realm, she felt that her family should no longer have a reason to not allow her to cultivate.

However, at this moment, she already had another idea in her mind, she felt that instead of cultivating with the family, it might be more beneficial for her to cultivate with Ye Lu.

At this moment, Ye Lu had already arrived at the Yanjing Film and Television Academy, which was the cradle of the nation’s stars, countless big stars had come out from here, and of course many of them were already big stars when they were in school, because all the big directors would come here to cast their roles, and this was the place where stars rose.

However, Ye Lu always felt that Qin Siyu did not seem like the kind of person who liked to dream of stardom, which did not match her quiet personality, so Ye Lu felt that she must have some special reason.

However, Qin Siyu did not take the initiative to talk to Ye Lu, so Ye Lu did not ask, in touching other people’s privacy this aspect Ye Lu is still very principle, he basically will not ask, track down these friends do not want to tell their own things, he felt that this is a kind of respect for friends.

When he arrived at the Yanjing Film and Television Academy, Ye Lu found that it was a place that really produced beautiful women, and he could really see them everywhere.

Some of them were also stars that Ye Lu knew well.

The academy was very big, so Ye Lu had to give Qin Siyu a call, however, Qin Siyu did not answer the call, which made Ye Lu slightly worried.

Following that, he saw that there were a lot of people running in one direction, it looked as if something had happened on that side.

Ye Luo also followed and went over.

As a result, he saw that this was a scene where a film crew was casting a role, and Qin Shiyu was currently talking to a mustachioed man wearing a hat.

“Why did you take my role off, wasn’t it a deal at the beginning?”

As a result, the moustachioed man said with a smile.

“The director naturally has his arrangements, besides we have the right to adjust each actor’s arrangement, wasn’t it clearly written in the hiring contract at that time?”

To this answer, Qin Siyu of course could not say anything.

At the same time, a girl’s voice rang out.

“Qin Siyu, do you have a problem with the crew’s arrangement? Making you a supporting actor is already very flattering to you, this girl is the main character, just wait until you carry my shoes.”

Following that, Ye Luo saw Lin Danni and the boy called Lin Qing walking over with a smug face.

When she saw Lin Danni appear, of course Qin Siyu understood what was going on, this was definitely Lin Danni’s fault, she had targeted herself not once, however, Qin Siyu had a calm personality, she tolerated many things without conflict, but she did not expect the other party to become more and more aggressive.

Qin Siyu was really angry, she looked at Lin Danni and said.

“Lin Danni, are you the one who is causing the trouble, wait for me to find director Feng”

As a result, Lin Danni laughed and said.

“You don’t need to find any director Feng, because the director has been changed, this kind of unethical director, what kind of movie is he directing, the director is now director Zhang, or I will give you the number, you go find him.”

Saying that, Lin Danni then said with a heated smile.

“You are so pretty and have a good figure, if you sleep with director Zhang for a few nights, maybe he will give you a role with a few lines to play, hahahahaha”

Following that, Lin Danni laughed wildly with a hahaha.

Qin Siyu did not expect Lin Danni and the others to be so energetic, even the director was given a direct change, she was actually seen by the previous director Feng by chance then signed the contract.

The script was also given to Qin Siyu, who had been studying the script for some time, but who knew that the cast would suddenly and inexplicably come up with a second casting, and that her role would be cancelled in favour of an aggrieved maid.

That’s why Qin Siyu came over to see what was going on, only to have what just happened.

When Lin Danni saw that Qin Siyu was not speaking, she took a step forward and said.

“Director Zhang has already chosen me as the female lead, you have no money, no background, and you don’t sleep with the director, so why should you be the lead? I’m afraid you’re still dreaming of being a star, so just give up on that.”

Hearing Lin Danni’s words, Qin Siyu’s face turned red with anger as she glared and pointed at Lin Danni.

“You you are so mean”

Lin Danni then said with a smile.

“What can you do if I am despicable? You bite me! Our Lin family is just rich, do you know who my brother Qing is? It’s the son of the Lin family’s direct line, one of the most orthodox heirlooms, so playing with you is still not easy and enjoyable.”

When Lin Danni finished speaking, Lin Qing smiled smugly as he looked at Qin Siyu and said.

“Now you understand reality, but if you are willing to sleep with me for two nights, I can consider letting you be a female second or third”

Hearing his words, Lin Danni’s smile immediately froze and she turned her head to look at Lin Qing with an incredulous expression, because she didn’t expect that Lin Qing actually wanted to sleep with Qin Siyu as well.

Qin Siyu was so angry with the two of them that she blushed red and said “Nasty!” and then turned her head and prepared to leave.

However, at that moment, she suddenly heard a familiar voice say.

“Silky Rain, wouldn’t it be too cheap to leave like that.”

Following that, she saw Ye Lu walk over with a smile on his face.

Seeing that there was actually someone who dared to call out to the Lin family, the crowd of spectators all parted a path, Lin Danni originally crossed her arms and wanted to say something, but when she saw that the person who came was actually Ye Lu, she chose to shut up immediately, she was not a brainless person, the last time Ye Lu’s tactics were still fresh in her mind, so she couldn’t help but have her bladder tightened after seeing Ye Lu.

On the other hand, Ye Lu walked up to Qin Siyu and said somewhat apologetically.

“Sorry, I’m late.”

Chapter 194

Seeing that Ye Lu had arrived, Qin Shiyu smiled happily.

However, while Lin Danni scorned Ye Lu, Lin Qing didn’t put Ye Lu in his eyes, this was the capital, his home turf, not some poor countryside.

The moment Ye Lu appeared, he was already calling people on his mobile phone.

What Ye Lu had done in Liao City before, Lin Danni had told Lin Qing, so he knew that his level was definitely not a match for Ye Lu, but of course the Lin family, as one of the four ancient martial arts families, had many experts in the family.

Lin Danni immediately went to Lin Qing’s side after a moment of fear and said.

“Brother Qing, you still remember, right, he was the one who bullied my sister before.”

Lin Qing nodded and said.

“Danni, don’t worry, I will help you take revenge.”

After saying that, he then looked at Ye Lu and said.

“Ye Lu is it, wait for me if you have the guts.”

Ye Lu thought for a moment, then nodded and said.

“Good, then I’ll wait for you.”

Ye Lu felt that it was necessary to help Qin Siyu to solve this matter, otherwise her life at the Yanjing Film and Television Academy would not be so easy.

When they saw this, the people around them all decided to go into watch mode.

After all, the Lin family was one of the biggest players in the film industry, and the Lin family not only had many sons and daughters in the school, but also many people teaching there.

“Someone actually dares to go against the Lin family, they really don’t want to be in the film and television industry anymore.”

“That’s right, overrate to shake a big tree!”

“But, that person doesn’t look like a student from our school, right?”

“Huh! It’s not really, otherwise he’s so handsome, I’m sure I’d know him.”

“It’s a pity, not being an actor is really a waste.”

.....

The people around were talking about it.

Qin Siyu had been in school for more than two weeks, she knew how powerful the Lin family was, so she hurriedly grabbed Ye Lu’s arm and said.

“Ye Lu, why don’t we forget about it, the Lin family’s people are all running rampant in this school, moreover, many of the sons and daughters have powerful bodyguards, they are not good to be messed with.”

Ye Luo, on the other hand, smiled and said.

“Don’t worry, they’re not good to mess with, I’m not good to mess with either, besides, they dare to treat you like this, I can’t just let them go.”

Hearing Ye Luo’s words, Qin Siyu felt a sweetness in her heart, although she very much did not want to cause trouble for Ye Luo, so she had never talked to Ye Luo about these things, but in fact she was really suffocating and subconsciously did want Ye Luo to help her out with this.

“Then you should be careful.”

Qin Shiyu still had some uneasiness to say.

Ye Lu made an easy “OK” gesture, in his opinion, he had saved the life of the Lin family’s Supreme Master anyway, so if he couldn’t, he would go to that Supreme Master, he wouldn’t believe that he couldn’t cure these grandsons.

Soon, the helper Lin Qing had found arrived.

Of course, this guy was not a student at the school. The Lin family did have some Xiantian realm children making movies, but there was no one studying at the Placenta realm, because the family would not let them study at this age if they had this level of cultivation.

Lin Qing had heard that Ye Lu had once become famous in a battle on Tianma Mountain, not only did he eat all his opponents with those ghost bats, but he had also fought against martial artists of the Placental Breath realm.

However, Lin Qing did not think that Ye Lu could defeat the Lin family’s “Placental Breath Realm” experts, because the sons of the great clans had a natural advantage, not only were they good at Kung Fu, but they also usually had good magic weapons and martial arts.

In fact, it wasn’t that the magic weapons and martial arts skills possessed by the children of the great families were so advanced, but mainly that they had a lot of options to choose from, so the things were very compatible with themselves.

“Qingdi, is this the mountain cannon you are talking about?”

This kid said disdainfully as he came and then looked at Ye Lu.

Lin Qing then smiled and said.

“Yes, that’s him, he’s the one who bullied Dani earlier, and now he’s here pretending to mind his own business, beat him up for me.”

The guy who came didn’t talk much as he looked at Ye Lu and said with a smile.

“Fine! Just say how many teeth you knocked out.”

Lin Qing thought for a moment and said.

“Just knock off two incisors, I’ll make him remember forever what happens when you act recklessly.”

“Okay, it’s a deal.”

These two brothers sang and sang, not putting Ye Luo in their eyes at all, and didn’t seem to be worried at all that the school would step in to stop this, what made Ye Luo feel strange was that there was really no security or anything like that coming to take care of it, everyone was gathered around and watching the action with great interest.

After the two brothers had discussed the matter, the new guy walked towards Ye Luo with a big grin, then his fist lit up and punched Ye Luo in the mouth.

“Boom!”

The fist and the lips collided solidly, but it wasn't Ye Lu's lips, it was this kid's lips, and following that, the guy flew straight out. He fell to the ground with a thud.

The scene was a bit awkward.

Just now, he had been talking about knocking out a few teeth, but when he went up there, he was knocked out in one shot, which was a bit funny.

Following that, Ye Lu slowly stretched out his hand and said indifferently.

"Here are your teeth, two of them."

As he said that, his hand then slowly opened, and in the heart of his hand there were indeed two bloody teeth lying, and looking at the width it should be exactly two incisors.

"You"

The guy who had just come to stand up for Lin Qing immediately showed anger, shock, disbelief all kinds of expressions, however, he pointed at Ye Lu but ultimately did not dare to say anything harsh.

It is estimated that this blow has already scared him.

Ye Lu, on the other hand, brought a chair from the venue and let Qin Siyu sit down, then looked at Lin Qing and also Lin Danni and said.

"I'll give you guys a chance for an hour, go and call people, what kind of people are there, feel free to come, better call a few that can fight, otherwise it will be too boring."

Lin Qing snorted coldly, then really started to go on calling people, at the same time, he looked at the guy who had just had two teeth knocked out and asked.

"Brother Qiang, what exactly is his cultivation level?"

Lin Qiang said with a dumbfounded look on his face.

"It's too fast, I didn't feel it, but there's no outgoing true qi, so it should be less than Hua Jin."

However, after these words, he himself was somewhat unconvinced, but the facts were right in front of him, and the current situation made him completely incomprehensible.

"If you were given my magic weapon to use, would you be able to handle him?"

Lin Qing looked at Lin Qiang and asked.

To be honest, Lin Qiang was a little unsure in his heart, but then Lin Qing followed and said.

"If you can win, this magic weapon will be yours."

These words caused Lin Qiang's eyes to light up.

Even after using so many pills, he had only been fed to the "Innate Realm" in the end.

However, he was really a genuine son of his family, so all the things he had with him were good goods, such as the magic weapons he mentioned, which were actually good Xuan-rank items, so Lin Qiang was also very keen on them.

“Okay, then I’ll give it a try.”

Hearing Lin Qiang’s promise, Lin Qing took out a pair of gloves and handed them to Lin Qiang.

“This is the ‘Scars of Silence’, I hope you can live up to it.”

It was a pair of gloves as black as ink, as black as a black hole, making one feel that everything would be swallowed up by it, which suited the word “Silence”.

When he heard that it was the “Scars of Silence”, Lin Qiang was immediately excited, this was a very famous magic weapon in his family, even though it was a damaged magic weapon, the grade was still high grade in the “Lower Xuan Grade”.

“Hey, hey, watch this!”

Lin Qiang put on his gloves and walked towards Ye Lu again.

“Kid, just now I was too gullible, I didn’t use magic weapons or martial arts, so I took your loss, this time you’re finished.”

Ye Luo then smiled and hooked his hand and said.

“Fine, come on then.”

Lin Qiang dashed towards him, however, the current Ye Lu was not the previous Ye Lu, under Dokgo Ao’s demonic training, his fighting skills had improved like never before, he caught a break in Lin Qiang’s attack and quickly struck out, poking him with one finger at the “Danzhong” point on his chest.

This is one of the most important acupuncture points in the human body, and is often referred to as the “middle door”.

After the “stanzhong” point was poked, the guy immediately stopped moving.

Chapter 195

Of course, Lin Qiang was trying to break Ye Lu’s control at the same time.

However, at this time, Ye Lu had already quickly taken off his glove, the “Scars of Silence”, because Ye Lu had noticed from afar that it was a good thing.

At this moment, Ye Lu’s body not only had “Ghostly Inferno” but also “Red Lotus Flame”, and apart from aura, flame was what he was best at.

He only had one magic weapon before, and that was the arrow of the “Sunset Arrow”, but the killing power of that magic weapon was too great and he didn’t dare to use it easily, while this magic weapon was like a gift from the snow.

“Not bad, a Xuan-rank magic weapon, although it is a broken one, but I am quite satisfied. I won’t turn down anything that comes my way.”

Ye Luo looked at the other party and said with a smile.

At this time, that Lin Qiang had already broken through his acupuncture point and could move, but he no longer dared to attack, Ye Lu's combat power was completely beyond his imagination.

He didn't know that Ye Lu had been fighting with experts at the peak of the "Vein Raising Realm" every day for some time, and that cultivators like him at the "Placental Breath Realm" were nothing in front of him.

After that, Ye Lu looked at the time and said.

"Hey! You're too inefficient, I've changed my mind, I'll give you another half an hour, if you don't get some decent guys, it'll be my turn to fight, you'll regret it then."

After saying that, Ye Lu then turned his head to look at Qin Siyu and said.

"Siyu, who does that script belong to, and what was director Feng's name before, tell me about it."

Qin Siyu didn't know what Ye Lu wanted to do, but still obediently told Ye Lu all their information.

Ye Luo quickly started communicating with these relevant people in his glasses.

After a while, Lin Qing's new helpers arrived, but they were still family members at the early and middle stages of the "Tirth Breath Realm", a level of cultivator Ye Lu had fought too many times before, so he didn't care about them at all.

What he wished for most was to fight an expert of the "Pulse Raising Realm", but unfortunately, half an hour had passed and eight people were already lying on the ground, but the strongest of these eight people was only a late stage cultivator of the "Placental Breath Realm".

"Ai!"

Ye Lu looked at the people lying on the ground and sighed.

"Your name is Lin Qing, isn't it? Look, I gave you a chance, but unfortunately, there is no one who can fight, so it's my turn next."

After saying that, he walked over towards Lin Qing and Lin Danni.

This time Lin Danni could really be a little scared, she shivered a little and said.

"That, Ye Ye Lu, we have something to discuss, you have to know that if you really do something to us, Qin Siyu will never have the chance to participate in this movie again, you should know that, this is a very important opportunity for her."

Lin Danni was a smart chick, of course he knew what Ye Lu cared about, the reason why Ye Lu stepped up was because of Qin Siyu, so she decided to use Qin Siyu to threaten Ye Lu.

However, Ye Lu's footsteps did not stop, he still walked forward, saying as he did so.

"Don't worry about this matter, of course Qin Siyu will do that movie and still be the female lead, and the director will still be Director Feng, because I have just communicated with everyone, the author of

that script is very dissatisfied with Director Zhang's reckless changes to the script, therefore, he is no longer ready to cooperate, and so is Director Feng."

Hearing Ye Lu's words, Lin Qing said with a cold smile.

"You're a piece of trash from the countryside, do you understand what making a movie is? Do you know how much it costs to make a movie? Do you think you can make a movie just by holding a camera? You're so naive."

For his part, Ye Lu laughed and said.

"Don't worry, of course I know this, I wonder if three hundred million is enough?"

After Ye Luo finished speaking, not only Lin Qing and Lin Danni, but everyone present, including the moustache guy who was casting a role, were all taken aback.

Ye Luo then continued.

"So, we'll invest in this movie ourselves to make it, so there's no need for you to bother."

Hearing Ye Lu finish, Lin Qing and Lin Danni both froze for a moment, then Lin Qing suddenly laughed out loud, as if he had heard something extremely ridiculous, he laughed for a few seconds before gasping and saying.

"Hahahahahaha, you're laughing my ass off, you think a few hundred million dollars can come to you just by touching the skin of your upper mouth to the skin of your lower mouth? Just you, you poor bastard can still have a few hundred million, you're really laughing my ass off."

However, at that moment, someone suddenly said.

"No, you're wrong, there's nothing funny about it, because it's true."

Following that, a large group of people walked in.

The person at the head of the group was none other than Feng Xiao, who had arrived earlier as the director, followed by the writer of the script and a whole bunch of other people, while the man who spoke was a producer.

He took a glance at the crowd and then looked at Lin Qing and said.

"You're wrong, because the money has already arrived, three hundred million, that's enough for us to finish the production and promotion of this film, to be honest, when you guys were messing around, all of us had already started planning this, we decided to make a clean film, no subterfuge, no money deals, a good film that respects the author, the audience and the art."

"Even if we lose money, even if we lose all our money, which of course is his anyway, we will never look back."

This producer spoke with such righteousness and integrity that everyone around him was moved.

"Shit! What a team full of righteousness."

"That's right, it's time to direct a film that's pure."

“Yeah, it’s not like it’s their money that’s being lost anyway.”

.....

To be honest, when he saw this producer, Ye Lu suddenly felt that his level of pretentiousness was simply weak compared to this producer, and he suddenly felt that maybe this somewhat unreliable looking team could really make a bit of a name for themselves.

So, Ye Lu looked at the crowd and said.

“Well, since you guys are so awesome, take your leading lady and go study about making a movie, something not too pleasant might happen on this side next.”

Then, Ye Lu gave Qin Siyu a wink.

Qin Siyu smiled and nodded before she followed Director Feng and the others away.

Ye Luo then looked at Lin Qing and Lin Danni and said.

“Now it’s our turn to settle a personal grudge, Lin Qing, do you know you’re wrong?”

Lin Qing, however, was not at all convinced as he looked at Ye Lu and said.

“Ye Lu, don’t be arrogant, if our Lin family didn’t have a ban, you would have died long ago, do you know that? Don’t you force me, forcing me won’t have any good consequences for you.”

To be honest, Lin Qing’s words were a bit surprising to Ye Lu, it looked like this Lin Qing seemed to have some poisonous tricks that he hadn’t sent out yet.

Ye Lu thought for a moment, then looked at him and said.

“Well, to be honest, I don’t have any deep hatred towards you guys, it’s just that things have turned out like this because of this woman behind you who is inexplicably peculiarly jealous, so if there is any good solution, it doesn’t necessarily have to be fist-fighting.”

The reason why Ye Lu had to say this was mainly because he was considering Qin Siyu, who was not a cultivator even though her body had been cleansed of marrow, so I was afraid that it would be very troublesome if the other party laid hands on Qin Siyu.

However, Lin Qing had misunderstood, he thought that his words had scared Ye Lu, so he looked at Ye Lu and said with a laugh.

“It’s easy to settle it if you want to, let your girlfriend sleep with me for one night, then you kneel down and apologise to me, and this matter will be over.”

Lin Danni then said with a glare.

“And me, you insulted me so much the other day, you have to kowtow to me and apologize too.”

Hearing them finish, Ye Luo then looked at the two of them and said very sincerely.

“I’m sorry, I was wrong, I really didn’t expect you two to be uncompromising scum, in my opinion, you are a piece of shit.”

After saying that, Ye Lu stepped forward and reached out to slap Lin Qing on the shoulder.

Following that, Lin Qing felt his stomach flip, the back door went out of control and he immediately pulled out, he was just an innate cultivator who had been forcibly pushed out with drugs, Ye Luo dealt with him simply with ease and pleasure.

“Waaaah! It stinks!”

“Is this scared out of shit?”

“Not so much!”

.....

The crowd was also all confused by Lin Qing’s condition.

Lin Danni, who was beside him, immediately tried to flee when she saw this situation.

However, Ye Lu’s speed was not something that she could escape from.

“Boom!”

Ye Luo had reached out and grabbed her, Lin Danni was terrified, he thought that Ye Luo would deal with her the same way he dealt with Lin Qing, however, Ye Luo did not do that, instead, he smiled and said.

“If you still want to be a star, remember to come find me.”

After saying that, Ye Luo let go of his hand.

Lin Danni, on the other hand, felt her face and body slowly changing.

Chapter 196

Ye Lu used one of his “medical powers” to block a certain part of her body’s meridians with his aura, thus causing a certain change in her physical appearance, mainly in two areas, one being her face, which felt suddenly swollen, and the other being her legs, the lower part of her right leg having lost consciousness.

After doing all this, Ye Lu smiled and turned around to leave the room.

After leaving, he didn’t call Qin Siyu, instead he called Black Meditation of the Underworld.

“Hall Master Black Underworld, I want you to help me secretly protect someone, I wonder how to charge?”

Ye Lu thought about it for half a day or was worried that Qin Siyu’s side would run into trouble.

Black Meditation thought about it and said from across the room.

“This depends on how dangerous the person you’re protecting will be, so tell me the general situation and I’ll see how to handle it more appropriately.”

So, Ye Lu told the basic situation.

Black Hades smiled with relief and said.

“I thought it was something big, this is simple, what bird you said about the four ancient martial arts families is actually just blind J8 blowing, the grade is very low, this matter, I will help you set things right, if they hire people from other organizations, I will then calculate the payment with you.”

For his part, Ye Lu thought for a moment and said.

“I don’t like to owe people favors, how about this, I know a friend who knows how to refine weapons, I can ask him to help upgrade one of the ‘Xuan-rank upper grade’ weapons you specified to ‘Xuan-rank middle grade’ as payment. How about that?”

Hearing Ye Lu’s words, Black Hades was also taken aback.

“You still know such friends, that’s great, say it, who to protect and I’ll send someone right away.”

Ye Lu then told Qin Siyu and her general situation.

Black Meditation then promised to immediately arrange for manpower, while agreeing with Ye Lu to bring the spells that needed to be upgraded when the next underground boxing match was held.

Hearing Black Meditation’s promise to come down, Ye Lu then breathed a sigh of relief and then called Qin Siyu’s number, but it turned out that Qin Siyu and the others were discussing about making a movie, so they called Ye Lu, the investor, over as well.

Ye Luo soon arrived at a meeting place where these people were.

Seeing Ye Luo come in everyone stood up, after all, Ye Luo was the one who paid the money.

“Boss Ye, we were just discussing, now we are all free people, so we want to produce this film, we think it is better to set up a company, now we also have enough money, it is a good time to set up a company.”

For his part, Ye Lu smiled and said.

“I can’t manage these things at the moment, how about this, it’s fine to set up a company, all in Qin Shiyu’s name, I can take care of the money, and you can look for me if there’s any trouble.”

Hearing Ye Lu’s words many people laughed, because that’s what everyone liked.

Anyway, Ye Lu was also an amateur, so if he really pointed his finger at it, it would be troublesome instead, so it would be best to just pay out the money.

In the end, Qin Siyu named the new company “Falling Leaves and Silk Rain”, and the legal representative was of course Qin Siyu.

“Does Ye Lu want to play a role too?”

The director, Feng Xiao, saw that Ye Lu was quite bored and sat by the side so he suggested it.

He shook his head, he was not interested in acting at all. After that, Ye Lu instructed everyone to continue the discussion, while he himself took out the gloves, the “Scars of Silence”.

He found that the glove was originally an Earth-ranked magic weapon, but because of a fierce collision with another magic weapon, part of its pattern had disappeared, causing the magic weapon to be downgraded to a “Lower Xuan-ranked” magic weapon.

This was the second Earth-ranked magic weapon that Ye Lu had seen besides the “burin pen”, and although it was a broken Earth-ranked magic weapon, Ye Lu could repair it.

Of course, he couldn’t completely repair an Earth-ranked magic weapon yet, but it was still possible to partially repair it first.

So, Ye Lu began to study it.

In the Yanjing Film and Television Academy, Lin Qing was gnashing his teeth in hatred towards Ye Lu.

The fact that he had been scared out of his wits today had made a big fool of him, and it was probably enough for the whole academy to talk about for a month, which made him feel a bit embarrassed and angry.

“Ye Lu, you wait, you wait for the darkness, after the darkness, it will be the world of our Lin family, even if you violate the family rules I will make you die without a burial place.”

Lin Qing gritted his teeth and said.

And Lin Danni stood next to him and said.

“That’s right, Brother Qing, make sure you help me get him killed”

As a result, Lin Qing said with a disgusted face.

“Get lost, get as far away as you can, if it wasn’t for you inviting such a thing, how would I make a fool of myself, you ugly bastard get the hell out of my way”

After being scolded by Lin Qing in a head-bashing manner, Lin Danni was already dumbfounded, she looked at Lin Qing and asked with some shivering.

“Brother Qing, what do, you mean?”

Lin Qing then said with a glare.

“What do you mean? I mean for you to get out of my face, I’ve played with you enough, what else do you know besides how to spread your thighs? And now you’ve turned into this pussy, I’m sick of looking at you, get the fuck out of my face”

Lin Danni couldn’t believe her ears a bit as she pointed at Lin Qing.

“That’s not what you said in bed last night?”

As a result, Lin Qing kicked her in the stomach kicking her to the door and said.

“If you weren’t so good looking and loose in bed, I would have dumped you a long time ago, you’re a distant branch of the Lin family, do you still think you’re really a member of the Lin family? Don’t blame me for not being polite if you don’t disappear.”

After he finished speaking, he was ready to lift his foot again.

Lin Danni hurriedly got up and turned around to leave.

Lin Qing was an innate powerhouse, just now Lin Qing’s kick had already made her vomit blood, it was possible that she might really get killed if she stayed here any longer.

She suddenly regretted it, she looked good and her exam results were fine, so she could study properly, so why did she have to live like this? Besides, what does it matter to her if Qin Shiyu can get in here, if Qin Shiyu can have a powerful boyfriend who protects her? Why should she hope for Qin Siyu’s downfall?

After thinking about this, she suddenly felt that her previous thoughts were beyond ridiculous. She realized that what she was pursuing was not happiness, but being happier than others, and in fact, whether others were happy or not had nothing to do with her at all?

“Hey! Let’s go find Qin Shiyu, I hope she can accept my apology.”

Lin Danni sighed, then walked to the front of Qin Siyu’s dormitory.

Everyone was pointing at her on this journey, after all, she couldn’t look good now, all kinds of mixed emotions came together, Lin Danni felt that she couldn’t hold back her tears any longer, she sat there with tears streaming down her face.

At this time, a gentle voice suddenly said.

“Lin Danni, why are you sitting here? What’s with the blood on you? Are you alright, why don’t I take you to the hospital?”

Hearing these words of concern, Lin Danni jerked her head up, only to see Qin Shiyu looking at herself worriedly, and she could see sincerity in Qin Shiyu’s eyes.

She couldn’t help but “Wow!” She couldn’t help but bawl out a cry.

“Qin Siyu, I’m sorry, don’t hate me

Lin Danni said a little out of control emotionally.

Qin Shiyu, on the other hand, grabbed her hand and said.

“I don’t hate you, it’s all just little things, I just let Ye Lu help you recover, however, he said to let remember the lesson, otherwise you will still plant a big heel in the future, so he is going to help you recover later, don’t worry, I will let him help you recover in a while ah.”

“Right, we’re short of actors now, you’re such a good actor, do a movie with us.”

When she saw that Qin Shiyu had invited her to make a movie with her despite her past, Lin Danni couldn’t help herself, she jumped over and hugged Qin Shiyu, crying.

Qin Siyu then gently patted her back and said.

“Okay, okay, we are all good sisters in class together, and what deep hatred, come on, go with me to get my ID card, they want to help me register a film and television company, later we cheer together, into Hollywood oh!”

When she saw that Qin Sanyu had brought Lin Danni back with her, Ye Lu sighed helplessly, however, she had known that this would be the result, Qin Sanyu was just too soft-hearted.

“Lin Danni, do you know what’s wrong?”

Ye Lu looked at Lin Danni and said.

Lin Danni didn’t say anything but nodded very solemnly.

Ye Luo of course helped Lin Danni return to her original state, and then left a lot of “beauty pills” for Qin Siyu, which Ye Luo had prepared for Qin Siyu a long time ago, after all, this was a film and television academy, these things would definitely be helpful to Qin Siyu.

However, he did not know at this moment that Lin Qing was preparing something terrible for him.

Chapter 197

At noon, Ye Lu and Qin Siyu had a meal alone, but, seeing that they were in full swing with their movie research, he went back in the afternoon, anyway, there were people from Black Meditation protecting Qin Siyu, so there would be no trouble.

After returning to school, Ye Lu did not go back to his dormitory, but found a clean place and began to study the ground-ranked glove “Silent Trace”, which should become a big help to his underground boxing match.

In one of the companies of the Dragon Group, Long Fei Xue had declined all meetings, and in her office was a broken blue cocoon, and in her hand was a dark blue pill.

“Surely one didn’t work, but this one will certainly do the trick.”

She mumbled silently and then took the remaining pill, the “Heaven Transformation Pill”.

Then, blue threads appeared from her body again.

In the parlour outside, several sons of the Long family were already waiting impatiently, these were the guys who had dined with Long Fei that day.

“Will Long Feixue say yes to us later? Our family hasn’t always been very friendly to her.”

One of the men said with some concern.

“Yes, if she wasn’t a genius at learning and doing business, I’m afraid a distant branch of her distant lineage would have been given up long ago.”

“Who says it isn’t, but she’s really something, she actually started cultivating at such an age to reach the realm of transformation, I also feel incredible, it’s a pity, it’s missed the best time, how could the family value her.”

“Alright, let’s not talk about so much uselessness.”

At this time, a woman suddenly said.

“Looking at Long Fei Xue’s attitude, surely more than ninety percent of her will not agree, if she really doesn’t agree later, let’s use force, what can a fellow of the Transformation Realm do, even if she has a ‘Xuan-rank magic weapon’? If we can’t, we’ll torture her, I don’t believe she can still make any waves.”

This woman was called Long Tianjiao, a direct descendant of the Long Family, so of course she was emboldened.

Hearing her words, a few other people also smiled and nodded.

As far as they were concerned, Long Feixue was without status and was still at the mercy of others.

“What kind of person do you guys think that Mr. Luo really is? To think that he could do something like that, it seems like the masters of the ‘Weapon Sect’ would have a hard time doing it too.”

“Yeah, to knock Long Fei’s arm unconscious with one move, that’s too terrifying.”

“You guys, if we really do something to Long Fei Xue, will we incur the wrath of that Mr. Luo?”

A man suddenly said with some worry.

As a result, Long Tianjiao said coldly.

“Shit! Who are we afraid of in the Long Family, is it just a Mr. Luo? If he dares to come and cause trouble let him become a dog in the water.”

At this time, the door suddenly opened and a slender figure appeared in front of the crowd, it was none other than Long Feixue.

“What are so many of you doing here looking for me?”

Long Feixue looked at these people and said coldly.

“Long Feixue, don’t ask knowingly, we are here to find someone to help us upgrade our weapons, help us contact Mr. Luo, no problem, right?”

Long Tianjiao looked at Long Feixue and said.

As a result Long Feixue said indifferently.

“There’s a problem, I won’t help you guys.”

Hearing Long Fei Xue’s words, Long Tianjiao immediately exploded as she glared at Long Fei Xue and said.

“Shit! You flying bastard, you

At this point, she then suddenly stopped, because she had been insulting Long Feixue's like this before, and every time Long Feixue would be furious, but this time Long Feixue did not have any special reaction, and what surprised her even more was that Long Feixue's breasts had actually become bigger, looking at the hint of deep cleavage and bulge on her chest, it should be at least above C.

"You you how did you get bigger?"

She looked at Long Feixue and asked in disbelief.

Long Feixue then said with a faint smile.

"This doesn't seem to be any of your business."

Seeing Long Fei Xue's attitude, Long Tianjiao could not help herself, she glared and darted out her hand towards Long Fei Xue's breast, she was ready to give Long Fei Xue a little colour.

However, what greeted her was a quick slap from Long Feixue.

"Boom!"

Flames tumbled as Long Tianjiao was sent flying backwards, and the clothes on her chest were instantly on fire.

"Drink!"

The crowd was taken aback, followed by the sight of Long Feixue's palm as flames surged.

It wasn't the faint flame of a strong person using a magic weapon, it was like a bonfire.

"You have made a breakthrough!"

Long Tianjiao said with some surprise as she looked at Long Feixue, forgetting to even extinguish the flames on her chest, and her two plump meatballs were immediately revealed.

It was only then that she quickly extinguished the flames on her chest. In fact, her clothes catching fire did not hurt her very much, but the trouble was the slap of Long Fei Xue, which left a clear slap mark on her snow-white chest, and this pain made her understand that the current Long Fei Xue was definitely not to be messed with.

With a realm of "Placental Breath Realm" and the "Lower Xuan Grade" Ice and Fire Gloves on her hand, she asked herself that she might not be a match for Long Fei Xue.

"I have a lot of work to do in my company, I don't have time to receive you, see you off!"

Long Fei Xue said coldly, and after she finished speaking, she turned around and left the meeting room towards her office.

The remaining few people stared at each other and froze on the spot.

"She has actually reached the Innate Realm, how is this possible?"

"Yeah, the family shouldn't have given her a single potion, how did she break through?"

"Don't you guys think that all the things that have happened to Long Feixue recently are too evil?"

“Could it be Mr. Luo?”

“No matter who it is, let’s report it to the clan first, I feel that this is a big deal I’m afraid.”

.....

A few people discussed and left together.

Ye Luo kept studying and practicing the “Pattern of Laws” until the evening, when Nie Yibiao’s call came.

“The matter of the sorority dormitory is a success, Xiao Mu is really good, he really found a dormitory with a school girl, hurry back, the four of us are all dressed up, let’s go to the east campus, quick! Hurry up! Hurry up!”

Hearing Nie Yibiao’s unusually excited words, Ye Lu agreed with a smile.

However, he was thinking in his heart that the school girl they were talking about wouldn’t be Gu Shiqi, right?

Because something like a joint dormitory was only played by these freshmen in their first year, and as Mu Zi Ze had said before, it was the freshmen they were looking for, and among the freshmen, the call for Gu Shiqi to be the school flower was the highest.

Back at school, a few people were already waiting at the school gate.

“That’s it, don’t change your clothes either, pounding so handsome want to pick up our girls, let’s go.”

They didn’t give Ye Lu time to pound on him, so they just pulled him away, but luckily, in order to meet Qin Siyu today, Ye Lu was still dressed quite neatly.

However, he saw that the remaining four people were all dressed so solemnly, including Jin Kun who was all dressed up.

“Jin Kun, are you having a spring?”

Ye Lu looked at Jin Kun and said with a smile.

Jin Kun, on the other hand, laughed heatedly and didn’t say anything, because it was all Mu Zi Ze who had pounded him, saying that he couldn’t let Jin Kun scare the other side.

Ye Lu then turned his head to look at Mu Zi Ze and asked.

“Little Mu, the school girl you’re talking about wouldn’t be Gu Shiqi, right?”

As a result, Mu Zi Ze suddenly slapped his head and said.

“Shit! Mistake, I forgot, Big Beauty Gu looked for you rabbit last time, Big Beauty Gu wouldn’t like you, right?”

Ye Lu chuckled and said.

“She wouldn’t like a few of you anyway.”

Ye Luo said Mu Zi Ze but he wasn’t angry, he said with a smile.

“Hey hey, don’t worry, actually, there are two school beauties in this dormitory, besides the big beauty, Gu Shiqi, there is also an old school beauty, one of our school’s top ten school beauties, Shen Luyan.”

For what school flower Shen Luyan, Ye Lu did not care, he thought in his heart, in a moment, what would be Gushiki’s reaction when she found out that there was actually herself in the dormitory she was associating with, but then he remembered something.

“That’s not right! Isn’t Gu Shiqi from the acupuncture and massage department? Why did she go to the dormitory of the nursing department?”

Hearing Ye Lu’s question, Mu Zi Ze then said with a smile.

“Hey, you don’t know this, right, your family’s big beauty Gu beat up a few women in the same dormitory, so she has been kicked out of the ‘Department of Acupuncture and Massage’ dormitory.”

“Ugh! Okay!”

Ye Lu thought about it, given Gushiki’s personality it was quite possible for her to do something like that.

Soon, everyone arrived at the agreed location on the East Campus, what they didn’t expect was that the girls had already arrived early and were already in the private rooms.

However, Ye Luo did not see Gu Shiqi, but one of the girls pointed at Ye Luo and said with wide eyes when she saw him.

“It’s you!”

And behind Ye Luo, Mu Zi Ze slapped his head violently and thought to himself.

“Sh*t! How does this school girl know Ye Luo again, what the hell!”

Chapter 198

She originally thought that she and Ye Lu had met by chance on the train and that the two of them would never see each other again, but who would have thought that Ye Lu was actually a member of some kind of sorority dormitory.

Ye Luo also remembered who Shen Luyan was, he looked at Shen Luyan and said with a smile.

“It’s you, is the last illness over?”

Shen Luyan said with a smile.

“It’s all better, I never had the chance to thank you, let me treat you today.”

Ye Luo said with a smile.

“How can I let you treat me, we have a wealthy owner today.”

After saying that, Ye Luo then pointed to Nie Yibiao, Mu Zize and the others behind him and said with a smile.

“Brothers, your time to behave has come, hurry up and take your seats.”

Only then did Nie Yibiao and the others sit down with a smile, but both Nie Yibiao and Mu Zize looked at Ye Lu and glared, meaning that they despised Ye Lu for stealing their thunder.

Ye Lu, on the other hand, laughed helplessly and said.

“That Gu Shiqi, why isn’t she here?”

Shen Luyan, on the other hand, laughed and said.

“You know our big beauty Gu, but I advise you not to go after her, not only does she already have a boyfriend, but she is also very capable of fighting, even the few of you together are not enough to fight her.”

Hearing Shen Luoyan say that Gu Shiqi had a boyfriend, Ye Lu then suddenly felt a little lost in his heart, so he asked.

“Does she have a boyfriend? Who is it?”

As a result, Shen Luyan said with a smile.

“None of us have met him either, his name is Ye Lu, and he is said to be a very powerful academic.”

Hearing Shen Luyan’s words, all the boys froze, still Mu Zize reacted the fastest, he quickly looked at everyone and said with a smile.

“Hey, I’m not going to hide it from you guys, this guy is Ye Luo, he’s also the only guy among us who has a famous girl, so you guys don’t need to think about him.”

He could just see that the moment Ye Luo appeared, the women’s eyes glowed.

This was just a good opportunity to exclude Ye Luo from the competition.

In this regard, Ye Luo did not mind.

Shen Luoyan, on the other hand, looked at Ye Lu curiously and said.

“So you are Ye Luo, Gu Shiqi always mentions you and warns all those boys to stay away from her, saying that otherwise you might be unkind to them.”

Ye Luo said with a smile.

“Yeah, why didn’t she come today?”

As a result, Shen Luoyan said.

“She, ah, she’s busy tinkering with her antiques, and recently said she was researching the technique of acupuncture, and their teacher seems to be quite strict with her.”

Ye Lu then smiled and said.

“Well, it’s good to learn a bit more, but she does tend to be impulsive sometimes, and I’m at another campus, so you guys help her out more usually.”

The crowd of course agreed readily.

After that, Nie Yibiao and Mu Zize started to order food, they were both from rich families, so they didn't care about this small amount of money.

In no time, they had ordered a table full of dishes.

Ye Lu took a closer look at the girls opposite him, he found that Mu Zize was indeed quite discerning, several of the people in this dormitory were quite good looking, including the one who had been dragged over to make up the number, and he wondered if it was because the girls in the nursing department were generally of high value.

However, what made Ye Lu feel a bit strange was that he saw that Nie Yibiao and Mu Zize were a bit sneaky from the beginning, so it seemed like there might be something going on here.

As expected, when everyone was almost done eating, suddenly a few gangster-like guys walked in.

"This private room is for our boss, you guys hurry up and get out."

Seeing this scene, Nie Yibiao then gave a faintly unnoticeable wry smile, and seeing this smile, Ye Lu had a clear understanding in his heart.

These two guys had really prepared their show long ago, and were ready to put on a good show.

However, Ye Lu felt that it was definitely not the right time to play, if he was to direct the play, he must not stop at the level of grabbing seats and so on, that would look like he liked to be brave and fierce, and might not necessarily receive the best results, he must do it right.

As expected, the few guys who came in had straight eyes after seeing Shen Luoyan and the girls.

"Hey hey, these girls are really pretty looking!"

"Yeah, tender, this choke will definitely flow."

"The brothers are blessed today."

"Beautiful girls, this meal is on us, just have some fun with us."

"That's right, it's no fun to drink with these two-pen students."

.....

The more a few guys talked, the more vulgar they became, and when Nie Yibiao saw that the time was almost ripe, he slapped the table and said.

"Get lost, you few shameless ones, do you think I don't exist? I've seen a lot of guys like you, I don't know how many I have to fight in a year, so get lost if you know what's right."

Of course these guys wouldn't be sensible, they looked at Nie Yibiao as if they were looking at a second pen and said.

"Fuck! Who the hell are you? You dare to bleep in front of me, fuck you!"

"Beat the hell out of him."

With those words, these guys ran towards Nie Yibiao.

Of course Nie Yibiao had to fight back, because this was the best part of the story, but he was immediately hit with a big mouth on his face.

“Slap!”

Crisp and pleasing to the ear.

“Damn you, these grandsons are really hitting!”

Nie Yibiao muttered depressedly in his heart, however, his hands and feet didn't dare to stop, this time, Ye Lu could see that this Nie Yibiao should have really practiced, one move was quite a bit like a master.

However, these few punks were no slouch either, and actually left several footprints on Nie Yibiao's body, while Mu Zi Ze wisely chose to watch and see.

In the end, the few punks were no match for Nie Yibiao and ran out after leaving a few harsh words.

“Holy fuck!”

Nie Yibiao muttered silently in his heart.

“Are these bastards from the Film and Television Academy? They're acting so realistically! It hurts me to death.”

However, he said this in his heart, but his face was a different expression, he patted the dirt on his body, then turned his head to look at a few girls and said with a light-hearted smile.

“Don't worry guys, with my brother Biao here, your safety is absolutely fine, there are still people rushing to molest you, I won't be so polite.”

To be honest, when these punks had just come in, Shen Luyan and a few of them thought that this was an act, playing some kind of heroic rescue or something like that, boys love to do this trick, but, through the fight they had just had, they found out that things shouldn't be what they thought, this was a real fight.

So, several girls started to look at Nie Yibiao and praised him.

“Brother Biao is really majestic and domineering.”

“That's right, one person fighting so many people, so powerful.”

“I want to add 666 to the double click

.....

The hotel's security guards also quickly ran over.

However, Nie Yibiao waved his hand at them in a dashing manner and said.

“With Brother Biao here, no matter how much noise you make in the future, you guys don't have to care, a few punks are just a few, I'll let them have no return no matter how many come.”

The security guards disappeared immediately.

Nie Yibiao began to tell stories about his glorious deeds, such as “punching the Nanshan Home for the Elderly, kicking the Beihai Kindergarten, and knocking down everyone under one metre”.

These guys were even more exaggerated, all carrying weapons like sticks in their hands.

“Shit! We’ll take this private room of yours, you guys get the hell out of here!”

The group yelled as they arrived, banging on the door frame with their sticks.

This time Nie Yibiao was confused.

“What the hell is all this?”

He glanced at Mu Zi Ze and thought to himself, “How many groups of people did you actually arrange?”

However, Mu Zize was actually just as dumbfounded in his mind, he had just called a group of people, but where did this group come from?

“Hey, there are so many pretty chicks! The chicks can stay, you guys hurry up and get out.”

The plot unfolded pretty much the same, and following that, the gang of guys rushed towards Nie Yibiao and Mu Zize.

The two men had no choice but to fight.

“Boom!”

Nie Yibiao then punched a guy in the stomach, causing the guy to crouch on the ground with his back bowed.

“Holy f*ck! What a fucking real fight!”

He muttered depressedly in his heart.

Nie Yibiao, on the other hand, was pleasantly surprised to find that this group was much better at hitting, and although they were waving their sticks around, they weren’t really hitting hard, so it was obvious that this was the group that was used to put on a show.

“Damn it, that batch must have just hit the wrong one!”

By this point, he also understood that he must have just made a big oops.

However, just at this moment, a loud voice suddenly rang out from the doorway.

“Stop it all J8, none of you will leave here alive today.”

Chapter 199

With the sound of this vulgar voice, a large group of people had surrounded the entrance to this private room, and at a cursory glance there were dozens of them.

“Who are you?”

The leader of the group of punks who had just arrived looked at the later group of people and inquired.

As a result, the fat guy with a cigarette in his mouth gave him a big slap on the face and said.

“How do you talk to the old man?”

This slap knocked the guy dumbfounded, and he looked at the fat guy with the cigarette, then at Nie Yibiao, and finally at Mu Zize and said.

“Little Mu, you can’t play like this, this guy really beat me up and forget about it, you got so many people pretending to be hooligans, how much does this mean, how does the money really count?”

This time everyone looked at Mu Zi Ze.

Mu Zi Ze was so embarrassed that he had no choice but to say with an embarrassed smile.

“Misunderstanding, it’s all a misunderstanding, why don’t we go out and talk about it.”

As a result, the fat guy with a cigarette roll kicked the other gang leader to the ground and said.

“Say what the hell, say it again, who cares who they all are, all the men give me a brutal beating before I say anything.”

Seeing this scene, Nie Yibiao also just had to grit his teeth and prepare to start, however, it turned out that the gap between him and the real gang leader was still quite obvious, and he was kicked over to the ground by his opponent.

However, Ye Lu didn’t make a move, because it wasn’t his turn to do so, there were still experts in the dormitory.

Sure enough, as the guy was about to strike again, Jin Kun struck out.

“Boom!”

A punch landed solidly on the guy’s chest, and the guy was directly knocked to the ground, followed by a kick that sent the guy who was tangling with Mu Zi Ze flying out as well.

After Jin Kun’s strike, he struck with the fierce fury of a beast.

In the blink of an eye, seven or eight people were knocked to the ground.

This guy had come back from the gate of ghosts and carried a fierce aura.

“Wow!”

“What a man!”

“Awesome!”

.....

A few girls immediately looked at Jin Kun with their eyes glowing, and all these guys around them also looked at Jin Kun and did not dare to go forward because they knew very well that they were not a match for this boy.

Nie Yibiao and Mu Zize also looked at Jin Kun with a dumbfounded look, they realized that they actually didn't understand Jin Kun at all!

But how could they all be as simple as Ming Jin as punks in the capital, watching this scene, a guy who had been at the back of the crowd suddenly said coldly.

"I really didn't expect it, there's another one who can fight quite well, but unfortunately you're about to be ruined."

Following this, a guy with a carton of milk in his mouth parted the crowd and walked over.

"Hello Brother Niu!"

"Hello Brother Niu!"

.....

Seeing this guy appear, everyone respectfully began to salute while a white glow began to emerge from this guy's hands.

"True qi exuding", this guy was at least a Ming Jin expert.

Seeing this scene, Ye Lu then quickly smiled and got up and walked towards him, then said with a smile.

"Brother Niu, right, nice to meet you!"

This guy certainly did not put Ye Luo in his eyes, he reached out and slapped his palm towards Ye Luo's chest, however, Ye Luo's hand was obviously faster, he had already reached out and held Brother Niu's hand in a flying manner, as if two people were shaking hands in a friendly manner.

The moment he was gripped by Ye Lu's hand, Brother Niu felt some kind of breath flying into his body, and then he couldn't move his body, not even his mouth.

This caused him to be greatly appalled.

"What kind of cultivation level does this this person have?"

He silently chattered in his heart.

Ye Lu, on the other hand, patted his shoulder and said with a smile.

"I know Brother Niu has actually always been a generous and heroic person, and he is most uncomfortable with these dog-fighting guys, right?"

As he spoke, Ye Lu released the aura that bound the meridians and nerves in his mouth, restoring his ability to speak, and then looked at him with a smile.

Brother Niu understood that he had met a terrifying expert today, and if he didn't cope well, life or death would be at the tip of his tongue.

He hurriedly smiled and said.

"Yeah, I'm just here to fight and clean up these buggers."

After saying that, he kicked a foot at the cigarette man and said.

“And get the hell out of here, shame on you.”

The cigarette man was a bit confused but resourceful, and he immediately shouted to the people around him.

“Let’s go, it’s never too late for a gentleman to take revenge, you guys wait for me.”

After saying that, he led his men and ran away as fast as he could.

The remaining Brother Niu did not dare to run either, so he had to look at Ye Lu somewhat carefully, waiting to see how Ye Lu would end it.

Ye Luo smiled and said.

“Thank you Brother Niu for helping us out, this is a blessing in the snow, I will definitely pay a visit to building 23 of the ‘Long Xiang District’ some day and buy you a drink.”

Hearing that Ye Luo had reported his house building number, Brother Niu immediately had a shiver in his heart as he looked at Ye Luo and said with a smile.

“Okay, okay, it’s just a matter of raising your hand, then I won’t disturb your elegance, I’ll leave first.”

After saying that this guy ran away in a cloud of smoke.

At this time, Jin Kun suddenly walked up to Ye Lu’s side and came up to his ear and whispered.

“You are the ‘Blood Shadow’.”

After completing his underground boxing contract, Jin Kun did not work as a boxer again, but he would occasionally go to see underground boxers’ matches, and of course, he had heard about the legend of ‘Blood Shadow’, and he calculated that the day ‘Blood Shadow’ won a crazy 20 consecutive victories was the day he almost died.

In response, Ye Lu did not admit or deny it, but only smiled lightly.

Mu Zi Ze had already dragged the gang leader he had hired to a distant place to discuss the matter.

When he saw Ye Lu return, Nie Yibiao looked at Ye Lu curiously and asked.

“What? Ye Luo you know this Brother Niu?”

Ye Luo smiled and said.

“Yeah, we’re lucky that we just happened to meet someone we know, otherwise we’d be in trouble, but luckily, it’s okay now, let’s all continue.”

Seeing that things were settled like that, a woman said with some disappointment.

“That’s the end of it, I’m still waiting for the ‘Stocking Masked Man’ to come out and save the day?”

Hearing her say “Stocking Masked Man”, the other women immediately discussed it with glowing eyes.

“I have to go to the top of Purple Mountain in a couple of days so I can see him up close, you don’t know, I adore him, he’s so mysterious, isn’t he?”

“Yeah, I already call him the Three Amigos in my mind along with ‘Spider-Man’ and ‘Batman’.”

“But I feel like it would be even more classic if he had girl’s panties over his head, just like the girl in the comics with the panties over her head, ‘College Green’, how cool is that.”

.....

Listening to their discussion, it suddenly occurred to Ye Lu that what would happen if he told them that he was the “Stocking Masked Man”?

However, he felt that even if he told them, they would not necessarily believe him.

At this moment, in one of the loose seats of the hotel, Gao Bing, the young man who had tried to save Shen Luoyan on the train, was frowning at the box where Ye Lu and the others were.

“This kid really is a bit tough to deal with! Even Brother Niu couldn’t scare them away.”

In fact, just now, these people were all arranged by Gao Bing in order to shoo Ye Lu away, as he always felt that Ye Lu would spoil his good deeds.

And at this time, Mu Zi Ze also came back after the talk.

“That Mu Zi Ze, the ‘hero saving the beauty’ bridge just now was directed, right?”

A girl looked at Mu Zi Ze and asked.

Mu Zize immediately became embarrassed, and he said with a sarcastic smile.

“Shame, shame

The woman then said solemnly.

“Don’t be ashamed, if you really want to pick us up, I’ll give you a chance, help us find someone who can catch ghosts, and we’ll give a chance to pick us up.”

Hearing the girl say “someone who can catch ghosts”, Ye Lu froze and then looked at her and said.

“Is something wrong? I actually know something about catching ghosts.”

As a result, this girl and the others, including Shen Luoyan, all looked at Ye Lu with some curiosity, and the girl who had just spoken said.

“Really? That’s great, our dorm room is haunted these two days, can you help?”

Hearing that there was a haunting, Nie Yibiao and the others’ interest was also aroused, and they all asked about it.

As a result, from the mouths of a few girls, Ye Lu probably understood the basic situation. According to what they said, what appeared was a female ghost with long hair and white clothes, and after that female ghost appeared, they were unable to move or speak.

“Hold out your hand.”

Hearing them finish, Ye Luo then said to the girl.

The girl quickly extended her hand.

Ye Luo took her pulse and began to check it out, and sure enough, there was ghost Qi in her body.

“Are there any other symptoms apart from not being able to move?”

Ye Luo asked as he probed.

As a result, the girl’s face turned red, she lowered her head and said in a very small voice.

“I will have spring dreams, and I will feel very tired the next day.”

Ye Lu turned his head to look at several other girls, several girls also nodded with red faces.

Chapter 200

Ye Lu then scouted each of them one by one, then nodded and said.

“I probably understand, is there any way for me to blend into your dormitory, I will help you get rid of it tonight, even if I can’t, I can still make it stop coming to bother you.”

However, Ye Luo still had some puzzlement in his heart at this moment, because he found that the four people belonging to Shen Luoyan’s dormitory all showed signs of poisoning, that is to say, someone had put some kind of toxin on them, this toxin gave him some familiar feeling, however, he could be sure that he really had not seen it before.

However, what puzzled him was that there were only three people infected with the ghostly Qi, and one was fine.

Hearing Ye Luo’s words, Shen Luyan looked at Ye Luo carefully, then said.

“Maybe there is a way, you have such good skin, make up as a woman and then get a suitable set of clothes that can cover your figure, you shouldn’t be discovered if you muddle in.”

Once they heard that they had to disguise themselves as women to muddle their way into the nursing department dormitory, which was full of beautiful women, Nie Yibiao and the rest of them were not calm.

“Shit! Ye Lu, how come you’ve caught all the good things.”

“Yes, is there any justice left?”

Hearing Nie Yibiao and Mu Zi Ze’s complaints, Shen Luyan looked at the two of them and said with a smile.

“Oh, you two don’t need to complain, you two will be kicked out as perverts even if you put on makeup, and you might even be ordered to drop out of school.”

The two guys thought about it and then sighed helplessly.

“Well, the meal is almost done, then let’s split up.”

Shen Luyan said as she stood up, and everyone nodded.

And at this moment, Lin Qing was wandering around the courtyard of one of the Lin family’s mansions, followed by a woman who quietly came out from inside.

“Qingzi, what are you going to do with such a strong magic weapon, don’t make any trouble, you hear?”

She said as she took another glance inside the mansion and said.

“The old master still needs a little time for his retreat, hurry up and send it back when you’re done with it, remember never to be careless, there are ‘evil spirits’ in here, it could be bad if it gets out of hand.”

Speaking here, she once again glanced at Lin Qing and said.

“What kind of person are you dealing with this time, you’re actually using even something like this.”

Lin Qing then said with some impatience.

“My business, don’t bother you.”

After saying that, he flew away with something shaped like a pagoda.

Looking at Lin Qing’s distant back, the woman could only sigh helplessly.

At this moment, Ye Lu was applying make-up at his imperial make-up artist, he found that although this make-up artist was a bit more expensive, the make-up technique was really not a cover, from the eyebrows, nose, lips, chin everywhere, and then the body parts, especially the pair of fake breasts, which actually felt the same as the real thing.

“This is the highest grade material, as long as you don’t open the clothes and look at it, it’s the same from the appearance to the feel.”

Seeing Ye Lu’s surprise, that make-up artist said with a smile.

“You should just have to mix it in, then I won’t hide you underneath, it’s quite troublesome to handle, here’s the tape, you stick it to the back as I said.”

Hearing what to stick to the back, Ye Lu was petrified at that moment, he froze there with the tape in his hand.

That make-up artist saw Ye Lu’s look then smiled and said.

“Hey, if you don’t have to take off your clothes in front of everyone, then forget it, you don’t have to wear less clothes in summer anyway, you just don’t wear help, the top is definitely fine.”

She said then knocked on the fake breast above Ye Lu.

Ye Lu thought, “Don’t make it so complicated, anyway, when the time comes, I’ll just stay honestly in bed and wait for the ghost to show up.”

So, Ye Lu decisively returned the tape to the make-up artist.

After that, the make-up artist made another exaggerated line for Ye Lu to put on, just like a costume.

“Only clothes like this can cover your too big figure, when the time comes, just say you’re performing in some event or something, you’ll just play it on the fly anyway.”

Ye Lu nodded, she felt that she shouldn’t have any problem entering the girls’ dormitory with her current look, as for the place to live was Gushiki’s bed, since Gushiki rented a big house outside in order to store those antiques and stuff, and lived outside secretly most of the time.

Of course, this was definitely not in line with the rules, but as long as no one reported it and the department didn’t come to check on it, everyone just turned a blind eye to it.

Soon, Ye Lu left that beauty salon.

Everyone was very satisfied with Ye Lu’s new look, and one girl even went to Ye Lu’s chest and scratched it on purpose.

“It really feels all the same to the touch hey!”

She said with some amazement.

Soon, everyone arrived at the dormitory, and sure enough, the hostess didn’t suspect anything at all after seeing Ye Luo, she just smiled and said.

“This costume is really beautiful, and your daughter looks handsome too!”

Ye Lu and her laughed, and then walked into the girls’ dormitory with everyone else. The girls were washing up and playing at this time, so there were white thighs and bobbing balls everywhere, which was quite primitive without having to turn on the “primitive mode”.

So Ye Lu decided to go back and sit down in the dormitory where Shen Lu Yan and the girls were.

Anyway, Shen Luoyan and the girls knew what was going on and wouldn’t do anything too weird, but with the sudden arrival of a new person in the dormitory, some of the other dormitory members became curious.

From time to time, people came to visit, and it was then that Ye Luo realized that in the girls’ dormitory it turned out that everyone was quite spontaneous, many of them were running around in three points, and there were actually bare shoulders.

“Hehehe! It’s convenient for you, the pervert.”

One of the sisters in the dormitory looked at Ye Lu and said with a smile.

He looked at Gushiki’s bed. The layout of the girls’ side was the same as the boys’ dormitory, with a computer desk underneath and a small bed about one meter wide above.

The lights were soon out, and Ye Lu took off his outside costume and wore a pair of underwear to get under the covers.

According to everyone, ghosts should appear suddenly around twelve o'clock, when the Yin energy is at its heaviest.

In fact, people have an innate fear of ghosts, so after the lights went out, everyone couldn't sleep at all, especially the closer it got to twelve o'clock, the more scared they became, and there was no way out, so everyone began to discuss it in whispers.

At this time, the hostess aunt suddenly knocked on the door and said.

"Don't make any noise, someone will come to check the dormitory later, and if they find out, you will be in trouble."

Hearing the aunt's words, everyone shut up.

Ye Lu was a little worried, he didn't know if this bed check was a school-wide one, if it was, he didn't know if he would be punished by the school for staying out tonight.

The school was sometimes very perverted, and it was said that when they were in a bad mood they would put this in their files.

"Such bad luck!"

Ye Lu muttered helplessly in his heart.

At this time, someone suddenly opened the door quietly and then darted to the bed, undressing while climbing onto the bed.

"Holy f*ck!"

Ye Lu was also scared enough by this scene, and he hurriedly tried his best to hide sideways into the mosquito net, as it must be Gushiki who had returned.

Everyone was just about to warn Gushiki when they heard someone outside say.

"It seems that someone just ran into this dormitory, it can't be that they just came back from outside."

As he said that, the sound of the door opening rang out.

Seeing this scene, Gu Shiqi flew to speed up and took off her skirt in three quick strokes before getting under the covers.

The bed was only one metre wide in total, so where could Ye Lu hide?

He noticed after he got under the covers that he had taken a look at how there was a person inside, but, fortunately, judging from the touch on his chest, it was a girl.

"Shen Luoyan and the gang, is this a favor to me in advance? Didn't inform me either, if I had known I wouldn't have come back."

Gu Shiqi thought that everyone knew that they were going to check their bedrooms, so they got help in advance to impersonate themselves, her heart inexplicably got a little touched, feeling that these nursing department people were much better than her previous roommates.

“Thank you!”

Gu Shiqi said in a very small voice, exhaling like an orchid next to Ye Lu’s ear.

Ye Lu was completely confused, he didn’t understand what was going on here, why was he thanking himself, but there wasn’t much time for him to think, as the dorm checkers had already entered the room.

Gushiki quickly rolled over so that her face was facing outwards, while Ye Lu cooperated by tucking her head under the covers and then hugging Gushiki from behind, her whole body pressed against her back so that the space could be compressed as small as possible without anyone noticing that there were two people here.

If the school found out that a boy was secretly staying in the girls’ dormitory, Gushiki and Ye Lu would have to be expelled.

However, following that, Ye Lu regretted that he should have listened to the make-up artist, because he shamelessly reacted after his hand reaching forward touched down on Gushiki’s two rounded hemispheres and the beans on them.
