

Super Student 341

Chapter 341

Originally, Ye Lu thought that this was just a simple mission, to mingle and go to Miaojiang by the way, because this mission was not even rejected by a “no-star demon” like him, however, what he did not expect was that after arriving, he found that there were actually four-star, five-star demons and even “six-star demons” among those who came.

Although the star rating of a demon is related to points and does not fully represent its strength, there is no doubt that demons with a high star rating are stronger overall.

“This employer looks quite impressive.”

Seeing that there were actually dozens of people at the gathering place, Ye Lu also felt a bit emotional, however, he was also a bit puzzled, the journey from the capital to the “Miaojiang” was quite far, why didn’t they just take a plane, it was much faster, making such a bird convoy, the original journey of a few hours must have become a few days.

When the people saw that Ye Lu was actually a “starless demon”, they were all a bit disdainful. Of course, when they saw that Ye Lu also had a “big” beauty with him who was more than 1.9 meters tall, they were even more upset.

“How can you go on a mission and bring a woman with you?”

Someone looked at Ye Lu and frowned, while more men looked at “Big Wind” with an expression of amazement and salivation, while women looked at “Big Wind’s” breasts and waist with an expression of envy and jealousy.

Ye Luo knew there would be such a reaction, but she would definitely get mad if he kept “Big Wind” in the bracelet, so he had to let “Big Wind” follow him.

When he heard this person ask, Ye Lu said indifferently.

“Sh*t! It’s none of your business, the employer didn’t even say anything, right?”

At this time, the person in charge of the employer’s arrangement suddenly came over and looked at Ye Lu and said.

“Mr. Yiye Zhiqiu, I’m sorry, in principle, you can’t bring your family members, except of course, if it can be proven that this family member is helpful to the mission and also has a clean identity, however, we won’t pay extra.”

His meaning was clear enough, as long as you don’t bring a burden still trouble to come over, they are welcome, of course, will not only be counted as a help nature.

After that, he took Ye Lu and “Big Wind” to the side to check them out.

The person in charge certainly couldn’t detect her strength, but this also surprised him, as he couldn’t detect the other party, which meant that the other party was even higher than himself, which made him very satisfied.

So, without any surprise, “Big Wind” joined the group.

“That big woman is so beautiful and special, I’ll definitely find a chance to f*ck her.”

Some of the demons looked at Gale and muttered in a low voice.

“Hey, I’m thinking the same thing as you, that ‘starless demon’ shouldn’t be able to protect her anyway.”

Ye Luo was now simulating the cultivation level of the “Pulse Raising Realm”, so these people didn’t take Ye Luo seriously, and these people were all demons from the “Underworld”, so they were not good, so these goods would probably do what they said.

However, one of the men looked at Ye Lu and muttered thoughtfully.

“Why do I feel like he looks familiar? Where have I seen him before?”

Hearing this guy’s words, Ye Luo hurriedly turned his head and led “Big Wind” to a corner. He had previously used the image of “Mr. Luo” to pick out all the martial arts schools in the “North and South Martial Arts”, and now he was still a bit worried that he might be discovered even though he had changed his clothes and hairstyle.

Thus, after a while, the “employer” finally appeared.

What surprised Ye Lu was that the person who came was actually a beautiful woman, and what surprised him even more was that this beautiful woman had a very high level of cultivation, already at the “Patriarch” level.

Of course, cultivation and combat power were not exactly the same, but combat power was related to martial skills, divine abilities and many other things.

“Alright, this is the Third Miss of the ‘Divine Farming Valley’, Miss Jiang Yan, who is also the person we are escorting this time, I hope the journey will be a smooth one.”

The Miss Jiang Yan had an arrogant look on her face as she glanced at “Big Wind”, then frowned and got into the car without saying anything.

Jiang Yan’s car was a luxury saloon worth tens of millions of dollars, not to mention that the width of the body was four meters, tall and luxurious, and covered with “weapon patterns”, apparently even a bomb could not break it.

Ye Lu, “Big Wind” and two others sat in an off-road vehicle, and seeing that nothing was going on, Ye Lu began to plant in the “One Leaf Bodhi”.

What was amazing to Ye Lu was that in the pendant “One Leaf Bodhi”, Ye Lu could actually create a spirit body exactly like himself, and this spirit body could plant things on the “one mu spiritual field” just like a farmer.

At this moment, Ye Luo was planting all the seeds Lin Ruyue had brought with her. Among them was the “Passion Fruit”, which was the “Heavenly Vine’s” favourite food, but it was not the most helpful for its growth.

The “Heavenly Vine” has a unique advantage in defence, as it has a strong cushioning effect and the ability to recover itself, even if it is cut, it can still recover after a while.

In addition, this thing can be extended to a distance of tens of meters, so it is a flexible long-range attack weapon when you can’t use a “flying sword” or something like that.

However, soon Ye Lu understood why this woman from the “Shen Nong Valley” had hired so many bodyguards and was going back to the “Miaojiang” in a caravan, because she was going to tour the mountains and have some fun in the middle of the journey.

On the way, she would basically go to see any big attractions she saw.

So by the end of the night, we had only travelled a few hundred kilometres.

“Let’s camp here tonight, there are prepared tents in the car.”

In the evening, the group stopped at a small lake with a very beautiful view. Since the “new moon” had just passed, it was not possible to enjoy the moon, but the stars in the sky were really beautiful.

However, there was no other way but to follow the master’s arrangement.

“Sister Wind, let’s go, let’s go and see the stars too.”

Of course, Ye Lu didn’t just go out to see the stars, he had brought the “Ghost Bats” with him, he was going to make some “Yin Yuan Dan” for the “Ghost Bats”, so that these “Ghost Bats” could quickly improve some more, otherwise this large group of demonic beasts would not be able to catch up with Ye Lu’s improvement speed.

When he saw Ye Lu take the beautiful “Big Wind” into the woods, three guys suddenly smiled slyly and followed him from afar.

With Ye Lu’s current aura cultivation level, he had of course already noticed the actions of these guys.

“Sister Wind, you can take care of those guys, I need to refine some pills.”

“Big Wind” was bored, so she smiled and said.

“Sure, can you get them killed?”

Ye Lu shook his head and said.

“It’s best not to make it too bloody, here’s an elixir to stop the bleeding and heal the wounds, if you get hurt use this, remember to tell them not to talk too much.”

After knowing that the “Third Miss” was from the “Divine Farmers’ Valley”, Ye Lu changed his plan, he was going to wait until his destination and steal something good from the “Divine Farmers’ Valley”.

The story of “Shennong tasting a hundred herbs” was something Ye Lu had heard of, and since there was such a good thing as the “Nine Leaves Blood Lotus” in the Shennong Valley, there must be other good things too.

When the three guys who were following him saw that “Big Wind” had actually separated from Ye Luo, they were a bit surprised, but given that Ye Luo was too weak, they didn’t care, and the three of them went directly in the direction of “Big Wind”.

However, just as they were leaving the group, some black-clad figures appeared from not far away.

They were all dressed in the clothes of the Miao frontier, but their faces were painted with rather odd patterns, which looked a bit shocking to the eyes.

Chapter 342

“The evil cultivators in Miaojiang are divided into two categories, one is the local cultivators, that is, the cultivators originally born in Miaojiang, who mainly practice compulsion, witchcraft and ghosts, and the other is the foreign “evil cultivators”, which are a bit more mixed, from the big and evil groups from other places, who fled here for some reason, to the cultivators’ groups established by some terrible inheritors who took advantage of Miaojiang.

The people with the pattern on their faces this time were from a very famous school of Miaojiang called “Dark Wizards”, also commonly known as “Black Wizards”, whose “Black Witchcraft” was of the same origin as Miaojiang’s “Compulsion”, so it was just as bizarre and cruel.

“Let’s begin!”

The Black Sorcerer at the head of the group looked at the camp and said indifferently.

Hearing his words, the people around him began to move. “Rustle, rustle, rustle”, a subtle sound soon rang out from all around, and countless weirdly shaped insects appeared on the ground and came towards the camp of the “Divine Farmers’ Valley” like a flood of water.

In the woods not far from the camp, the three demons had stopped Gale.

“Beauty, why are you wandering here alone, where is your master?”

“Why don’t you play with us, you’re so big, even the three of us together can’t do any harm.”

“That’s right, don’t worry, we’ll be very careful.”

.....

When he heard the three guys’ words, “Big Wind” said with a smile.

“Oh, I’m not worried about myself, I’m worried that I’ll play you three badly.”

The taller of the three said with a smile after hearing “Big Wind’s” words.

“Don’t worry, I’m a strong finisher, I have good stamina and I can play for a long time, I won’t break.”

Hearing him out, “Big Wind” said with a smile.

“Are you sure?”

The tall man patted his chest and said.

“Sure, feel free to play with it, if it breaks I’m not a man.”

As a result, “Big Wind” smiled and said.

“It doesn’t really matter if you’re a man or not, as long as there are ten of them.”

After saying that, she opened her mouth and bit the guy in one bite, then “click!” and then, “Crunch!” “Cack!” And then he ate it up.

“Holy sh*t!”

“Holy sh*t!”

The other two guys were so scared that they immediately went numb and clawed, and they turned to run.

Only to see a svelte moustached guy blocking their way.

“Hey! Sister Wind, didn’t I say not to make it so bloody.”

Ye Lu sighed as he looked at the “Big Wind” that was eating all the people and looking at him. To be honest, if he hadn’t seen the “Big Wind” eating people, he would have almost forgotten that the “Big Wind” was one of the six man-eating demonic beasts shot by Hou Yi.

When he saw Ye Luo appear, one of the two men immediately reacted, and he quickly drew his sword and rushed towards Ye Luo, looking like he wanted to take Ye Luo as a hostage.

However, unfortunately, what was waiting for him was a casual punch from Ye Luo.

“Boom!”

The bastard was then directly spat out blood and sent flying.

“Self-destructive, sister Feng, eat this too.”

Ye Luo said indifferently.

“Okay!”

“Big Wind” spat out his words, opened his mouth and caught the corpse, then “Cackle!” “Cackle!” and chewed it up.

The only one left “flopped!” With a sound, he fell to his knees and kowtowed like garlic, saying as he kowtowed to Ye Lu.

“Great warrior, big brother, big master, you’re so good at fighting! You just spare me, I won’t dare to do it again.”

Ye Luo looked at him and smiled and said.

“I never said I would kill you, but you’d better control your desires and keep your mouth shut, so go away.”

Then, Ye Luo looked at “Big Wind”, a man-eating demonic beast, and shook his head.

“It’s not good for a beautiful woman to eat people without spitting out their bones.”

“Big Wind” said without thinking.

“I was originally a man-eating demon, and you don’t refine things for me to eat, so I can only solve the problem of feeding myself, if you can help me refine pills, I can stop eating people.”

Ye Lu nodded and said.

“Alright, let’s talk about this matter later, for now there’s trouble on that side, hurry up and change back to your prototype, put on your clothes and let’s go over there.”

“Ye Luo had to get the Nine Leaves Blood Lotus, so he couldn’t let this escort mission go wrong.

“The two of them walked to the edge of the woods, and the guy who had just escaped was standing there looking at the direction of the camp.

At this moment, the camp was already surrounded by all kinds of poisonous insects.

However, in the middle of the bugs, the people in the camp had formed a circle there with some kind of powder, and the people were holding all kinds of weapons and looking at the bugs with a tense look on their faces.

At the same time, a large group of men and women with flowery patterns on their faces and wearing clothes from the Miaojiang area walked towards the swarm of insects, and wherever they went, the insects tumbled to the sides like a tidal wave.

“Third Miss, come with us, we won’t kill you.”

The guy at the head of the group said in a hoarse voice.

“The leader looked calm as he looked at the six-star demon and asked.

“What’s the level of the other side, can you handle it?”

The strongest “six-star demon” shook his head, but then he saw the computer Ye Lu and “Big Wind” watching from the edge of the woods.

He quickly took out his mobile phone and dialed Ye Lu’s number.

“That’s right, Yilu Zhiqiu, can you do me a favour and bluff a bit in the woods, then we’ll rush out with our men.”

What he didn’t expect was for Ye Lu to say.

“What a bluff, ask these guys where they came from and then transfer all your ‘Darkness Points’ to my name and I can save your lives.”

However, this guy obviously did not believe Ye Luo’s words much, he looked at Ye Luo for a long time without speaking.

Ye Luo then said indifferently.

“Looks like you guys won’t believe me without showing your hands, well, then you guys watch.”

With those words, Ye Lu hung up the phone and then led “Big Wind” towards the middle of the poisonous insects.

Wherever Ye Luo went, the vermin scurried in panic, as if Ye Luo was their natural enemy or nemesis.

Of course, this was not the effect of Ye Luo, it was because of “Big Wind”. “Big Wind” was a “fourth-ranked second-ranked” great demon with ancient demon beast blood, comparable to a human “third-ranked saint”, this was not a joke.

Although she had collected her demon aura, humans could not feel it, but the demon beasts could feel the dangerous aura of “Big Wind”.

Seeing this scene, the six-star demon was also taken aback, but he knew very well that he could not do this himself.

However, he didn’t give Ye Luo the points right away, after all, he had worked hard through many dangerous missions to get them.

After seeing Ye Luo appear, those guys with flower patterns on their faces turned their heads to look at Ye Luo and “Big Wind”.

Of course, we also saw the “Starless Demon” symbol on Ye Lu’s chest.

“A demon without a star, a first time mission master?”

Even “9-star demons” accumulate their points little by little, so these guys didn’t completely despise Ye Lu.

“Friend, how about giving up this mission, we can give you double the ‘Darkness Points’.”

These “black wizards” were experts at playing with bugs, and seeing their own bugs scared like this, they certainly understood that the other party was afraid that they were an expert.

At this time, that “Third Miss” was the first one to look at Ye Lu, she had not even looked at Ye Lu since the beginning of the mission, because in her opinion, these scum were not worth her attention at all.

It was only then that she realised that this One Leaf knew that he seemed to have the aura of a mountain that was unperturbed by chaos.

So, she quickly shouted in a high voice.

“That who, just help me and I can double the reward, no I’ll give you three times the reward.”

Hearing her finish, Ye Luo then turned his head to look at the patterned people and said with a smile.

“Looks like I have no reason to give up on this mission yet.”

Seeing how uncaring Ye Luo was, those “black wizards” with flower patterns on their faces were also angry, and the guy at the head looked at Ye Luo and said coldly.

“If you don’t go to heaven, you will come to hell without a door.”

In his opinion, Ye Lu might be a bit difficult to deal with, but in any case, Ye Lu was only one person, and there were not only many of them, but also so many bugs, he felt that maybe he could not kill them, but it should not be difficult to retreat.

Then, all the “black wizards” started to mobilise the worms.

However, immediately afterwards, they found that although the insects were rushing towards Ye Lu, they stopped when they were still a few metres away from Ye Lu, as if there was some invisible barrier blocking their way and they couldn’t advance any further.

Of course, this was not Ye Lu’s ability, this was the “Great Wind” bloodline divine ability.

Seeing this scene, the crowd was finally horrified, because this amazing thing was beyond their comprehension.

Even a large group of worms of the clan level, as long as they were not of high level, were nothing more than floating clouds in front of her.

Amidst the crowd’s surprise, Ye Lu had already struck.

“Before the Black Wizards knew what was going on, Ye Luo had already reached the leader of the Black Wizards, and with a single finger of her “Candle Dragon Finger”, she had stabbed him to death on the spot.

“Brush!”

The insects that the “Black Sorcerer” had urged to retreat were like a tidal wave, and the whole scene was silent, as everyone was shocked by this blow.

That “Six Star Demon” had just heard Ye Lu say that he was going to show his hand, but he never thought that he was going to show such a hand.

“This is too strong!”

Everyone in the audience revealed a look of shock and amazement.

Many of them thought of how indifferent and contemptuous they had been towards Ye Lu, and there were even people who had laughed at Ye Lu, and there were people who wanted to covet the “Big Wind” girl as much as those three guys before them.

“I ask, you answer, if the answer is good, I will let him go.”

After stabbing the leader to death, Ye Lu said slowly as he moved his wrist.

All the “black wizards” in the room looked at Ye Lu like they were in silence.

Ye Luo began to ask.

“What is the purpose of your visit?”

As a result, several of them hesitated, but Ye Lu did not hesitate to strike again, and with another blow, one of the “black wizards” fell to the ground.

Ye Lu had just briefly looked through the information of these guys, and basically, every one of them was full of sins, and some of them had even killed their own relatives in order to practice “black witchcraft”.

Therefore, killing each and every one of them would not be an injustice.

“You are too slow to answer, I won’t repeat it twice, say.”

Ye Lu said while extending a finger.

“I said, the purpose of our coming is to bring the ‘Third Miss’ back to the ‘Divine Farm Valley’.”

A man hurriedly and quickly said.

Ye Luo nodded, this was similar to his judgement, just now these guys did not strike first, their aim was obviously not to kill.

Following that, he then continued to ask.

“Question two, what exactly happened on that side of the ‘Divine Farming Valley’?”

Hearing Ye Luo’s question, “Third Miss” also looked at Ye Luo’s place with wide eyes, because she also wanted to know what had happened at home.

However, what followed was silence.

“Boom!”

In the silence, Ye Lu struck again, and another “Black Wizard” died on the spot, while Ye Lu looked at the crowd coldly and said.

“I’m waiting for your answers.”

One of the Black Wizards said immediately.

“We really don’t know, because we didn’t come from the ‘Pill God Valley’ side, we were temporarily deployed to snipe you, because the ‘Divine Farm Valley’ is too far away from here.”

Hearing him finish, Ye Lu nodded then continued to ask.

“Third question, who gave you guys the order and how are you going to reply to him.”

This time they answered very quickly, and one of the “black wizards” said quickly.

“The order was given to our captain, but the captain is dead, so we don’t know how to contact him or how to reply.”

After listening to him, Ye Lu looked at the corpses on the ground with some depression, it seemed that he had used this disincentive a little too quickly.

Following that, he then looked at the crowd and said.

“Alright, I’m done with my questions.”

Hearing these words from Ye Luo, these people then let out a long sigh of relief.

However, immediately after that, Ye Luo waved his hand and said.

“You can all go and die.”

As he waved his hand, dense “evil ghosts” appeared. Seeing so many ghosts appearing, and each one carrying the aura of a “master class”, everyone was horrified.

“Who the hell is this ‘One Leaf Knowing Autumn’?”

“He’s too strong too!”

“I’m glad I didn’t mess with him.”

.....

After these ghosts appeared, Ye Lu said indifferently.

“These people, leave no one behind, kill them all.”

In front of the powerful ghosts, these “black wizards” were not worth mentioning, and the battle was over in less than a minute.

Seeing Ye Luo’s thunderous tactics, all the “demons” participating in the mission were shocked.

Ye Luo turned his head to look at the six-star demon at the head and said.

“How did I do? Was it enough to make you transfer all the points you have to me?”

The six-star demon said quickly.

“Enough, enough, our lives are all given by you, it’s a good deal to give all the points to you.”

After saying that, he looked at the others and said loudly.

“Just now I made a deal with this ‘One Leaf Knowing Autumn’ gentleman for him to step in and save all of our lives, and the price was all of our ‘Darkness Points’, now that Mr. Ye has fulfilled his promise, everyone transfer the points to Mr. Ye’s account.”

Hearing his words everyone was stunned, but after a moment they all nodded and started to do so.

That “Six Star Demon” was right, if Ye Lu didn’t do anything, then everyone here, except for “Third Miss”, would die here.

They could earn points again if they lost them, but they would have nothing if they lost their lives.

At this time, the “Third Miss” walked up to Ye Lu and looked at him.

“Yiye Zhiqiu, I’ll pay you more, so you can protect me and go home.”

Ye Luo looked at this “Third Miss” and smiled and said.

“Third Miss, you are too naive, I am afraid I have to let you down, I feel that you should not be able to pay the extra payment, if the ‘Underworld’ had not already received your previous payment, we would have broken up long ago.”

Looking at this “Third Miss” with a stunned expression on her face, the man in charge who had been next to her before came over and looked at her and said.

“Third Miss, he should be right, something has happened in the valley, no one can be contacted, I am afraid you and we are the only ones who have escaped from the ‘divine farming valley’.”

Hearing this man’s words, this “Third Miss”, who was used to being pampered and high-minded, had her face changed. Her face changed.

I guess she had never thought that she would be alone one day.

She was at a loss for words.

Seeing this scene, Ye Luo then looked her in the eyes and said.

“Answer me one question and I might consider helping you to save your loved ones, including taking back all of your ‘Pill God Valley’.”

When they heard Ye Lu say that he was prepared to take back the Pill God Valley, everyone showed their surprise and disbelief, because although the Shennong Valley was a secluded family, many cultivators knew about it, because the Shennong Valley was inherited from the bloodline of the ancient great “Shennong Clan”, and had its own very unique skills in pill making.

Even the Shennong Valley had fallen, and Ye Lu actually said that he would take it back by himself, which sounded a bit exaggerated.

So, before the “Third Miss” could answer, the person in charge beside her looked at Ye Lu and asked.

“Mr. Yiye Zhiqiu, I take the liberty to ask you, do you have any more powerful means?”

Ye Luo then smiled and said.

“Of course there are more powerful ones.”

Chapter 344

When they heard Ye Luo say that there was something more powerful, they all looked at Ye Luo.

Ye Lu didn’t do anything, but gestured for “Big Wind” to come over and give a demonstration.

“Big Wind” looked at a big tree in the camp, and then she casually waved her arm at the tree, and a huge “wind blade” flew towards the tree.

“Brush!”

“The wind blade was so sharp that it cut the tree off with a single blow. The tree collapsed with a loud bang and the scene was silent.

It was such a big “wind blade” and there were no gloves or anything like that in Gale’s hand, which meant she had delivered that terrifying blow with her bare hands.

To deliver such a terrifying blow with her bare hands meant that this tall woman was a real “Saint” level expert, and a “Saint” was a powerful existence in any part of the world.

“The Third Miss didn’t know whether her family had any Saints or not, or how many Saints there were, but the appearance of the Saints undoubtedly made her understand that Ye Lu wasn’t just joking, he really had the cards.

The demons hired by the Underworld were also shocked by this blow, especially those who had thought of hitting on Gale, and they all felt a chill run down their backs.

It was as easy as stepping on an ant to kill them when they were trying to pick up someone else.

Especially the guy who had just taken action and was finally left, he really felt the power of the “Great Demon” this time.

Ye Lu looked at the “Third Miss” and said.

“Can I ask you this question now?”

Only then did “Third Miss” nod somewhat mechanically, while Ye Lu looked at her and said.

“Come alone with me, it’s better for only the two of us to know what I’m asking this time.”

However, “Third Miss” finally insisted that the middle-aged man who was in charge of organising the operation also come with her, as if she trusted this man a lot.

Only after she had left the crowd did Ye Lu look into the eyes of the “Third Miss” and ask.

“Let me ask you, why did those people have to take you back?”

This was also a question that Ye Lu was very confused about. According to him, “Third Miss” was just a person who seemed to be of no use, so why did they have to bring her back?

Ye Lu felt that there must be some hidden agenda here.

Sure enough, “Third Miss” glanced at the person beside her and saw that person nodding, and only then did “Third Miss” look at Ye Lu and say.

“They want to take me back because I have the key to open the ‘treasure vault’ of the clan’s land, and this should be the only leverage I have now.”

Following that, Third Miss then said with a sigh.

“Now that I think about it, my family should have sensed or had a premonition about this matter for a long time, that’s why they let me come out alone and also made me have to bring the key to the ‘Treasure Vault’ with me.”

Ye Luo nodded, he had felt that there was something going on here before, but he didn’t expect that to be the case.

So, Ye Lu thought for a moment and said.

“Good, I am very satisfied with your answer, this is decided to help you, we will go on our way first in a while, I think they should contact you, when the time comes, help me ask about the specifics of the valley, mainly ask how many experts the other side has in the valley, I will then see how to act.”

Ye Luo had already figured out that since this place still belonged to the northern boundary, the people of the Black Witch Cult should not be able to organize a second attack quickly, and the best way for them to do so was to threaten the Third Miss and make her hand over the key.

“Besides, Third Miss, please give me the key you said, I don’t want to work hard when you have already handed over the key, moreover, you can’t keep the key with your ability.”

Although Ye Luo’s words made “Third Miss” feel very humiliated, however, she also understood that what Ye Luo said was also the truth, and now Ye Luo was the only straw that saved her life.

Of course, even if she didn’t give it, the woman beside Ye Lu could easily kill all of them.

After getting the key, Ye Luo looked at the depressed “Third Miss” and said with a smile.

“Don’t be upset, it’s for your own good, think about it, once the key is in the other party’s hands, you’ll have no more value, and you’ll be dead and buried, probably including your family.”

Only then did the “third lady’s” face lighten up a little.

And so, once again, everyone was on the move, heading for the “Shen Nong Valley” in Miaojiang, of course.

As expected, half an hour later, someone from the Black Witch Cult called Jiang Yan, the Third Miss, threatening her to hand over the key to the Treasure Vault or else they would kill her relatives, one by one, to show her.

Under Ye Lu’s direction, Jiang Yan asked to speak to her father.

She then took the opportunity to ask about the situation in the valley, after which Jiang Yan agreed to give them the key, but only in exchange for hostages. She made the condition that she could not take all the treasures, but all her family members must be unharmed, and she would return as quickly as possible to make the exchange.

The other side was, of course, very happy with the result.

After all, Jiang Yan was just a young girl, she didn’t have that many backups, and even if she had a few friends or something, the Black Witch Cult wasn’t afraid.

“Master Yiye Zhiqiu, what’s next?”

After hanging up the phone, Jiang Yan looked at Ye Lu and asked.

Ye Lu smiled and said.

“What else can I do, of course I’ll kill them. I hope your father and grandfather are generous people who know what they’re doing and don’t make me angry.”

After saying that, Ye Luo left the team together with “Big Wind”.

“Windy, did you get a clear picture of the place you just told me about? This time we’ll fly there at full speed, the faster the better, to catch them off guard.”

“Windy smiled and said.

“Don’t worry, hold on tight, don’t fall off, let’s go!”

With these words, “Big Wind” took Ye Lu up into the sky and flew in the direction of Miaojiang, this time “Big Wind” was at full speed, and Ye Lu realized that its speed was even faster than an ordinary plane.

In Ye Lu’s opinion, the other party would not have thought that they would be able to come so quickly.

“The other party has two ‘Saint’ level people here, although they are not high, one ‘First Turn Saint’ and one ‘Second Turn Saint’, but, we There are only two of us, so let’s not do anything brutal, let me go down first and see what happens, see if I can sneak in and take out one of them, you wait for my notice, when you get the chance, strike a thunderous blow and finish them off.”

In the sky above the Divine Farming Valley, Ye Lu looked at the deep valley in the distance and said.

He didn’t dare to let “Big Wind” get too close, after all, this big bird was too eye-catching.

As he got closer, Ye Lu realized that this place looked quite dangerous, and Ye Lu could tell that the real “Shen Nong Valley” was actually a secret realm, and there was a big formation at the entrance of the valley.

At this moment, there were several people guarding the entrance of the valley, and one of them was one of the three “Saints” guarding this place, a “First Turn Saints”, which was Ye Lu’s target this time.

When he arrived near the mouth of the valley, Ye Lu thought about it, then instead of choosing to sneak past or something like that, he strutted towards the mouth of the valley.

Of course, his action was immediately seen by the few people at the entrance of the valley.

“Who is it?”

The “holy man”, of course, had to maintain the demeanour of an expert and sat there like a monk in meditation without doing anything.

Ye Luo looked at him and said with a smile.

“What people, of course they are the ones who came to beat you up, you few come over to receive death!”

When he heard Ye Luo’s words, the man who questioned him laughed instead, he looked at Ye Luo as if he was looking at a bogeyman and said with a laugh.

“Did you just get out of the psychiatric hospital and come here alone to die?”

Ye Luo didn’t care about this, he dashed towards the mountain gate, while shouting.

“I’ll step on you all tonight.”

Seeing Ye Luo’s performance, the guy in charge of the guards skimmed and cursed.

“Stupid fork!”

Following that, he struck out at Ye Luo.

Chapter 345

This “Black Wizard” “Saint” was not strong, probably because in the eyes of the Saint, these “Sovereign” level people were all just floating clouds.

The guy who attacked Ye Lu was a “Level 2 Grandmaster”, so Ye Lu didn’t use any moves, he simply punched the guy and sent him flying, then charged straight towards the entrance of the valley.

Seeing a “Sovereign” level practitioner being beaten to death like this, the guards were finally moved.

However, Ye Luo was happy in his heart because the other side only had one super expert guarding the entrance of the valley, which was too good for Ye Luo.

Just now, he had already informed “Big Wind”, asking her to come over and help him, so that he could get rid of this “Saint” first, since he was only a “First Turn Saint”.

When he saw how fierce Ye Lu was, the “First Turn Saint” also opened his eyes, and Ye Lu found that this guy’s eyes were actually blood-red, which reminded him of those vampires.

Ye Luo had no desire to waste time with these miscellaneous fish, he didn’t dodge, he still charged straight ahead, and only when the two guys rushed close to make their moves did he dart out.

Two flames, one red and one basket, struck these two guys’ chests abruptly respectively, followed by the two men’s chests being pierced through.

“Puff!”

“Puff!”

At the same time as the two corpses fell, Ye Luo once again rushed in a distance of about ten meters, his speed was simply as fast as lightning.

“Grand Master? Or is it a Saint?”

Seeing the flames released by Ye Luo, the crowd was once again surprised.

The fact that he could use flames of different colours meant that the other party should have subdued the “beast fire”, and those who could do so were either heavenly Grand Masters or “Saint-level” super experts.

In short, it seemed that this guy was not a fool, but really had two skills.

Seeing this scene, the “Saint” waved his hand, indicating to the others not to act rashly, and he quickly stood up and looked at Ye Lu and said coldly.

“Young man, how dare you be so arrogant if you know a little bit of fur techniques, I’ll show you the power of the ‘Golden Dan Realm’ tonight.”

Ye Lu then said disdainfully as he charged.

“Mao’s ‘Golden Dan Realm’ is just the ‘False Dan’ realm, think I’m afraid of you!”

According to the description of the cultivators in the glasses, Ye Lu probably understood what the “Foundation Establishment Realm” and “Golden Dan Realm” were all about, and because he understood them, he realized that cultivation was really a journey against the heavens, and it was in line with the saying, “The road is long, I will go up and down to find out.

The so-called “Later Heavenly Realm” and “Innate Heavenly Realm” are in fact unimpressive realms, and generally belong to the category of “Qi Training”, while at the “Foundation Establishment Realm”, the Innate True Qi is condensed into a liquid and gathered in the Dantian.

The next realm is the so-called “Nine Revolutions of the Golden Elixir”, but in reality, the “Nine Revolutions of the Golden Elixir” do not actually result in the formation of a “Golden Elixir” in the dantian, as the Nine Revolutions are a process of forming a “Golden Elixir”.

This process is divided into three stages: the first three revolutions are the “Pseudo-Dan Stage”, the middle three revolutions are the “Void Dan Stage”, and the last three revolutions are the “Solid Dan Stage”.

It is said that no one in the “secular world” has ever been able to form a “golden elixir”, and those who can form a “real elixir” are rare because the “nine revolutions of the golden elixir” are too difficult.

Therefore, this “black sorcerer”’s claim that he was a “Golden Dan Realm” was just bullsh*t.

He waved the black walking stick in his hand towards Ye Luo, and a black smoke like thing rushed towards Ye Luo, and then it turned into nine horrible skeletons that tore at all parts of Ye Luo’s body.

Seeing these nine skeletons, Ye Lu sighed with emotion. The cultivation method of these “black wizards” was indeed very evil, because Ye Lu could see that these nine skeletons were really made from nine human heads, and almost all of them possessed the power of a weak “First Turn Saint”.

“No wonder everyone says that ‘evil cultivators’ are not to be messed with.”

The black-clothed, red-eyed “black sorcerer” in front of him was only a “First Turn Saint”, but he could actually deliver such a terrifying strike, if it was an ordinary “First Turn Saint”, he would really be no match.

However, Ye Lu did not panic, instead he looked at his opponent and smiled, while a purple flame shield appeared in front of Ye Lu.

“The Red Lotus Flame and the Ghostly Flame were both flames from hell, which had a powerful restraining effect on ghosts, so if it was any other attack, Ye Lu would have had a huge headache, but this one didn’t feel any pressure.

As expected, the skeleton emitted a wailing sound as it approached the flames, and the black ghost Qi emitted a “hiss!” just as it touched the purple flames. It was obvious that it was no match for this fused purple flame.

“Huh!”

The “black sorcerer” was also shocked by this scene.

He had been practicing “Black Sorcery” for many years, but he had never seen anything like this before.

However, when he was surprised, “Big Wind” had already quietly made her move.

She was wind-attributed and most adept at sneak attacks, and as the Black Sorcerer was in shock, plus she was already a small realm higher than the Black Sorcerer, the sneak attack was an instant hit.

The terrifying “wind blade” clipped the “black wizard” directly on his neck.

However, to the surprise of both Ye Lu and Gale, the strike failed to cut off the Black Sorcerer’s head, and the Black Sorcerer was sent flying like a wooden stake.

“What’s going on?”

He quickly looked at the wizard’s profile and found out that it was not a “Black Wizard” at all, but a “Blood Puppet”, a unique puppet art of the “Black Witch Clan”, of course, although this “Blood Puppet” could not be killed by slashing, but when it was hurt, its master also had to take some damage, that’s why its master called it back.

“Looks like the information provided by Jiang Yan’s father was wrong!”

Ye Lu muttered darkly, but now that it was already like this, there was only one way to kill them in.

“Da Feng, kill them all and enter the secret realm.”

Once he entered the secret realm, it was an isolated world. As long as there were no backup troops, Ye Lu felt that he and Big Wind should have a chance to take down the other side.

In the secret realm of Shennong Valley, two black-robed “black wizards” were sitting in the “Hall of Shennong” at the centre of the secret realm.

“Could it be that someone from the Beast Alliance has come to intervene in this matter?”

The “Black Sorcerer” at the head of the group, whose face was covered with scars, looked at the entrance to the secret realm and muttered with a frown.

Just now, “Gale” had revealed his original form to launch his attack, because for the “Pseudo-Dan” stage demons, the transformation of form would still have some effect on the attack.

In fact, when they reach the “Ninth Golden Dan” stage, the advantage of demonic beasts over humans becomes smaller.

This is because, after successfully building their foundation, humans can use “magic treasures” and “spells”, while “demonic beasts” have few means of attack and defence other than their “natural skills” and “bloodline aptitude”.

Before the “Ninth Turn of the Golden Elixir”, because it was difficult to release “astral energy”, demon beasts were much more terrifying than humans due to their strong bodies.

The reason why this “black sorcerer” thought that Ye Lu was from the Beast Alliance was because there were too few people from the Beast Alliance who could control the “Saint Level” demons.

“But, fortunately, the other party is only one person.”

With this in mind, he looked up to the other Black Wizard and said.

“An outsider is coming in, gather everyone and prepare to kill.”

At this moment, Ye Lu and “Big Wind” also rushed into the “secret realm”.

Chapter 346

After rushing in, “Gale” killed the guards at the entrance first with a swift move.

After that, Ye Lu summoned the “Wine Swallow Boy” and his new team.

These new “evil ghosts” were all caught by Ye Lu with the help of Lin Sihai in the “Ghost Graveyard”. Because of the presence of the “Wine Swallow Boy”, Ye Lu caught all the ghosts of a very high level, and the entire team was controlled by the “Wine Swallow Boy”.

The other weaker ghosts were put back into the “ghost mound” to be raised by Ye Lu.

To be honest, this “Ghost Mound” secret realm left behind by the ancestors of the Lin family was a very convenient and practical place.

“Wine Swallow Boy, guard the entrance, Da Feng, let’s go in and kill.”

The situation of the whole “Shen Nong Valley” was still a bit unclear, so Ye Lu did not let the “Wine Swallow Boy” participate in the attack, because in case someone escaped, there would be trouble.

However, Ye Lu had just made the arrangements when a large group of people came from the front.

The leader was a black-robed sorcerer with a face full of scars, a man so hideous that even a demonic beast like Gale felt a little uncomfortable.

The Blood Golem, who had just been attacked by Gale, was standing next to the black-robed sorcerer, and beside them was another black-robed sorcerer, who was relatively shorter, holding a necklace made of bones.

At this moment, the black-robed sorcerer’s heart was far more shocked than Ye Lu’s, because the appearance of the “drunken boy” and the ghosts was too unexpected for the two sorcerers.

Although the Black Witch Cult was not a “ghost cultivator”, he knew very well that it was almost impossible to control such ghosts.

“Who the hell are they?”

This “black wizard” found that he could no longer understand Ye Lu.

However, Ye Luo did not want this “black sorcerer” to understand himself, so he smiled at “Big Wind” and said.

“You right, I left, one for each.”

“Big Wind” said with a smile as he flapped his wings.

“Okay!”

Then, it brought up a gust of wind and rushed towards the “black wizard” in the lead.

Ye Luo also rushed towards the other Black Wizard at the same time.

The battle began in an instant.

The “gale” attack was so powerful that the wind blew all the people and things around it out of the way, while the “black sorcerer” was covered in a black aura, obviously using some kind of powerful ghost-related “spell”.

On Ye Luo’s side, he did not use the “Exploding Yuan Dan”, but launched the “Rakshasa Ghost Step”, wanting to see how big the gap between himself and the “Saint” was.

Now that all nine strands of Ye Luo’s spiritual energy had been completed, according to his cultivation realm, he should have reached the peak of the “God Harmony Realm” and was about to break through.

At the same time, Ye Lu also unleashed his “Prajna Mixed Element Vajra Body”.

The “black sorcerer” he was fighting with held the bone string in his hand and recited the words, then Ye Lu heard the bone string in his hand actually emitting the sound of a baby’s wail.

“Name: Hundred Infant Ghost Bones, Grade: Mortal Rank Lower Grade Magical Treasure, Maker: Murong Qing, Description: Made from the living skulls and souls of one hundred newborn babies, because it is made from living bodies, this ‘Magical Treasure’ can still exert most of its power even if it fails to form a ‘Golden Dan’, and is incredibly poisonous”

For a practitioner at the ninth level of the “Golden Elixir”, since he has not yet achieved the “Golden Elixir Path”, he is not yet able to exert the full power of the “magic treasure”, so even if he has a powerful “magic treasure”, it is difficult for him to send out a correspondingly powerful attack, so this lowest level “magic treasure” made by the “black wizard” has instead become a very powerful “magic treasure” at this stage.

This was another powerful aspect of the “evil cultivator”.

“Boom!”

A black “ghost dragon” roared out from the bracelet and crashed into Ye Lu’s chest.

Ye Lu was knocked straight out, he spun twice in the air and then fell to the ground, followed by a mouthful of blood.

“Woori!”

Ye Luo muttered in a depressed voice, indeed, the difference between himself and a “Saint” was still very obvious if he used martial arts techniques alone.

“Looks like there’s still no way to fight a ‘Saint’ to death!”

Ye Luo spat out a mouthful of blood and slowly got up, but the other party did not want to spare him, the “black sorcerer” quickly shot out his hand, a long whip was waved towards Ye Luo.

“Snap!”

The whip hit Ye Lu’s body so fast that Ye Lu, who had just gotten up, was once again knocked to the ground, followed by a continuous attack.

“Snap!”

“Snap!”

“Snap!”

.....

The whip flew on the body of Ye Luo, Ye Luo was immediately smacked and rolled back and forth, but, to be honest, Ye Luo instead felt a lot more relaxed.

Because, this kind of physical attack Ye Lu was instead not too afraid, other than that, he was still excellent in this aspect of resisting blows, however, he had to pretend that he was badly injured and was dying on the ground.

“Die!”

Following that, the guy unleashed his final blow.

“That’s it now.”

Seeing that this guy thought he was dying and raised his hand, Ye Lu struck a blow, which looked like a punch.

When he saw Ye Luo’s blow, the “black wizard” skimmed his mouth disdainfully, he didn’t even care about Ye Luo’s blow.

But then he saw a purple flame on Ye Lu’s fist blasting towards him with a terrifying aura, and in his haste, he quickly raised his hand to block the blow, but with a “boom!” His arm was just halfway up when the “Burning Heaven’s Fury” hit her body.

Purple flames tumbled and as he was shocked, Ye Lu’s true fatal strike began.

This strike was a “Saint Level” version of the “Heart Piercing Thrust”, “Soul Snatching Thrust”. This martial art was similar to the “Heart Piercing Thrust”, it was also a dagger type martial art, however, after using the martial art, the dagger could fly out of the body, just like using a flying sword, of course, it could not be as free as a flying sword, but like the “Boomerang”, it could be sent and received.

This is what makes a “Saint Level” technique so powerful, similar to a “spell”, but much more powerful than the “Heart Piercing Stab”.

This “black sorcerer” did not expect Ye Lu to have a follow-up attack, so he fiercely operated his “innate astral energy” and his arm, which was originally made of flesh and blood, suddenly turned into a pitch-black colour, just like steel.

But, unfortunately, even a defensive magic weapon could not block this blow, let alone his hand.

“Snort!”

Ye Lu's dagger flew through this guy's chest, then turned a corner in the air and returned to Ye Lu's hand.

The corpse "flopped!" The body fell to the ground with a loud thud.

Seeing that the Black Sorcerer had died so quickly, the Black Sorcerer who had fought with the Blood Puppet against the Gale immediately panicked, because although she had no spells or tricks, she was a genuine Fourth Order Second Grade Demon, not to mention the fact that the Gale was originally a terrifying beast that had caused harm to one side, not just some cat or dog.

As soon as he was distracted, the Great Wind caught him and "clicked!" A tornado shattered his arm, followed by Ye Lu.

There was no surprise, under the siege of two people, this guy was soon dead.

"Ghost Bat, come out, and eat up everyone except that cell."

With Ye Lu's words, in the crowd's frightened eyes, countless "ghost bats" appeared, as dense as a "locust plague", everywhere they went, a person was turned into a white bone in an instant.

Ye Lu took the "gale" with him and headed for the huge cell.

"The descendants of the Shennong Clan, the head of the Shennong Valley, and the patriarch of the Jiang family, Jiang Wu Ya, were lamenting the injustice of fate in the cell, although they had the bloodline and heritage of the Shennong Clan, their cultivation level was not as good as the next generation.

"Ai! Heaven is going to kill me!"

He couldn't help but let out a long sigh from the sky.

However, at that moment, the door of the cell opened and a man came in.

Chapter 347

Everyone turned their heads to look at the doorway. Their first impression was that someone from the Black Witch Cult had come in for something, but they realised that the man who had come in did not look like a Black Witch Cult practitioner.

However, no one thought he was a good man either, because this place was heavily guarded, and anyone who could enter or leave this cell must be very close to the Black Witch Cult.

"What do you want to do to us again?"

Jiang Wu Ya looked at Ye Lu and said coldly.

"We will not give you what our ancestors have left us."

Ye Lu smiled and took out the "key" and said.

"Ai! What a pity, what a pity, I already have the key in my hand."

Seeing the key in Ye Lu's hand, everyone's face changed, and then, Jiang Wu Ya looked at Ye Lu and said.

"What did you guys do to Yan'er?"

Ye Luo smiled and said.

“Jiang Yan is fine, besides you guys don’t need to be so nervous, I was invited by her to save you guys, now that things have been resolved, I am on my way to pick up Jiang Yan.”

Hearing Ye Lu’s words, everyone looked at him with an incredulous look.

It was only after a long time that Jiang Wu Ya looked at Ye Lu and asked.

“Are you alone?”

Ye Luo said with a smile.

“Of course not, there are also my friends, come out and talk everyone, do you like staying in prison?”

This prison was pandemonium and full of strange smell, which made Ye Lu feel very uncomfortable, mainly because everyone had already taken the poison of the “Black Witch Cult” and now lost their cultivation, so those who were here were just some ordinary people, and ordinary people were inevitably eating, drinking and shitting.

After saying that, Ye Lu walked out.

The shock in Jiang Wuya’s heart was only slightly less when he heard Ye Lu say that he still had friends, otherwise it would have been a bit too much to take care of the “Black Witch Cult” congregation that was guarding this place with just one person.

However, after they came out, they did not see Ye Lu’s friends, only a huge monster bird, and other than that, there was nothing but white bones on the ground.

“What the hell is going on here?”

The crowd could see that the Black Witch Cult people really seemed to be dead, because next to each of the white bones were the Black Witch Cult clothes and weapons left behind, but they didn’t know how Ye Lu had done it.

Ye Lu looked at the crowd and pointed to “Big Wind” and said.

“That’s my friend, Big Wind.”

Then, he waved and said.

“And some other friends of mine, the Bat Family.”

With Ye Lu’s words, countless “ghost bats” flew over from all directions, and the crowd was once again amazed at these fierce-looking guys.

Ye Luo then looked at the crowd and said.

“Well, there are actually some friends, but your cultivation has been ruined, so you should not be able to see them, but don’t worry, I can restore your cultivation soon.”

Hearing Ye Luo say that he restored everyone’s cultivation, Jiang Wu Ya then looked at Ye Luo and said.

“You shouldn’t be joking, our ‘Divine Farmers’ Valley’ is known for refining pills, so I know very well that the kind of medicine from the ‘Black Witch Cult’ has no solution.”

Ye Lu shook his head indifferently and said.

“That’s because you guys are just too ignorant, isn’t it just a little trick of the ‘Black Witch Cult’, don’t worry, I’ll soon fix it and let you guys get back to your old self.”

After saying that, Ye Lu thought about it again and said.

“I, no, it should be to bring your cultivation to a higher level, however, I can’t talk to you guys any more next, I have to hurry up and get ‘Third Miss’ back, I guess the second group from the ‘Black Witch Cult’ will be arriving soon. ”

After saying that, Ye Luo walked towards the outside of the secret realm.

As he walked, Ye Luo said.

“You guys tell everyone not to just leave the secret realm, at the moment, the people from the ‘Black Witch Cult’ don’t know that something has happened here because everyone outside has also died and they haven’t had the time to inform anyone yet, but I think they should be suspicious soon since they can’t contact the people on this side. ”

“So, you guys better find the phone they left behind and then find a way to hold out until I come back, the rest is up to you guys, find a way to stall a little longer.”

After saying that, Ye Lu gave a brief explanation and then quickly left the “Shen Nong Valley”.

When he arrived outside the valley, Ye Lu first disposed of the corpses before he jumped onto the back of “Big Wind”, and then, one person and one beast flew rapidly towards the distance.

It took him about two hours to get here, but when he returned, it still took him more than an hour to get there, despite the fact that he was speeding along.

As expected, just as Ye Lu thought, from afar, he saw a group of black-clothed people start to gather tens of kilometres ahead of Jiang Yan’s group, and it looked like they were going to ambush Jiang Yan and intercept them there.

Ye Lu circled around and then flew down to the top of the station wagon Jiang Yan was in.

“Boom, boom, boom.”

Ye Lu knocked on the roof sunroof of the caravan, which then opened, and Ye Lu and the transformed “Big Wind” entered the caravan together.

Seeing the naked “Big Wind”, Jiang Yan said with some surprise.

“What do you want to do?”

Ye Lu said with a smile.

“She won’t do anything to you, don’t worry, she doesn’t like women.”

As a result, "Big Wind" said with a smile.

"That's not necessarily true, Third Miss is so tender and looks so delicious."

She even stuck her tongue out and licked her lips.

Jiang Yan took a step backwards in fear, but still looked at Ye Lu and asked with some concern.

"Yiye Zhiqiu, is there something wrong with my family? Did you take care of it?"

Ye Lu smiled and said.

"Of course, but, it's only temporary, I've saved your family, and the 'Shennong Valley' has been retaken, next, I'm going to take you away, you have a quilt or something here, right, wrap yourself up, then I'll fly back to the 'Shennong Valley' with you, I guess trouble will come soon."

Although Jiang Yan was also a "Sovereign" level practitioner, Ye Lu was not very sure that Jiang Yan could withstand the terrifying air currents in the air.

With that, Ye Lu quickly wrapped Jiang Yan up and set off without informing the others.

After calculating the time, when the caravan was about to meet the interceptors, Ye Lu contacted the "Six Star Demon" and told them that the "Black Witch Cult" was intercepting them, and told them to run away.

After that, Ye Luo flew on in the direction of the "Divine Farming Valley".

Fortunately, when he came back, there was no trouble in the Divine Farming Valley, everything seemed to be very calm, Jiang Wu Ya had sent some people to guard the outside of the Divine Farming Valley, posing as people from the Black Witch Sect.

When they saw Ye Lu and Jiang Yan walking over, those people immediately greeted them.

"Third Miss, are you alright?"

The people looked at Jiang Yan and asked with concern.

Jiang Yan nodded and said.

"I'm fine, is the rest of the family okay, is everything really okay?"

As a result, the guy nodded and shook his head again and said.

"How can I put it? Let's just say that there are no major problems for now, but I don't know what will happen next, because the 'Black Witch Cult' side just said that you suddenly disappeared and they are looking for you everywhere, so I don't think we should be able to last too long like this."

"And, more importantly, we've all lost all our cultivation, so if there's any trouble, I'm afraid there's nothing we can do about it, and that's what's most troublesome."

At this time, Ye Lu walked over and said with a smile.

"Let's talk about these things later, we have more important things to do, I'm afraid it's a big project. Let me ask you first, are you sure that the 'Black Witch Cult' hasn't noticed the situation here yet?"

The man from the “Shen Nong Gu” didn’t know what Ye Lu wanted to do, however, he still thought seriously and said.

“There should be no problem, they are contacted through the ‘blood puppet’, the ‘blood puppet’ voice is the same, so they won’t suspect anything for a while, and right now their main focus is on finding Third Miss.”

Ye Lu nodded, then said.

“Alright, find a copy of the formation map outside your valley and give it to me, I want to repair your defensive formation.”

Hearing Ye Luo’s words, the people in the surroundings including the Third Miss were taken aback and said.

“What did you say, you can restore the ‘Divine Peasant Grand Formation’.”

Chapter 348

Everyone looked at Ye Lu as if he was talking about a fantasy, because this “Shennong Great Formation” had been there since they were born, and it had always been in a broken state, no one could fix it, and no one had ever thought of fixing it.

Ye Lu looked at the men and said.

“Don’t waste time, apart from this ‘Shen Nong Grand Formation’, what else do you think can stop the ‘Black Witch Cult’? You all know very well, don’t you, that the Black Witch Cult is more than just this little strength.”

When Ye Lu said this, everyone nodded, because the Black Witch Cult was indeed very powerful, and was one of the four great evil sects in Miaojiang.

The first category is “ghost cultivators”, which mainly produce, summon and enslave ghost-like spirits; the second category is “corpse cultivators”, including corpse chasers and evil cultivators who use zombies and puppets; the third category is “compulsion cultivators” who use worms; and the fourth category is all kinds of evil cultivators who have fled to Miaojiang.

Of course, these four types of people are not distinctly separate, and there are many organisations that have all kinds of people, thinking that the entire Miaojiang cultivator population is too complex.

It is also because the water is so deep that many people do not want to have anything to do with the evil cultivators in Miaojiang.

The “Black Witch Cult” is a very powerful organization among these organizations, and one of the two “War Gods” that “Ye Liangchen” mentioned earlier is also from the “Black Witch Cult”.

“The people of the Divine Farming Valley were very clear about this, so they all nodded and then took Ye Lu and Jiang Yan into the secret realm together.

Soon, all the information about the “Divine Farmers’ Great Formation” was brought out, but it was actually incomplete information, because the “Divine Farmers’ Valley” did not have a complete formation diagram either, if they had, they would have started to find a way to recover it.

Of course, Ye Lu didn’t need a complete formation diagram, because the glasses would automatically add the missing parts, what he needed to do now was to understand the current situation of the formation, and then calculate the time and difficulty needed to repair the formation, as well as the possibilities, if it was really difficult to repair, then he felt it was better to escape with the people of the “Divine Farmers Valley” first.

After careful comparison, Ye Lu found that the formation was very complex and had many parts, each of which fulfilled a different function, including the part for gathering the Qi of heaven and earth, the part for catalyzing plants, and of course the part for defence and attack.

Now all Ye Luo had to do was to find out the defensive part, and then find a way to restore this part.

Luckily, with the help of the glasses, Ye Luo had probably figured it out, but there was still one problem, that was, it was too dark outside, so I was afraid it was a bit troublesome to see and deal with this formation at a glance.

“Whatever, let’s take a gamble.”

Eventually, Ye Lu thought about it and said.

“In a moment, have someone bring torches up the mountain, we have to repair the formation overnight, the time left for us should not be much, we have to race against time to do so.”

At this time, Jiang Wu Ya suddenly looked at Ye Lu and said.

“Things might not be as bad as you think either, because I heard from the people of the ‘Black Witch Cult’ that their operation this time is not only about us, they also have to deal with the ‘Southern School of Martial Arts’ Wudang. ”

Hearing Jiang Wu Ya’s words, Ye Lu then asked in a somewhat strange manner.

“They want to deal with the ‘Wudang’, why?”

Jiang Wu Ya’s words made Ye Lu feel a bit strange, because it made sense for the Black Witch Cult to deal with Shennong Valley, after all, Shennong Valley was a medicine refining family, so there must be a lot of oil to be made, but the Wudang were all martial arts practitioners, so why would they deal with the Wudang?

However, there was no need for Jiang Wu Ya to lie to himself.

So, Ye Luo asked Jiang Wu Ya to help him arrange the torches while he looked at him and asked.

“Master Jiang Gu, do you know exactly what the ‘Black Witch Cult’s’ purpose is in dealing with the ‘Shen Nong Valley’?”

Jiang Wu Ya said after thinking about it.

“They said it was to prepare for one thing, so they needed to improve their strength.”

Ye Lu asked curiously.

“Do you know what it is?”

As a result, Jiang Wu Ya said a result that was very surprising to Ye Lu, and he looked at Ye Lu and said two words.

“Becoming immortal!”

This time, Ye Luo was really a bit confused.

“Preparing for ‘becoming immortal’, what does that mean?”

However, Jiang Wu Ya and the others didn’t know what it meant either, and they all shook their heads before one of them thought for a moment and said.

“Maybe it has something to do with the ‘Immortal Pill’, after all, didn’t the legend say that it was possible to ascend terrestrially after eating the ‘Immortal Pill’ and become a god straight away.”

Followed by someone else.

“You are too superstitious, we are a family of alchemists, when have you ever seen an ‘immortal elixir’, even our ancestor ‘Shennong’s’ probably had never seen one, and our family’s heritage did not mention The ‘Immortal Pill’ thing ah.”

“Right, ‘immortal pills’ are too nebulous.”

“Well, maybe it’s another way to become immortal.”

“What other way?”

“How should I know.”

.....

Following that, the crowd talked about it, but there wasn’t any reliable conclusion.

For his part, Ye Lu waved his hand and said.

“The ‘Immortal Pill’ thing might be there, I’ve heard of it once before, but it’s not the time to dwell on that, let’s get through the hard times first.”

Ye Lu suddenly remembered the Zhang family’s “Zhang Tian”, that was also the first time he heard about the “Immortal Pill” rumour, and it was true that the “Xuan Tian Clan” had picked up Zhang Tian, in addition to what the “Xuan Tian Clan” had done in the capital city using the “Sky Covering Gang” before, Ye Lu also remembered it vividly.

He felt that there might be some kind of connection between these things.

Ye Yan’s pendant should also be related to this matter, because Ye Lu suddenly remembered that Ye Yan’s pendant was the key to the “Immortal Mansion of Lok Ha”, and since it was an “Immortal Mansion”, there might be an “Immortal Pill”.

Moreover, the handwriting left by her grandmother said.

“The nine stars are connected, the nine heavens are united, the immortal palace is opened, the meeting is broad.”

These sixteen words Ye Lu had always kept in mind, and there were also the words “Immortal Palace” in it, all of which were connected together, making Ye Lu feel that this incident should not be isolated.

“It looks like there is a need to look into this matter seriously.”

Originally, Ye Lu had come here to solve the problem of Ye Yan being hunted down, but now it seemed that things would have to escalate.

“Alright, let’s go, let’s go and fix the ‘Divine Farmers’ Great Formation’.”

When Ye Lu saw that the torches and lighting tools were ready, he asked the Ghost Bat to take them out with him, as all the people of the Shennong Valley had become ordinary people and it was extremely inconvenient to dispatch them.

In this way, Ye Lu took the Ghost Bat with him to begin the restoration work of the Shennong Grand Formation.

He rode on the back of Gale and asked the Ghost Bats to carry torches to light up the valley’s Great Formation, and then he activated the Wisdom Brush to start the repair of the weapon patterns.

“After careful consideration, Ye Lu decided to restore only a part of the defence function of the formation, so that it would be able to defend against some of the “Ninth Circle of Golden Dan” cultivators.

On the Black Witch Sect’s side, they had already sensed that something was wrong.

“Why did the interception fail? Could it be that someone has leaked the news.”

“One of the elders of the Black Witch Cult stroked the skeleton cane in his hand and looked at the people below him, muttering to himself.

However, he felt that it was unlikely that the information had been revealed, and that the only people who knew about the operation were those who were involved in it.

As a result, the “Shen Nong Gu” side still said that everything was fine.

“No, we can’t let anything go wrong. Muyong, you go to Shennong Valley and check it out. In addition, go and gather some people from Wudang.”

Hearing his words, the people below immediately started to move, and it didn’t take long for a man in black to report back.

“There is something unusual on that side of the ‘Shen Nong Valley’, there are many torches lit up outside the valley, I don’t know what they are doing, judging from the number of torches, it is definitely not our people, as we are not that many in number.”

When he heard the report, the elder of the Black Witch Cult frowned, and after thinking about it, he dialed the phone again to confirm the situation.

“A few of us have been guarding the entrance of the valley, everything is normal, don’t worry, Elder Nangong.”

The person on the other side of the “Shen Nong Valley” didn’t know that someone had been quietly checking out the situation and was still reporting peace.

“Sh*t! What a normal chicken feather!”

Elder Nangong muttered in his heart, but he couldn’t figure out who had unknowingly taken out the “Divine Farming Valley”, where there were two “Saint Level” experts in charge.

“No, I have to go and see for myself.”

After thinking about it, Elder Nangong led his men towards the “Divine Farmers’ Valley”, which was not very far away from the “Divine Farming Valley”, but he had to take care of the speed of the men he was leading, so it still took nearly half an hour for all of them to reach the entrance of the “Divine Farmers’ Valley”.

The number of people was indeed too large, unless the people of the Valley had been released.

“But if the people from the valley were released, what are they doing on the mountain instead of running away?”

Elder Nangong frowned in confusion, then led his men towards the entrance of the valley.

The people who were on guard near the mouth of the valley soon saw Elder Nangong and the people he had brought with him; after all, the number of these people was not less than a few hundred.

“Yilu Zhiqiu, they’re here, what should we do?”

The man on guard inquired towards Ye Lu.

“All go into the secret realm, leave the matter outside to me.”

In fact, just now Ye Lu had already finished repairing part of the “artifact pattern” in the defense part of the formation, however, this was the first time Ye Lu had seen such a large formation, so he did not have any idea about the results of his repair, for safety’s sake, he was really doing a final check.

The “formation” is actually like a huge machine controlled by programs and so on, with all kinds of circuits and also all kinds of laws and energy operation, so it is impossible to make a big mistake, if not the formation will blow up.

If such a large formation really blew up, it would be difficult to repair it.

“Something has really happened.”

As he approached near the mouth of the valley, Elder Nangong saw that there was no one near the mouth of the valley, and it looked like everyone who stayed here should have died.

At that moment, he saw a huge monster bird appear in the air, and on the back of the monster bird stood a man.

“You are the people of the ‘Black Witch Cult’, right?”

Ye Lu stood on the “big wind” and looked at the other party and said with a smile.

“From today onwards, I will take over the ‘Divine Farming Valley’, you can all go now.”

Seeing Ye Lu’s unashamed manner, Elder Nangong’s brow furrowed, however, he still looked at Ye Lu and asked.

“You are from that power and dare to come here to spill your guts.”

Ye Luo smiled and said.

“Mao’s power is a power itself, I repeat, from this moment now, ‘Shen Nong Gu’ is already my territory, hurry up and get the hell away from me.”

Seeing Ye Lu’s attitude, Elder Nangong then sneered, following which he lifted his hand.

The cane made of some kind of bone with a black skull inlaid on it was also raised, and at the same time, the “Pseudo Dan” in his dantian also started to operate.

Elder Nangong was at the “Third Turn of the Golden Elixir” or “Third Pseudo-Dan” realm.

The so-called “pseudo-dan” was a ball-shaped object formed by the convergence of the nine Yuan liquids after successful “foundation building”.

Different cultivation levels have different forms of heaven and earth energy. Initially, a flesh and blood body is unable to use heaven and earth energy, but later, through the opening of meridians, one can use “true qi”, which is a form of heaven and earth energy.

The “Foundation Establishment Realm” is the process of the Heaven and Earth energy condensing into nine liquids.

After reaching the “Ninth Golden Dan” realm, the liquid energy will fuse together to form a “Dan”, but at the “Pseudo-Dan” stage, although this “Dan” looks like a “Dan”, in fact, it is still in a liquid state, so it is called a “Pseudo-Dan”.

Only after the “Third Turn of the Golden Elixir” would this “Pseudo Dan” undergo a metamorphosis to form a “Void Dan”.

This Elder Nangong was at the “Pseudo-Dan” stage, so although the attack he sent out was powerful, the essence of a “Foundation Establishment” attack was the same.

Therefore, seeing that Elder Nangong was ready to attack, Ye Lu quickly swallowed three Exploding Yuan Pills, then folded his hands and began to fuse the Red Lotus Karma Flame and the Ghostly Underworld Flame.

He didn’t want to let go of any opportunity to fight, because at this moment, Ye Lu’s cultivation had already reached the state where his nine auras were complete as desired, and he was just one

opportunity away from “gathering Qi into liquid” and crossing over to a new realm, at which time, he would be more comfortable using “spells” and “magic treasures”.

Up to now, Ye Lu could only use a few “spells” of the “Flame” attribute and bloodline spells like “Summoning”, and when he saw that he could not use so many “spells”, Ye Lu was really greedy.

Soon, the skeleton cane in Elder Nangong’s hand lit up with black light, and a huge, black scythe shadow appeared.

The tens of metres of black scythe, coupled with the lightning-like speed, made it difficult for Ye Luo to dodge.

“Arise!”

A huge purple shield appeared on his left hand, the “Flame Shield”, while his right hand threw a straight punch at Elder Nangong, a purple fire dragon rushing towards Elder Nangong with its teeth and claws.

“Boom!”

The black scythe instantly collided with the purple flame shield.

The flaming shield shattered with a loud noise, and Ye Lu and “Big Wind” were struck together by the blow to the ground, “Boom! The ground was instantly smashed into a big crater by “Big Wind’s” body.

“Little bastard, you’ve killed me!”

“Gale immediately muttered in discontent.

“Don’t you know these things are hard to handle?”

“Evil cultivators were much more powerful than cultivators of the same level, not to mention that this Elder Nangong was one level higher than “Big Wind”.

At the same time, Ye Lu’s purple fire dragon also reached Elder Nangong’s side. Elder Nangong didn’t take Ye Lu’s fire red in his eyes at all, and he casually swung his arm to fan the fire dragon away.

But, “Boom!” The fire dragon was not slapped away but collided with his arm, and purple flames instantly enveloped Elder Nangong’s left arm.

“Holy sh*t!”

Elder Nangong was also stunned by this scene as he felt that this flame was of quite a high grade and could actually burn him and was as hard to shake off as a tarsal maggot.

“Snort snort!”

His right hand flew and started slapping and pointing and pressing on his left arm, black breath surging and tossing for a few seconds before he finally got rid of the purple flames, his entire left arm missing its clothes, revealing an arm that was burned with wounds everywhere.

“Seeking death!”

This blow caused Elder Nangong to become somewhat infuriated as he swung the skeleton cane in his hand once again, however, Ye Luo no longer wanted to fight him anymore, and after landing, Ye Luo and Da Feng flew back, and at the same time, Ye Luo raised his right hand.

“If you want to leave, it’s too late!”

Elder Nangong looked at Ye Lu and Da Feng and sneered, followed by an extremely fast dash in Ye Lu’s direction, and the huge black scythe slashed down again.

However, Ye Lu’s right hand was already pressed to the ground as he raised his head and smiled at Elder Nangong.

“Boom!”

Elder Nangong’s scythe slashed at the already functioning “Divine Farming Grand Formation”, but the result was like a mud bull entering the sea, and it was blocked by the “Grand Formation” without even making a ripple.

“Huh!”

Seeing the Great Formation that enveloped the entire valley, Elder Nangong’s mouth opened wide in surprise.

“Who on earth could have this ability!”

At the same time, he also understood that the guy just now was right, the “Divine Farmers’ Valley” had already become the other party’s territory.

Chapter 350

Seeing the effect of the “Divine Farming Formation”, Ye Luo also felt quite satisfied, at least for a short period of time, he should be fine, and in this time, he had the opportunity to reinforce the formation’s defense and other parts again.

“Evil cultivators are really difficult to deal with!”

Ye Lu looked at Elder Nangong who was standing outside the formation and said with some emotion.

“Big Wind” then muttered.

“Even cultivators who have started to form a dan are difficult to deal with, our demon beasts’ days are getting worse and worse.”

Ye Lu wiped the blood from the corner of his mouth and said with a smile.

“Don’t worry, I’ll teach you some wind attribute spells, you’re so smart you’ll definitely learn them soon.”

After saying that, Ye Lu ignored these people of the Black Witch Sect and walked into the secret realm of the Shen Nong Valley with Big Wind.

“How is it? Has the formation been repaired?”

Jiang Wu Ya looked at Ye Lu and asked with some concern.

Ye Lu smiled and said.

“Of course, the Great Valley Protection Formation has been opened, let’s go out together and take a look.”

Following that, Ye Luo then led the crowd out of the secret realm together.

In the middle of the valley, Jiang Wu Ya and the others saw that around the valley, there was a huge transparent defensive shield that surrounded the valley, and on the opposite side of the valley, hundreds of “Black Witch Cult” were standing there looking at the formation, helpless.

Ye Lu looked at the Black Witch Cult at the entrance of the valley and said with a smile.

“Don’t blame me for not reminding you, when the attacking formation opens, all of you will die without a burial place, so hurry up and get lost.”

Hearing Ye Lu’s loud shout, Elder Nangong frowned, just now he had led the crowd to try to launch an attack on the formation, however, he found that his people could not break the defense of the “Great Divine Farming Formation”, however, these people did not leave, being told by Ye Lu to run away, would this not be very humiliating.

Ye Lu ignored these people, but turned his head to Jiang Wu Ya and said with a smile.

“Master Jiang Gu, it’s time for us to talk about our business next.”

Hearing Ye Luo’s words, Jiang Wu Ya then said with a bitter smile.

“I understand Mr. Ye’s words, our lives were all given to us by Mr. Ye, and we have all become ordinary people now, and the key to the treasure vault is in your hands, so you can take whatever you want.”

For his part, Ye Lu smiled and said.

“Don’t say I’m like a robber, I won’t take your things for nothing, didn’t I just say that I can help you restore your cultivation, I’m not joking.”

Hearing Ye Lu bring up the matter of helping them restore their cultivation again, Jiang Wu Ya was positively moved this time.

If he was still skeptical before, but after seeing all of Ye Lu’s tricks, especially the fact that even the great formation that could not be repaired for countless years was actually made usable again by Ye Lu in a few hours, this made Jiang Wu Ya have no more doubts about Ye Lu’s words.

He quickly fell to the ground on one knee and said.

“Mr. Ye has already saved the incense of our ‘Shennong Valley’ lineage, if you can also restore the strength of our ‘Shennong Valley’, all the output of our Shennong Valley not only now but also in the future will belong to you alone, and we ‘Divine Farming Valley’ will also vow to follow Mr. Ye to the death.”

After Jiang Wu Ya finished speaking, the people of the Shen Nong Valley behind him all “hooted and hollered!” A large number of people fell to their knees in one fell swoop.

“Third Miss” Jiang Yan stared at Ye Lu, she never thought that the man she had never seen before, who had not even looked at her once, was actually such a deeply hidden expert, and now she had reached a level that made her father and everyone else worship her.

“Yan’er!”

Seeing that Jiang Yan didn’t move, Jiang Wu Ya said in a somewhat unkind tone.

Jiang Yan immediately fell to her knees as well.

Outside the formation, Elder Nangong frowned, he couldn’t think of Ye Lu’s origin either, he had never heard of such a formation expert, even the Weapon Sect didn’t have this ability.

“Could it be a long-lost legendary clan, such as ‘Kunlun’?”

The “hidden clan” was very similar to the hidden clan like “Shennong Valley”, they were no longer in the jianghu, so very few people knew of their existence, let alone their recent status, however, there were some “hidden clans” that left behind various legends, “Kunlun”, “Penglai” and so on.

However, these things were so indistinct that even someone like Elder Nangong, who had been cultivating for many years, had no way of knowing about them.

“However, if what the sect master said is true, it is not impossible for this matter to attract the attention of the ‘Hidden Monsters’ even if it is.”

Elder Nangong watched Ye Lu and the others reenter the secret realm and thought about it before dialing the phone number of the “Black Witch Sect” Sect Master.

“Sect Master, we may have encountered a big problem.”

Elder Nangong said to the “Black Witch Sect” Sect Master.

The Black Witch Sect Sect Master on the other side asked, somewhat puzzled.

“There’s trouble? Is there a big trouble, which organization has struck? How dare they penetrate into the territory of our Miao Frontier?”

Elder Nangong then said.

“It’s not any organisation, there’s only one person, I haven’t seen this person before either, he should be from the north, however, I can’t think where he’s from, he actually fixed the ‘Great Valley Protection Formation’ of the Shen Nong Valley.”

When he heard Elder Nangong say that this person had repaired the ‘Great Valley Protection Formation’, the sect master of the Black Witch Sect’s brow furrowed, for he could not think of anyone with such ability.

In his opinion, unless it was a hidden superpower, no one could do this.

However, he thought about it and said.

“Okay, I get it, let’s put this matter aside for now and focus on dealing with the ‘Wudang’ matter first, and try to strike a blow because, regarding the matter of the girl called Ye Yan, the Companions’ side seems to have messed up, so most of their side has no chance, and our side must succeed in giving the Companions We must succeed on our side to show the Companions.”

In the “Divine Farmers’ Valley”, Jiang Wu Ya had already started to introduce the situation in the “Divine Farmers’ Valley” to Ye Lu.

“We have everything here, of course, most of the plants and herbs, because we have been living a secluded life all these years, so all kinds of crops and farming are also good.”

After Jiang Wu Ya’s introduction, Ye Lu found that this “divine Farmers’ Valley” was a self-sufficient paradise, so even if we were trapped for life, we wouldn’t worry at all.

Of course, it was also because of this reason that although many of the people in the valley had high cultivation levels, their actual combat strength was very low and they had almost zero combat experience.

Of course, he guessed that the Pill Alliance might also have these things, but Lin Ruyue and the Mo Lian Master’s faction were too marginalized, so many of the precious things were not accessible to them.

“Sh*t! There’s actually ‘Yuyuhua’ flowers everywhere.”

Ye Luo muttered in a somewhat depressed manner, as he found that not only the ‘Yudan Flower’, but also the ‘Nine Leaf Blood Lotus’, which was to be the reward for this escort, were also abundant here.

Not only that, there are even more powerful legendary plants here, such as the “Nine Spikes of Harvest” which is said to be immortal when eaten, the “Four Flora of the Heavenly Realm” Manjushtha, Mahabharata Manjushtha, Mandala Flower, and Mahabharata Flower, the “Cave Underworld Grass” which is most beneficial to ghosts, and the “Dragon Ruminant” which can enhance the bloodline of demonic beasts

It is really true to say that this place is a treasure trove!

“Now the ‘Tongtian Vine’ won’t have to worry about food.”

If the “Tongtian Vine” wanted to grow, it needed a lot of plants, and the more dense the Yuan Power and the higher the grade, the better.

However, immediately afterwards, Ye Lu saw another very precious herb introduced by Jiang Wu Ya, called “Earth Vein Purple Chi”, which was a three-stemmed, six-leafed herb with a purple, lingzhi-like fruit on a foot-long jasper-coloured stem.

Seeing this thing, Ye Lu was really amazed, because this “Earth Vein Purple Ganoderma” was the most important material for refining the “Gathering Yuan Pill”, which was a heavenly pill that could create a “Saint”.

“With the ‘Nine Leaves Blood Lotus’, we can refine ‘Foundation Establishment Pills’ in large quantities to create ‘Sage’ powerhouses, and with the Although there are very few ‘Earth Vein Violet Chi’ here, I have ‘Spirit Field ‘ Ah!”

Thinking of this, Ye Lu swallowed and muttered darkly.

“Now I’m really going against the odds.”
