

Super Student 431

Chapter 431

Hearing the words of Elder Yuxin, Ye Lu slammed the table, then quickly raised his hand and took away all the pills he had made on the table, then looked at Elder Yuxin and said.

“Sh\*t! Do you think I’m willing to be this bird elder? If it wasn’t for Pill Shu and Mo Lian, I wouldn’t have come at all. If it’s such a hassle, why should I bother with this?”

After saying that, Ye Lu turned around and prepared to leave.

“Disciples, we’re leaving too!”

Seeing that Ye Luo had just left, Mo Lian shouted towards Lin Ru Yue and the others as well.

“You can’t leave!”

At this time, suddenly from several directions there were people saying almost simultaneously.

Following this, Pill Shu, the “Pill Premium Elder” and several other people came out from different parts of the room.

The “Pill Garden Elder” quickly stopped Ye Lu and said with a smile.

“Ye Lu, don’t be angry, don’t be angry, you are right, this matter is not really you begging us, but we are begging you, we can still discuss, discuss, don’t be anxious, don’t be anxious .....”

At the same time, Pill Shu and the girls also flew over.

The “Pill Premium Elder” said with a smile.

“Master Ye Lu, don’t be so angry, let’s discuss this matter in the long run, come and sit down. ....”

When he saw Pill Shu standing respectfully next to the “Pill Premium Elder”, Ye Lu probably understood the identity of this half-aged woman, who should be Pill Shu’s teacher.

The other elder who approached him looked at Ye Lu and said with a smile.

“I, ‘Pill Garden’, am also an elder here, please calm down Master Ye Lu’s anger, we can discuss and deliberate on this matter again.”

Seeing these people who had come, Ye Luo then thought for a moment and said.

“Is it true that the elders have the right to veto with one vote?”

As a result, the “Pill High Elder” nodded his head and said.

“Yes, however, not all the elders, ‘Elder Pill Master’ is one of the ten elders of the ‘Pill Alliance’, so he does have this right.”

When he heard the words of the ‘Pill Premium Elder’, ‘Elder Pill Xin’ puffed out his chest, meaning, “I have such a right, what can you do to me?”

Seeing his appearance, Ye Lu looked at him and said.

“You’re too old to be so childish. There’s no point in keeping this goods who harbours his family and bends the law for personal gain.”

As a result, the crowd all shook their heads and said.

“Only the ‘Alliance Master’ has the right to do this.”

After everyone finished speaking, “Elder Yuxin” said with an arrogant expression as he looked at Ye Lu.

“How about it, I told you that with me around, you wouldn’t be able to be this elder, but you still don’t believe me, do you understand now? I am the boss here.”

Ye Lu looked at “Elder Pillow” and said.

“Sh\*t, why are you pretending to be a big onion, do you think I care about this elder?”

Hearing Ye Lu’s words, the “Pill Premium Elder” said hurriedly.

“Ye Lu, how about this, if you agree to stay, we can give you as many benefits as possible, such as beast eggs, such as the VIP quota to enter the ‘Ten Thousand Beasts Secret Realm’, etc. I know we can’t do anything in terms of alchemy, but we might be able to help you in other areas, such as materials, we The ‘Pill Alliance’ has the most materials.”

Hearing the words of the Pill Premium Elder, the Pill Garden Elder and the Pill Garden Elder also said at the same time.

“Yes, we can also provide you with further benefits.”

Pill Shu said as she quickly ran in front of Ye Lu.

“You may not know, let me tell you, in fact, Mo Lian and the girls are all orphans, Mo Lian has also been surviving in the ‘Pill Alliance’, if you let them leave here, have you considered how they will survive? ”

“This is their real home!”

As a result, Mo Lian led the way and shouted.

“Don’t worry, I, Mo Lian, have never worried about survival, we can live well wherever we go, you can rest assured of that.”

However, although Mo Lian was saying so, Ye Lu fell into deep thought.

He had read part of Mo Lian’s news before, so he knew that what Pill Shu said was actually true. Although Mo Lian was unreliable, she was indeed a native pill refiner in the Pill Alliance, so if he took her out, there would be no problem with her life, but it should not be Mo Lian’s wish.

If she really wanted to leave the Pill Alliance, she could have done so a long time ago. The Pill Alliance had never restricted the departure of the Mo Lian Clan, and even wanted them to leave.

So, Ye Lu thought about it and said.

“All right, I’ll take all your benefits, but tell me, is there any special way to become an elder? I want this one to see if I can be this elder.”

As Ye Lu said that, he looked at “Elder Pill Xin”.

The “Pill Garden Elder” looked at Ye Lu with a look of disdain.

“Pill Garden Elder” thought for a moment and said.

“In fact, there is a way to do that, but no one has succeeded for many years, that is, ‘breaking through the fire cave’. As long as you apply to ‘break through the Fire Cave’, the ‘Pill Alliance’ will definitely give you that chance.”

“However, legend has it that no one has been able to come out of the ‘Fire Cave’ in the last thousand years.”

After hearing the Pill Garden Elder’s words, the Pill Xin Elder said with a cold smile.

“If you have the guts, you can walk out of the ‘Fire Cave’ and become an elder.”

As a result, before Ye Lu could say anything.

The “Pill Garden Elder” and the “Pill Premium Elder” said anxiously first.

“You can’t do that in a million years, you can’t take the risk lightly!”

“That’s right, you can’t break into the ‘Fire Cave’ without permission.”

.....

Hearing their words, Ye Lu then smiled and said.

“Don’t worry, I’m not a fool, I’ll go if he wants me to, but I’m curious about what exactly is there, I’ll really have to go over there later.”

As he said this, Ye Lu turned his head to look at Elder Yuxin and said.

“However, before that, shouldn’t you honour your promise and give me those two beast eggs first, ‘Elder Yuxin’?”

Hearing Ye Lu’s words, “Elder Medicine Xin’s” face twitched a little as he felt some pain in his flesh.

He felt a little bit of pain. “Elder Pill Master” said with a smile.

“Yes, that nameless beast egg has been sitting there for many years, and it’s finally time for it to be owned, but it costs 10 million contributions.

“Contributions are points that belong to the Pill Alliance, similar to the Darkness Points in the Underworld App, and are calculated based on the amount of contributions made to the Pill Alliance.

Even Elder Pillarsin felt a pain in his liver, but the words had already been spoken, so there was no point in backtracking.

He first gave Ye Lu the beast egg with the Vermilion Bird bloodline, and then he exchanged it for a beast egg that had been in the Pill Alliance for an unknown period of time in the form of repayment.

However, Ye Lu's glasses could identify this beast egg. To be honest, it was no wonder that no one in the Pill Alliance knew this beast egg, because what was inside this beast egg was huge, even bigger than the Four Sacred Beasts, whose name was "Tian Yang Candlelight", which together with another Sacred Beast, "Tai Yin Yu Hui", had given birth to the Four Sacred Beasts.

"If this thing hatches out as an 'original spirit beast' it will definitely be a terrifying helper."

Ye Luo smiled as he touched the beast egg of the "Heavenly Sun Candlelight".

Seeing this scene, the "Pill Garden Elder" and the "Pill Premium Elder" were all astonished as they looked at Ye Lu and asked.

"Do you know what this is, Master Ye Lu?"

Ye Lu nodded and then collected the Dragon Egg of the Pill Garden Elder, which was also very powerful, it was the Dragon Egg of the ancient "Ying Long", but of course it was precious because the bloodline was pure.

With the three beast eggs in his pocket, Ye Lu was in a good mood and he said with a smile.

"Come on, let's go and see the 'Fire Cave', if possible, I still want to officially become an elder of the 'Pill Alliance'."

To be honest, "Elder Pill Xin" made Ye Lu feel very unhappy. Just now, while "Elder Pill Xin" was exchanging the beast eggs, Ye Lu and "Pill Garden" asked them about this, as the number of "Ten Elders" was fixed, if Ye Lu could become an elder by "breaking through the Fire Cave alone", he could drive "Elder Pill Xin" out of the "Ten Elders" position.

## Chapter 432

When they heard that Ye Lu really wanted to go to the Fire Cave, they were all taken aback, and the "Pill Garden Elder" and the "Pill Premium Elder" both immediately persuaded Ye Lu to dismiss the idea.

Ye Lu smiled and said.

"Don't worry, I won't do anything stupid, I'll just go and take a look, if there's a chance I'll go in, and if it's dangerous, I won't do anything."

As a result, after Ye Luo repeatedly assured them, they took Ye Luo to the so-called "Fire Cave".

There was another reason why Ye Lu had to come to the Fire Cave, and that was that from the moment he entered the secret realm of the Pill Alliance, he had felt that something was calling him, to be precise, it was calling the three flames inside him.

Moreover, as he approached the centre of the Secret Realm, this feeling became stronger and stronger.

So, Ye Luo suspected that there was something related to "Origin Fire" here, and he hoped that it was another Origin Fire that was calling him.

Sure enough, as he got closer and closer to the Cave of Fire, the feeling of being summoned became stronger and stronger.

When he arrived at the Fire Cave, Ye Lu wandered around again and eventually, he was sure that it was the place where the Fire Cave was located that had the strongest sense of summoning.

Thus, he could be sure that this was the place he was looking for.

However, he was a bit hesitant to get hurt, after all, this was a matter of life and death, so should he go in or not?

Seeing that Ye Lu was hesitating, the "Pill Garden Elder" lost no time in saying.

"Ye Lu, don't go in, it's too dangerous, once there were elders and 'Supreme Elders' with amazing cultivation who had gone in but never came out, so don't go in."

Others were also advising bitterly.

"Yes, there's no need to take the risk, it's just an elder status, we can give you an 'honorary elder' status, it's actually the same."

"Right, anyway, you can use all the same resources from our 'Pill Alliance'."

"Right, there's also Master Mo Lian, we can also grant her the position of Inner Sect Deacon, anyway, don't worry put, we'll arrange for all of these people."

.....

The first thing you need to do is to make up your mind.

He believed in the saying "if you don't enter a tiger's cave, you won't get a tiger's son", if you risk everything in your life, how can you become a legendary cultivator expert who walks against the sky?

However, before he could say anything, that "Elder Yuxin" walked over from afar.

As he walked, he looked at Ye Lu and said coldly.

"How about it? Ye Lu, do you dare to go in? If you dare to go in, I will let 'Mo Lian' take my position as an elder and make her an elder, while I will be a 'deacon', what do you think?"

"If you don't have the guts and are a wimp, then get lost!"

As soon as he had finished speaking, everyone glared at the "Pill Garden Elder", they had already had a problem with his vindictive character, but since the "Alliance Master" had not shown up for a long time, there was nothing they could do about him.

Then, the Pill Garden Elder looked at the Pill Xin Elder and said coldly.

"You don't know that Ye Lu's coming to our sect is a great thing, can you provide the recipe for those 'Saint Grade' pills that he can make? Do you know the significance of the 'Saint Grade' elixir recipes to our clan?"

“Also, you have seen the pills Ye Lu refined before, you know that kind of medicinal effect, can you know the recipe for that kind of pills?”

Everyone else also turned towards him and verbally attacked him.

However, the “Pill Elder” was unmoved, and he said coldly.

“This is the way I work, no matter what you say, but I am still one of the ten elders, what can you do to me?”

This was a good opportunity for him to take revenge, although he could not give Ye Lu substantial harm, he could suppress Ye Lu.

However, to his surprise, Ye Lu actually smiled and said.

“Good! You remember what you said, don’t back out when the time comes, I’m waiting for the moment when you call me elder, everyone, wait for me to come out.”

After saying that, Ye Luo walked towards the entrance of the “Fire Cave” with a big stride.

Seeing this scene, the crowd shouted, but Ye Lu ignored it, because that wonderful feeling of summoning made him a bit desperate.

After that, everyone saw Ye Luo’s figure disappear into the “Fire Cave”.

The “Fire Cave” was also a secret realm according to everyone’s judgment, but of course, no one had ever entered it, so they didn’t know the exact situation inside.

Like the nameless beast’s egg, the Fire Cave was also an enigma in the Pill Alliance, no one knew what was inside.

In fact, no one knew what this “Fire Cave” was for. Since when, everyone had been using this place as a place to deal with prisoners, but no one knew why there was this “Fire Cave” and what was inside it.

“Hey! Still too young and impetuous!”

“Do you think Master Ye Lu will really come out again?”

“I don’t think so, even an expert as strong as the Supreme Elder has entered here without returning, how can he possibly come out with such a small amount of cultivation?”

“But didn’t you see the seven-coloured flames Master Ye Lu used just now, who can use this thing, it shows that Master Ye Lu is at an extraordinary level!”

“He’s not an undead bird reborn in a bath of fire, is he?”

.....

While everyone was discussing, the people of the “Grinding Clan” were walking in unison towards the exit of the “Fire Cave”, obviously, all of them believed that Ye Lu would definitely be able to come out.

Moreover, everyone’s expressions were not the least bit worried, as if they were certain that Ye Lu could come out.

Seeing the performance of the Ink Lotus Clan, everyone shut up at the same time, because this unconditional belief had an inexplicable shocking power.

Only after the Mo Lian clan had gone for a long time did the crowd resume talking again.

“I suddenly feel that Master Ye Lu might be able to perform a miracle, at least those big-breasted girls believe in him.”

“It’s not impossible, after all, are miracles just waiting for people to create them.”

At this time, the “Medicine Garden Elder” suddenly said.

“Do you guys ever think that this ‘Fire Cave’ is perhaps waiting for a destined person to appear, could there be some kind of amazing treasure hidden inside?”

No one in the crowd answered this question, because no one knew the truth.

There was only one person who knew the truth, and that was Ye Lu, who was walking inside the Cave of Fire.

The moment he walked into the Fire Cave, Ye Luo felt an endlessly violent and bloodthirsty aura, and he could feel a terrifying flame aura emanating from the air.

This was truly a world of fire, flames were everywhere, even the stones were emitting terrifying flames.

And at the same time, the entrance behind him disappeared instantly.

“It really is a terrifying world!”

Ye Luo looked at this world where even the trees and grass were flames and couldn’t help but lament, and following that, he saw a huge fire bird in the air let out a loud and clear cry before flying off into the distance.

“Ordinary people can’t really walk out of here after coming in!”

Seeing this scene, Ye Lu once again lamented.

He found that the flames here were not just some kind of flames, but he felt that this was a world of “all flames”, and he could feel the different properties of the various beast flames, and the colours of these flames were also different, and some of the green flames turned into big trees that really looked like that.

Following that, Ye Lu closed his eyes and began to feel the thing that was calling him.

The endless murderous Qi was like a stream of water rushing towards Ye Luo, and in the depths of the “Fire Cave”, which was far away from Ye Luo, a naked woman sitting on her knees suddenly opened her eyes, and two terrifying scarlet flames lit up from her eyes.

Chapter 433

“At last!”

The woman with scarlet eyes, while emitting scarlet flames all over her body, said slowly, while she then waved her hand.

Two huge fire beasts flew over.

The black one had a hideous face with horns and a mouth full of sharp teeth, as if it was a devil coming out of hell, while the other white fire beast was a female figure, delicate and wonderful, with a kind face, but both were made of flames and emitted a terrifying aura that destroyed the sky and the earth.

“The usual rules, go ahead!”

The two fire beasts, hearing the woman’s words, flew towards the outside without hesitation, and outside the room were countless white bones piled up around the house, and there was no telling how many people had actually died here over the years.

He released the “Heavenly Vine” and wrapped his body around it, then let one of the vines of the “Heavenly Vine” hold the arrow of the “Sunset Arrow”, while the other vine carried the “Burning Heavenly Furnace”.

Fortunately, Ye Lu had been wearing a soft armour before he came here, but he did look a bit strange with the countless vines wrapped around him now.

However, he couldn’t care less about his image, if he couldn’t get out of this hellish place, he would have to die here.

He could clearly sense the danger here, and some of the things he could not handle even if he was at full strength.

“Alright, this is the direction.”

Ye Luo snapped open his eyes and looked in a certain direction, where the feeling of summoning was the strongest.

Following that, Ye Luo took a big step in that direction without hesitation, and that assuredly was exactly where the woman with the scarlet eyes was.

However, before he could go far, Ye Lu suddenly heard someone shouting “Help!” not far away. The sound of a voice.

“There’s someone here!”

This took Ye Lu by surprise.

However, on second thought, this situation might not be impossible. It was indeed difficult to survive here, but if one’s cultivation level was high enough and one’s resistance was strong enough, and if one carried a large storage ring or a small world like the “One Leaf Bodhi”, a treasure that could grow things, one might really be able to survive here for a long time.

Of course, more importantly, according to the “Pill Garden Elder”, almost all death row inmates would choose to enter this place, because they are all going to die anyway, and dying here is obviously a better choice.

With a population of close to ten million people, all of whom are very powerful fighters, it is very easy for murders to happen.

So, the number of criminals entering the area is considerable.

However, despite the fact that so many criminals had entered the place and were well prepared, none of them could get out alive.

“Go check it out!”

Ye Luo darted towards the place where the sound came from, and as a result, he found that it was really a woman being chased by a fire beast.

However, fortunately, this “fire beast” was not very strong, and Ye Lu felt that he could barely handle it.

The reason why he felt that he was not sure was because the information from the “glasses” told Ye Lu that these “fire beasts” were not real demon beasts, but something like “spirit puppets”, to put it plainly, these guys were not living creatures and did not have their own souls, so he could not see their cultivation level, but could only judge the level of combat power from the aura they gave off.

“Brother, help me!”

When she saw Ye Luo appear, the woman dashed over.

Ye Luo saw that the woman was wearing a simple lady’s defensive armour on the upper half of her body, and it was of a good grade, a “Heavenly-ranked magic treasure”, which was basically enough for someone like her at the “Ninth Turn of the Golden Dan” realm.

“Go!”

Ye Luo did not hesitate to rush over and unleashed the “Red Lotus Flame”, which did not seem to need the fusion flame to deal with this guy.

“Boom!”

The fireball of “Red Lotus Flame” instantly sent this guy flying, but, to Ye Lu’s surprise, this thing was not smashed into pieces as Ye Lu had expected, it was only knocked out and weakened.

“Sh\*t! So resistant to hitting!”

Seeing this scene Ye Lu frowned, however, that guy also seemed to understand the power of Ye Lu’s Origin Fire, so he stood there and gave a strange cry of anger and did not charge up again.

“Many ..... many thanks, my name is Si Nuo, I came in a few years ago because I killed someone.”

The woman didn’t hide it, because those who entered here were all death row inmates, so she looked at Ye Luo once she reached him and asked.

“What did you come in for?”

Ye Luo said as he surveyed the woman.

“I came in on my own, I have a piece of armour here, you put it on first.”

This woman was only half dressed although it was eye catching, but it did look a bit indecent.

Only when she saw Ye Lu take out the armour did she start putting it on with some embarrassment.

Ye Luo then continued to ask.

“Who did you kill and what’s going on?”

He intuitively felt that this woman didn’t look like a bad person, and as he asked, he also started to look up this woman’s profile on the fly.

“Killed my husband, the usual plot, keeping a mistress, domestic violence, but the real reason is because he tried to get our baby killed for the mistress .....”

The woman didn’t hold anything back, she said the same as what Ye Lu had seen on the synopsis.

And to Ye Lu’s some surprise, their child Ye Lu also knew, it was the same beautiful woman who was said to be alive and well who was responsible for receiving Ye Lu at the beginning, at this moment, Ye Lu also understood why that child had to rely on beauty to survive.

However, just at this time, Ye Luo saw from one side of the fire forest came out a fire beast that looked similar to the one he had just fought, followed by, another, another, one .....

In an instant, a dense mass of hundreds of identical fire beasts appeared.

“Gollum!”

Seeing this scene, Ye Lu couldn’t help but swallow his saliva as well.

“This Dude is too pitiful.”

Just now one of Ye Lu’s strikes failed to kill, this time there was actually such a large push, how could Ye Lu not get a headache, and what was even more pitiful was that this wasn’t all, more fire beasts were burrowing out of the fire woods in dense numbers.

“Is it necessary to make such an exaggeration?”

Ye Lu muttered darkly, followed by grabbing the woman and preparing to take off.

“Don’t ever fly, it’s over if you do.”

Seeing this scene, the woman said quickly without even bothering to lift her trousers.

“The target in the air is too obvious, and there is a terrifying black fire beast, a previous Supreme Elder was killed by flying up and then by a single blow from that thing.”

Hearing the woman’s words, Ye Lu couldn’t help but swallow his saliva.

It was said that a “Supreme Elder” could only be a “YuanYing realm” monster, and to destroy such a monster with a single blow, how strong was that black fire beast?

So, Ye Lu quickly nodded and said.

“Okay, I’ll do as you say.”

The woman quickly lifted her trousers and said.

“Today is indeed too evil, it’s also the first time I’ve seen so many fire beasts appear, let’s run towards this side, there might be a ray of hope.”

The woman pointed in a direction, and just as she finished speaking, Ye Lu quickly carried her and ran wildly in the direction she said.

At the same time, he also saw many “fire crows” flying up from the surrounding fire forest, while there were loud and clear bird calls coming from the air.

“F\*ck, all this noise won’t bring that black monster thing here, will it?”

Seeing this scene, Ye Lu couldn’t help but mutter in his heart.

Of course, what was even worse was that he saw that from among the endless “fire beasts”, a few of them with terrifying shapes and powerful scents had already rushed out of the herd and charged towards him.

“This is going to be the end!”

Ye Lu muttered helplessly in his heart.

#### Chapter 434

“This side!”

The woman on Ye Luo’s shoulder pointed to the side and said.

Ye Luo didn’t know what was on that side either, so he could only run wildly towards the side in an emergency, because the “tide of beasts” behind him would soon catch up with him.

Especially the fastest fire beasts in front of him, they were too fast, so if they got tangled up with him, he would be in big trouble.

This side of the valley was just convenient for hiding people.

“Handsome, there is a place in the valley where you can shelter, however, it can only hold one person.”

The woman said quickly over Ye Lu’s shoulder.

“I won’t be able to get out, there is still hope for you, help me take care of my daughter when the time comes, please!”

Hearing the woman’s words, Ye Lu did not doubt it, because it was obvious that with this woman’s cultivation level, she must have so relied on if she wanted to live in this world for so long, otherwise, she could not have lived for years.

This was something that Ye Lu had guessed before.

However, only one person could be accommodated, this would indeed be a bit of a pitfall.

“No matter what, let’s go over there first.”

Ye Luo dashed into the valley and then took the first “Explosive Yuan Dan”, if he didn’t speed up he would be caught up by the huge “Fire Beast” behind him.

“Phew!”

When he saw Ye Lu enter the valley, the nearest Fire Beast spat out brown flames, and the flames rushed in through the valley entrance like a huge wave.

“Damn it!”

He quickly adjusted his posture, hugged the woman to his chest and wrapped the vines around her, just like carrying a cocoon of insects, and then the wave of fire crashed into Ye Lu’s back.

“Thank you, you don’t have to fight so hard for me, there is only one way here, you can find the place without me, listen to me, run to the middle of the valley, on the right hand side there is a mark in the shape of a palm, just put your hand on it and you can teleport in.”

“Put me down, there’s no one there anyway, I’ve just died, but for this little bit of time before I die, can you tell me about my daughter?”

The woman’s voice was a little gloomy, clearly she wanted this child she had traded her life for to have a better life.

However, Ye Lu did not say anything about her daughter’s situation, but quickly asked.

“Which Elder are you under, and does this matter have something to do with the grandson of ‘Elder Yuxin’?”

Ye Lu suddenly understood why the grandson of the ‘Pill Xin Elder’ would speak ill of himself, it wasn’t because he was used to playing around, most of it had something to do with this woman’s daughter.

Sure enough, the woman said with some surprise.

“Indeed it has to do with ‘Elder Pill Xin’, my husband just wants to give me and my daughter to that ‘Elder Pill Xin’s’ grandson to please ‘Elder Pill Xin’.....”

Hearing the woman’s words, Ye Lu sighed silently in his heart, because, it looked like the thing this woman least expected to happen was afraid to happen after all.

At this time, from afar, Ye Lu had already seen the hand seal this woman was talking about.

So, she quickly said.

“In a moment, stay honestly and wait for me to come back to pick you up and go out together to take revenge!”

With those words, Ye Luo then quickly pulled out the woman’s hand and pressed that handprint.

The woman instantly disappeared from Ye Luo’s arms.

Then, Ye Lu quickly turned around and saw a blue fire beast had already rushed into the valley, so close that he could even see the terrible fangs in the mouth of the fire beast.

The other Fire Beasts were a little slower, but they had also rushed into the valley. Ye Luo saw that the Fire Beasts were coming in from the far side of the valley, and many of them had run up the slopes and even the top of the cliffs because the valley was too small.

“Day, what the hell is this, am I that tasty?”

Ye Lu was also dumbfounded by the scene in front of him.

He didn’t think he would be so popular, so he swallowed his third Explosive Elemental Pill, without the woman, and at the same time took an additional Explosive Elemental Pill, so Ye Lu’s speed picked up again, and he ran wildly towards the other side of the valley.

However, what he didn’t know was that from the mouth of the woman who had just entered the chamber, white flames slowly flew out and then coalesced into a white flaming monster.

This flame monster was one of the two people beside the woman with the scarlet eyes before.

At this moment, on the other side of the valley, the black flame monster was gathering “fire beasts”, and endless “fire beasts” were rushing in from the opposite side of the “valley mouth”, covering the sky.

Ye Lv had not been running wildly for long when he saw the situation in front of him, the same tide of Fire Beasts blocking the way.

“Holy sh\*t!”

Ye Lu was also shocked by this scene, because he had just judged that he should have some hope of getting rid of these pursuers with his speed, but he had never thought that there was still a blockage ahead!

“Sh\*t, there’s no way out, let’s fly!”

Thinking of this, Ye Lu flew violently, however, there were already seven fire phoenixes of different colours waiting for him in the air.

“Hoo!”

The moment he flew up, flames of various colours spurted wildly towards him.

“Day!”

The level of these seven fire phoenixes was too high for Ye Lv to resist, so he had only one solution, he quickly released a white flame defence shield that could wrap around himself.

These white flames were also Ye Lu’s strongest flames, a combination of the three origin flames, so they instantly blocked the seven-coloured flame attacks.

Following that, Ye Luo saw the terrifying beast covered in black that the woman had just described.

From the aura emitted by that black fire beast, Ye Luo understood that he was afraid that he was just an ant in the other party’s eyes, and that he had no chance of winning against the other party.

Let alone it, each of these seven fire phoenixes could crush Ye Luo.

“What kind of a world is this?”

After seeing that black fire beast, Ye Luo couldn't help but lament, and at the same time, he finally understood why so many great powers couldn't get out even after entering.

It wasn't that our army was incompetent, it was that the enemy was too terrifying!

Following that, the black fire beast then looked at Ye Luo and said.

“Actually possessing three kinds of origin fire, really good, I've decided to give you a chance, if you can grasp it, I'll take you as my little brother and become part of the 'Demon'.”

Hearing these words Ye Lu was moved for a moment.

Anyway, it was better to die a good death than to live, and sometimes it was nothing to bow down, but, following that, he understood that this matter was not that simple.

Because, after that black fire beast finished, a group of fire beasts appeared with many men and women.

Ye Luo looked at them and saw that they had all entered this “Fire Cave” from the “Pill Alliance” at different times and, to Ye Luo's surprise, they were all wrongly accused.

After that, the black fire beast looked at Ye Lu and said coldly.

“Come on, kill these people as a 'cast' and I'll make you a 'demon', just like them, I'm waiting for your answer.”

As he spoke, other men with hideous faces began to appear, and yes, these were also sinners from the Pill Alliance, but these were truly evil men, as evil as they were.

Ye Luo understood the meaning of “to join”, that is, to kill a person in order to join a certain organization, and use that person's head as a door knocker.

Ye Luo looked down at the people who were waiting to be slaughtered, each with a different expression, but Ye Luo could see their desire to live and their helplessness.

So, without any hesitation, Ye'luo turned to the black fire beast and said.

“My reply is, I'll go to your sister's 'cast'!”

With those words, Ye Luo then violently charged towards the black fire beast, he knew he didn't have any chance, but, it was to die Ye Luo decided to fight and die.

To be honest, he had thought about many ways to die, and this death was currently the one he was more satisfied with.

“I'm sorry, Liu Mei, Old Sister, Silky Rain, Shi Qi, Flying Snow .....”

The only ones who were a bit sorry were these women.

“If you die under the peony, you'll be a ghost! Peonies, I'll go first!”

Ye Luo muttered helplessly in his heart as, he saw that the black fire beast had opened its mouth wide and terrifying black flames spurted out wildly towards Ye Luo, the strongest white flames he had released collapsed in one blow in front of his opponent, following which, the terrifying black flames enveloped Ye Luo.

Death had descended!

Chapter 435

Ye Luo did not know what death tasted like, as he had never died either and had little experience, he only felt a blackness before his eyes, followed by nothing, at least he felt that death did not hurt that much.

Following that, Ye Lu's eyes slowly opened.

After his eyes opened, Ye Lu found that he seemed to have entered another space, as there were no more flames or that scorching feeling here, instead, he felt that all around him was moist, with faint white smoke floating everywhere, and the sound of water, as if it was a fairyland on earth.

"What the hell is this place?"

He quickly looked around, followed by his eyes going straight as he saw a scene that quite surprised him, he saw naked women all around him, as well as pools of water, wine, all kinds of things to eat, aromas everywhere, and beautiful music .....

"Is this place heaven?"

Leaffall muttered darkly.

"Looks like I'm still a good person, I didn't go to hell after I died, and, holy sh\*t, this paradise is too beautiful, with pools of wine and beautiful women!"

Ye Lu looked at the beautiful scenery, and his nose could not help but bleed out again.

At this time, a woman with scarlet eyes slowly walked out of the white mist, this woman could be described with the words "gorgeous", she was really too beautiful, although her figure was not as exaggerated as Liu Mei's, but her flirtatious aura far surpassed Liu Mei.

"Welcome to the 'Heaven Beyond Heaven' of the 'Six Desires', this is the 'Heaven of Ultimate Bliss', you can do whatever you want here, this is also your blessing in life, I am the 'Venerable One' of the 'Heaven of Ultimate Bliss', you can call me 'Venerable One of Ultimate Bliss', if you have any orders, just mention them to me, I will naturally satisfy you. "

The woman's voice was exceptionally sweet, hearing her voice made one's heart start to surge, especially when coupled with the woman's figure, Ye Lu felt that he couldn't stop his nosebleed.

He licked his lips, and then looked at the "Venerable Pole" and said.

"May I ask your Holiness, how long have I been dead?"

The woman with the scarlet eyes smiled and said.

“You have been dead for twelve hours.”

When he heard her words, Ye Lu let out a sigh of relief, twelve hours was good, perhaps if he could get out, there would not be any delay, there was still a little time before the competition between the Yellow Emperor Clan and the Chi You Clan.

Then he wiped his nosebleed and looked lustfully at Venerable Bliss and said.

“That, ‘Venerable Bliss’, I want to choose to have fun with you, do you agree?”

The “Venerable One of Ultimate Bliss” smiled flirtatiously, then twisted her waist and walked over, putting one hand on Ye Lu’s shoulder and stroking his chest with the other.

“Of course I agree, what do you want? Handsome brother, slave can unlock all kinds of poses oh!”

With these words, the woman slowly raised one of her long legs all the way up to the side of her ear, just like a trained dancer, and this kind of middle door opening made Ye Luo’s fierce “snort!” Two streams of blood soared out of his nose once again.

Following that, he said.

“Then open your mouth and let me give you a kiss.”

The woman obediently opened her warm mouth, and Ye Luo brought his most over, followed by a mouthful of white bright flame rushing out from Ye Luo’s mouth into the woman’s mouth.

This scene caused the woman’s brow to furrow.

After that, Ye Luo realized that the strongest attack he had unleashed by concentrating all the flames, which was also his last attack, actually had no effect at all.

The woman rubbed her chin, then smacked her lips and said.

“The flames taste quite pure, I like it!”

Leaf Fall then said with a somewhat sad face.

“Alright, you win, I’m convinced, you want to rob a woman or do something to me, just go ahead.”

As a result, the woman gave Ye Lu a fierce slap and said.

“Come on, you sister! That hit just now hurt me to death!”

Ye Lu fell to the ground from the blow, and he couldn’t help but spit it out.

“Sh\*t! You can’t just rush even if you’re called ‘Venerable Ultimate’! Damn it, killing the baby!”

Then he saw the heavenly scene around him disappear in an instant, and the naked nymphs had turned into all sorts of “fire beasts”, the two most striking of which were a black “fire beast” and a white “fire beast”.

The black one with the hideous face was the one he knew, the one that had just beaten him to death.

The leader of all these “fire beasts” was the beautiful woman with scarlet eyes, but at this moment, her charming posture was completely gone, and Ye Lu felt a murderous intent from her body that could not be melted.

Seeing the woman’s attitude, Ye Luo then smiled and said.

“Hey, hey, you can hurt too, I thought you were so powerful that this attack wouldn’t hurt you at all.”

As a result, the woman glared at him and said.

“The attack of three origin flames fusing, of course it will hurt, it has nothing to do with being powerful or not, it’s the same as a mosquito bite on an ordinary human, even though it can be slapped to death with your hand, the bite still hurts, however, congratulations, you have passed the ‘Blazing God Blade’ test.”

Hearing the woman’s words, Ye Lu was taken aback as he looked at the woman in front of him and said.

“Lord Blade Spirit, you said that I have already obtained this ‘Blazing God Blade’?”

Ye Lu had heard of the “Blazing God Blade”, the day he heard Ren Yi and Ren Yao brothers mention the “Ten Ancient Fierce Armaments”, Ye Lu looked up the information everywhere, and among them was this “Blazing God Blade”.

According to the legend, this “Blazing God Blade” was a divine weapon that could kill even the ancient gods, and of course, this blade killed countless gods in the “Battle of Extinction”, but it was never heard of again.

Of course, what surprised Ye Lu was not that there was a “Blazing God Blade” here, but that he had passed some so-called test.

The reason was that when Ye Lu saw the woman with scarlet eyes in that “heaven” just now, he read her profile, and in the woman’s profile, it was written that the woman’s identity was written, so Ye Lu knew that she was not a “Venerable of Bliss” at all, she was the “blade spirit” of the “Blazing God Blade”, and her name was “Scarlet Queen”.

It was for this reason that Ye Lu tried to attack the woman from the inside, but it turned out that the difference was too great to be of any use.

However, after Ye Luo finished speaking, the Scarlet Queen shook her head and said.

“No, although you have been recognized by the ‘Blazing God Blade’ in terms of character, heart and battle power, it doesn’t mean that you have it, there is still one last test waiting for you, if you can pass this to fully recognize it.”

Hearing that there was still a test, Ye Lu frowned, but then the Scarlet Queen continued.

“In fact, this is not really a test, but a process that cannot be avoided if you want to obtain the ‘Blazing God Blade’, because in all these years, as the ‘Blade Spirit’, I have gathered endless ‘Fury Qi’, and when you identify yourself with me, these ‘fierce qi’ you will also bear at the same time, if you do not turn into a ‘murderous demon’ as a result, then congratulations, you have succeeded.”

Ye Luo then asked with a furrowed brow.

“What if it doesn’t work?”

“The Scarlet Queen smiled and said.

“If it doesn’t work, you’ve already gone mad anyway, you don’t have your own consciousness, so what’s the point of thinking so much about it?”

Hearing her words, Ye Luo was instantly black-headed.

However, in the end, he sat face to face with the “Fishy Red Queen” and each cut their palms, with their four hands facing each other, and began the final recognition.

Ye Luo felt the endless killing aura coming from the “Scarlet Queen’s” palm and began to invade his mind.

\*\*\*\*

The headquarters of the “Pill Alliance”.

The “Pill Master Teacher” was standing at the window of the central tower looking at the direction of the “Fire Cave”, Ye Lu had been in there for two days and there was no news at all, so she couldn’t help but worry.

This was not only because of the Pill to restore one’s youth for a short time, but also because of the complicated and turbulent situation within the Pill Alliance.

At this moment, Elder Yuxin suddenly walked in from outside and said.

“Pill Master, are you still waiting for that boy to come out? Tell me your decision, which side are you on?”

However, at this moment, Elder Pill Concubine saw that all the people from the Mo Lian Clan who had been guarding the exit of the Fire Cave suddenly stood up.

## Chapter 436

“He’s out!”

The “Pill Master of the Highly Complimented Pavilion” looked at the direction of the “Fire Cave”, because she really did not expect Ye Lu to come out of the “Fire Cave”, and she did not expect him to come out so quickly.

The moment before Ye Luo came out, the crowd saw a raging flame rise up from the entrance of the Fire Cave, followed by all the flames converging and disappearing, and then Ye Luo walked out.

The moment Ye Lu stepped out of the “Fire Cave”, everyone subconsciously stepped back, because everyone felt that they were not facing Ye Lu, but an ancient god of killing.

The woman in smoky make-up grabbed Lin Ruyue at once, while Miao Fengling hid behind her father.

And all the demonic beasts and animals within a kilometre radius around this area fled away in all directions at the same time.

The first was that Ye Lu's eyes had been closed since he came out, and the other was that the "Fire Cave", which had never been extinguished, had actually gone out.

"What happened in the 'Fire Cave'?"

"I don't know, it feels like Ye Lu is completely different from when he went in."

"Yes, where are the people who went in before?"

"They should all be dead, ask Ye Lu later."

.....

The people waiting at the entrance of the Fire Cave were all from the Mo Lian Clan, who had been taunted over the past two days, especially by the grandson of the "Pill Xin Elder", who was called Ximen Youxi, "Ximen" was also the original surname of the "Pill Xin Elder", but no one had ever called him by his first name.

This "Ximen Youxi" definitely has the bloodline of their ancestor, "Ximen Qing", and is so cheap that he has become obsessed with these big-breasted female disciples of Mo Lian, and is unable to stop himself.

To avoid being harassed by him, Lin Ruyue had wrapped herself up tightly, but, unfortunately, her dimpled lines were just as inviting to crime.

However, compared to this Ximen Youxi's entourage, Mo Lian and the girls are still too weak. Ximen Youxi is nothing, although he has the cultivation level of "Golden Dan 2nd Turn", he is actually just a straw man, even Mo Lian can beat him, but none of his bodyguards are easy to beat.

So, without any backing, the Mo Lian Clan could only choose to hold their breath and wait quietly for Ye Lu to come out.

When everyone saw that Ye Luo quietly did not open his eyes and did not say anything, they did not say anything either, but just watched Ye Luo quietly.

At this time, Simon Yau Hei, however, walked over once again.

"Huh! That kid actually came out!"

Of course he saw Ye Luo standing in front of the "Fire Cave" with his eyes closed.

The moment he saw Ye Luo, he was also taken aback because he also felt the difference in Ye Luo, but when he looked at the bodyguard beside him, he had a feeling in his heart.

Although they were both beaten by Ye Lu last time, Ximen Youxi knew very well that it was because he and his father were actually both straw men.

Seeing that Ye Lu did not move, Simon You Xi became even bolder.

He looked at Ye Luo and said with a cold smile.

“Sh\*t! Why are you standing there motionless and pretending to be a pussy, playing poser with me right, believe it or not I’ll beat you up.”

Ye Luo ignored him and instead said indifferently.

“Mo Lian, tell everyone not to look at my eyes, I’m about to open them!”

Hearing Ye Luo’s words, Mo Lian hurriedly instructed down towards his group of disciples, and of course, all of them listened to Ye Luo and Mo Lian.

However, Ximen Youxi did not put Ye Lu in his eyes as he looked at Ye Lu and said somewhat playfully.

“Sh\*t! I didn’t expect you to be so good at pretending, so open your eyes! You do open them instead! See if my men don’t gouge your eyes out, my surname is not Ximen.”

At this moment, the “Pillow Elder”, who was watching the scene from a distant tower, cried out in disbelief.

Although he could not hear what everyone was saying at the entrance of the Fire Cave, he understood that with Ye Lu’s character, if Simon You Xi dared to provoke him, he would definitely dare to kill him.

“No, I have to hurry over there!”

As he thought of this, he rushed forward, and as he did so, he drew a circle in the air with his hand, and a circular flame was released, and a circle was cut out of the glass.

As he flew, he shouted.

“Ye Lu, how dare you!”

Ye Luo said indifferently.

“What do I dare not do, just kill it!”

Following that, Ye Luo opened his eyes.

All those in front of him who saw his eyes stopped moving instantly, some of them started to mumble and retreated, while some others just stood there as if they were dumb.

The next thing you know, there were screams of horror, some covering their heads, others clutching their chests, and others falling to the ground.

And Ximen Youxi was one of those who fell directly to the ground.

In fact, strictly speaking, Ye Lu’s attack was not a “spell” attack, he did not use any moves, but he could not fully digest the “killing qi” in his body, and these “killing qi” had to find a place to be released, so a terrible mental shock was formed.

This kind of shock is not a big problem for people with strong willpower, but for people with weak willpower, they will be scared to death alive, and Ximen Youxi is a good example.

“Ye Lu, you .....

At this time, that “Pill Xin Elder” also flew over, seeing his precious grandson fall to the ground, he couldn’t help but yell out, but before he could finish yelling, Ye Lu looked up at him.

This glance caused him to hold back his half spoken words, and following that, he subconsciously stepped backwards in the air, because those eyes of Ye Luo made him instantly to fear as well.

“Do you have any comments?”

Ye Luo looked at “Elder Yuxin” and said coldly.

“Everyone is watching, I took one look at him and he died, so what does it matter to me if I can’t even open my eyes?”

Hearing Ye Luo’s words, “Elder Pill Xin” glared at Ye Luo and said.

“You ..... you ..... you ..... you .....

After he said “you” three times in a row, he didn’t know what to say next.

Ye Luo continued to look at him and said.

“You what you, now you have to call me ‘Elder Ye Lu’, have you forgotten the rules of the ‘Pill Alliance’? Deacon Ximen Wuji.”

“Ximen Wuji” was the real name of the “Pill Xin Elder”, however, according to the previous agreement, he was no longer an elder, because as soon as Ye Lu you came out, he would first be squeezed out of the “Ten Elders” position, and at the same time, his position as an elder was also lost, and he had to swap with Mo Lian, and Mo Lian was appointed as a deacon.

Although “Ximen Wuji” was very reluctant, he finally bowed reluctantly to Ye Lu and said.

“Greetings, ‘Elder Ye Lu’.”

Ye Lu smiled and said.

“Well said, well said, but it’s not over yet, I still have some cases that will involve your father and son, so Deacon ‘Ximen Wuji’, stay here, I’m going to review these cases here, right, someone help me to get ‘Ximen Wuji ‘ Deacon’s son too, bring him to me, he can’t get away with this matter either.”

Hearing Ye Luo’s words, someone immediately said quickly.

“I respectfully obey ‘Elder Ye Lu”’s command.”

Following that, there were several people who flew into action.

“Simon Wuji” stared at him and wanted to say something, but he suddenly realised that his words of intimidation and threat would not have any effect on Ye Lu, because Ye Lu obviously did not belong to any power at the moment, he was just a fool and did not know how deep the water was.

So, “Ximen Wuji” looked at Ye Lu and said coldly.

“Elder Ye Lu, you said there is a case related to me, I am curious to know what kind of person dares to sue me.”

As a result, Ye Lu quickly raised his hand and a large group of people “Hullo!” All of a sudden, they appeared in front of the crowd.

#### Chapter 437

The Scarlet Queen had actually told Ye Lu that they had not killed all the people who had entered the Cave of Fire, but had conducted soul searches.

Therefore, the Scarlet Queen knew the memories of these people very well, and because of this, she tried to keep the good people alive for as long as possible, but, of course, many of them died because the Cave of Fire was not suitable for survival.

The reason why everyone could not leave was not because the Scarlet Queen did not put it in, but because the only person who could do so was the owner of the Blazing God Blade, and the Blazing God Blade had been unable to claim ownership, so everyone who entered was only able to enter but not leave.

However, even if he had claimed ownership, it would still be difficult for Ye Lu to release people, because he could only release people below his own level, or slightly higher, such as the “Great Elders”, which Ye Lu could not release at the moment.

“Otherwise, release a ‘Supreme Elder’ to scare you all.”

Ye Lu secretly muttered.

“They were all in the terrifying secret realms found by the Pill Alliance, and only those terrifying secret realms could allow these experts to progress.

In fact, there are secular records of the “Thirty-six Caves of Heaven” and “Seventy-two Blessed Lands”, but the secular records of these places are in fact the secret places on earth, for example, the place where the Pill Alliance Headquarters is located is one of the “Thirty-six Caves of Heaven”, the “Dongyue Taishan Cave”, also called the “Pengxuan Cave of Heaven”.

“However, there were many Supreme Elders who had fallen into the Blazing God’s Blade, thinking that for them, challenges were the right way to progress, so there were many who had challenged the Cave of Fire.

When they saw the sudden appearance of these people, many of the onlookers were surprised.

“Mo Lian” looked down at Ye Lu and asked.

“Master, can I see you now?”

Ye Lu shook his head and said.

“Don’t look at me for the moment, step aside, I’ll take care of this.”

Although the “fierce qi” was strongest when he opened his eyes, Ye Lu’s eyes were still in a “scarlet” state, and it was estimated that this state would last for a long time, more importantly, the “fierce qi” was not yet in a state that Ye Lu could control.

Hearing Ye Lu’s words, the people of the “Mo Lian Clan” walked to the side.

In fact, Ye Lu was touched by these big-breasted girls of the Mo Lian Clan, but at this moment, he was like a “god of killing” possessed, and could not see the slightest tenderness at all.

After Mo Lian and the others ducked away, Ye Lu looked at Simon Wuji and said.

“Deacon Ximen, you should be familiar with all these people, right?”

“Hmph!”

“Simon Wuji” snorted coldly, but his heart was filled with shock, he didn’t expect Ye Lu to be able to get the people who had gone into the Fire Cave out again, to be honest, he had sent many people to the Fire Cave in order to eliminate dissidents and to help his son and precious grandson wipe his ass.

Sure enough, the woman led by the woman came forward and began to list the crimes of “Simon Wuji” and his son and grandson.

Soon, the woman’s daughter, the one who had been responsible for receiving Ye Lu, also came running over.

When she saw that her mother was still alive, she couldn’t help but run over and hug her mother and cry, and many other people’s families also came, and there were cries everywhere.

That daughter cried for a while before her mother then asked.

“Have you been well since I left?”

The daughter looked up at her mother with her face full of tears and said.

“Mom, they are simply animals, after you left, that ‘Ximen Youxi’ forced me to sleep with him, I resisted to death, he threatened me, saying that I should go and receive other people, I know, my cultivation is too low and I have no chance to kill him, but, I can’t die, even if I go and sleep with other men I have to try to get their resources to improve myself, I want to avenge you, I want to kill the ‘Ximen Youxi’ family .....

At the end of her sentence, her eyes were already as red as they could be and she was gnashing her teeth.

Ye Lu sighed somewhat helplessly, only now did he fully understand the true thoughts of this seemingly charming woman, it turned out that everything was pretend, I’m afraid only she knew the bitterness in her heart.

So, Ye Luo sighed and said.

“Sister Ruhua, you should join our ‘Mo Lian clan’, Mo Lian take this disciple.”

After saying that, Ye Luo looked at the direction of “Ximen Wuji” and said.

“Your revenge, no, the revenge of all of you, I will avenge it for you today!”

Hearing Ye Lu’s words, Ruhua realised that Ye Lu had saved her mother and killed “Simon Youxi”.

She didn’t even bother to wipe the tears on her face and quickly ran over to hug Ye Lu.

Ye Luo quickly closed his eyes, Ruhua's cultivation level was too low, plus his mind had already suffered a major blow, if he saw his own eyes again, Ye Luo didn't know what would happen.

Following that he felt Ruhua's enchanting body hugging him, not to mention, Ruhua's figure was really good, Ye Lu gently patted Ruhua's back, then said softly.

"Go, from now on, Mo Lian is your master, we'll cover you if anything happens, don't worry."

After Ruhua left, Ye Lu then looked at "Ximen Wuji" and said.

"Deacon Ximen, do you have anything to say about the accusation and the evidence you just made?"

As a result, "Ximen Wuji" denied it.

"What a load of nonsense, it's all just a falsehood."

Seeing that he had shrugged off everything, the onlookers all showed their disdain and anger, but they did not dare to say anything because "Ximen Wuji" was not just one person, he represented one of the "Ten Elders", and it was quite dangerous to go against him.

At this time, his son "Ximen Jian" was brought over by the others.

Ye Lu ignored "Ximen Wuji" and turned his attention to "Ximen Jian".

The fact that "Ximen Wuji" was able to achieve what he had now meant that he was still quite good in all aspects, so it was not possible to subdue him at once, but his son was very unpleasant and was a good target for him.

"Simon Jian, do you admit the charges against you or not."

After the crowd made their accusations against "Simon Sword", Ye Lu opened his eyes and looked at "Simon Sword" and asked.

"He was already shivering when he saw the corpse of "Simon Yau Hei", and when he saw Ye Lu's terrifying scarlet eyes, coupled with the "fierce aura" released by Ye Lu, he immediately shivered. "When he saw Ye Lu's terrifying scarlet eyes, coupled with the "fierce aura" released by Ye Lu, the bastard was instantly frightened and pissed. He knelt down on the ground and said.

"Yes! I did it, I killed her husband, I dominated her daughter, and I also caused this child's father to die ....."

He immediately confessed to all kinds of crimes, including many things that his father "Ximen Wuji" helped him to wipe his ass for.

When he saw that he had confessed completely, Ye Lu looked at "Ximen Wuji" and said coldly.

"Deacon Ximen, what else do you have to say?"

"Ximen Wuji" said coldly as he glanced at his indisputable son.

"It's all a conspiracy, you must have just done something to my son, that's why it happened, moreover, I can't just forget about you conspiring against me like that."

With his words, Ye Lu saw that from behind you, many disciples of the Pill Alliance and even other elders were coming towards this side, it seemed that Simon Wuji was ready to take a hard line.

Seeing this scene, the Mo Lian Clan, the Pill Highly Commended Elders and many others all frowned and sweated for Ye Lu.

He was now fighting against Ximen Wuji, a major power that had been in the Pill Alliance for many years, with his own strength, and the situation looked a bit bad!

“Ye Lu, you’re still a bit young to play with me.”

“Ximen Wuji looked at Ye Lu and said coldly.

However, Ye Luo laughed and said.

“You want to compete with me, I’ll show you what despair is!”

As he said that, an exaggeratedly shaped scarlet long knife appeared in Ye Lu’s hand, and at the same time as the long knife appeared, countless “fire beasts” appeared densely behind Ye Lu.

## Chapter 438

The number of these “fire beasts” was simply too large, spreading out from behind Ye Lu as if there were no borders, and some houses were set on fire because of the appearance of the fire beasts.

Seeing the sudden appearance of so many “fire beasts” emitting a terrifying aura, “Ximen Wuji’s” pupils dilated, this scene was completely out of his expectation, not only him, those who came to his aid were also shocked by this scene, because many people could feel that these “fire beasts” were not just some cats and dogs, each of these guys had the cultivation level of “Ninth Circle of Golden Dan”.

“Brothers, let them know what it means to have many people!”

With Ye Lu’s words, all the “Fire Beasts” roared in unison.

This roar shook the heavens and the earth, as if the entire “Sacred City” of the “Pill Alliance Headquarters” shook.

Many people were scared by this roar and sat down on the ground.

Seeing this scene, the “Pill Garden Elder” and the “Pill Garden Elder” also showed frightened expressions, because they suddenly realised that if Ye Lu let these “Fire Beasts” go on a killing spree, he was afraid that the “Pill Alliance” would be in danger.

Of course, many people were looking at the long scarlet knife in Ye Lu’s hand, which was emitting an endless “fierce aura”, and they felt that the knife was staring at them as if it was a living beast, which made people feel a little chill in their hearts.

Then, Ye Lu turned to look at “Ximen Wuji” and said.

“Ximen Wuji, Ximen Jian, I pronounce you guilty as the ten elders of the sect.”

As a result, "Ximen Wuji" said with a cold smile.

"Humph! What can I do if I am found guilty? I would like to see who dares to execute us. I tell you clearly that we have killed more people than that.

After "Ximen Wuji" finished speaking, no one dared to say anything.

This made Ye Lu feel a bit surprised, it seems that the water here seems to be very deep, Ye Lu did not think that "Ximen Wuji" was the strongest among the "Ten Elders", he saw that those who were much higher than him were the "Pill Garden" and "Pill Premium" Elders, in fact, at the beginning, he had some doubts why "Ximen Wuji" would become one of the "Ten Elders", in Ye Lu's opinion, he should not be qualified for this.

Now it seems that this guy should have some kind of backing, that's why he is so emboldened, and the reason why the others are so afraid of him is probably the same reason.

Seeing that no one dared to speak out, "Ximen Wuji" was satisfied with the result, and he smiled and said.

"I've done a lot of things in the Pill Alliance, and no one has ever dared to say a word against me."

When he said "Bullshit 'Ten Elders'", Ye Lu saw the "Pill Garden Elder's" face twitch a little but did not dare to say anything.

However, just when everyone thought that there was nothing more Ye Lu could do, Ye Lu laughed.

"I've said more than once that I hate it when people pretend to be pussies in front of me, but unfortunately there are always people who want to pretend to be pussies in front of me, so to tell you the truth, to deal with this scum like you, I alone am enough."

As Ye Lu said that he slowly raised the scarlet long knife in his hand.

All the dark red patterns on the long blade then lit up in white at the same time, and the endless flame aura rose up to the sky pushing all the weak cultivators around Ye Lu into the distance.

"What kind of weapon is this?"

"What a terrifying thing!"

"Could it be something obtained from the 'Fire Cave'."

.....

The "Blazing God Blade" had been suppressed in the "Fire Cave" for too many years, and when it saw the light of day this time, it was already excited, plus it was originally a blade made for killing, so it had the aura of going crazy after being urged by Ye Lu.

Ye Lu's eyes also began to turn bloodshot.

However, seeing this scene, "Simon Wuji" did not panic too much, because he knew very well that even if he was not good enough, he was so much higher than Ye Lu that he did not think Ye Lu could have any decent chance to kill himself.

Immediately after, Ye Lu's slash slashed down, and the man rushed through the air after him.

The white flames tumbled and this slash was full of power, but of course, Ye Lu's real killer was not this slash, this slash was indeed powerful, coupled with the sharpness of the Blazing God Blade, if the blade really touched "Simon Wuji", Ye Lu was confident that one slash would kill him.

However, the difference between their cultivation levels was too great, and under normal circumstances, "Simon Wuji" would definitely not give him such an opportunity.

Ye Lu's real killer was the endless "Fury Qi" on the "Blazing God Blade".

The "Fury Qi" on the blade was much heavier than the one in Ye Lu's eyes, so before the flames and the "Blazing God Blade" arrived, the "Fury Qi" arrived first.

Everyone saw that "Simon Wuji" seemed to be stunned by Ye Lu's slash, he actually froze on the spot at such a critical moment, not even making a counter-attack, but his pupils dilated as if he had seen a ghost.

So, without any surprise, Ye Lu's slash split him in half, and from his body, white flames lit up, burning him whole into nothingness.

Of course, this effect also far exceeded Ye Lu's expectation.

"This thing can really increase the attack of flame drastically!"

Ye Lu held the "Blazing God Blade" and sighed with emotion, this thing deserved the word "Blazing God" in its name, it could really burn even gods to death.

When they saw that "Ximen Wuji", the former "Pillow Elder", had really been killed, everyone drew in a breath of cold air.

This was because no one had expected that Ye Lu would really dare to kill Elder Yuxin, and that he had actually done it.

"Since the disappearance of the Alliance Master, Elder Pill Xin had been running rampant in the Pill Alliance for many years, and had also formed an alliance with the other Elders, so no one dared to touch him.

Of course, to be honest, Elder Yuxin was a bit overbearing and vengeful, but there was nothing wrong with him, it was his son and grandson who were the problem, and with these two troublemakers, he had caused so many problems.

Seeing that Ye Lu had killed "Simon Wuji" with one blow, "Simon Jian" was already too scared to get up.

However, Ye Lu did not kill him, but said indifferently.

"Our 'Pill Alliance' is a place of rules, and only those who have no rules will be dealt with in a way that has no rules.

The "Pill Alliance" was just like a country, of course the various institutions and departments were very complete, so Ye Lu felt that the rest should be left to them to deal with internally.

When Ye Lu finished speaking, the “Pill Garden Elder” was the first to say with a smile.

“Congratulations to ‘Elder Ye Lu’ for becoming one of the new ‘Ten Elders’ of our ‘Pill Alliance’.”

Hearing the words of the ‘Pill Garden Elder’, everyone said in a loud voice with a sudden realization.

“Congratulations to ‘Elder Ye Lu’!”

“Congratulations to ‘Elder Ye Lu’!”

.....

In any case, it was an indisputable fact that Ye Lu had become one of the “Ten Elders”, and the crowd then congratulated “Mo Lian” who had also become an elder, and the people of the “Mo Lian Lineage” had also ascended to heaven together.

However, Ye Lu was not interested in being an elder here, as there was not much time left before the meeting between the Yellow Emperor Clan and the Chi You Clan, and he had to prepare more for this event.

However, at this time, the “Pill Master Elder” came over and whispered.

“Ye Lu, there is something I need to talk to you about.”

Ye Lu reckoned that what she was going to say had to do with his killing of Elder Pill Xin, so he nodded and followed Elder Pill Fai to a room in the central tower, accompanied by Elder Pill Garden.

As expected, the “Pill Garden Elder” looked at Ye Lu and said with some concern.

“Ye Lu, that ‘Pill Garden Elder’, no, it should be ‘Ximen Wuji’, he is someone who is related to the ‘Supreme Elder’, so I am afraid that this matter I’m afraid it won’t be that easy to end.”

Hearing his words, Ye Lu nodded and said.

“I also know that I’m afraid it won’t end that easily, tell me, what should I do would be a safer way.”

Ye Luo could probably guess that since the “Pill Garden Elder” was so unafraid, he must have something to fall back on.

At this time, the “Pill Garden Elder” suddenly said.

“The safest way is to make some contribution to our ‘Pill Alliance’, because there is more than one ‘Supreme Elder’, so as long as someone supports you, things will be fine.”

As a result, Ye Lu smiled and said.

“This is easy.”

Chapter 439

After all, he couldn’t really do nothing as an elder, that would be too unjustifiable.

So, he looked at the “Pill Garden Elder” and said.

“I have a lot of potion recipes here, including pills that start from the Houtian mirror crossing into ‘Dark Energy’, to the Innate realm’s ‘Vein Nurturing’, ‘God Harmony’, and then up to ‘Foundation Establishment’, ‘Nine Revolutions of the Golden Elixir’, ‘Golden Elixir Realm’ and even ‘YuanYing Realm’ are all available, and of course, there are also other elixir recipes for various other varieties of ‘holy’ elixirs.”

Hearing that Ye Lu actually had a set of pills, and that there were actually pills that could cross over to the “YuanYing realm”, this made the few people present become incomparably excited.

“The Pill Garden Elder” swallowed hard and said.

“Then you must also have the elixir to open the ‘Nine Nodes of the Golden Elixir’?”

Ye Lu smiled and said.

“Of course, not only do you have it, but you have the whole set. I think that with the strength of your ‘Pill Alliance’, you should be able to get enough herbs on the recipe, but what I am saying is that the effect of the same recipe is not the same as the effect of my recipe.”

Everyone had seen the pills that Ye Lu had refined before, and they were indeed rich in spiritual energy, something that many ordinary pills did not have, this kind of pills were undoubtedly effective and had no side effects, otherwise many pills, if the quality of the refinement was not at the top level, a forced breakthrough might cause undesirable consequences.

This was also the reason why some people did not advocate the use of elixirs to break through bottlenecks.

Hearing Ye Lu’s explanation, the crowd immediately understood Ye Lu’s meaning, that is, ordinary pills could be made at will, such as those to increase the “true qi” or “astral qi” in the body, or even to increase cultivation in stages, but when it really came to the critical time to break through the bottleneck, everyone should still look for Ye Lu.

In other words, even if Ye Lu provided the dan recipe, in fact, to really achieve the goal still required Ye Lu personally to do so, otherwise it would not really be possible to achieve a perfect enhancement.

Then, the importance of Ye Luo could be imagined.

However, this did not affect the preciousness of these pills, as many people might not be able to break through a certain bottleneck even after a lifetime, especially those big realms.

Another thing was that if it was a high level pill refiner, although perhaps not as spiritual as the pills refined by Ye Lu, it should not affect cultivation too much.

So, of course, the crowd was grateful to Ye Lu for the elixir recipe he provided.

The “Pill Garden Elder” and the “Pill Garden Elder” even patted their chests and said.

“Elder Ye Lu’, don’t worry, with so many precious Dan recipes, no matter which Supreme Elder would dare to touch you easily, you know that our ‘Pill Alliance’ has not had so many ‘Saint Grade’ dan recipes, and there are so many that are the very best of the ‘Saint Grade’.”

Ye Luo then said with a smile.

“Next, I have something to do, so I will leave first, if there are any pills that need to be refined, you can contact me, after all, you can’t do nothing even after being an elder, can you? Also, be nice to the ‘Mo Lian lineage’.”

The crowd hurriedly nodded their heads and said yes.

Ye Lu did not stay at the headquarters of the Pill Alliance, but returned to the capital without stopping, because the competition between the Yellow Emperor Clan and the Chi You Clan was about to start.

Of course, Ye Lu wanted to see how the two brothers Ren Yi and Ren Yao were doing.

The two brothers had indeed raised their cultivation to the peak of the “Innate Realm”, but they were not very proficient in learning martial skills, as their cultivation levels could be raised directly, but “martial skills” could not be done, after all, they had to practice one move after another, and Ren Yi and Ren Yao’s comprehension was really not high.

“Ye Lu, what should we do then?”

The two men looked at Ye Lu and asked with a sad face.

Ye Lu thought for a moment and said.

“This is indeed rather troublesome, let’s rely on something else to make up for it, I have many ‘magic weapons’ here that can be tailored for you guys, let’s hope that it will work when the time comes.”

“However, this is all trivial, the most important thing is to stay alive, understand? Don’t be a brute.”

The two guys both nodded their heads.

Only then did Ye Lu go to the “Dan Room” that the Ren Family had prepared for him, since he had become a donor, he had to do what a donor should do, Dan still had to help refine.

After making a batch of pills, Ye Lu took out the Blazing God Blade again. Through the Scarlet Queen’s explanation, he had understood one thing, that is, although he had already claimed the Blazing God Blade, he was still a long way from fully controlling it.

Other than that, although Ye Lu’s current cultivation level had been raised to eight strands of spiritual fluid due to the “Solo Fire Cave”, there was still a long way to go before he could communicate with the “Blade Spirit”.

Therefore, right now, Ye Lu was still unable to talk to the Scarlet Queen, and of course, he was unable to summon many terrifying “fire beasts”.

“It looks like I need to improve my cultivation in a hurry.”

Ye Luo said with some emotion.

After meeting the elders of the Pill Alliance, Ye Lu felt more and more that he was still too weak. Although he was probably the top in the secular world, he was still not good enough in front of the clan world and those powerful hidden families.

Moreover, there were also hidden clans that claimed to be gods or descendants of immortals, such as Kunlun and the Heavenly Demon Palace, which no one knew the details of.

Moreover, Ye Lu had asked Jasmine, above the “Heavenly Elders”, there were in fact even stronger people.

“The only one I can rely on now is you.”

Ye Luo took out a “top-grade spirit stone” from his “Sumeru Ring”, if he wanted to raise his cultivation level in the short term, only a top-grade spirit stone could do it, because Ye Luo had already used a pill that could raise his cultivation level by one level at the “Foundation Establishment Realm”.

As long as he could raise his cultivation to the level of nine spirit liquids, it would be much easier to break through the bottleneck of the Foundation Establishment Realm.

At the same time, Ye Lu was also digesting and fusing the “Fury Qi” accumulated by the “Blazing God Blade” over the years, because once it was fused, he could use a “spell” related to “Fury Qi”, which was a very rare “spell” in terms of mental attack.

In terms of practicality, the “Blazing God Blade” was clearly better than the “Sunset Arrow” because the “Blazing God Blade” could actually use “spells” as a means of attack, whereas Ye Lu was currently unable to use any “spells” with the “Sunset Arrow”.

However, Ye Luo was very sure of one thing, that is, if he had the “Sunset Arrow” and “Sunset Bow”, I was afraid that he would be able to “kill God and Buddha”.

Ye Luo felt that the eighth spirit liquid was already complete, and I was afraid that the ninth spirit liquid was about to be condensed.

However, there was no time for that now, he had to follow the Ren family to the secret realm of the Chi You clan to participate in the tournament.

The group set off in the morning and it didn’t take long to reach the border of Hebei, Henan and Shandong, which is also known as the “capital of the Nine Lives”.

However, the crowd did not know where the “Capital of the Nine Lives” really was, because when they arrived, they entered a “formation”, and Ye Lu was curious to take a closer look at the “formation”, because he was technically a “refiner”, and a pretty good one at that, and then they walked into the formation and the teleportation began.

When everyone regained their vision, they were already in an enclosed house, and indeed, as Ren Yi and Ren Yao had said before, with this spatial “teleportation array”, they could not know the exact location of the “Chi You Clan”.

After that, a giant man over two metres tall appeared.

This guy spoke like a thunderbolt, and he looked at the crowd and said.

“I am ‘Chi Hu’ who is here to receive you, please come inside.”

As he said that, this guy gave a salute, but with his size, even if he gave a salute, he was still a great deal taller than many people.

Legend has it that the people of the “Chi You Clan” are huge and extremely powerful, so it seems that these rumours are really true.

Ye Lu was also shocked by the huge man in front of him, no wonder in the legend, the “Yellow Emperor’s clan” fought the “Chi You clan” with so much strength.

The group then followed this guy into the “Chi You” clan’s territory.

#### Chapter 440

After entering, Ye Lu realized that the Chi You clan’s territory was quite large, although it was small compared to the Pill Alliance’s headquarters, but it was still larger than the Weapon Sect’s branch, and it was estimated that there were hundreds of thousands of people.

However, this was a real “big” few hundred thousand people, because the people here, both men and women, were extremely tall, except for children, Ye Lu did not see anyone less than two meters tall.

This made the “big wind” around him seem less abrupt.

This guy did not look like a normal Earth creature at all, but more like a monster from a comic or a movie.

At this time, someone suddenly shouted.

“Chi Yun, hurry up and put away your Avatar, don’t scare the guests.”

At this time, that strong man then smiled and said.

“Hehehe! We didn’t do it on purpose, it’s just because there are too many of these things to resist and the parcel is too big, that’s why it turned out like this.”

After saying that, this guy then resisted the stuff he was carrying to another place and then shrunk his body again.

What was amazing to Ye Lu was that their clothes could actually become bigger or smaller along with their bodies.

Ye Lu muttered to himself.

Of course, Ye Lu had only seen the branch of the Weapon Clan in the capital, he had not been to the real Weapon Clan yet.

Ye Lu found that Ren Yi and Ren Yao were also amazed, because it was also the first time they came to this “Chi You Clan” secret realm.

At this time, a man in white clothes suddenly walked over and looked at Ye Lu and the others and said with some disdain.

“How can the Ren family’s newcomers be so bad, they look like they’ve never seen the world before, and they still come here to compete like this, they’re really too much of a disgrace to the ‘Yellow Emperor Clan’.”

Obviously, these people had put Ye Luo together with Ren Yi and Ren Yao as well.

Ye Luo had no interest in these noisy guys, and the cultivation level of these people was too low, they were only at the “Zong Shi” level, he didn’t care about them yet.

“Let’s go, let’s take a look around, this world seems to be quite interesting.”

Ye Luo saw that the Chi You clan’s clan land was full of things with “weapon patterns” painted on them, and he was also itching for a while. To be honest, although he was always busy, Ye Luo had never left behind his cultivation in weapon making when he was busy.

For Ye Lu, his refinement was much easier than others, because the “glasses” could provide the corresponding weapon pattern, including reference, etc. As long as Ye Lu could draw the various components of refinement very skillfully, he could draw any complicated weapon pattern, because although the “weapon pattern” looked complicated, it was just like a program code, which was actually composed of various basic units.

The hard part was how to combine and play with them, which was not a problem at all for Ye Lu.

Soon they reached a secluded area, and when they arrived there, Ye Lu excused himself to go to the toilet and left.

After leaving, he found a place close to the entrance of the secret realm and drew a formation.

The size of this formation was not small, so even though Ye Lu had the “Dharma Comprehension Brush”, it still took him a lot of effort and time to complete it.

Of course Ren Yi and Ren Yao couldn’t find him, and Ye Lu didn’t look for them after he finished drawing it, but walked towards the depths of the “Chi You Clan”.

The reason he didn’t forget the purpose of coming here was to find out the whereabouts of Gu Shiqi, who hadn’t been heard from since she was taken away by the special envoy of the “Chi You clan”, and this time when he finally arrived at the “Chi You clan”, he had to find out.

The most common thing in the “Chi You clan” is the shops that make all kinds of things, these shops are of all kinds, there are those that make weapons, and those that make all kinds of life tools, such as flying things.

In front of a very large shop, a fellow smiled and shouted when he saw Ye Lu.

“You are a valuable guest from the outside world, right? You can’t miss it if you pass by, why don’t you come in and have a look, the things here are all good goods, moreover, this shop of ours is the largest here, with a complete variety, whatever you want, we have it all here because we have it all.”

Seeing how hospitable he was, Ye Lu walked in.

As expected, there were a lot of things inside, and there were also “alchemists” who were drawing weapon patterns.

This tough old man was drawing a weapon pattern for something.

When he saw what he was holding, Ye Lu smiled and said.

“If that line is two millimetres further to the left, the transformation efficiency of the whole artefact will increase by ten percentage points.”

The old man was not convinced when he heard Ye Lu’s words, because Ye Lu had only taken a glance at this object. Moreover, he could tell that Ye Lu was not from this secret realm, which meant that he was from the “Yellow Emperor Clan”, but no one from the Yellow Emperor Clan had ever heard of a “refiner”, because the number of “refiners” in this world was much smaller than that of “pill refiners”.

Almost every large clan has a “pill refiner”, but very few clans have a “weapon refiner”.

So, this old man looked at Ye Lu strangely, and then looked at the object in his hand, but Ye Lu smiled and gestured for him to try it.

After hesitating for a while, he finally chose to give it a try.

Soon, all the “weapon patterns” were drawn, and it was a knife with a flower pattern.

The old man poured his Qi into the weapon, and then, he was a little surprised, because he had made many weapons, and he knew the power of the weapon very well, and indeed, as Ye Lu said, the transformation efficiency had increased by about ten percent.

“You, are you an alchemist?”

A glance could tell this key point, if he said that Ye Lu was not an alchemist, he himself did not believe it.

For his part, Ye Lu smiled and said.

“Learned a little, if you are willing to tell me one thing, I can also teach you a little bit more, or even teach you some ‘weapon patterns’ that you have never seen before.”

Hearing Ye Luo’s words, before this old man could say anything, the group of people next to him started shouting.

“Shit! How old are you, coming here to bullshit and pretend, do you know who you are talking to?”

“That’s right, trying to teach our ‘Weapon God’ Lord, what the hell is this one thinking?”

“Outsider, if you keep being so arrogant, don’t blame me for smashing you.”

“Say, which onion are you? Are you a spy sent by the ‘Weapon Sect’ to cast our ‘Weapon Pattern’.”

.....

Hearing their words, Ye Lu then smiled and said.

“I really don’t mean to pretend, and I certainly don’t mean to insult any of you, besides, although the ‘Weapon Sect’ is also a bit stagnant, but to be honest, their weapon patterns are indeed better than yours in terms of their use, so they don’t need to come to you to steal anything.”

When they heard Ye Lu say that the Weapon Sect’s stuff was higher than theirs, those guys were once again unhappy, and they started to argue with Ye Lu sharply.

At this time, the old man waved his hand and said.

“All of you be quiet, I don’t know if this young man is right or not, but that bit of guidance he just gave was right, and that was very impressive.”

After saying that, he then looked at Ye Lu and said.

“Old man is ‘Chi Fire’ and is willing to ask this gentleman for advice.”

Ye Luo then looked at him and asked.

“Then I won’t beat around the bush, let me ask you first, some time ago, did the clan capture a girl in, a freshman student with beautiful looks.”

Hearing Ye Lu’s words, this old man shook his head without even thinking about it and said.

“Definitely not, because here we are, no one has ever come in except for this ‘Martial Competition’, however, if you want to inquire about this matter, you are looking for the wrong person, maybe other people know, however, you have to show a few hands in smithing to do so.”

Ye Luo had just gone through this old man’s profile, this old man was a person who became obsessed with refining weapons, and it was because of this that Ye Luo had chosen him.

However, Ye Luo did not know at this moment that this man was about to do him a great favour.
