

Super Student 91

Chapter 91

Hearing this news Ye Lu was also a bit confused, he did want to take the Yanjing University of Chinese Medicine, but there were only a few people who knew this news, how could a professor from Yanjing University of Chinese Medicine come to see him? Was he really famous to such an extent?

“Everyone in the capital knows about me?”

Ye Lu muttered somewhat incredulously.

However, a phone call from Liu Qingshan immediately followed to clear up his confusion.

“Ye Luo ah, hurry up and come, my old classmate said she wants to see you, a professor from Yanjing University of Chinese Medicine, yesterday I told her that you might be the top student in our city or even our province, I didn’t expect her to get on board with this, hehehe.”

Hearing Liu Qingshan’s words, Ye Lu then understood that it was him who was helping from this.

“By the way, I also told her that you know how to cure diseases, remember to show them a couple of hands later!”

When he hung up the phone, Ye Lu sighed helplessly, he could probably guess that Liu Qingshan must have had a divine talk in front of his old classmates, probably blowing himself up to the sky for sure, now he could only hope that Liu Qingshan didn’t have any bullshit.

Soon, Ye Luo arrived at the school’s special reception room, which was used by the school to receive valuable guests and was quite well decorated and soundproofed.

Once inside, Ye Lu saw three people inside, there was no Liu Qingshan, all three were women, one of them was Liu Mei, the other two were middle-aged and looked very dignified, one of them wore gold-rimmed glasses, very scholarly.

When she saw Ye Lu enter, Liu Mei smiled and introduced herself.

“Ye Lu, these two are professors from our school, aren’t you going to take our school? I’ll introduce you to them, Professor Wu and Professor Qin are the gold medal professors of the ‘College of Traditional Chinese Medicine’ and the ‘College of Acupuncture and Tuina’ Oh! See which major you want to enter!”

Liu Mei also knew about the two professors coming here from Liu Qingshan, due to her looks and talent, Liu Mei was also a topic of conversation in the college that stirred up the clouds, and she was also the winner of a campus beauty contest, so the two professors knew her too, so Liu Mei strongly recommended Ye Lu to the two professors.

However, Liu Mei did not know that what she had done had actually had the opposite effect. After listening to Liu Qingshan’s somewhat god-blowing general introduction, the two professors had already left a pompous and bad impression of Ye Lu, and coupled with Liu Mei’s strong recommendation, this made this impression of the two people even deeper by a few points.

Especially when they saw how handsome Ye Luo was, the two people were even more determined in their thoughts.

“It looks like our school girl has been fooled by this pompous and handsome man!”

Professor Wu muttered in his heart, then exchanged a glance with Professor Qin, following which she looked at Ye Lu and said with a smile.

“Hearing Liu Mei’s tone, you seem to be very good at studying, and you can get into whatever school you say you’re going to and whatever major you say you’re going to get into.”

Hearing Professor Wu’s somewhat tongue-in-cheek tone, Ye Lu then quickly glanced at Liu Mei.

Liu Mei immediately blushed a little and lowered her head, it seemed that Liu Mei should have really said something like that, however, Liu Mei also did not expect such an effect, she had intended to say that Ye Lu was very good.

Seeing Liu Mei’s appearance, Ye Lu smiled and said.

“It’s not that great, but it shouldn’t be a problem to pick one of the schools in the country.”

Of course, the reason why he said this was to prove that what Liu Qingshan and Liu Mei said was true, so he couldn’t let them lose face.

Hearing Ye Lu’s somewhat arrogant-sounding reply, Professor Qin became unhappy, and she looked at Ye Lu and said.

“Young man, don’t be too arrogant, I was in charge of college admissions at school, what kind of genius students haven’t I seen, I haven’t seen you so arrogant yet.”

When she finished, Ye Lu smiled and said seriously.

“Professor Qin, you misunderstood, I’m really not arrogant, I just said the truth, if you don’t believe me, you can test me, any subject is fine, if you get one question wrong, it’s counted as me losing.”

Hearing Ye Lu’s words, Professor Qin laughed back in anger.

“Oh, what a confident young man, don’t you know that overconfidence is conceit, and when conceit is knocked back to the prototype it is inferiority complex? Good, I’d like to see what you’re capable of, there’s a paper right next door, I’ll see how much you weigh.”

Now that the college entrance exams were approaching, what the school had no shortage of was all kinds of mock exam papers for the college entrance exams.

Soon, Professor Qin brought a pile of papers, and she threw them on the table with a “bang!” She threw the papers onto the table and then looked at Ye Lu and said.

“You said you’ll lose if you get one wrong right, so let’s try.”

Seeing Professor Qin’s appearance, Liu Mei also got worried, she hadn’t seen Ye Lu answer the questions, and Ye Lu didn’t get full marks in the last mock exam, so she hurriedly looked at Professor Qin and said.

“Professor Qin, don’t be angry, Ye Lu was also thoughtless, he was blurting out, you just don’t remember the small man’s fault, I guess.”

However, Ye Lu had already smiled and picked up his pen and said.

“Fine, then Professor Qin can choose one at random.”

When he saw that Ye Luo was serious, Professor Qin took out a maths paper from the paper without ceremony and threw it over and said.

“Just this one, don’t waste too much of our time.”

She thought that Ye Lu would make them wait for a long time for the sake of correctness to do a check and so on.

Ye Luo took the paper and said with a smile.

“Don’t worry, I’m usually fast at answering questions, these things all depend on intuition.”

As he said that, he filled in his answers quickly.

When he first heard Ye Lu say “all by intuition”, Professor Qin was a bit confused, thinking that answering questions all by intuition meant that he was completely blind?

The next scene she saw also seemed to confirm her thoughts, Ye Lu answered the questions so fast that she wondered whether he had finished reading the questions or not.

She saw that Ye Luo simply swept through each question and filled in the answer.

Of course, at this point, Professor Qin didn’t know whether Ye Lu had done it correctly or not, but this speed was really damn fast anyway!

On the side, Liu Mei was also confused by Ye Lu’s speed.

“It’s really all about intuition!”

She muttered in a somewhat surprised whisper, because, from the looks of it, Ye Lu did seem to be completely blindly muddling through.

Soon, the multiple-choice questions were over, and the fill-in-the-blank questions were the same, as Ye Luo took a glance at them and “brushed up!” He was writing down the answers as if they were already in his mind.

The same was true for the calculation questions that followed. However, when they saw the latter, Professors Wu and Qin were somewhat surprised, because the multiple choice and fill-in-the-blank questions might be easy to muddle through, but the calculation questions that followed were different, and could not be completed by just writing them down.

It didn’t take long for Ye Lu to finish all the questions.

“Professor Qin, here, you can match up the answers and see if they are all correct.”

Ye Lu handed the paper over and said politely.

Professor Qin took the paper with some suspicion and then flipped out the answers again, although she was in charge of the college entrance exams, she hadn't studied the questions, so she had to rely on the answers to speak.

"Right!"

"This one is also correct!"

"Correct."

"Also correct."

.....

The more Professor Qin looked, the more shocked he was, as all of Ye Lu's answers seemed to be correct, and Professor Wu at the side also showed the same expression of disbelief, only Wu Mei was completely relieved as she rubbed her chest and let out a long breath.

"How is this possible?"

Before he had completely finished reading the answers, Professor Qin was already basically sure that all of Ye Lu's later answers should also be correct, which meant that this handsome teenager was not lying, he was really a superb student, this speed, this correct rate, indeed he could take the exam to whichever university he wanted.

Following that, Professor Qin's mind raced, because wasn't such an outstanding student exactly what their school, and she, needed.

So, she looked at Ye Lu and said with a smile.

"Not bad, not bad, really out of my expectation, however, I heard from Qingshan and also Liu Mei that you are also a master healer, helping both of them to solve their chronic illnesses for many years easily, and using massage techniques, I am the professor of the 'Acupuncture and Tuina Academy', can you show me your techniques?"

Hearing Professor Qin's words, Ye Lu looked at Liu Mei's expectant eyes again, he then nodded solemnly.

It looked like it was time to show the real techniques.

Chapter 92

Ye Lu actually felt the change in attitude of Professors Qin and Wu, after all, the iron-clad fact was right in front of them, so they couldn't help but believe it.

At this moment, Professor Wu had also started to make a small calculation in her heart.

She had originally thought that Ye Lu was an arrogant and arrogant guy, but now it really didn't seem that way. She found that Ye Lu hadn't said a word beyond his own ability from the beginning until now,

and he was not unruly, and he always had a smile on his face and seemed to be in a very peaceful state of mind.

It was just that she had started off by putting people down and had a preconceived notion that this student could not do it, but the reality was just the opposite.

However, from the bottom of her heart, Professor Wu was still a bit unconvinced that Ye Lu could heal by massage, as he still looked a bit too young, but Ye Lu did look very confident, which made her look forward to it too.

She felt that even if Ye Lu's medical skills were not that godly, she would still want this student, it was hard to find such a smart student.

Ye Luo then looked at Professor Qin and said.

"Professor Qin's myopia has been there for many years, right, if I'm not wrong, you should have failed to recover your vision because of a failed myopia correction surgery when you were small, right?"

Hearing Ye Lu's words, Professor Qin and Professor Wu were once again taken aback, the two of them had been colleagues for many years and of course they knew about it, but eye problems could not be seen from the outside, not to mention that there was a certain distance between Professor Qin and Ye Lu and she was still wearing her glasses.

Professor Qin nodded somewhat incredulously, then asked.

"Could it be that you can cure it?"

If she hadn't gone through that failed operation, Professor Qin herself would have been able to cure herself, but in her current condition, there was nothing she could do.

To Professor Qin's surprise, Ye Lu actually nodded and said.

"Yes, I can cure, and I can do it right now."

Hearing Ye Lu say that he could cure it now, Professor Wu and Professor Qin's eyes widened at the same time, they were completely unable to believe what Ye Lu said, according to their understanding, there should be a process for pushing and pulling even with the use of dark energy.

"Are you sure you're not joking?"

Professor Qin asked as he looked at Ye Lu once again, Ye Lu smiled and nodded and said.

"If you believe me, I can treat you right now, it will only take a few minutes."

This time Professor Qin didn't say anything, he just nodded and then took off his glasses.

Ye Luo walked over and raised his hand to press on Professor Qin's two temples, while his aura slowly began to enter Professor Qin's eyes.

Professor Qin also felt the two streams, but she felt that they were not true qi, as she also used true qi to push and massage, so of course she knew how true qi felt, however, the two warm streams did make her very happy.

For his part, Ye Lu concentrated all his concentration at the moment, for the eyeballs were quite complex and delicate as were the structures in a woman's pelvis, and one slip could have unpredictable consequences.

Everyone held their breath as they watched Ye Lu, especially Professor Wu, who suddenly and inexplicably felt that Ye Lu was capable of success, because when Ye Lu's hand pressed on Professor Qin's temple, she felt a very reassuring aura, a special aura that a good doctor has.

This was because a really good doctor would make the patient feel at ease, and peace of mind and trust were actually very important to the patient.

Liu Mei was not nervous this time, because she had not seen Ye Lu answer questions before, but had personally experienced Ye Lu's medical skills, which were absolutely hand-to-hand.

In this way, time passed by minute by minute.

After five minutes, Ye Lu's treatment finally ended and he let go of his hand, then looked at Professor Qin who still had his eyes closed and said.

"Open your eyes, Professor Qin, and see if your eyesight has returned."

Only then did Professor Qin slowly open her eyes, following which she realised that her eyesight had really returned, and there was no discomfort whatsoever.

"No no not really"

She stammered a little because her heart was so shocked, she couldn't believe that this was something that massage and tui-na could do? This was simply much more godly than surgery.

"Ye Ye Lu, apply for our college, we 'Acupuncture and Tuina College' welcome you."

Professor Qin said with some excitement as he grabbed Ye Lu's hands.

However, Professor Wu who was beside her was not happy, she quickly looked at Ye Luo and said.

"Ye Lu, I think your own must not only be so little as Tui Na, come to our College of Chinese Medicine, there is only a wider space here, don't worry, we will definitely do our best to train you into a most excellent master of Chinese medicine."

Just as she finished her words, Professor Qin followed.

"Old Wu, don't argue with me, this is the person I have my eye on first."

Professor Wu was certainly not showing any weakness as she quickly said.

"You still say it's the one you have your eye on, how did you treat someone Ye Lu when you started, it was you who was making things difficult for them, wasn't it?"

"When did I make things difficult for Ye Luo, I was trying to see if Ye Luo had real talent, okay?"

"People Ye Luo originally had real talent, don't you believe in Qingshan's words."

.....

What I didn't expect was that the two people actually argued in the room, right in front of Ye Luo, which made Ye Luo feel quite amused as well.

"Well, Professor Qin and Professor Wu, I think it's better to let Ye Luo decide this matter himself."

Liu Mei said with a smile at the side.

Hearing Liu Mei's words, the two people turned their heads to look at Ye Lu at the same time.

This made it a little difficult for Ye Lu because he had never considered this matter before, he didn't know shit about what these majors were studying.

Having no choice, he could only smile and say.

"Two professors, to be honest, I have never considered this matter, so can you let me study it carefully and then decide for myself when I fill out the volunteer application?"

Hearing Ye Lu's words, the two people looked at each other helplessly, then Professor Wu nodded and said.

"Well, the major is a big deal for you after all, we respect your choice, however, I still think you should come to our Chinese medicine school after all"

As a result, the two men couldn't help but talk a lot more.

After the two professors left, Ye Lu was relieved, while Liu Mei looked at him and said with a smile.

"This is great, two colleges are grabbing for you."

Ye Luo then looked at Liu Mei curiously and asked.

"Liu Mei, which academy are you in at school?"

Liu Mei said with a smile.

"I'm in the 'International College', so don't go there, I don't think you're interested in English either, right? Besides, most of our academy are foreigners."

This was true, Ye Lu had indeed never wanted to major in English.

At this moment, Liu Qingshan had just come back from his brother's place, because Qing Songzi wanted to know more about Ye Lu's basic situation and report to the clan.

Of course, Liu Qingshan told him everything. In his opinion, if Ye Lu could really enter the sect, perhaps he would have the chance to go from being a registered disciple to a real disciple, which was something he could only dream of.

However, he had just returned to school when he was caught by Professor Qin and Professor Wu.

"Old Liu, you have to help me this time, let that Ye Lu take the exam for our academy."

Professor Wu looked at Liu Qingshan and said somewhat eagerly.

Professor Qin was not in a hurry this time, she looked at Liu Qingshan and said with a smile.

“Qingshan, do you think, with our friendship, you will not do me a favour? Let Ye Luo come to our ‘Acupuncture and Tuina Academy’, don’t worry, I will thank you.”

Seeing the two professors clattering on like machine guns, Liu Qingshan smiled.

“It looks like the two of them have already met Ye Lu.”

Liu Qingshan muttered secretly.

At this moment, on the other side of the city, Feng Biao, whose wounds had not yet completely scarred, was waiting anxiously, because today was the day when their old man would come out of the gate, and after he did, he would be a real dark jin powerhouse, and of course, more importantly, the super expert who was following old man, and in Feng Biao’s opinion, the day of their revenge would be here.

Soon, the door to the room opened and Lao San walked out together with another man with a scar on his face.

“Hey, hey, our chance to take revenge has finally arrived.”

Feng Biao walked over to the two men with a smile on his face.

Chapter 93

“Boss, what’s wrong with you? Got beaten up by someone?”

Seeing the injuries on Feng Biao’s body, Lao San then asked with some worry, the relationship between their several brothers was quite good, just like close brothers, moreover, they had all come from fighting and killing, so of course the first time they saw their brothers being bullied, they were anxious.

However, Feng Biao glanced at Scarface who was standing beside Old Three with a cold face.

Seeing Feng Biao’s look, Lao San then smiled and said.

“This is Brother Sun from the capital, he is here to attend the ‘puja’ and also to discuss with us about integrating our organisation, so just say what you have to say, none of them are outsiders.”

When he heard about the integration of the organisation, Feng Biao looked at Brother Sun with some confusion and asked.

“Brother Sun, I don’t know what organisation you represent, and what exactly do you mean by incorporating the organisation?”

Brother Sun gave Feng Biao a cold look before saying indifferently.

“Our organisation is the ‘Chakai Gang’ in the capital, and the meaning of incorporation is that I will help you to settle all your opponents, but you have to pay us a tribute every month, do you understand?”

Hearing Sun’s words, Feng Biao began to ponder.

He knew very well that this gang of his was actually considered a very small gang in the city, after all, there wasn’t even a single real cultivator, so it was simply insignificant.

Besides, he actually didn't really think that Lao San could deal with Ye Lu because the Zhang family had produced a person who ate immortal pills, and everyone knew about this, moreover, Feng Biao also knew that Zhang Yang of the Zhang family had a grudge against Ye Lu, but he found out that Ye Lu was still alive and well, so he suspected that the Zhang family could not deal with Ye Lu either.

Since the Zhang family couldn't handle it, then Lao San was probably difficult too.

"There is a give and take."

In the end, Feng Biao gritted his teeth and said.

"Good, we agree to be incorporated, there just happens to be another matter to ask for Brother Sun's help, the matter is like this"

Following that, he then told Brother Sun what had happened before.

Brother Sun nodded and said.

"There is indeed something odd, however, I feel that most of your guesses are not quite accurate, because if he really had the Immortal Pill, he would have eaten them all, no one would be stupid enough to take that kind of hot potato, without strength and still taking the treasure, that is undoubtedly asking for death, judging from what you said, that Ye Lu should not be such a fool."

"So, I'm afraid that the matter that he ate an immortal elixir and became stronger is true, but the fact that he still has a whole bunch of such immortal elixirs, this matter is very far-fetched, I reckon that most of him still has some immortal elixirs with auxiliary effects, such as the breast enlargement elixir you mentioned or something like that."

Hearing Sun's words, Feng Biao thought about it, he also felt that it seemed quite reasonable, there were actually many dark jin powerhouses in this city secretly, if Ye Lu really had a treasure, he indeed might have died long ago.

However, Sun went on to say.

"But there is a saying that 'it is better to kill a thousand by mistake than to let one go', let's collect the gangs in your city first, then I will help you to take care of him, I heard that the 'Wild Wolf Gang' is around here, is that right, let's go and collect Let's go and collect them first."

After saying that, Sun took the lead and walked over.

The others followed closely behind.

While Brother Sun was collecting the messy gang, Ye Lu was taking out a bottle of "Beauty Pill" and giving it to Liu Mei.

"What's this? It's so beautiful! Is it a pearl?"

Ye Lu found that most people would mistake the elixir for a pearl, but, to be honest, the elixir and the pearl were quite similar in appearance.

So, Ye Luo explained to Liu Mei, and then took out another small gadget that was specially used to grind up medicines and said.

“This can be used to grind the powder, try it sometime.”

Seeing how thoughtful Ye Lu was, Liu Mei smiled and put the things away, however, she didn't care much about them, after all, she usually didn't study cosmetics much and used ordinary popular brands.

At this time, Hua Lao's phone call arrived and he told Ye Lu that all the things he wanted were ready, and that he had prepared ten more copies of each item than Ye Lu had said.

Ye Lu did not expect Hua Lao to be so generous, as there were quite a few medicines in there that still seemed to him to be full of preciousness.

The blue manjushala was of course not available, so Ye Lu had to use real manjushala instead, but the performance of the pills refined this way would be greatly reduced.

Ye Lu was also very happy that the herbs had arrived so quickly, and he thanked Elder Hua at first.

However, the other side of Hua Lao felt that what he had given away was too little, after all, compared to health, this was nothing compared to health.

“Hey, finally, I can refine it first and try it out.”

Ye Luo couldn't help but feel a little eager to try his hand at alchemy, he had to practice more in advance to have a good idea of what to expect so that he could be sure of making more “Marrow Cleansing Pills” at once.

So, he quickly said goodbye to Liu Mei. He originally had a “Beauty Pill” that he was going to give to Qin Siyu, but Qin Siyu had gone to a tutorial class, so after thinking about it, Ye Lu decided to make the pills first and give them to Qin Siyu when he had the chance, as Qin Siyu's skin was already very good anyway.

However, he was still delayed by other things, because just as he got the stuff and was about to leave to make the potion, Mo Wen called and insisted that he had to go and help with two more cases.

Having no choice, Ye Luo had to carry a big bag of herbs to the criminal police brigade.

“Ye Lu, you're carrying such a big package, there's not a corpse inside, is there?”

The first words he said to Mo Wen made Ye Lu almost vomit blood and collapse on the ground, this woman's occupational disease was too serious, who dared to carry a corpse around in broad daylight and come to the police station.

“It's some medicinal herbs la, Captain Mo Wen, how's the case of Zhang Tian?”

Ye Luo put the huge pocket down, then looked at Mo Wen and inquired.

“Go, go inside and talk.”

Mo Wen waved his hand, then said as he walked.

“His case is a bit of a non-starter at the moment, because all those victims are clear that they volunteered, and said that they were acting out in the video at the time because they thought it was funny.”

“Because there’s no dead person and the victims have this kind of attitude, there’s no way to convict.”

Ye Lu did not expect the Zhang family to be so powerful, but he and Mo Wen nodded and said.

“Well, it looks like there’s still a bit of work to be done, so tell me first, what other cases do you want me to work on?”

As a result, Mo Wen immediately put all kinds of prepared files on the table in one go, Ye Lu took a cursory look, there were actually cases from twenty years ago, it looked like this Mo Wen was lifting out all the old bottoms of the entire police department.

He could only smile bitterly and said.

“Captain Mo Wen, I’m just a consultant, a temporary worker, and you’re not paying me, are you trying to tire me out?”

As a result, Mo Wen said with a heated smile.

“Those who can work more? Don’t worry you won’t be treated badly, when you are in college, I will let our Xiaomi make you a girlfriend, how about that? My Xiaomi is so pretty, she’ll fall for you wherever you go.”

Hearing Mo Wen’s words, Ye Lu silently recited the word “Convince” in his heart, with such a mother, the degree of difficulty of this daughter could be imagined, so I guess it was better to stay away.

The company’s main business is to provide a wide range of products and services to its customers.

“I’m not fooling you, look if it’s beautiful?”

Ye Luo looked at the photo, not to mention, this girl is really beautiful, the front convex back, rich breasts, thin waist and buttocks, big eyes and double eyelids sexy mess, tempting crime, ah, but what is this white hair, or this body weird clothes, boots, there is actually a weird tattoo.

This is not a good bird to look at, is it?

Guess Mo Wen also saw something from Ye Lu’s expression, she said with a little embarrassed smile.

“Alternative is a bit alternative, but beautiful, right?”

Ye Luo nodded, then he suddenly understood why Mo Wen had told him to take care of Mo Xiaomi earlier, looking at this look was a troublemaker, it was better to stay away.

So, Ye Lu thought for a moment and said.

“Well, Officer Mo Wen, I’m really busy too, how about this, I’ll take the time to help you solve two cases every day, as for your daughter, you’d better keep it to yourself.”

Not being able to sell out her daughter made Mo Wen a little hurt, however, she also knew that Ye Lu had to take the entrance exams, so she nodded and agreed to do so.

With that, Ye Lu helped to solve two cases before he took a taxi to the foot of Phoenix Mountain and started to refine the pills.

The pills were refined until the early light of day.

Seeing that there were less than ten finished pills in his hand, Ye Lu shook his head, it seemed that this "Marrow Cleansing Pill" was really difficult to refine.

After returning, Ye Lu called Ye Yan over.

"Older sister, come quickly, there's a pill for you to eat."

Ye Lu smiled and handed the eight perfectly refined pills to Ye Yan, who was not polite and took them and ate them, but not long after she finished eating them, she suddenly covered her stomach and said.

"Ye Lu, what the hell did you give old sister to eat, no, my going to the toilet, it's killing me."

With those words, she dashed into the bathroom.

Chapter 94

Seeing Ye Yan's performance, Ye Lu was also a bit confused, but he felt that there should be no problem, the dosage was correct, the refining process was also fine, and the pills smelled good.

Although these pills were no match for the real "Marrow Cleansing Pills", they weren't so bad as to be poison.

In the bathroom, not only was Ye Yan's stomach upset, but her body also seemed to be reacting badly, with black mud starting to ooze out from the roots of her sweat.

"What the hell is this brat giving me to eat?"

Ye Yan muttered in some depression.

"Older sister, are you alright?"

Ye Lu asked a little worriedly from outside.

"I'm fine."

Ye Yan hurriedly and quickly replied, because she felt that the bathroom stank to high heaven, and she didn't dare let Ye Lu come over, so she quickly said.

"Ye Lu, hurry up and go review your homework, I need to take a shower first."

Ye Luo heard Ye Yan speak with a strong mid-air, not like there was any problem, so he sat on the sofa and waited quietly.

It took a while to finish squatting on the toilet, Ye Yan hurriedly flushed the toilet and then turned on the tap, it looked like the clothes she was wearing had to be washed together.

After that, she quickly rinsed up.

Half an hour later, Ye Yan then walked out of the bathroom in her bathrobe.

"Older sister, is there any change?"

Ye Lu looked at Ye Yan and asked with concern.

Ye Yan shook her arm, then clenched her fist again and said.

“It feels much more refreshing, how can I put it, I feel ‘as light as a swallow’ and ‘as strong as an ox’ now, but I don’t know if it’s just my illusion.”

Hearing Ye Yan’s words, Ye Lu immediately became excited, it looked like what he had refined should be effective.

However, exactly how effective it was, Ye Luo certainly had to test it out.

Ye Yan usually liked to dance with swords and guns, and also liked to exercise, so there were all kinds of exercise equipment at home, and there were even two nunchaku.

After thinking about it, Ye Lu took a tensioner, usually he saw Ye Yan using four springs to exercise, this time he hooked up the other one as well, then handed the tensioner to Ye Yan and said.

“Come on, old sister, try this.”

Ye Yan also looked like she was eager to try, she quickly took the tensioner then stretched her arms and actually pulled the five springs apart with ease.

Seeing this scene, Ye Lu’s eyes instantly lit up.

You know, five springs, even a young man with good strength would find it hard to pull them apart so easily and still stretch his arms straight out to the maximum.

Following that, Yeyan then said as she gave several quick pulls.

“This one is also too unchallenging, is there a heavier one?”

Following that, she reached out with one hand and picked up a barbell, then she lifted it up with one hand, looking like she was more than twice as strong.

“Ye Lu, what kind of elixir is this that you gave old sister, it’s so awesome, hurry up and refine some more and give it all to old sister.”

Seeing such an obvious effect, Ye Yan also got excited.

This time Ye Lu did not refuse, he said with a smile.

“Sure, I’ll refine some more for you tomorrow, there’s enough pills to go around this time.”

Ye Luo still needed to refine many more times this time in order to practice before he could do so, so he should be able to have a lot of pills for Ye Yan to use this time.

Ye Yan was of course overjoyed to hear this news.

At night, after Ye Yan had fallen asleep, Ye Lu stopped his cultivation and then opened the window and jumped out, he wanted to warn the people of the Zhang family so that they would not think of making any more trouble.

The method Ye Luo used was also very simple, he directly sneaked into the Zhang family's villa in the city and then left a printed letter by the bedside of the Zhang family's residence.

He then went to the homes of the girls who had been victimized and did not dare to tell the truth. On the one hand, Ye Lu left them enough money, and on the other hand, he told the victims not to be afraid of the Zhang family, the law would give them justice, and at the same time, Ye Lu also told each other all the contact information of these victims.

What one person does not dare to do, once it becomes a group of people, everyone will be emboldened. As a matter of fact, the victims soon joined together as one, and with this alliance, everyone had the courage to expose Zhang Tian's crimes together.

After all this was done, Ye Lu returned home once again to cultivate.

Early the next morning, he went to the foot of Phoenix Mountain with a large parcel on his back to continue refining the low-quality "Marrow Cleansing Pill".

At Zhang Tian's house, the Zhang family head woke up in the morning and saw the letter on his bed. It was obvious that if Ye Lu wanted to do something to them, they would not be able to prevent it.

In the letter, what Ye Lu wrote was also very simple, just one line.

"There is a way to heaven, but there is no way to hell."

In fact, Ye Luo felt that the feud between him and the Zhang family was originally not a big deal, at first it was only because Zhang Yang made a fool of himself by treating himself as a love rival and then Zhang Tian struck out at him out of jealousy, but it was only when it came to the point where Zhang Tian actually hijacked Gu Shiqi and was ready to commit misdeeds that Ye Luo felt that this matter had to be taken seriously.

"Where is Tian'er? Quick, go find him, we can't afford to mess with this Ye Lu!"

After seeing the letter, Zhang Haoyu's wife then said with a look of horror.

Zhang Haoyu's face also changed, in his opinion, Ye Lu was nothing but a bachelor, no parents and no close siblings, such a person was extremely dangerous and not afraid of death at all, while he himself was different, he had money and there were many beautiful juniors and seniors outside waiting for him to pamper him, he could not afford to die.

So, after thinking about it he went to find Zhang Tian.

And while Zhang Haoyu was looking for Zhang Tian, Mo Wen was receiving the girls who had come back to take statements, she was a little confused as to why all these girls had figured it out after one night, and everyone told the truth at that time.

"Action, arrest."

Mo Wen gave the order quickly and the police cars started moving at the same time.

In the Zhang family, Zhang Tian looked at his dad and mum and said with a smile.

“Alright, I know about this matter, you guys don’t need to worry about it, I have my own way, since he released the envelope, I guess the police will be here soon, so I have to go first, you two remember, just don’t get involved in this matter anymore, just leave the rest to me, my clan will sort everything out.”

Zhang Tian spoke confidently and followed and left the villa straight away.

And it didn’t take long for Mo Wen to surround the Zhang family’s villa with his men, but of course, the man could no longer be found, Mo Wen quickly issued a wanted notice and blocked all the intersections, but, to a clan, this matter was not even a child’s play, Zhang Tian had already left unnoticed.

“Ye Lu, just wait, we’ll meet again at the ‘puja’ and I’ll make you regret it.”

Zhang Tian looked at the direction of his home in the city and said coldly, the feeling of not being able to return to his home made him very depressed, but instead of reflecting on himself, he counted this hatred on Ye Lu.

And at this moment, Ye Luo was playing hard to refine his pills.

One furnace, one furnace, another furnace

He found that even though his techniques were getting more and more pure and his fire was getting better and better controlled, the finished rate of the pills did not improve much, still there were only one or two perfect pills in a furnace.

“It looks like without a good flame, everything else is just a floating cloud!”

Ye Lu found that for alchemy, the flame was very important, relying on this ordinary flame, no matter how hard one worked, it would be a waste of effort.

“Alright, let’s call it a day.”

Ye Luo looked at the darkening sky then packed up his things and prepared to go back.

However, on the way back, Mo Wen told him that all the girls had flipped their confessions, however, Zhang Tian had not been caught as it seemed that Zhang Tian had escaped early.

Ye Lu nodded, and to be honest, he hadn’t thought that he could solve this time by relying on the world’s power.

Back at home, Ye Yan was waiting there in her bathrobe.

“Hey, I’m ready, today will definitely not be as messy as yesterday, come on, hurry up and give me the elixir.”

Ye Yan said as she reached out her hand.

Ye Lu had to smile and took out another eight pills and gave them to Ye Yan, of course he had more than these pills in his hand, but with Ye Yan’s character, he was worried about how much he would give her to eat, so it was safer to give them in batches.

On the other side of the city, Feng Biao was discussing with his group of minions about dealing with Ye Yan.

“The collection is almost done, I didn’t expect Brother Sun to be so powerful, he decided to go after Ye Lu tomorrow, but I want to have a taste of it before he does, tomorrow everyone will rob a woman with me, I want to do that beautiful sister of Ye Lu, that’s a superb one!”

After saying that Feng Biao he laughed with a lewd expression.

Chapter 95

Everyone had long been used to this hobby of Feng Biao’s, so no one felt strange, and someone looked at him and said with a smile.

“How is the boss going to do it?”

Feng Biao said after thinking about it.

“Let’s do it directly at her house, tomorrow night Sun will deal with that Ye Lu, and we’ll oppose his sister, just so we don’t miss out on both, and that kid won’t have a chance to come back.”

“If the woman isn’t home, we’ll see what we can do, we have to get this done tomorrow anyway.”

The guys all laughed and nodded, and one of the guys said.

“So boss, can you share it with the brothers when you’re done playing?”

Feng Biao said without even thinking about it.

“Of course the usual rules, no less for you guys.”

Hearing his words, everyone got up in arms.

Half an hour later, Ye Yan once again walked out of the bathroom in her bathrobe, and she looked at Ye Lu and said.

“It seems like today’s medicine is not as powerful as yesterday’s, moreover, it’s much worse, I only have a little mud on me, I don’t feel too much change.”

Ye Luo did not feel surprised, because there was a limit to any elixir, and it was estimated that ten or so elixirs were the limit, any more would be a waste.

So, Ye Lu thought about it and took out a pill again and said.

“Older sister, take this elixir as well and see the effect again.”

Ye Yan was very good and took the elixir, however, this time she stayed in the bathroom for half a day but nothing happened, so she had no choice but to walk out again.

“The elixir has failed to work?”

She looked at Ye Luo and asked.

Ye Luo smiled and said.

“No, it’s because the elixir reached its limit, the quality of the elixir is too low, it can only help you so far, you can only rely on a better elixir if you want to go further.”

Hearing Ye Lu finish, Ye Yan then quickly asked.

“Then hurry up and refine a better elixir.”

Ye Luo said with a smile.

“Well, it will be refined, soon the entrance exams will be over, when I finish the exams, I will help you refine better pills first, don’t rush, first try how much you have actually changed now.”

The effect of marrow washing should not only be on strength, other aspects will definitely change accordingly, such as reaction speed, toughness, endurance and so on, but of course the essence is still the change in the body and also the meridians.

“How do I try?”

Ye Yan asked with some curiosity.

Ye Lu smiled and said.

“I’ll throw something and you catch it, see if you can catch them all, I’ll start here ah.”

With those words, he threw the cup towards Ye Yan, who reached out quickly and “Boom!” She grabbed the cup in her hand.

This one took her by surprise as well, as the reaction was really too fast.

“Heh heh heh heh!”

Following this, Ye Yan laughed heatedly, this felt too beautiful.

However, right after that, Ye Yan threw all sorts of things over, what with the cups, teapots, plates, mineral water bottles, and when Ye Yan threw a chair over as well, Ye Yan finally couldn’t take it anymore as she glared.

“Shit! Little brat, you’re playing with me aren’t you.”

Ye Luo then said with a laugh.

“But, old sister, you caught it all!”

Sure enough, it was then that Ye Yan realized that it was indeed as Ye Lu had said, she had things in her hands, in her arms, including one foot, and really hadn’t dropped a single thing.

“Huh! Hey hey, I seem to be a bit of a cow!”

Seeing this scene, Ye Yan also laughed.

Ye Lu then followed suit and said.

“Well, old sister, you should also hurry up and rest, the day after tomorrow I will have my college entrance exams, we will go to the capital after the holidays, I have already chosen a school.”

Hearing Ye Lu say that she had chosen a school, Ye Yan didn’t ask what school it was, in her opinion, whatever school it was, she was going to follow Ye Lu there anyway.

So, she nodded and said.

“Sure, I’ll buy a shop near your school when the time comes, these elixirs will definitely be in short supply.”

Ye Yan could even imagine the sight of these goods being in short supply, these were all sought-after items, just ask which girl wouldn’t need them.

What’s more, she felt that Ye Lu would definitely develop more and better pills.

Ye Lu prepared to continue refining pills tomorrow, firstly, he wanted to consolidate his “Marrow Cleansing Pill” technique, and secondly, he was going to help Zhao Yang refine some pills for weight loss, which he had promised him a long time ago.

The next morning, Ye Lu received a call from Liu Mei just as he was about to wash up.

“Ye Luo, what is that elixir you gave me, it’s so powerful.”

Ye Luo said with a smile.

“That one is called ‘Beauty Pill’, isn’t it great for your skin after using it?”

Liu Mei said with a smile from the other side.

“Yeah, no wonder your skin is good and you’ve become handsome recently, so it’s because you’ve used this.”

Ye Lu didn’t say anything about Liu Mei’s deduction, of course he didn’t do it because of this, he had changed because he had shed his “mortal body”.

“Right, Ye Lu, just now Professor Wu said she wanted to take away some of the ‘Beauty Pills’, she said she wanted to take them back to school for research, so I gave her some, it’s okay, right?”

Sooner or later, these pills would be placed in Ye Yan’s shop for sale, so Ye Lu didn’t think about keeping it a secret, so he smiled and said.

“Sure, I’ll give you another bottle when you’re done with it in a few days.”

The “Beauty Pill” was by far the easiest pill to make, so Ye Lu didn’t care about it, however, Professor Wu was currently putting these pills in her parcel, she had just tried the effect of the “Beauty Pill”, so she understood the value of this item very well.

“I didn’t expect this Ye Lu to have so many treasures on him, I’ll definitely snatch him up when the time comes.”

Professor Wu smiled and muttered to himself as he packed his things.

At this moment, Ye Lu had already left home and started to prepare the ingredients for the “Weight Loss Pill”, which were not difficult to find, so he did not bother Elder Hua.

After gathering the things, he once again took them to the foot of Phoenix Mountain and began to refine them.

Soon, a day passed, and in the evening, Ye Lu suddenly received an unfamiliar phone call.

“It’s Ye Lu, right, this is Sun Pengfei, I have something to talk to you about, for the sake of your family, I think it’s best for you to come.”

Hearing the other party mention his family, Ye Lu thought of Ye Yan, it looked like the other party had come prepared.

So, he thought for a moment and said.

“Okay, tell me the location, I’ll be there right away.”

Sun then confidently said a location then hung up the phone.

Ye Lu then immediately started to dial Ye Yan’s number, but what worried him a little was that there was no one on the other side to answer.

“Could something have happened?”

Ye Luo muttered with some worry.

In fact, something had indeed happened. At this moment, Ye Yan did not have time to answer the phone at all, as she was facing a group of strong men, each of whom was stout and had a fierce face.

The leader of the group was Feng Biao, who was wearing the clothes of a courier and holding a courier bag in his hand, and it was through this outfit that he had just tricked the door of the room.

The main reason why Ye Yan was tricked was that she had bought too many things online, and with her personality she didn’t like to see the delivery progress of her shopping in advance, so, mistakenly thinking that it was really a courier, she waited for the door to open before this was dumbfounded.

“Hey! Ye Yan, right, you seem to be more beautiful than before ah, this skin is really hydrated ah! Tsk

Feng Biao looked at Ye Yan’s beautiful face and proud 36D suddenly drooled and thinned out, not a bit of the boss’s image left, which made Ye Yan sick to her stomach.

Ye Yan took a deep breath to calm herself down, then looked at the other party and said.

“Who are you people? What are you doing here at the old mother’s house?”

Hearing Ye Yan’s words, and then seeing her somewhat brutal appearance, Feng Biao became more and more fond of her, and he wiped his saliva and said heatedly.

“Hey, hey, I didn’t expect it to be a hot girl, enough taste, I like it

Seeing his appearance, Ye Yan then clenched her fist and said angrily.

“Like your sister ah! Hurry up and get the hell out of my way!”

The two men laughed lewdly as they walked towards Ye Yan. In their opinion, a woman like Ye Yan, who Feng Biao had played with enough for himself, would be a blessing that would take several lifetimes to cultivate.

“Little sister, just give in to my boss, he has a big tool and a good life, he’ll get you

One of the guys licked his lips and said with a smile, in his opinion Ye Yan was just meat on the chopping board, a fish in the frying pan, it was still a handful.

However, unexpectedly, before he could finish his words, Ye Yan had already kicked him in the stomach, following which his man flew out.

“Boom!”

He flew straight out of the door and crashed into the opposite door, before he fell to the ground.

“Holy sh*t, this woman is so capable of fighting!”

Feng Biao was also dumbfounded by the whole clean blow.

Chapter 96

Seeing the effect of this strike, Ye Yan was also a little surprised, as she hadn’t really fought since her body had become stronger, and she hadn’t expected to be so powerful, not only in terms of speed, but also in terms of strength.

“Get lost!”

This made her even more confident, and she looked at the guys and said in a loud voice.

However, Feng Biao was not intimidated, and although Ye Yan’s performance was a little feisty and unexpected, he did not think that so many people could not handle one chick.

“Take this chick down for me.”

Feng Biao quickly issued an order, and following that, those men in black dashed up.

However, the result of the fight disappointed Feng Biao, Ye Yan was not the usual weak woman, not only had she been exercising since she was very young, but under the training of Elder Ye, she had really practiced a lot of fighting arts systematically, she had won a black belt in Taekwondo, but of course she had never done anything like street fighting.

So, this time, she fought left and right with unusual excitement.

“Boom!”

“Boom!”

“Boom!”

.....

In front of Ye Yan’s nimble body and powerful attacks, those men of Feng Biao were obviously of little use, and they all fell to the ground in three blows.

“Okay, now I’m cool, you guys can get lost, this straw man, you stay for me.”

Ye Yan looked at Feng Biao and said with a smile.

Feng Biao shivered, he pitifully realized that what this Ye Yan said was actually basically the same as what Ye Lu said after he beat them up so badly that day, except that it was Long who Ye Lu left behind that day, today it was his turn to be unlucky.

“How worthy of being siblings.”

Feng Biao muttered in his heart, then said with a smile.

“Big sister, auntie, no, it’s grandmother, great-grandmother, ancestral great-grandmother

Hearing Feng Biao’s words, Ye Yan hurriedly waved her hand and said.

“Stop stop it, say again I turned into terracotta warriors, you are their boss, right, come here, let’s fight one on one, if you lose the fight, get out of my face and never appear in front of me again.”

Feng Biao did not dare to fight Ye Yan head on, as he was indeed also very capable of fighting, but he could already see that he was inferior to Ye Yan in terms of speed and strength, and a head-on clash would not do him any good.

Therefore, he quickly accompanied with a smile and said.

“Auntie, just spare us, we won’t dare again, just treat us as a fart and let us go, you are so wise and powerful anyway

He was so nonsensical that he made Ye Yan drift a bit, and then he noticed that Ye Yan seemed to have let down her guard and had an opportunity to take advantage of the situation, so he looked for an opportunity to pounce on Ye Yan fiercely.

What he didn’t expect was that Ye Yan seemed to be prepared for it. She smiled sweetly, then stepped back and quickly dodged his attack.

“Boom!”

Ye Yan’s foot came into close contact with Feng Biao’s head, and Feng Biao fell straight to the ground. The surrounding men all subconsciously touched their heads, as if the blow had struck them on the head.

“Boom!”

Ye Yan kicked Feng Biao in the head again, kicking him out of the door.

“If you want to play dirty with Old Mother, you can practice for another million years.”

Ye Yan crossed her arms and said.

“You few still don’t hurry up and get lost, are you waiting for me to do something?”

When those few dumbfounded men heard Ye Yan’s words, they hurriedly fled out of the room, and only then did Ye Yan “bang!” The door to the room closed with a bang.

“Yeah! So cool!”

After the guys had left, Ye Yan snapped her fingers and laughed, suddenly realising that fighting seemed to be a fun thing to do.

However, Feng Biao outside the door was not so happy, he was still a bit dizzy at the moment, the “downward slash” was too hard.

“This bitch is so powerful!”

Feng Biao muttered in a somewhat depressed voice, he had not expected Ye Yan to be so capable of fighting, in his opinion Ye Yan should just be a pretty big breasted vase.

“Boss, then what’s next?”

A little brother covered his stomach and helped Feng Biao up.

These few junior brothers had also learned how tough Ye Yan was, and they understood that there was little chance for these people to win if they just fought openly and honestly.

“Let’s go back first and wait for news from Brother Sun.”

Feng Biao said as he helped his little brother to walk downstairs.

“As you can see, Brother Sun is not generally strong, no matter which gang is not his opponent, now the entire city’s gangs are all his except for the ‘Army Spikes’, and the guys he hired are also very powerful, I guess there are hundreds of people following him now, that Ye Lu kid is no matter how strong he is He’ll fall as well.”

Hearing Feng Biao’s words and thinking about how strong Brother Sun was, several other people nodded their heads, while Feng Biao continued.

“When Brother Sun takes care of Ye Lu, are we still worried about not getting this chick, hey! It’s just a pity that by then, I guess Brother Sun will have pulled the plug and we’ll just have to eat the rest.”

As a result, a few of the junior brothers said in disbelief.

“Such a beautiful girl is just fine to eat the leftovers!”

Hearing the words of a few people, Feng Biao thought about it, then nodded in deep thought.

While in the room, Ye Yan had already seen the missed call from Ye Luo, and she quickly called Ye Luo back.

“Older sister, are you alright?”

Ye Luo quickly asked.

“Oh, your old sister is fine, but there were indeed a few unenlightened guys who came to harass old sister just now, but they were all beaten away by me in three or two blows.”

Ye Yan said with a smile.

Hearing Ye Yan’s words, Ye Lu then let out a sigh of relief, and then asked Ye Yan.

“What kind of people were the ones who were looking for your trouble? Was it someone from the Zhang family?”

Ye Luo felt that of the people he had offended, the Zhang family should be the most difficult, the others he didn't care much about, after all, their battle power was all very low.

As a result, Ye Yan was embarrassed and said.

“Hehehe, your old sister just remembered the fight and forgot to ask the names of those bastards.”

Ye Lu was instantly black-headed, after fighting for half a day without even asking who the other party was, why they were coming for trouble or anything like that, only this old sister could do such a thing.

“Okay!”

Ye Lu said somewhat helplessly.

“Then tell me what the other party is like, right?”

Following that, Ye Yan then described Feng Biao's appearance, Ye Lu immediately understood who Ye Yan was talking about, he told Ye Yan to leave her residence for the time being and find a place to hide, then hung up the phone.

“Feng Biao is it, looks like he's found someone who can back him up.”

He thought that although Feng Biao's name had the word “Biao” in it, he should not be so “Biao” as a boss and dare to find trouble with him easily.

I guess the guy who asked me to go for a chat was Feng Biao's backstage.

It was a long abandoned factory, and it looked like there were no surveillance cameras around, so it was a good place to kill someone.

Ye Luo walked through the deserted grass into the abandoned factory, and then he saw several men in black standing there in the middle of the factory waiting for him, the leader of which had a scar on his face and exuded a murderous aura.

However, Ye Luo then saw a few other familiar faces, another scar face turned his face away when he saw Ye Luo, it was the boss of the “Flying Eagle Gang” who had been hired by Zhang Yang before, the one who was later killed by Ye Luo, and another one was the bodyguard who used to follow Zhang Tian, now that Zhang Tian had also run away, he had returned to the gang.

“Oh, it's quite lively here!”

Ye Luo said with a smile as he looked at the dozens of people in the room.

At this time, Sun then looked at Ye Luo and said in an icy voice.

“You are Ye Luo?”

Ye Luo did not expect that the other party had actually called so many people for himself, however, he did not care and said with a smile.

“Yes, I am Ye Lu, what do you want to see me about?”

Sun, on the other hand, said in a flat voice.

“Kneel down and submit to me, and I will let you live a good life.”

Hearing him out, Ye Lu smiled indifferently and said.

“Kneel your sister, I’m having a good life right now.”

These words really angered Brother Sun, however, he didn’t seem to be planning to take action himself, but said coldly to a guy next to him.

“Go, teach me a lesson about this guy.”

As a result, the person he assigned happened to be the bodyguard of Zhang Tian from before, and he said with a bitter face.

“Boss, it’s better for you to go yourself, I can’t do him.”

Chapter 97

When he heard this guy say that he couldn’t beat Ye Lu, Sun was a bit surprised, because the leader of the “Three Harmonies Gang” was a dark jin powerhouse, and he wasn’t just a beginner, so it seemed that Ye Lu really had two skills.

So, he turned his head to another person and said.

“You go.”

It turned out that this man was none other than one of those who had intercepted Ye Lu on his motorbike earlier, and he certainly did not dare to go forward as he lowered his head and said.

“Boss, I can’t do him either.”

This made Brother Sun feel just a little bit embarrassed, how come these guys were all so wimpy, he looked at another guy at the gang leader level and said.

“You go.”

As a result, this guy also shook his head because although he had never fought Ye Lu, he had seen Ye Lu when he was wielding a dagger and chasing after that terrifying ghost, and he didn’t feel that he was more powerful than that ghost.

So, he shook his head decisively and said.

“Boss, I can’t do him either, I can only rely on you.”

Seeing that this guy was also such a wimp, Sun’s lungs were about to explode, he glared at the crowd, then he took a few steps forward and walked in front of Ye Luo looking at Ye Luo and said.

“Toast the wine, seek death.”

Following that, he then fiercely rushed towards Ye Luo.

Looking at the current situation, he had to establish his authority to do so, otherwise everyone was going to be shocked by Ye Lu's aura, however, he could not figure out what kind of energy this one called Ye Lu in front of him had that made so many of his men go soft.

"Boom!"

This time, Sun did not use his dark energy and Ye did not use his aura.

However, this punch had already made the difference.

"This kid is so strong!"

Sun muttered darkly.

Every strong person who crossed the peak of Ming Jin's strength was not small, as the body's flesh and blood power had reached its peak, but Ye Lu's strength was obviously too exaggerated, as Brother Sun himself was a peak Dark Jin expert, and he had actually come for a breakthrough, after all, for those who were stuck at the bottleneck, it was best not to let go whenever there was an opportunity.

As for the intake, it was only incidental, he didn't think there could be any experts in this small place.

However, this blow also allowed him to figure out Ye Lu's strength, because he really did not feel any true qi in Ye Lu's body, which meant that Ye Lu should be stuck at the peak of Ming Jin, and the peak of Ming Jin had a certain immunity to Dark Jin because his blood and flesh were strengthened to the extreme, so in addition to the fact that Ye Lu's strength was really too strong, so Sun did feel that Ye Lu did have a chance to defeat a Dark Jin powerhouse.

However, he was an expert at the peak of dark jin, and the gulf between the two was very huge, so he didn't put Ye Lu in his eyes.

"Humph! It's just a waste of empty strength, it's not too late for you to kneel down."

Brother Sun said with some disdain as he looked at Ye Lu.

Ye Luo then looked at him and said with a smile.

"You're really thick-skinned, weren't you the one who got knocked away, what the hell are you bullshitting there?"

When he saw that Ye Lu was actually so uncouth, Sun's face sank.

"Good, since you want death so badly, I'll make it up to you."

With those words, he charged up again, still blasting straight at Ye Lu's face, and Ye Lu didn't change his stance, still disliking him straight back.

"Boom!"

The two fists were facing each other, but this time Sun had used his dark strength, he wanted Ye Lu to taste the taste of broken bones, while Ye Lu also poured his aura into his fist, making it as hard as iron.

After this blow, without any surprise, Brother Sun was blown away again, but a cruel smile appeared on his face, as he felt that Ye Lu's hand was definitely ruined.

However, Ye Lu only felt some numbness and slight pain in his fist, but nothing serious.

He was waiting for the moment when Ye Lu's fist would shatter. He knew the difference between a peak Dark Power and a peak Ming Power, and even if Ye Lu was gifted, he could not fill the gap.

However, he had waited quietly for half a day, but Ye Luo did not do anything, which made him a bit confused.

"Are you going to bandage it up before you fight?"

Ye Luo pointed at Sun's fist and said.

He quickly looked down and realised that his fist was covered in blood, the blow he had just dealt, Ye Luo's punch had shattered all the bones in his fist.

"What the hell."

Sun muttered somewhat depressed, he was very confused as to why Ye Lu was fine while he seemed to have hit a steel plate.

"I just don't believe it, what can you do if you are a Ming Jin practitioner who is even more powerful?"

Sun charged up again in disbelief, for a Dark Energy practitioner, they could use their Dark Energy to strengthen a part of their body, for example, if they strengthened their thighs, they could jump higher, if they strengthened their fists, they could hit harder, this time Sun strengthened his thighs, which could make his speed extremely fast.

He understood the principle that "the only martial art in the world is speed", so he wanted to take Ye Lu by surprise.

However, he soon found out that he was wrong again. He thought he had reached Ye Lu with a swift attack, but when he reached the front he found that Ye Lu's foot was already waiting there.

"Boom!"

With a single kick, Ye Luo sent him flying.

To be honest, what Ye Lu was more annoyed with now was fancy moves, because he didn't know any moves and what he was least worried about was this kind of straightforward and hard fighting, whether it was speed or strength, he was no worse than his opponent.

Sun was lying on the ground, he felt his head short-circuiting a bit, he had obviously used all his strength, he was obviously already fast, but why was that foot there, it was not scientific.

"There must be something wrong, is that kid a demon?"

Sun couldn't figure it out no matter how he thought about it.

"Hey! That big brother, have you rested yet?"

Seeing that Brother Sun didn't get up for half a day, Ye Lu shouted at him.

Only then did Brother Sun slowly climb up, he looked at Ye Lu and then looked around, followed by a vicious yell.

“Everyone, copy your weapons and fuck him to death.”

Hearing his order, all the people present drew their weapons. However, to Ye Lu’s surprise, after Sun shouted, quite a few people leapt out from other parts of this broken factory, and there were hundreds of people at a rough glance.

In fact, Ye Lu did not know that these men were not originally prepared for him, but for Sun to deal with the last gang, the “Army Spikes”, which he did not expect to use against Ye Lu.

The ambushed men were obviously prepared for this, with long swords, axes, swords, spears and sticks all coming at Ye Lu.

“Kid, I’ll see if you die.”

Brother Sun looked at Ye Luo and said viciously.

The attacking group then swamped Ye Lu, while a cruel smile appeared on Sun’s face, although he had to reveal his strength, in his opinion, Ye Lu was definitely finished.

However, immediately after that he saw people flying up from the crowd, one, two, three, four

As he watched more and more people fly up from the crowd one by one, he instantly felt that things might not be good, and in no more than a moment, the knocked out members of the gang were lying all around Ye Lu.

“Now it’s your turn.”

After knocking all the guys who rushed up away, Ye Luo dashed to Sun’s front, then looked at him and said with a smile.

“Even if you have a hundred people, what can you do? It’s still all rubbish, you don’t measure up to yourself.”

Following that, Ye Luo kicked him up and while he was still in the air, Ye Luo stomped the ground fiercely, and the man flew up and punched Sun again, knocking him out of the air and down to the ground.

“Poof!”

This punch then knocked Brother Sun out and spat out a mouthful of blood.

“Kid, how dare you hit me, our capital’s ‘Heaven Sheltering Gang’ won’t spare you, if you go against me, you go against the ‘Heaven Sheltering Gang’, you know what will happen if you go against the ‘Heaven Sheltering Gang’ Do you know what will happen if you go against the ‘Heavenly Clan’?”

Hearing that this matter was also related to the “Heavenly Clan”, Ye Lu also frowned, to be honest, he did not want to cause so much trouble, he was fine with himself, but what about the people around him? He didn’t want everyone to get involved, so he stopped and looked at Sun and said.

“What’s the downfall?”

Sun then said coldly.

“For those who dare to mess with us, we will first kill their beloved relatives and play with their women, so that they can experience endless despair, and then slowly get them killed, you dare to mess with us, you can just wait and regret.”

Hearing Sun speak so cruelly, Ye Lu’s brow furrowed even tighter as he looked at Sun and said.

“Then how about this matter can be put to an end?”

Brother Sun thought that Ye Lu was afraid, so he said with a cold smile.

“First, you submit to us and work as a cow for us, second, that sister of yours is really nice, give her to me to play with for a few years, just do these two things, otherwise you all have to die.”

When Sun finished speaking, Ye Lu’s frown suddenly relaxed as he looked at Sun and said.

“Your last sentence has reminded me, I suddenly thought of a good way, it seems that as long as you die, nothing will happen, right?”

Ye Luo said very calmly, which on the contrary made Sun’s back a bit chilly, he felt a murderous intent from Ye Luo’s calm voice, so he quickly said.

“You can’t kill me, if you dare to kill me, you will regret it.”

However, what awaited him was Ye Lu’s cold smile.

Chapter 98

When he heard the style of work of the “Heavenly Clan”, Ye Lu already made a decision, since he had been targeted by such a gang, the best way is to kill this guy, perhaps the “Heavenly Clan” will come over to investigate, but, as long as it is done seamlessly, it will be fine.

So, Ye Lu suddenly laughed brightly and then patted Brother Sun and said.

“I was actually joking with you, how dare I kill you? Come on, let me help you up, from now on I am your little brother, everyone will be my witness.”

Ye Lu dragged Sun up, then said to the people around him while helping him pat the dirt on his body.

The guys around him who had been knocked down and knocked out all looked confused, everyone didn’t understand what was going on here?

“Wasn’t there a fight just now? Why is it suddenly so harmonious?”

“I guess they’re scared, that ‘Chakra Gang’ should be very scary.”

“Yeah, who’s not afraid.”

.....

The crowd began to talk, and one of the people involved, Sun, was also confused, he couldn't figure out what medicine Ye Lu was selling in the gourd, he looked at Ye Lu and asked.

"Are you really submissive?"

Ye Luo said with a smile.

"Of course, but I still have things to do, I'll leave first, I'll see you sometime."

After saying that, he greeted Brother Sun in a friendly manner, then turned around and left.

Brother Sun felt that something seemed to be wrong, he reached out to call out to Ye Lu, but he suddenly found that his voice was actually unable to speak.

At the same time, Ye Lu had already left the room.

He reckoned that another wave of people should be arriving soon as well.

On his way here, Ye Lu had seen another wave of people, which was small in number, but each of them was a good fighter, and each of them carried a special "military spike" on their body.

Sure enough, at this moment, the army spikers had already arrived at the entrance of the abandoned factory.

"How dare you make an appointment with our 'Army Spurs' people, you really don't want to live anymore, don't talk nonsense with them later, just do it, just take the opportunity to collect this city's gangs."

The leader of the Army Spurs, a tall guy in camouflage, said coldly.

Following this, the group of a dozen men walked into the room.

"Holy shit, what's going on here?"

Just after walking into the room, everyone looked inside at the people who had fallen across the floor, as well as Sun Pengfei and a group of men in black in the middle of the house.

"Did someone beat us to it?"

Seeing the chaotic scene, everyone's first impression was that it was the scene of a firefight, and Sun Pengfei, standing in the middle, was the group that had won the firefight.

However, the leader of the army spikes didn't bother about that, as he led his men to fly towards Sun Pengfei in the middle.

Sun Pengfei wanted to say something, but all he could do was open his mouth but nothing came out, but, by this time, the Army Spikes' men had already arrived.

"Get lost!"

Some of the men in black tried to step forward to stop them, but they were kicked out by the leader of the Army Spikes, seeing this, the others hesitated, many of them were now lying on the ground and the leader was inexplicably not giving any orders, which made everyone a bit at a loss.

“Boom!”

After kicking another man away, no one else stepped forward, and the Army Spikes' men flew up to Sun Pengfei, and the leader of the Army Spikes didn't say anything, first kicking Sun Pengfei to the ground and then stomping on his chest.

“You are the grandson who called me here?”

The leader of the military spikes looked at him and said coldly.

However, his kick triggered the dark energy of aura left behind by Ye Luo, Sun Pengfei's eyes went straight, followed by a mouthful of blood spitting out, and he actually died with his head lolling.

At this point, all of the Army Spikes were dumbfounded, everyone stood there frozen for a few seconds, then the leader of the Army Spikes said with some confusion.

“Is this guy so unforgiving of kicks?”

Of course no one answered him, but then he thought for a moment and said.

“Never mind, the city's ours anyway, right?”

And a few of the men around him chuckled.

“Right.”

Following that, someone turned his head to look around and said.

“Listen up, all of you, are there any more of you who don't like our military spikes? Come forward.”

Of course, no one dared to come forward, the name of “Army Spur” was still very well known in this city, no one dared to fight against the Army Spur.

Seeing this scene, Ye Lu, who was hiding outside, was satisfied and turned around to leave.

In any case, the matter was over for the time being. It was not certain when the “Heavenly Clan” would find out about it, and according to Ye Lu's deduction, most of the “Heavenly Clan” would not come here to investigate for this Sun Pengfei, because, from the information, Sun Pengfei was only a minor figure of no importance in the “Heavenly Clan”.

When he returned home, Ye Yan was already waiting at home for Ye Lu, because on the way Ye Lu told Ye Yan that the crisis was over and that it was all right.

“Ye Lu, you don't know how marvelous old sister is today, so many strong men were beaten down by old sister, it's just a pity that cleaning up the room tired your old sister enough.”

Ye Yan said with a frown.

Seeing Ye Yan's appearance, Ye Lu smiled and said.

“What is tiring enough to clean the room, you just don't want to clean it.”

As a result, Ye Yan said with a glare.

“You don’t have to come, ever since I came to the house, all the cleaning wasn’t done by mother, in order to let you study properly, when did I ever let you move your hands, you heartless one.”

Ye Lu thought about it, it was really like that, since Ye Yan had come, he had never cleaned the house again, and he did not have to wash clothes and cook, so it did save him a lot of effort, if Ye Yan had not mentioned it, to be honest, he had not really noticed this.

So, he hurriedly complimented Ye Yan and promised to save her one when he finished making the “Marrow Cleansing Pill”.

However, it was a pity that Ye Lu did not have any other cultivation method other than the one he used, and this cultivation method was self-contained and only useful for his own body after he had been “reborn”, otherwise he could have let Ye Yan try to become a cultivator.

“I don’t know when I will be able to open the two systems of gongfu and martial arts, then I will have more comprehensive abilities.”

Ye Lu muttered darkly, he felt that there should still be many functions of this spectacle that were not opened.

“Just what kind of person made these glasses? It’s a bit too heaven defying.”

Ye Lu couldn’t help but lament once again.

However, it was not that easy to figure this out, so Ye Lu went to his room to cultivate and sleep.

The next morning, Ye Lu went to school with his pass and all his things, because today was the first day of the college entrance exam, and he had to take the Yanjing University of Traditional Chinese Medicine exam, so of course he couldn’t miss it.

Outside the examination hall, Ye Lu saw Gu Shiqi and Long Feixue. On Long Feixue’s wrists were two emerald green jade bracelets, the colour of which was unusually bright, obviously made from the imperial green stone on the public market.

However, there were many Gu Shiqi’s bodyguards surrounding them, so Ye Luo greeted them from afar and did not go over.

He went around to another school building, found Qin Siyu and gave her the bottle of “Beauty Pill”.

“For me?”

Qin Siyu said with some surprise and disbelief.

Ye Lu smiled and said.

“Yes, it’s for beauty, it’s very useful, this is a grinder, you can eat it or apply it externally, right, how are you doing with your revision, are you sure?”

Qin Siyu looked at Ye Lu’s preparation so meticulous somehow touched, she took the things, then smiled and said.

"I heard that you are going to the university in the capital, right? I also want to do better in the exam and go to the university in the capital with you."

Ye Lu nodded and then said with a smile.

"If you need any help, just look for me, I'll help you and then go to the capital together."

Hearing Ye Lu's words, Qin Siyu said with a smile.

"You can help with this too, this is a college entrance exam, how strict is it, although we are in the same exam room, but the papers are different and there is no way to copy it."

For his part, Ye Lu thought for a moment and said.

"Let's wait and see what happens after we get into the examination hall, don't worry, I can think of a way, just listen to my arrangements when the time comes, by the way, what are the rules and discipline for the college entrance examination?"

Ye Lu has been busy these days, what examination room discipline he does not know.

Seeing that Ye Lu didn't even know the discipline of the examination hall and said that he wanted to help, Qin Siyu then smiled and said.

"Then I'll talk to you about exam room discipline, there's no chance of that."

Chapter 99

Following that, Qin Siyu then spoke to Ye Lu.

"First of all, in the entire examination area, mobile phone signals are shielded, and all electronic products like mobile phones are not allowed to be brought into the examination hall, there will be instruments to detect them."

"Then, there are also rules about what each person can bring in, like 2B pencils and things like that, and anything extra is not allowed in."

"Also, our test papers are divided into four types of ABCD, the order of the questions is different, and which one each of us will get we don't know, plus there are three invigilators in the classroom, and they will be randomly switched for each subject, so it's simply too hard to cheat."

While Qin Siyu was talking, Ye Lu was doing some calculations in his mind, according to what Qin Siyu said, it was indeed difficult to cheat, at least the usual ordinary cheating techniques, such as writing cheat sheets, carving tables, writing the answers on the legs and so on, were not feasible at all.

"Looks like we'll have to take some extraordinary measures to do that."

Ye Lu muttered darkly.

Soon, everyone started to enter the examination hall, and sure enough, the scrutiny was extremely strict, right down to taking their clothes off.

"You, with an electronic device on you, come here for a moment."

Ye Luo saw a boy being taken to the side, and then the manager took out a miniature receiver from his dou, which was supposed to be able to receive voice.

“It’s really strict enough.”

“That’s right, it’s stricter than even aeroplane security.”

“Aren’t all the signals here blocked?”

.....

Seeing this scene, the crowd began to talk about it, and it didn’t take long before it was time for Ye Luo and the others, and Ye Luo’s mobile phone was temporarily taken away, and then the two people entered the examination hall with the crowd.

As expected, just as Qin Shiyu had said, there were three invigilators in the examination hall, each with a serious expression, just like justice incarnate.

Ye Lu looked around and saw that Qin Siyu was by the window, while he was diagonally opposite her, the two of them were quite far apart, so it was definitely not possible to see with one’s eyes.

In addition, there was a prominent security camera in the examination room, so apparently everything that happened in the examination room could be captured by the surveillance.

“It really is heavily guarded!”

After looking around, Ye Lu found that this examination hall was not really difficult to handle in general.

“It looks like we can only start with the people.”

Ye Lu looked at the three teachers who were invigilating the exams, all three teachers he didn’t know, he didn’t know from which school he got them from, I guess Qin Siyu knew, after all, Ye Lu was basically out of school for this section, he didn’t know anything that happened in the school.

“It’s an egg without a seam, I’m going to ding you a seam too.”

Ye Luo said silently in his heart as he looked at the teacher who was invigilating the exams.

Soon, the exam started, and for Ye Lu, the questions were certainly not difficult at all, and he quickly finished all the previous questions and started to write his essay.

He was not good at anything else, but he was always good at writing essays, so after an hour, he had already finished the paper.

After finishing the paper, Ye Lu thought about it and then raised his hand to the invigilator.

The invigilator immediately came over and Ye Luo told him that he needed to go to the toilet.

“Okay, I’ll accompany you.”

Sure enough, things were pretty much as Ye Luo guessed, he was waiting for the teacher to accompany him.

Soon, the two arrived at the toilet, and in order to prevent Ye Lu from cheating, this teacher had to keep an eye on him the whole time, so he also followed him into the toilet.

It was impossible to put surveillance in the toilets anymore.

So, once inside, Ye Luo looked at this invigilator teacher and said.

“This teacher, can you help with a cheat?”

Hearing Ye Luo speak so directly, that invigilator teacher was dumbfounded, he froze for a moment, then looked at Ye Luo and said with some amusement.

“Why should I help you cheat, besides, we are junior high school teachers, we don’t know these questions of yours either!”

This invigilator felt that Ye Lu should be funny.

Ye Luo then said.

“I’m not asking you to help me cheat, I’m helping another girl, you just need to tell her my answers, but we are AB papers, so you have to be careful when you pass the answers.”

Hearing Ye Lu’s words, the invigilator laughed and said.

“Firstly, why are you so confident that the question you answered is the right one, you’re not hurting anyone, are you? Secondly, why should I help you, the risk of cheating is great, and thirdly, there are surveillance cameras in the examination hall, it’s too dangerous for me to do so.”

And Ye Lu said.

“Firstly you don’t need to care, secondly I can give you a lot of money, enough to spend for the rest of your life, and as for thirdly, I have a way to process the images from the cameras.”

The auxiliary ability to process the images was quite easy.

However, the invigilator shook his head once again and said.

“You said you would give me money, it’s just a blank cheque, I can’t get it now, but the risk is real, I can’t risk so much for that, besides, you said you have a way to process the images, I don’t believe you have such great power, if you have such great power, why do you still want me to cheat?”

To be honest, logically speaking, what this invigilator was thinking was right, and even Ye Lu had no particularly good reason to refute it.

At this point the invigilator smiled and said.

“Go to the toilet and then go back, don’t always try to write about crooked things.”

Having no choice, Ye Luo had to walk back somewhat depressed.

It looked like it was difficult to start with people too!

It didn’t take long for the language exam to end, and after walking out of the exam room, Ye Lu looked at Qin Siyu and asked.

“How did you do on the exam?”

Qin Siyu shook her head and said.

“Not particularly good, but it’s not bad, it’s not possible, I can’t study in a major university, so I’ll study in a second grade, there are so many schools in the capital anyway, but, Ye Lu, to be honest, I really don’t want to study in a medical university, I want to study in Yanjing Film and Television College, but it feels like some of them are too difficult to take, hey.”

Hearing Qin Siyu’s words, Ye Lu then froze for a moment, he did probably guess that Qin Siyu did not like medicine universities, but he did not expect that Qin Siyu actually wanted to go to a film and television university.

“But, doesn’t the film and television university require an art exam?”

Ye Lu asked with some confusion, the way art universities and ordinary universities were admitted was different, this was something Ye Lu still understood.

As a result, Qin Siyu said.

“There is a major that doesn’t require an art exam, but there are limited places in each province and the score line is also very high, this year there seems to be only two places, looking at me like this, I definitely won’t be able to get in.”

Hearing Qin Siyu’s words, Ye Lu didn’t say anything yet, but it was a girl next to her who spoke up.

“Qin Siyu, just you want to go to Yanjing Film and Television Academy? You’re too presumptuous.”

Ye Lu frowned and turned her head, only to see a few rather sultry looking girls, who was looking at Qin Siyu with a disdainful face as she clutched her chest.

“It’s a classmate from our cram school.”

Qin Siyu explained.

“She’s already been accepted for her major, she’s just missing her entrance exam results.”

Before Ye Lu could say anything, the woman said with a sneer again.

“Some people are so unrealistic, you think ‘Yanjing Film and Television Academy’ is that good, that is the best film and television school in the country, how many big stars have come out of there, just you still want to get in, don’t even take a piss and look at yourself”

Seeing that this woman was getting unpleasant and Qin Siyu was not a troublemaking character, Ye Lu walked over.

“Shut up!”

Ye Luo looked at her and said coldly.

“I am most uncomfortable with people who look down on people with dog eyes like you, if you dare to talk nonsense again, do you believe I will make you take a piss and look at yourself here?”

This girl obviously didn't expect Ye Lu to stand up for Qin Siyu, she looked to either side and when she saw that several of the fierce men who were playing hard to get after her were there, she puffed out her chest and said.

"I told you, she's a bitch, bitch, what can you do, you make me pee instead, you yakuza"

This woman was obviously used to being spiteful.

Ye Lu frowned then walked over, while five strong men dashed to the girl, this kind of heroic rescue scene they didn't want to miss.

"Where did that bastard come from, beat him up for me."

"Fuck you!"

"Go to hell!"

.....

Several people roared as they rushed over, but naturally, these few punks were not in Ye Lu's eyes, and he put all these guys down on the ground in three blows.

Seeing this scene, that girl was also stunned.

However, just when she was a little overwhelmed, Ye Luo had already walked up to her and said with a smile.

"Well, it's time to keep your promise, take a piss and look at yourself."

With those words, Ye Luo extended his hand.

Chapter 100

When she saw Ye Lu reach out, the girl was really scared, she tried to dodge in panic, but with Ye Lu's skills how could she dodge?

Ye Luo touched her on the shoulder, the aura had entered her body and went all the way down.

This girl was just an ordinary person, so it was simply too easy to deal with her.

The girl felt her bladder tighten and then she couldn't help but pee for real, she immediately covered her face and squatted on the ground while people around her started pointing.

"Why did you really pee?"

"I don't know, maybe the other guy was too handsome, don't you think, how handsome that guy was."

"It's quite handsome, but not so handsome that he peed."

"Hard to say, if I put this handsome guy in my bed, I'd pee too"

.....

Amidst the chaotic chatter of the crowd, Ye Lu waved his hand towards Qin Siyu and said with a smile.

“Let’s go.”

Following that, the two people disappeared from the view of the crowd.

“Ye Lu, how did you just do that?”

Qin Siyu asked with some confusion.

Ye Luo, on the other hand, smiled and said.

“It must have been because I was too handsome, so she was a bit excited and couldn’t help herself, her admiration for me was like a continuous stream of water, and as a result, she peed.”

Hearing Ye Lu’s bullshit Qin Shiyu couldn’t help but laugh, but since Ye Lu didn’t want to talk about it, she didn’t ask after her.

Ye Lu, on the other hand, thought about it and said.

“Qin Siyu, go eat by yourself, I’ll go find some equipment, we’re going to cheat a bit this afternoon, don’t worry, I’ll let you succeed in the Yanjing Film and Television Academy.”

Seeing Ye Lu’s confident look, Qin Siyu also nodded, however, she really couldn’t think of any way for Ye Lu to cheat under such strict conditions.

Ye Lu didn’t tell him either, but went off alone to make preparations.

At the school, that girl’s best friend had already helped her bring a new dress, while the boys were a little embarrassed and stood to the side.

“You guys are losers, don’t you usually say you’re awesome?”

After changing her skirt, that arrogant girl then looked at those few strong men and said loudly.

The few strong men didn’t dare to say anything, this big lady’s temper was something that everyone had experienced and could never afford to offend.

“Humph! Go and find out for me later, what is that boy’s name, dare to mess with me, see if I don’t clean him up.”

The girl said with a glare, the cold feeling of her panties made her extremely upset, not to mention the fact that so many people had just seen that humiliating scene.

A few people hurriedly agreed, and then several people left the school together.

Qin Siyu found a restaurant on her own, and while eating her meal, she was thinking about what kind of way would Ye Lu use to cheat successfully?

She thought of various ways, but none of them felt very likely.

“Forget it, don’t think about it, Ye Lu has been impossible to guess lately anyway.”

When she couldn't think of anything, Qin Shiyu gave up, she picked up the potion Ye Lu gave her and looked outside to launch into a daze, she found that recently Ye Lu had become more and more mysterious, almost like a god, he knew everything, especially the things those people gave to Qin Shiyu's grandmother, they were all good treasures.

According to Yun Lou Lou's words, now Qin Siyu's four years of college expenses are considered to be covered.

"This kid must have met some strange encounter."

Qin Siyu muttered to herself while looking at the elixir in her hand once again.

"Perhaps this play is also a treasure."

After saying that, she put the elixir in her pocket, she would have to leave this at home later, she couldn't bring these things in the examination hall.

After eating and going home to get some sleep, Qin Siyu then went off to her afternoon English exam with plenty of energy.

However, just as she arrived at school, she was called aside by Ye Lu.

"Cheat later as I said oh, I've arranged it all."

Ye Luo said with a smile.

This made Qin Siyu feel a little surprised as she looked at Ye Lu and asked.

"Is the method complicated?"

Ye Luo smiled and said.

"Not complicated, it's very simple, in a moment you just need to pull open the curtain and look out through the gap at the time I specify, right, after you go in in a moment you first have to pull the curtain closed, I will knock on the table to prompt you, when I knock the first time, you look outside the curtain, when I knock the second time, you stop, got it?"

To be honest, Qin Siyu did understand what Ye Lu said, it was just to look out of the window anyway, but she was a bit confused, did looking out of the window give her the answer?

With a feeling of doubt, Qin Siyu walked into the examination room and lowered the curtains.

Soon, the listening questions started and she found that she was not sure about a few of them, which made her feel more and more uncertain.

"Is Ye Lu's solution going to work?"

After the listening was completed, Qin Siyu gave Ye Lu a worried look, while Ye Lu made an "OK" gesture in the dead corner of the monitor under the table, telling her not to worry.

He had already found the original paper of paper B through the "auxiliary function", except for the last essay, which he could not write for, he could handle all the previous ones.

When Qin Siyu saw Ye Lu start to work, she started to answer the questions, but she was so involved that Ye Lu knocked on the table several times before she suddenly realised that Ye Lu was reminding her to look out of the window.

With the curtain covering her and Qin Siyu's corner against the window, she could see outside through the narrow gap in the window, and in fact she had already looked at it before, and outside was a wall close at hand, and nothing else.

However, this time she was really taken aback when she looked again, because on the wall actually appeared a dense array of answers, written clearly in the order of the questions, with a sentence at the end.

"Look at the order of the questions, don't get it wrong, go for it!"

After being surprised, Qin Siyu took a closer look, she found that these were the answers were images projected on a projector, as this corner was rather isolated, plus it was a corner, so there was no monitoring, of course if one always looked out of the window it would inevitably arouse the teacher's suspicion.

So, Qin Shiyu began to scribble the answers quickly.

Ye Lu, on the other hand, was laughing not far away.

This was a solution he had come up with at lunchtime. Ye Lu's glasses were equivalent to a mobile phone or computer that could be carried into the examination hall without being blocked, and the signal blocking in front of the "auxiliary function" of the glasses was a mere cloud.

The projector was worth a lot of money because it was clear and could be controlled remotely. At noon, Ye Lu had hidden the projector in a suitable location and just now, he had projected his answers onto the wall through the power of his glasses.

This cheating method was only possible for Ye Lu, and he felt that the invigilator would never think of this method.

Due to the curtains and the angle Ye Lu chose for the projection, the teacher who was making his rounds could not see the wall outside, he could only see Qin Shiyu occasionally looking out of the window in a thoughtful manner.

This all seemed rather normal to them.

While Ye Lu watched the three invigilators warily, he put his hand on the desk, waiting to tap down and remind Qin Siyu.

After a short while, Qin Shiyu smiled and made an "OK" gesture to Ye Lu, who then began to work on his own questions.

Qin Siyu was relieved that she had already scored 125 out of a possible 150 points, except for the essay.

"Ye Lu is too godly too, thank you."

Qin Siyu looked at Ye Lu not far away and said silently in her heart.

With Ye Lu's solution, she was able to have a better understanding of the situation, but then she thought of another problem: they were piloting the reform of the college entrance examination here, so although there was no division between arts and science examinations, they had to choose their own arts and science papers for the last subject.

However, when she spoke to Ye Lu at noon, Ye Lu smiled and made an "OK" gesture and said.

"Don't worry, there's no problem."

However, Ye Lu's heart had already flown to tomorrow night, because after tomorrow, he could start refining the "Marrow Cleansing Pill" which was extremely important to him.
