

Bossy President & Superstar Girlfriend

C12

"No, thank you." She didn't like to be too close to strangers. They were very dangerous.

"Do you know why you were bullied?" Qin Junning still stood in front of her, as if he could not hear her refusal, and returned to the previous topic.

"Sir, I'm not being bullied." Tang Xiao Yi was a bit displeased. He really was a strange person. Was he monitoring her just now? So you saw Liu Qian and the others pouring coffee on you?

If so, the man could be a pervert.

"Because your family situation is not as good as theirs. Because you don't have any status, position, power, or money, so ..."

"If you don't move away, I'll call the police." Tang Xiaoyi interrupted him. Her usually calm expression revealed a trace of anger.

Who is he? What right did he have to guide his own life? Is it that great to be rich? What kind of feeling of superiority was this? As if he were God, and she was a miserable wretch!

She knew she did not have a proud family background, but so what? She will live well, too.

Tang Xiao Ai was a man of her words. When she saw that Qin Jin Ning didn't have any intention of backing down, she immediately took out her phone and was about to make a call of 110.

She didn't want to give the coffee shop any more trouble. She had already been scolded by the shop manager just now. If the crying shop assistant helped her, she would only make them feel more disgusted.

"You are truly a swift and decisive person." Qin Junning reached out his hand to grab her cell phone, preventing her from dialing it.

"Let go!" Tang Xiao Yi's expression darkened. She couldn't possibly have any interactions with such a strange person.

"If I don't, what can you do?" Qin Junning felt that her tiger-like appearance was very cute, and was completely different from her usual delicate appearance. He could not help but tease her and ask this.

"I will..." "Self-defense." Tang Xiao Yi suddenly raised her leg and kicked his crotch.

The female body defense skills taught in college physical education classes are used for this purpose.

Even though Qin Junning's reaction was extremely fast, he was still almost kicked by her. He hastily stepped to the side, causing Tang Xiao Yi to pull back and quickly run outside.

"You actually used a female defense spell on me, do I look like a pervert?" Qin Junning said to himself while rubbing his chin.

Tang Xiao Yi ran out of the coffee shop and into a remote alley. She looked back with fear in her eyes. Luckily, that perverted man didn't follow her.

However, she might have lost her job. The shop manager didn't want to see the girls causing trouble again. It caused the customers to complain and

scared away the customers.

Tang Xiao Ai saw a group of children making a ruckus in front of her. She approached the group of children and found a group of well-dressed children bullying a dirty little girl.

In that moment, Tang Xiao Yi felt as if she was seeing herself from fifteen years ago. She was also being ridiculed and beaten by a group of children, forcing them to leave. Tang Xiao Yi stood in front of the little girl who was squatting at the wall.

She remembered clearly that when she was five or six years old, she was bullied by others, so she ran home and cried to her parents. What she got in return was her father's fist, which made her stop the tears and shut her mouth.

Thus, the second time she was bullied by those kids, she picked up a rock by the roadside and fought back with all her might.

When she came home with her head held high and her chest puffed out, what greeted her was her father's heavier fist.

Because she injured the children, their parents came to ask for medical expenses, life seems to go wrong no matter how.

The little girl with tears all over her face watched her big sister take out a lollipop from her bag, not daring to extend her hand to receive it.

"Why are you being bullied?" Tang Xiao Yi squatted down and placed the lollipop in front of her as she gently asked.

Suddenly, she thought of what that strange man had said.

He also asked himself why he was being bullied.

The little girl's teary eyes stared at the lollipop.

"I understand. It must be because you are so cute that they are jealous." Tang Xiao Yi's lips curved up in a smile as she pulled the little girl up, patting the dust on her body as she spoke.

The little girl timidly looked at Tang Xiao Ei before shifting her gaze to the lollipop.

"Where is your home? Can I send you back? " Tang Xiao Ai stuffed the lollipop into her mud-stained hands. Clenching the little girl's other hand, she stood up.

The little girl still remained silent. She hesitantly stuffed the lollipop into her mouth and pointed to the front.

Tang Xiao Yi immediately pulled her to turn around and ran into someone.

"I'm sorry ... " Before she could finish, her face suddenly turned red.

The only person who could make Tang Xiao love to blush was Shen Mo.

When did he arrive? Why didn't he notice it at all?

The little girl's eyes were still red and she had already retracted her tears. A lollipop was enough to satisfy her, this was the child's heart.

"Are you okay?" Shen Mo immediately rushed over when he heard the news that Liu Qian and the rest had come to the coffee shop.

When he arrived, he happened to see Tang Xiaoyi rush out of the coffee shop and quickly enter the alley.

"I'm fine." Tang Xiao Ai avoided his burning gaze. Ever since the last time

she was kissed in public, she had deliberately avoided his gaze.

"I almost died from worry." Shen Mo took her other hand and pressed it to his chest. "Stay with me, I will take care of you."
