

Bossy President & Superstar Girlfriend

C15

Memories from that night rushed into his mind. How similar was this scene?

"Do you want to cancel the flight? After tonight, she will be a part of the entertainment circle. Although I will try my best to protect her, if she secretly finds hidden rules ... "But I don't have such a fresh body." Qin Kuangning carefully examined Zhong Yuqing's eyes, not letting off a single ripple.

He walked to the bed without saying a word and looked down at her pale face. She seemed to be in a daze and didn't know any danger.

"Want to enjoy it?" In his heart, he did not wish for Zhong Sovereign Qing to agree. If he were to sign a new contract, it would be difficult to control the relationship between him and Zhong Daoqing in the future.

When his phone rang, Zhong Guoqing took out his phone from his pocket and placed it beside his ear, "... "Okay, meet you in thirty minutes."

"Take yourself a vacation and enjoy your life." Qin Junning saw Zhong Yuqing turn around and immediately added.

"I'm not interested in women." He dialed a number and put his phone by his ear, "Liu Qingyu, inform the Finance Department that the meeting will be held in half an hour."

"Really? "Then I'll be enjoying it myself, don't say that I didn't leave anything good for you." Qin Junning smiled as he leaned against the doorway, no longer sending him off, and said this to his back.

Zhong Yuqing didn't turn around. He just raised his left hand and made a pose of saying goodbye.

Qin Junning watched as he disappeared into the corridor. He rubbed his chin and smiled again. That's right, why would Zhong Yuqing be interested in such a university student?

Although she seemed shrewd and shrewd, she was still inexperienced and easily deceived. To Zhong Yuqing, she was of absolutely no value at all.

Three hours ago, Tang Xiao Ai came here to apply for a part-time job as a DJ.

The environment of this blues bar was very good. The people who came here to spend money were all elegant people, unlike the disorderly atmosphere of the dance hall. That was why Tang Xiaoyi decided to come for an interview.

The manager in charge of the interview was a beautiful woman. She had a warm and gentle smile on her face as she poured her a glass of water. After taking two gulps, she was unable to open her eyes.

In the end, she was still a student. Even though she often worked part-time outside, and was more vigilant and quick-witted than ordinary students, in front of Qin Junning, Tang Xiao Yi was still very young.

Qin Zheng walked around the bed with his hands in his pockets, looking up and down at the unconscious girl.

At this point, Zhong Yuqing still hadn't told him how they met and what had happened between the two of them. Qin Junning also knew that it was best not to ask about things that Zhong Liangqing didn't want to say, so he could only guess that this girl might have a one-night stand.

Of course, it was only possible.

No matter how he looked at her, she exuded the pure aura of an academic, as if she had never been 'touched' by a man.

Qin Junning finally stretched out his hand and turned Tang Xiao Ai's face over, bending over to carefully examine her face.

He switched to the model photo taken at the underwear store. He switched to the model picture taken at the underwear store.

As he thought of this, Qin Junning's hands unconsciously slid down to her thick cotton zipper. She did indeed look fresh and mellow and tasty. Such a simple face without any makeup had a unique flavor to it.

How about... Let's have a "hidden rule" tonight?

Qin Junning was different from his good friend Zhong Yueqing. He had always been a person who didn't reject anyone. He wasn't as picky with women as Zhong Yuqing.

However, the entertainment circle was full of beauties. The women beside him were never bad looking.

The phone in Tang Xiao Ai's pocket suddenly vibrated, interrupting Qin Jun's movements.

He pulled out his cell phone and saw that the caller's number was not listed. It was probably a stranger.

Qin Gaoning threw his phone to one side and was still considering whether he should try a fresh taste when his phone rang.

How depressing. Qin Junning saw the name on his phone. Why would the writer call him at this time?

Tang Xiaoyi was still sleeping soundly and didn't know that she had been lucky enough to escape a black night.

However, it was not that easy, because Qin Junning's devilish teachings had only just begun.

After he hung up the phone, he stretched out his hand to take Tang Xiao Ei's phone which was constantly vibrating. The corner of his mouth curled up into a smile that would cause chills to run down one's spine.

The next day, Tang Xiao Ai woke up. When she opened her eyes, she saw the pretty and mature female manager sitting on the sofa with a cigarette between her fingers. She was smiling at her.

A few seconds later, she jumped up from the bed and found that she was wearing only her clothes.

In a split-second, Tang Xiao Ai's face turned ashen.

She thought of that terrible night again. It was just that her body didn't feel the pain it did when she woke up that morning.

"What did you do to me?" Tang Xiao Yi clenched her fingers and asked.
