

## Bossy President & Superstar Girlfriend

C19

"You're the first person to ask for a salary without starting work." Qin Junning smiled, but did not clearly express his refusal.

"I really need the money. For Escrow Media, this is just a small amount of money. I'll pay you back later." Tang Xiao Yi gritted her teeth and said.

"Let's sign the contract first." Qin Jin Ning declined to comment.

"Can you sign for a year first?" Looking at the contract, Tang Xiao Ai felt like a chicken that was being slaughtered by others.

"One year? "You have to know, there are some newbies who can't do anything in three years, what can you do for the company in a year?" Qin Junning slowly revealed his sharp wolf claws, yet he still had a smile on his face as he asked this.

Tang Xiaoyi lowered her head. Fortunately, the contract didn't mention the money to accompany her guests; otherwise, she would have thought that she had been sold to a nightclub.

"Let's see how much the company will spend on you and how much you can recoup over the course of the year." "Of course, the reason we signed a contract with a new person was to let the new person become famous and bring economic benefits to the company, but now, no one knows you. No matter what method you use to appear in front of the public, you will need a lot of time and time to plan ..."

"Then sign first for two years." Tang Xiao Yi gritted her teeth. She had

signed the contract for six years and did not want to waste the best six years of her life in it.

"Two years? "Hmm, at that time, you might have just made your debut and gained some fame. Then, when our contract expired, the company would give away the newbie that we spent a lot of money to you for free?" Qin Gaoning asked with a smile.

"Three years! If that's not possible, then forget it! " Tang Xiao Ai was extremely dissatisfied with this kind of overlord treaty, but she had no other choice. The pressure of living had made her a dreamless person.

"Alright, three years ... However, the contract for three years is this one. " If he did not agree, he believed that the girl would turn around and leave.

He took another contract from the drawer and handed it to Tang.

Three years of contracts were similar to six years of contracts, but there was an extremely harsh requirement ... If you continue to be in the entertainment business after three years, you must renew your contract with your boss and can't sign any other companies unless you don't want to be a celebrity.

To Tang Xiaoyi, she was eager to break away from this circle, so she immediately signed her name and pressed her palm.

Three years later, whether she had money or not, she would do what she liked.

Qin Junning put away the 'indenture contract', stretched out his hand towards her, smiled and said, "Welcome, new member. From today onwards, the phone will remain open, I will have someone arrange simple training for you."

"Also, you can't live in the school dormitory. You must be assigned by the

company, and you must pack up and move into the staff dormitory in the afternoon ..." At this moment, Qin Junning completely revealed his fangs. Although he had a smile on his face, his tone did not allow for a retort, "Please comply with all the requirements of the contract. From tomorrow onwards, you can call for help."

"But you just promised me that you wouldn't interfere with my studies and exams while I was in school." Tang Xiao Ai keenly felt the change in his attitude and immediately said.

"Well, I mean try." Qin Junning's smile disappeared, revealing his uncertain personality. "You should know in your heart who is more important in terms of their studies and career."

"To me, both are equally important." Tang Xiao Yi slightly frowned.

"NO, to you right now, the company's interests are the most important." Qin Junning waved the contract in his hand. "Tang Xiaoyi, you should start learning how to read the situation and curry favor with your boss. This will allow your future path to be smoother."

Tang Xiao Yi saw him smile evilly and her heart sank. She knew that this was a pirate ship, but she had no other choice.

Tang Xiaoyi watched as the company sent people to help her throw her clothes into the trunk. She wanted to move to the so-called staff dormitory.

There were a total of four girls in the dorm, but in reality, three of them rented rooms outside and only returned occasionally.

Tang Xiao Ai did not have many things, only a box of books and very few clothes.

In the long corridor, there were girls from other dorms looking at her from afar, pointing at her and whispering about something.

Ever since she had a relationship with Shen Mo, she was often criticized like

this and gossips arose all over the place.

"Look ..." "I already said that she was taken in, but you all still don't believe me ..."

"Look at the nanny car outside and that male bodyguard, tsk tsk..." "I wonder what kind of rich people are involved ..."

"Then what is Shen Mo?"

"Shh, just kidding. Maybe the one keeping her is an old man who isn't as handsome as Shen Mo ..."

Tang Xiaoyi silently walked out. She could not refute him, especially when it came to Shen Mo.

The assistant put everything in the car, started the car, and drove out of the school.

At this moment, a person suddenly jumped out and stood in the middle of the road, stopping the car while gasping for breath.

Tang Xiao Yi lowered her head and stroked the silver chain on her wrist. This was a small gift from Shen Mo. She didn't expect it to end so quickly.

With a quick brake, the car suddenly stopped. Tang Xiaoyi raised her head and saw Shen Mo's hands on the front of the car as he stared at her face with his blood-red eyes.

Her heart skipped a beat. Did Shen Mo want to die?

Immediately, Tang Xiao Ai's heart began to ache. She was repeatedly hit by the attacks and didn't even care about the pain of losing her lover. Now that she saw the face of the beloved boy, she felt that everything had become incomparably dark and gloomy.

Shen Mo had received an unfamiliar phone call from the female dormitory

informing him that Tang Xiaoyi had returned, so he immediately sprinted from the football field to this direction before finally stopping the car she was in..
