## C22

She wanted to... His life was truly impressive!

"If you're sad, it'll be better if you cry." Zhang Wei was worried about his friend's situation.

"I'm not sad." Tang Xiao Yi turned her head and looked out the window. It was already dark.

She no longer had the strength to be sad, as too many unforeseen events had caused her to lose the ability to accept grief.

It was dark, and there were stars.

The sun had set, and the moon might one day thank those who had looked down on her.

Inside the Escrow Media Building, in the grand lobby on the first floor, the crystal lights shone brightly. The women wore all sorts of beautiful dresses, and the men in suits and suits were having a grand dinner.

At the moment, there were two men leaning against the railing of the balcony on the second floor. They were holding red wine, admiring the moon and chatting intimately.

Of the two men, one was elegant and handsome with deep facial features,

while the other was elegant and handsome. When it came to physical features, they were even more eye-catching than the celebrities below.

They were precisely the women who had stirred up the women's hearts, Zhong Yuqing and Qin Junning.

Esco Media Company had a stake in Zhong Yueqing. Back then, Qin Jun had wanted to buy this nearly defunct media company, but because of the lack of funds, he and his good friend joined forces to buy it. It was just that Zhong Yueqing didn't like the entertainment circle.

Tonight, groups of nebulas gathered together, as if about to hold some sort of welcoming ceremony ... Qin Junning sometimes signs up to be proud of the potential of the newcomer, will invite Zhong to watch together, let a good friend see their own vision.

It was already eight o'clock, but the new player still hadn't appeared.

All the women were looking at the big terrace, but none of them dared to disturb them. No matter who they climbed onto, they were the fifth brother of the diamond king, rich and rich, and also so handsome.

It was a pity that Qin Junning's temper was eccentric and irritable. He was smiling one moment and scolding the next. Not only that, he was heartless to women and would not acknowledge others once he got off the bed.

Unless it was a woman with talent who could help him earn money, only

then would he be a bit of a gentleman.

As for Zhong Yuqing, he was like an insulator. Other than his career, there were no women in his eyes. He had never even heard that he had a regular lover before.

When those eyes looked at someone, they would emit a dark glow that would cause others to panic and not dare to get close to them.

"Not punctual on the first day? What's the point of having a bit of fame in the future?" Qin Junning looked at his watch and frowned, obviously displeased.

"Little Gao, did you call her?" Qin Junning looked at his assistant and asked.

"I've called him a few times. He should be here soon." The little Gao wiped off his cold sweat. He shouldn't have let Tang Xiao Ai and that man go today. Right now, the Boss was clearly unhappy.

Qin Jun Ning is a typical smiling tiger, public revenge private enmity is more expert. Since Tang Xiao Ai was not here yet, if she were to continue delaying, she would definitely die miserably.

Tang Xiao Ai rushed to the Escrow Media Headquarters. She was a punctual person, but due to the special circumstances today, she forgot that there was a party.

The security guard at the door stopped her. No one was allowed in without an evening coat and pass.

Tang Xiaoyi awkwardly looked at her clothes. Ordinary jeans, ordinary

sweaters and scarves, and her fresh student attire. Even the lady sweeping the floor couldn't compare to her.

Little Gao was walking around gloomily when his cell phone suddenly rang. He immediately picked it up and ran outside.

The young mistress had finally arrived, but she was blocked outside by the security guards.

However, when the little Gao saw Tang Xiaosi, his face turned into an anxious expression. God, didn't this woman know that she was the main character of today's banquet? How could he be dressed like this? Furthermore, she was still facing the sky. Was she deliberately flaunting her good skin?

However, no matter how good her skin was, the haggard look on her face and the reddish circles on her eyes betrayed her current terrible state.

It was full of perfectly made-up women, carefully tended from hair to toes, shining brightly.

Gao led her in a hurry through handsome men and beautiful women to the edge of the terrace. "Boss, he's here," he said to the two men who were whispering to each other.

Qin Jun turned around and saw Tang Xiao Yi gasping for breath with a haggard expression on her face. He immediately frowned: "Quickly take her to the dressing room. Look at her appearance!"

"Yes ..." "Alright." The little Gao quickly nodded his head and pulled away Tang Xiaoyi who was staring blankly at Zhong Yuqing's back.

Tang Xiao Yi came back to her senses and immediately followed Gao out. It was as if she had seen the man with his back facing her somewhere before.

"Actually, I really don't like signing new names. It's very troublesome to train them, so it's more convenient to directly recruit A-list celebrities." Qin Junning turned around and said to Zhong Liangqing, who had been admiring the moon.

He had yet to tell Zhong Yuqing who the new person he had signed was, but he knew Qin Hanning too well to guess who the new person was.

Not only because of her heartbreak, but also because of the school's punishment, as well as her own family disaster. She was forced to sign a contract to sell her body, change into a formal attire chosen by the stylist, put up her long hair, and put on a faint makeup. Tang Xiaoyi looked at herself in the mirror as if she had been reborn, and did not come back to her senses for a long time.

The fatigue on her face was covered by the thin foundation powder. The dazzling crystal lipstick and the long, thick mascara made her even more beautiful. Her bright, clear eyes were highlighted once again, revealing her breathtaking beauty.

He almost couldn't believe that the person in the mirror who was in high spirits was the person who walked out of the subway station in a daze half an hour ago.

Tang Xiao Yi raised a hand to touch her face as her gaze slowly shifted down to the mirror. The evening dress was very suitable for her. Its red color accentuated her snow-white skin that did not reveal anything, giving her a gentle and reserved beauty.

"The boss sure has good eyes." Little Gao was used to seeing beautiful female celebrities, so he couldn't help but click his tongue in admiration at this moment.

The stylist was doing the final details for her with a small figure. When everything was finished, he also smiled and praised, "Her figure is very good. Relax a bit."

"Thank you." Tang Xiao Yi's soft words of thanks were similar to those of the intellectuals of the old era: modest and polite, with a gentle demeanor.

Pow! Pow! Pow!

Applause suddenly rang out from outside the door. Tang Xiao Yi looked in the mirror and saw that there was a man standing at the door. It was Qin Jin Ning.

He clapped his hands and revealed a beautiful smile, as if he was sizing up a perfect piece of work. "This is great. Quickly change into your high heels. Your time has come."

Tang Xiao Yi's scalp went numb as she looked at her 12-centimeter high shoes. She had never worn such high shoes before. Even as a model, she wouldn't wear such high heels.

"Speed!" The smile on Qin Junning's face suddenly vanished. She was an hour late, and no one had ever dared to be late in front of her!

"My limit is eight centimeters." Tang Xiao Ai didn't want to tumble down, so she could only speak the truth. She was so tall, she couldn't walk.

"Do you know what my limit is?" Qin Junning raised his eyebrows and asked

with his hands in his pockets.

In an instant, the atmosphere in the dressing room became extremely depressed. The makeup artist and stylist both lowered their heads in a tacit understanding as if they were looking for something else to do.

"Be careful of the dress, let me do it." The stylist had been carefully observing the situation from the start. When he saw Tang Xiao Yi bend over, he hurriedly stepped forward to help her put on her shoes.

Such beautiful high-heeled shoes, shining brightly in the bright light, like Cinderella's crystal shoes.

However, to Tang Xiaoyi, it was as if she was stepping on a thorny rose, and every step she took caused blood to drip out.

"All of you, leave." Seeing that she had put on her high-heeled shoes and her faintly clear makeup was flawless, Qin Hanning said this to the others in the dressing room.

Immediately, the makeup artist, stylist, and other assistants all retreated.

Qin Junning walked in front of Tang Xiao Ai. She wore a pair of 12-centimeter high shoes that matched well with his own height of 1.8 meters. As long as he lifted her chin, he would be able to easily kiss her glistening lips.

## C23

Tang Xiao Ei and Qin Junning quietly faced off against each other. From the moment they signed the contract, she knew that this man had changed.

He was no longer a strange stranger, but his immediate superior.

"Smile." Qin Junning stared at her for a long time before spitting out a word.

Tang Xiao Yi looked at him calmly. Two seconds later, she smiled, showing a beautiful smile.

"Don't laugh like that." Qin Junning raised his hand to pinch her chin, turned her face towards the big mirror, and said, "This world doesn't owe you anything, smile happily for me."

Tang Xiao Yi saw herself in the mirror. She was a stranger, separated by a layer of powder. It was like a layer of fog, and that flawless face in the makeup artist's hands was not hers.

Only his shadow could be seen in the depths of those eyes that were calm and distant.

As for the man holding her face, he was no longer the man who had a good temper while smiling at her. At this moment, he was staring at her in a commanding manner.

She tried to smile again, but her nose stung. Yes, the world didn't owe her anything, but she just wanted to cry.

"If you want to be a good artiste, you have to smile no matter the time, no

matter how sad you are." Qin Junning stood behind her, letting her face to face with the mirror, pinching her cheek as he whispered into her ear.

Her personality of having to hold back was indeed unsuitable for the entertainment circle. However, he would slowly nurture her. At the very least, he had to make her completely listen to him.

Tang Xiao Yi's face once again twitched as she revealed a smile.

"I should first find a teacher to train your smile." Qin Junning could not see the smile in her eyes and said with a frown.

"Sorry." Tang Xiao Yi finally spoke because she had suffered a lot of blows today. Her voice was dull and hoarse, without any clarity.

"Do you know? I hate it when people apologize to me the most. Please do it again with your standard smile. " Qin Zheng straightened her face and said word by word in the mirror.

Tang Xiao Yi took a deep breath and closed her eyes. She suppressed her emotions and fiercely suppressed them.

Although some things were like springs, the harder they were suppressed, the stronger the rebound force would be, but she still used all her strength to restrain her emotions. A few seconds later, she opened her eyes and smiled towards the mirror.

"Good. Keep that smile on, at tonight's party." Although Qin Junning wasn't

too satisfied, he knew that Tang Xiaosi had done her best. If he forced her to go down again, she might collapse at the banquet.

Qin Gaoning released his grip and said to her, "Hold me."

Tang Xiao Ai obediently took hold of his arm. She needed to support herself in order to avoid falling down.

Two people appeared on the stairs leading to the second floor. The bustling scene turned completely silent as everyone raised their heads to look at them.

The man was very handsome, the model was tough and heroic, with every movement he made, he was unspeakably tugging at the air with his big hands.

The girl beside him was like a lotus blooming in water. The makeup artist mysteriously wiped away the haggard and exhausted look on her face, leaving behind only a tranquil and clear beauty.

The two of them seemed to be a perfect match, regardless of height or looks.

Was this the newbie that Qin Junning had just signed?

Everyone was using all kinds of eyes to size up Tang Xiaoyi. Her well-fitting and high-end dress accentuated her lithe figure. Her small face was pure and clear, but her eyes were empty and wooden, greatly reducing her overall score.

Zhong Yuqing was leaning against the balcony on the second floor. Finally, he turned around with a goblet in his hand and looked at the two men

standing on the stairs.

From the front, Tang Xiao Ei seemed to be wearing a conservative and demure formal attire, but behind her back there was something else. The half-naked lace revealed her white skin, revealing the beautiful lines on her back. The butterfly bone made her even more enchanting.

Qin Gaoning was currently introducing the newcomers to everyone. He was leading Tang Xiaoyi down the stairs to introduce her future colleagues and companions.

Tang Xiao Ai's smile had already become stiff.

There were many celebrities here, but she had never paid much attention to the entertainment industry. Even though some of the celebrities looked familiar, they still couldn't call out their names, which made some people very angry.

Finally, after a full circle, Qin Juning was pulled to the side by the producer, leaving Tang Xiaosi alone, surrounded by red men and women.

She was not a stage scammer.

From when she was very young, she had always been calm when she faced all sorts of adults asking for debts, to when she went to school and took part in all sorts of competitions, to when she spoke on stage.

But right now, Tang Xiao Yi only wanted to escape. She absentmindedly squeezed out of the crowd and barely managed to maintain a smile on her face when she saw the conversation. She subconsciously moved towards the lowest part of the crowd.

A handsome man walked up the carpeted stairs towards them. He had a faint smile on his face and had the bearing of a ruler descending upon the world.

Tang Xiaoyi lowered her head and held the hem of her skirt with one hand, afraid that she would step on it.

Everything seemed like a dream. The dream-like crystal chandelier, handsome men and beautiful women were everywhere. The intoxicating taste of champagne and red wine reminded her of that grand annual gathering ... The night she lost herself.

The only difference was that she had lost her body that night, and today, she would lose her freedom.

Tang Xiao Ai didn't like this kind of situation, just like she didn't like high-heeled shoes.

It was unknown what had been splashed onto the carpet beneath her feet. Tang Xiao Yi originally wasn't able to control such high heels, but now that she slipped, Tang Xiao Yi subconsciously reached out to grab onto something to stabilize her body. However, she still fell to her knees on the stairs, only because she tightly held onto a man's belt to prevent herself from tumbling down the stairs.

The lively scene quieted down once again. Everyone was looking at the awkward scene on the stairs.

Tang Xiao Ai's current posture was as though she was worshipping God. To the people of Green Jia International, Zhong Jianqing was indeed their God.

She pulled at someone's expensive belt and half knelt in front of him, her

face pressed against his crotch.

Tang Xiao Yi stiffened her body. A few seconds later, a look of fear and shyness flashed across her face. It was as if she had just realized something had happened.

She tried to withdraw her hand, but a pair of warm hands held her arm.

"Sorry ..." "Thank you ..." Tang Xiao Yi was so embarrassed that she didn't dare raise her head to look at him. What did she bump into just now?

It was rare for her to be so embarrassed, so Tang Xiaoyi wanted to quickly escape.

"Little Love, you really know how to snatch a mirror." When Qin Junning saw this scene, he immediately strode over, pulled her to his side with a smile, and said deliberately, "If you want to get to know Mister Zhong, you don't have to put in so much effort."

He was making a joke to smooth things over, because he and Zhong Guoqing were very familiar with each other. However, for Tang Xiaoyi, aside from embarrassment, she was also very embarrassed. She wished she could immediately burrow into the ground.

Zhong Yuqing also withdrew his hand. He stood on top of the stairs and looked down at her. Memories from that night rushed into his head when he touched her soft and tender arm.

Her body was very soft, very smooth and very tender, just like a poppy. Anyone who tasted it would never forget.

"Let me make an introduction. This is the majority shareholder of Escrow

Media, as well as the CEO of Linjia International Shopping Network," Qin Jun looked at Tang Xiaoyi's blushing face, then inappropriately whispered into her ear, "Countless women think of Ol 'Five as their King of Diamonds, Zhong Jianqing."

Upon hearing the words "Green Gardens International", her originally red face immediately turned pale.

It was as if he could see the dark night again.

Although her face was lightly powdered and blushing, concealing her true expression, her manner still made the fox-like Qin Junning feel that something was amiss.

"Lil 'Ai, although Mr. Zhong rarely asks about artists, he's still your boss. You should pay a good visit to him." Qin Jun noticed that she kept her head down with a panicked expression on her face. He had some doubts in his heart. Did she know Zhong Yuqing or not?

From his tone, it seemed like the girl didn't know him. However, he had overdone it and wanted to make it up to her.

## C24

"No need, the newbie is still young, don't scare her." Zhong Yuqing finally spoke. His voice was gentle and graceful, full of magnetism.

"In the future, we will have to face thousands of FANS and short spears. How can we become an artist with such cowardice?" Qin Junning smiled and affectionately put a hand on Tang Xiao Ei's shoulder before whispering in her ear, "Darling, you are in a very bad condition today."

Although there was no blame in her tone, Tang Xiao Yi was clearly

dissatisfied.

She forced a smile and finally raised her head. She looked at the "Diamond King Number Five" and apologetically said, "I'm sorry, I ..."

Her words were stuck in her throat, because the man in front of her was too handsome. His face was even more dazzling than the male celebrities in the hall.

It wasn't just his face that made Tang Xiaosi absent-minded, but also the smell of his body. Just now, she had felt an inexplicable sense of panic. So it was because of this familiar smell ... There was a faint aroma of tobacco mixed in with a faint fragrance of sandalwood. It was very special, but she could not recall where she had smelled it before.

"I'll get used to high heels in the future." Zhong Yuqing smiled at her, graceful and gentle, like an angel that descended to the mortal world.

He saw the doubt and astonishment in the girl's eyes. That night, she would definitely not remember his appearance, but now, Tang Xiao Ai's eyes seemed to be searching for something from his body.

After he finished, he walked to the other side and started chatting with a producer.

He did not want to be entangled with any woman, and for the time being he did not want a steady lover.

However, she did look beautiful today. She was young and pure, sweet and peaceful.

The smell of smoke and grass in her nose had dispersed, but Tang Xiaoyi still had not come back to her senses.

"Got by the diamond man Shock?" Qin Jun gave a light laugh, reminding Tang Xiao Ai's identity without leaving a trace, "As long as it's a woman, they would go crazy for him. How much of a waste trying to get close to that group of beautiful female celebrities? Not only them, but those upper class famous women as well ... "It's a pity, it's a pity that all of Zhong Yuqing's heart is in his business. No woman is able to attract his attention."

After Qin Junning had tested the Emperor Zhong and confirmed that he didn't have any more feelings for Tang Xiaosi, he was relieved. Now that Tang Xiaosi was his ... Exclusive items.

From the moment she had signed her name, it had become a commodity.

To Qin Junning, all artists were commodities, but the prices were different.

In this strange apartment, Tang Xiaoyi was having endless nightmares.

There was a familiar smell of tobacco smoke in her dream. There was also a man in a white shirt, looking at her from afar.

He wondered if that person was Shen Mo.

When Tang Xiao Ai woke up, her pillow was covered in tears.

The phone on the bedside table rang at 7 o'clock on time. It was the company's private phone, and Tang Xiao Ai's private phone was no longer available.

Because she had officially become a signed celebrity, everything had to be done according to the contract.

All her actions would be monitored by the company, including the telephone.

Therefore, Tang Xiao Ai was not happy at all.

The harsh contract treaties and the upcoming professional training left her breathless just thinking about it.

As for the school, she did not know how to meet Shen Mo. Fortunately, these two days happened to be the weekend, so she did not need to go back to school to meet him.

A call from the Body Training Assistant asked her to get to the Body Training Room on the ninth floor in thirty minutes and begin her basic training.

It would be more accurate to say that it was a hotel apartment building built by Escrow Media. Starting from the 15th floor, there were all the artists and staff under the contract from Escrow Media.

Below the fifteenth floor was the work area. There were dance rooms, recording rooms, interior shooting rooms, and various training rooms. Underneath the seventh floor was the leisure area and living area. In short, everything was planned in unison, and there was a sense of semi-

militarization. However, this kind of management system was indeed very convenient to manage the artists, let alone worry about their private lives being taken in secret.

I've heard that even A-list celebrities have to listen to the company's arrangements here. Even if they have numerous mansions all over the world, they must live here during their working days, unless they leave the company.

However, their room was as luxurious as a presidential suite. It also had a housekeeper and personal assistant that lasted 24 hours. Compared to Tang Xiao Yi's ordinary room, it was tens of thousands of times more luxurious.

Tang Xiao Yi pulled open the curtain and looked out at the sky. She felt that this place was like a military camp, devoid of any freedom.

However, there were so many people who wanted to sneak in.

There was another building in front of him. It was less than a thousand feet away from him, and there were four large words written in an imposing manner ... Lujia International.

Tang Xiaoyi didn't know that the two companies were so close to each other. When she came to attend the annual meeting at Lujia International, she was so excited that she didn't notice Escrow Media.

From the looks of it, Zhong Yuqing was indeed a major shareholder and investor. The two companies were close to each other. Usually, the employees of the two companies would walk downstairs and talk to each other, just like two dormitories in the same university.

Tang Xiaoyi and a few other newbies followed the body teacher to practice

their basic skills. When she was young, she was chosen by the school to join the ballet team in the city, so she had some dancing background and a good sense of balance, so these basic skills were very simple for her.

However, there were two tall men beside him, and they couldn't coordinate their hands and feet.

"My name is KIKI, what about you?" During the break, a girl who looked to be around her age came over and asked.

"Tang Xiao Ai." Tang Xiaoyi was usually very quiet, so she was always on the other side of the conversation.

"Ah, you're Tang Xiaoyi?" The girl called KIKI sized her up with a look of surprise and envy and said excitedly, "I heard that I specially prepared a welcoming dinner for you last night. All the celebrities with a rank 2 or higher attended it!"

"Oh ..." Tang Xiao Yi was a bit surprised, but her expression remained calm.

She thought that every new person would be like a new student introducing himself at a dinner party.

"Please take care of me from now on!" KIKI immediately extended his hand towards Tang Xiaoyi.

"We'll take care of each other." Tang Xiao Yi politely shook her hand and discovered that the newbies opposite her were whispering to each other as if they were discussing her.

"How do you know your boss?" I hear you're old friends, right? " KIKI was a bar keyboarder, found out by scouts and signed up for the company, but

three months had passed and she was still undergoing this boring training every day without any notice.

There were also people here who were not valued for a few years after they signed up for the company, wasting their youth.

But some people get lucky as soon as they get in, make records, take pictures, and march into the big screen..." In just a few months, he had become a popular celebrity.

What Tang Xiaoyi didn't know was that in one night, the company had completely changed her identity.

Since Qin Junning had prepared a banquet for her and she had fallen at Zhong Yueqing's feet during the banquet, this was originally a circle filled with gossips. Therefore, everything about her had already spread far and wide among the various artists.

And from this chattering girl, Tang Xiaoyi learned that although Escrow Media had a strict, semi-military management system, it was still very serious. Newcomers were basically the targets of bullying, and only by relying on luck or ability did they slowly climb to the top.

Furthermore, if they could not get a job, the artists' lives would be very difficult. They would have basically no income. Although they had food and shelter in the company, they did not have any financial resources.

The company would not support these people for nothing, so it was very likely that it would arrange for some small meals or other hard work for them. It might even be dissatisfied with the contract cycle and kick them out.

## C25

KIKI was only 19 years old this year. Because of her low education, she went to a bar to work as a keyboard player after graduating from junior high school. Although she had some talent for music, her personality was too carefree.

Tang Xiao Yi silently listened to KIKI's complaints. She knew that this business was not easy to do, and there were so many hidden secrets and unwritten rules, but KIKI's tone still carried yearning and happiness. She said that at least she had been signed in and didn't have to worry about food or drinks.

Furthermore, the entertainment facilities were first-class and required everything. Compared to being a keyboard player in a bar, it was much easier and more comfortable.

"One day, you might even be able to play as a star's concert keyboard player, or maybe even make your own record with a huge sum of money."  
"Little sister, I'm living in E1904, right above yours. Come look for me when you're free." In the evening, KIKI had become very familiar with Tang Xiao Ai, so he was reluctant to part with her.

The floor of the 19th floor was filled with bands and singers.

All the floors were divided into areas A, B, C, D, E, F. District A was where the presidential suites were. They were all occupied by celebrities, including a brother and sister.

District B was like a five-star hotel. They were all B-list celebrities. District C and D were gradually declining. They were third-rate celebrities. They were the rookies in Area E and the staff in Area F.

It was just like an ancient society where the class system was strict. The closed-door training and the ranking system here made Tang Xiao Yi feel depressed.

Not only was their lodging the same, even the dining and entertainment industry was divided into the ABCDEF and other areas. Big brands of celebrities would naturally go to District A to spend some of their money.

As for Tang Xiao Ai and KIKI, they could only eat in an environment that was as ordinary as a school canteen.

She dragged her tired body back to room E1858, where she felt like she was in jail.

"Eh, we are neighbors?" Another tall boy who was opening the door opposite her suddenly spoke up.

Tang Xiaoyi turned around and saw the man she had trained with this morning. She politely nodded her head, "En."

"My name is Xiao Xi, I'm very happy to be your 'neighbor'." That male student around the age of 22 stretched out his hand in a friendly manner.

Tang Xiaoyi only touched his fingertip and squeezed out a smile, "I'm Tang Xiaoyi. Hello."

After saying that, she prepared to open the door and return to rest.

"Are you a model too?" The boy called Xiao Xi asked enthusiastically, ignoring her coldness.

"No." Tang Xiaoyi had just found out from KIKI that all the models on the 18th floor were flat models. There were also top models in Area A, but they were very busy and attended all sorts of commercial performances every day to earn money for the company.

"Oh ..." "This floor is full of models. I thought you ..." Xiaoxi was still very friendly. Perhaps, it was better to have one more friend than one more enemy.

"I'm a bit tired. Good night." Tang Xiao Yu opened the door and walked in. She smiled at the tall and big handsome boy and closed the door after she finished speaking.

Leaning against the door was a hotel like staff dormitory, a large bed, a computer and television, and a bathroom ... There was no trace of warmth from home. It was just like the layout of a hotel, making Tang Xiao Ai's heart a mess.

He didn't know when he would be able to make his debut here, nor did he know what kind of future she would encounter.

Qin Zheng seemed to have disappeared, and had not appeared for the past

two days.

Tang Xiaoyi wanted to go back to school and apply to the supervisor, but she was ruthlessly beaten back.

The supervisor asked her to obey the company's orders, and as for her studies... With such a good career, he didn't need to go back to school to waste his youth. Therefore, he could consider taking a break from school or dropping out. In short, he wasn't allowed to leave the company even half a step.

To Shen Mo, Tang Xiaoyi was like a wisp of vapors in the world. No one could find her.

Even his phone had been turned off.

Some said that she was really taken care of by a wealthy merchant, while others said that she could not accept the punishment given by the school and left. However, the punishment given by the school had already been settled by Shen Mo, and regarding the matter that day, the dean agreed to not pursue it anymore.

Shen Mo was also feeling terrible. He and his group of brothers drank until his mother appeared out of the blue.

"It's just an ordinary girl, let's see how you look like now. "Rest well at home these few days. You're not allowed to go to school." Shen Jingbin's mother looked at her drunk son and sighed, "There's nothing in this world that can't be let go of. Ten years later, when you look back today, you'll know how childish you are ..."

"That girl is not suitable for you, nor is she suitable for our family. Be good

and forget about it. Mom will find you a good upper-class beauty in the future. She's so much more expensive than that crude girl from town ..."

Shen Mo laid on the bed and wrapped a blanket around himself. Right now, he only wanted Tang Xiao Ai.

Tang Xiaosi's soft lips, soft eyes, soft and gentle gaze — he wanted to find the missing Tang Xiaosi!

At this time, Tang Xiaoyi was trying to think of a way to escape from the building.

She didn't have much to do today. After training in the morning, she could rest for half a day in the afternoon, so she could sneak back to school secretly.

However, the security measures here were too strict, because it was the media headquarters. In order to avoid being snuck in by the puppies and entertainment, they had to have a pass to enter and exit the city. Tang Xiaoyi could not get a pass, so it would be harder than climbing into the sky to sneak out.

"Lil Sis Ai, it seems like you don't like to talk." KIKI had been jabbering along beside Tang Xiao Ai the entire time. She really liked this quiet girl and would not be like the others who plotted against her.

"Yes." Tang Xiao Ai was in no mood to speak. On the day she signed the contract, she had advanced a hundred thousand dollars to Qin Jin Ning. She owed him a total of two hundred thousand dollars, but she didn't know how to repay it.

Even though Tang Xiao Ai had put several tens of thousands of dollars into

her brother's account and told him to take it out if there was anything he needed to do, the feeling of debt was extremely painful, especially the feeling of selling himself and paying the debt.

"However, being less talkative and doing things here is the right thing to do. It's a pity that I can't change it ... Otherwise, I would have already been the lead singer! " After all, KIKI was still young and didn't have much of a cultural foundation.

"This is all electronic surveillance." Tang Xiao Yi suddenly said as she was walking along the small, tree-lined path.

"That's right. In order to prevent the hounds and the media from sneaking in, as well as to make it easier to monitor us ... Actually, this place is very similar... "Prison." The last two words were whispered into Tang Xiaoyi's ear. KIKI had suffered before, so he knew that if he spoke carelessly, he would be punished. "But, the conditions here are really too good. I sometimes think that even if you can't get a single notice during the signing period, it's still better than working outside, don't you think? "

"I don't think so." Tang Xiao Yi was silently thinking about how she could safely slip out. She saw the surrounding high walls and the security guards that passed by from time to time. She wrinkled her brows; it really was easy to get out of here.

"Why not? Look at the buffets, swimming pools, singing halls, medical rooms, first-class musical instruments, and playground video games rooms. If you get tired at night, you can lie back in the bathtub and watch TV or go online ... "

"KIKI, how many years did you sign?" Tang Xiao Yi interrupted her and asked.

"Five years." KIKI answered truthfully.

"From the age of nineteen to the age of twenty-four, this is the best time for a girl to live her youth. If she were to become a rice bug in this sort of place ... What can we do after five years? " Tang Xiao Ai had a long term perspective. She had always felt that in the entertainment circle, it was equivalent to eating youth. How many people would have the opportunity to do so?

## C26

There were very few people who could stay active in the entertainment industry for twenty years. Many celebrities could marry a rich family and it was already a pretty good home to return to.

However, for someone who wanted to engage in another profession, burying his twenties in a prison like place, living a life like a worm every day, slowly wearing down his determination and drive ... It will be a terrible thing.

"Don't say that. Life is about pleasure... "Hey, look at that car!" Suddenly, KIKI screamed out as he held Tang Xiao Ai's hand. Not far in front of them was a pure white Lamborghini, its beautiful body gleaming under the sun's rays. "I heard that the limited edition Lamborghini can't be bought for hundreds of millions of dollars!"

"Little big sis, how was it? I said we can meet rich people here at any time, right? Look at this license plate number, then look at this car. As long as I can get in touch with the owner of this car, I won't need to worry about food and drinks for the rest of my life. " KIKI's palms were covered in sweat. He excitedly moved towards the car and said, "Do you know how to hit a rich person like me?"

Tang Xiao Yi shook her head. She had no interest in talking to him and only wanted to return to school as soon as possible to finish her studies.

"Watch me." Although KIKI was very young, it was obvious that he was a lot more daring than Tang Xiao Ei when it came to talking to her. He didn't even consider the consequences of doing anything.

When the pure white Lamborghini was almost in front of him, KIKI suddenly twisted his leg as if he had twisted it and pulled the defenseless Tang Xiao Ai, falling onto the ground in the middle of the road.

Tang Xiao Ai was pulled by her, and due to being caught off guard, she also knelt down on one knee.

The snow-white Lamborghini braked sharply in front of them. The car door automatically opened and a man walked out. He asked with some concern: "Miss, are you alright?"

"Aiyo ..." "My foot is twisted ..." When KIKI was acting coquettishly towards men, he had a coquettishness that didn't match his age and flirtatiousness, causing Tang Xiaoyi to be stunned.

"Can I ask you to help me?" KIKI held out his hand to the man in the suit.

Only then did Tang Xiao Ai come back to her senses. She quickly let go of her

arm and stood up to walk to the side. She felt a bit embarrassed and didn't know whether she should leave KIKI behind or not.

The man sitting at the back of the car was also wearing a dark suit and had a pair of eyes as deep as the ocean.

The person who got off the car was Zhong Yuqing's personal chauffeur, Lan Yi. He just happened to arrive at the prime of his life this year and was mature and steady.

He was not only Zhong Yuqing's driver, but also one of his personal bodyguards and assistant.

Zhong Yuqing's eyes fell on the young girl standing aside. After that night, he didn't expect that they would meet again and again.

The current her wasn't the same as the welcoming party from a few days ago.

The afternoon sun shone on her youthful face, but her eyes were still very calm, as clear as the first snow that melted.

"..." Can you take me to the clinic? " KIKI mistakenly thought that the person driving the car was the customer and was trying to hook up with Lan Yi.

"I'm sorry, but this young lady should be fine, right? I can send you there. " He couldn't afford to delay for too long, so he turned his head to ask Tang Xiaoyi, who was standing at the side in silence.

KIKI immediately winked at Tang Xiaosi, hinting her not to agree.

"Ah ..." I... There are other things... "Goodbye ..." Tang Xiaoyi felt even more embarrassed after receiving the KIKI's gaze. She wasn't good at lying, so she walked forward as she spoke.

"Lan Yi, send the injured young miss to the medical room." The window at the back suddenly slid down. Zhong Yuqing's magnetic and elegant voice came out.

Lan Yi had followed Zhong Yuqing for a long time, so he was very familiar with his habits. He immediately picked up KIKI and said with a smile, "Miss, I'll send you to the medical room. Be careful."

Tang Xiao Ai walked quickly. She didn't know how many other girls like KIKI would want to live a carefree life and have a rich husband. In short, life here wasn't what she wanted.

"Where to? Do you need a ride? " The snow-white Lamborghini flashed with a dazzling luster as it stopped beside Tang Xiao Ai almost without a sound. The car window slid down halfway and the man inside had a perfect side profile as he asked.

"No ..." Tang Xiao Ei subconsciously shook her head in refusal. When she saw the 'new driver' sitting inside, her heart suddenly stopped. Isn't this ... What about that diamond king, Ol 'Five?

Furthermore, he said he would take a ride, so it meant that she could smoothly sneak back to school?

"Thank you." Tang Xiao Yi sat in the back and gratefully said.

"There's no need to be polite, it's on the way anyway." For some reason, Zhong Yuqing had a sudden impulse and sent Lan Yi and the young girl with

a lousy acting out of the room, allowing Tang Xiao Ai to get on the car.

Perhaps she had a sweet memory of that night, plus she was a pure and lovely university student, so she felt somewhat guilty and wanted to personally make up for it. When she passed by the guard's gate, Tang Xiao Yi turned her face to the other side, afraid that she would be stopped.

Fortunately, Zhong Yuqing's car had special privileges, so there was no need for strict inspection. He could enter and leave directly. Only after seeing the car arrive the main road did Tang Xiao Yi heave a sigh of relief.

"You're still a student?" Zhong Yuqing asked naturally, as if he wasn't familiar with her information.

"Yes." Tang Xiao Yi simply replied. Towards a true customer, she still maintained a polite distance and didn't take the initiative to chat with him. However, she would always answer whenever she was asked.

"Oh, how did you sign in?" Zhong Yuqing looked at her in the rearview mirror and asked.

"..." "I was confused and was signed in." Tang Xiao Ai couldn't tell such a complicated story to an unfamiliar person, so she could only vaguely lead the way.

"You were beautiful that night." Seeing that she didn't want to answer, Zhong Yuqing gently spoke with a smile.

"Huh?" She thought Zhong Yuqing wouldn't remember her because that night she was wrapped up like a candy and now she was wearing casual and loose clothes. She was like an ordinary flower facing the sky, and in this place where beauties were as common as the clouds, she seemed like an

unremarkable little grass.

Therefore, Tang Xiao Yi had pretended that she didn't know him and treated him as a stranger. She didn't ask for his name nor did she tell him his name.

However, the 'unintentional' words of Zhong Yuqing just now had made her feel like she had been exposed. She felt somewhat embarrassed.

"You won't forget me, will you?" Zhong Yuqing looked at her in the rearview mirror. He couldn't see her eyes behind the sunglasses, but Tang Xiaoyi could still feel her burning gaze.

"I... Oh... Are you... Boss Zhong?" Seeing him ask that, Tang Xiao Yi quickly rubbed her temples and pretended to be enlightened: "You're wearing sunglasses to cover half of your face, I really didn't see it ..."

"No need to call me boss, just call me by my name." Zhong Yuqing smiled. She was indeed like an academic person. Her speech was also very refined. It was obvious that she was a university student.

There was a faint smile on his face, but his heart was filled with anger. This woman had pretended not to know him earlier!

It was indeed different from other women.

The other women all rushed to him like a flock of birds. They wanted to pounce on him when they saw him, but Tang Xiao Ai seemed to be afraid of dealing with people and maintained a respectful distance from them.

"Ugh ..." "Alright." In her heart, Tang Xiao Ai was unwilling to interact with this kind of high and mighty CEO. This was because she wasn't someone who loved fantasies and knew her own identity and position. Thus, she didn't

want to waste time on someone with such a huge gap between her and her.

Shen Mo was a lesson to him.

At first, he was impulsive. However, it was not enough to resist the love and adoration he had for so long. However, under the urging of his young blood, he ended up falling in love with a promising second-generation official. In just three days, she had been forced to break up in such a cruel way.

"You seem to have a lot on your mind?" Zhong Yuqing noticed that her mind was wandering. His eyes seemed to be filled with pain and worry.

He had never seen a woman sitting in his car thinking about other things. He was even more annoyed.

## C27

But the more unhappy he felt, the softer his expression became.

"Mm ..." "A bit." She shouldn't continue to think about Shen Mo. Between them, there was no future.

"Maybe it would be better to say it out loud." Zhong Yuqing was like a good mentor. If others were to see him, they would definitely be surprised to hear that he was a young CEO who viewed time as his own life. How could he have the time to chat with a young girl today?

"Maybe not quite right for a new life." Tang didn't dare to talk about her private life in front of her boss. She didn't forget that when Qin Junning introduced Zhong, he said that he was the majority shareholder of Escrow Media and was also her leader.

Moreover, it seemed like Zhong Liangqing and Qin Jun had a good relationship, ah! Never let Qin Junning know about her sneaking back to school!

"That... Can the matter of me returning to school be kept a secret? " Tang Xiao Ai asked without waiting for Zhong Yuqing to speak.

Hearing that there was a pleading tone in her voice, Zhong Yuqing smiled and said, "Of course you can, but..." When you came out, did you think about how to get back? "

When Tang Xiao Yi heard this, she was petrified.

She had thought that if she could find a way to slip out, she could do it the same way.

But who knew when Zhong Yuqing would return?

Seeing her calm expression turn stiff, Zhong Yuqing suddenly felt very happy.

This girl was usually very mature, and it was rare for her to have other expressions.

Very cute. When she opened her eyes wide and was struck dumb, there was finally no calmness and calmness that surpassed that of youth.

It was no wonder that Qin Junning had told him that he had found an interesting pastime in forcing out people who were as calm as water.

"You ... Will you go back tonight? " Tang Xiao Ai knew that she was being rude. She took a ride home and wanted to take a ride home, but she had no other choice.

If the supervisor caught her sneaking out, he would definitely point out the contract rules and punish her to the ground.

"I'm on a plane to New York. I won't be back for three days." Zhong Yuqing's car slowly stopped in front of the school gate.

It was 1: 50 in the afternoon, the time for many students to attend class.

The snow-white Lamborghini immediately attracted everyone's attention. Even those who had no knowledge of cars could tell that this car was expensive from its beautiful design.

"We're finished ..." Tang Xiaoyi seemed to have seen a harsh supervisor holding an abacus. While scolding her, she was also taking into account her future pay and services.

"But my driver might pass by at night. You can call him." Zhong Yuqing took out a business card from his name box and handed it over to Tang Xiao Ai. Even behind his sunglasses, his current expression couldn't be seen.

"Really?" A pleasantly surprised smile appeared on Tang Xiao Ei's face.

Normally, she rarely showed her emotions, but today, she was really grateful to this kind-hearted person, so she bowed down to thank him. "You're really good, thank you very much!"

No wonder he was able to become the biggest shopping website in Asia at such a young age. Look at his character and demeanor, and he was so considerate towards others. How could he be a lofty CEO?

If she were his employee, she would treat him like a god and work hard for him.

"You're welcome, you can be considered my employee." Those eyes behind the sunglasses seemed to be able to see through her mind. Zhong Yuqing opened his mouth and said, "Although I am still young, as long as I work harder, I will have good development."

"..." "Thank you very much." Tang Xiao Yi froze for a few seconds before she hurriedly bowed to express her gratitude. Other than these two words, she didn't know how else to express it.

The car door slowly opened and Tang Xiao Ai got off, feeling that the gaze that gathered on her was so heavy.

At first, everyone was pointing at the car, but when they saw the Tang Xiaoyi who was dressed normally walk out, all of their jaws dropped as they broke out in a flurry of discussion.

"No wonder even Shen Mo doesn't fancy him anymore. He's really been taken care of. Let's take a look at that car ..."

"Poor Shen Mo, he was tricked by such a pure and innocent woman!"

"I heard that Shen Mo had a falling out with the Principal for her. He is not allowed to punish her. He is truly an idiot to meet a heartless woman!"

"What is so good about her? Even with such poor taste, she wouldn't dress up for him. Could she really be that ... Is he skilled in bed? "

"Hmm, a woman who looks more pure and conservative on the surface is actually more coquettish than anyone else."

Originally, the surrounding words were too unbearable to hear, so Tang Xiaoyi pretended that she didn't hear it.

She liked to use cold methods to face the unfair world. Ever since she was young and watched her parents get beaten and humiliated by the debt she owed, she had learned how to remain calm.

However, when she turned around, the crowd suddenly quieted down. She saw someone she didn't want to see the most ... Shen Mo.

His face was haggard, his eyes bloodshot, his chin showing the roots of his blue beard ... It was as though Shen Mo was a completely different person.

Tang Xiao Ai could pretend that she couldn't see the people around her, except for Shen Mo.

Zhong Yuqing, who was about to turn around and head to the airport, stopped a group of boys from the Sports Department in front of his car ... They were all brought over by Shen Mo's friends.

"You've been with him these past two days?" Shen Mo walked in front of Tang Xiaoyi. Ever since he was young, he had always been the center of attention. He lived his life like a prince and no one dared to challenge his

pride.

Shen Mo was already unable to tell whether he liked her or hated her, and he was also unable to make sense of the complicated thoughts running through his mind.

Perhaps to him, there was something more important than love, such as pride. The pain and frustration of losing love was no longer as important as the loss of his self-esteem. He had to snatch Tang Xiao Ai back. Even if he said goodbye, he should have said it first.

"He ... "It's just someone who sent me to school on the way ..." When Tang Xiao Ai saw Shen Mo's appearance, she felt both pain and panic. She had never thought that the president of the Student Union, who was always in high spirits and was admired by everyone, would turn into such a haggard appearance.

"A kind-hearted person? There are so many kind-hearted people these days. " Shen Mo reached out his hand to touch Lamborghini's beautiful car, "I thought you really had some difficulties, I didn't expect ..."

Shen Mo had not finished speaking when he ruthlessly punched Lamborghini's car. Strangely enough, the car did not sound the alarm, and it was still as white as before, reflecting a dazzling light under the sunlight.

"Shen Mo, don't act recklessly, I really ... It has nothing to do with him! " Tang Xiaoyi felt that her life had been terrible. To think that such a thing could happen in front of the school gates. The most serious thing was that it implicated Zhong Daqing.

She was really unlucky this year. Ever since the new year's bell had sounded, her bad luck had never stopped.

Zhong Yuqing sat calmly in the car, showing no expression to the big and strong young boys in the sports department in front of him.

He really didn't expect that he would encounter such a childish and retarded incident two years after graduation.

If the media caught this news, it would definitely become a joke in the business circles.

It seemed like today was not the day to suddenly show kindness and send this girl to school.

However, when he saw her lonely figure at that time, he couldn't bear to see it.

He had never felt such tender affection for a woman who had slept with him before, but Tang Xiao Ai was different.

Unlike the other women who wanted his attention and good feelings, Tang Xiao Ai had accidentally barged into his bed. She just wanted to rest, but unexpectedly, the most beautiful moment was taken away by him.

In the future, he wouldn't suddenly think of his pure body blooming like a lotus flower in the dark night. But now, that seemingly ordinary girl with an alluring scent was pressed down by Shen Mo in the car. Her usually calm and tranquil face was filled with panic and helplessness, flashing with an extremely beautiful luster, causing the man's desire to become extremely weak.

Perhaps she treated herself as her superior that she could not offend, and because she could not deal with this mess, she revealed a lovable and

panicked expression.

Zhong Yuqing lit up a cigarette and took two deep breaths. The deep eyes behind his sunglasses flashed with the color of the night amidst the smoke.
