

- **Bossy President & Superstar Girlfriend**

C28

It was really a bunch of young people flying around in the air, because only young students who were hot-blooded and impulsive and afraid of anything would do such a stupid thing and block his path in front of his car.

"Shen Mo, stop! Listen to my explanation!" Tang Xiao Ei was really panicking because Shen Mo had gone mad. He had unexpectedly reached his hand into her clothes in front of everyone to take off her jeans.

This scene made her think of several similar news, such as how the rich second-generation tried to take revenge on their girlfriend ...

"What do you want me to do to you? Tang Xiao Ai, in my entire life, I have never been abandoned by anyone. You are the first and also the last! " Shen Mo pressed her down on the car and whispered into her ear word by word.

He was no longer just feeling the pain of losing his loved one, but also the feeling of being betrayed and hurt.

"Shen Mo, please don't act rashly, I ... "I really have my own difficulties ..."
Tang Xiao Ai was unable to tell him that her mother had forced her to break up. She could only beg him to calm down and not do anything terrifying in front of her classmates and Zhong Guo.

"Sitting in a Lamborghini?" Shen Mo bit her lips and his bloodshot eyes were filled with rage.

He wanted to destroy her in front of this limited edition famous car.

Tang Xiao Ai looked at the azure sky. She shouldn't have touched the poison known as love. Zhong Yuqing saw a sparkling tear fall on his car.

That night, when she was still unconscious, she had also cried. Back then, when he had touched her face, her hand had been filled with tears, but he had still not stopped crying. Finally, the door of the car slowly opened. Zhong Yuqing stepped out with one foot. Everyone turned their gazes towards him, and the air immediately became tranquil.

Even though the sunglasses blocked his eyes, the cold and perfect lines on his face still made his heart race.

The girls held their breaths as they wondered what kind of dog shit luck Tang Xiaoyi had. The men beside her were each more handsome than the other, and each was richer than the last!

"I'm in a hurry. If I miss this flight, I'm afraid your school won't be able to afford the losses." Actually, he didn't need to personally intervene in this kind of matter. He only needed to make a phone call and it would be fine. But when Zhong Yuqing saw the tears that flashed across Tang Xiaoyi's eyes, she thought of that drunk night.

Shen Mo turned his head and stared at Zhong Yuqing with his bloodshot eyes.

"In addition, can you release my men?" Zhong Yuqing had an elegant demeanor. He was completely different from the young students. His body was filled with the mature scent of experience and a faint sense of coercion.

In comparison, although Shen Mo was also young and handsome, he clearly lost in terms of momentum. However, he also had an advantage ... He was younger than Zhong Daqing.

As long as one was young, it was possible.

Zhong Yuqing's voice and eyes behind his sunglasses had an irresistible charm.

It was as if he was born to be a leader, and every move he made was filled with an awe-inspiring demeanor.

Tang Xiao Yi was very nervous and flustered to the point that her mind was about to explode when she saw Zhong Daqing come down. She didn't even notice what he had said.

She was only thinking of how to calm Shen Mo and how to stop everything that had happened. She was thinking of how much she would have to pay for her boss's luxury car and how she would live her life in the future. Shen Mo slowly let go of Tang Xiaoyi and walked away from her.

No one spoke anymore. Perhaps they had never seen such a good guy before. Perhaps it was because of Zhong Yuqing's solemn leadership aura, but everyone could hear the sound of the wind.

"Your people?" Shen Mo smirked before laughing.

"A good man won't make a girl cry." Zhong Yuqing also smiled. He had a beautiful facial expression. Although it was cold and hard, when he smiled, it was like the spring wind that broke through ice, bringing with it the radiance of an angel.

He had never let a woman cry in front of him, except for Tang Xiao Ai.

All the women who wanted to get close to him had used all sorts of methods, especially when they were on the bed. They were extremely charming and alluring, and their hearts were blooming with joy as their bodies became like flowers.

"Who do you think you are?" Upon seeing the other party speak to him like a teacher, Shen Mo suddenly sent a punch towards him.

The moment Shen Mo made his move, the surrounding crowd immediately rushed over to help him.

Tang Xiao Ai's legs went soft. How did things turn out like this?

If he could injure Zhong Yuqing, who was worth hundreds of billions of yuan... Or, for Shen Mo to form enmity with such a person ... In any case, everything went out of control. Tang Xiaosi desperately squeezed her way into the crowd. She received many random punches, but she did not feel any pain. The immense fear made her want to stop everything.

"Don't... "Stop ..." Tang Xiao Yi finally managed to squeeze through the crowd of people surrounding the sports department, but what she saw left her speechless.

He didn't know who it was, but he actually brought a guy and cut open the suit that was more expensive than gold. The white shirt inside was already covered with blood.

Zhong Yuqing was holding that man's weapon against Shen Mo's lower abdomen.

He even had a faint smile on his lips and a graceful bearing, but no one dared to move a muscle.

"You guys are in big trouble." Zhong Yuqing sighed. He didn't want to have a conflict with a group of young students.

Because he had been hot-blooded and impulsive before, Zhong Yuqing didn't want to make things difficult for these people.

Tang Xiao Yi tightly held onto Shen Mo's arm, blocking the path between the two of them. She wouldn't be able to see how dangerous the eyes behind Zhong Yuqing's sunglasses were.

"Shen Mo, I beg of you ..." Before Tang Xiao Ai could finish her words, she was pulled to Zhong Yuqing's side.

"You should have begged me." These words were spoken in his heart, but his face still carried a gentle smile as he stared at Shen Mo's young and angry face.

The school police finally made their move, and even the managing director showed up. When he took the name card with both hands, his legs were trembling as he shouted to the group of students, "You guys, go to the police station and take the records. Then, quit school!"

If he wanted to deliberately make things difficult for them, the academy would find it difficult to bear his loss. However, unexpectedly, Zhong Yuqing seemed to be very magnanimous, and he didn't want this sort of thing to be known, so he only whispered to the managing director of the school. He then pushed Tang Xiaoyi, who was standing at the side, back into the car.

From the time that the school police officer stepped forward to the moment the car started, Tang Xiao Yi was in a state of extreme fear and chaos. Only when the car stopped at a red light at an intersection did she speak with a trembling voice: "You ..." "He's injured ..."

"Oh, nothing, just a flesh wound." Zhong Yuqing looked at the time. He could no longer make it in time for the plane.

Tang Xiaoyi rubbed her face as her heart twitched. Until now, her blood hadn't flowed properly and her entire body was numb.

Then, he started to call the representatives from New York. He was saying some words that he didn't understand, as if he was arranging for the representatives from New York to go negotiate with them and then, due to the unforeseen events of the day, to rearrange their plans.

Tang Xiaoyi felt that she had caused a disaster today. She looked at the long bloody wound on Zhong Yuqing's arm and felt nervous and uneasy. She was filled with guilt and panic.

"I'll help you withdraw from school." Zhong Yuqing kept on making calls. He even found time to say something to her.

"Wh ..." "What?" Tang Xiao Yi's originally pale face turned even paler.

"Withdraw from school. Do you think you can continue studying in that

environment?" Zhong Yuqing stopped his car in front of a private hospital and asked with a smile.

"..." Tang Xiaoyi closed her eyes. Everything was terrible today, but what could she say against Zhong Yuqing's decision?

Furthermore, because he was injured today, Tang Xiaoyi had been feeling incomparably guilty. Now that he said he was taking things into his own hands, Tang Xiaoyi calmed down and recalled that he was too good at psychological tactics. It could only be said that he was a cunning fox who didn't match his gentle appearance.

"..." "We'll arrange for them to stay for the meeting tonight." Zhong Yuqing hung up the phone and turned around to look at Tang Xiaoyi who was covering her face. She was in a very bad mood today, but if it was anyone else who encountered such a situation, they wouldn't be happy.

"Shouldn't you help me get out of the car and see a doctor?" Zhong Yuqing smiled half-jokingly.

"Ah ..." "Yes, I'm sorry ..." Not only was Tang Xiao Ai's mind in a mess, she couldn't even organize her thoughts into words. She hastily got off the car and took a detour to the driver's side. She reached out her hand and trembled as she held onto his arm.

If it were any other woman, she would have been extremely excited at this moment. However, for Tang Xiaoyi, aside from being nervous and fearful, she was also feeling endless fear.

She was born into a poor family and owed a lot of debts, so she had no

power or influence. Now, she even injured a new rich person in the business world.

For Tang Xiaoyi, who had suffered since she was young, she was very, very realistic without any unrealistic illusions. Thus, everything started from the basics. The moment she laid her hand on his arm, she suddenly smelled that faint aroma.

The car fragrance of the car had covered up this unique scent. Now that they were so close, they could clearly smell the sandalwood scent that was mixed with the tobacco smell.

Where on earth had she smelled such a thing? It was as if he had once had an unforgettable dream, and the smell of tobacco lingered in his dream.

"I'm really sorry ..." I'm very sorry... I will double your medical expenses in the future ... " Tang Xiaosi was in the ward, apologizing nonstop.

She thought that she was lucky to meet a magnanimous boss, but she didn't know that Zhong Yuqing didn't do all this for her for no reason.

He always thought of that dark and fragrant night and felt that he owed this girl something. But today, after being injured for her, Zhong Yuqing's mind gradually calmed down.

He had helped her enough not to have to think about the night he owed her.

"There is no need to be courteous ..." Before he could finish, his phone rang again. With an apologetic smile, he picked up the phone and started working again.

Tang Xiao Ai could only silently sit at the side and wait for him to finish his call.

Her brain was in a mess, the big figure in front of her was injured, although Shen Mo was not injured, he was a trouble to the school, and she was expelled by someone on her own initiative. What was even more despicable was, having her studies organized by him on his own accord, she couldn't even express any objections, and was also grateful to the fact that she was tears.

"Oh right, even though you dropped out, you can still get your diploma and degree next year." Zhong Yuqing waited for the other side of the phone to give him the information and told her.

"Huh?" Tang Xiaoyi's performance today had always been very idiotic. She had never encountered such a series of bad things. Her brain had already disobeyed her orders and went on strike.

"Your school wanted to compensate me, so I made a request." Zhong Yuqing's sudden emergence in the business world was not only due to his astute mind, but also to his way of doing things.

Although he didn't have much to do with this art institute, as long as he was

a little more tolerant and made the dean owe him a favor, he might be able to use this academy again in the future.

"You ..." Tang Xiao Yi looked at him with a surprised expression. She was usually very calm, but in front of this person, she always felt that her brain cells were insufficient and that her EQ was starting to drop.

Zhong Yuqing put his finger to his lips, indicating that he wanted to listen to the phone again.

"So you don't have to go back to school, and you don't have to take any exams. The school will prepare your graduation certificate and your diploma." After Zhong Yuqing finished talking on the phone, he immediately turned to Tang Xiaoyi and continued, "Since I signed the contract with Esco, I have very little time to myself. If I were to sneak out and get caught, it would be even worse. If you want to continue your studies, you can study at the company.

"Although ..."

"Sorry, I'll take another call." As he couldn't catch up with the plane, Zhong Yuqing had to reschedule all his trips and work, so his phone kept ringing.

Tang Xiao Ai obediently nodded her head as she went to pour some water.

Although she felt that this man's actions of helping her withdraw from school was a bit rash, after hearing his words, she also felt that this arrangement was very good. However ... He had owed him a favor, and he had been indebted to him for no reason at all. He had always felt uneasy in his heart.

"Mm ..." We'll arrange it like this and we'll talk about it when we get back

tonight. " This time, after he hung up, he transferred all the calls into his secretary's phone.

"That... Would you like some water? " Tang Xiao Ai held a glass of water. Facing such a gentle and perfect superior, she always felt that it was unreal. He was like an angel that had descended by her side, beautiful like that.

"No need. My wounds have already been treated. Should I go back?" He asked for the lady's opinion in a very gentlemanly manner, at least on the surface.

Those who had been in contact with him for a long time would never have been fooled by his seemingly perfect act.

In the business world, he had an indecent title behind him... Silver Fox Falcon.

Silver Fox was referring to his fox like appearance that could easily confuse others, and also his cunning, while the Falcon was the top hunter in the sky. When he aimed at his target, his elegant and beautiful appearance matched perfectly with his ruthless methods.

"Oh ..." "Sure." Tang Xiao Yi quickly put down her cup and looked at his tied arm: "Are you driving okay?" How about I open it? "

Her first year in university had just arrived, and her school had already registered for a driving school, but ... Never walked alone.

Tang Xiao Yi was sitting in the driver's seat as cold sweat broke out all over her body. She really shouldn't have said those words, shouldn't she have just called him a taxi?

If she accidentally bruised his beautiful ride, she would be finished.

"You're driving very carefully." Zhong Yuqing sat beside her and said with a smile.

"Sorry, I'm driving very slowly." Tang Xiao Ai's face turned red. She was a world-class limited edition Lamborghini with excellent performance. With the slow speed that made even buses sweat, she slowly moved forward.

"Mm. Be careful of the ten thousand year old ship." Zhong Yuqing asked with a confused tone.

Tang Xiao Ei always felt that he was laughing at her, but his expression was very elegant and indifferent, and there was no trace of ridicule in it.

Only that pair of black eyes that were filled with a charming glow stared at her with an unfathomable smile, causing her to feel a chill in her heart.

Esco Media Headquarters.

On the 18th floor of a hotel room, a tall man stood by a window facing south.

He was looking at the white car that was slowly approaching the gate.

How many days had it been? Tang Xiao Yi's heart was indeed not as weak and calm as it appeared to be. She actually dared to sneak out!

Even an A-list celebrity would have to be approved by the authorities if they wanted to leave this place, in case any news of their departure would appear in the newspapers and disrupt the planning of the company.

Even if Tang Xiao Ai sneaked out, she would still be taking Zhong Yuqing's car. Qin Hanning really wanted to know, what other entanglements existed between Tang Xiao Ai and Zhong Yuanzhong?

During the banquet that day, Zhong Yuqing was very clear as he acted like a stranger to Tang Xiaoyi while Tang Xiaoyi was very indifferent to him. The two of them didn't seem to have any interaction, but after seeing the footage from the guard at the entrance today, Zhong Shuangqing actually went to pick up Tang Xiaoyi.

Although Tang Xiao Ai had a handsome guy with a good personality, he made her even more nervous than the main examiner. She had difficulty parking her car in the special parking lot below the Green Jia International Building before realizing that her clothes were soaked with sweat. In a short 20 minutes, she had forcefully driven for close to an hour and now that she got off the car, she felt like her entire body was about to collapse.

After thanking and apologizing for his actions, when Tang Xiao Yi heard him say, "Goodbye," she ran back to the Escrow Media House at a speed that was 300 meters away with practically a hundred meters of escaping speed.

Seeing that she couldn't wait to get away from him, Zhong Yuqing revealed a smile in his eyes. He wondered if she would be able to keep her calm when she saw the beautiful scene in the entertainment circle.

C30

Zhong Yuqing suddenly felt a bit of regret, because he didn't know whether it was a good thing or a bad thing that he had thrown Tang Xiao Ai into Qin Jun.

If one day in the future, when he saw her again, she would be just like the other female celebrities in the entertainment circle, with her thick makeup

and beautiful appearance. She would no longer have such a clear and innocent gaze.

Tang Xiaosi's tense and disordered day had finally ended. She panted as she opened the door and immediately took off her clothes.

Although it was winter, she was completely drenched in sweat. She had to quickly take a bath.

Because this place was arranged like a normal hotel, the entrance was only to the bathroom, bathroom, and wardrobe. Inside was a large bed and a writing desk, so Tang Xiaoyi didn't see her real boss sitting on her bed with a dark expression.

More accurately speaking, it was a creditor!

When she was stripped down to her underwear, Tang Xiaoyi felt something was not right before she entered the bathroom.

She was usually a very cautious person. Today, she might have been suffering from hypoxemia due to all the accidents, so after taking off her clothes, she discovered that there was someone in the room.

Ah!" When Tang Xiao Yi saw the man sitting on the bed, she gave a short scream and immediately hid in the bathroom.

"You ... Why are you here? " Tang Xiao Ai asked as she opened the bathroom door a crack.

"I should be the first to ask why you're not here, right?" Qin Junning reached out and pressed his hand on the glass door of the bathroom. His real temper was already revealed, and he was extremely annoyed and impatient. "Have you forgotten the company's rules?"

Wait for me to get dressed..." "Ahh!" Before Tang Xiao Ai could finish speaking, the door was forcefully opened by Qin Jin Ning. She frantically grabbed a large towel to cover her upper body as she tried to retreat into the bathroom.

"Qin..." Chairman Qin ... You... Don't come near me! Otherwise... I will call the police! " Before Tang Xiao Ai could retreat into the bathroom, she was pulled by Qin Jin Ning. Her heart was beating rapidly. This was the first time she was wearing so little and no one was in an enclosed space.

"Don't pretend to be innocent. Why don't you go to the police when you're in a man's car while you're still a model?!" He pulled her out of the bathroom, threw her onto the bed, put his hands in his pockets, and stared at her with a cold look in his eyes.

"You ... You know I was a model? " Tang Xiao Ai had a terrible feeling that everything was being seen. She straightforwardly pulled the blanket to completely block her as she asked in astonishment.

"Do you think I would sign a newbie who has no specialties and no market, letting her stay here for free and waste resources?" Qin Junning took a deep

breath and, seeing her frightened and astonished gaze, slightly suppressed his anger. He walked to the rattan chair at the side and sat down, continuing to stare at her with his cold, hard eyes.

"Sorry, today I... "Yes, I was going back to complete the dropout procedures, but the supervisor never let me pass, so ..." Seeing how unfriendly his eyes were, Tang Xiao Yi immediately apologized and put aside the matter about the model.

What was once unimportant, what was important was the present and the future.

"Withdraw from school?" Qin Junning frowned slightly. He didn't want Tang Xiao Ai to be distracted by her studies, so he had specially discussed this matter when signing the contract. But at that time, Tang Xiao Ai's attitude was very firm, saying that she must finish her studies.

How could he change his mind so quickly? This was not like Tang Xiaoyi, who was a low-key yet persistent character.

"Yes." Tang Xiao Yi carefully observed his attitude and analyzed his current state of mind.

"Is it done?" Qin Zheng crossed his legs and narrowed his eyes as he asked.

"Mm ..." It's almost done. " Tang Xiao Yi was thinking about whether she should tell her father about the matter, but seeing Qin Hanning's current attitude, it was better for him to avoid trouble so that he wouldn't suddenly fly into a rage.

He really couldn't understand why the CEO, who was supposed to be busy shooting movies all day, would stay in her room.

Wasn't such a big shot very busy?

For example, if he was delayed a little, a person wouldn't be able to leave, but he would still start a conference call. Since Qin Junning had several positions and was the head of the entertainment media, he liked to be a director. He had to attend various activities, so he should be busier than Zhong Yuqing, who was only involved in business activities.

"Da, da, da." Qin Jun. He lightly tapped the tea table with his finger. His pair of eagle eyes were staring at Tang Xiao Ai, as if he was thinking of a way to punish her for sneaking out.

On the other hand, Tang Xiaoyi was nervously grabbing onto her blanket. Even though she was looking at the handsome and young director, she didn't want to face any unwritten rules.

Tang Xiao Yi couldn't help but tremble when she thought of what could have happened.

Because any overly intimate action would have reminded her of that terrible night.

Even with her favorite person, she would only hold hands with Shen Mo and kiss him.

It was a pity that her innocent love affair that had just sprouted was immediately strangled by the storm in the cradle. That seed of her love died as well.

"Do you know how many things you missed today?" After three minutes, Qin Junning finally opened his mouth.

He really liked the look in this girl's eyes. From the first time he saw her eyes, he really liked it.

Clear, firm, round yet unworldly, the calmness contained a great courage, a gaze that would not back off even in the face of danger.

In his heart, this look was too sexy and special. Although he told Zhong Yuqing that Tang Xiao Ai's character was not suitable for the entertainment circle, he still had to view everything from a multiple perspective. Wasn't her quiet and tenacious attitude the best attitude in the entertainment circle?

Therefore, he needed to be taught well.

As long as he could make her listen to him obediently, she would definitely be the star of the next day.

"I don't know." She looked at the schedule for today. In the afternoon, she could rest for half a day without any training.

"At 2 o'clock this afternoon, I was going to notify you to go for the audition and take a set of promotional photos, but where did you go?"

Qin Junning had originally thought that she had a good physical background and that she was a learning genius. No matter what kind of training she had, she would be able to quickly complete it, so he thought that he could first take a few sets of publicity photos and prepare for the next round of the female lead's preliminaries. However, he didn't expect that he wouldn't be able to find the shadow of this woman.

The makeup artist, cameraman, and other staff were all waiting for her.

In the end, she arranged for other artists to come over, but even so, Tang Xiaoyi still had a dozen people in the company wait for her for nearly an hour.

"Everyone left their work and waited for you for an hour. Ten people were wasted by you for ten hours. Adding in the other costs, do you know how much damage you will do to the company?" Qin Junning's tone was very strict, as if a teacher was berating a student who skipped class, "You're not famous yet, but you're not listening to the company's arrangements right now. One day you'll be attending an important event, and then you can give me three to five hours late ..."

"Sorry, it won't happen again." Tang Xiao Yi immediately apologized. In her heart, she felt helpless towards this boss who had become strict and scary at the start. If he hadn't generously given her 200,000 yuan, she would have been free to do her homework and relax.

Even working in a coffee shop was much better than being a celebrity, especially when it came to such an aggrieved little artist. Perhaps she had to send in a notice at 3 in the morning, and had to work so hard to get enough money to buy the outfit for the show.

"What did you and Zhong Yuqing say to each other?" Qin Junning suddenly changed the subject.

"Huh?" Today, Tang Xiao Ai's reaction was a bit slow. After a long time, she finally managed to spit out a single word. How did he know that she was together with Zhong Daqing?

She felt as if she was being followed and watched. Tang Xiao Ai felt that this place was getting more and more depressing.

"Do you think that no one here would dare to do anything to you with Zhong Yuqing as your backer?" Qin Gaoning coldly snorted. Right now, she was his artiste. No matter what kind of person she had, she shouldn't even think about rebelling against him.
