

Surprised Wife With Twins (Ivan and Jennifer) Chapter 125

Aubree walked out of the house without looking back.

Jennifer was about to follow her when her arm was grabbed by Ivan. She stopped.

He was worried about her.

"It's okay." Jennifer looked at him with an elegant smile. "She won't eat me alive."

Then, she put down his hand.

Walking out of the house, Jennifer smelled the fragrance of flowers in the air. The clouds were high up in the sky. Everything was so quietly beautiful here, but Aubree had been letting the past haunt her.

Ivan took the kids to the yard to play games, but in fact, he was here to keep an eye on Aubree and Jennifer.

In the yard, the path made of cobblestone lay on the grass land. At the end of the path, there was a three-step staircase, leading to a wooden-floored balcony. There were vines, neatly-trimmed plants, sofa and end table there.

Aubree sat on the sofa, wearing thick clothes and a tailored big hat.

Jennifer stood opposite her and was scrutinizing her.

"Sit." Aubree didn't want to ask her to sit down, but the hat blocked her sight, making it hard for her to look up at Jennifer.

Jennifer could feel Aubree's hostility towards her, but she sat down calmly.

"I like Alfie and Diana, but not you," Aubree said, making it rather clear.

"I know," Jennifer said in a low voice. "You always regard Catherine as your daughter-in-law, but unfortunately, she isn't."

Aubree raised her voice, "Are you showing off in front of me?"

"Not really, I just want you to realize the reality," Jennifer smiled and said indifferently, "It was your son's idea to get married with me."

Aubree was dissatisfied. "Someday, Ivan will know that an unmatched marriage is a complete joke."

Not far away from them, Ivan stood there and watched.

Although he didn't know what they were talking about, he knew that Aubree wouldn't be nice to Jennifer.

He saw that Jennifer sat there straight. He didn't know what she had said to Aubree.

“You are not welcomed here and you’re not allowed here anymore.” Aubree didn’t want to say anything more to Jennifer and glanced at her coldly.

Jennifer had wanted to say something more when Aubree snorted, stood up and left.

What a weird woman!

She had a terrible marriage, and now she wanted to meddle in her son’s marriage?

What was the problem with her?

After Aubree entered the living room, Jennifer stood up and got into the Lamborghini.

Sitting beside the window, she waited for Ivan in the car.

A while later, Ivan got into the car and the driver started driving.

“Your mom said that she doesn’t want to see me anymore,” Jennifer immediately told him. “How terrible was your choice! You have married a woman who she hates so much.”

“I have anticipated her attitude,” Ivan arched her eyebrows and said slowly. “But it’s our life.”

“In that case, do not take me here anymore. I mean, as Mrs. marsh.”

“Then what about your promise?” Ivan turned to look at her. “How are you going to treat my mom if you’re not going to see her anymore?”

“That is a whole different case and I have my own way.” Jennifer stressed. “I don’t want to come here together with you again. I’m a doctor and this case can earn me one billion. Who doesn’t love money? I won’t break my promise, even if you want to break yours.”

“I never break my promise,” Ivan replied.

Jennifer knew that. Ivan had placed all the hopes on her.

After returning to the Emerald Bay, Ivan got upstairs and into the study.

Jennifer was packing up the toys in the children’s room, she was a bit worried about the kids. After all, Aubree was really temperamental.

There was a knock on the door.

Jennifer centered herself and looked back.

“Mrs. Marsh, Mr. Marsh wants to see you,” Marry said. “He wants to see you in his study.”

What did he want to talk about with her in the study?

Jennifer was confused. “Okay, I’ll be there right away.” She put the toys into the box.

“Let me,” Marry walked in. “These toys have to be classified. Lady Diana has had this hobby since she was very little. Just go. Better not keep Mr. marsh waiting.”

Jennifer left the kid’s room and walked towards the study. She wondered what Ivan wanted to talk to her about.
