

Surprised Wife With Twins (Ivan and Jennifer) novel

Chapter 25

Without greeting, she forced them to get divorced as soon as they entered the door.

Jennifer immediately realized her situation. So she did not answer but turned to look at the man beside her, who was still calm.

"You don't have to look at him." Aubree's tone was stern. "My son and Catherine are a perfect match. Although I don't know how you got pregnant with his child, and I'm not sure who the child's father is, I have shown my attitude. I don't like you. Our family is willing to raise the child, and we'll compensate you for the cost of these years."

Ivan was also silent. Jennifer couldn't figure out what he was thinking.

"I can't make the decision." Jennifer had to answer by herself. "You have to ask your son. After all, he insisted on marrying me."

This tone made Aubree very unhappy! This young woman didn't take the elders seriously at all!

"I'm asking you about your attitude! I didn't ask him!"

"Mom, marriage is not a child's play." Ivan's voice did not sound angry, but still quite intimidating. "Since we are already married, I must have thought about it carefully. I brought her back today to tell you that I can't marry Catherine."

"Ivan!" Aubree was so angry that her eyes were full of disbelief. "In order not to marry Catherine, you just married a woman so randomly?"

"I didn't do this randomly." The man said, "She is my child's birth mother. No one is more suitable to be my wife than her."

Aubree was so irritated that she covered her chest. The maid, Pippa, quickly held her. However, Ivan just bowed, turned around, and left with Jennifer.

Jennifer looked back uneasily, but Ivan's pace was very determined.

In the car, Jennifer was sitting beside him, and she was calmly analyzing what had happened.

He was going against his mother...

He married Jennifer so hastily only because he didn't want to marry Catherine.

It was ridiculous!

Lamborghini stopped in front of the villa in Emerald Bay. After getting out of the car, he went straight to the living room. When Jennifer got out, he was almost in the living room.

Ivan went upstairs. He injected himself with nutrient solution intravenously and then entered the study.

At dinner time, Jennifer was with the children.

"The robot daddy gave me is very interesting and very smart! And it has a cute voice." Alfie was still in an excited state. "Mommy, it's simply a knowledgeable friend. I'm going to take it to sleep tonight!"

"Mine is pink, and I like it very much!" Diana's smile was a little shy. "Mommy, Jordan said that Daddy gave you roses. Did he fall in love with you?"

"It's normal for Dad to love Mommy, isn't it?" Alfie said, "Jenny is so cute!"

Jennifer looked at the children with a smile. "Hurry up and have dinner. Don't talk anymore!"

"Mommy, is grandma difficult to get along with?"

"Stop talking. Just eat your meal!"

The study upstairs was extremely quiet.

Ivan sat in front of the desk, tapping on the keyboard with its slender and beautiful fingers. The Royal New Year's Collection is the focus of the Marsh Group next month, so he was making a general plan. He needed to carry out the plan as soon as possible and contact the design department.

The status of The Marsh's Jewelry was unparalleled in the industry, but there was still a strong competitor, R-Alan.

It was only in these years that The Marsh's jewelry had surpassed R-Alan.

After dinner, Jennifer told the children a few stories.

Later, Marry helped the children take a shower and Jennifer stayed with them till they fell asleep.

At 10 p.m.

She walked into the main bedroom and found that Ivan wasn't there.

After thinking for a while, she came outside the study. It was particularly quiet all around, and there was no sound from inside.

Jennifer put her ear gently against the door and wanted to hear what was going on inside. However, she failed to control her strength and the half-closed door was opened. She lost her balance and bumped into Evan's solid chest. Then, she wrapped her arms around his waist!

Looking down at the woman in his arms, the man's thin lips moved.

Jennifer quickly stood firm and met his eyes awkwardly! For a moment, she didn't know what to say. "I didn't eavesdrop or peek, I just... just..."

Ivan ignored her embarrassment, walked past her and left. He did not intend to pursue the matter.
