

Surprised Wife With Twins (Ivan and Jennifer) Chapter 252

For example, Aubree found him in the middle of the night last night and asked him to cooperate.

After a day of contemplation, Finnley felt that he could only cooperate because for Ivan, that was probably the best choice.

Let him forget what he chose to forget.

"I'll go back now." Ivan said to him, "Tomorrow I will officially go to work." Yes, he just got off the plane from New York.

"Okay."

Finnley watched Ivan leave, and there was a glint in his eyes, no one knew what would happen tomorrow.

What if Ivan suddenly regained his memory after married Catherine?

Anything could happen in the future.

The Lincoln was parked at the yard of Emerald Bay. The rain was much lighter.

Jordan came out with an umbrella. He pulled open the door, "Madam."

"Why can't you even handle two kids?" Aubree was very angry, and as soon as he got out of the car, he asked, "Or did you not take my words seriously at all?"

Jordan lowered his eyes, not knowing how to answer.

Aubree got out of the car and went into the living room with a cold face. Jordan walked beside her, holding an umbrella for her.

Aubree didn't see the children in the living room. "Are they upstairs?"

"Yes."

She walked upstairs alone and said coldly, "Don't come up!"

Jordan had to stop. Marry came to him. She was also anxious. They had no idea of what to do in such a situation.

Ivan lost his memory and he was not here.

"Can you contact Mrs. Marsh?" Watching Aubree's back disappear into the corner of the stairs, Marry whispered, "I wish Mrs. Marsh would take the kids away."

Jordan said, "If we know where she is, the kids would have been taken away a long time ago."

Upstairs.

Alfie and Diana were playing games on their iPads, wearing those cool 3D glasses, sitting on the bed with their legs crossed.

“Alfie, where has Mommy gone? Out of the universe?” Diana wondered, “She has been traveling for more than three months. Doesn’t she want us anymore?”

“Daddy too.” Alfie complained, “He had been on a business trip for three months. I suspected that the headquarter of the Marsh Group had moved out of Arkpool City. Fortunately, we have been independent since we were young.”

As soon as he finished speaking, they heard footsteps. They looked up together.

“Grandma?”

The kids excitedly threw the iPads away, took off their glasses, and stood up!

“How did you get here?”

“Didn’t you go to New York too?”

“Yay! It’s Grandma!”

“Grandma! Play games with us!”

Aubree’s cold face eased up a lot seeing the cute kids. “Let’s go, I will take you to a place. We can talk on the way.”

“Where?” Alfie went serious for a second, holding Diana’s hand.

The two little ones stood on the bed and looked at Aubree.

At this moment, Aubree felt that they seemed to be wary.

So, she said, “Your dad broke up with your mommy, and because of your mommy, your dad had a serious car accident which almost took his life.”

The children’s eyes widened in amazement!

“Where’s Daddy?”

“Is he in the hospital now? Will he die?”

Aubree came to the bed. “No, he’s woken up.” To confirm what she said, she showed them the photos.

These were all photos after the car accident, shot in the operation room, and the ward...

Some were bloody.

Alfie buried her head in his arms, "Diana, don't be afraid."

In fact, the little girl's body was already trembling.

"Okay, that's it." Aubree put away her phone. "In short, your dad lost his memory of many people and things. Rowan said it was selective amnesia."

The children's faces became serious, their eyebrows were lightly twisted, and their hearts were full of frustration.

"For three months, it was Catherine who was with your dad. Jennifer was missing." Aubree emphasized, "Catherine was the first person he saw when he woke up, so they decided to get married."

Get married?

The kids were stunned.

Alfie asked, "Does Daddy love her?"

Diana answered, "He didn't love her before, so how could he love her after losing his memory? He is having amnesia, not a disease that would make him fall in love with anyone!"

Aubree's face changed slightly. They were only six-year-old. What were they thinking?

She must take them away. They would make things complicated staying here.
