

Surprised Wife With Twins (Ivan and Jennifer) Chapter 424

“Get out!”

The man knocked on the car’s window arrogantly and stared at Spencer coldly.

Spencer turned around and looked out of the window indifferently. There were about twenty people surrounding his Volvo. It seemed that he would not be able to escape today.

He didn’t think too much, nor was he afraid.

He unbuckled his seatbelt and calmly opened the door, and then he got out of the car.

His hands were in his pockets and his gaze was sharp, giving all those people an insufferably oppressive feeling.

Spencer casually slammed the car door and had no intention of fleeing. His cold eyes swept over these people one by one.

The door of the SUVs not far away was opened, and a man with black hairband got out of the car. He wore boots. With a swing of the door, he walked over.

Under the moonlight, Spencer recognized him.

All the subordinates around gave way to him flatteringly. It was obvious that he was the boss.

Hanson Moran’s nose band was very dazzling, reflecting silver light in the moonlight. His eyes were cold like those of demons.

“Before you die, let me introduce myself first.” Hanson stood in front of Spencer and reminded him arrogantly, “In case you die with regrets.”

Spencer’s hands were still in his pockets when his lips suddenly curled into a smile.

“What are you laughing at?” Hanson’s eyes were cold.

In a brightly lit flower shop not far away, Jennifer and Pippa came out with a bunch of lilies in their arms. Ivan took them to the Lamborghini.

But what happened ahead was hard to ignore.

She suddenly halted in her tracks. “Isn’t that Spencer?” She could confirm it from the Volvo.

Ivan looked up and saw a group of people surrounding Spencer, obviously forcing his car to stop.

The situation was not good...

Ivan turned to look at the girls beside him and said, “You get in the car first.” Then, he strode forward without thinking.

"Be careful!" Jennifer's heart clenched. She turned and stuffed the lilies into Pippa's arms and followed after him.

Pippa watched nervously, not daring to step forward. Was this a fight?

"Do you have any last words?" Hanson asked rudely.

"You're courting death!" Spencer raised his hand and hooked his chin! He had barely used any strength, but he was forced to take several steps back.

"Boss!" Several of his men hurried to help him up!

The other men waved their fists at Spencer together to avenge their boss!

Spencer wasn't in a good mood today, so he happened to be looking for someone to vent his anger! It was also a form of exercise.

He crouched down to dodge and the enemy's fists smashed heavily upon the car!

A cold glint flashed through Spencer's eyes. He beat them up one by one! At first, he was still at an advantage!

"Kill him!" Hanson attacked Spencer with the momentum of staging a comeback!

After all, there were so many people that Spencer sometimes couldn't protect himself. His chest and back were punched a few times, and sometimes he would have to take a few steps back.

At that time, Ivan picked up a person directly and hit him on the back with his elbow, and the person fell to the ground screaming!

He walked forward calmly all along the way and beat up every single person he picked up!

When Spencer saw this, his heart filled with shock. However, he quickly focused his attention on the battle. This situation did not allow him to think too much about it.

Soon, almost ten people fell to the ground and screamed in pain.

There were many people on the other side, and they were all fugitives, so the situation was quite tense.

Jennifer saw that the situation was not good. She took out her mobile phone and quickly called the police, stated her identity, and told the police the location and situation.

"Damn it!" Hanson found that Spencer had got help, so he raised his foot to give him a hard kick!

Because it was a sneak attack from behind, the heavy kick forced Spencer to bend his knees and kneel on the ground!
