

# Surprised Wife With Twins (Ivan and Jennifer) novel

## Chapter 6

"My mommy's name is Jennifer Brooks. It spells J, E, N, N, I, F, E, R, and B, R, O, O, K, S."

Alfie put her arm around Diana's shoulder and whispered in her ear, "Don't be afraid Diana, Daddy is not a violent person!"

Diana trusted Alfie very much, and now the only one she could rely on was Alfie.

She nodded tearfully and asked in a hoarse voice, "So when can I see mommy again?"

"If you be a good girl, you'll see mommy very soon." Alfie took Diana's small hand and rubbed it in his palm.

Ivan noticed that Diana was timid. "Your name is Diana, isn't it?"

Diana glared at him, pursing her lips without answering.

"Come here." For the first time, Ivan reached out his hand to Diana.

Diana glanced at him warily and didn't reach out to him until saw him smile.

Ivan took Diana to his lap, which surprised Finnley because Ivan had a cleanliness fetish.

"You stole the document?" Ivan looked at Alfie again, his voice a little softer, "Alfie?"

Alfie nodded, and couldn't help but said, "Daddy, your defense system is weak. People can hack into any computer in your company in less than five minutes!"

The corners of Ivan's lips flickered, "Show me now." "He wanted to verify.

"What?" Alfie was stunned. Realizing that Ivan wasn't joking, he said, "Alright!"

He liked this kind of thing and he was good at it.

So, Alfie took the iPad out of his bag and carefully entered a string of code under everyone's attention.

Ten seconds later, he looked up. "Done!"

Three seconds later, Ivan received a call.

The person on the other side of the line said urgently, "Mr. Marsh, bad news, our server is hacked. And we can't find out where the hacker is."

Alfie vaguely heard what the other person said on the phone. He raised his chin complacently. Then, he did something on the iPad.

The person on the other end of the phone was obviously stunned. He reported again, "No way, it's back to normal now!"

Finnley was shocked. Was this little guy a genius? It seemed that he really did it!

Ivan put down his phone, shocked too.

"Daddy, I've been working on your company's servers for a long time." Alfie didn't hide his missing about Ivan, "I just can't wait to see you today. I can't help it. I'm sorry."

The word "daddy" reminded Ivan of what he had done seven years ago.

Finnley was sure that the two kids were Ivan's children, otherwise, Ivan would not have been able to take them.

Ivan threw the international financial conference that had been prepared for half a year in the air just because his children wanted to see him.

Finnley had no idea about how Ivan felt at the moment.

However, the children looked intelligent. Finnley felt the trip was worth it.

"Daddy!" Diana, who had been quiet all along, raised her eyes. "I miss you too." There were tear marks on the corners of her eyes.

Ivan's eyes were gentle, but his mood was a little complicated.

"Daddy, my name is Alfie, and I super, super adore you! You're the most handsome daddy in the world!"

Ivan's eyes were much softer. With a slight smile on the corner of his lips, he took out his phone and sent Jordan, his housekeeper, a message.

After entering the city, the children were taken directly back to Emerald Bay, where Ivan lived.

It was located beside the mountains and rivers, and the environment was very peaceful.

The Lamborghini was parked in the large courtyard in front of Emerald Bay.

Under the sun, the cobblestone path of the garden was shining. Ivan led the children toward the living room, next to the building were blooming roses, which were breathtakingly beautiful.

Not far away, two polished sports cars toy were shining on the lawn!

“Wow! They are so cool!” Alfie saw them at a glance, his eyes lit up.

Ivan let go of his hand and stroked the little heads of the two children, “Go play, they are specially prepared for you.”

“Yay! Daddy, you are so nice!” Alfie took Diana’s hand with excitement. “Let’s go, Diana! Let’s play with the toys.”

They drove the sports cars around the yard. The originally deserted yard became lively.

“Mr. Marsh.” Jordan, who was dressed in a tux, greeted Ivan respectfully. “The children’s rooms have been prepared according to your instructions. The items on the list are also being purchased.”

“Thank you, Jordan.”

Jordan handed Ivan two specimen bags. Ivan put the hair between his fingers into the bags. “Go and play with them. Be careful.”

“Okay.” Jordan salutes respectfully.

Ivan put the specimen bag away. The driver opened the door of the limited-edition Lamborghini for him. He got into the car again, heading towards somewhere.
