

Surviving in Woman's world as a novel villain.

Chapter 81 81. Best Sister? (R-18)

'I wonder what he is doing right now?'

Alex looked at Isabella's phone on the side of the bed and couldn't help but think about it. After all, Nathan just heard another man's voice on his mother's phone and even her moaning, You don't need to have a high IQ to put things in place.

But sadly most of the protagonist is lacking in that field, He was sure right now Nathan was putting people to see where Isabella is but his first thought will be that someone has kidnapped her.

Yes, even after hearing her moaning he will think his mother was kidnapped and that's all. This is how the brain of the protagonist works and thanks to their protagonist's halo they also guess right, But unfortunately for him. The main protection of theirs is useless on Alex, Who has a Villain halo.

Now he just had to make sure only vague information will reach Nathan, Let him suffer the pain of staying dark for a while.

"Aren't you satisfied brother?"

When Alex comes out of the bedroom, Amara looks at him worriedly as she asks him about it.

While talking her eyes fell on his still-erect manhood, For her it was uncanny as she had a general knowledge of that man after cumming will go into recall mode, Which takes 8 to 10 minutes.

Not to mention they can only cum only two times in a row after that their rod is not able to stand up again for a day.

But Alex cummed 4 times in a row and yet he was still as energetic as he was before, And so was his little friend there. He was still busting ready to do his job.

"Kinda, Can you help me get a satisfied sister?"

Alex will not leave a chance like this one, I mean who will? He put his palm on her shoulders as his deep void-like eyes started into her pink love-filled eyes.

His eyes filled with desire and passion and so do Amara's. She closed her eyes tightly as her body shuddered to wait for her brother to take her.

As if an invisible hand was holding her head, Her head move forward as her lips pouted ready to be kissed, Seeing her this shy side Alex felt a different kinda beauty in her, A pure and selfless but taboo love of hers for him making him excited, So he also move forward and kissed her lips, she closed her eyes tightly but she opened her mouth immediately after sensing his tongue trying to break in for tasting her.

She cares about her brother a lot, So even though it was not recommended, When Alex was in the bedroom with Isabella, She brushed and washed her mouth just to make sure he would not be disgusted by the smell of her previous blowjob with him.

"Humm...Uhhh, You taste so sweet, sister."

Alex was kissing her, His hands wandering around her purple royal dress, Her softness was as big as his palm, Which was perfectly held by his hand. His other hand warped around her waist pulling her body very close to his, Almost leaving no place to air between them.

when Amara heard him moaning and calling her sweet, She nearly cum, She had to hold herself back. She was still kissing her brother passionately with her open mouth, Her tongue swirling around him, She was tasting her brother's sweet saliva.

Her body felt like it was burning like she was on fire, and Her pussy felt like it was going to explode soon with her love juices. As she was reaching but just by her self-control, she was holding back.

"AHH~!! HO-FUCK!!!! AHHHHH!!!~"

Alex saw her holding back, So he decided to give her what she yearns for. He increased the power of his H-tongue, As it was powered up, Amara couldn't herself back, A wave of current passed throughout her body as she hugged Alex's body tightly as she released her pent up orgasm.

"O-OHHH! OHHHH GODDDD!!!!!"

Amara's moane in his mouth, Which vibrated in every part of Alex's body, Making it feel even more warm and nice, Then she came down from her high of lust after orgasm, Her body became weak, She was breathing slowly, After her climax she felt Alex's erected cock growing even more, It was now touching her abdomen pressing against the silky fibre of her dress, So she grabbed him and squeezed him.

She might have guessed the problem of Alex related to the sex of not getting satisfied, So she was doing everything she can to make her brother happy, And it turned out doing this not only going to make him happy but she was the most benefactory person, She was enjoying every second of it.

She held the warm and wet cock of her brother in her soft hands, It was now coated in not only her saliva and his cum but also that old cow who ate young grass love juices but she didn't care as long as she got to hold his long hard cock in her hands.

It made her feel like she was being possessed by a demonic spirit, So she squeezed the shaft and moved her thumb around the tip of the cock, Causing the precum to flow out even more.

This feeling was so good that she pushed her tongue into her brother's mouth, As if to say 'Fuck me'. She was too jealous of Rita and Isabella who got to experience her brother's mighty cock but only she yet to feel how her brother would feel inside her.

But hearing loud moans of Isabella, She was sure it would be no less than epic. As Alex even make mother of two children moan like a virgin nun, So how will be make her feel as a pure white paper, A real virgin girl?

Will her brother go gentle on her or go rough? Which one will feel good? Both will as her brother is the one going to take her blood, This fact alone makes that sex best.

"You want me to fuck you, sister? Tear your virgin slit and make you a woman?"

Alex asked her while kissing. He unbuckled her dress front buttons as her pink bra came into view holding back her C-cup softness, Which now has a pinkish blush. He rudely grabbed them over her bra and fondled them with a strong grip.

"Hiss~ Ahh!!~"

Amara sucked a breath of cold air as he was massaging her breast, His words constantly ringing in her ears, Her brother wanted to make her woman from a girl? Although nobody, especially women, cares about their virginity, she still saves herself for her brother. Only her brother is the only one worthy enough to touch her body.

And now her dream was going to come true? Her brother will really take her the first time? No not just the first time, All her times are just for him. At least her useless body should be some help for her brother.

"Brother~!!~ Mumm please make me wom-"

"Sorry but I will not."

Amara gathered all her courage and was ready herself to welcome Alex inside her but when she was about to agree, Alex outright denied her, Pouring cold water on all her passion and desire that was awakened by his actions.

She felt like crying as tears quickly filled her eyes, She felt like it was the end of everything. Now Alex will go to hate her and why should he not? Is she a sister fantasising about her brother? How evil and wrong was that, She is a very bad sister.

"I-I am sorry bro*Sob* brother, Please don't hate me."

Amara panicked as she clenched his shirt in fear begging him not to hate her, She will not able to live if Alex hate her, Even if they will not do anything, Even if Alex just use her for his thing, She will gladly do it, She just can't accept him hating her.

"Why should I hate you, sister? I love you the most."

Alex quickly cupped her breathtaking face as with his thumb he wiped the tears that slipped out of her eyes. This time he swore he didn't want to hurt her, He really said it because he likes her.

"Then wh- "

"Why did I deny making you a woman? I didn't say I don't want to make you a woman but I will not do it here, You are special, You need special treatment, and I don't want to ruin our first time experience, sister."

Alex's voice was gentle, and So did his actions. He slowly hugged her body in his warm embrace, as if to show his love for her.

Amara was first shocked by his words then he realised what just happened, Her eyes turned red as warm tears escaped from her eyes staining her cheeks, And wetting Alex's shirt, But no one cared about it.

Although she really wanted to feel her brother inside her but his words were enough for her, She was satisfied by it.

"By the way, We can still have our fun. After all, that's not the only thing, Is it?"

After hugging her for a while, Alex got near her ears as he whispered in them, As he with both had grabbed her round bubbly firm ass.

(A/N : It's pity to get her first time here, So for now use the backdoor, If you know what I mean ǎŸ~%o

Like always thank you for reading and have a good day ǎŸ~".)

Chapter 82 82. Backdoor I (R-18)

"What do you mean brother?"

This is unknown territory for Amara not because anal is not that popular, but It is very popular as this is a reverse world but becoming anal is said to just be pleasing to a woman, she didn't look into it as that knowledge was not to help or please her brother.

"You don't know? So let me show you the new world, A door of a new land of pleasure, A backdoor to be exact."

Alex whispered in her ear as his hand started massaging her round full ass. Even though her pesky dress was between them, He still felt how unreal her ass was. It was perfectly round, Perky and even soft and bubbly. It jiggled anytime he spank her a little.

"What are you...Mumm doing brother? Are breasts better than asses? Why waste time on it?"

Amara didn't understand why Alex was waiting for bus time to fondle her ass. According to her study, men like boobs more. They get disgusted by even the thought of ass, as normally girlfriends had to beg and convince their boyfriend to even go near their ass.

So in her mind, she thought Alex was doing this for herself, But she would not enjoy anything if her brother had to force her to do it, So she suggested he go to her breast and use them. Enjoy the proud part of her body. Not as if she didn't know why it became so big. Like she didn't do anything extra as she did for her breast and yet it outgrows her

"Sister don't say that, Ass has its own advantages, The feeling ass gave is uncanny, The softness of it, The way it jiggles, How warm and comfortable it feels the boobs never able to give, So as you already figure it out, I am kinda personality person."

Alex bit Amara's ear, Nimbled on it with his white teeth lightly as he spoke in her ear, His hands was never stopped fondling her ass, As he was shaping her ass cheeks in multiple forms and see how they jiggled return back to their original form, It was fun to play with it.

It was like a fidget toy. He could play for hours and not get tired of it.

"Is Ass really that good?"

Amara obviously ignored Alex's vain attempt to maintain his image but she focused more on the fact of Alex liking ass than her boobs, She was scared for a second thinking that she didn't pay any attention to her ass, All her attention was focused on her face, waist and boobs, She never thought that the part most man hate, Alex was into it.

She thought Alex was not going to like it but sensing the pure joy in his actions as he found her ass, She suddenly became happy, Thankfully even if she didn't pay any attention to it, Her body knew what her brother wanted and developed according to it.

She was happy with the fact that the connection between her brother and her was so much that, on a subconscious level figure it out her brother's needs. How good her body is, didn't it?

"Yeah they are and your sister is the best of the best, And that's why...I am going to use it, If you don't mind."

Alex now couldn't help but want to taste her ass. If just fondling were this soft and comfortable then how good would it feel? He is not able to wait to try it.

So when he was talking, He just picked her up in a princess hug and led her towards the bedroom he came out from with burying passing in his heart.

"Ahhh!!"

Amara yelled out in surprise as he lifted her up, But then she realised what Alex did, She quickly shut up, As he carried her towards his room, She became a little fearful as she doesn't know what going to happen next, This is unknown territory for her but still, she was looking forward to it.

Anything that involves her brother will not be a bad thing, So she also thinks of this going to be a very good experience.

After Alex reached in the bedroom and lay half of their body on the bed, The same bed Isabella was passed out in her ecstasy and which was covered in their love fluids but Amara didn't mind, She was just curious about why her brother only lay her upper body on the bed, While her legs were on the ground.

"Brother, What are you doing?"

So she asked him in curiosity as her pink iris stared at him, But instead of answering her, he removed his shirt exposing his bare hairless muscular chest in front of her as he lowered himself down on her body.

"Are you ready to experience the new pleasure, my dear sister?"

He asked with his hands on her chest, He then slipped it under the thin fabric of her dress and pulled it up and removed it in one swift action, When he did that Amara appeared only in her undergarment a pink bra and panties, Her white smooth flushed skin exposed front of him, She was looking very tempting , So he lean down and kissed her bare stomach.

"Ahhh!~..."

She moaned softly, As her brother's tongue licked and caressed her cute belly button, Then he slid his hand further up her sides, lifting her up slightly, He dipped his head lower, kissing and licking her navel, His right hand slid down, slowly moving over the top of her panties, while his left hand moved up, cupping and squeezing her left breast.

"Ohhhhhh!"

Amara moaned, as her brother teased her breast and played with her pink erect nipple, His right hand continued to move down and slide down her flat tummy, until he reached her mound, Then he slipped under her panties.

"HMMMMMM~!"

Amara's hips bucked up, trying to press against his hand that just invaded her private space, she moaned again, as her brother's slender fingers rubbed and danced around her sensitive clit, His fingers were opening and closing her delicate folds as from time to time he was teasing her by sticking his fingers in her slit.

After playing with her for a while, Alex moved his mouth lower until it was right in front of her dripping pink pussy. He admired the creation of god for a while before he stuck out his agile tongue and parted her pussy lips that were hiding her entrance, as his hot breath touched her most intimate area.

"Aaahnnnn!!!"

Amara screamed loudly, as her brother's tongue parted her pussy lips, licking her clit, swirling around it, driving her crazy with pleasure, Her brother was licking her pussy on internet words, He was eating her out.

She never thought that her delicate brother will do something like this. She was surprised but she also wanted to stop him from doing something he didn't want to do but doing it just for her.

But she didn't get a chance as when his tongue touched her, A wave of pleasure washed over her. She lost her ability to think, All she wanted was to enjoy this moment.

"Aaaaahh!!~"

Her hips bucked wildly on their own, as she tried to grind her pussy into her brother's face, her body shaking with pleasure, as his tongue worked magic on her. She just realised it was not a beginner-level job, Alex was quite proficient in it.

"Ahhh!~"

She then felt her brother's thumb pressed gently on her clit teasing her and his index finger slipped inside, hooked rubbing her tender walls.

"AAAHNNN!!"

Amara's back arched off the bed, as her release washed over her, her body shuddering in the throes of an amazing orgasm.

While she was cumming,

Alex lifted her legs up until her feet her knees were on her stomach, while his finger continued to work her pussy.

He was loving every moment of it, having his sister on his bed and his tongue was dancing in her pussy, He loved the taste of her sweet nectar, the sounds she made, her moans and squeals, He felt her body trembling and quivering as he was pleasuring her.

"AAAHHH!!~"

Her mouth open wide, gasping for air as her body was still convulsed by the approaching orgasm, Alex finger continued to tease her sensitive walls, until she got used to it and he withdrew his finger, letting her relax, He then lowered her down on the bed.

Now he was between her spread thighs on the ground, looking up at her face, With his left hand he brought up her underwear and slowly removed it, revealing her panty clad pussy, He then took his time, rubbing his fingers over her panty covered lips, before finally pulling them down her legs, leaving her naked and exposed.

"Mmmm~!"

Amara sighed in pleasure as her brother began to lick her pussy, she looked down between their bodies and watched as he licked her pussy, tasting her sweet juices. He was also using his tongue to pull her pussy lips apart, exposing her hidden treasure.

He was eating her out and enjoying every minute of it. She was surprised at how good it felt, And how good it felt, She never thought that it could be this great, But she was glad that her brother was taking care of it. She didn't need to do anything.

Just lie there and enjoy.

She also noticed that her brother was giving her a lot of attention, and that he was careful not to make her uncomfortable or hurt her, He was also very gentle, exploring her pussy with his fingers and licking her with his tongue, He was not rushing things and was giving her lots of time to enjoy.

After a while, Alex stood up between her legs, and leaned down, kissing her pussy, sucking her inner labia, as his left hand ran up her thigh, spreading her pussy lips wider, exposing her pink nub to the air, and his tongue dipped inside, licking her.

(A/N : Becoming too big, So divided into two parts, Enjoy ǎŸ~%o

Like always thank you for reading and have a good day ǎŸ~".)

Chapter 83 83. Backdoor II (R-18) Bonuse

"AHHH~!"

Amara moaned in delight, as he started licking her pussy, his tongue slipping inside her, running up and down, licking her clit, as he sucked her inner labia. He was like a vacuum cleaner, sucking her juices out of her.

"Umhmmm, Yes!!~!"

Amara writhed and bucked her hips, as her brother's tongue flicked across her sensitive clit, and she humped her hips in response to his ministrations, She was lost in passion, unable to control herself, not knowing where to put her hands, as her body was jerking and jumping in pleasure.

"Mummm~!~"

His tongue kept licking her pussy, as his finger pushed deep inside her, stroking her g-spot, sending shivers through her entire body. She was trying to touch her brother's head, but she couldn't reach it.

"AHhhhhh~!~!"

She was moaning in pleasure as her brother's tongue was flicking and rolling her clit, sending waves of intense pleasure coursing through her entire body, She was getting closer to climax, and he had to hold on to the bed for support, as her brother's tongue and fingers were driving her crazy.

Her whole body was shaking uncontrollably, as she was approaching her climax, she was going to cum in a few seconds.

"FUCK!!! AHHH!!~ Mummm~!"

The pleasure was overwhelming her senses, she felt light-headed, her head spinning, as waves of pleasure were washing over her, she couldn't even speak, Alex's tongue just kept licking her clit, as his finger continued to pump in and out of her, working her G-spot, as her orgasm crashed over her, her vision went black, her knees buckled, as she sprays her love juice all over her brother's face.

"You came to a lot sister, You enjoy that much your brother eating you out?"

Alex stood up from her legs as he looked at her with teasing in his eyes, Amara couldn't meet his eyes in shame especially when he mentioned the fact about him being her brother. This made her even more excited but she controlled herself and tried her hardest not to show it to him.

"Now it's my turn to enjoy my dear sister."

Alex said as he suddenly flipped the unexpected Amara onto the bed, Her ass was sticking in the air as right now she was lying on her stomach.

"AHH!~"

Amara yelled in panic at his suddenness but Alex was quick to calm her down.

"Relax, don't worry, everything is alright. I have done this many times. Just lay still and relax."

Alex said but his words not only calm her down but also ignited the burning spirit of competition, She who think Alex did this with Rita a beta woman, So she didn't want to lose her brother to her, A woman like her doesn't deserve her brother, So she will do everything to get her brother back from that woman.

Amara was lost in her thoughts about how to get her brother back but not that long as hands spreading her ass pulled her back. She felt Alex teasing her wet pussy at first sending shivers of pleasure down her body but he changed the target.

His finger which was now covered in her love juices was teasing her pink asshole, As slowly but surely he was putting his index finger down in her ass trying to lose it.

"OHHH~!"

Amara gasped in shock at the sudden intrusion, As her brother slowly inserted his finger in her ass, massaging her anus, and stretching her tight sphincter. He was teasing her before he slowly inserted another finger, spreading her tiny anal ring.

It was too much for her. She felt her tiny hole would tear apart but she held herself back. If this is what her brother wants then to be it, She can bear the little pain. Anyway, this pain was also kinda exciting for some reason.

"That feels so good."

Amara said to her brother, as she felt her brother's fingers keep working her asshole, She knew it was only a matter of time before she would cum again.

After a while, she felt Alex's fingers move in and out of her tight virgin ass, sliding in and out, then pressing against her prostate gland, making her moan out loud, Her ass felt swollen and sensitive, as her brother teased her ass, She felt it she was getting close to her next orgasm.

"Ooohh~!"

Amara moaned loudly, as her brother's fingers kept working her ass, pushing deeper inside her.

Soon she felt a different finger working her pussy, playing with her sensitive nub, as he was working her G-spot, driving her crazy with pleasure. She could feel her pussy leaking her juices all over her brother's hands, as he kept pumping both her holes.

"Mummm Ummm~!~"

She couldn't help moaning in pleasure, as her brother fingered her pussy, continuing to play with her G-spot, as well as her ass, as his other hand slid down her body and cupped her breast, squeezing her tit hard.

"Ahhhh~!~"

She cried out loudly, as his fingers found her G-spot, as his thumb rubbed her sensitive nub, He was also teasing her breasts, She couldn't hold back anymore, and she exploded in pleasure, her body trembling and shaking uncontrollably, as her brother continued to finger fuck both her holes.

She was unable to control herself, as her body shook and quivered in pleasure, as she came over and over, her body tensing up, her muscles twitching, as she had her most powerful orgasm yet, Her body bucking and trembling in pleasure.

After the orgasm passed, Amara laid on her back, exhausted, as she caught her breath.

'System buy me a good lubricant.'

Alex asked the system to buy a lubricant as from the previous anal with Grace, She was in much pain in the beginning, So he didn't want the same thing to happen with Amara, Although later Grace did enjoy it but if he can now prevent the pain then he should do it.

[Ding! The host successfully bought a B-Grade lubricate, and 1000 RP is deducted.

(Note : Can be used as many time as you wants under 6 months, It will not get empty.)]

The system, as good as he was, quickly bought him the price-to-money lubricant and dipped it off so as not to disturb Alex's good deed.

"It will slightly hurt in the beginning my dear sister, okay?"

Alex pulled out the bottle from his system storage and dripped on her soft ass, Covering her ass cheeks and then focused on her pink tiny asshole, Which was slightly loose thanks to his work the moment before.

"AHH~!"

Amara moaned in pleasure, as she felt the cold lube on her ass and then Alex's moments of spreading the lubricant around her anus, massaging it inside her, Making her even more anxious, as she felt her brother start to push his finger into her ass.

"Oh~!~!"

Amara cried in pain and surprise, as her brother's thick finger entered her asshole, pressing against her sphincter, until it finally broke through, and slipped inside her rectum

"OOOH~!"

Amara yelled in pain, as her brother's finger was slowly working its way into her ass, as his finger worked deeper inside her, stretching her tight anal ring, pushing deeper inside her bowels, making her gasp in pleasure.

"Yes, Mumm~!"

She moaned in pleasure, feeling her brother's large finger invade her ass, sliding in and out, massaging her prostate gland, as his finger probed her anus, exploring it, making her even more aroused.

After making sure he properly lubricated her, Alex rubbed some of the lubrication on his cock head than the whole length of his shaft properly making a thin layer of , As to make it as less painful as he can of her first anal.

He then held his cock by the base on top of her ass and slowly began to slide it in between her ass cheeks, towards her asshole, as he leaned on her smooth back and kissed her on the back of her neck, breathing hot on her skin, as he slowly pushed his rock hard dick into her tight virgin ass.

Amara gasped in shock, as she felt her brother's massive cock head press into her small anal opening, stretching her anal ring wide open, as Alex's cock slowly but

steadily pressed into her ass, driving inch after inch into her bowels, Thankfully lubricant was working wonder as there was no extreme pain.

As he felt his cock slide further and further inside of her asshole, his fingers were rubbing against her pussy as his one hand was between her legs, While the other was fondling her breast as his cock slid deeper and deeper inside her tiny ass.

.l

"AHHH~!~!"

She screamed in pain, as her brother's cock stretched her tight anal ring, making her feel uncomfortable, as her asshole was being violated by her own brother, Making her moan in pain.

She had never felt anything like this before, she moaned in pain, as her brother kept pushing his massive cock deep inside her ass, forcing her anal ring wider and wider, as he slid deeper and deeper, all the way to the base of his massive member.

"Ahhh~!~!"

Amara cried out loud in agony, As Alex's cock was inserted in her ass all the way to the base, making her scream in pain, He gave her a few moments to get comfortable with it as he started pounding in her ass.

Pat *Pat* *Pat*

His pelvis was hitting her ass cheeks while his balls were rubbing against her wet dripping pussy, Amara was tense at the beginning but soon her asshole became accustomed to his cock, and was able to accommodate his size, making her moan in pleasure.

Amara moaned in pleasure, as her brother kept fucking her ass, sliding his huge cock in and out of her tiny ass, massaging her prostate gland, as his cock slid in and out of her tight ass, massaging her G-spot, making her groan in pleasure, as her brother ploughed her ass ruthlessly.

"AAAH~!~!"

Amara could feel her asshole was becoming even more relaxed, as she felt her brother's cock move in and out of her ass, slipping in and out, making her moan in pleasure, as her brother started to pick up the pace, pounding her ass mercilessly.

"Ah~!~!"

Amara cried out loudly in pain, as she felt her brother's big cock slip past her sphincter, and begin to slide into her ass again, as he began to pound her asshole with wild abandon, ramming his dick into her ass with savage force, driving his cock in and out of her tight ass, rapidly increasing his tempo, slamming his huge cock into her tiny asshole with brutal force.

He pounded her ass with brutal fury, driving his huge cock in and out of her tiny asshole, making her moan with pleasure, as her asshole was stretched wider and wider, taking every inch of her brother's monster cock, until it was buried deep inside her.

"I am about to cum, Sis, Take it all Arghhh!~."

Alex soon reached his limit. Her asshole was too tight and comfortable, more than he had imagined. His cock head swelled inside her as he felt his balls were about to unload his baby batter in her ass.

"Ahhhh, Yess...Umm come in me brother, Mummm fills me up with your love juices!!~"

He quickened his pace as Amara moaned in pleasure. She now understands why those women on the internet beg their boyfriends for Anal. This feels so good, especially when her brother is the one doing it.

She reached her limit soon, Well she had already cummed a lot in their this pretty short anal section, she even forgot the count of it but this one was way bigger than before she can feel it.

"AAAHHH~! YESS!!!! I AM CUMMINH BROTHER!!~."

Amara moaned loudly, as she felt her brother's cock slip past her sphincter, and begin to spew his seed, filling her ass up with his hot sticky load, as she felt his cock throbbing and pulsating, spurting stream after stream of his milky white cum inside her asshole, as she could feel his cock swelling even more, and then he shot off a huge load deep inside her ass.

As he filled her up with his seeds letting his warm liquid fill her bowels, as his cock was still twitching inside her tight asshole, as he emptied his balls, shooting rope after rope of his milky white baby batter deep inside her ass, She could feel his cock throb in her ass, as it finished filling her bowels with his warm, sticky cum, and then he stayed there impaled in her ass, holding her hips tightly.

She too couldn't help it now, As she felt she sprayed his hot liquid in her filling her up, She had her biggest orgasm yet, Her hands clenched the bed sheets tightly as she grow her head back arching her body, Rolling her eyes full of lust as her tongue was sticking out of her mouth as she likes a flood gate being opened released her love juices all over the bed.

Huff *Huff*

Amara huffed, breathing heavily as her body slowly started to relax from her orgasm, Still, she needed a few more moments.

"How long are you going to watch us brother and sister fuck? Just come join us like a real woman?"

Suddenly Alex said to someone as Amra looked complicatedly at the person he was speaking to.

(A/N : For now let's just do a threesome as it turns out hard to write a foursome but I will write it in a few days. Just let me see how to do it.

Like always thank you for reading and have a good day ૨૦૨૦.)

Chapter 84 84. Nathan's Chaotic Thoughts

"No, it can't be a mom, right? She didn't have a boyfriend."

After crying and yelling for a while, A houseworker butler found Nathan on the floor and helped him in the wheelchair. Butler wanted to take him to the doctor but he refused and kicked the butler out of his room.

Right now he was seating in his wheelchair and was going through his torture thoughts as the image of his mother under someone else body flashed in his mind, As he shook his head and tried to forget it.

He thin-No he knew it was just all a misunderstanding, His mother was not with another man, Maybe her phone got stolen or someone was trying to prank him. That is the reason.

"And even if she did then that man should be only after her money. A gold miner loves to target women like mother. I had to protect his mother from a man like those, so as to prevent her from getting hurt"

"But what if she was really right now having sex with a stranger?!! No, it is impossible, White said that mom is not involved with any man since my father passed away. I am just overthinking about it."

Nathan tried to calm his chaotic mind, But that sensual erotic moaning sound of Isabella kept ringing in his mind. He said multiple times it can't be his mother, She just can't and yet he kept imagining her.

His heart was beating fast as a very bad feeling was overwhelming his mind. He felt empty as he just lost something but he didn't know. An irrational fear emerged in his heart as if he didn't do anything he was going to die.

He didn't know where this feeling came from. Maybe it was the pain of a shifted bones or getting beaten to this extent yesterday making him feel this but he was feeling very uneasy. The comfortable feeling that always felt like surrounding him felt like it became less dense as the deep fear taking birth in his heart.

"What's wrong with me?"

He asked himself while keeping his eyes closed, Which was a mistake, As an image of his mother moaning under some strange ugly man enraged in his mind, Still for some fucked up he didn't open his eyes.

"Where does this bitch go now? How much more time does she want just to find out where one single person is?"

Soon the uneasiness in his heart grew even more. This might be superstition but this feeling is the one that saved his life countless times before, So he wanted to know about his mother's position as soon as possible as she might be in danger.

Yeah even after all that, Our dear protagonist still not going to even consider of the possibility of his singer-widowed mother can look for another man, As in his eyes only he is only man for his mother, Which he himself has not admitted, He even lies to himself, That's the extent of the hypocrisy of his.

"Master."

Suddenly a crisp voice broke the tranquillity of the room, As a black-cloaked figure of a woman wearing a black mask appeared behind Nathan, She spoke as if there were no emotions in her voice, It just when she master a vague undetectable killing intent released from her body, Which Nathan unable to sense it.

"Where is mom? Did you find her?"

Nathan, unaware of her emotions, asked arrogantly, He wants to know the position of his mother. If he knows she was in a safe space then he will be sure that someone should have stolen her phone and messed with him.

He already decided the one who was messing with him should be Alex, After all his mother should have given him a stern beating and as he should be afraid of directly targeting him, So he used this means to mess with him.

As his mother was going to meet him, So that meant Alex should have had a chance to steal her phone. He was sure that if someone was doing this then it should be Alex, Even though the voice of the person was nowhere near Alex, He was sure of it.

Now his decision of taking everything from that ugly bastard named Alex grew even more, He just now has to find out if that man was a sister or mother, Then he will fuck them in front of him and making him suffer for this attempt to mess with him.

"Madam, still in Alex's apartment, White said there was the sound of yelling coming from a few minutes before. She wanted to investigate but maybe Miss Alia had given Alex a few of her bodyguards, As she wasn't able to get close to it."

Black said as she looked into the distance with complicated emotions, She didn't mention that White felt fear of death as she even tried to reach close to Alex's apartment.

This is impossible for any normal bodyguard to make White feel that, Which clearly shows that something was amiss in the situation. If someone sane-minded encounters this thing, They surely call back their woman and rethink their decision of provoking that person.

But she was sure this arrogant fool would not listen to her logic. If she said it then that would be sending her sister White into the death trap as she was sure he would ask White to investigate Alex more.

So she pulled Alia's name in front of it so that this idiot would not send her sister to death. She just doesn't know what her sister sees in this arrogant fool. He looks above average at best, He does not have any manners of high-class people and even might have brain damage.

If not for her sister insisting on staying in this family and by Nathan's side, She either left this place or might have joined at the side of the Eldest lady, As she genuinely admires her, The way she was handled each situation, In a well-thought way make her close to Miller family's eldest miss Alia.

"That ugly bitch, She rejected me for that gold miner *Ahem* I mean it's best if they were a sound of yelling, Alex should be getting beaten by mother and should be begging her to stop. Tell White to maintain a safe distance from them as I don't want to provoke the Miller family yet."

Nathan became happy, As he quickly made up stuff in his mind that Alex should be yelling and begging his mother to stop torturing him, Which on the contrary his mother begging him but not to stop at all, She begged him to continue ravaging her as he wishes.

Well as mentioned before protagonists have IQ problems, Maybe they do have some brain damage.

"This bastard, even when getting beaten, didn't learn from his mistake. He even dared to steal mom's phone and do this to me? Just wait, When mom is back I will ask her to pay one more visit to that gold miner to teach him another lesson."

The worry in Nathan's heart was suppressed by the reasoning he created. He thought that Alex might have stolen Isabella's phone when she should be beating him and not paying attention.

He wished he was there to see the desperate look on his face, How he begged his mother to let him go, He should be jealous of him for having that hot mother right? Of course, he should be, It's easy to find dilf but his mother is a legendary milf.

This thought of passed through Nathan's mind, Which was surprisingly on the same wavelength as Alex, Both wanted to see each other desperate face, Maybe the hero and villain are the same type of person with a different set of morals, world view and hypocrisy, Villain might be more self-aware of it.

But Nathan here does not see it like that. As having problems with IQ, He was sending his mother, Which he himself admitted is a proper legendary milf to his enemy, Without understanding that someone is going to yell but that person is not going to be Alex.

"You go now, Let me be alone."

Now that he made up a reason and felt relaxed or even happy, Nathan wanted to rest for a while, So he asked Black to leave him alone.

"Okay, Master."

Black also didn't want to stay here any longer fearing his stupidity might also infect her, So she also vanished out of thin air as she came here before, While Nathan just closed his eyes and imagined the pain of Alex to relax himself.

....

"Come on, Don't you want to join? You should be the virgin of your backdoor, right?"

Alex looked at the woman pretending to sleep on the bed with a wide grin on his face. This is the same woman whose son was imagining getting revenge for him.

(A/N : How do you want Nathan to find out about it? Normal style or NTR one?)

Chapter 85. Double Trouble (R-18)

Isabella was laying in the bed, using only one single bedsheet as a cover to hide her seductive figure without moving, as if she really didn't hear Alex's words. But her trembling eyelids gave her current state away.

She woke up mid-way through Alex and Amara's section, But at that time she did not have any strength in her body to do anything as she was exhausted from the overwhelming continuous pleasure Alex had given her.

It was just she thought that Amara was forcing herself on Alex again, So she wanted to move and protect him but quickly stopped in her tracks as she saw that Amara was being passive here, Alex was leading the show from beginning to end.

So her hypothesis of Amara forcing Alex was shaken, Still, she thinks a pure boy like Alex will not do something like fucking his own sister, Someone or something had to force him, But what is that?

She wanted to think about the reason. She did try, but the moaning sound of Amara and the smell of lust in the atmosphere of the room made her unable to think of anything as her reignited flame of desire wanted more. She wanted to feel Alex once more inside her, She wanted to experience that warm and hard feeling.

Besides, she even had the urge to go and join Alex and Amara as her lust was increasing, But she stopped herself from doing that as it will not be good, and Alex might get disgusted by her action, So she just lay there torturing herself by hearing Amara's moans under him.

But now after Alex said those direct words, She is like a deer in headlights stunned to do anything. She thought she should not be found out by anyone, as she made sure these two would not find her awake. She has good acting skills, but Alex somehow found her.

Well that's a given after all, No matter how good her acting is, but in front of god-level acting skill, There are infinite flaws in them, So Alex finds out about her the moment she tries to act as if she is asleep. He should have called her out for it, but he was busy doing something important.

"It's not what you think-"

"I don't care, Do you want to join or not?"

Isabella wanted to give one final struggle to save her image and dignity in front of Alex, but he sharply cut her off mid-sentence as he asked her this question.

He was also curious, He wanted to see if he could get anything extra out of this threesome of his sister and protagonist's mother becoming titles can be given as a reward then ain't that mean he can in theory achieve the achievement to get it also?

So he decided to try, Although he didn't receive any title while doing with Helen and Alia, but that might be because he already has titles related to them like "Milf Hunter" & "Mother Fucker". That might be why he didn't receive any title.

"I-I tha-"

Isabella was startled by his words. The urging of the naked desire in his voice overwhelmed her own desire. Her heart felt slight pain but at the same time, she felt excited.

This is human desire. They love to do the things that they know they shouldn't be doing. Like in her case now, She knows she shouldn't be doing this. Not only was this wrong on so many levels, but if she joined, then she also became part of it.

And once she crossed that thin line, She was afraid she could never go back again. The taste of forbidden food is that much addictive but yet knowing the consequences of it, She still has a strong urge of wanting to do it. It was increasing so much that she was not sure if her willpower would last long.

"Come here."

Alex saw her hesitation, So he made it easy for her. He stretched his hand and pulled her towards her. After all, not disagreeing means giving silent consent, right?

Well yeah but in this world that is only applicable to men, If a woman tried to do it, She would receive 3 years of a place to live, 3 times food and a stable job in a place called jail.

"Wai- Mummhh!~"

Isabella didn't put up any resistance to his action, So Alex was easily able to pull her towards him. As he pulled her, The bedsheet which was hiding her seductive figure slipped, exposing her devilious figure in front of Alex.

She wanted to say something to try and prevent herself from crossing that thin line of forbidden but as she was talking, Her lips got sealed by Alex's lips, His tongue invaded in her moist mouth as he coiled his tongue with her.

This action of his broke all the defence she had, Her body felt like melting in his arms, She felt like her skin was burning as her vagina started to secrete her love guild, The thought of resistance, Her hypocritical morals were thrown out of the window as she lost herself in his kiss.

Her hands unconsciously reached to the back of Alex's head as she held him, Her slender fingers were lost in his dark hair as her heartbeat increased rapidly, Her pussy was getting wetter by the second.

She wants to push him away as she feels guilty and bad for doing this, but she couldn't even move a single muscle, The feeling of her pussy and the touch of his on her ass cheeks was overpowering her entire body.

After a few moments of making out, Alex moved his hands down and grabbed her soft butt cheeks and stroked them softly, fondling them.

The touch of his hand on her ass made her heart flutter, She felt that she was drowning in the sea of desire. She had the urge to move her hips to grind against his fingers, feel his touch, The warmth of his hands, but she couldn't. Even her brain wasn't working properly anymore, as she couldn't move at all.

As he caresses her butt, She could feel her pussy is getting wetter by the minute, She wanted to let go and grab him and fuck him right there but her pride and sanity won't allow her to do that to do it with Amara...At least not on her own initiative.

Alex looked at Isabella's face, Her eyes were closed, and Her breathing was heavy as he saw her humongous naked chest rising and falling faster rubbing against his bare chest. She is not resisting him anymore.

That's why he started kissing her neck. He kissed her so that she would relax and let herself get used to it.

"Ahh~!"

He heard her moan in delight as she felt his warm breath on her neck, She knew she was getting closer, She is feeling so horny right now that she can't stop herself from wanting to get fucked by Alex one more time.

She had no idea what her body was doing until she felt Alex's finger spreading her pussy lips apart. She was surprised to find out that her pussy was gripping Alex's fingers, Which were trying to enter her sacredness. Furthermore, she was getting

excited even though his sister laying naked on her side of the bed looking at them, She is the same sister who he butts fucked just a few minutes ago.

Will that make her a pervert? No! Technically she didn't do anything, Everything things were done by him, So she is just a woman pleasing the man she likes, That's all.

"Mm~!!"

She felt Alex's finger penetrating her pussy, She felt her pussy walls clamp around his finger, Her wet pussy was spasming as Alex's finger fucked her, Her orgasm building up already.

Alex could smell her arousal, He could tell she is getting close to her climax, So he removed his fingers from her pussy.

"No... Don't-"

When he did that, She was unwilling. She was so close, why did he do that? She wanted to feel him in her again.

"Don't worry Isabella, I have something else in mind *Bite*"

Alex, seeing her unwilling expression said in her ears as he nibbled on her ears, His other hand continued to stroke her butt cheek as he stared at her face with a smirk on his face.

"Don't..."

Isabella was gasping for air. In this short hour or two, She felt feelings that were unknown to her and that too from no one else but a stranger she knew about a few hours ago.

And now this is eyeing her 2nd virginity. After all, she can clearly tell his intentions as she saw what he did with Amara and right now his hands also indicate their intentions, and yet she was ready? Though she was afraid, she was willing to try something new with him.

She feels like she is drowning in her own desire. She can feel herself being sucked by his thumb as she can feel the warmth of his erect cock pressing against her clit.

His thumb pressed hard onto her clitoris, She felt a rush of pleasure run through her body, making her legs twitch.

She felt her mind clouded as she slowly drifted into another world of pleasure.

"Are you ready?"

Alex warped his hands around her waist as he slowly bent her towards the bed, making her lie on her stomach just next to Amara. She though has jealousy in her eyes, but there was no resentment or struggle.

"AHHH!!~ FUCK!!!"

After that he used the lube and spared on her ass and butt cheeks as he did with Amara, Then at his cock head and shaft, He put his glans on her pink tiny virgin asshole and without warning Isabella, pushed his waist with full force, tearing her asshole entering half on his hot cock in her.

(A/N : Too big, Part two will come soon.

Like always, thank you for reading and have a good day ğŸ˜.)

Chapter 86 86. Double Trouble II (R-18)

"AH!~ FUUUCCKKK!!!"

Isabella screamed out loud as she felt him tearing inside her ass. His long hard member rudely broke into her delicate place, Though shocked she felt kinda good, Lube and Perfect D's passive was enough to make this process pretty much painless.

Normally Alex should be going slowly and romantically with others but he knew now wasn't the time for sweet lovemaking, it was time to fuck her tight little ass like never before, Let her gip the all the other thoughts.

"Ahh!!~ Ca-Careful...Ummm~"

He pulled back a little bit and then he thrust again, this time harder than ever. This time more of his shaft entered into her small anal canal. Isabella reminded him to warn her and be careful but you can't take it seriously when she said this in a moaning lustful voice.

His cock got deeper into her ass hole, Deeper and deeper as he repeated these actions as Isabella's moans grew louder. Her face was red from trying so hard to keep silent about what was happening, but her body shivered uncontrollably due to the pain and pleasure she felt.

"OH!~ YESSSS!~ GODDAMN IT!~!"

With every thrust of his, she tried not to scream too loudly, but Alex knew how to make her scream, As each time he ram his dick in her ass pleasure and surprise came out of Isabella.

Pat *Pat* *Pat* *Slam* *Pat*

He started to pound her ass with all his might, he could feel her ass squeezing his cock, making it almost impossible to move around inside her ass. Isabella lay flat on her stomach, tears of pain and ecstasy running down her cheeks staining her well-carved cheeks. Alex kept slamming his hips against hers, making her whole body shake.

A sound of bare wet skin hitting each other was ringing in the room as he picked up his pace.

"Oh my god!~ Fuck me!~ Harder!~ Harder!"

Alex was pushing his cock deep inside her bowels, hitting her deepest parts each time. He continued to pound her ass with long strong strokes. He grabbed both of her ass cheeks and spread them apart, making her even more vulnerable to his brutal ass pounding.

He pulled his cock out of her ass just for a second and then he pushed it back in, this time harder than ever.

He watched how Isabella's face contorted in pain and pleasure at the same time. He also noticed that she was shaking like crazy, her body twitching and shaking as if it were possessed by some demonic spirit.

She couldn't control himself anymore, She even forgot that Amara was still present in the room. All she knew was that she was making love with a man she loved. Yeah, she thin-No she knew she love him now.

She fell in love with a boy at the age of her son and that is not even worse. She just met this man an hour or two ago and yet still this was not the worst part. The worst part is that she came here to get revenge for her son. Is this punishment or revenge?

Yes...Kinda!? She was a 40-year-old woman sleeping with a man in his 20s, Wasn't that punishment? Well just ignore the fact that he was enjoying it and he was the one taken initiative to do it.

"Ahhhhh!~ Here it comes!~ Ahhhh!~ I'm gonna fill your tight little ass with my cum!~ AH!~ FUCK!~ FUUUUCK!!!"

Alex was weak to the mental stimulation of fucking the protagonist's mother and the physical pleasure of her ass, So he reached close to climax, He didn't hold back and grabbed her two asscheeks as he put his ick as deep as he possibly can in her ass.

Then his cock head swells as he came inside Isabella's asshole, shooting large amounts of his hot sticky seed into her bowels. When he was done, his cock still in her

ass, he slid out and fell on the bed beside her. Isabella lay on her stomach for a while, panting heavily. After a few minutes, she turned over onto her back.

"Alex...I think you broke me."

Isabella didn't move from her position as she still lay there. She was in ecstasy right now, So she said these deep thoughts in her mind out loud. She regretted the moment she said it but she can't do anything right now.

"Yeah, well, shit happens, right? Now, let's see what kind of mess we're going to have to clean up after a while."

Alex gently picked a strand of the hair on her face and put it back behind her ear as he looked at her face and replied nonchalantly, Not giving any extreme reaction to her words.

"Well....T..ha..."

Isabella was stunned. She thought he should be worried or sad or happy? In short she has thought of multiple ways of Alex would react in this short time but not a single one predicted this one.

"Hey don't forget me, brother."

When Alex was talking with Isabella, Amara at some point came to Alex and held his half-soften dick in her soft hands, Looking at him with the wronged look, Then without any warning she took his sleeping schlong in her mouth.

She didn't care that just a few seconds ago that same dick was in someone she called an old hag's ass. She did not have anything to do with it, All she cared about was her brother's dick. She wanted her best to try and make a special place for her in his heart.

Normal it will be a very terrible decision to did but thanks to the system-bestowed skill Perfect D, She will be fine, After all, as a perfect D, It should be read for anything, Which also includes blowjob after anal, So there is a function that remove all the other harmful and dirty things after anal.

So Amara didn't have to worry about the taste or other things as his skill handle it for Alex.

"Ahh!!..Arghh!~"

A deep, guttural mescapeape from Alex's mouth as he felt the wet warmth of Amara's mouth engulfing him.

He by instinct thrust his hips upward, pushing himself deeper into her warm mouth. Amara's head bobbed up and down on him, her tongue swirling around his glans and shaft length. He looked down at her as she also looked at him with his dick in her mouth.

Alex's eyes half-closed in pleasure as she took him deeper and deeper into her mouth.

"Ahh!~ Mmmphm!~"

Amara moaned happily as he took more of his length into her mouth. She loved the feeling of being able to please her brother so completely, and she was getting off on sucking his big cock.

She was worried about the aftertaste or at least the foul smell of it after what he did with Isabella but to her surprise, there was nothing. It tasted and felt the same as it did before to her, There was no change.

She decided to try new things for her brother. She stuck out her pink tongue and licked his balls and worked her way up his shaft, then back down again. She knew she'd give him the best blowjob he ever had as she felt his over-excited reaction.

She felt proud that she gave something to her brother that this old hag and that beta woman couldn't. She was the one who knows her brother best in this world.

Cough *Gulp* *Chock*

Alex thrust his hips forward, burying his cock into her throat. She gagged, but he did nothing to pull away. Instead, he rolled his hips, fucking her mouth as he continued to shove his cock into her throat.

Amara moaned happily as he fucked her mouth, taking his entire length into her throat. Every time he shoved his cock in, she gagged, but didn't stop, only increasing her speed of bobbing head to match his.

"Mm!~ Aaaah!~ Ahhhh~"

With every thrust of his hips, Amara struggled to breathe. But she kept on going, forcing his cock into her throat. When she reached the base of his cock, she was forced to swallow his entire length. It hurt a little bit because he was so big, but she was still proud of herself.

"Ahhh!~ *Gulp* *Choak*."

He pulled out, leaving her mouth open and gasping for air. She smiled and breathed deeply, trying to clear her lungs. She got a moment to breathe as he once again shoved deep into her throat.

"Mm~!~ Ahh!~!"

This time, when he pulled out, she gagged and coughed up a huge amount of saliva and spit. Her eyes watered and her nose ran as she gasped for breath, trying to get rid of the excess fluids in her lungs.

"Are you okay sister?"

Seeing her like that, Alex became worried and wanted to check on her to see if she was fine.

"No brother, I am fine, Please lay back and enjoy."

Amara said as she wiped her face with her forearm, then sucked in a deep breath.

After that she once again, she went down on him, taking his entire length into her throat. She worked her way up until her lips touched the top of his cockhead.

As soon as they did, she swallowed his entire length. Amara moaned as she felt her brother's cock swell in her mouth. She felt his hand tighten around her neck and he thrust up into her mouth, burying himself in her throat again.

She moaned around his cock as she felt it grow even bigger in her mouth. She looked up at her brother, seeing his eyes half-lidded, looking down at her.

"Mmm~!~ Mm~!~ Mm~!~ Mmm~!~ Mmm~!~ Mmm~!~ Mm~!~ Mmmm~!"

Amara moaned around his cock as she continued to suck him off, bobbing her head up and down on his shaft. She didn't know why, but she found that the more she sucked him off, the more she enjoyed it. She felt his balls slap against her chin and cheeks as she moved her head up and down his cock.

"Stop, Isabella you get here."

Alex was close to coming because of Amara's diligent treatment but he held himself back as his eyes fell on Isabella, Then he domineeringly commanded her.

He felt the understanding between his mother and daughter. Now he was curious to see how two love rivals act with each other.

(A/N : I am decide to give 50% off on privilege (Ch.16) (Just find out how to do it)

Like always thank you for reading and have a good day ğŸ˜.)

Chapter 87. Double Trouble LI (R-18)

Isabella didn't know what Alex wanted to do, Her mind couldn't process it but that doesn't matter, As when Alex called her to do it, Her body moved on its own

Before she knew it, She was seated with Amara holding his dick near her sakura lips.

Alex saw her hesitant, So he took the lead and pushed her head forward towards his dick. She opened her lips and took his member inside her mouth, It hurt just a little bit, But the pain went away as Alex thrust it in even further.

"Golbb...Archhk *Cough* *Choke**

She took more of it than thought, Soon her sakura-soft lips touched her base as she completely took all his hot hard rod in her mouth and throat.

Amara looked at her enviously as she saw her brother's member in Isabella's mouth. Didn't this woman know it was her turn? So why has this old woman been taken away from her?

She was angry, Of course not at Alex but at Isabella for trying to steal her chance with her brother. She wanted to snatch her brother's dick out of Isabella's mouth but fearing it would hurt or anger him, She did not do it.

"Don't feel bad sister, Come here."

Alex, seeing Amara did not look right, decided to step in and calm her anger down, So he called her and she too followed her instructions.

As she came to him, He doesn't waste any time, Pulled her in his arms and started kissing her passionately as her soft body pressed against his. She moaned softly in response, and he eagerly explored her mouth with his tongue.

As he kissed her, his hands began to wander over her body, exploring every inch of her intimately.

He undid the back of her dress, She raised her arms so he could pull it off her, So now she is completely naked in front of him.

"You are so beautiful, sister."

Alex said as he grabbed her by the waist and pulled her even close to him.

Her breasts were perfect, perky and round, with small pink nipples that stood erect. He licked them with his agile tongue as his hands wandered between her legs wetness.

He loves exploring her seductive body, His hands were wandering on her back and then her waists.

He gradually moved down, Landing kisses and licking his way down her tempting body until he reached her hairless pussy.

It was glistening with her juices as her petal-like twin folds had a dew as proof of her lust for her brother.

"Ohhh!~ Yes Bother.Ummm!~"

Alex couldn't help it. Seeing her like this his hunger increased even more, So he stuck out his tongue and began to lick her eagerly, making her moan with pleasure.

Every stroke of his tongue was sending a current of pleasure through her body. She didn't understand, Why even in this her brother was so good at it?

She was having mixed thoughts. At One point she was jealous knowing that the reason why her brother is so good at it is related to Rita, His girlfriend in her mind.

But she was also happy that her brother was good and that it was giving her a feeling of paradise, an ecstasy just from his tongue. Well, the human heart is too complicated.

While she was enjoying her blissful moment, Alex continued to explore her sweet pussy with his tongue, making her moan and groan with pleasure.

Under the bombardment of pleasure, he was giving her, She felt herself getting closer to climax, And she wasn't far from cumming already When suddenly Alex stopped.

'What? Did he stop because he thinks I'm about to cum? Or did he think that maybe he should let me have my way first?'

Now she was confused. She wanted to be satisfied, Wanted her release but she also didn't want to go against it. If she asked him to continue, He might get mad or something.

This is the situation she never wanted to experience. She can't take it if her brother is angry at her, So she waited for his further instructions.

For a few seconds, the ex didn't say anything, making her very worried thinking she did something that angered him.

"Sister now it's your turn."

Alex finally broke the silence and made her remember where they were and what is going to happen next.

Both Amara next to him and Isabella who was sucking him were startled hearing this but soon Amara became happy while Isabella was sad.

Without putting any resistance she pulled his member out of her mouth reluctantly wanting to stand up and give space to Amara.

Amara was happy thinking her brother had once again given her the honour to suck him off, Didn't that mean Isabella should be bad at giving him a blowjob?

And if her brother asked her to do it then didn't that mean her brother liked her blowjob more? which means he has a special place in his heart for her.

Yeah no matter if they are heroines or villainesses, They have some different kinda thinking, Which normal stupid people can't understand, So don't try to understand it.

"What are you doing Isabella? Why are you pulling it out of your mouth? I was enjoying it"

Alex quickly stopped Isabella who wanted to move and stand aside cursing herself as to why she didn't practise blowjobs before.

She used to think it was a disgusting thing, So she never tried it and after her husband's death, She had no reason to learn it, That's why she thinks she was not good at it.

So actually this is her first blowjob, considering that she was not bad at all, She was way better than any normal few experienced girls, This might be the traits of her milf nature.

So Alex didn't lie he enjoyed her service, Not because she was kinda good at it for the first time but more of the satisfaction of mouth fucking a mother.

And no normal mother but the mother of the protagonist himself, This was enough to enjoy every second of it.

"But then..How she-?"

Isabella became confused, not understanding what Alex means by letting her continue. Didn't he want Amara to do it?

Amara too didn't understand the motive behind her brother's actions, She looked at him in confusion.

"Don't look at me like that, Have you ever heard the saying that sharing is caring? So share it."

Alex wanted to laugh but he holds himself back as it will not look good if he did that, So he said this went to them with a straight face.

"???...!!!"

"???...!!!"

Both of them at first don't understand what Alex means but they quickly realise what his intentions were as their faces quickly turn crimson red out of shame and shyness.

(A/N : Decided to make the chapter word count between 1.2k to 1.8, What do you think about it?

- Good
- Bad

Like always thank you for reading and have a good day 😊.)

Chapter 88.Double Trouble LV (R-18)

Amara and Isabella both looked at each other and shared a look. They realized what Alex wanted but were they really going to do it?

I mean one is a 40 year old hot seductive milf with large power behind her, While other is a 25 years old beautiful hot chick with a terrifying family behind her, So they wanted to do that to the same man at the same time?

Of course they do, After all Alex is not any normal man, For Amara he is a treasure more valuable than her life, While for Isabella he is a man she loves, So they will do anything for him.

So they started moving. Both were new to this. They didn't know what or how to do it with two people but they decided to figure it out.

Amara reached Alex's groin and looked up at her brother with a seductive smile of joy on her face before bringing her head close to his hot member.

"Ahhh!~ Take it."

Alex gasped as the sensation of Armara's warm breath touched on his glans, Which shot through his body like lightning.

She pulled out her pink tongue and gave him a quick lick, Which made him moan from it before taking the length of his manhood into her mouth. Now she was getting used to his size, So it didn't hurt as much as it did before.

Cough *Choke* *Glob*

Amara started moving her head up and down and with each movement of her head her tongue was rubbing against his shaft.

Isabella wanted to mirror her actions and engulf the whole length of his but she didn't know how to do it when Amara was occupying it.

So her mind thought of another way, She leaned down and targeted his balls, She kissed and licked his balls before taking one in her mouth, trying to suck it.

"F-Fuck...Umm keep going."

Feeling the dual sensation from his dick and ball being sucked and played gave Alex a wave of pleasures, The excitement of his lust to reach its limit.

Alex grinned as he watched in awe as his sister and Nathan's mother busily suck and lick his hard cock with their tiny sweet mouth.

His sister was on seating on the left, her expert pink wet tongue wrapped tightly around his glans as if she'd been doing it for years. Isabella was on to the right, her full lips enveloping his balls, her face as a expression of pleasure and delight.

The sensations were too much for Alex to take, and with a deep moan he closed his eyes and let himself be lost in the delights they were providing.

Glob *Glob* *Glob*

His sister's busy sucking his dick, Her mouth felt like a searing fire of pleasure against his skin, each stroke of her tongue sending fresh waves of pleasure through his body that threatened to overwhelm him.

Meanwhile, Isabella worked on his balls. Her technique was slower and felt mature but no less pleasurable; every slow movement of her head seemed to pull some hidden string inside of him that only she could access.

Both of them together providing an exquisite contrast that had Alex panting with desire. He could feel himself edging closer and closer to the brink, but he didn't want it to end too soon.

So he held back from wanting to experience this feeling longer.

He wanted this experience to last forever - so instead of focusing on when it might end, he focused on the here-and-now sensation of their lips and tongues teasing him so deliciously.

The two women seemed aware of how close Alex was getting too, surprisingly both showed a weird kinda understanding between them.

They now take turns teasingly slowing down or speeding up their movements, heightening the pleasure but never allowing it reach its peak quite yet.

Now Isabell too reached onto his shaft, On the right side of cock was occupied by Amara while the left side was under Isabella's care. Both of these women were running their lips on his shaft.

While rubbing their soft pink lips there was time their lips were touching giving them weird sensation but both of them ignored it as they focused more on pleasing/ teasing him.

All the while they continued to move their mouths up and down his glans, sometimes swirling their tongues around his sensitive tip, while other times just keeping him firmly in their mouths.

Alex was in heaven, and he could feel his seed rising up within him, His mind was clouded with delirious pleasure, It was like he'd died and gone to heaven.

In his state of euphoria, His hand began to move, It reached out to touch the dense luscious hair full head of the two women who were servicing him so well.

He caressed Isabella's hair as it moved up and down his cock, Then Amara's pink hair tickled his hands, and he took his time to enjoy the sensation of their silky smooth locks.

Glob *Glob*

Amara's mouth was tight, and the suction was incredible. He could feel her throat muscles working around his shaft as she sucked him off, And he moaned out loud with each powerful tug of her mouth.

"Ohh yeah..."

Then Isabella also joined in, Her wet warm tongue darted out from the side of her mouth, and she licked across the head of his cock, her pink tongue tasting the saltiness of his precum.

Glob *Glob*

She pulled back from his cock and swirled her tongue around the underside of his glans, before pushing forward again with a sudden urgency.

Alex groaned out loud as the two women worked on his dick, Their combined efforts sent him spiraling over the edge.

His balls tightened as they began to churn with his cum, As he gripped onto Isabella's hair tightly to try and hold himself back.

Alex was now in heaven. His heart was beating fast, and his mind was blank. All he could focus on was the pleasure coursing through him.

As Amara pulled back from him, Isabella did the same. Their soft hands were jerking him off, They both stared up at him, As they both opened their mouths wide, revealing the lengths of their tongues hanging out, waiting to swallow his load.

Their tongues were wet with his cum, as he watched, he knew that within moments, the two of them would have his entire load.

Then, as his orgasm hit him like a freight train, his cock erupted into both women's waiting mouths.

"Arghhh...Here it co-comes *Spurt* *Spurt*"

Alex grunted as the head of his cock swell, His balls tightened as his hot sticky semen sprayed out of his rod.

Both woman moaned as his hot cum splattered over their tongues, filling their mouths with his seed and their face giving them some advance level of facial.

It's hard to believe for Alex that he just came in the mouth of his sister and his enemy's mother.

But, the women didn't seem bothered, as they continued to suck his cock, swallowing his cum as it poured out of him, wanting to get every last drop of it.

After, they both pulled back from his cock, and Alex sighed with relief as he lay back on the couch

"That was fun!"

Then, to Alex's surprise, Isabella suddenly looked up at him from his crotch with a cheeky grin and uttered this words.

Alex was surprised but he quickly understood what just happened. It's nothing but a stupid novel logic.

More specifically the novel logic of harem novels, According to it one man should have more women but for that to happen this woman should have special settings.

In every harem novel, These women in harem expected to share their man with other womens even in bed, So their setting is that they should not have any disgust to the same sex of every normal hedrosexual person.

They just go with it as if it was a normal thing, Though illogical but this is how this world works.

So this trait of every heroine in harem novels is kicking in for Isabella right now, That's why she was acting as if she didn't just give a blowjob to her son's enemy with his sister.

Well...Just have to see how long this thing will last as after the deeds are done, Her personality will go back to normal then the severity of the situation.

"Well, I'm not done yet."

Amara then turned her attention to her brother, and she leaned over him, crawling towards his face with lustful look in her eyes.

As for Amara's situation? That's the totally different story even if she is not a heroine she has her own different set of rules.

For her only matter is her brother and his happiness. If it was for her brother's happiness then she will go to any extent or do anything for it.

That's her own character traits.

...

"Why is mom not picking up my call now?"

In the villa of the Gayler family, Nathan was looking at his phone in confusion, not understanding what his mother was so busy with that she was not even had a time to pick up his call.

"Did she go back to take care of Alex even more?"

Suddenly the thought appeared in his mind as he enjoyed the imagination of Alex getting beaten.

Unknown to him, her mother does take care of Alex but not the way he thinks.

Chapter 89. Double Trouble V (R-18)

"Now what do you want to do sister?"

Alex ran his fingers through her pink dense hair as he said to her in a sensual voice shook the soul of Amara as she felt the naked desire of her brother for herself.

She didn't reply or she was in no condition to reply, Her body moved forward and landed a kiss on his wide smooth forehead, Then between his sword eyebrows and then on his cute nose, His delicate cheek and she hesitated but rejected the idea of kissing on his lips.

She moved even more down landing her soft moist lips on his slender long neck, Then at his bare strong hairless chest then at his protruded well-defined 8-packs on his abdomen.

Slowly but surely she moved even more down until she landed her last kiss on his pelvis as she once again on the place where she started, holding his half-soften dick in her hands looking at him with a look of delight and temptation.

As she touched his dick, It was once again ready for action, It was awakened from its short slumber as it stretched itself out to show its might and size.

Amara was also both shocked and delighted seeing this reaction from her younger brother.

She was shocked because of how quickly his thing was once again ready for action and showed its might, even though she saw it multiple times now but it still amazes her. How can a man recover so quickly? Only someone as mighty as her can do it.

As for why she was delighted? It's nothing but a fact that this reaction of his showed was just for herself, At least a bigger part of it was for herself.

"Sis-Sister!~"

Her actions were quite teasing, Alex didn't know whether she learned it before or she just figured it out but no matter the case, Alex also enjoyed this different kind of feeling. It felt good to be on the receiving end at least in this case.

Isabella also looked at her in shock, As a mother of two didn't know this thing and yet this virgin woman does? What was she doing all these years with her life?

She now has some regrets in her heart about giving all her time to her kids and family. If she became a little selfish and spent some time on herself then she was the one who should be pleasing him now, not this little girl.

Now because of her ignorance in things related to this, She was being passive while a girl half of her age took her spot and acted like an experienced woman. She was supposed to be that woman, She was the mother of two damn it.

"Brother, Do you want to do it one more time?"

Amara lay her warm soft body onto his as she whispered into his ears, Which is what she definitely learned from him.

Her large bountiful twin mounds pressed against his bare chest, He could feel her erect nipple trying to dig into his skin, Her long hair spread down making her look divine fairy, And this fairy was holding his long hard rod in her hands.

Alex's body trembled as he felt the warmth of her lithe frame envelop him. He could feel her hot breath on his neck, her lips pressed against his ear, softly whispering words of while will boil any man's blood out of excitement.

This made him feel more alive than ever before. He let out a low moan and leaned forward and held back her head then without saying anything sealed her pinky lips.

Amara was startled fearing he would be disgusted by the smell and aftertaste left after the blowjob but she didn't try to resist his actions. In her mind, if he wanted something, She would gladly provide for him even if that was going to hurt her later.

So Alex started kissing her, His left hand was holding the back of her head while his right hand slid across on her smooth back until it reached onto her firm bubbly ass.

Slap

"Uhhh!~"

Then out of nowhere, he slapped it. As his large palm landed on her white ass, It jiggled and a red palm print quickly appeared on it, Ruining its uncanny beauty but Amara on the other hand instead of yelling in pain moaned in pleasure.

After all, Alex had not just slapped her ass, But he used his ecstasy hands-on full power, While his H-Tongue worked of giving her pleasure in the mouth, After all, how can Alex will be teased by her and not retaliate, It was not his nature, He likes to give 10 folds back to other.

So there is no way she can handle this extreme amount of pleasure, Her body became tense as she grabbed tightly onto his body.

"BROTHER!!! UMHMMMM AHHHH!!~"

She tried to struggle, Holding back the impending shame of pre-ejaculation but it turned out to be futile as the wall of her vagina tightened and a flood of water like a broken dam flowed out of her uncharted slit.

Amara fell on his softly, There was no strength in her as it was even spamming and twitching from time to time.

"N-Not fa-fair *Huff* bro-brother."

Amara had fallen into ecstasy as she was breathing heavily, As her misty eyes stared at him with joy and wrong feelings.

"Did you think I am that easy to tease sister? There will not be any consequence for your action? Now ready to pay for your sins."

Alex hugged her body softly in her arms as he bit and nibbled the tip of her earlobe as he said these words in her ears, Repeating the same action of hers before but it was way more effective on her.

Then he held his ass up slightly and adjusted his throbbing hot rod onto her tiny pink asshole.

'Is this how you pay for sins? If so I also have a few sins to confess.'

Isabella seeing this couldn't help but to the thought of it, As her body started to become hot looking at the taboo but exciting scene unfolding in front of her.

Chapter 90.Double Trouble VI (R-18)

"Ahhh!!~ Ge-Gently brother~."

Alex after pointing and adjusting his dick on her pink asshole, Suddenly pulled her ass down making her tiny asshole engulf his cock head.

"Ahhhhhhh!!~..."

She yelped in pain as his large girthy cock was forced into her formal virgin asshole. He forced himself deeper until his entire shaft had disappeared inside of her small rectum.

"Ahh! Uhhmm..!!~"

"Arghh!!~"

His hands then groped at her asscheeks while his cock was fully entered into her tight asshole. As he pushed her all the way onto him, she felt the tip of his cock hit her deepest parts up to the base. His hips pushed against hers causing them both to moan loudly as they were connected from the inside out.

"Uhhhhh..."

"Mm... Ohhhh~..."

They both moaned as he continued to push himself deeper into her ass with each thrust.

The feeling was indescribable for Amara as in this position she could feel every inch of him within her tiny hole. She arched her back slightly as she tightly hugged him.

Slam *Slam* *Slam*

"AHHHHHHH Nn!~!"

Clap *Clap* *Clap*

After Alex waited for her to adjust to him for a few seconds, He slammed himself deep inside of her asshole as she shuddered in pleasure.

Her body tensed up as she tried to take all that her brother was giving her. Their bare skin was hitting each other making clapping sounds.

Alex held her head as he took her deep kiss, They kissed each other passionately as they threw themselves into lust.

Amara once again quickly came to her orgasm under this stimulation.

Her asshole tightened around Alex's throbbing cock, Which was ramming into her ass. It made it difficult for him to continue pushing his massive member into her tight hole but this also gave him more pleasure.

He felt her fleshy ring around his cock massaging him under its pressure. He still moved even though it was hard but the remnant of lube makes it a little easy for him.

As he started to pound her again, her small asshole began to tighten around him again. This time, he couldn't hold back any longer. He decided to go all out.

He grabbed onto her hips and used them to pull himself out of her ass before slamming into her small asshole.

"Nn... Uggghhh... Ahhhhhh!!"

Her asshole clenched and twitched hard around his throbbing shaft, Giving him the epitome anal pleasure.

Unable to control himself under this pleasure, he let loose and stopped holding back his orgasm.

A loud primal grunt as he came inside of her. His cock head swell inside her ass, As he sprayed his hot semen in her asshole, filling her bowl.

His pulsating deep within her tight anal passage as her asshole milked every drop of cum from his swollen shaft.

Huff *Huff*

After he finished coming inside of her, both of them took a moment to catch their breath. They, therefore side by side breathing heavily as Amara lay in his arms.

Plop *Spurt*

Alex pulled his softening penis from her tiny asshole to remove it, His cum also started sliding off of her asshole, As she just lay on him.

"Take some rest, sister."

Alex rubbed her head full of pink hair as he was pampering her, Amara closed her eyes like a cat enjoying his warm palm and rubbing her head.

"Now it's your turn, Isabella."

After saying that he turned his eyes to Isabella, Who was contemplating her life decisions right now, How she thought she had everything and just now she figured it out she never had what she wanted.

She was envious of Amara, She too wanted to feel the care of Alex, She also wanted to feel that feeling, There also was a slight yearning of wanting to be like Amara.

A tiny well-hidden place in her heart wanted to be like her, The way she could do anything for her brother without thinking about other things, Which was unlike her.

If she wanted to make a decision there are at least 10 things she had to think about. What will be the consequences of her decision? Will it be beneficial to the family? Her children or family.

Now that she thinks about it, has she ever made any decision just for herself? Even what she eats every day was never decided by her or for herself.

She was like a robot completing a set of tasks, She never had her own thought or mind in it. She just did those things just because others expected that from her.

She never chose anything all these years at all, Even her husband of hers was chosen by the family's elders.

"Coming.."

Isabella shook her head as she put this thought behind her mind, When she heard his words.

She looked at him, who right now was holding his dick in his hands. From his words, it was not hard to guess what he wanted her to do.

Nothing but just to do things that Amara did after her anal. Give him a blowjob. She was still surprised even after cumming all this time he was still as active as before.

So she sat between his crotch and held his still-hard dick, Then without showing any hesitation she took it in her mouth, Running her tongue along with his shaft.

While she sucked him, she slowly lifted her head up and down, Making sure to get most of his cock in her mouth.

She felt his warm hands running through her hair as she bobbed her head up and down.

Slurp *Slurp*

As she went on sucking him, she kept looking at Alex with sparkling eyes. This was something she had been longing for, But she never really knew how to act or know about it.

But now with Alex's help, She was able to release all her tension. She finally found what she felt was missing all her life.

Her lips and tongue caressing and licking his shaft. Her hands fondling and squeezing his balls.

She felt his hand move up and down her back and sides, Causing her to shudder under the sensation.

"Arghh....Ghhraa...*Cough* *Gag*"

When she was sucking him, Alex suddenly put pressure on her head forcing his dick way deep into her mouth entering in her throat.

She thought surprised not to stop her actions as she kept going. Finally, Alex once again reached. He didn't hold back as he pressed her head down until her lips touched her base.

"Arghhh~! Drink it, Isabella...Arghhaa!~"

"Puff *Cough* *Cough* *Choak* *Gag* *Gulp* *Gulp*."

After that, he cummed deep into her throat, making her drink all of his load. She choked and gagged on in cum but she diligently held it and drank it.

His actions also make her reach her peak and when he sprayed his hot semen in her throat, She too cummed wetting the bed below her.

"That was good."

Finally, after drinking every last drop of it, She lay beside Alex exhausted but her eyes filled with a new spirit. She found what she wanted to do now.

Unknown to her, This decision of hers radically going change the plot, Making her dear son's life miserable, But I don't think she cares about that very much now.

(A/N : Now focus more on the story for a while.

Like always thank you for reading and have a good day😊.)

Chapter 91.Woman Never Change

"It was best, But now I have to go to the hospital."

After spending time on the bed with two beautiful women, Alex stands up and prepares to leave.

While he was searching for where his shirt and pants went, He said to them when he felt two pairs of eyes looking at him curiously.

"What!? Hospital?!!"

"Are you okay? Why do you want to go to the hospital?"

"Are you sick brother? Wait, let me call Liza, She should be here."

"Liza? Yes!! She is said to be the best doctor in the city right now. Let me call the number one city hospital and try to get her."

"You? Don't you see yourself in the mirror? Do you think someone like you could be able to arrange her? Dream on, Don't interfere, I can get her from my brother."

"Someone like me? I have the biggest share in the number one city hospital, So If I want to argue with her, I can. Don't worry Alex you will be fine, Just let me call the management."

"You think someone like Liza will give a face to someone like you? Do you even know who she is? Brother, I know where she lives. Just wait, I will arrange for someone to deliver her here, You don't have to go to the hospital."

"Aren't that straight-up kidnapping? Do you want to kidnap a doctor to treat your brother? Are you nuts? What if as revenge she did not treat him right and messed something up? What are you going to do then? Don't you hear never make your cook, bodyguard and doctor your enemy?"

"Tha- She never dares to do it, I am sure or she knows the consequence."

"Does that matter? What is the point of hurting when she had already done damage to Alex."

"Yo-You is right, That bitch dares to hurt brother, I-We has to make her pay."

"Right!? How can she do that? She has to pay."

"Yup hurting brother is her grave mistake, Let's go teach her some lesson."

"Yeah let's go."

Bang *Bang*

"Ouch- Brother why did you hit me?"

"Yeah, Alex why? It hurts, you know."

Well, where do I begin? They said a lot. After all, when Alex mentioned he wanted to go to the hospital they misunderstood that he wanted to go for himself.

Both women's brains started working overtime as these women are known for their wild imaginations and to put oil in the fire, His peach blossom eyes also activated making their already wild imaginations even more extreme.

They both wanted the best doctor for Alex, Which currently in the city is Liza, A legal loli. But as mentioned, she was hard to get as a doctor.

And Amara also knows her real identity. She was even more sure of how hard it is to ask her to treat someone but she had confidence that seeing their not-bad relationship between families and with giving her green everyone is addicted to...money.

She knows she can handle her but when she hears that Isabella wants to also try to get Liza, Anger rises in her mind. Even she has to pay some price to get her to treat her brother. How can Isabella be able to do it?

Well, she can, anyone can if they mention Alex's name now, So Isabella does indeed have the power to pull Liza White, A.K.A. Doctor White here, But Amara didn't know how much that loli fell for her brother.

So she wanted to put Isabella in her place and also kinda wanted to prevent her from offending Liza, As the consequence of it will be terrible, After all, she did care little about this woman after they do share a man in the bed, So there is a mutual affection for one another.

But how can Isabella back off? This statement of Amara makes her look weak in front of Alex. Will someone be able to bear it if they portrayed a weak front of their crush? So Isabella also didn't hold back and countered her.

Then what started an argument between the two women, Which started on something else but then ended up elsewhere. Maybe some things can never change even in the reverse world.

Alex looked at them dumbfoundedly as he witness the events unfolding in front of him, He didn't say anything between them as he knows that, The one who argues with stupid is a madman, The one who argues with a madman is stupid and the one who argues with a woman is both stupid and madman.

So he wanted to stay out of it as once again some things never change even in the otherworld.

He also didn't know why or how they went from calling Liza as a request to bringing Liza here to making her pay for the things she did in their mind but they somehow did.

When he saw that these women might really go crazy and do something stupid as he saw them standing up in anger and full of fighting spirit, He quickly comes to them and makes both of them on their heads.

"Do you guys have a problem with your brains? Do you want me to call Liza to check your knees for you? I just said I am going to the hospital for god's sake."

Alex looked at both of them angrily as he lifted his hands one more time to smack them.

"Wait!? Sorry don't hit me, I was wrong, brother."

"Me too, I was also in the wrong Alex, Don't hit me."

As they saw him lifting his hands to hit them, Both of them got scared as they quickly hugged each other and apologise and defended themselves.

"..."

Alex was speechless looking at their reaction, They both are way more powerful warriors than him, Who is just an F+ Rank, So does it make sense they got scared to that extent?

He looks like a bully, A beast hurting an innocent maiden.

"*Sigh* Stop messing around, My friend's mother was admitted there, She didn't have anyone with her, That's why I wanted to go to the hospital."

Alex dropped the idea of searching for his clothes and decided to hop in the shower to wash off the various fluids from his body, So he reminded them to behave and wanted to hop into the shower.

Growl *Whimper*

But as he wanted to do that, A low growl followed by a whimpering sound rang in the room.

(A/N : So most of the people want the NTRing scene of Nathan, So they will go get it soon.

Like always thank you for reading and have a good day 😊.)

Chapter 92.Wronged Shapira

"What happ- Oh I am so sorry girl, I forgot about your breakfast."

Alex turned around just to see Shapira looking at him with her puppy eyes, As she wiggled her tail in happiness when she got his attention.

As he saw her and felt she wanted something but he didn't know what she wanted, He think of asking her but midway realised what she wanted.

He had forgotten about feeding her, He quickly checked the time and found out that it's been 2 hours since they started doing it.

So Shapira who was hungry since last night should be very hungry now. He did plan on cooking for her but as you know one thing leads to another and they spend two hours in bed with Amara and Isabella.

Growl

"Okay, Okay Sorry it was my fault, Don't be angry, I will cook for you right now."

Shapira might have not liked when Alex said that he had forgotten about her. After all, she also has feelings, So it's normal to get offended.

After all, Alex thought with no intention to call her easy to forget, Anyone will get offended by that not to mention, She is a mystical beast, Which has its own legends.

Alex, who did not want to hurt or offend her, So he went to her and patted on her furry head trying to calm her down.

Purr

Alex's action worked, and Shapira became happy when his warm soft hand landed on her head. She stretched her head to his hands and purred out of instinct.

"Just wait 5 minutes, Let me wash myself first then I will make the best dish you ever tasted."

After he called her down, Alex didn't want to waste much time. Today he had many things to do, So quickly said some words to her and walked straight into the washroom.

"Pssst- Amara, Why do you think he wanted to make Liza look at our knees? Did he not like it?"

After Alex goes into the washroom, Isbella sneakily comes to Amara and whispers into her ears.

She didn't understand why he mentioned that he should let Liza take a look at their knees, Is he not like it? If he did not like then what he didn't like about it? If she knows she can fix it.

After all, now her mind was fixed on Alex. Her affection for Alex should be close to or even crossed the 150 mark.

So it's given that, For her, Alex should be the priority. That's why she became uneasy when Alex talked about her knees, As she misunderstood that he didn't like it.

"No, I think he had some other meaning, Look at my legs, I couldn't find a single fault in it."

Amara looked at Isabella then thought for a second, stretched her leg high in front of her showing off the work of god.

Her legs were slender, well-cut calf and her white danity gave her a delicate and divine look. After she took a look at her legs, She outright denied that possibility. She was pretty sure her other never going to hate her legs.

"Well come to think of it, My legs were also not bad, Just look at my thighs, I am pretty sure he likes them, He was touching them multiple times."

Isabella could see Amara was trying to show it off to her, So she also talked back showing her thighs that can crush the watermelon with them.

If you compare legs all around then Amara is the clear winner here but if it was only a matter of thighs, She beat Amara way behind her.

"Well...I don't think brother like your fat thighs, I am sure of it."

Amara became annoyed seeing Isabella's actions, She had to admit her thighs are really tempting, Making her wonder how an old hag like her can have it.

But that doesn't mean she can admit defeat. She is also confident in the fact that her brother should love her legs more. After all, she worked hard for them.

"You as a sister might not know what your brother likes anymore. Did you think your brother should be interested in someone at my age? And yet here we are."

Isabella was not someone who lay down and take this level of disrespect, So she also hit her where it hurt the most.

"Do you want to fight old hag? Just say!"

Of course, Amara was successfully provoked by her words, This is her hurting nerve that she didn't know what her brother was like anymore, and now Isabella's statement targeted that sensitive point of hers.

So she quickly stands up, pointing a finger at her and asking her in a trembling voice.

"Do you think I don't dare?"

Isabella also stands on the bed, Pointing at Amara giving the same energy back to her.

The atmosphere became tense between the two of them, The fight was imminent now, The only question of when.

Roar

Suddenly a loud roar of Shapira break the tense atmosphere in the room, Both women quickly turned their heads toward the direction of the sound.

"What?!! Why are you roaring?"

Amara turned towards her Shapira and asked loudly, She was already angry, and now the disturbing of Shapira made her even angrier.

"Wait! Amara, I just realised it. Didn't this tiger was being too close to Alex? Do you think she is trying to replace us?"

Isabella also was annoyed but then a thought suddenly passed through in her mind.

Normally beasts only walk around their masters and seldom to let anyone else touch themselves other than their masters.

So her acting so friendly was not a natural thing, That's why she reached so further that directly decided to make her their enemy.

Anyway, thoughts of these women are wild, So do not think much about it.

"Really?"

After hearing Isabella, other than being angry at Shapira or called Isabella a fool, Amara became happy and surprised.

Wasn't this the reason she trained her? If Shapira can win his heart, doesn't that mean Alex didn't want to leave her? And as her beastmaster she also gets to stay with her brother, It is a win-win for her.

"Why you are happ- Ohh! You are weird."

Isabella was confused not understanding why Amara was happy but quickly figured out the reason behind it, So she couldn't help but say this to her.

(A/N : Now focus on each character individually then attack Nathan.

Like always thank you for reading and have a good day 😊.)

Chapter 93. Talent Of Woman's

"I am weird? You are the one who is sleeping with her son's enemy. Aren't your dear son send you here to teach lessons to Alex, right? Do you think I don't know that?"

Amara also pulled out her dirty laundry as the two once again started to argue. The topic was changing from time to time but it didn't matter to them.

All these two wanted to show other women that she is better than other.

Shapira this time decided to be kept quiet, Before she interfered between them thinking to ease their fight but she didn't expect that she herself became a target, So this time she decided to pretend that she couldn't see or hear anything and kept quiet on the side.

....

"Have these two women ever shut up? If they continue to make up stuff like this at this speed they might overheat their brains."

Alex is in the shower hearing the constant arguing and debating between the two of them in the bedroom as this is a college dormitory washroom, There is no sound isolation here.

He heard them for a while then was once again dumbfounded by their talent to change the topic of debate in mid-argument.

'Forget about it, System show me Netori rewards.'

Alex decided to ignore them, He was more excited to see the rewards he got from their little adventure.

[Ding! Netori rewards are like the following...

The host gets Amara's Anal virginity and gets 1500 RP...

The host gets Isabella's anal virginity and gets 1500 RP...

The host gets the Oral virginity of Amara and gets 1000 RP...

The host gets the Oral virginity of Isabella and gets 1000 RP...

The host has Vaginal and Anal sex with Isabella and Amara (Anal) ($200 \times 5 = 800$ RP)...

Total : (13520×50 (Heroine + Villainess + 5 (Inscet) + 15 (Milf + Mother)) $\times 2$ (NTR)=
1,352,000 RP]

As his voice fell, System showed all the points he got from the duo who were arguing in the bedroom right now.

'I do earn a lot, Okay show other notifications.'

Alex was satisfied with the amount of Raider Points he received, Now he wanted to see what else did he got.

[Ding! [Sex-Copy] skill was triggered...

Please choose two things to copy from Amara & Isabella...

- Skill
- Talent
- Superpower
- Physiques.]

'Ohh, What I choose now?'

Alex seeing this option fell into deep thinking, He didn't check the property panel of either Amara or Isabella as he already knows all about them.

But now this is a problem, He though knew about their powers but not in the complete details as a system.

[Ding! Host if you want, System can recommend you the best option in the given condition.]

As user-friendly as the system is, It quickly jumped up and gave solutions to Alex's problem.

If Alex didn't know about what to choose then the system can always recommend it, This is the best thing for Alex right now.

'Okay system, Please recommend to me what to choose for both of them.'

Alex also agreed with the system. It's best if the system can recommend something good, Though he still has some guard against the system but that's all because it was impossible for him to completely trust others.

But he did not hate or have much to worry about the system, At least not right now, So he can gladly accept the recommendation of the system.

[Ding! For Amara, it's recommended to choose Physiques, And for Isabella her talent.]

As Alex agreed, the System came out and gave its honest and best solution for him, Which according to its data is best for Alex.

'Okay then, I chose them.'

Alex at first wanted to choose a superpower section of Isabella to get her elements related to power, But now that system is said to choose talent, He decided to follow its advice.

[Ding! The host chooses the SS-Rank Beast Master's Physiques of Amara...

Detected that the host already has a Beast Charm...

Upgrading the physiques...

Congratulations to the host for getting SSS-Rank Legendary Beast Physiques...

Legendary Beast Physiques : As its name, this is a beast-related physique.

The possessor of this legendary beast's physiques not only can control the beast but can also harness their power in body.

Effects :

- 2 times of control over all types of beasts.
- Can use the beast exclusive skills of your contracted beast anytime you wants.

- Physical fitness of the Possessor became like a beast. The more beast you are in contact with the stronger you are going to get.

(Note : There is no limit on how much your physique will improve, Please keep that in mind.)

Special Skill :

- The Beast King : Once this skill gets activated, You will be like a king to the beast. Every beast in the given range will have to your command.]

[Ding! The Host chooses the "White Lotus Heart" of Isabella...

Detected that the "White Lotus Heart" is not suitable for the host...

Replacing it with the same grade talent...

Congratulations to the host for getting the "Sage Heart" talent...

Sage Heart : Like the name of talent, This talent gives the possessor a heart like a sage, All his worldly desire can be blocked by using this talent.

(Note: This talent can be shut on or off at will.)

Effects :

- Heart is always fulfilled like a sage, So no other worldly things are able to affect the possessor.

- The desire of any kind can be controlled or outright disabled for a while.

- Heart will always be calm, So it's not going to interfere in the decision-making of the possessor.

Special Skill :

Sage Mode: Once this skill gets activated, You will go into pure bliss mode, the Heart becomes crystal clear, And no other things can pollute it. This also increases your combat effectiveness 10 times.]

The system quickly distributes the rewards, As Alex felt the warm current flowing into his body, straightening and combining the power of it in him.

(A/N : Sorry Please wait just one day.

Like always thank you for reading and have a good day 😊.)

Chapter 94. Getting Beast

'Isn't this what I most wanted?'

Alex shockingly looked at the 2nd reward, Which he received from Isabella.

The sage heart has the function to control his desire, Which is what he urgently wanted to counter the effects of the Golden Kidney.

The Golden Kidney gives him infinite stamina for sex and that is a good thing, When he was in bed with a woman, It became very easy for him to dominate them.

But the catch of this physique is that it has infinite stamina for sex all the time, Which makes it impossible to get satisfied no matter how much he had sex, And his mind always has sex-related things going on.

But now with this talent, he can control or just stop the constant urges for sex. This way the drawback of the golden kidney is solved without much struggle, and now he doesn't have to hold back himself.

He was holding back himself because of fear that if he had too much sex, His desire would also increase. He feared that it would increase so much that he couldn't be satisfied by normal sex.

He holds all that desire back using his god-level acting skill that's why he was able to have a clear mind to think through the situation if not he was turned into a sex maniac now.

But now thanks to Sage Heart, He can have as much sex as possible and not have to worry about increased libido of his, As this talent will keep his urges and desire in check.

'Sister also gave me a very strong thing. The special physiques plot has yet to appear, So I might be the most talented person in the plot right now, Even more than the protagonist.'

Alex didn't stop washing himself, A warm water from the shower drops cleaning his body as he was thinking about his first reward.

Amara, as a mid-late plot villain should have that level of strength, So the author has given to her SS-Rank special physiques to go against Nathan and Jake as now that their plot has merged.

It was just the topic of special physiques that was introduced way into the plot, So in the initial period, no ordinary low-level awakens knew that there is an existence of this type of physique other than those powerhouses hidden deep in the world.

That's why neither Helen nor Amara knew about the strangeness in their body, They just think about it as a born talent, Though they are not wrong they are not right either.

Physiques are a special existence in the plot. Anyone who has it can become a top among their peers. The only problem is that having physiques means you need something special related to that physique's techniques to advance.

Thankfully both Amara and Helen were lucky that they chose the field for themselves that was most suitable for their growth. This is the power of luck, Helen as the heroine got one and Amara as a villain also has it as she is a late plot boss.

'By the way of the system I still have not chosen the beast yet, Can you show me the option once again?'

Alex came out of his thoughts as he remembered that there was still a reward he had not accepted for raiding Shapira.

[Ding! Congratulations host for successfully raiding Shapira (Current: 100 Unhealthy Obsession)...

The rewards were being distributed...

Congratulations to the host for getting "Mystical Beast Egg"...

Please choose the following...

- White Tiger
- Green Mantis
- Black Tortoise
- Red Snake
- Blue Monkey]

As Alex's voice fell system repeated the notification of the raiding notification he got before, This is the best thing about this system because, unlike other systems in novels, it This not have a limited time frame, Alex can put it on hold if he was busy with something and then after thinking for while can choose what he wants.

'All five of them look good, I am confused about what to choose.'

Alex took a close look at the beasts provided to him, and became confused as to what to choose.

These beasts are not random, They represent the martial art of fighting techniques of kungfu.

White Tiger represents Tiger Style Kung Fu, This style is based on the movements and behaviour of the tiger. It emphasises powerful strikes and explosive movements, such as leaping and pouncing.

This is very good for the offensive battle, Showing your might to others.

Green mantis is the representation of Praying Mantis Style Kung Fu, This style is inspired by the movements of the praying mantis, which is known for its lightning-fast strikes and defensive manoeuvres. It emphasises quick, precise movements and the use of joint locks and throws to control opponents.

This is very good for the quick moments to end a battle in an instant.

Black Tortoise is of course represented by Black Tortoise, This kungfu is inspired by the movements and behaviour of the tortoise, which is known for its slow, steady, and defensive posture.

Tortoise Style Kung Fu emphasises using circular arm and hand movements, deflecting attacks and countering with short, powerful strikes. It also emphasises stability rooting, making it difficult for an opponent to unbalance or topple the practitioner.

Overall, Tortoise Style Kung Fu is a defensive style that focuses on using the opponent's energy against them, rather than relying on brute strength or aggression. It teaches patience, endurance, and the importance of maintaining a solid defence.

So this doesn't have much offence but a super defence.

Red Snake represents the Snake Style Kung Fu, As you can guess this style is inspired by the movements of the snake. It emphasises fluid, deceptive movements, such as twisting and coiling, as well as fast strikes and unpredictable footwork.

These are for more wide-range moments, This is for making your opponent confused giving them an unexpected strike from the tricky angle.

Blue Monkey represents the Monkey Style of Kung Fu, As the monkey is known for its agility and playfulness, This style of kung fu reflects those qualities.

It emphasises acrobatic movements, such as flips and jumps, as well as unpredictable strikes and evasive footwork. This is very useful for dodging and evading opponents.

Before Alex should not have thought much about and choose the White tiger as that beast is the best for him, But now after receiving Legendary Beast Body is a different story.

His body can harness and use the power of his beast, So he can also use his beast powers for combat, So it's necessary to choose the right one, As he needs to use it in the battle.

'System recommen- Wait!?! I am seeing that right?'

Not knowing what is the best beast for him, Alex decided to once again choose the one system that will recommend it but when he was about to ask, His eyes fell on something, Making him stop in his tracks.

(A/N : What do you think he read?)

- Yo mama's joke
- Something less important

Like always thank you for reading and have a good day 😊.)

Chapter 95.Choosing Beasts

"System you are quite sneaky, aren't you?"

Alex stopped himself as a smirk appeared on his slender lips, His mind started running a lot of possibilities as to what is the meaning of the system and what might be the intention of the system behind this action of it.

Then he thought of it. This is there to teach him a lesson, Teach an important thing that villains have to know, The key to their survival.

[Ding! I don't understand what you are talking about host, Can you please care to explain?]

System voice though mechanical one without any emotions, It sounded like it was guilty, It asked what Alex means by his words as if it genuinely didn't know what Alex was talking about.

"Ohh really? I will tell you now what I am talking about. I choose all the beasts."

Alex's smirk turned into a big grin as he spoke to the system, Already knowing what the outcome of his statement would be.

[Ding! Congratulations to the host for getting Legendary Beast White Tiger.]

[Ding! Congratulations to the host for getting Legendary Beast Green Mantis.]

[Ding! Congratulations to the host for getting Legendary Beast Black Tortoise.]

[Ding! Congratulations to the host for getting Legendary Beast Red Snake.]

[Ding! Congratulations to the host for getting Legendary Beast Blue Monkey.]

[Ding! Congratulations to the host for completing the hidden task "The Way Of Villain"...

As a reward, the host will get a Legendary Beast "Celestial Dragon"...

Get a Title "Way Of Villain"...

Way Of Villain : This title is exclusive to the villain, Anyone who has this title can be like a villain, They don't need to choose, Villain just takes everything he wants.

Effect :

- You can take it all if you want, You don't have to choose in-between.]

As Alex's voice fell down, A barrage of notifications bombarded Alex. The 6 beast eggs appeared in his system inventory as he was happy that he figured it out on the system's test.

This is the test of how much he pays attention to things and how much he behaves like a villain.

That's why the system didn't specify him, Which it normally does and told him that if he needed to choose one or multiple but now it just asked him to choose, This is to test his observation skill, As for asking and doubting everything is the nature of a Villain.

After all the protagonist has to choose, Villain can have it all. That's the different thing that all his wealth will fall into the pocket of the protagonist making it his, But still, the Villain does not ask but take what he wants.

And from the system notification, he passed the test. Which is also rewarded by the system.

Alex was happy to get this reward. Unlike the protagonist who gets what he wants by their luck, Villain has to take it, Though the protagonists steal from another while the villain mostly pays for it, But if the villain didn't take what he wanted, He surely will die.

This is what the system wanted to teach him, Now that he thinks about it, He just passively countering the protagonist all this time, He never goes out of his way to defeat him, Though for now, this is working for him but if he let this continue, In the end, he will be the who will suffer.

'I should start actively attacking them.'

Alex turned off the shower and started drying himself. His mind started to think of the way he can actively start targeting the protagonist. First he had to cut off their wings, Which for most of the protagonists is the first heroine.

She is the one who gives them a platform to jump higher and advance the plot. The current two protagonists Nathan and Jake had Alia as the first heroine, But now she was already in his bag and he even removed her from Nathan's harem list.

So he had to focus on their other wings, Which is their dogleg. Every protagonist has one which only brings them trouble in the beginning but later somehow this bad luck charm turns 180° and becomes the one protagonist puts most of his trust in.

There was even a chance that this dogleg for a short time became stronger than the protagonist himself, But whenever that happened, That was a death countdown for that guy as he will surely going to die protecting the protagonist or his harem.

Most of the time, This person takes care of Protagonist's dirty jobs like the underworld gang and all. This way the protagonist not became part of a dark society but is also able to ripe the benefits of it.

So seeing how important these doglegs are, Now Alex wanted to target them, This way he officially starts his active offence against the protagonist.

'Jake's dogleg has not yet appeared in the plot, So the first attack Nathan's one.'

Alex after drying his body, searching for clean clothes to wear. While he was doing that his mind thought about how to take Nathan's dogleg.

He was so shameless that, He didn't even think twice thinking about taking Nathan's dogleg even though he just stole his own biological mother just a few moments ago. He is really a villain.

'System, How to hatch these eggs? Or should I just break it with brute strength?'

After he finds a clean dress, He starts to wear it as he questions the system about the beast eggs he received. He wanted to hatch them as soon as possible as they will also give him a power boost and give him security insurance.

So he asked the system, He didn't know how these beast eggs work. He who has god-level cooking, of course, wanted to break it open but he held himself back for now, Maybe he do it later.

[Ding! Please don't do that host, It's not hard to hatch the beast egg. Just use the same beast species essence blood. The level or the type does not matter as it will not have any effect on the quality of the beast, It is just that the beast has to give you their essence willingly.]

System was afraid that Alex might really try to break an egg with brute strength and cook it, So it quickly gave him a way to hatch the eggs.

All he needed was to drip the blood essence of the same species of the beast in the egg on the shell of it, And that would be enough, He will get a legendary beast.

"Blood essence? Didn't I have one just in my house right now? I can just take her blood *Ahem* Not that way."

Alex was quite satisfied with the ways to hatch the eggs. It's not that hard, He can use any beast as long as they are the same species of the beast in the egg.

The only problem is that the beast has to give their blood essence willingly, Which most beasts will never do as they see this act as disrespect to themselves, Thankfully he had one that surely will give him her blood, So he couldn't wait to get out of the room.

...

Shudder

Shapira who was seated on the carpet in the bedroom shuddered suddenly as she suddenly felt bad. Something was about to happen, Her beast senses were tingling.

She looked at two still-arguing women on the bed then her gaze shifted to the bathroom door, Which opened the moment she looked at it.

(A/N : How do you think he will take her blood?)

Like always thank you for reading and have a good day 😊.)

Chapter 96. Taking Shapira's Blood

Alex walked out of the bathroom, His hair was still slightly wet, He was wearing a white shirt and black pants.

A few buttons of his shirt were open giving slight glances at his smooth white muscular chest. Any woman might go crazy seeing this tease, Trying to look closer at it.

Alex's explosive charm is also not to be underestimated, As he comes out of the shower, He looked like a fairy walking down on the earth.

Amara and Isabella who were arguing about gods know something was stunned. They looked at him without blinking as if they were trying to imprint his image in their hearts.

Growl

Shaphira's eyes sparkled as she looked at him, As if she wanted to hop onto his body, A desire that came to her before once again appeared as she was holding back her primal desire.

When Alex saw her reaction, He became happy. As before coming out here he increased the power of his beast charm a little and he also received a legendary beast body now, Making him irresistible to any beast.

For Shapira, it was even more effective as her favorability for his past 100-point mark, So it was really Amara's training showing, That even in front of this much temptation, She was able to hold herself back.

"Shapira you are a good girl right?"

Alex walked towards her and rubbed his head with a wide grin on his face. He right now looks like an uncle giving lollipops to their nephew. Clearly, He wanted to show how much they love and care about their nephews. That's all. Take your mind out of the gutter.

Alex was also doing the same thing, He was rubbing her head, and scratching her chin, And she was the one going through an identity crisis was wagging her tail, Sticking out her tongue and enjoying his service.

"Lucky bitc-pussy"

Isabella looked at the scene in front of her and said under her breath, She was literally jealous of a tiger. In her mind because of her self-doubt about her age, She sees anyone close to Alex as a threat to her existence in his heart.

Well, this is an everyday thing, So even though Alex knew about her situation, He ignored it as he knows that she is the submissive type, She will not go full-on berserk mode and go on a rampage, So he let her be.

"Shapira, can you give me your blood essence?"

After playing with her while Alex asked her as she lay on her back showing her stomach and her big but soft and fluffy paws were in front of her, Looking at him with joy.

Alex was overwhelmed by her cuteness. She is really a good girl.

"???"

Shapira might not understand what ex said as she tilted her head to the side like a dog in confusion trying to figure out what Alex means.

She never heard of anything like blood essence before, So this is a new thing for her. That's why she was this confused. After all, she still is a little cub, Which has yet to mature.

"Brother, why do you need her blood essence? Also, why are you asking her? Just take it. It will not harm her at all."

Amara, seeing her brother, wanted something, quickly stood up and came to him. Her body was still naked, Showing the work of the goddess of beauty was in full view of Alex for him to enjoy.

As she got close to him, She also looked at him in confusion, Putting her index finger at her pink lips and tilting her head to look at him.

Seeing Shapir and her side by side, They two looked the same. She May or may not be doing this on purpose to gain her brother's affection but in any case, She was looking super cute.

But now Alex was a man on a mission, And he also has a sage heart, So this action of hers which was before super effective on him now was nothing to him, He just wants to get the essence of Spahira.

"No, I can't take it, She has to give it to me."

Alex answered to her, Actually taking the blood essence of Mystical beast was similar to the hair and nail cutting in a human, The beast not going to have any discomfort or any backlash of giving it to others.

The only reason they do not give it willingly to others is their pride and they felt it is very disrespectful to them even ask something like that.

It's like humans asking a random stranger for their foot pics or asking them to take their hair. Although you don't want it but you also don't want to give it to others, This is the same thing for them.

Beast felt weird about giving their bodily fluid to someone, Although blood essence is still blood but they still do not like giving it to others.

"Ohh, Shapira gives my brother your red thing, She didn't know about blood essence as it was a hard word for her to understand."

After knowing what Alex wanted, Amara quickly came to the confused Shapira and told her in a way that she could understand, Then she explained to Alex why she said the red thing.

It turns out that Shapira calls blood essence a red thing, Because she does not understand the blood essence, As a cub, it was hard for her to understand these complex human words, She can only understand basic human language.

Roar

Shapira didn't hesitate when she found out what Alex wanted, She lifted her head up and roared.

As the roar escaped from her mouth, A red round thing also started to appear out of thin air. After a few seconds, The size of a marble-red blood essence landed in Alex's hand.

Shapira also comes to him, Sticking her head to him and asking for praise from him.

Alex was not stingy, He stretched his hand and patted her on her big furry soft head, While he took out the White Tiger beast from his system inventory.

"..."

Rumble *Shatter*

The moment he took the beast egg out, The atmosphere in the room changed. Two women looked at Alex in shock, While Shapira looked at the beast egg in fear and wary as the hair on her body stood up, Warming her the threat of thing in front of her.

(A/N : Finally did, Now just had to write more 8 chapters *Sigh* I am fine

Like always thank you for reading and have a good day 😊.)

- Chapter 97 97. Horror Of Legendary Beast

Chapter 97 97. Horror Of Legendary Beast

"What are you holding brother?"

Amara was pointing her trembling fingers at the white egg Alex was holding in hand, Her face turned white as the horror was written on her face.

"Tha-Where did you get that thing?"

Isabella also reacted the same way as Amara, Her face was now void of any colour, and Only fear and astonishment were on her face.

Her dark eyes glued on the egg Alex pulled out of the system inventory As if she saw something that shouldn't have existed in the world.

Howl

Shapira also backed away quickly from the egg. She as a mystical beast never was afraid of anything but she now felt a massive suppression on herself and this was not a normal power-level suppression.

This was an even more terrible one, This was directly targeted at her bloodline, The beast in that egg was a way stronger bloodline than her, So as a beast this triggered her inherent fear.

She even had thought of kneeling in front of it but her pride wouldn't allow it, She just looked at the egg in Alex's hand with fear in her icy blue eyes.

For the first time, she felt fear, A fear that shook her heart so much that her pride and will might not be able to overcome it. She was not sure how long she could hold on under this constant suppression before she would give in to her fear.

"Why are you all reacting like that? This is just a legendary beast egg."

Alex was confused as to why these people reacted this way. Amara has a Shapira, Who is a mystical beast, and the legendary one is just one rank above the mystical one, So it's not that big of a deal.

Beasts are divided into Common rank, Uncommon, Rare, Epic, Mystical, and Legendary for the current plot, So it's really not a big of a deal of having a legendary beast.

He looked at the white tiger's egg in his hands. The egg's texture was not like a normal egg but like a ceramic, Which gave it a steady and strong outer shell. It also has a very white colour which reflects the aura of white light.

On the shell, There were six dark black straps on it, Giving the hint what might be inside of it.

"I-It really has six straps, This really is the legendary beast egg."

Isabella was stunned looking at the egg. She counted over and over again just to make sure she was not seeing things, there were really six straps on the egg, Which represented the rank six beasts, Which is a legendary rank beast.

"I have eyes, I can see it."

Amara also counted the strips again and came to the conclusion that this is really a legendary beast.

A rank of the beast that was said to only exist in the legends hence why they were called legendary beasts.

There was no actual proof of this beast's existence in the world, There were only some folk tales and legends that tell about this beast but no one has any proof of it.

There were lots of people in history who searched for them and wanted to be beasts masters of legendary beasts but no one was able to find them.

Even the empresses used all of their womanpower to find them but they also failed.

So after failing to find them countless times, People conclude that the legendary beast doesn't exist. It was a hoax or a myth until now.

At this moment there was a legendary rank beast egg in the hands of her brother, Which proves they exist and are not a myth.

"I thought they were buttons, Which you only use to plan perverted acts against your own brother."

The words of Amara aggravated Isabella. This time she genuinely wanted to share her shock with her but what did Amara do?

She slapped me in the face, and that too in front of Alex.

So how can she take this without retaliation? So she used her sharp knife-like tongue and uttered the words that made Amara ashamed.

"Do you want to fight now? This not the time. Read the room, Madam Gayler"

Amara was also provoked by her words, It's one thing to know and it's another to speak of it.

Her eyes quickly glanced at Alex in panic when Isabella uttered these words and only calmed down when she saw he did not have any bad reaction, But this did give her a scare

So she also wanted to retaliate, So while making it look like she was trying to ease the situation she took a shot at her.

The subject of age is Isabella is most insecure of and Amara knew it, So when Isabella went to her weakness of her brother, She targeted her insecurity of age, A eye for eye tactic.

Maybe the act of sharing with a man brings them a lot closer than they think. They now even know things about one another deeply.

She even taunted her about her identity, Reminding her who she is and what she was doing putting pathological pressure on her.

"Ohh, I know how to read the room, eldest miss of the Winchester family."

Isabella thought ashamed hearing her words, Also talked back and mentioned the identity of Amara reminding her again that she is his elder sister.

"Do you wanna fight?!!!"

Amara became angry as she stared at her angrily, Her small fist was clenched in a punch, Holding back her anger.

"Do you think I am afraid of you? Bring it on."

Isabella is also ready to fight, As she takes her fighting stance.

Let me remind you, They are still bare-naked, Showing off their body.

'This woman's are hopeless.'

Alex looked at them and then ignore them, He let them be.

Anyway, he was more interested in the beast egg, So he held the blood essence of Shapira on top of the egg and then dripped on it.

Drip *Drip*

Bang

As that blood essence touched the egg, A banging sound was heard as the shell started cracking.

Airwaves in the room also changed, Sucking and flowing toward the egg.

Both women stopped fighting and witnessed this historical moment.

Even Shapira was afraid but also curious to look at the new upcoming member of the family.

(A/N : Like always thank you for reading and have a good day 😊.)

Chapter 98 98. Walking Nuclear Warhead

Everyone's eyes focused on the egg wanting to see what is going to happen next.

It might be the first time in the modern history that someone is going to see a legendary beast being born.

Amara as a beast master was most excited to see this beast. She only became a beast master because of Alex's love for fluffy things but later she fell in love with it.

She also has a beast body making her easily able to understand and connect to them. She understands their feeling, pain, and all other emotions that others aren't able to.

That's why when Alex pulled out this egg, Not only Shapira but she also got influenced by it.

She felt immense curiosity, A wanting to explore the unknown from the beast inside of it.

And when blood essence dropped on the shell, The little gal inside started to devour it, awakening its own power to break free from her shelter.

Now she wanted to see the miraculous moment of a beast being born. The power in the room started to flow towards the egg, strengthening the beast inside of it.

Amara seeing that moment becoming bigger and bigger made a move, With a wave of her hand she sealed off the space keeping all the momentum inside of it.

'She is strong.'

Alex saw her make a move and couldn't help but say it, But she didn't have to do anything to keep this moment inside of it as he asked the system before. It will not let this momentum get out of this room and prevent other strong women from detecting it.

This is the reason why he has the guts to do it like this if not he will never try to awaken this beast without overwhelming personal strength.

He understands the severity of the situation after seeing the reaction of this woman. He had to understand that the plot was still in the initial period.

So right now this legendary beast is an unheard of thing, Anyone who hears it will go crazy for it, And he will become a target of the masses.

So he only dared to do this when he was sure that others would not be able to find out about this legendary beast.

So he was not worried about the beast part, What he was awed by her strength, Sealing of space is a very powerful feat, Which no normal awakened can do.

But after all, he knows the plot, So his vision is too big. This feat of hers is only enough to get his attention at best.

He once again put his focus on the beast egg in his hand, Which was greedily sucking power from the world, And even the system providing necessary power.

'S...S-Rank!! This weirdo is S-rank?'

Isabella was stunned, She looked horrified at Amara, not believing what her eyes were seeing.

The S-rank can be said to be a walking nuclear warhead. One move of theirs can easily able to destroy a whole city like this Berlin city.

And what is a scarier fact is that, To defeat an S rank, You need an S rank awakened on the other side.

No matter how many A-Ranks are fighting S-Rank they will not be able to harm them, As the two of them are in two different worlds.

Comparing two is like comparing the light of the sun to the reflection of the moon.

Although the lone moon was also in its own league, But in front of the sun it was nothing. After all, the moonlight is nothing but just reflecting the light of the sun, So there is no way it can be compared with the sun, The source of the moon's light.

The same is for S-Rank and A- Rank, A rank is the final step towards the S-Rank, So they are also very powerful, Some of A-rank can also able to use S-rank spane skills to a certain extent

But that is not even an ounce of it compared to the power of S-Rank. That's why S-Ranks is a national treasure. Only one is born in a thousand years as their life span is also in thousands of years.

Still, right now there are only 12 S-Ranks in this country, Which makes it the top 3 in the world. Most of these gals live in seclusion and hardly ever come out of their cultivation place.

But now in front of her was the same mighty S-rank standing in the flesh, Not only that she even shared a bed with this supreme figure.

Also, the constant bickering between them which she used to think of as nothing as she herself was also A-Rank but now she realized, She was dancing on the edge of the knife.

"Let me also help."

Isabella threw all the unnecessary thoughts out of the window, What it had to do with her if Amara is S-Rank?

It will not change the fact that she is her rival in love. To counter Amara all she had to do is to become S-Rank.

She before had no motivation, So she just stopped after reaching the peak of A-Rank, But now she had motivation, She will train to become S-Rank now.

So she also moved and manipulated space to certain extends to block tje moments.

Boom *Crack* *Shatter*

When Isabella was busy with her thoughts and unknowingly did something that might change the whole plot.

The beast egg was finally done with absorbing the aura to strengthen the beast who was about to be born.

When it stopped sucking the power of the world, Its shell started cracking more and more.

A little gal inside of it started her struggle to break free from now bounds of her shell and step into the world.

Seeing her struggling, Alex even had the urge to help her but stopped himself knowing that this thing she had to do herself, He helping only going to hurt her.

Roar

Finally, a little white head popped out of the eggshell as this little thing that came out gave a childish roar to announce her arrival in the world.

(A/N : What do you guys think? Do 1k chapters are good or go back to 2k?

Like always thank you for reading and have a good day 😊.)

Chapter 99 99. Sis-Code

"Aww~ Soo cute."

Amara was the first one to speak. She was looking at the little white tiger, Whobwas trying to break free from the eggshell.

Its tiny figure was struggling but still, it didn't give up, Trying its best to break other parts to exit his first home but it couldn't find a way.

Its whitehead after a few moments ducked down and started chomping and eating the shell. It might figure out brute force might not going to work here, So it started to eat its way out with its tiny teeth.

"You are a big girl, act like one, Amara, Don't be like little boys."

Isabella though also overwhelmed by the shared amount of cuteness that little thing was radiating but she held herself back from expressing it.

She, as a woman, Should have control over her emotions all the time. She has to act feminine in front of Alex, Not like Amara who was acting all manly. This is how you lose respect in the eyes of your man.

They say they like those types of women who show their emotions but that is obviously a trap. The moment you do that they will not going to show it but they will stop seeing you as a woman they can rely on.

So though she is the love rival of Amara but as a sis-code dictates, She had to help the woman from making a foolish mistake in front of their crush, Even though they have a crush on the same man.

"What do you mean? I am just calling a cute thing cute, Don't you think it's cute?"

Amara was startled by this unexpected shot at her. She thought Isabella would stop doing this knowing her power level, But who had thought that not only was this old woman not afraid of her but on the contrary, She became even more active.

She will not go on to say it but respect for Isabella in her heart increases a lot, This woman is worthy to be her rival for her brother's love.

If they are not brave, And don't have the guts to go against the power, Then they are not worthy to even think about her brother. It will be just a foolish dream of theirs.

You have to do everything you can do to get her brother. This shows how much you care for her brother and if you care and love her brother, Then she is also going to respect you according to it.

That's why Amara was glad and kinda happy that Isabella was not afraid of her. This way it will be exciting to see how they will develop in the future.

"He is breathtaking, not just cute."

Isabella without missing a beat answered Amara with a straight face, Her eyes had a pride and gloating as she saw the change of expressions on Amara, After listening to her.

"I am talking about the beast in the egg you dumbass, Not my brother."

Amara after realising what Isabella did became angry, This bitch was flirting with her brother right in front of her eyes. How can she do that? Where does mutual respect go?

She was angry, she wanted to beat this old hag now. The respect which had appeared in her heart before was thrown out of the window. She was ready to throw hands.

"You are dumbass, When there was a man as breathtaking as Alex, Why are you looking at another thing?"

Isabella doubled down as she uttered these words, Amara was stupefied, She doesn't know what to say now.

Isabella was right, If there was her lovely brother, Then why should she be looking at other things but this thing came out of Isabella, She did not like this fact at all.

"Will you two shut up? There is a more important thing happening right now, Pay attention to this."

Alex normally would not care about their banter but right now a new life is coming into this world, So he spoke up.

He also wanted to enjoy this moment as this new gal will be one of his most powerful allies.

Now with its support his cultivation speed will skyrocket, So he was quite happy, Plus this little thing is super cute, Even he felt like hugging this fluff ball in his arms.

He was just staring at it as it chewed and ate its eggshell.

Both Amara and Isabella also shut up, And started at it as the shell became less and less, Revealing it's fluffy body.

Roar

Soon it finished eating its shell and its body was finally out of the shell. After it was done, It was once again given a childish roar, Which it thought was threatening but it only looked cute.

"Yo little gal, Let me take a look at you. Hum, you are a girl."

Alex now was only holding the fluff ball in his hands, As this little thing ate all the shell, Which is quite astonishing as the egg was as big as this gal and yet it ate it all.

Now Alex couldn't wait to hold this fluffy ball, So he picked it up like he was picking up a cat. He held it in front of his face.

It also looked at him with joy and happiness. Maybe the system has already helped him imprint himself on her, So now he just had to make a contract with it.

He wanted to do it quickly but then his eyes unconsciously went down and saw it was missing three things, Which means it was a girl.

Growl

Maybe she didn't like him doing this or she became shy, in either case, She growled at Alex when he saw him doing this but didn't do anything else, Just stay still in his hands.

"Brother Brother, Let me hold please~ "

Amara quickly comes to Alex, Begging him to hand the fluff ball to her like a little boy. She has a beast body, So there are no defences against the beast and their cubs. She loves them all.

So when it was not the egg, She wanted to hold it in her arms, Her motherly instincts kicked in as she saw that little being.

(A/N : What do you think its name is? Hint : It is obvious.

Like always thank you for reading and have a good day 😊.)

Chapter 100 100. Xiao Bai

"Wait, let me make contact with her first."

Amara was eager to hold the white tiger in her arms, She was nearly hopping like a kid who wanted candy in front of him, Her eyes focused on the white fluff in his hands as her eyes were filled with wanting, She couldn't wait to hold it.

But she had to wait for a while, Alex did not make a contract with her first, So before he did that, Giving this beast to others will only going to harm the beast as a new beast without a contract with its master is the weakest and will not be able to maintain their consciousness awake.

If they do not get a contract, They will fall into a deep sleep, Which will take years to decades and even centuries to wake up from, So he was in a hurry to make a contract with her first before doing anything.

"Brother but to make a contract you had to give her name first, So what is in your mind?"

Amara somehow controlled her desire. She badly wanted to hold the little gal in her hand but her brother said it then she can't go against it.

Also, he was right. It has a very bad effect on the beast if they do not get contracted as soon as possible when they hatch. Even in some cases they became feral and very aggressive.

So it's a good choice to make a contract with it first, But to make a contract you had to give a name to the beast. The name considers the first gift from their master to the beast, Which builds the foundation for the trust and others.

Normally you had to earn the beast's trust before you can proceed to make a contract but it looks like this beast already had enough trust in Alex, So Amara skipped that part and asked about the gift, A name he was playing on giving her.

"Mumm...What name will be suitable for her?"

Alex fell into deep thinking after Amara said these words.

He looked at the fluff ball in his hand, Her size was like a little house cat, Her whole body was covered in white fur, Even her stripes as a tiger were a light white colour making her look like a being without any impurities.

Her eyes were a deep blue filled with curiosity and amazement as she looked at her surroundings with her tiny head. Her two protruded ears also moved in different directions from time to time because of the new sounds being introduced to her.

Her long and broad white tail was swinging side by side like an excited puppy, Her tiny soft paws were also being pinched by Alex, Which she didn't seem to mind at all, Let him be what he was doing.

"I know what name to give you, the most original name, Your name from now on will be Xiao Bai."

Alex held now Xiao Bai in his hands and held her height in the lion queen style as he gave her a name.

What did you expect from him? A cliché like this is common here, Xiao Bai means little white, A perfect pet name for the usual protagonist's pet, But now Alex gets it and he was proud of that fact.

Now he even stole the name of the pet from the poor protagonist. As if he didn't do enough, Press F for him.

"Xiao Bia? This name is good brother but don't you think it will be culture appr-"

"This name is very good. A perfect name you can give this little Gal, Now please don't waste time and make a contract with Xiao Bai."

When he announced the name Xiao Bai, Amara was confused. There were multiple names suitable to give this gal, But why did her brother choose this other cultural name? She did not understand it.

So she wanted to point it out to him, As to prevent others from using this as an excuse to target her brother by these so-called awake people.

That's why even though she liked the name, Xiao Bai. Which both sounded cute and perfect for this little tigress. She wanted Alex to think about it once again. She is not going to like it if others try to belittle her brother because of this stupid reason.

She was afraid, If that happened, She might destroy a city or two in anger, So she wanted to speak out her thoughts but Isabella on the side quickly cut her off and praised Alex for this good name.

She became angry. It's one thing to try to win against her normal time as it will not going to harm Alex but this is a serious problem. She was afraid that people with ill intentions will definitely use this thing against him.

"Are you crazy? Don't you see how excited he is to give her this name? If you speak against him now, He not only will not change the name but also kick you out of the house and with your current condition, You will be awkward, to say the least."

Seeing Amara wanting to fight and pull out the topic of the name again, Isabella quickly held her back and whispered into her ear, While talking, give Amara a quick look.

Amara also followed her eyes and once again realised that she was still butt naked, Maybe because of her negative relationship with Alex or because of the ideal room temperature in the room, She forgot about it.

Then she focused on the main topic of Isabella. She looked at Alex's face, Which is filled with pride because of the name he has given to little white.

She realised Isabella was right. If she said something wrong Alex might have really kicked her out. After all, a man's heart is like a sea bed of needles. They change their mind faster than a pit bull finds a toddler.

She was glad Isabella saved her but now she felt weird. What kinda weird relationship do they have? Are they friends or foes? Amara was very confused.

'Even if she is S-Rank, She is still a little child, Much to learn.'

Here Isabella saw her reaction and had a smirk on her face. She became and held the position of head of the Gayler family all this time, Which means she was not incompetent.

She had all the capabilities of any other cunning head of the family, Might be even more but her pacifist white lotus heart used to hold her back but now that she wanted something, She stopped doing that and started to go on offence.

So Amara could not stand a chance against her experience of dealing with people of the same intelligence as her daily, So Amara obviously fell for her trick and became confused.

Alex sees through her this minor trick with his sharp eyes but he doesn't mind little mind games. Anyway Harem Halo will not let anything happen to them, He just now has to focus on making a contract with Xiao Bai.

(A/N : Did you guess the name? It's unique, right? ☐☐

Like always thank you for reading and have a good day 😊.)
