

No. 1 Supreme Warrior chapter 1699

After Jackie thought about it, he told everyone, "After all, if all of us break into the third-grade ultimate god realm, our ability to protect ourselves in this forest will increase a lot."

"Haha. Then I won't hold back anymore!"

Alejandro burst into laughter. He suddenly felt that it was the right choice to establish good relations with the White family—a fantastically wise choice. Otherwise, how could he enter this land so easily and break into the ultimate god realm so soon!

Lancelot's heart was full of admiration. The last time, he had failed to make a breakthrough to the first-grade ultimate god realm. He probably needed to wait a few more days before he could try the second time. After all, although making a breakthrough from the peak of True God Realm to the first-grade ultimate god realm looked like it was just a single step, it was actually a huge breakthrough. Just that one step felt like crossing a gorge. The fighting power of the first-grade ultimate god realm and the peak of True God Realm were two different matters entirely.

The next morning, everybody happily searched for the spirited grass.

However, they never imagined that along the way, they would actually run into disciples from the Pavilion of Soaring fighting with the Pavilion of Skies for spirited grass.

"Young Master Jackie, save us!"

As the numbers of the disciples of the Pavilion of Soaring were too few, they were being surrounded by a group that was a few times their number. Many of them had already died, and even though they were preparing to give up their spirited grass, the enemy had no intention of letting them go.

"That's right, Young Master Jackie. We'll give you the spirited grass as long as you save our lives!"

The disciples of the Pavilion of Soaring all had terrified expressions.

jackie had wanted to kill the people of the Pavilion of Skies for a long time coming. How could he miss such a good opportunity before him?

Besides, if he could kill over two hundred people from the Pavilion of Skies, he would be able to obtain plenty of treasures. After all, these people had been in the area for almost ten days. They would probably have plenty of second-grade and third-grade spirited grass on them.

“Young Master jackie, our Pavilion has never meddled in your affairs. This is something between us and the Pavilion of Soaring. We hope that you won’t interfere in this. Otherwise, you’ll be making an enemy of the Pavilion of Skies!”

The people from the Pavilion of Skies were naturally shocked by jackie and the others’ abrupt appearance. One of the men, who was at the intermediate stage of True God Realm, immediately told jackie.

“Haha. We’ve never been allies with the Pavilion of Skies anyway!”

jackie laughed after he heard this. “Did you really think that you, the Four Ancient Clans, are as strong and mighty as before, instilling fear in us once your names are mentioned? Wake up! The name, “Pavilion of Skies is useless now!”

The people of the Pavilion of Soaring were all delighted when they heard this. They could tell that jackie was going to take action.

“Young Master jackie, ever since our cultivation level has improved, we wanted to put our skills to the test long ago!”

Kenneth, Titus, and others all slammed their fists into their palms, eager to test their strength.
