

No. 1 Supreme Warrior chapter 2413 - 2414

Chapter 2413

Jackie did not turn his head around, and merely replied, "You can just ask right now."

Looking at Jackie's attitude, Raphael was a bit unhappy. However, he knew that this guy was someone who did not even bother with Gilbert, let alone himself.

So, he held back the anger in his heart, and asked, "Have you heard about what happened with Gilbert? It's been a huge commotion for the past few days. They all say this has something to do with you..."

Before Raphael could finish, he was interrupted by Jackie, "I don't know anything about Gilbert. Ever since I entered Heavenly Pills, I haven't done anything.

"Other than when Gilbert tried to cause some trouble with me a few days ago, I've never done anything. No matter who says it has something to do with me, don't believe them. I really haven't done anything,"

After saying that, Jackie closed the door immediately. With the tea still in his hand, Raphael could no longer hold back his anger.

"That brat..." He was about to curse but did not dare to.

After all, Jackie was not someone to be played around with.

Jackie did not even respect Gilbert.

If Raphael said anything that Jackie did not like, Raphael might actually get beaten up on the spot.

Jackie really did not care how Raphael was feeling. At that moment, he had put all his heart into condensing pill runes.

The past few days of practice were already enough to slowly synchronize his mind and body.

After three hours, Raphael stood in front of the door with widened eyes. He seemed to be trying to see or hear something.

With a creak, the pill aura room's door was opened from inside.

Raphael looked at the time as he raised an eyebrow. "Have you finally gotten sick of it today? You weren't even in there for three hours. I thought you still have another hour to go."

Jackie ignored him as he walked in front of Raphael, "Go get it."

Raphael was stunned as he turned his head around reluctantly. He looked at Jackie with a strange expression, "Get what?"

Jackie calmly said, "Materials for a sixth- grade pill. You said I could get three portions."

Those words completely dumbfounded Raphael. His lips twitched as his eyes completely widened.

There was a big question mark on his head. "What are you talking about? What three portions? You're asking me for materials?"

After thinking for a while, Raphael then said as he laughed, "Are you telling me that you managed to condense two hundred pill runes in the pill aura room? The pill aura room gave you a gold plate, so you're asking me to give you three portions of materials for a sixth-grade pill?" Jackie nodded.

Raphael laughed even louder after seeing Jackie's nod.

He laughed so hard that he had to put a hand against the door for support.

Chapter 2414

He looked like he had heard a joke.

Jackie looked at him very calmly as if the laughter would go away quickly.

After a moment, Raphael finally stammered out as he laughed, "Have you really gone crazy? Do you really think that I'd actually think you managed to condense two hundred pill runes just by coming here on time for the past few days? Now you want me to help you get the materials for sixth-grade pills?"

"Aren't you too naive? You're so naive it's almost tragic. I don't know what to say to you anymore!"

Jackie raised an eyebrow as he produced a gold plate from the Mustard Seed, waving it in front of Raphael.

Raphael looked like his brain had completely stopped working the moment he saw the gold plate.

Even his smile froze on his face.

It took him a long time before he finally reacted.

His eyes bulged widely, almost popping out from their sockets, "What is this?" He shouted loudly.

Jackie pursed his lips in exasperation.

If it were not for the fact that he had to wait for Raphael to help him get the materials to make sixth-grade pills, he would not have bothered with that guy.

Jackie said, "What's this? Can't you tell? It's what the pill aura room gave me after I condensed two hundred pill runes!"

In truth, Jackie had already successfully condensed two hundred pill runes and obtained the gold plate the second day he went there.

However, he still felt like he was not completely in sync with his memories at that moment, so he continued to try for a few more days.

Jackie then finally felt like he was more or less ready, so he planned on trying to refine a sixth-grade pill.

Raphael paled as his heart seemed to stop at that moment.

His fingers shuddered as he reached out to touch the gold plate.

He then pinched his right hand with his left.

The pain told him that he was not hallucinating, that he was not dreaming, and everything was real.

"You managed to condense two hundred pill aura runes?"

His mouth was so wide it could fit a whole duck egg inside.

Jackie nodded with an impatient look on his face.

"Weren't you the one who told me the rules? As long as I managed to form two hundred pill runes, the pill aura room would give me this reward."

Raphael took in a breath of cold air.

Then muscles on his body were all frozen stiff.

He did not dare to believe everything was real at all.

It was far too absurd that Jackie managed to do it! Absolutely absurd! If he had not seen it for himself, he would not believe that it was all real.

"You've Never even learned the Way of the Pill. Aren't you someone who doesn't even know what a pill rune looks like? How did you form two hundred pill runes?"

He could not understand at all.

The questions in Raphael's head threatened to swallow him alive.

Jackie helplessly rolled his eyes and replied, "Who said I've never learned the Way of the Pill? Who told you I don't know what a pill rune looks like? All of that was in your own mind."

Raphael's lips stiffened.

Jackie was right.

Jackie had not said anything from the start, everything had been assumed by him.

Yet, he never felt like he had said anything Wrong, was it all, not the truth?

Raphael's eyes were wide as he continued, "But..."

Jackie reached a hand out to stop Raphael. "There are no buts. This is the truth. I've learned the Way of the Pill and also condensed two hundred pill runes."
