Chapter 3592

“I can’t take it anymore! I’ve tried both sides, and nothing has happened. I should just go somewhere else. I think I can’t get a world avatar in the Whirling World,” A man in gray robes said sadly.

A man that was standing next to him patted the gray-robed man on the shoulder, “Don’t be sad. It’s so difficult. It’s already quite good if one out of five can succeed. Everyone’s just here to test out their luck like you. Only those with talent and skill can condense world avatars in Cloud Valley!”

As the man said that, he sighed as well. Even though he did not take part in the evaluation, he knew his place.

He was reasonably talented, but he was nowhere near good enough in front of all those masters.

Most of the warriors over there lamented the fact that they were not talented enough or not strong enough. They were not as

skilled as the others around them and lamented the fact that they could not condense a world avatar.

A world avatar meant a lot to every warrior. Condensing a world avatar would directly raise the level of a person's power.

Their battle ability would go up a level as well, and the benefits were long-term. A world avatar had nine levels. After reaching each level, one would level up even more.

Condensing a world avatar needed somewhere that was full of the laws of the world.

Those places were incredibly rare, both in the outside world and the Whirling world! In the whole of Whirling world, only Cloud Valley contained such a place, but one needed to obtain the rights to enter.

Rudy sighed. There was no way he would ever be able to form a world avatar in his life. He was just there to watch.

However, he could not help but rue the fact that those who would seem like absolute masters in front of Rudy did not even manage to get into Cloud Valley.

Right at that moment, he heard an angry shout, “I refuse to believe it! This Killing Illusion Array might be able to trap me once or twice, but I’ll definitely succeed this time! I was just careless last time!”

A clean-looking man shouted out in frustration. He looked incredibly angry and his hands were tightly clenched.

It was obvious how emotional he was at that moment. The one in front of him was probably a fellow disciple of his.

That person frowned helplessly, “What’s the point of getting so emotional? If this array was so easy to get through, then there wouldn’t be so many who have failed. Each time, you’ll need to face at least two opponents...”

“By the time you reach the sixth stage, you’ll face a warrior that has already mastered the second stage of a lower ultimate god rank technique and one with the first stage. Even reaching that far means you’ll have already passed five stages. It wouldn’t be easy for anyone.”

“Whether you make it through or not, don’t get so emotional! You didn’t fail because you were careless or because you weren’t prepared enough. You just weren’t able to pass all six stages! By the time you reach the fifth stage, you’re already almost spent.”

The man clearly did not agree with what his fellow disciple said. He did not want to accept his own failure.

He clenched his teeth slightly, looking incredibly indignant.

He said, “You’re wrong! I’m the one who entered the illusion, not you! Don’t make such judgments. I was just careless, and that’s why I failed. If I had just changed the order a bit, it wouldn’t have ended like this.”
