As he said that, his eyes were wide. His eyeballs looked like they were going to pop out of their sockets.

He had practically forced those words out through his clenched teeth. That person looked like he was going crazy. He tried reasoning with his fellow disciple that it was the wrong judgment, that he was not weak! Everyone shook their heads silently when they saw how he was acting. It was because everyone else knew that his fellow disciple was right.

The man was not willing to admit to his own faults and face the truth that he would not be able to enter Cloud Valley.

Not being able to enter Cloud Valley meant not being able to comprehend the laws and condense a world avatar. To proud masters, it had a significant impact! Many of them could not accept that fact!

Rudy sighed, looking up at Jack and sighing, “Actually, those masters don’t seem to be able to take much mentally. They can calmly face life and death, but they can’t accept it when they’re not as good as others. All of the warriors who are here are among the best warriors in their respective worlds...”

“Even if they did not stand at the top, they were warriors that were ranked highly. However, not even being able to enter Cloud Valley would definitely impact them greatly.”

Jack sighed, looking up at the warriors around them. His voice sank a bit, “Everyone has to face their own weaknesses. Pride is the greatest downfall of man. If they can’t even get past this, they won’t be able to do well in the future either as there’s always someone stronger.”

Second-grade worlds were not the end. There were also first-grade worlds after that. There would be even more masters there.

Those so-called experts might not even be anything in first-grade worlds.

Jack shook his head with a smile when he thought of that.

He reached out and patted Rudy on the shoulder, "Alright, let's go in!"

Rudy said, "To the Killing Illusion Array?"

Jack shook his head, "If we want to enter Cloud Valley, we'd need to obtain the Valley Entrance Pass. Only those with the pass

can enter Cloud Valley. Cloud Valley is actually in a different space, and this is only the entrance. There are two ways to gain a Valley Entrance Pass. The first way is simpler.

"You'd need to test your body's compatibility with the laws. If you have over sixty percent, you'll be awarded a Valley Entrance

Pass. If you don't have that high of compatibility, you'll have to go through the Killing Illusion Array. Only by going through that would you be able to get the pass."

The rules were actually very simple. There were only two options.

When Rudy heard that he widened his eyes, "The first method is actually that simple? Do you just need to test your

compatibility? Then, Jack, you'll have an easy time. I thought you'd need to go through a few challenges."

Jack shook his head and smiled, "Even though the first way is simple, not many can actually get a Valley Entrance Pass straight away. Even though I've always been confident in myself, I can't help but feel a bit worried..."

A person's skill did not mean that they would be compatible with the laws.

Jack had relied on the memories he inherited the whole time. It had nothing to do with his own body. As for his compatibility, he was not that confident.

After the two of them talked for a while, they walked to where they needed to test their compatibility. There were sixty-six stones on the massive plaza.
