Chapter 3640

"Come," Jock said calmly.

Octavius found himself even more furious. How dare that guy talk to him like that!

It was as if he was being instructed.

Octavius clenched his teeth, unable to hold back anymore!

He started to form seals with his hands, and a tiger appeared in the air. A dragon was circling the tiger as well!

Octavius shouted, "I'm using the lower ultimate god rank technique, the Dragon Tiger Fist! I've already mastered it to the third

level! Unless you have a middle ultimate god rank technique, you'll be no match for me at all!"

Looking at the tiger and dragon in the air, Jack suddenly realized something.

He laughed and said, "Could you have failed to form your world avatar?"

Those words were like stabs in Octavius' heart.

Even his face was twisted! Jack was right. After a few days in Cloud Valley, he

had failed to even condense a single perfect seal.

Even though he had been able to form a few, the ones he formed were either problematic or useless. He had completely failed. It was as if he had done nothing at all. Case had managed to succeed because even though Case had failed a lot of them, he still succeeded with quite a few.

He managed to form fifty-seven usable seals out of ninety-six. As long as he had fifty-seven seals that could be used, a world avatar could be formed. However, Octavius had clearly failed.

Even though he had successfully gotten a Valley Entrance Pass, he still failed in the end. It impacted him deeply. If it was not for their plans, Octavius would have tried to find somewhere he could be alone for a few days.

Jack had exposed him right away. Octavius' anger soared. He clenched his teeth, "Brat! I'll destroy you!"

Jack immediately knew that he was right at Octavius' tone!

Jack smiled, no longer wasting any time on Octavius as he started to form seals in the air.

They condensed and formed a blade.

Jack had been using Soul Burst Ring against most of his enemies, and it was his strongest attack, as it was able to blow his

enemies apart every time. However, he decided on Broken Soul Blade this time.

There was a simple reason for that. Even though Soul Burst Ring could kill his opponents easily, it was far too destructive. It

would form a large crater around the area, and the explosion would be spread very far away.

Even though the fog battlefield was large and the fog did muffle some sound, he still wanted to be safe.

The Broken Soul Blade

floated in front of Jack. The blade was filled with countless seals. The power of the soul surged around the blade.

At that moment, Octavius was already going crazy with his anger at Jack. He clenched his teeth and launched himself forward, charging at Jack like a fierce tiger.

He punched right at Jack's head!

Jack could clearly hear the roar of a tiger and dragon. Octavius was not weak, but he was nothing to Jack!

Jack scoffed, pushing his hands forward as the Broken Soul Blade quickly shot forward.
