

No 1 Supreme Warrior

Chapter 3762

Rowan's hatred for Geena was like an endless sea.

It was already at the level where he felt like he would not be able to live as long as Geena did too.

Since Geena was stepping on the battlefield, then he had to make sure to send Geena off personally. Otherwise, he would not be able to release the anger in his heart.

The guy was acting so arrogantly just because he was in a restricted area.

They could do nothing to him either, letting him insult them as he pleased. He wanted nothing more than to charge over.

Rowan remembered all those grudges very well, he would make sure to get the revenge personally!

Bjorne looked at Rowan with a frown, "No! Don't act so impulsively. I know you want to teach him a lesson yourself, but you can't cause yourself to lose out because of this. This is Jasmine's battle. I was planning on letting you and Nymm join one battle. The two of you can help each other, and you should be able to win. As long as you're lucky enough, you'll be able to get three Life Points each."

All of that sounded reasonable.

If Rowan joined this match, then Nymm would end up losing and suffering as well. Furthermore, Jasmine was capable enough to deal with that battle alone. Rowan joining would just be pointless.

After the battle, he might only be able to get two Life Points. Two Life Points were not even enough to get the lowest level of treasure. It was basically squandering his chance.

Rowan rubbed his temples anxiously, "But I really want..."

Before he could finish, Bjorne interrupted him again, "Compose yourself and get rid of that childish tantrum. How could you do whatever you want right now? That kid might be very annoying, but you can't waste your chances like that. You'll have the chance to deal with him next time..."

"We'd be too kind to him if he killed him on the spot. Don't worry, Jasmine knows to let him leave the stage alive. Then, he'll be in our hands and we'll have plenty of time to slowly torture him!"

Rowan's lips twitched and he had a look of reluctance on his face. Even though he could torture Geena freely after that, he felt like it was not enough.

He wanted to use his skills to slap Geena in the face for all his bragging. He wanted to personally beat Geena up until Geena's mother could not even recognize him!

Jasmine raised an eyebrow, "Calm yourself down. Is it more important to satisfy your need for revenge or to improve your skills? That guy is just a small weed that has appeared by the side of your road of life. Is it worth it to ruin your future because of him? Is he more important than the Life Points? Can't you differentiate between what's important and what's not?"

Nymm frowned. He could understand how Rowan felt at that moment, but he did not agree. After all, Nymm had just lost control of his temper just now. He had already regained his calm.

There was naturally no way he would let Geena off, but there was no way he would let it affect himself negatively either.

Would that not be idiotic?

Bjorne had made the best arrangements, but Rowan was just obsessed with venting out his frustrations, even disregarding the fact that Nymm would be affected. Nymm was naturally a bit annoyed at that.

At that moment, the four of them heard a cold voice, "You want to go sign up? Hurry up and do it then! Weren't you so intent on killing me with your own hands just now? Hurry up and go sign up. I'm so eager to see if you actually have the skills!"

After signing up, Geena turned around and returned without any hesitation.

As he walked over, he heard their discussions. The moment he heard that Rowan wanted to sign up, Geena felt incredibly happy. Even if the other three signed up, Geena would not even bat an eye. He would welcome them with open arms.

The four of them stiffened as they immediately turned to look at Moses.

Their eyes looked like they were filled with venom. The four of them even felt like ripping Geena apart.
