

No 1 Supreme Warrior

Chapter 3794

When he said that, he paused for a moment and his tone chilled.

He continued, “Do you still remember what you said to me before? Do you still remember how you mocked me? You said we had a verbal spat, but you were always the ones who started it. There’s also these two!”

Jagoan pointed at Jagoan and Rowan, “If I couldn’t protect myself, would they let me off? This Rowan in particular, why did he sign up? Isn’t all of that obvious? Since that’s the case, why would I let them off the hook?!”

The moment he said that, Jagoan formed some seals that fused in the air.

A gray broken sword appeared in front of Jagoan!

When they saw that, everyone held their breaths, unable to believe that Jagoan was actually going to follow through.

No matter what Jagoan said, Jagoan’s decision would not change.

Jagoan’s eyes widened, “Don’t you dare!”

Jagoan sneered, not even looking back as he said, “Why wouldn’t I?”

Jagoan hated those that were presumptuous like that. They were clearly the ones in the wrong, but when the tables were turned, they would come up with a bunch of excuses.

He just felt like it was a complete joke every time he heard things like that and it made him even more furious.

The more Jagoan said, the less likely it was that Jagoan would let those two off.

Jagoan’s expression was completely dark at that moment. He could not believe that things ended up this way.

At that moment, he was still on full alert. However, even if he was, he still had no confidence to face Jagoan at all.

That battle earlier had shown him very clearly that Jagoan could blow a hole in the three-headed silver python’s stomach. Even if he increased his skills threefold, he would not have the ability to do the same.

The more Jagoan thought about it, the more frightened he got!

However, he knew very well that fear could not help him. If they did not find a way to deal with this situation, only death would await him.

Jagoan forced himself to calm down! He would find a way. He had gotten through many difficult situations on his way to get to where he was. He would be able to get through this as well!

Various thoughts surfaced in Jagoan’s head. He turned to look at the three-headed silver python that was still on the ground.

At that moment, everyone realized that the python was probably still alive. Otherwise, the python would have turned into pure energy and been reabsorbed.

The barrier would disappear in ten seconds after the python turned back to energy!

The three-headed silver python was still alive not because Jagoan’s attack had been too weak. Jagoan was clearly keeping it alive on purpose. He did not want the python to die because he wanted enough time to deal with Jagoan and Rowan!

Jagoan took a deep breath.

Since that was the case, then the python was the key to dealing with this situation.

As long as he could kill that three-headed silver python, it would turn into pure energy and get absorbed into the array. Then, he would just need to hold on for ten more seconds to survive!

Jagoan turned to look at Rowan, “Leave me behind, just run! This guy will definitely go for me first!”

Rowan panicked at that, “You want to split up? Isn’t that just suicide?”

If the two of them worked together, they might be able to hold on for some time. However, if they split up, then they would just die even quicker against Jagoan!
