Chapter 4108

Silen felt incredibly furious.

How dare that man berate him like that?!

He had some guts. Jack's words completely angered Silen, and Silen felt the anger in his heart boiling.

He had never been so angry in his life!

"Very well, it looks like you don't want to live anymore!" Silen said through clenched teeth.

As he said that, he had a vicious glare on Jack.

Jack raised an eyebrow, and his expression did not change that much. It was as if Silen's threat was nothing more than a gust of wind.

Silen got even angrier when he saw how Jack was acting. He finally understood why Carville was so angry just now, and why Carville had screamed and shouted so much after just laying his eyes on Jack.

Jack looked incredibly nonchalant, but he also seemed to carry an aura that completely looked down on Silen. It was as if Silen was just a pitiful dog in his eyes. It felt horrible.

Silen could not take it anymore as he grabbed his sword with both his hands. A huge wave of blood seemed to come from his body and flow into the air. A bloody figure slowly materialized behind Silen.

That was Silen's world avatar.

Seals made of blood danced in the air, and they started to form a bloody aura, frantically getting sucked into the sword.

At that moment, Silen looked like a demon soaked in blood!

Even though Silen wanted nothing more than to rip Jack apart, he still maintained his rationality. No matter what, that guy had managed to defeat Carville. Even if he used some shameless trick, his skills could not be doubted. To prevent any surprises, Carville decided to fight Jack in his strongest form!

"You'll regret it! You'll regret your arrogance very soon! However, it'll all be useless. Even if you beg me, I won't let you go!"

His voice was hoarse, and he acted a bit manic. It was as if he was trying to tell everyone that he was going to rip Jack apart!

The spectators below the arena shuddered when they saw how Silen was acting.

Silen really did look like a demon straight out of hell that was going to drag everyone else back down with him. He looked crazed and monstrous. However, Jack maintained the same expression no matter what Silen looked like. It was as if Silen's appearance did not affect Jack at all.

Silen clenched his teeth in anger when he saw Jack's calm expression. He did not want to wait for a single second longer. He wanted to see if Jack would still be that calm when Jack was beneath his feet!

Silen roared angrily before he leaped into the air. The bloody aura flowed into the air as he raised his sword and slashed it right down at Jack's head.

The slash was filled with murderous intent as he went right for Jack.

Jack looked up at the incoming attack without much emotion as he raised the chain, whipping it forward to clash with the attack.

Bang!

The dark red attack clashed with the chain. That slash that seemed able to destroy anything failed to even get past the gray mist that surrounded the Soul Chain.

The Soul Chain moved in the air and immediately wrapped itself around the attack.

With the sound of a crack, the slash was suddenly shattered!
