

# No.1 Supreme Warrior by Moneto

Chapter 4135

He could not believe that the person of legend was right in front of him, that he had actually journeyed with Jack!

No wonder Jack had been the only one that was calm when they were surrounded by the evil beasts!

After thinking about that, he let out a wry smile as he cursed his own stupidity.

Jack had to have absolute confidence in himself if he led the rest to face off with Desmond. Any other warrior would just be suicidal to do that.

In the whole Whirling World, only Jack had the ability and courage. After all, even Triton had died to Jack.

Desmond and Pascal had complicated looks on their faces when they saw Jack's true face. Desmond in particular had various emotions in his eyes. He was full of anger, excitement, and hatred.

"I guess those two must have already been killed by you. You must have done something to learn of this place from them," Desmond said coldly.

Jack nodded as he honestly admitted it.

Desmond's cold smile deepened even more, and his face was full of venomous hatred. He looked like he was about to attack at any moment.

"I thought that you would be focused on earning points in the Radiant Hall and that you wouldn't cause us much trouble. It looks like I underestimated your courage!"

Jack laughed. He did not show much emotion, as if Desmond's threats were nothing to him.

Desmond clenched his teeth. He hated Jack's expression. It was as if Desmond was nothing to Jack!

Desmond shouted out angrily, "Jack! Don't think I can't do anything to you! I'll admit that you're strong, but you're still no match for me. You've only managed to live for so long because the rest of us have other things to do and can't take the time out to deal with you! Once we finish our plans, we'll make sure to kill you!"

As he said that, Desmond started to take a step back.

Pascal frowned, realizing what Desmond wanted to do.

Jack laughed, "You keep on saying I'm no match for you, but what are you doing right now? Why are you trying to run?"

Desmond laughed, "Are you trying to provoke me? Just forget about it. Save such petty tricks for the idiots out there. You can't defeat me, that's the truth! However, killing you won't be easy either. If you were so easy to deal with, Triton wouldn't have died at your hands!"

After he said that, he shot a look at Pascal. The both of them started to retreat at the same time, and their goal was the transfer array!

Desmond did not think that Jack would be able to beat him, but he was not sure if he would be able to kill

Jack either.

If Jack escaped, then things would only get more troublesome! It was better to retreat for the moment and spread the news about Jack. He could work with the other warriors at the peak to trap Jack.

They would make sure Jack would never get out of the Radiant Hall alive!

Jack raised an eyebrow, "Did you think I'd let you go?"

Jack's hands started to quickly flick between various seals. A chain was quickly birthed out of those seals.
