

No.1 Supreme Warrior by Moneto

Chapter 4170

"Does it hurt? This is just the start as I'm not that patient. If you insist on not speaking, then you should know what's waiting for you," Jack's tone was very slow, as if he was talking about something completely unimportant.

Presti gulped and he felt like he was about to stop breathing.

"I'll talk, I'll talk!" Presti said as he trembled.

Sure enough, not everyone was as stubborn as Desmond.

Presti gulped, "I don't know a lot. I'm not even as strong as Triton. Among warriors at the peak, I'm at the bottom, so they've only told me a little of the core secrets."

Jack raised an eyebrow and did not say anything. He would not believe everything the guy said, but he did not discredit everything as well.

"If you start speaking nonsense, then I assure you, things will be much worse," Jack said coldly.

Presti's expression stiffened, and there was a look of fear in his eyes. He could see that Jack was absolutely someone who would do it. The other party was not joking at all.

Presti took a deep breath, "That door goes to the Valley of Enlightenment!"

Jack suddenly widened his eyes.

The Valley of Enlightenment?

That was a pleasant surprise. Ever since he entered Hestia Continent, Jack's goal had been the Valley of Enlightenment. Unfortunately, he needed nine ninth-grade spirit crystals.

He had accumulated a lot of spirit crystals for them. After all, they were very expensive. Before entering the Whirling World, he had been very worried about that number. However, after he entered the Whirling World, the problems were all solved.

Jack already had enough to make the purchase.

He never expected a door to the Valley of Enlightenment would be there!

That completely attracted Jack's attention.

He looked at Presti seriously, "Are you lying right now?"

Presti shook his head vigorously, "How could I?! I swear on my life! With things already at this stage, I have nothing else to hide. Even though there are some benefits, it has nothing to do with me anymore."

After saying that, Presti had a depressed look on his face.

He took a deep breath, "There are a lot of geniuses in the Valley of Enlightenment. It's the same as the Whirling World and is meant to cultivate geniuses as well. There aren't just warriors from second-grade worlds there, but first-grade worlds as well!"

Warriors from first-grade worlds?

That caused Jack to take a deep breath. It was similar to what he guessed.

The Valley of Enlightenment connected to first-grade worlds, and it was the gathering place for the geniuses there. A lot of geniuses were training there.

Presti continued, "Zayne and the others are trying too hard for the sake of that door to the Valley of Enlightenment. The door is right here. As long as you get three keys, you'll be able to open it."

After that, Presti looked at Jack, "The golden key is with you, right? That news has already been spread everywhere. You know he has one too! Zayne has another key, if you get it, then you'll be able to open the door!"

Jack looked at Shin, who was on the ground, and Shin could not help but shudder.

Presti could not stop himself from laughing when he saw that, "Just look at his expression. This is hilarious! Go, Jack! Kill him! He has the red key. After he dies, the key is yours!"
