

# No.1 Supreme Warrior by Moneto

Chapter 4174

He leaped forward and landed in front of those four.

Jack had already noticed Warren a while ago, but he relaxed when he saw Warren was alone. If it was just one person, then there was nothing to worry about!

"Presti really is a piece of trash. He couldn't even get you!" Warren said with a sneer.

Shin clutched his chest and turned to look at Cavill next to him.

Cavill nodded slightly and did not say anything. The two of them shut their mouths at the same time as they looked in Jack's direction.

Warren immediately felt something was wrong.

He turned to look at Jack and saw that Jack was still completely calm as if nothing had happened.

"Brat, it looks like you're no ordinary person!" Warren said with a sneer.

Jack turned to look at him before saying calmly, "Are you here to kill us?"

Warren laughed out loud, and his eyes were full of mockery, "What do you think I'm doing here? Do I look like I'm here to chat?"

Hearing this, Jack laughed.

He could not believe another one turned up so soon after he just dealt with one. It was fine as it was perfect timing for Jack. He had no plans on letting any of them off anyway. Since that man was here, it saved Jack some time.

"It looks like Presti lost track of all of you. It must not have been easy to escape looking at your injuries," Warren said coldly.

Shin clenched his teeth but remained silent.

Seeing this, Warren suddenly wondered if that man was mute.

In Warren's eyes, above-average warriors were nothing. He felt like no one there was even close to being a match for him. There was no way any surprises could happen.

He was very calm at that moment. Even if Shin had inexplicably managed to survive, it was still fine. With his skills, Warren would be able to handle any surprises.

He did not even think that Presti might have been killed. He absolutely looked down on the group in front of him.

"Where is the door?" Jack asked calmly.

Shin and the others were stunned. They did not expect Jack to ask the question so directly. Even Warren was stunned.

That guy knew about the door!

He was definitely no ordinary person. However, that still did nothing to threaten Warren at all.

"You sure know quite a bit, but that won't change your fate. I'm in a decent mood today, so I'll give you all a choice. You can either kill yourself and hand the key over or let me deal with all of you myself," Warren said with a cold smile.

"You!" Shin was absolutely furious.

He almost spat out some more blood in his anger. Those clogs just got worse and worse.

"What? You don't want to choose? Then don't blame me! I've already given you a chance to choose, but you didn't want to treasure it!"

Right after that, he quickly pulled out a silver sword.

"I've already shown you mercy by giving you a chance. You're the ones who didn't treasure it. I'll deal with you myself! I'm not as trash as Presti is. I won't let you escape!"

Jack tilted his head slightly and shot everyone else a look. They quickly nodded and retreated.
