Chapter 1261

She smiled gently, "Okay, I'm going in then."

"Uh-huh." Joyce nodded gently, her hand waving awkwardly.

After Cecelia entered the front room, Luther came out from inside the lounge. He came backstage, his eyes found Joyce first and walked to her side, his whole person looked refreshed and refreshed, his three-dimensional features were more handsome.

"The press conference is about to start, so I'm here with you. Don't be nervous." He bent his head and leaned close to her and said in a soft voice.

"You stay away from me. I'm not nervous at all." Joyce glared at him, "You're the one who's really in the way when you're next to me."

"Ahem." He cleared his throat and whispered in her ear, "I went too far just now, I'm sorry. Don't you be angry. I'll be more careful next time."

"Do you want a next time?!" Joyce couldn't help but raise her voice and stare at him incredulously, a breath of air in her chest became even more unpleasant. Breathing also became sharper.

Luther hurriedly stroked her back gently, thin lips with a light smile, "Deep breath. Good girl."

Joyce suddenly felt speechless, "..."

Earlier, Luther sent the address to Karl.

At the moment, Aaron, Casey, Kane, and Karl and Julia are all at Luther's home.

Inside the oversized private theater, the press conference was simulcast.

Julia sat with Anderson in her arms on the couch.

She pointed to the big screen, more excited than Anderson.

"Whoa whoa whoa, look look look look, your mommy, your mommy!"

Anderson stared at Julia breathlessly, with a small look of disdain.

She didn't know Karl and Julia, and she had seen Kane twice, but was too embarrassed to bother him.

She had to ask Aaron, "This is Ms. Knowles, can you tell me about it? What does it mean when it's on TV?"

Aaron's lips are slightly hooked, "Yes, this is Ms. Knowles. her real identity, is the only daughter of warlord General Ralph. Her mother is called Cecelia, the noblewoman who just came out to speak, Cecelia is our country's top sniper master. Hey, you don't understand even if I tell you this."

Casey laughed next to him, "Ivy, you should know about the warlords."

"I know, I know!" Ivy nodded. The country's military power is still in the hands of warlords. It can be said to hold the supreme power.

"Ms. Knowles is the sole heir to the entire warlord, if you will." Casey replied.

The penthouse suite of the Emperor Hotel, which Justin has taken over, will not stay in the Capital for a long time, so he often takes over the top hotel as a temporary residence.

In the afternoon, he did not see Karl's press conference.

Usually he does not care about these current affairs, until dinner time, today all around the people are talking, about Charlotte, about the Xia family true or false Qianjin thing, only to draw his attention.

He hurried back to his room and turned on the TV just as Cecelia was addressing the press in the evening.

While he was watching TV, he opened his phone and looked up the information.

The main content of the afternoon launch of the House of Inspection Special Investigation Unit has been published online.

He read on line by line, the more he read, the more alarmed.

Just in time, there was a burst of excitement from the TV.

He followed the voice and looked up, and when he saw the person who appeared in the camera, he was severely stunned.

Joyce is still alive, but her father can't see Joyce when he goes underground, and if he knows that Joyce is the Heath family's daughter, he is a match for her, which is already high.

Everything, already in vain.

Justin silently opened the hot search.

Go down the list one by one.

"Mr. Henderson, you've met Joyce before," Bobby said from the sidelines, pointing to Hot Topic number nine.

Justin was unimpressed at first; he knew Joyce naturally, and Bobby, who was two years new, didn't know about his past.

"You've seen it before." Bobby added, "Here, you can open it up and see, it's posted here that Ms. Knowles used a fake mask to go back to the Capital to escape Charlotte's pursuit. Here's the ninth item in the Hot 100, detailing why, along with a photo of Ms. Knowles wearing the mask, which you've seen before."

"What!"

Justin froze for half a second to react.

He hurriedly opened the ninth hot search, and as he scrolled down, his vision seemed to float up and grow blurry.

Charlotte was lying in a hospital bed, her pupils had begun to lapse.

She experienced what is called the purgatory of the earth, every cell in the body is tingling, a slight movement, is the endless pain. This pain is long and has no end.

She has never looked forward to her death as quickly as she does now, because every second is torture.

Every breath is accompanied by pain.

Want to cry, the tears have long since dried up. Want to talk, but do not dare to make any sound.

Besides the pain, it still hurts.

To distract her, the medical staff helped her turn on the TV. The news was playing all the time to prevent her mind from focusing on the pain, which would only increase her suffering.

In the afternoon, Charlotte heard the press conference held by Karl.

"Drip drip drip", the detection instrument issued a red alarm sound.

Paramedics soon arrived, resuscitated or not, there is no longer a difference.

There is no cure for neurotoxins, and there is nothing to be done.

Her life was coming to an end.

The medical staff stood by and watched in silence, lovingly, until the test instrument above, the heartbeat became a straight line.

"Drip--" a long beep sounded.

Charlotte takes her last breath in a state of resentment, jealousy, and endless pain.

Her eyes bulged out in death. Finally her sinful life was over.

Arrived at the base gate.

Chris was already standing at the door waiting, and when he saw Joyce, he came up with a smile, "Cousin looks so handsome today, just as the Hurley should."

He saw the live TV just now, and the person inside the picture was stunning.

It's even more amazing to see in person.

Joyce, who hadn't changed out of her uniform, smiled lightly at Chris, then held Cecelia's hands, "Mom, the press conference is over, what are you going to do later. You can't live on base all the time, or ..."

He subconsciously yanked Joyce back, "It's late today, everyone is tired, rest early."

Joyce broke away from Luther and gave him a slight glare, she still wanted to talk to her mother for a few minutes. Besides, it wasn't impossible for her to stay with Cecelia.

"Go back, Joyce, and get some rest for the next two days." Cecelia patted Joyce's shoulder, "Go ahead."

"All right. Call me if you need anything."

Joyce waved her hand reluctantly.

After getting into Luther's car, she reclined in her seat.

The road in the suburbs, there is no street light, the surrounding area is dark, only car lights to light up the front.

Luther drove on, glancing now and then at Joyce beside him, who looked tired.

It was only when things were over and quiet that Joyce felt a sudden loosening of the taut strings of her entire being. Instead of feeling relaxed, she felt her limbs begin to ache.

She struggled and moved a lot.

"I don't want to go to the hospital, just go home and get some sleep. I want to go home!"

Luther could barely hold her. This is the first time he has seen such a willful and lovely Joyce.

She was not afraid of the world, but she was afraid of the injection.

He stifled a laugh and wrapped the blanket tighter around her, "Okay, no shots, fill some medicine and
go home, okay? There's no allopathic medicine at home, this isn't Khebury's home, this is THE CAPITAL."

"Hmm." She quieted down and continued to close her eyes.

Luther went to the 24-hour emergency desk, flashed his black and gold card, and soon, the emergency
desk arranged for a doctor.
