

## Sweet Love 2821

### Chapter 2821: Don't Act Like an Abandoned Woman

"Then... how did little baby come about?"

Meng Qingxue asked with great concern.

Chu He's gaze sharpened.

Seeing the change in her expression, Meng Qingxue immediately said, "It's okay if you don't want to talk about it. It's my fault for being nosy. I shouldn't have asked so much!"

"I'm fine." Chu He lowered her gaze, her expression frosty.

For the past few days, Chu He had been recuperating in the hospital quietly. However, Mu Yanchen had not come to the hospital or looked for her ever since the day they parted on bad terms.

In order to take care of Chu He, Meng Qingxue settled herself in the hospital. After all, her body was not in good condition and she had to get a miscarriage prevention injection every day. It was just more convenient for her to settle down in the hospital.

Within a few days, Chu He noticed her abnormality.

"Where's Mu Yanchen?"

She asked Meng Qingxue, "Why hasn't he come to look for you these few days?"

Meng Qingxue was doing her laundry. When she heard her question, her expression became increasingly desolate, but she kept silent.

Chu He walked to her side and asked quietly, "Did you have a fight?"

"No..."

"Then, what is it?"

"I made him angry," Meng Qingxue said in frustration. "He probably misunderstood me... Anyway, it's complicated. I seemed to have... hit his sore spot."

Chu He did not know what to say.

Then, she asked the critical question, "What do you plan to do with him?"

"..."

"I heard that he has a fiancée."

"How did you find out?" Meng Qingxue asked in surprise.

Narrowing her eyes, Chu He suddenly asked, "Do you know what work I used to do?"

The question stunned the other girl into silence; eventually she shook her head.

Chu He slowly moved closer to her and enunciated each word clearly, "Agent of the Intelligence Department, later on, I served at the Interpol headquarters."

"..."

Meng Qingxue thought that she was joking and could not help but tease her. "So powerful?"

"Hmph."

Chu He continued, "However, I can tell that he's more interested in you and has no feelings for his fiancée. This man might have a bad character, but he's not a bad person. At least, he treats you well and is sincere."

Meng Qingxue's expression suddenly froze. She threw her clothes into the washing area dispiritedly and muttered, "So what?"

Chu He sized her up and suddenly smiled. "Do you know what you look like now?"

"What?"

"A self-loathing abandoned wife."

"..." Meng Qingxue's expression was extremely ugly.

"Didn't I tell you to strive for what you want? Do whatever it takes to obtain it."

Meng Qingxue looked at her sharply.

"You mean... you want me to compete with that woman?"

"What's the problem?" Chu He threw her a sidelong glance. "You don't dare?"

"I... it's not that I don't dare, it's just that I don't have the confidence."

"Lacking confidence is equivalent to not having guts."

Chu He smiled. "As long as you want something, you should work hard to obtain it, right? As long as you think it's worth it, you should use any means to vie for it."

With that, she got up, returned to the bed, and lay down straight.

Meng Qingxue continued to wash her clothes, her mind wandering aimlessly. It was not until Chu He had fallen asleep at around midnight, that she finished washing all her clothes and slowly hung them out to dry.

She returned to the ward and took out her phone. After hesitating for a long time, she finally tapped on Mu Yanchen's number.

## **Chapter 2822: I Miss You**

Meng Qingxue continued to wash her clothes, her mind wandering aimlessly. It was not until Chu He had fallen asleep at around midnight, that she finished washing all her clothes and slowly hung them out to dry.

She returned to the ward and took out her phone. After hesitating for a long time, she finally tapped on Mu Yanchen's number.

After a few rings, the call was disconnected.

Hearing the dead tone from the other end of the line, Meng Qingxue curled her lips coldly and called again. This time, Mu Yanchen was determined not to pick up her call. He did not even allow the phone to ring before disconnecting the call.

Meng Qingxue persevered and tried again.

Mu Yanchen hung up patiently.

However, Meng Qingxue was unbelievably persistent. At the 99th call, Mu Yanchen could no longer tolerate it. He picked up the call and roared, "Meng Qingxue, are you crazy?!"

From his tone, it seemed that he had drunk a little and was slightly tipsy. He sounded like an angry child.

The background was a little noisy.

She didn't even have to think about it.

He must have gone to the bar for another drink.

For some reason, upon hearing his voice, Meng Qingxue's initially calm expression finally gave way. Her eyes immediately reddened and her parched lips paused for a moment before she uttered his name. "Yanchen..."

"..."

"I miss you so much..."

As soon as she finished speaking, tears suddenly welled up in her eyes.

Meng Qingxue raised her hand to wipe the corners of her eyes. She hated herself for not being able to get a hold on herself. She felt ridiculous that she was being this fragile.

Why was she such a disappointment?

She had been determined that once he had picked up the call, she would vent all the grievances and frustrations she had been feeling over the past few days.

However, the moment she heard his voice, she found herself caving.

Perhaps, it was because of her deep love that she was forced to retreat and compromise in the vortex of emotions.

Perhaps those who had never loved before would not understand how devastating it was, to lose someone.

Because she had loved too much, she was always in a subservient position in relationships.

Mu Yanchen was an egoistic and overbearing person, so he had his pride.

And she loved him so much that she could not even care about her own pride.

"I miss you. Where are you? I'll go look for you."

Mu Yanchen was stunned when he heard this. His voice suddenly became unsteady. "Don't come looking for me... We're done!"

Done!?

Meng Qingxue's eyes widened abruptly. Just as she was about to say something, she heard Mu Yanchen sneer, "Qingxue, it's because I don't have the ability. I can't be like my insufferably arrogant Second Brother and give my woman a carefree and happy life! I have a clear conscience about you, but... the words you said the other day are still stuck in my throat... I can't figure it out, I can't figure out... why... you should perceive me that way..."

Mu Yanchen's voice was hoarse. He suddenly gritted his teeth and hung up.

*It's not like that...*

*It's not like that at all...*

Meng Qingxue suddenly stood up and grabbed her bag tightly. As she rushed out of the door, she quickly dialed his number. However, no matter how many times she called him, he disconnected the call each time.

He was not answering her calls!

Was he really going to end this relationship?!

## **Chapter 2823: She Was His Woman?**

Was he really going to end this relationship?!

She had thought it was just on a spur of the moment that he got angry that day, and he would've sorted out his thoughts in a few days. She had said those words in a fit of anger, and he had misinterpreted what she said.

Except, she did not expect the situation to degenerate to this extent.

She did not expect those words would have such a deep impact on him.

Meng Qingxue hurriedly hailed a taxi and instructed the driver, "Bar Street."

"Alright."

The chauffeur was familiar with the route and turned on the meter. The traffic was not so congested at night. They sped all the way to the bar. Meng Qingxue got out at the bar that Mu Yanchen most frequently patronized. After paying the fare, she clenched her fists and slowly walked into the bar.

As she stepped through the door, she was immediately drowned in the deafening beat of the music.

She rarely came to places like bars. Even if she did, she would mostly be with Mu Yancheng.

Meng Qingxue was not used to it and hurriedly covered her ears.

It was midnight.

At this hour, nightlife had just begun and the bar was just warming up for the night.

With loud music in the background, men and women stood on the dance floor, swaying to the rhythm.

As Meng Qingxue squeezed her way through the crowd slowly, she kept sizing up the bar counter. These seats were usually occupied by models and good looking girls.

This was a very well-known bar that was popular with singers and actors. After disguising themselves and dressing up, they would come hunting in such places.

This bar counter was reserved by the model agency.

At this hour, the company would arrange for many young models to sit at this place. Producers who came here for fun and entertainment would usually select one of them. If the selected young model worked hard enough and was willing to give it her all, she could get lucky and her future could be bright.

Meng Qingxue walked to where the private booths were. When she passed by the third booth, she immediately saw Mu Yanchen surrounded by a group of people.

He was an extremely outstanding man.

He had an outstanding appearance and an aura that was almost noble. Even in such a noisy and busy environment, she could spot him in a second.

When Meng Qingxue saw him, she was stunned for a moment before she finally reacted. She turned around and walked into the private booth.

Mu Yanchen was drinking. He could no longer remember how many glasses he had drunk. He also could not remember how many days it had been, that he had allowed himself to be immersed in noisy music and alcohol.

"Stop drinking."

A familiar voice came from overhead.

Mu Yanchen was suddenly jolted into sobriety. He looked up and saw Meng Qingxue standing before him. Her breathing was slightly uneven as she stared at him intently. "Why are you getting yourself into this state? You're drunk. Stop drinking!"

"It's none of your business."

Mu Yanchen pushed her away expressionlessly and was about to reach for the wine glass when Meng Qingxue snatched it away. "Stop drinking!"

"..." Mu Yanchen looked up and met with her icy stare.

A well-dressed woman sitting beside him had been observing what was going on and could not help feeling rather displeased. She asked sullenly, "Who are you? Why are you meddling in other people's business?"

Meng Qingxue swept a glance at her and retorted sarcastically, "Do I even give a damn about you?"  
"I..."

"I'm minding my man, who are you to interrupt!" Meng Qingxue mocked coldly.

Her domineering declaration shocked everyone.

*What!?*

*This woman claims that Mu Yanchen is her man!?*

*Heavens, what is the relationship between the two!?*

## **Chapter 2824: You're Pregnant, You Can't Drink!**

Mu Yanchen waved her hand away. "I've told you to leave me alone!"

After saying this, he reached out to snatch the wine glass from Meng Qingxue's hand.

Meng Qingxue dodged and suddenly lifted the wine glass. She pressed her lips against the edge of the glass and looked as though she was about to down the drink in one gulp.

When Mu Yanchen saw this, a thought flashed across his mind—she was pregnant and not supposed to be drinking!

Almost instinctively, he snatched the goblet from her and sent it crashing onto the ground.

Crack!

The goblet shattered, and the floor was littered with shards.

Because of this scene that had played out suddenly, everyone in the room was so frightened that they held their breath. It was obvious that Mu Yanchen was really angry!

Once this man got angry, it was extremely frightening.

Everyone was too scared to speak.

Mu Yanchen was filled with rage as he roared, "Don't you know that pregnant women can't drink? Are you crazy?!"

As soon as he finished speaking, a woman was extremely surprised and cried out in shock.

*My god!*

*Pregnant!?*

*This woman is pregnant?!*

Otherwise, why would Mu Yanchen say such words?

If she was really pregnant, it wouldn't be a difficult guess as to whose child she was carrying!

This woman's background wasn't simple then!

Mu Yanchen was known within the circle for being a playboy. He had had countless affairs and many women.

However, he had never allowed any woman to do anything out of line.

Pregnancy was even more impossible!

But this woman was definitely an exception!

Who exactly was she?!

More shocking was the fact that she actually dared to raise her voice and bang on the table in front of Mu Yanchen.

Wasn't she too spoiled?

Could it mean that Mu Yanchen doted on her?

Only Meng Qingxue looked up at him and curled her lips coldly. "I only told you not to drink anymore! You've already drunk so much!"

Mu Yanchen was startled. He furrowed his brows abruptly. "Go home!"

"No." Meng Qingxue reached out to pull his hand. "Let's go home together, okay?"

"Don't touch me!"

Mu Yanchen abruptly brushed her hand away and turned to leave.

Meng Qingxue knew that he had had too much to drink and was in a bad mood. Hence, he looked terrible.

She immediately ran out of the bar after him, only to see him standing by the side of the street. Under the street lamp, his back view seemed extremely stretched, and he looked extremely lonely.

Mu Yanchen took out his cigarette case, lit a cigarette, and took two long drags. When he heard the flurry of footsteps behind him, he turned around.

Meng Qingxue immediately walked towards him.

Mu Yanchen did not spare her another look. He turned around and strode down the street.

The girl quickly followed behind him.

The two of them walked one behind the other.

His legs were long, and his strides were wide. She was worried about the child in her womb, so she naturally could not run. However, she was gradually finding it difficult to keep up with his pace.

How could he walk so fast!?

Meng Qingxue said, "Yan Chen, wait for me, okay?"

He did not respond at all.

She became more anxious and quickened her pace. Her breathing also gradually became hurried and shallow.

"Don't walk so fast. Wait for me, wait for me..."

She kept trying to catch up to him. There were a few times when she was so anxious that she almost tripped over the gravel under her feet!

Meng Qingxue was angry and anxious.

Mu Yanchen continued walking forward expressionlessly. He did not know what he was thinking, but his mind was in a muddle. In the midst of this chaos, it was as if he could hear countless voices going round in his head.

## **Chapter 2825: I Find It Impossible to Leave You**

Mu Yanchen continued walking forward expressionlessly. He did not know what he was thinking, but his mind was in a muddle. In the midst of this chaos, it was as if he could hear countless voices going round in his head.

Suddenly, he heard from behind him, Meng Qingxue seemed to have broken down in exhaustion.

"Yanchen! Are you willing to give me a minute? I... I have something to tell you!"

She shouted these words with all her remaining energy.

Mu Yanchen stopped abruptly but did not turn around.

Meng Qingxue could not walk anymore. She bent over, supporting her own weight with her hands on her knees. She seemed rather anxious, but as she tried to catch her breath, her tears rolled down uncontrollably.

"Is it fun to misinterpret my words? Can't you distinguish between angry words, envious remarks, and seriousness?"

She lifted her head abruptly. "Alright, then let me tell you. When I said I hated you, they were angry words. Saying that Yun Shishi had a blissful life was an envious remark. And I'm being most serious when I say 'I love you' and 'I miss you'."

“...”

“Mu Yanchen, I don’t know why I fell for you either. After thinking things over for a long time, I vaguely realized that probably no one else in this world dotes on me more than you do.”

As Meng Qingxue spoke, her eyes turned even redder, and her tears continued to flow uncontrollably.

Mu Yanchen’s heart throbbed painfully at her words.

It was as if something had ripped it apart.

“My life has always been bleak! When I left home and went to Beijing for development, I went down the wrong path once! I entered a modeling agency, but luckily, I met you. Finally, there was someone who would hold me close to their heart, take good care of me, and dote on me! You know, there probably isn’t another person who would be so forgiving and doting towards me! I tried my best to be careful and obedient so that you wouldn’t get tired of me. Because I loved you, I felt I had to be the subservient one in this relationship. I placed myself among the dust. I know that this sort of attitude won’t help me gain anyone’s respect. I even belittled myself. Perhaps I was too naive, and so ecstatic to have fallen in love, that I didn’t care about anything else or thought about the future. In fact, I didn’t even stop to think about whether you really loved me, before I cast everything aside and flew towards you. I thought this was love.”

Pausing for a moment, Meng Qingxue smiled bitterly and said, “But what’s unfortunate is that you don’t seem to love me that much. You’re always very busy and don’t answer my calls. You have too many social engagements and too many women. Many nights, when I’m not by your side, it would be some other woman by your side. I’ve been sad, lost, jealous, envious and I’ve even thought about leaving you and going far away! I thought, there will be someone else who will love me more and be more tolerant of me. At the very least, they will genuinely take me to heart, and I’ll be the only one.”

Meng Qingxue took a deep breath, her tears flowing even more freely now. “But every time I packed my belongings with the intention to leave you, I’d look back at the apartment, and it would seem like there were traces of us in every corner of it. Only then did I realize that I couldn’t lose you at all, and I couldn’t leave you... Perhaps you wouldn’t feel this way, because you’re so proud. For you, it’s probably not impossible to live without anyone! But... I’m different... I’m different...”

“I find it impossible to leave you...”

“I don’t even know where to go without you...”

## **Chapter 2826: Intense Confession**

She bit her trembling lips and sobbed. “But I’m actually like a parasite in your body. It’s as though I won’t survive without you! I know that I’m weak and petty like this, but I still want you to know... that I won’t be able to live if I left you... Mu Yanchen, will you truly love me, just this once?! Do I have to rip my heart out to show you how I feel about you? Would this make you cherish me a little more?!”

Mu Yanchen’s face suddenly paled.

Her words were heartbreaking.

What kind of situation had forced her to say these words?!

Mu Yanchen's heart ached. He saw Meng Qingxue suddenly clutch her belly with an ugly expression. Beads of sweat rolled down her face.

"Painful... it hurts..."

Clutching her abdomen in pain, she suddenly arched her body like a shrimp.

"Yan Chen... my belly hurts... it's really painful..."

When Mu Yanchen saw her in this state, his mind went blank and he immediately rushed towards her anxiously. However, just as he came up to her, Meng Qingxue smiled and lifted her head. She threw her arms around him in a fierce embrace.

"I told myself that as long as you'd rush towards me at once, I'd not let go of you for the rest of my life!" She clung on to him tightly.

He had dashed towards her without thinking, which meant that he cared about her!

For that alone, she was not going to let go of him.

For the first time in her life, she had taken the initiative because she was certain that this was the man for her.

No one was perfect.

Mu Yanchen was not a perfect man.

However, there were too many things about him that were worthy of her persistence.

He was the only man who would give up all the glitter in life for her.

She was willing to be subservient, just to hold on to him.

Mu Yanchen immediately came to his senses and realized that her agonized expression was just an act. She wasn't in pain, it was just a trick!

"You..."

He could not help feeling a little angry.

Meng Qingxue looked up at him and said in no uncertain terms, "Yanchen, even if you have nothing, I won't be afraid. I only want you. You are more than enough for me. I only want to be with you..."

Mu Yanchen looked at her in disbelief.

Meng Qingxue had always been a reserved woman.

She rarely uttered sweet nothings or acted coquettishly. She also rarely played any frivolous lovers' games with him.

This was the first time she had lied to him.

“Yanchen, I’ve already made a vow in my heart. No matter what, you belong to me. No matter the cost, I’ll win you back and keep you by my side!” Meng Qingxue paused before continuing, “I know that I’m not outstanding or good enough. Unlike Song Enya, I don’t come from a privileged family background, but I’ll work hard, okay? I’ll work hard to become an outstanding woman. Until that day, won’t you wait for me?”

Mu Yanchen pursed his lips and shook his head with a laugh. He caressed her hair lovingly and pulled her into his embrace.

“You don’t have to.”

When Meng Qingxue heard this, she said somewhat angrily, “What? You’re so stingy you won’t give me a chance to work hard?”

The man broke into laughter. “I don’t need you to compromise. As long as we believe in each other, you don’t have to fight for anything. You only need to be yourself! Because we belong to each other.”

Meng Qingxue’s pupils suddenly shrank back!

## **Chapter 2827: I Will Cherish You From Now On**

“Qingxue, I swear, I swear... I don’t have any feelings for Song Enya, and I don’t have any feelings for other women! You are the one for me, I’ve decided on you, I’m willing to protect you, and protect only you... No one can take me away from you, not even if they tried. You’re the one for me...”

There was a rare tenderness in Mu Yanchen’s eyes. He gently kissed her forehead, and then the corner of her eye. He kissed away her warm tears and finally sealed his lips tightly over hers.

“Yanchen, I want to be with you for the rest of my life...” Meng Qingxue hugged his shoulders and confessed her deepest feelings. “You are in every vision I have of my own future. I had once thought of giving up on you, but I couldn’t bring myself to... I just couldn’t...”

Mu Yanchen’s heart ached terribly. He suddenly felt that he owed this woman too much.

He always made her cry, made her wait, disappointed her time and again.

At first, he thought that she was just like all the other women, she didn’t seem especially outstanding.

However, it was only until the day he lost her that he felt like he had lost his mind and searched the entire city for her.

Only then did he realize that she held an important place in his heart.

Initially, he was with her only because of her good looks and figure; she was like a breath of fresh air.

She was never a burden to him because of her desire to please and her sensibility. In fact, every time he returned to her side, he felt as if he had returned to the comfort of home.

Eventually, when passion turned cold and the relationship gradually lost its novelty, being together became only a habit.

He got used to waking up in the mornings with her in his arms.

He got used to having her there when he was down.

He got used to her gentle words and soft spoken nature.

He got used to her warm embrace.

He realized then just how important she was.

He was born and grew up in an environment where being arrogant was his birthright, yet he lacked a sense of security. Every step he took was an uncertainty, and he had no sense of belonging.

Thus, he had always been determined to build a fortress and isolate himself within it.

The fact was, he was unbelievably fragile.

He had to admit, he was not as outstanding as Mu Yazhe.

That kind of man was too perfect and too dazzling. He tried keeping up with the man, but in the end, he only ended up looking bad and like a joke in comparison, despite doing his best!

He was unwilling to accept defeat, and that was why he was deeply hurt by her unintentional words.

“Qingxue, I love you. I really love you.”

These words had been in his heart for a long time, but every time he wanted to confess his feelings, he was too embarrassed to say them, so he held back.

And right now, no matter what, he had to make this confession to her!

“I want to give you the best in life! Even if I have to resort to all means, I want to provide for you, so that you will never have to worry!” Mu Yanchen gently brushed his lips along her hairline and smiled. “Don’t think too much about it. You don’t have to fight for anything. I’m yours. I belong to you, you understand?”

“Yes...” Meng Qingxue could only cry as she hugged him tightly.

*Do I have to rip my heart out to show you how I feel about you? Would this make you cherish me a little more?!*

*Would this make you cherish me a little more?!*

Her words echoed in his ears.

Mu Yanchen felt as though his heart was pierced by a thousand arrows as he drew her even closer towards himself.

“I will cherish you from now on.”

“Okay...”

## Chapter 2828: A Display of Affection

Chu He was awakened by a series of rustling sounds.

She had always been a light sleeper. Perhaps it was because of her profession that she had a heightened alertness compared to that of ordinary people. Hence even when in a deep sleep, she was able to detect the slightest movements.

Her eyes snapped open. In the darkness, she saw Meng Qingxue tiptoeing into the ward. Behind her, Mu Yanchen strode in.

The stiff leather soles of his shoes tapped loudly with each step he took.

Meng Qingxue did not realize that Chu He had woken up. Thinking the girl was asleep, she turned around and whispered to Mu Yanchen, "Shh! Lower your voice. Don't create too much movement. She's still resting!"

"That little noise is not going to wake her at all."

Meng Qingxue contemplated for some time. She could not stop worrying about Chu He being alone in the hospital, so she said to Mu Yanchen, "Why don't you go home first? I'll stay here and accompany Chu He tonight. After all, she's just out from surgery and needs someone to take care of her."

The man said gloomily, "Qingxue, you're pregnant. You probably have a greater need to be taken care of! The doctor told you to take more bed rest, otherwise..."

"But—"

"Let's go home and rest tonight. Tomorrow, I'll hire two nannies to take turns looking after her."

Mu Yanchen paused for a moment, then asked, "Will this do? How could I be at ease leaving you alone in the hospital?"

Meng Qingxue pursed her lips.

Without further ado, Mu Yanchen pulled Meng Qingxue into his embrace and kissed her forehead heavily. There was a hint of grievance and resentment in his tone.

"Are you really not going home with me?"

"..."

"How long have we not slept together?"

Meng Qingxue was stunned. Immediately, she felt her face burning.

She frowned and said, "You... don't talk nonsense."

However, he continued, "How is this nonsense? Qingxue, I'm already used to waking up in the morning and seeing you when I open my eyes. However, when you left, I suffered from insomnia and couldn't sleep well. I couldn't find you and waited. Now that you're back, you're spending the night watching

over some unrelated woman and getting yourself all busy because of her! Have you really not considered my feelings?”

“What do you mean by unrelated?” Meng Qingxue said unhappily. “Chu He treats me very well. In my heart, she’s like my very own sister.”

“You’re being too biased!” Mu Yanchen snorted. “Instead of being with your own man, you’re actually keeping a woman company.”

“How... how can I keep you company?!” Meng Qingxue’s face was burning. She lowered her head and mumbled, “I’m pregnant... how can I be sleeping with you?!”

“What are you thinking?” Mu Yanchen was amused by her concerns. “No matter how deranged I am, I will never do anything to my pregnant woman! You’re pregnant, what do you expect me to do to you?! I just want to go to sleep hugging you. Can’t I do that?”

Meng Qingxue looked at him doubtfully. “Is that really all you’re thinking?”

“Yes! I swear!”

“Well... alright then!” Meng Qingxue finally nodded.

Mu Yanchen smiled in satisfaction. He circled his arms around her neck and gave her a light kiss. Meng Qingxue placed the supper she bought on the table and allowed Mu Yanchen to lead her away.

Chu He sat up, her face expressionless as she glanced at the supper on the table and shook off the scene of display of affection that she had just witnessed.

## **Chapter 2829: A Restful Pregnancy**

That was so mushy.

It was in the middle of the night and she was caught off guard by this display of affection.

Supper?

Why would she need supper?

She had been fed full with that mushy display.

So did these two people come all the way to show off their affection for each other?

However, Chu He did not realize that she was single.

Neither did she feel strongly about other people’s public displays of affection.

However, she did not fancy being woken up in the middle of her sleep.

She hated him so much.

What...

So now the two of them have made up?

Previously, wasn't a certain woman crying as if the sky was about to fall? Between her consciousness and dreams in the late night, she actually heard Meng Qingxue crying secretly in a corner.

But now they're fine?

Chu He furrowed her brow but thought no more of it. She turned around and fell asleep again.

...

On the second day after Meng Qingxue came home, Mu Yanchen bought an apartment next to Disheng Building. It was a few hundred meters away, within a short walk.

Initially, his plan had been to buy her a villa and settle her down properly. He would assign her a few housekeepers, servants, and a butler so that she could have a restful pregnancy.

However, on second thoughts, if he were to buy a villa, it would definitely be located a long distance away.

The villas in the capital were rarely located in the city center.

Usually, they would be found in areas with better *fengshui*, especially prized land in the vicinity of Yun Shan Shi Yi. Many villa estates were being developed there.

However, if he were to arrange for her to stay so far away, then any traffic jams would pose a problem to travel time.

If there should be any emergencies, both the hospital and his office would be far away.

Hence, after careful consideration, he decided to settle her in a high-end apartment next to Disheng.

Ming City Mansion could be considered the most high-end new generation condominium. It was divided into small apartments and large apartments. The large apartments were a total of 300 square meters each. Mu Yanchen made the decision to buy an apartment; it was well-furnished and one could move in immediately.

He even carefully hired people to measure formaldehyde levels to ensure it was safe.

In the end, he chose the duplex so that he could separate the working area from the scenic area.

This way, he would not disturb her when he was working.

One should not underestimate these 300 square meters though. Because it was located in the bustling city center, Mu Yanchen spent more than 20 million on a duplex apartment like this.

It was close by and convenient, with a department store downstairs. The hospital, supermarket, and vegetable market were all within reach.

Meng Qingxue did not know about this matter. Hence, when he took her to the apartment and she was greeted by the luxurious interiors, crystal chandeliers, stylish murals, high-end stairs, and expensive carpets...

It was completely unbelievable!

"This is..."

"I bought it so that you can have a restful pregnancy."

Mu Yanchen held her hand as they walked in and shut the door behind them. Seeing the incredulous expression on her face, he felt extremely satisfied.

"Do you like it?"

"I like it..."

Meng Qingxue mumbled, "But I can't believe that this is for me."

"Who else would it be for if not you? If you like it here, you can stay, even after the child is born." Mu Yanchen suddenly held her hand. "There are a total of three master bedrooms, two guest rooms, there's even a nursery."

"Nursery?"

Meng Qingxue was surprised.

Mu Yanchen brought her to the entrance of a room and slowly pushed the door open. He then smiled and said, "Here's the nursery."

### **Chapter 2830: I'll Take Care Of You**

"This is the nursery."

Meng Qingxue carefully poked her head in to take a peek.

The nursery was meticulously created.

Take just the wall covering, for example.

This apartment came renovated and well-decorated. As the developer would not know if the apartment owner had a baby boy or girl, all the wall coverings were in pastel pink and blue. It had the dreamy look suitable for a little girl and the childlike fun-filled feel suitable for a little boy.

There was a cradle, little closets, and piles of toys.

The developer of this condominium was Wan Ke.

It had to be said, as a top-notch property developer, they were extremely meticulous when it came to details.

Meng Qingxue was stunned.

She could almost imagine a baby in diapers, curiously exploring this vast world, crawling on its hands and knees on the carpet, then plunging into that mountain of furry toys like a happy mouse falling into a tiny rice jar.

She could not help but be amused by the imagined scene and burst out laughing.

Mu Yanchen was puzzled. "Why are you laughing for no reason?"

"Nothing. I just thought of something funny."

"If you like it here, then stay and have a restful pregnancy."

The man strolled to the living room and said, "It's very quiet here, and it's not easy for outsiders to access. Only owners who live here or people with special passes have access."

He turned around and saw Meng Qingxue walking out of the room. He smiled and said, "However, I've already instructed the front desk to give me a call if anyone wishes to see you. They can only enter after obtaining my permission."

"Are you worried that Song Enya might turn up here?" Meng Qingxue asked doubtfully.

Mu Yanchen nodded.

"I will never give her a chance to come anywhere near you!"

Meng Qingxue smiled and suddenly a thought struck her. She frowned and asked tentatively, "Will you come and accompany me often?"

Or was it going to be like before?

He'd forget about her when he was busy, and would come over to accompany her if he remembered.

Mu Yanchen smiled at her question. "Why do you think I bought an apartment in this location?"

"Why?"

"Because..." Mu Yanchen slowly leaned up against her and whispered into her ear, "Because this is also going to be my home."

"..."

He saw the daze she was in and found it silly and cute. He tapped her on her nose.

"Are you an idiot? I said... I'll live here with you. This place is very close to the Mu Group office. It's just walking distance to and from work."

Meng Qingxue widened her eyes in surprise. "What did you say? You said... you live here with me?"

"I'm worried about leaving you alone."

Mu Yanchen continued, "In addition, there are so many never ending matters in the Mu family that I no longer have the desire to continue living in the main residence. I'll stay here and accompany you so that I can take care of you."

"You'll take care of me?"

Meng Qingxue sniggered disapprovingly. “Great Master Mu, are you sure you know how to take care of others? Hmmm? Hmmm? I wonder if you’d be willing to take me to the night market for supper if I should wake up hungry in the middle of the night?”

“Sure I’m willing...”

“Hmph, words are cheap, it might not be the case when the time comes.” Meng Qingxue obviously had her doubts about him.

Mu Yanchen was a typical young master. It was miraculous enough that he did not need anyone to wait on him, let alone have him serve someone else.
