

Sweet Love 3511

Chapter 3511: A New Addition (127)

All of a sudden, everyone fell silent.

The little rascals were instantly dumbfounded as they stared blankly at the center of the cake.

The Baymax centerpiece was originally extremely adorable, but now, he was sliced in half and pitifully toppled over onto the cake.

Looking at the tragic “murder scene”, everyone was shocked!

“Baymax!” One of the devilish brats cried out like he had seen a ghost, but the rest of the children shivered in fear.

“Baymax has been sliced in half! Baymax is dead!”

Sheng’er’s eyes turned red as she blinked and sobbed, “Baymax...”

Chu He was stumped. “This...” She turned around and glared at Gu Jinglian, questioning him, “What do you think you’re doing?”

“Distributing the cake.”

“Who asked you to cut Baymax in half?!”

Gu Jinglian retorted, “How else am I supposed to do it? Cut off its head?”

Chu He was speechless for a moment. “It’s just a cake, do you need to be so bloody?!”

Gu Jinglian was even more speechless. “It’s just a cake. What has it got to do with being bloody or not?”

Seeing the children huddled together and shouting, Gu Jinglian and Chu He started arguing again. Butler Fu immediately put on a pair of disposable gloves and started to remedy the situation. He lifted the two halves of Baymax and applied a little cream in the middle. Then he pushed them together and they managed to stay stuck together. He broke out in cold sweat. “Alright! Alright! Since Baby Chu is our birthday boy today, shall we give him Baymax?”

Only then did the group of children regain some of their liveliness.

Butler Fu placed the salvaged Baymax on Baby Chu’s plate. Baby Chu held the plate in his hands and went up to Sheng’er, saying shyly, “Sheng’er, you like Baymax the most! How about I give Baymax to you?”

Sheng’er nodded with reddened eyes and immediately broke into a smile.

Butler Fu started to distribute the cake. The children held the cake in their hands and realized that the filling was rainbow-colored!

“What a beautiful cake. I can’t bear to eat it!”

“I want my mother to buy me a cake like this for my next birthday!”

“But it must be expensive, right?”

The group of children chattered as they munched on the cake.

Baby Chu was enjoying his meal with Sheng'er when a few children came behind him and shouted, “Baby Chu!”

“Huh?” Baby Chu turned around and at once, his face was smeared with cake.

“Happy birthday!”

“Ahahaha!”

The atmosphere was cheerful and warm.

Butler Fu gave two pieces of cake to Chu He and Gu Jinglian and said with a smile, “Old Master, have some cake.”

“No.”

“I know you don't like cake, but it's Baby Chu's birthday today, so you must eat this cake!”

Given that, Gu Jinglian took it.

When Baby Chu saw Gu Jinglian, mischief got the better of him. He smeared his hands with cream and sneaked behind Gu Jinglian, giggling. He called out, “Daddy!”

The moment Gu Jinglian turned his head he saw Baby Chu waving his cream-stained little claws at him. Almost instinctively, Gu Jinglian lifted his plate with the cake on it, and thrust it into the boy's face.

The plate slid down slowly. Baby Chu stood rooted to the ground in a daze, his face covered in cake. What a sight!

Chu He was at a loss for words, Butler Fu fell silent as well.

All the children immediately burst into laughter. “Hahaha!”

Baby Chu howled, “Daddy is a big baddie!”

However, Gu Jinglian said righteously, “That will teach you to ambush me.”

Chapter 3512: A New Addition (128)

Chu He could not stop herself from laughing. Even though she tried to suppress it, she eventually broke out in loud guffaws. She had seen fathers taking advantage of their sons, but she had never seen fathers who took advantage of their sons this way!

“Hahaha!” She was halfway through laughing... when Gu Jinglian grabbed another lot of cake and smeared it onto her face.

Chu He stopped laughing!

There was now buttercream all over her face. When she breathed and drew in air, the cream was sucked into her nostrils.

She opened her eyes in embarrassment. Her face was entirely covered in cream, only her pair of dark eyes were visible. She looked extremely pathetic.

Baby Chu and his mother looked at each other with a tacit understanding.

Gu Jinglian looked at the mother and son pair. His originally cold and indifferent face actually cracked a little. He broke into a smile and then started laughing.

Ha! For some reason, the moment he smiled, his face lit up and it seemed even brighter than the sunlight outside the window. It was as if the entire world was bathed in sunlight!

Gu Jinglian was a handsome man, but he was usually reserved and serious. She had rarely seen him smile. Even though there were times when he would curl his lips into a cold smile, it inevitably made people nervous and sent chills down their spine! However, he was now laughing from the bottom of his heart, and it was as resplendent as the galaxy! It turned out that a man's laughter could be such a charming thing!

Chu He was stunned.

Baby Chu however, reacted immediately and pointed at Gu Jinglian in disbelief. "Daddy's laughing!" This was also his first time seeing Gu Jinglian laugh, and he was extremely excited.

Gu Jinglian's face returned to its usual cold expression at once, as he glared at the boy.

Baby Chu immediately whined, "Daddy, you look really good when you laugh! Why are you always like an old man? You should laugh more often!"

"Shut up!"

Gu Jinglian suddenly stood up and said, "I'm going back to the study!" With that, he turned around, his expression taking on its usual aloofness again as he swiftly left.

Chu He and Baby Chu looked at each other and smiled.

"You naughty boy!" Chu He pinched his nose bridge lovingly and for a moment, Baby Chu looked like he was going to throw himself into her arms.

"Stay where you are!" She warned the boy, but before she could dodge, Baby Chu had already jumped into her arms and rubbed cream all over her!

"Baby Chu!!"

When the children saw this, they were infected by the warm and joyous atmosphere and started laughing.

...

In the afternoon, the children were tired from playing and felt much more at ease.

At 4pm, the parents gradually streamed in to take their children home.

When it was time to go home, many children were reluctant to leave. They stood at the door and said goodbye to Baby Chu unwillingly, clearly they didn't want to go.

When the children went back to their parents, they excitedly described the interesting events that had happened at the party.

By 6pm, except for Sheng'er, the children had all gone home. Sheng'er was tired from playing, and had fallen asleep in the guest room hugging Baby Chu's soft toy. The skies darkened gradually, however, when night came, Sheng'er's mother still had not turned up.

Chu He could not help feeling a little worried. She made a few calls to Sheng'er's mother, but her phone was turned off. When Sheng'er woke up and saw that her mother had not turned up to take her home, she was a little upset!

Even though she really liked Baby Chu's house and wanted to play a little longer, it was already late and her mother still had not come. Hence the girl felt a little helpless! When Chu He walked into the guest room, Sheng'er went up to her and asked anxiously, "Has Mommy picked up your call?"

"No.." Chu He quickly explained, "The phone was turned off. It might be out of battery!"

Chapter 3513: A New Addition (129)

Chu He quickly explained, "The phone was turned off. It might be out of battery!"

"What's going on? Why did she switch her phone off?" Feeling aggrieved, Sheng'er asked, "Did Mommy forget about me?"

Chu He smiled and comforted her, "How could that be possible? Don't overthink it. Maybe your mommy got off work late, or maybe she was caught in a traffic jam..."

Sheng'er pouted and looked extremely upset, like an abandoned stray dog with teary eyes. Baby Chu walked over and said to her, "Sheng'er, don't worry, if your mommy really forgot about you, you can stay at my house tonight, we can sleep together!"

It's often said, children speak freely without thinking. Given Baby Chu's EQ and IQ, what a way to reassure a girl! It would have been better off if he had not said it, but now he made Sheng'er think that she had really been abandoned. Her reddened eyes instantly filled with tears!

"Sob sob sob! I want to go home!" As Sheng'er spoke, she walked towards the door.

Chu He glared at Baby Chu and poked his head. "Do you know how to coax girls?"

Baby Chu was stumped.

Chu He said, "You're only scaring Sheng'er by saying that!"

The child, being so young, would of course wonder if her mommy had abandoned her since she had not come to take her home.

What else would she think?

After all, children are simple-minded and straightforward.

“Mommy...” Sheng’er ran to the door and stood there, craning her neck to look around. However, it was quiet outside the door. She looked around for a long time but it was futile.

Did her mother really not want her anymore? Tears streaming down her face, Sheng’er sniffled. Her hands were intertwined together, and she looked extremely worried. Seeing her standing at the door looking so worried, Chu He walked over and squatted beside her, hugging her small body.

“Sheng’er, don’t worry! Maybe your mother has something on and she’s late?”

“Sob...”

“If it gets too late and she hasn’t turned up, sleep with Baby Chu tonight, okay?”

“How could Mommy not come and pick me up? It’s already this late.”

Lingsheng fiddled with her fingers and said aggrievedly, “Does Mommy not want Sheng’er anymore after having a baby?”

“Baby?”

“Uh huh!” Only then did Sheng’er reveal her worries. It turned out that Sheng’er’s mother was pregnant with a second child, it was confirmed last month.

One night, she had a serious talk with the girl. “Sheng’er, haven’t you always wanted younger siblings?”

Shangsheng blinked, not quite understanding.

When she was younger, she had seen a pair of twins in her neighbor’s house. The boy and the girl twins often walked around together, holding hands. Sheng’er was very envious and had unintentionally mentioned that if she had a younger sister or brother, she would not be lonely! Hence, her mother took those words to heart.

Recently, Sheng’er’s mother suspected that she was pregnant and went to the hospital for a checkup. When she found out that she was more than two months pregnant, the whole family was very happy!

When Sheng’er heard that her mother was pregnant with another child, she was initially very happy!

She said, “Sure! Of course! If I have younger siblings, I’ll definitely take good care of them!”

However, when she went to school and told the other children about this, she heard many complaints.

“I hate my brother!”

“I don’t like my sister either. Ever since she was born, I feel like I don’t exist anymore..”

Chapter 3514: A New Addition (130)

One of the girls said angrily, "Ever since Mommy gave birth to little brother, she has been carrying him around all the time! She won't even put him down. She used to hug me all the time but now, she ignores me when I talk to her!"

Many of the children in the class had a sibling. After the second child arrived, it would become the more precious one and the older one would be neglected. Most of the children were pampered. However, with a new baby in the family, the elder child would inevitably feel a sense of insecurity.

Children are not adept at managing their own emotions, so they end up complaining.

"Sheng'er, beware! Once your mother has another baby, she will no longer like you!"

Sheng'er was taken aback. When she returned home, she tried to find out by asking her mother whether she would still like her when the new baby arrived, whether she would like the baby, and not her!

Of course, this was denied! However, she was more or less bothered by the other children's talks!

As such, now that it was so late and her mother had not come home, she naturally felt worried.

Chu He was highly amused to hear this. She said to the girl, "How could that be? Regardless of whether your mother has another baby, Sheng'er is still Sheng'er, no one can replace you!"

Sheng'er was doubtful, "Really?"

"Yes! Because Sheng'er is the best! Look, even I like you so much!"

Sheng'er blushed shyly.

Baby Chu's voice suddenly came from behind, "Sheng'er! Sheng'er!"

The girl turned around and saw a miniature version of Baymax standing behind her. It was actually a 1.5 meter tall Baymax.

Baby Chu struggled to carry the Baymax toy and held both of its hands. He danced around trying to make her happy, "Sheng'er, hello! I am Baymax!"

Sheng'er looked at this Baymax toy timidly.

Baby Chu hid behind the Baymax toy and walked closer to her.

"Scanning in progress."

"..."

"You don't look happy?"

Baby Chu spoke in a robotic tone and opened his arms to hug her. "Don't be unhappy! With me around, I will forever protect Sheng'er!"

Amused, Sheng'er's eyes lit up as though they were filled with tiny stars.

She hugged Baymax back. "Baymax is my favourite!"

Baby Chu smiled and stuffed Baymax into her arms. A small head popped out from behind the toy, "Sheng'er, smile, don't be sad, okay? You are the cutest when you smile!"

"Uh huh!"

Seeing that Sheng'er finally smiled, Chu He reassured her, "It's getting cold out there. Sheng'er, let's go back to our room, alright?"

"Uh huh!"

Baby Chu chimed in, "Sheng'er, you can sleep with me tonight. You can go home tomorrow!"

Sheng'er blushed and nodded shyly.

After Chu He coaxed the two little fellows to take a shower and brush their teeth, she went to bed.

Interestingly, even though Sheng'er was only young, she already knew the difference between boys and girls. At first, Chu He wanted both of them to shower together, but Sheng'er was unwilling and said shyly, "Mommy said that Sheng'er is a girl and cannot bathe together with boys!"

Chu He was amused.

The night deepened.

The two children lay on the bed, unable to fall asleep. Baby Chu was excited, however Lingsheng was a little nervous.. This was the first time she had slept on the same bed as a boy, so she wrapped herself up tightly. She was obviously shy!

Chapter 3515: A New Addition (131)

Baby Chu could not sleep, so he chatted with her. It was not until Chu He came in and nagged at Baby Chu a few times that he finally quietened down.

After Chu He had showered, she went into the room again, she saw that the lights in the room were still on. She walked to the head of the bed and saw that Baby Chu was hugging Sheng'er, while the girl's head was leaning against his chest, both of them were sleeping soundly.

She bent over and planted a kiss on Baby Chu's forehead. Then, she walked to Sheng'er's side and covered her with the blanket. She smiled and planted a kiss on her forehead.

As Chu He walked out of the room, Butler Fu came running up as though in a hurry. When he saw Chu He, he said uneasily, "I sent someone to Sheng'er's home address to check. It turned out that there was no one at home."

Before putting the two children to bed, Chu He had asked Butler Fu to make a visit to Sheng'er's home to see what was going on." She could not help worrying over the fact that the girl's mother seemed to have gone missing for no reason. Chu He was surprised to learn that there was no one at home.

“How could that be?” Chu He was worried, “Could there have been an accident?”

Butler Fu shook his head, indicating he wasn't sure.

“Do we need to call the police?”

“Call the police? To report a missing person? We have to wait 24 hours before we can file a case.”

Butler Fu nodded.

“We'll talk about it tomorrow morning!”

Chu He had just turned around when Butler Fu said meaningfully,, “When we passed by the highway today, a part of the road was sealed.”

“...?” Chu He turned around in surprise and looked at the man. She frowned. “What happened?”

“I heard that there was a car accident there. Apparently, the accident happened around six in the evening. Because of the traffic jam, a large truck couldn't brake in time. It was tailgating a small sedan in front of it and caused a chain collision. When I passed by, the scene had not been cleaned up and there was a long cordon.”

Chu He fell into deep contemplation.

“I witnessed the scene. A white car was tailgated by a large truck and was swept right under its wheels. The car was flattened, and the few cars in front of it were badly damaged.”

“A white car?”

Chu He's heart skipped a beat and a bad feeling overcame her.

Butler Fu nodded. “A white Mercedes...”

Chu He's eyelids suddenly twitched even harder.

She recalled the white Mercedes-Benz that Sheng'er's mother was driving...

Could it be so coincidental?

However, even if Chu He did not want to think in that direction, Butler Fu was still suspicious, “I am worried that something has happened to Sheng'er's mother! Chu He, you should know, no matter what, it's late, and her mother has not come for her, and there is no one at home, I have a feeling that something's not right! A situation like this is not normal!”

Chu He suddenly asked, “You witnessed the accident scene... that white Mercedes-Benz was crushed by the truck...”

“Yes, it was tragic! That big truck was a cement truck, a heavy vehicle. Basically... it's likely that anyone inside the car would have been killed. No... most certainly they would not have survived.”

Chu He immediately instructed, “Ask around, where had the injured and the deceased been sent?”

“Alright then... let's go to the hospital to check on the situation first!”

Chu He returned to her room and got changed immediately.. Gu Jinglian walked out of the bedroom and saw her frantic expression. Finding it odd, he asked, "Where are you going?"

Chapter 3516: A New Addition (132)

"I'm going to the hospital to check on the situation." Chu He put on her coat, turned around and explained, "There was an accident on the highway... I'm worried that something might have happened to Sheng'er's mother, so I'm going over to confirm."

Gu Jinglian said, "It's late. Go tomorrow instead."

"No, I have to make a trip. Otherwise, I won't feel at ease."

Gu Jinglian frowned upon hearing this but did not say anything. He just walked over and said, "I'll go too."

"You don't have to..."

"I'll go." Gu Jinglian interrupted her firmly.

Chu He did not refuse.

Butler Fu soon found out that the injured person had been sent to the hospital. The three of them rushed to the hospital and entered the emergency room. Before they even got close, they heard wails and cries.

Butler Fu soon found out that the injured persons had been sent to the hospital. The three of them rushed to the hospital and entered the emergency room. Before they even got close, they heard wails and cries.

"Chu He?" When Chu He heard someone calling her from behind, she turned around and saw a colleague from the police station. Although he wasn't from the anti-vice team, she had interacted with him before.

"Why are you here?" she asked curiously.

"There was a car accident on the West Ring Highway. I'm responsible for bringing the family to identify the deceased."

"Perfect!"

Chu He walked over and said, "Take me there as well, for the identification!"

"...What's going on, you..."

"Today we hosted my son's birthday party and invited all the children in the class. But one of the children's parents haven't turned up to take her home even though it's already so late. That parent is driving a white Mercedes-Benz. I'm worried, so I came over to take a look."

“...You’re married?” The colleague widened his eyes in surprise, and then noted the dashing looking man standing next to her. He immediately reacted and sized her up suspiciously. “You already have a child?!”

He couldn’t tell! He thought that she had just graduated from university!

Why...

She even had a child!?

“We’ll talk later! Take me to identify the victim first!”

“Wait...” The colleague took out a notepad from his bag and flipped through a few pages. After taking a look, he asked suspiciously, “A white Mercedes-Benz with license plate A56HJ3 belonging to the capital?”

“I don’t remember the license plate. All I know is that it was a white Mercedes.”

“Alright!” The colleague closed his notepad, but his expression was grim. “If you wish to identify the driver of the Mercedes-Benz, you’ll have to... make a trip to the morgue.”

Chu He’s expression clouded over. “You mean...”

The colleague sighed regretfully. “That white Mercedes-Benz suffered the most serious damage. The cement truck crashed into it and flattened the car. By the time the scene was cleaned up, the people in the car were already crushed beyond recognition!”

...

Chu He followed him into the morgue. The dark and cold room was filled with the smell of death. There were three trolley beds in the room, and they were each covered with a white sheet. However, the white sheets were dyed red with blood, and it was a heart-wrenching sight.

The colleague kindly reminded her, “Actually, it’s no use bringing you here to identify the body... It’s too horrible to look at. You’d better not look. It’s really beyond recognition.” He walked over and carefully lifted the white sheet. Chu He walked over and very quickly, turned away with a grave expression. She couldn’t bear to look a second longer.

It was indeed a tragic sight. She could only vaguely tell that it was a woman with long hair.

It was hard to tell just from the clothes. The garment was red with blood.. It was a cruel scene.

Chapter 3517: A New Addition (133)

The colleague explained, “All the bones in the victim’s body have been crushed... Well... when we cleaned up the scene, several of our comrades were scared out of their wits. If you want to confirm her identity, I’ll call my colleagues at the station and get a photo for you through the license plate. It can be confirmed that way.”

Chu He rubbed her forehead as the ominous feeling in her heart grew. Walking out of the morgue, she noted that the noisy situation had not subsided. Gu Jinglian stood out in the crowd like an ice sculpture, his expression unchanged.

Looking anxious, Butler Fu came up to her and asked, "How did it go? Did you recognize her?"

Chu He replied, "The deceased was seriously injured, it's beyond recognition."

Butler Fu nodded and said, "Yes... I witnessed the accident. It was indeed very serious."

Chu He's colleague contacted the police station and found out that the driver's license had been traced through the car license plate and household registration information.

"Chu He, we've found the information. There were three people in the car, two men and one woman. The man in the driver's seat is Bai Tianmin, and the woman in the front passenger seat is Jiang Xiaoqian – they're a married couple. The man in the back seat was Bai Wanhao, Bai Tianmin's younger brother. It is known that Jiang Xiaoqian was pregnant, and before this, they had another daughter called Bai Sheng."

"...Bai Sheng..."

"So... is this the person you're looking for?"

"I think... yes." Chu He asked, "Can you show me the identity photo that was found on the deceased?" For the sake of clarity and to avoid any unnecessary misunderstandings, Chu He would rather err on the side of caution

"Alright, give me a moment."

Soon, a photo was sent over from the police station. Chu He took a look at it and was stunned. It was really Sheng'er's mother...

Given this, there was little room for doubt. Sheng'er had also mentioned before that Jiang Xiaoqian was pregnant with a second child. Now, the license plate and household registration information were completely compatible. In addition, the same white Mercedes-Benz, the same pregnant woman, and even the photo was exactly the same...

Chu He asked skeptically, "Are you sure?"

"Yes, I'm sure. There can't be any mistake there..."

Chu He's eyes darkened, she did not expect this to happen to Sheng'er! At this moment, Sheng'er was probably still hugging Baby Chu and the two were probably sound asleep!

No one would have expected that in a matter of a night, she had been separated from her family forever.

Chu He suddenly felt upset! Even though she did not know Sheng'er's mother very well, she was very fond of Sheng'er. Every time they picked up Baby Chu from school, she could see that Baby Chu also liked Sheng'er very much. The two little fellows were always reluctant to part.

Sheng'er's mother also took good care of Baby Chu. Sometimes when she was late to pick up the boy, Sheng'er's mother would accompany Baby Chu together with Sheng'er. She seemed like an understanding woman.

Since they were both mothers, Chu He had a good impression of Sheng'er's mother.

Yet now, they've been made to part forever. They had only bade each other farewell in the morning, yet now, they'd never met again.

Chu He felt heartbroken for Sheng'er!

How could a child face such a cruel reality?

"Where are the family members of Bai Tianmin and Jiang Xiaoqian?"

"Their family members are all out of town, but they've already been notified. They should be on their way here. They're on the high-speed rail. They'll probably only be able to come to the hospital tomorrow to settle their funeral arrangements!"

Chu He nodded. "I see..."

Chapter 3518: A New Addition (134)

Chu He hesitated for a moment before saying, "You should know my contact details! When their relatives arrive, help me tell them that Sheng'er is at my house, don't worry about the child, I will take good care of her! They can take the child home after they have settled their funeral matters, there's no hurry."

"Sure."

"Okay, thank you."

Gu Jinglian and Butler Fu turned around when Chu He came out through the doorway. They saw that her rather grave expression, which probably confirmed their guess.

"Have you ascertained?"

"Yes, it's confirmed, it's Sheng'er's mother."

"Oh dear, what do we do now? Sheng'er is expecting her mother to come take her home! What a pity..." Butler Fu felt very regretful and deeply sympathetic. He was also very fond of the well-behaved and sensible Sheng'er, and thinking of how she had lost her parents at such a young age made him all the more emotional!

Chu He said, "We'll apply for leave tomorrow for Baby Chu and Sheng'er. Let's keep this news from them before Sheng'er's relatives come to take her home."

She had no idea how she should inform the girl about this matter. How would such a young child be able to come to terms with the fact that her parents had died in a car accident!

It was already one in the morning by the time they got home. Chu He walked into the room and saw that the two kids were still sleeping soundly, so she quietly left.

Baby Chu only woke up in the morning and saw that Sheng'er was curled up like a little kitten, breathing quietly. He instinctively reached out and gently pinched her cheeks. Then holding back his laughter, he continued looking at her, fascinated!

Sheng'er is so cute!

The more Baby Chu looked at her, the more he liked her. He could not help leaning over and planting a kiss on her forehead.

Even though his movements were light, it startled her.

Sheng'er had not yet opened her eyes, but her brows were slightly furrowed. She stretched out her tiny hand and gently rubbed her eyes before slowly opening them. When she saw Baby Chu lying prone, with his chin resting on his hands, she smiled brightly.

"Morning, Baby Chu!"

"Good morning, Sheng'er!"

The two little guys looked at each other and grinned.

Butler Fu walked into the room bringing a fresh change of clothes. Sheng'er did not bring any clothes to change into, so Butler Fu dressed her in Baby Chu's clothes.

The good thing was that she was a child, so she did not kick up a fuss about it. Apart from the sleeves and pants being too long, Baby Chu's clothes fit her rather well.

After the two boys had finished their breakfast, Butler Fu told them that the kindergarten was on holiday and it would be closed for two days. He said that he would take them to the amusement park.

Baby Chu was naturally very excited when he heard this, but Sheng'er was a little conflicted and asked timidly, "Has Mommy not come to take me home?"

"Uh..."

Sheng'er's heart sank. A day had passed and her parents still had not come for her. Could it be that they had abandoned her? The little girl was very sensitive, and indeed, a day had passed without any news. Sheng'er was naturally anxious!

Butler Fu reassured her again. "Your auntie has already gone to look for your mother! Perhaps, when you come back from the amusement park, your mother will be waiting to take you home!"

"Really?" Sheng'er naturally believed his words, so that put her in a better mood.

After breakfast, Butler Fu took the two kids to the amusement park.

However, the fact was that it wasn't a holiday at the kindergarten.

Chu He had applied for leave and gone to the kindergarten.. She contacted the form teacher and spoke to her about this matter.

Chapter 3519: A New Addition (135)

The form teacher did not expect such a thing to happen. Chu He said, "I am worried that Sheng'er will not be able to come to terms within a short time. For now, I've got someone to take the two little ones to the amusement park for some fun. We will divert their attention and wait for Sheng'er's family to come to the capital before taking the next steps!"

"Uh huh." The form teacher said nervously, "Are you sure this is not a mistake? This has never happened to me before... Sheng'er is still so young, she definitely will not be able to accept it!"

Chu He replied dejectedly, "Indeed, I was very shocked when I heard about it. However, since it has already happened, then we should consider how to deal with the aftermath."

"It's been hard on you, Mrs. Gu! You're so kind. Usually, when parents encounter such things, they try to avoid!"

Chu He smiled. "It's okay, it's just something that I ought to do."

...

Baby Chu and Sheng'er went around the amusement park. They were full of stamina and energy, trying out all the rides. Even by the time the park was about to close for the day, they were unwilling to leave! Sheng'er insisted on getting onto the carousel again.

Initially, the park was about to close and the staff refused to operate the ride. However, there was nothing Butler Fu could not settle. Just a little manipulation and the next moment, the huge merry-go-round became an exclusive ride for the two little guys!

By then, it was evening time. The sun had set, and the carousel's lights came on. The golden glow was dazzling, and it felt as if they were in a fairytale!

After choosing for a long time, Sheng'er finally picked a pink unicorn. Baby Chu insisted on riding on the same unicorn together with Sheng'er. Initially, Butler Fu was worried that it would not be safe for the two children to be on the same seat. But Baby Chu patted his chest and said, "Don't worry, alright! I will definitely hold Sheng'er tightly and not let her fall!"

"You have to be responsible for Sheng'er's safety!"

"Uh huh!"

Butler Fu finally agreed.

Baby Chu happily climbed onto the rainbow unicorn and put his arms around Sheng'er. He held onto the handle tightly with his tiny hands as he made a victory pose to Butler Fu. Sheng'er, on the other hand, turned bright red when she was being drawn into Baby Chu's embrace! She... liked being embraced by Baby Chu, but this made her feel shy!

Sheng'er also carefully and shyly held on to the handle, not saying a word. The ride started up. The music played in the background, and the merry-go-round spun briskly.

Gradually, Sheng'er began to relax. She opened her arms wide and a breeze caressed her face, making her feel very happy! When it was over, the two kids craved for more. They wanted more rides!

However, it was getting very late and Butler Fu advised that it was time to go. But Baby Chu saw a look of longing in Sheng'er's eyes, so he was adamant about staying. Seeing Baby Chu's determination, Butler Fu could not bear to disappoint him, so he allowed them another ride.

It was only when the sky darkened that the two little fellows reluctantly got off the wooden horse with Butler Fu's urging.

"That was fun!" Sheng'er said happily, "The merry-go-round is my favorite! Baby Chu, today is my happiest day!"

Because he was there accompanying her!

To Baby Chu, those words were sweeter than honey, so he said, "Then we'll come again next time!"

"Uh huh!"

Baby Chu held her hand and said, "In the future, as long as Sheng'er wishes to play, I will play with you!"

When Sheng'er heard this, she was so touched that she smiled and nodded, "Uh huh."

Chapter 3520: A New Addition (136)

Butler Fu said, "It's late! It's time to go home!"

Sheng'er nodded and said, "Yes! Perhaps Mommy is already waiting for me at home!"

Butler Fu was stunned, but he couldn't bear to look at her so he turned away. Sheng'er was still looking forward to her mother taking her home. But, that was not going to happen...

...

When Butler Fu brought the two little fellows back to the Gu family residence, there were three people standing in the hall. Butler Fu was surprised, but Sheng'er recognized them at once, "Grandma?"

The moment the girl spoke, a white-haired old lady turned around. When she saw the girl, tears welled up in her eyes at once. She walked over shakily and embraced the girl, crying, "My poor Sheng'er... sob sob sob..."

Sheng'er's eyes widened in surprise. She did not know what had happened. Looking around, she saw her grandfather and aunt as well...

However, she did not see her parents!

Sheng'er could not understand why her grandmother was crying so hard and what was going on. She asked curiously, "Grandma, why are you crying?"

“Sheng’er... your daddy... your daddy and mommy are both gone...”

“...”

Sheng’er did not understand the meaning behind those words. She frowned, and noticed that her grandfather and aunt were wiping their tears away too.

Chu He walked over and comforted the elderly lady, “Sheng’er’s Grandma, don’t be sad, my deepest condolences. The child is still young, don’t scare her...”

“How could I not be sad?!”

The white-haired elderly lady beat her chest in great sorrow. “I have only two sons. My eldest and youngest sons both died suddenly, putting an end to our family line...”

The old man sighed sadly.

They had arrived overnight and gone to the hospital in the morning to identify the bodies. They had confirmed the three bodies in the morgue to be their two sons, and daughter-in-law. This daughter-in-law was pregnant, and the unborn child was gone just like that too!

“The Bai family... will have no descendants!” The old master lamented sadly.

They were born in a small town, and the local concept was still rather feudal and backward. They placed great importance on continuing the family line.

Their younger son was unmarried, and their elder son and daughter-in-law had given birth to a daughter. They had urged the couple to have a second child, hoping that it would be a grandson.

Ever since they found out that Jiang Xiaoqian was pregnant, the two of them got extremely excited and brought their daughter-in-law back to the hospital in the county city. They specially did an ultrasound and offered a bribe to find out the gender of the fetus!

It was a boy!

The entire family was overjoyed!

Grandson!

This was precious!

His youngest son and eldest grandson were the Old Master’s lifeline!

In the end, a car accident took all four lives in the blink of an eye.

The way they died was so horrible, they were all unrecognizable. Even the most skillful undertaker could not help them leave decently.

The old man wanted to cry but no tears came. He was heartbroken and almost passed out in the hospital. As for Grandma, she was already in tears. The police took pity on them and refused to let them look at the bodies for too long.

Chu He's colleague gave them her contact information and told them that Sheng'er was at the Gu family residence. The two of them took a taxi over and when they found out that their son and daughter-in-law had met with the accident on the way to pick up Sheng'er from the party, they were so upset that they kept crying.

Sheng'er wiped her grandmother's tears away and asked in a strange tone, "Grandma, why are you crying? Where is Mommy? Where is Daddy? Why aren't they here?"
