

《Sweet Marriage: Smart Cute Wife》

Chapter 143

The hotel arranged by Wei Qing was very comfortable, and Xia Jinsheng had a good sleep. After breakfast the next day, the two talents officially went out to see the show.

International shows are really different. The new ideas of fashion design and the fit between the model's temperament and clothing are original. There are also today's most popular singers to help sing, and the atmosphere has been heated to the highest point.

People were overwhelmed with new ideas, but no matter which one was well intentioned, there was only a tidal wave of applause in the end.

In such an environment, Xia Jinsheng's creative enthusiasm has been inspired. She can't wait to write quickly and record some of her inspiration.

Compared with her, Wei Qing's response was much more insipid. He was experienced and discussed with Xia Jinsheng some aspects of himself that were not satisfactory.

After hearing this, Xia Jinsheng could hardly wait to carry him home for confession. He had unique opinions and pointed out many places she couldn't understand.

After that, Wei Qing took her to meet many famous people in this foreign city and enthusiastically promoted her to them.

Later, Xia Jinsheng asked him why, but Wei Qing said, "isn't it good to help you open up the foreign market? I think you are very talented in this regard. "

His face flushed with praise. She smiled, "aren't you afraid of the people I lose you?" You know, she only came into contact with design for about half a year. Wei Qing dared to take her in front of those celebrities.

She felt uneasy herself. I don't know how he was calm.

Suddenly he became very serious and looked at her without blinking. Xia Jinsheng also began to smile, "what's the matter?"

"I heard you were filming."

"Yes." Although there are not many scenes, it is more or less to cooperate with Jing Zhu to publicize the company. In fact, she is not very interested in the development of performing arts.

"I prefer you to concentrate on design. Don't put the cart before the horse. " Starting from the public, he thinks Xia Jinsheng is really the one who eats this meal. Personally, he hopes that the two people can be closer because of the design.

He was worried that Xia Jinsheng would love filming more and forget design. The entertainment industry was flashy and pursued fame and wealth. It was easy to lose himself. Wei Qing once saw someone give up their art studies to become a star.

I don't want to see Xia Jinsheng do the same. That's why he said such words. Xia Jinsheng probably knew what he meant. Instead of complaining, he was very grateful. He can still care about him like this.

After Wei Qing was taken away by the staff of the hotel, she sat in the coffee shop downstairs and thought for a long time. What he said is really reasonable. Because of filming, she occasionally asks for leave from school, and her homework has fallen behind.

In the long run, it should be abandoned. It seems that it is really necessary to make a good choice.

"Miss, do I have the honor to buy you coffee?"

A familiar voice interrupted Xia Jinsheng's thoughts. He was drinking black tea and looked up to see Gu Nanchen's handsome figure.

Pooh!

Her tea all gushed out in one breath, and Gu Nanchen's cup of milk coffee also suffered, splashing into her saliva. The more terrible thing is... She, she also sprayed Gu Nanchen on her face.

Gu Nanchen calmly picked up a paper towel and wiped his face. Then he pinched Xia Jinsheng's chin. The distance between the two people was very close. He could kiss with his head down.

"Do you have to welcome me in such a special way?"

For his accusation, Xia Jinsheng really didn't know where to start, and skillfully handed him a paper towel to wipe the stains with the mentality of making up for the mistakes.

He had calmly sat down opposite her, and Xia Jinsheng remembered an important thing, "no, why are you here?"

"Travel." He used two simple words to cover his behavior and didn't mention that he followed her at all. It's rare for him to follow her so righteously, "what's it like to meet an old friend in a foreign country?"

Sure enough, Xia Jinsheng's mouth slightly smoked, and it took a long time to brew CI Cuo, "just be happy."

It is also a talent to deduce the "rogue" to such a vivid extent.

Because of his arrival, the original two person trip became a three person trip. Wei Qing took her to some famous book collections, museums and art galleries, with very elegant interests.

Gu Nanchen doesn't talk much. He often listens quietly. Only occasionally can he catch a word or two. His own perception is no worse than that of professional connoisseurs.

Xia Jinsheng, who mixed the two of them, said less. He always warned himself that if he spoke more, he would lose. If he spent every day in such an atmosphere. She'll lose at least ten years.

On the third day, because of Selena's participation, the tourism situation improved a lot. She had been wandering around Wei Qing, but the falling flowers were deliberately ruthless. Wei Qing pretended not to know.

A week later, Xia Jinsheng expected to embark on the voyage home, but Gu Nanchen delayed.

"You're really going on a business trip. I thought you were teasing me."

Part of the reason for going abroad is because of Xia Jinsheng, but another part is really because of work. Originally, the partners of Gu group in this country had a meeting to discuss, but he advanced the time.

Unexpectedly, something went wrong and needed to be solved. Xia Jinsheng couldn't leave for the time being. Xia Jinsheng had to go home first. She left this week, a lot of things have also happened. For example, the little lover's script has been completed

and is being revised under the guidance of professionals. Because he is a newcomer, it is inevitable that there are some deficiencies. The revised script is more perfect. Because the shooting has also progressed to a certain extent, the crew began to release some stills on the Internet, and the first batch was actually her. Although it is a new role, it still aroused discussion. Some people worry that the original work will be changed beyond recognition. Some people think that the effect of Er Chun's knife operation will not be too bad. Once the original fixed makeup photos in the original works were published, there were different comments, but there was a lesson from the past. Most book fans believed in Er Chun and said that they would support the TV series "The image is pretty good." When Wei Qing glanced over, she happened to see the image photos of Xia Jinsheng's play, especially the clothes worn by the characters were very consistent with her temperament. They just got off the plane from the airport and are taking a bus home. Xia Jinsheng was embarrassed. Before, he said that she "didn't work hard". Now he thinks she did a good job. What's the meaning "I'll watch TV and support you." He inadvertently threw out such a deep-water torpedo. Xia Jinsheng almost jumped up from his seat, "don't be shy." Let familiar people watch her TV series. It feels like her composition is read to the whole class in public. Her psychological tolerance is not strong enough. Knowing that she was shy, Wei Qing stopped teasing her. Just watch the TV play behind her back. Xia Jinsheng wouldn't know if she didn't say it anyway. Back at Gu's home, the little guy had kindergarten classes. Gu Nanchen was abroad, and her home was empty, leaving her alone. Lonely, Xia Jinsheng began to think of the days when Gu Nanchen was around. The next day, the news on the Internet was attacked by foreign terrorists, and the explosion hit the screen. Xia Jinsheng just brushed the news when he wandered in class. Breathing stagnated, staring straight at the country where the explosion occurred. The cold began to freeze a little from his feet, resulting in poor blood. The tutor was still lecturing. In full view of the general manager, she suddenly got up and hung her head on the table, "sorry, I have something to go out." Then he ran out of the classroom regardless of anyone's reaction. A heat wave swallowed people, and the sun outside was also very dazzling. Xia Jinsheng ran wildly in the sun. The company that was bombed by terrorists on the news just now is clearly the branch Gu Nanchen mentioned to her. Gu Nanchen has a meeting there today, which means... No! Impossible good people don't live long, and disasters last for thousands of years. Gu Nanchen is full of bad water. How can he be in trouble? Xia Jinsheng was as anxious as if his heart had been fried on a frying pan. The phone can't get through. No matter how many times you call, it's turned off. The sun made people dizzy. Xia Jinsheng contacted Qin Wen again. As a result, it was confirmed that something really happened in the branch. Gu Nanchen has lost contact and is already negotiating with the local embassy and the person in charge "They told us to wait patiently." "Wait patiently?" Xia Jinsheng felt extremely ironic, "don't these people know that time is life? Every second, one person may die at any time because of their delay." She roared out this sentence angrily. She couldn't imagine what it would be like if Gu Nanchen had an accident. She was afraid that her hands and feet trembled badly and her whole body was cold. The sun seemed to be more sunburnt. She seemed to have a

sign of fainting. She didn't dare to take it lightly. She hid under the shade of the tree and didn't dare to fool around. Qin Wen understands her mood very well. He doesn't know how to comfort Xia Jinsheng except sending more people to find Gu Nanchen's whereabouts. The plane has been banned from flying to that country. Now they can't do anything but wait. This also alerted the old man. He will take charge of the overall situation of the company for the time being. Hearing the news that her son was in danger, Chu Yu was admitted to the hospital because she couldn't accept the exhaustion. Xia Jinsheng didn't hide this, little guy. Xia Yuxiu was much stronger than she thought. In turn, she comforted her. Xia Jinsheng was watching the trend on the Internet every day. Even a little fuss can make her stare at the computer for a long time. Her eyes have been covered with blood in two days. Near the eye rim is also thick cyan black, which is swollen from time to time because of tears. The whole family was dead. I had never felt that time was so difficult before, but at this moment, I really realized it. When Xia Jinsheng went to bed with the little guy every night, he would ask, "Tuanzi, your father is so bad that he will be fine, won't he? Maybe he'll be back tomorrow." "Um. It will." The little guy didn't know how many times she had answered this question. After watching Xia Jinsheng close her eyes and fall asleep, she dared to cry silently. No matter how strong she is, she is still a child who needs love.
