

《Sweet Marriage: Smart Cute Wife》

Chapter 161

The Jing family and the Fang family had a bitter fight. The two families had a hard time fighting a lawsuit, and there were all kinds of traps in business. It can be called the most wonderful tear man war of the year.

The two of the Jing family wanted people to stay in prison longer, but considering that both sides were minors, the judge finally sentenced the daughter of the other family to six months' detention.

It is said that on the day of the trial, the old man of the Fang family fainted in court and was sent to the emergency room.

Because he had not been involved in the dispute before, Xia Jinsheng was happy to go to an exchange meeting in the design circle with Wei Qing. What bothers me is that I have to go to s city for two days, and Gu Nanchen didn't agree from the beginning.

"Is that all right?" Wei Qing had a feeling of unknown Tao in her heart, "it will make me..."

"You think too much. I want to exchange and study." Xia Jinsheng hurriedly interrupted him. Sure enough, it was embarrassing to go out with people who liked him.

Heaven and earth can be learned. She never meant to betray Gu Nanchen. As soon as they got off the bus, someone came to pick them up to a remote and quiet village. At the entrance of the village, several children were playing jujube trees.

Suddenly there was a feeling of coming to seclusion.

"The organizer likes nature and has lived here for many years. I want to introduce the beauty of his place. " Wei Qing introduced her in detail.

Soon Xia Jinsheng saw the host, Joseph, a foreign man. In his early years, he traveled all over the world. It is said that he fell in love with a girl in their country at first sight and stayed since then.

Xia Jinsheng has a long reputation in the world. I didn't expect to see him here today.

Xia Jinsheng's soul was impacted. Soon her soul will be out of her body, just because about a dozen people come to this exchange meeting, and everyone is a big man with head and face.

For a small transparent, Xia Jinsheng wishes he could turn into a piece of paper and float with the wind. The farther away, the better.

When no one noticed, she quietly pulled Wei Qing's clothes, "why didn't you tell me there would be so many masters present?" There was tension in the ending, and the smile on Xia Jinsheng's face was stiff.

He asked, "if I told you in advance, would you still come?"

Sure enough, Xia Jinsheng shook her head firmly. When she met so many masters, her level was just like teaching others. She didn't find a hole to drill in. Has her psychological quality been excellent?

"Don't be nervous. Treat them as ordinary people. If you meet someone who is arrogant, you will be more arrogant than him. " Wei Qing had a long way to go and patted her on the shoulder.

After listening to his suggestion, Xia Jinsheng's old blood accumulated in her chest. She was more nervous. What is more arrogant than "arrogant people"? The people here are famous people in the world. They deserve some pride because they have capital.

She didn't have the strength to support, didn't she humiliate herself?

"Oh, Wei Qing, you also brought a child." An old man with white beard stood HALELY behind them. From beginning to end, his eyes fell on Wei Qing, as if Xia Jinsheng was not worth seeing at all.

Is contempt, naked contempt.

Xia Jinsheng was depressed but helpless. She didn't have the hobby of sticking a hot face to other people's cold ass. she sat quietly on the sidelines to listen to their conversation.

Many people regard her as the air. Xia Jinsheng listened carefully to their communication and found that many valuable contents were kept in mind silently. Soon I was fascinated. What she didn't know was that a pair of eyes had been secretly watching her

In Gu's villa, the little guy spread out his limbs and lay on the sofa. Gu Nanchen

worked on the sofa opposite him. She is very upset now because Daddy and Mommy seem to have a cold war.

But now Mommy is going to have a good time. She has to stay at home and get along with her father, who is in a bad mood. It's not a happy thing. She didn't dare to play cartoons or eat snacks.

There will be sounds. If you disturb him, her life seems to be in danger. The doorbell rings and she jumps down quickly, "I'll open the door."

"Shoes."

The cool voice behind her turned her around and rubbed her two little feet together. She put on her shoes skillfully and then went to open the door.

Outside the door stood Gu Ge and Ling Qiaoqiao, who were full of smiling faces. The little guy closed the door and locked them outside. Their smiles twisted and they began to hammer the door.

The movement attracted Gu Nanchen's attention. He came and opened the door, "what's the matter?" The little guy didn't have time to stop him. Gu Nanchen wanted to close the door like she did just now. Unfortunately, Ling Qiaoqiao and Gu Ge seem to be aware of his intention and join in directly.

In order not to have any physical contact with them, Gu Nanchen staggered and they entered the house. Ling Qiaoqiao's eyes flashed a pity, but he soon smiled, "Nan Chen, I came to see you. This little guy just shut me out of the door."

Dare to tell Daddy about her, xiaotuanzi first disagreed, "daddy said, don't open the door to strangers." She said it methodically, but Gu Ge twitched at the corners of his mouth. The little guy can say he doesn't recognize Ling Qiaoqiao, but they met more than once in the old house.

Her behavior was clearly intentional.

Gu Nanchen not only didn't mean to blame, but also touched her head and praised, "well done." Ling Qiaoqiao's face was like eating a fly.

"Just the two of you? Where's Jin Sheng? " Gu Ge dissolved her embarrassment and pretended to look around the room. They just came here when they knew Xia Jinsheng wasn't there“ She went out to study with Wei Qing. " Although she was not welcome, Gu Nanchen couldn't dry them there. He called the nanny to greet them. Continue to work by yourself as if you don't disturb me. Gu Ge and Ling Qiaoqiao are not idle. Near noon, they don't let the nanny come. They have to cook lunch for them. The

kitchen was like a battlefield for two people. The sound of banging was heard all the time. The little guy was worried and didn't want to see the truth. "Daddy, they won't burn our kitchen?" "If you burn it, you can drive them out." The fear is that they don't burn. Gu Nanchen's foreboding came true. Instead of burning the kitchen, they also made a table of delicious meals, which is nothing more than a five-star. The attractive aroma made the little guy's stomach growl, and the greedy insects in her stomach made her stare at the direction of the table. At this time, Ling Qiaoqiao smiled and handed over a bowl of white rice. So she was shamefully bought off "Nan Chen, would you like some?" Gu Ge helps and warmly greets Gu Nanchen. Unfortunately, he is coldly rejected. They didn't eat either. They sat next to him and talked to him. They could laugh like peacocks with a screen open. The little guy took a bite of braised meat and felt that the development in front of her seemed to be wrong. When she thought of a guest play two days ago, her eyes lit up. Isn't this the third party of the live version? They are interested in their father, and the little guy is enlightened. In line with the idea of not being a single parent child again, she kindly sent Xia Jinsheng a message: woman, your rival came to the door. I've identified it. The cooking is super good. After inputting the text, the little guy took two pictures on site, and then clicked to send them to Xia Jinsheng. The designers exchanged selflessness. Xia Jinsheng was hungry before he had anything to eat in the morning. The mobile phone was not muted. A Ding Dong sound prompted everyone to stop and focus on her. In an instant, she blushed and smiled apologetically at them before going out to reply to the little guy's news. The message content and the two pictures almost exploded in situ. The first one is a picture of the table full of food. The color is delicious. It looks delicious. Xia Jinsheng is even more hungry. The second picture shows the little guy eating a chicken leg with a greasy mouth, which makes the popular teeth itch. More importantly, behind her is the picture in the living room. Gu Ge and Ling Qiaoqiao tried to have fun around Gu Nanchen. I don't know if it's the angle. Anyway, what she saw was that Gu Ge's chest had been squeezed onto him. Like a balloon filled in an instant, Xia Jinsheng felt uncomfortable. She left less than a morning. Gu Nanchen not only flirted with her behind her back, but also led wolves into the house. Even the little guy's stomach was bought off. She felt that her status was threatened. She called out Gu Nanchen's phone number and sent a text message to ask: man, is your virginity still there? Gu Nanchen, who received this message, hooked his lips and focused his eyes on the little guy who was eating happily. The other party seemed to feel it. He turned around and smiled innocently... Almost ten seconds later, Xia Jinsheng received his reply with only four big words: sit still. Sit tight, sit tight... Xia Jinsheng angrily wanted to drop her mobile phone. She raised her hand to half and remembered that she was the one who had lost, so she gave up. Wei Qing followed her out with a soft voice like the wind, "what's the matter? Who provoked you again?" "Slag man." Xia Jinsheng blurted out that when he found it was him, his eyes turned and his hand was already on her arm. The little bird was very happy. Wei Qing was flattered and stiff. He couldn't believe the scene in front of him. He also became stuttered. "What's the matter with you?" "Come on, take a group photo and smile." With her face on the camera, Wei Qing understood what she meant. The joy that had just poured into her heart turned bitter after seeing her

send the photo to Gu Nanchen. It turned out that it was just to make someone jealous. Soon Gu Nanchen received her "return gift" and took a close group photo with Wei Qing. There was no gap between the two people. The mobile phone was patted on the table. A loud noise made Gu Ge and Ling Qiaoqiao tremble. They didn't understand why he suddenly lost such a temper. It seems to be related to text messages. Ling Qiaoqiao summoned up the courage to pick up his mobile phone and saw the picture above. It turned out that Gu Nanchen was angry for this. One hand pinched her wrist, and the coldness in his eyes could freeze the depths of people's soul, "didn't anyone tell you not to touch other people's things?" Or when did he allow her to do it in front of him? Ling Qiaoqiao was not convinced. He taught himself a lesson because of such a small thing, "just look, Nanchen, I'm worried about you. And Xia Jinsheng has gone too far. Obviously, he is with you and still hooks three and four outside. It's shameless."
