## C22 Don't Force Me

From the old man's words, everyone knew that he wouldn't let Xia Jinsheng move out with him temporarily.

Xia Jinsheng's face turned bitter and she became displeased. When she turned around, she caught sight of Gu Nanchen's sharp eyes and reflexively shrank back.

"Hmph." Gu Nanchen coldly snorted, he indifferently retracted his gaze, and from beginning to end, he was graceful.

When they finished eating, Gu Jun did not come down. Chu Yu called out to him a few times, but she was angered by Gu Jun a few times. In the end, the elder also came over and impatiently waved at the people at the table.

"We'll eat by ourselves, don't worry about him."

One by one, people began to move their chopsticks. The meal was very dull, and most of the people were not thinking about the dishes, as they had their own ulterior motives. Of course, the only exception was Lu Jun.

His appetite was not affected in the slightest. It was as if he had eaten a delicious meal, and was heartily eating.

Xia Jinsheng looked at him speechlessly. This guy must be the reincarnation of a hungry ghost. Although he knew that the Gu family's food was indeed as good as the 5-star food outside, it was rather embarrassing for him to be like this.

However, Lu Jun didn't realize this, and continued to call for everyone else, "Why are you guys so slow, enjoy this delicacy?"

She really wanted to choke the food in the bowl into Lu Jun's mouth and choke him to death.

Enjoy delicious food? Could Lu Jun really just eat like that? To the meticulous Gu family members, eating slowly was the most correct dining table etiquette.

But right now, Lu Jun was his boyfriend and almost became his fiancée. Following the principle of marrying a chicken and dog with a chicken, Xia Jinsheng gave him a set of Sweet 'n' Sour Ribs.

"Thank you, dear."

Lu Jun was immediately overjoyed.

She gave him a bashful smile and gave him another pair of chopsticks. "Honey, eat more."

Chu Yu smiled as she watched the two of them interact, while Gu Wensheng speechlessly twitched his mouth. As for Gu Nanchen, his entire body was releasing black Qi, was that alright?

"How is this possible?" Gu Nanchen angrily placed his chopsticks on the table, the dull sound immediately made everyone's heart tremble, their attention immediately snatched away.

"Second brother, this child doesn't know how to act. As an uncle, you should be a bit magnanimous and tolerant." Gu Wensheng also put down his chopsticks and took out a tissue to wipe his mouth.

After he finished speaking, Gu Wensheng's gaze turned towards Xia Jinsheng and Lu Jun who were sitting next to him, and he lectured: "It's for the sake of the heart, do you know that it suits Yu Li? "Love, love, go back to your room, and shame yourself by going back to bed."

"Boss's words are reasonable. I'll get this old man to arrange a house for Jin Sheng tomorrow. Young people love liveliness. Old bones like us can't shine at all."

Although Uncle Gu Wensheng and Grandma Chu seemed like they were scolding Xia Jinsheng, in reality, they were trying to help the two. On the other hand, Chu Yu even wanted to help Jin Sheng and Lu Jun to go over to Gu Jun's place to help them.

Gu Nanchen's face was so dark that he could squeeze out the ink from it, but this only lasted for a moment. He suddenly curled his lips and said: "Jin Sheng, what your uncle and grandmother said is very reasonable. In the future, don't bring Lu Jun back home anymore."

"Why?" Xia Jinsheng squinted her eyes. She was sure that this guy was avenging a personal grudge and didn't bring Lu Jun to her house. Then, how was she going to achieve her original goal? And Gu Nanchen's words were said completely in front of

Lu Jun, not leaving him any face.

Gu Nanchen was as calm as the wind, "A girl must be reserved, you cannot let others see you as a joke."

Other than him, how many other people could do such a thing?

She held Lu Jun's hand, showed the two of them the ring finger on their left hand, and purposely refuted him, "second uncle, we are already engaged, there is no need to be reserved towards our families, I'm just afraid that I will be more reserved, my darling will escape."

An ominous glint appeared in Gu Nanchen's eyes, and he trembled as if he didn't expect it. He wanted to retract his hand hesitantly, but realized that he was being held tightly by Xia Jinsheng.

At this moment, Xia Jinsheng fearlessly met Gu Nanchen's eyes, and their gazes met.

Chu Yu's eyes wandered around and she was stunned for a moment. The elderly habitually bit down on her chopsticks.

The atmosphere between Jin Sheng and Second Bro was quite weird.

"..."

That night, Xia Jinsheng and Lu Jun walked out of the garden in front of the Gu family villa one after the other. She did not say a single word.

Even now, he still had some lingering fear.

"Am I coming back tomorrow?" Originally, getting something to eat and drinking would earn him money, something that he would rather not do. However, looking at Gu Nanchen's atmosphere tonight, it was better for him not to get involved in the Gu family's mess.

"What is it? You want to go back on your word?" Xia Jinsheng turned her head and glanced at Lu Jun. It was fine if she treated Qian Ru as her own life, but he was afraid of death.

Lu Jun was about to argue when he was interrupted by him, "Alright, I'll give you another fifty thousand dollars. "The door is there."

She spread out her body, showing Lu Jun the road to the main entrance. The night was dark, and in front of the pitch black sculpted gate stood a cold and clear street light.

Lu Jun licked his lips, gritted his teeth, and calculated the number, "One hundred thousand. "Give me a hundred thousand and I'll continue to work."

The corner of her mouth curved in a mocking smile, and she turned around without any hesitation, leaving Lu Jun with a cold and arrogant view of her back, "Go ahead."

It wasn't that Xia Jinsheng couldn't afford such a small one hundred thousand, but she couldn't help but hate Lu Jun for getting so much money over and over again.

A human's heart is not satisfied, Xia Jinsheng would not allow this to happen to him. Her money didn't fall from trees. As a mother, she had to consider her own savings. From now on, this little guy's education budget was going to be an important figure.

Closing the door with a "clang", only the astonished Lu Jun remained standing in place.

Just as Xia Jinsheng returned back to her bedroom, the moment she closed the door, she was suddenly thrown against the wall by an external force, causing her body to hit the cold wall with a dull thud, before she groaned in pain.

Thinking that something had happened to her, she tried to call for help, but the cold fragrance coming from that person's body rushed into her nose. Soon after, something soft covered her lips and swallowed her in one gulp.

"Ugh ..."

Xia Jinsheng's mind was blank, her body had already instinctively reacted - she closed her eyes to feel his punitive kiss, and her arms wrapped around the man's strong waist to prevent herself from falling down miserably.

Gu Nanchen's kiss had no pattern at all, it kept on tearing at her, the little lumps of tender flesh, the beastly man wanted nothing more than to tear a person's bones apart and put him into his stomach.

Little by little, it was eaten and wiped clean. Although his actions were a bit rough, this did not stop the two people from gnawing on each other happily. They were moved by the pain.

Xia Jinsheng who had a lack of oxygen in her brain blurrily thought of a phrase to describe her current situation. This was "be happy while feeling pain".

Unknowingly, the two of them had moved the battlefield to the big bed. With a "Rip" sound, Xia Jinsheng's thin lace white shirt was immediately ripped into two halves, exposing her skin to the cold air.

Facing Gu Nanchen's passionate and passionate gaze, she suddenly shivered. With a lift of her leg, he kicked the man who was lying on his body off.

"Ugh ..." Gu Nanchen let out a painful cry as his entire body fell to the side and curled up into a ball.

Cold sweat poured out of her, and all the blood in her body froze.

It was as if she had kicked something incredible, soft yet a little hard ... Xia Jinsheng was immediately petrified, and mechanically looked at a part of Gu Nanchen that was difficult to say, and could not help but swallow his saliva.

"Gudong."

Gu Nanchen gnashed his teeth in anger, without saying a word, he pounced like a ferocious tiger on its prey, and firmly pressed her beneath him. Pulling off that annoying last bit of cover, two milky white balls jumped into his line of sight.

As his brain heated up, he faced that lump of snow-white skin and took a deep breath ...

Ah!

Xia Jinsheng was sorrowful, her small face was so aggrieved that it became the wrinkles of a bun, and tears started to appear in her eyes. So that it wouldn't hurt.

"Hmph." Gu Nanchen was satisfied, he crawled up from her body, satisfied, and then licked his lips sexy, the tip of his red tongue was filled with a captivating charm.

She stayed there for a second, sighing at the devilish genius who brought calamity to her country.

"Are you a dog? "Biting." Scoundrel, speaking of this, Xia Jinsheng felt waves of pain on her chest. She subconsciously tried to knead the flesh in an attempt to alleviate the pain, but at this time, her other restless hand also covered her and rubbed it lightly, provoking her.

Xia Jinsheng's face darkened. With a slap, she removed a certain someone's beautiful claws and grabbed a thin blanket beside him.

He chuckled, and acted as if he was going to pull the thin blanket off Xia Jinsheng's body, "This old man and her wife, what is there to be embarrassed about?"

Her face was red and angry. He used all his might to hold tightly onto his blanket, and kicked at Gu Nanchen again. But this time, he had taught Gu Nanchen a lesson, how could he not be wary of her?

"Be careful, what if your happiness is ruined with a kick?"

"Pfft." Xia Jinsheng glared at the man who spoke such shameless words, feeling aggrieved in her heart. What the hell is happiness? [The happiest guy every time is that hateful man, alright?]

Thinking about how he had tortured her to death time and time again, Xia Jinsheng couldn't wait for that thing to disappear.

As a result, not only did Jin Sheng's leg not hurt Gu Nanchen at all, he even grabbed onto Gu Nanchen's ankle. When Xia Jinsheng received Jin Sheng's gaze, which was filled with a smile that was not a smile, Xia Jinsheng's hair immediately stood on her back.

second uncle, if you have something to say, let's talk about it. A wise man does not fight when the odds are against him, Xia Jinsheng softened her body and retracted his leg while smiling, but it was completely useless.

What else could it be? Gu Nanchen would never buy her.

Knowing that this method was useless, she changed her strategy and shouted: "second uncle, if you don't let me go, I will call for help."
