

Chapter 1191: was really missing

Yan Huan smiled. She was also secretly laughing at herself for thinking too much. Yes, how could there be so many missing people. She stretched out her hand to the two children. "Xiao Qi Xiaoguang, let's go to bed. We'll go to school after we wake up." "Okay," the two children answered at the same time. One of them grabbed his mother's hand and went to sleep in his own little bed. Yan Huan didn't take this matter to heart. Of course, he didn't really think that ye Xinyu would go missing. It wasn't until a few days later that Lu Yi realized that something wasn't quite right. He went back to ye Xinyu's house again, thinking that ye Xinyu should have come back. However, when he went there, the house didn't seem to have been moved at all. The nanny didn't come over to clean it recently either, because ye Xinyu would be there, and if ye Xinyu didn't live there, he would definitely tell him. However, he didn't say anything and didn't come back. So, where did he go? He took out his phone and dialed a number for Lei Qingyi. "Help me check if that Brat ye Xinyu has any record of leaving the country?" Lei Qingyi found out very quickly and dialed back the number, "I've already checked. Within these few days, ye Xinyu only booked a flight from a foreign country to Hai City about half a month ago. He hasn't moved since then. He should still be in Hai City." "Check again." Lu Yi didn't really believe that ye Xinyu would be in Hai City. If he was still in Hai City, given ye Xinyu's character, he would definitely come back here. It wasn't that he had nowhere to go., however, ye Xinyu was a little strange. He didn't like staying in hotels. Moreover, the Ye family now had Sun Yuhuan, so he wouldn't go back. As for Ye Chuji, he felt that ye Chuji was controlling him. He had no freedom wherever he went., so he wouldn't go either. And now, it was obvious that he hadn't come back for a few days. Where could this person go? "What?" Ye Chuji stood up. "You said that Xinyu didn't go back to school, and he came back half a month ago?" "Yes." Lu Yi leaned his back against the wall behind him. "He came back half a month ago, and he happens to be staying here with me. Has uncle seen him recently?" "No. On the anniversary of your grandmother's death, he came back once, and then he left right away. He said that he was going back to school for an exam." Even now, Ye Chuji still thought that his son had gone back a long time ago. He was overseas now, and he was currently studying for his master's degree abroad. Why didn't he inform him that he had returned a long time ago and that he hadn't returned to school yet, was it because of pi song? After Lu Yi hung up on Ye Chuji, he dialed Ye Xinyu's number again, but the result was the same. The call couldn't be connected. On the other side, Lei Qingyi was still checking the phone records of ye Xinyu's phone. The last call was made from an unknown number, and this unknown number was a black number that had now become an empty number, even if he wanted to check, he was afraid that he would not be able to find out who the previous owner of this number was? And the troublesome thing was that this last number was called five days ago. In other words, five days ago, Ye Xinyu had contacted the owner of this black number. He did not know why, nor did he know why? After this call, he did not make any more calls. There was no record of him making any calls, and there was also no record of him making any calls. Based on Lei Qingyi's long experience in handling cases, there was an 80% chance that something had really happened to ye Xinyu. When Yan Huan heard that ye Xinyu had gone missing, his eyes widened. "What did you say? He really went missing? How is that possible?" Yan Huan had never even dreamed that his mouth could be so sharp. It was just a casual remark, and he had really gone missing. In this day and age, why did it become so popular to go missing. "You didn't look for him?" Yan Huan didn't believe that ye Xinyu would go missing. It was mainly because ye Xinyu had a criminal record. He liked to run around and sometimes, on a whim, he would take a trip and leave, and when he appeared again, it was already

a long time later. Therefore, Yan Huan really didn't believe that he was missing. It was possible that he had gone missing on purpose. "I've looked for him." Lu Yi came out of the kitchen. He was wearing an apron and was holding a bowl of soup in his hand. He then placed the bowl of soup in front of Yan Huan. However, Yan Huan could not eat it now. Although ye Xinyu was a cousin, he was like a biological brother at times. He was really hated and loved. He really did not know how he was born and how he grew up to be so big., how did he suddenly disappear? He wasn't her, so how could he have so many enemies. He drank it first. Lu Yi blew on the bowl and also cooled down the medicinal cuisine in the bowl. He didn't want to burn his mouth when Yan Huan was about to drink it. The medicinal cuisine was very hot, of course, the taste wasn't very good. It was originally a medicinal cuisine, not a sweet soup. Yan Huan could only take the bowl from her hand and drink it one mouthful at a time. However, no one knew where ye Xinyu went. Yan Huan still had a feeling, it was ye Xinyu's own kind of travel that he would leave at will. It might be more suitable. However, Lu Yi had a different thought. Something had indeed happened to that kid. If they asked him anything, he could only say that it was a feeling. Yes, it was a feeling. After a few more days, they still could not find ye Xinyu's whereabouts. The school had also asked, but he still did not go back, and no classmates knew about his matter. Only Wang Bin knew, but he did not dare to say that ye Xinyu would be beaten to death if he went out to play. Of course, he did not dare to say that ye Xinyu went to investigate the matter regarding Sun Yulu, D, N, a, but when he thought of what ye Xinyu had said., he felt that it was better not to say anything about this matter. After all, this was his bad idea. He did not know where he had read so many romance novels. Therefore, he felt that it was better not to say anything about this matter, if these things that the two of them had done were to be revealed, it was likely that ye Xinyu would not be liked by his grandfather again. Therefore, after thinking about it, he still did not say anything about this matter. Moreover, he was thinking the same thing as Yan Huan. Ye Xinyu went out to play for no reason. Ye Xinyu said so himself. Of course, he did not really go out to play. Wang Bin was not in the country, he was not in Hai City, and he was not in the Ye family. Therefore, he did not know that ye Xinyu had actually gone missing. He could not get through to his cell phone, and he had not returned. He had not contacted ye Chuji for a few days. Moreover, it was almost the birthday of Lu Yi's three children. Every year, ye Xinyu might forget his own birthday, however, he would never forget the birthdays of his three children. No matter what happened every year, he would rush back in advance to celebrate the birthdays of his three children. It had been the same for the past two years, he would never miss the birthdays of his three children.

Chapter 1192: was really missing

"Let's wait for a few more days." Lei Qingyi's face was as long as a horse's face. "When we look for them for their birthday, let's see if that damned kid will come back. Is it possible that he's really hiding?" But what could he hide from? Even Lei Qingyi didn't know that. He was a good person. He didn't do anything wrong, and no one beat him up or beat him up. All he did was turn Lu Yi's house into a pigsty. It wasn't like he hadn't done these things before. In the past, when he was thrown out by the Lei family., the two of them had cleaned up the pigsty for him many times, but they didn't see him get up so often that he died without seeing anyone. That Brat Bai had always been thick-skinned. He would soon make another pigsty out of it. And they were counting the days. The three children's birthdays happened to be on this day. During this time, because of ye Xinyu's matter, Lu Yi felt that it was necessary to tell everyone about Yan Huan's stay in the garden. Although everyone was surprised, they all understood. It could also be because they had done it once., therefore, this time, they accepted it quickly. But even so, he did not

let others know what had happened to Yan Huan in the past. Her drug addiction and AIDS were some things that could not be said. Otherwise, it was likely that the entire family would not be able to rest in peace. Lu Yi bought a big birthday cake for the three children. He did not invite anyone. He only invited his own family, the Lei family, and Luo Lin. They all knew that Yan Huan was in the garden. The three children's birthdays didn't need to be very lively. They were still too young, and it was enough for their own family to celebrate. They were afraid that it would be too small and they wouldn't be able to suppress such a big occasion. It was just that this birthday was a little depressing. Lei Qingyi looked at her watch from time to time. She didn't know what she was waiting for, but she was always a little absent-minded. Even xunxun's little face, which he always liked, did not make her focus. If this was in the past, she would probably hug Xunxun and not let him go. It was strange today, the three children did not fall into his eyes. Instead, they kept staring at the door. He did not know what they were looking at. At night, the three children were picked up by Ye Shuyun. The old man hugged xunxun and did not let him go. He had no choice but to leave. Yan Huan really did not have the time to take care of the three children. Ye Shuyun had yet to know about ye Xinyu's matter. "Has Xinyu come back yet?" Yan Huan took the time to ask Lu Yi. Today, they said that they were celebrating the three children's birthdays, but in reality, not many people were really thinking about birthdays. Lu Yi shook his head. "There's no news of him." Yan Huan felt as if something was pressing down on her heart, and she felt a little uncomfortable. "What's Wrong?" Lu Yi hurriedly made her sit down. He was also squatting in front of him. Was He feeling uncomfortable again? was he about to commit a crime? "No." Yan Huan shook her head. She just didn't like the word 'missing' very much. She hated the word very much, and also hated the word 'missing'. And she didn't expect that one day, this word would also happen to her, it would also happen to her. Did the Ye family offend anyone? Yan Huan rested her head on Lu Yi's shoulder. She was actually a little confused now. What was going on? If ye Xinyu really went missing, then these people.., what did it have to do with the person who kidnapped her last time? Was it that brother Hua? But why did they kidnap ye Xinyu? Was it because of money? But it had already been a few days. If it was really because of money, shouldn't they have made a ransom call? But there was nothing. It was just like what happened to her last time. They were not afraid of those who really wanted money. Because no matter what, as long as it was something that could be solved with money, it would not be anything. The Ye family did not lack money now. As long as the other party wanted it, Ye Chuji could take out as many as he wanted, she was afraid that they did not want money, but for some special things that they simply could not figure out. What she was even more afraid of was how those people would treat ye Xinyu, whether they would do the same to her back then. Lu Yi gently patted Yan Huan's shoulder and comforted her. As for the matter of ye Xinyu, he was at his wit's end. As for the Ye family's enemy, it was the Su family. However, if the Su family wanted to kidnap ye Xinyu.., it wouldn't be at this time. If they kidnapped ye Xinyu now, there wouldn't be anything at all. Hence, this was why they couldn't come up with an explanation Just who did ye Xinyu offend? Yan Huan was actually a little afraid now. She always felt that it was very dangerous. Just by her side, it would only take a few seconds for those people to find her. "Don't be afraid, it'll be fine," Lu Yi comforted her. "They won't be able to find us here. Trust me, I'm still here." Yan Huan nodded her head lightly, but her heart was still a little uneasy. She opened her eyes and through the window not far away, she could see half of the sky. She didn't know when, but the entire sky had started to become gray and heavy. It might not be long before.., it was another cloudy and rainy day. At this time, the sky was heavy, and she could not breathe. She was like a fish in the water. The wings of her nose kept trembling, but she could not catch any air. "Huanhuan, Huanhuan..." at this moment, someone seemed to be calling out to her, but she could not

find the voice. Her neck seemed to be stuck by someone. It was very uncomfortable, and she still wanted to take large mouthfuls of air, however, the air that could enter her lungs was becoming less and less. It was so little that she began to grab her neck with her hands. There was also the hoarse sound of something tearing out from her throat from time to time. "Huanhuan..." Lu Yi gently patted her face. Why was she sleeping so well? She was suddenly in a nightmare. She could not wake up even if she called out. Her forehead was already covered in cold sweat, and her entire face was red from holding it in. Suddenly, Yan Huan opened her eyes and began to breathe heavily. Drops of cold sweat dripped down from her forehead and seeped into her clothes through her chin. At this moment, a warm towel carefully wiped her face and her breathing began to calm down bit by bit. Her sweat stopped and she woke up. "I had a dream." Yan Huan held Lu Yi's hand tightly. "I dreamed that I had become a fish out of water." That kind of feeling was very terrifying. There was a lack of oxygen and darkness. "It was just a dream. It's fine." Lu Yi touched Yan Huan's forehead. She was no longer perspiring, but she felt that her body temperature was a little low. It was unknown whether it was because she was scared or because she had perspired too much just now., "I'll go get you a glass of water." Lu Yi placed the towel to the side and walked back in a short while. He had already brought a cup over and placed the cup in front of Yan Huan, "Drink it."

Chapter 1193: fish out of water

Yan Huan passed the cup and drank the water one mouthful at a time. The water had a sweet taste to it. Did Lu Yi put sugar in it? After drinking the cup of water, she felt a little more comfortable. Her entire person also had some strength. However, the pain of near death and being unable to breathe in her dream still made her body remember that uncomfortable feeling. She gently exhaled. When Lu Yi lay down, she was also lying on his arm. Just like that, she leaned against his body and fell asleep with his body temperature. This time, she did not dream, and she still dared to sleep because she knew that he was here, because she knew., that he would always be here. And she had never thought that if he left her. What would she do? It would be just like the flood last time. She thought that if it happened again, she might really not be able to hold on. Actually, they were all selfish people. There was not much that their hearts could accommodate. Even if they were three children, if it really had to be necessary, their choice would still be to be selfish towards each other. Lu Yi placed his hand on Yan Huan's hair and gently caressed it, comforting her heart from the shock just now. "It's Alright, don't be afraid," he comforted softly. He closed his eyes too, but he couldn't fall asleep. He just wanted to know who the person behind the scenes was. And who exactly did ye Xinyu offend? However, based on ye Xinyu's character, he could not offend him. Others must have tied him up. Could it be because of ye Xinyu's face? But it was also impossible. Ye Xinyu could not be so unlucky, he would meet the kind of person who took a fancy to his face. After Yan Huan fell asleep, he took out his notebook and began to type on it. His fingers were very fast, so fast that one could almost see the shadow of his fingers, it was the sound of the keyboard being tapped in the past. Yan Huan opened her eyes and listened to the sound of the keyboard being tapped. She turned around and fell asleep again. That night, she did not have any dreams. She did not have any nightmares or sweet dreams. When she opened her eyes again, the sky outside was already bright. She hugged the blanket. She did not really want to get up. Perhaps it was because she did not sleep well yesterday. The door opened with a creak. She still had her eyes closed. When she heard the familiar footsteps, her eyelashes fluttered. She sighed softly and a warm palm was placed on her forehead. "Don't you want to get up?" Lu Yi sat down and stuffed her hand back into the blanket. "No." Yan Huan leaned against her hand and used his arm as a pillow. "Then I won't get up."

Sleep a little longer.” Lu Yi was absolutely indulgent towards her. Yan Huan had almost destroyed his body in the past few years. He wouldn’t be able to make up for it without a few years. Hence, she could forget about filming and just continue to take care of him. Linlang could live without her. If the entertainment industry lost her, there would be other movie queens. However, if Lu Yi lost her, there would be no wife. If the child lost her, there would be no mother. Therefore, right now, she only wanted to take care of her body. She wanted to live until she was old. She wanted to live until her child married his own child. Only then would her life be complete. Lu Yi gently placed his finger on her forehead. He only prepared to leave after she fell asleep. Ye Xinyu had yet to be found. They still had to think of a way to dig that kid out. Otherwise, the roots of the Ye family would be broken here. Of course, Sun Yuhan was not counted as a member of the Ye family. At the very least., she was not included in Ye Yinji’s heart. After Old Master Lu was gone, Ye Chuji and Sun Yuhan would definitely stay out of each other’s way. Perhaps they would not find trouble with her, but they would definitely not treat her as well as ye Chuji did. Lei Qingyi threw the pen in his hand into the pen holder. He had been thinking about it for a few days, and had also been searching for it for a few days. Up until now, he still could not figure out who had captured ye Xinyu. “Say, do you think someone has taken a liking to his face?” Lei Qingyi asked Lu Yi. Ye Xinyu’s face looked a little angry and resentful. Could it really be because he was too good-looking that he lost himself, for example, he wanted to capture him as something. “No.” Lu Yi put down the cup in his hand and tapped lightly on the edge of the cup with his finger. “How did you know?” Lei Qingyi placed his feet on the table. Otherwise, who would have designs on ye Xinyu for no reason? “I’ve checked,” Lu Yi said faintly. “You’ve checked too?” Lei Qingyi almost spat out the water that he had just drunk. It turned out that he wasn’t the only one who had such thoughts. Even Lu Yi had the same thoughts. So, this road really couldn’t be taken? If it wasn’t for such a reason, then what was it. Love killing? Ye Xinyu hadn’t opened his eyes yet. He didn’t have a girlfriend either. Looking like that made women uncomfortable. If he were to find a girlfriend, would he want the woman to commit suicide or die of shame. Revenge killing? Did that Kid have any enemies? It did not seem like it. He had never heard of it before. Moreover, with his little bit of guts, what enemies did he have. “If he’s gone, then who will benefit the ye family the most?” Lei Qingyi asked Lu Yi. “Can’t You Guess?” Lu Yi did not want to answer this question, because this question was a little stupid. “It was you in the past, and now it’s Sun Yuhan.” Lei Qingyi told the truth. However, Lu Yi would not want anything from the Ye family. What he wanted, he could earn with his own hands. Moreover, the Lu family’s foundation was different from the Ye family’s. The Lu family’s foundation was in politics., while the Ye family’s foundation was in business. Lu Yi still liked to be his prosecutor. He did not really like doing business, but he had to say that this was the truth. If ye Xinyu did not exist in this world, everything in the end., would probably be given to Lu Yi. It was another matter if he didn’t want it, but it was another matter if he gave it to him. As for Sun Yuhan... Lei Qingyi sat up straight. “Was it Sun Yuhan who did it?” “Does she have that much courage?” Lu Yi raised his eyes and glanced at Lei Qingyi, “She has already obtained half of the Ye family’s assets. This is also the ye family’s limit, and it’s also the limit that she can bear. She isn’t that daring to do such a thing unless she has an absolute reason.” Yes, this could be completely guaranteed. Sun Yuhan wasn’t a smart woman. She was vain, lazy, and afraid of being poor. However, she absolutely didn’t have the courage to make a move on ye Xinyu. “Maybe there really is?” Lei Qingyi stood up. “Maybe ye Xinyu found out about something, so that woman killed him to silence him.” As he spoke, he put his hand on his neck and forcefully wiped it over.

Chapter 1194: a dog will jump over a wall when it’s desperate

Lu Yi placed the cup in front of the table with a bang. He didn't know what he had broken? Sun Yuhan looked at her fingernails and was very satisfied with the nails she had done today. She glanced at Lu Yi who was sitting in front of her and lowered her head, she also hid the coldness in her eyes. "What are you doing here? I think my grandfather doesn't want to see you," she mocked Lu Yi, she also mocked all the people who were related to Yan Huan. Ye Shuyun, Lu Yi, the Lu family, Linlang, and Ye Chuji, who never gave her face. Lu Yi looked at Sun Yuhan up and down. He wanted to find something from her, but there was nothing. Was this woman too good at disguising herself, or was it because she really didn't do anything. "Ye Xinyu is missing." "Is it related to me?" Sun Yuhan pursed her lips. Then, she pushed the wheelchair and walked towards her room, "I'm a cripple now. Do you think I have the ability to do anything to ye Xinyu? Do you think I dare to do anything to Ye Xinyu?" Yes, she knew in her heart that ye Xinyu's disappearance was related to her. But so what? As long as she didn't admit it, who could still pin the blame on her? And this time, she refused to admit it. What was going on.., did she still want to make a confession like the ancient times? Unfortunately, unfortunately, this was not the ancient times. This was a society ruled by law. As long as she insisted that it had nothing to do with her, no one could do anything to her. She still wanted to live. If she admitted it, it was not because she felt that her life was too long. As for her life, she still cherished it very much. Of course, she also valued her life more than others. Ten Lives of others could not be compared to her life. Of course, she also knew how to protect her life. Sun Yuhan closed the door with a bang. Lu Yi stood up. Just as he was about to leave, he met ye Jianguo who had just returned. "What are you doing here?" When ye Jianguo saw Lu Yi, his face also became long. "I've already said that our ye family doesn't welcome you. If there's nothing else, don't come to my place in the future." He didn't welcome anyone here right now, including Lu Yi. "Grandfather," Lu Yi called out. "Don't call me grandfather. I Can't take it when you call me grandfather." Ye Jianguo had already broken all decorum with Lu Yi. Since they had already broken all decorum, there was no need for these titles. Hypocrite. In any case, he wasn't the one who gave birth to Ye Shuyun. With so many things happening, some of them couldn't return to the past. Since he couldn't return, he didn't treat ye Shuyun as a daughter, that daughter also did not treat him as her father, so what kind of grandson did he have. Lu Yi pursed his thin lips and did not argue with ye Jianguo "You are not welcome at my house." Ye Jianguo pointed to the door. "Get lost right now." Lu Yi's footsteps went out, but he stopped again. "Grandfather, Xinyu is missing. Aren't you worried?" He still called him grandfather not because he wanted the ye family's things, but because ye Xinyu's life and death were still unknown. It was more because there were still no clues. Ye Jianguo's expression hardened as he slammed the door shut. Missing, missing was good. That Little Bastard didn't even treat him as a grandfather anymore. What did he care about him? Even if he died outside, it was his own business. What did it have to do with him? However, even though he said so, he was also stubborn in his heart. However, he had to admit that all of his frustration was because of the name ye Xinyu. Why didn't he die outside? Why didn't he die outside. He suddenly slammed the table hard, scaring the servants in the house. They quickly hid to the side and didn't dare to go over anymore. They were afraid that the old man would get angry and burn the house down. Fortunately, they were in the Ye family now. However, when they were in the Lu family, they knew what it meant to get angry. At that time, Old Master Lu's temper was that he would throw things at people when he got angry. However, ye Jianguo only smashed the table, which was already considered friendly enough. Sun Yuhan pushed the wheelchair out. Ye Jianguo's face, which was originally long, always softened when he saw his granddaughter. "Why haven't you gone to Bed Yet?" He asked with a smile, but anyone could tell that the smile on his face was a little stiff. It was clear that he didn't really want to smile. It was probably just a fake smile. "Grandpa, I

Can't sleep." Sun Yuhan pushed the wheelchair over and reached out to hold ye Jianguo's hand. "Grandpa, don't worry. Xinyu is fine. Maybe the kid is just playing around and went to find a classmate to travel. He's always like that, right?" "That Brat is always like that," ye Jianguo said, but he always felt a little absent-minded. He was also a little perfunctory to Sun Yuhan. He didn't know if he thought of something or was worried about something. "Why did he come to You?" Ye Jianguo lowered his head and asked Sun Yuhan. Sun Yuhan was stunned for a moment and then bit her lip. It was obvious that she was in pain. "He came to ask me if I was the one who attacked Xinyu." Ye Jianguo's expression changed immediately. "Grandpa, you know I Won't," Sun Yuhan denied. Her eyes also turned red, "You also know that I don't have much ambition. I'm not good at doing business. If the Ye family is in my hands, I won't be able to protect it. Xinyu is your grandson and he is the child of the Ye family. How could I attack him? Besides, I'm like this..." she touched her leg, she couldn't even walk now. She was like a cripple staying at home all day. How could she lay a hand on others? Did they think that she was too capable. "Grandfather knows that you won't do such a thing. Grandfather believes in you." Ye Jianguo gently stroked his granddaughter's hair. Regarding this, ye Jianguo still believed in his own judgment. Sun Yuhan wouldn't do such a thing, because she really didn't have the guts. Yes, Sun Yuhan was timid. She really didn't have the guts. However, sometimes it seemed that many people would forget a sentence. Desperate. If she encountered a situation that endangered her life, even the softest rabbit would one day bite her. Sun Yuhan leaned on ye Jianguo's knee with a face full of yearning. Of course, her acting skills were off the charts at this time. She acted like a cousin who was worried about her cousin. Therefore, sometimes her acting skills in life were much better than her acting skills on TV. It was also rare that people liked to act as themselves. Obviously, the current Sun Yuhan was acting as herself.

Chapter 1195: her methods

At night, Sun Yuhan lay down. She was still unable to move and needed more than half a year to recover. The Doctor had said that for the sake of her leg, she had to do nothing in the end, otherwise, if she were to be injured again, even the gods of Daluo might not be able to save her. At that time, she would really be crippled. She had just fallen asleep, so she sat up as well. She opened a drawer at the side and took out a cell phone card from the drawer. This cell phone card belonged to ye Xinyu. Fortunately, this was not lost, and she was still useful. She then threw the cell phone card into the drawer. When she lay down, her entire person was laughing wildly. That was why she said, don't provoke her, and also don't cross her bottom line. It was true that she didn't want to kill anyone, but if someone else wanted to kill her, then she had to apologize. For her own life, other people's lives were nothing. With a bang, the light was extinguished by her. In the darkness, it was as if the light in her eyes could still be clearly seen. It was almost as if it was stuck to an ice-cold surface. She had already reached this step. She couldn't retreat, so she could only advance. If anyone wanted her life, then she wanted their life. If anyone stood in her way, she would kill them. At this moment, in the Lu family's residence garden, Yan Huan brewed a cup of flower tea for Lu Yi. She also took a cup of tea. The way she brewed the tea was quite interesting. It was very clean and also very beautiful, although it could not be said that she was too professional, she had already obtained a trace of the essence. It was already enough to carve into her bones and be etched into her eyes. She picked up the cup and placed it by her lips. She took a sip of the tea. The fragrance of the tea was a little bitter. The water seemed to be too hot, but it could still enter her mouth. She wasn't Picky and didn't actually know much about it. However, Lu Yi liked it, so he knew a little about it. "The water is too hot." Lu Yi poured another cup for himself. The first

cup was slightly astringent, so the second cup was probably just right. "Then I'll exchange it for cold water next time." Yan Huan poured another cup for herself. She admitted that she did not have great taste. She only had taste in clothes, character, and acting, but she really did not have any tea. No matter how good the tea was, when it came to her.., it was just like drinking a donkey. She could not taste anything. In any case, it was the same taste with her. There was no taste at all. "She won't admit it?" Yan Huan poured himself another cup. This was already her fifth cup, but she still couldn't taste anything. If people knew, they might really laugh at best actress Yan. So.., her tea was actually so bad. "What do you think?" Lu Yi sipped the tea in his cup. The tea fragrance permeated the air, but he didn't get into it. "I don't think so." Yan Huan knew that only a fool would admit it. Sun Yuhan, on the other hand, had been acting all these years. She was a scheming person. She propped up her face on the table and shook the Teacup in her hand. The Teacup was a small kung fu teacup. If she lifted it up and placed it in front of her, she would find that it was almost transparent under the lights in the room. It was a beauty that was detached from the secular world. "I have an idea." She put down the Teacup and her eyes also started to smile. "I don't agree." Lu Yi put down the Teacup. "I won't let you do it." "But this is the best idea, right?" Yan Huan brought the Teacup in front of her, "And I don't want to wait any longer. Waiting will always be a long suicide. Our time shouldn't be spent on these words." She lowered her eyes slightly. Her fair fingers were as pure as orchids, but who knew that the sins that had happened to her in the past were not brought here by herself, but given to her by someone else. If she didn't return the gift, she felt that she would suffer a great loss. and she, Yan Huan, would never do such a thing. She would suffer anything, but she would never suffer a loss. She would never suffer such a great loss. Lu Yi put down the Teacup and placed his hand on Yan Huan's face. "You must be holding it in too much, right? I Won't let you go out or let you see anyone, so you can only see me here." "It's alright." Yan Huan did not feel that he was holding it in too much. "It's just that it's time." Mm, it's time. The Su family had already probed, so it was time for the Ye family to start. Ye Chuji's head was already spinning. Where did that Brat Ye Chuji go? He didn't even let his hair turn white. Although, there wasn't a day that he didn't scold that Brat in his heart. But that was his son after all, and his only son. If something really happened to that brat, why would he still stay in the Lu Family? Was it all to serve the people? He grabbed another handful of his hair, but in the end, he grabbed a handful of his hair, which was mixed with a lot of white hair. Only now did he admit that he was old, really old. Shu Yun's grandchildren were already three years old, and there were still three of them. The Lu family was complete, and she was doing the Lu family justice. But he had let down the ye family. If something really happened to that Brat, Ye Xinyu, the Ye family wouldn't even have a successor. Not to mention Sun Yuhan, Ye Chuji wouldn't admit it. If the Ye family ended up in that woman's hands, he wouldn't be able to rest in peace even if he died. He wouldn't even want the Ye family's airport. Dream on.., he wouldn't give a single cent to that Sun Yuhan. Not to mention that she was his sister's daughter. Lu Yi was also his sister's son. Based on how Yan Huan saved the entire ye family back then, Lu Jin dug ye Xinyu out from the ruins. He only acknowledged ye Shuyun as his sister and Lu Yi as his nephew. Even if his Xinyu could not be found, Sun Yuhan, he would not be able to get a single cent from the Ye family. At this moment, the phone that he put aside rang. He took the phone and placed it by his ear. "Uncle, it's me." "Lu Yi." When Ye Chuji heard Lu Yi's voice, his heart could not help but raise. "Is there any news from Xinyu?" "Not yet." Lu Yi stood in front of the window and looked at the dark sky outside. There were actually some things that he didn't want to say or make such a decision. "Uncle, I want to ask you for a favor." Sun Yuhan pushed her wheelchair and walked in the courtyard. At this time, everything outside was already complicated. The birds were flying and the grass was growing. Her mood was also like the weather at this time, gradually

improving. Her legs were also growing. After waiting for a few months, everything would be fine. Her legs would be fine and she could walk. She could then go back to being her star, and there was no longer anyone or anything in this world that could stop her from succeeding. She sat on the wheelchair and watched the setting sun gradually set. She drank freshly ground coffee and the diamond ring on her finger was unusually eye-catching. She narrowed her eyes and was actually a little sleepy. Was it because she was in a good mood or because the wind was too comfortable? The wind that blew on her body was pleasant and beautiful. Everything made her relax as well.., as well as beautiful.

Chapter 1196: pretending to be a ghost

She thought that she was the big winner in this life. She didn't know how long she slept. When she opened her eyes, it was already night time. The sky was already dark. She pushed the wheelchair and was ready to go back. It was a little cold outside, but of course, it was going to be dark soon. Suddenly, a gust of wind blew. It was different from the usual cold. It seemed to have entered the eerie bone and was somewhat uncomfortable and numb. She pushed the wheelchair forward and was about to open the door. In the end, she pulled the door with all her might, but the door did not budge at all. "Open the door, open the door!" She slammed the door with all her might. "Open the door, open the door for me. are all the people inside dead?" She slammed the door with loud bangs, but no one came to open the door for her. Another gust of wind blew past, and she could not help but shiver, she banged on the door again in anger. They didn't want to stay here anymore, did they? They actually dared to lock her outside. Tomorrow, they would all get lost for her. She banged on the wheelchair hard in anger. When she turned around, she saw a black shadow in the wind. Her heart couldn't help but jump. She didn't know why.., she shivered. "Who, who is it?" She stammered. Her throat was so tight that she couldn't make a sound. Even her body trembled from time to time. "Who, who is it? Who is playing tricks on me?" She almost screamed. She slammed the door hard and was so scared that she was about to cry. Sun Yuhan was not afraid of anything. She was not even afraid of murder and arson. She was really afraid of ghosts. What she was afraid of was that her body had no strength and the hair on her body stood up one by one. Suddenly, a rustling sound came from behind her. It seemed that the wind was blowing on the leaves, and it seemed that someone was stepping on the ground. The sound of footsteps fell heavily on the ground. "Who is it?" Sun Yuhan suddenly turned her head and saw a woman wearing a black cloak. Her body was almost covered by a black dress, and even her face was covered. "Who are you?" Sun Yuhan wanted to stand up, but she suddenly moved so hard that a heart-wrenching pain came from her leg. Her forehead was full of cold sweat. She didn't know whether it was because of the pain or fear. "Don't you recognize me?" The faint sigh was like a ghost that crawled out of Hell. It almost made Sun Yuhan Scream. Her teeth also knocked against each other, and on her forehead.., the bean-sized sweat burst out. "Who are you? Who Are You? Who Are You?" Sun Yuhan hugged her head. She was about to go crazy. "Who am I?" The voice was also confused. However, this bareheaded manner made Sun Yuhan want to scream. She wanted to scream. "Look at me. Don't you know who I am?" The Man took off the cloak on his head and revealed a pale face. Suddenly, the face was in front of Sun Yuhan. "Tell me, why did you arrest me? Why did you inject drugs into me? Why did you infect me with AIDS..." "AH..." Sun Yuhan suddenly screamed, and her body struggled violently. She wanted to faint, but the pale face scared her so much that she couldn't help but faint. And an extremely cold hand touched her face just like that. "Your body is so warm. Give Your Life to me." Her red lips, white teeth, cold smile, and the Hell-like Voice Scared Sun Yuhan silly. It wasn't me, it wasn't me, it wasn't me, it wasn't me. She kept screaming and shaking her hands. It wasn't me, it really wasn't me. "Where's Ye Xinyu? Did you do it?"

Speak!" The voice seemed to pierce into Sun Yuhan's ears, followed by a sharp pain. "Ye Xinyu, Ye Xinyu..." Sun Yuhan shook her head desperately, her mouth couldn't be controlled. She was scared, she was really scared, her body was still trembling, her heart was also trembling, even her voice was trembling. "I'm not me... I Am... I Am... I Am... I Am..." She began to speak at a speed that was incoherent. "Say, where is Ye Xinyu?" Another sentence. The Breath that blew on Sun Yuhan's body did not have the slightest bit of warmth. There was also that greenish-white skin and a pair of cold eyes that had no warmth. This face was the face that she recognized, Yan Huan's. No, this was not Yan Huan's. Now, this was the face of an evil ghost. At this moment, a finger was placed on her face. It was so cold that she wanted to scream. "Where is Ye Xinyu?" "He... he..." Sun Yuhan's voice was trembling. Just when she really could not bear it and wanted to say something, she heard a 'Pa'sound. The light turned on and she instantly woke up. It was also at this moment that the female ghost straightened her body. The face that was revealed was pale and colorless. However, one could still tell that it was not green and white. Instead, it was slightly blood-red. It was not a ghost, but a person. Yes, it was not a ghost, but a person. Sun Yuhan's clothes were already drenched. She was continuously shivering. At this moment, she could not even make a single sound. The hand that she used to grab her clothes had practically pulled out the hatred within her. Yan Huan was still standing there. At this moment, a hand reached out and wrapped around her shoulder. She turned around and saw that Lu Yi was currently pursing his lips. He was also looking ahead indifferently. "Bring miss back," the old man standing at the door instructed the servant beside him. The servant hurriedly pushed Sun Yuhua back. At This Moment, Sun Yuhan looked as though she had been fished out from the water, her face was paler than a ghost. No one would believe that she was a human, but people would believe that she was a ghost. "Who asked you to come?" Ye Jianguo narrowed his eyes. At that moment, he had the urge to tear the two of them into pieces. "Who asked you to come here? Who asked you to scare my granddaughter?" "And..." his gaze stopped on Yan Huan, "Was it your idea? Why do you still know how to play the Ghost? Then why don't You Go Die? "If you don't go die, then that dead mother who accompanied you won't know how to be kind to your mother. Yes, it's precisely because she has a daughter like you that your mother is reduced to ashes. Even if she dies, she won't be able to rest in peace. Tell me, why did she give birth to such a daughter like you? She has to support you in life, but she still has to be burdened by you when she dies." "Grandfather, enough," Lu Yi will yan Huan's shoulder ring tight, "This matter and Huan Huan has nothing to do with, is my idea."

Chapter 1197: you have no conscience

"Grandfather, that's enough." Lu Yi wrapped Yan Huan's shoulders tightly. "This matter has nothing to do with Huanhuan. It was my idea." "Your Idea?" Ye Jianguo sneered, "Lu Yi, who do you think you are? You Dare to call me grandfather? You Don't even want your mother. I still want you. I've already said that you're not allowed to call me grandfather in the future. It's disgusting to hear it." "Also..." he pointed at the door again. "Get out of here immediately with this dirty woman. If you dare to enter my ye family again, I don't care whose son you are or whose grandson you are. I'll definitely kill all of you." As he spoke, he directly threw his walking stick at Yan Huan's head. When Lu Yi saw this, he hurriedly turned around and stood in front of Yan Huan. This walking stick was thrown extremely ruthlessly. Of course, it did not lose much force as it directly smashed onto Lu Yi's head. After that, there was a bang, lu Yi only felt a pain in his head. After that, a stream of heat flowed down from his head. Yan Huan widened his eyes, but he could not see anything clearly, "It's alright. Don't be afraid. Let's go." Lu Yi hurriedly covered Yan Huan's eyes. "Let's go. We're going home. It'll be fine once we get home." He bent down

and carried his wife up. Her mood was not too good right now. He Yibin had once said that.., what she was most afraid of was the ups and downs of her mood. Ye Jianguo's words just now had already pierced into the difficult part of her heart. She was already hurt Yan Huan still wanted to say something, but suddenly, she felt her eyes go black. She heard everything and couldn't see anything. "I'm not afraid..." Lu Yi pressed his face against Yan Huan's face, and the blood on his head dripped down. They left just like that, as if they had left something, and also as if they had abandoned something. Some things, as long as they were hurt, could never be fixed for the rest of their lives. Some words, if said wrongly, could never be taken back. It was only on the day of regret that they realized that those injuries had been caused, and the consequences were endless repentance. There was also that sentence, which could never be waited for. It didn't matter. It wasn't that he didn't want to forgive, it was that he couldn't forgive. It wasn't that he didn't want to forgive. It was that he couldn't forgive. "How did it become like this?" He Yibin hurriedly helped Lu Yi treat his wounds. "Don't worry about me. I'm fine." Lu Yi blocked He Yibin's hand. "First, look at Huanhuan. She's not doing well." "Okay." He Yibin looked at Lu Yi's wounds again. "Fortunately, she's fine. As long as she didn't hit her head and become a retard, it's fine." He quickly hung the needle for Yan Huan. Now it was Lu Yi's turn. He shaved off some of the hair on Lu Yi's head. "TSK, who did this? There's such a big bloody hole in your head." He Yibin helped Lu Yi treat his wound, Lu Yi's hand had been holding Yan Huan's hand the whole time. Her fingers were very cold, and she seemed to be unconscious. "How is she?" He did not care about himself, but only his wife. It was his fault. He should not have agreed to let Yan Huan come over. Her body had not recovered yet, and the drug addiction had already tortured her body. It was impossible for her to recover in just a few months. "Don't worry. She's fine. It's just that her body is weak. For a moment, she was too emotional, so she fell asleep. You let her rest and rest. When her body adjusts itself, she will naturally wake up." "As for you..." he Yibin administered anesthetic for Lu Yi. When the needle was inserted, Lu Yi's brows furrowed slightly. A large warm palm still held Yan Huan's hand tightly and did not let go. "After the stitches are done, you'll go and take a CT scan of the brain to see if it's a concussion. If it is, you might still have to be hospitalized." "I'm fine." Lu Yi could feel that he was fine. His head only hurt a little, but there was no nausea or vomiting, so there should be no concussion. "Go and take a CT scan. This is a necessary procedure. You Can't see anything just by looking at the external injuries." He Yibin carefully wrapped the wound for him, "This procedure must be followed. There might be other injuries to the brain. We can't be careless." "Don't worry." He Yibin knew what he was worried about, "Your Huanhuan is right here. I'm watching her personally. Don't worry. No one can snatch her away. If anyone dares to do so, I'll crawl over my corpse first." "This should be enough, right?" "Alright, go quickly. Finish taking the photos earlier and come back earlier." "I got it." Lu Yi stood up and followed the nurse to take a c-t picture of his brain. When he returned, Yanhuan was still asleep while he Yibin sat at the side, he was really like a guard, not leaving her side at all. Of course, he did not even blink his eyes. "Look, I didn't break the promise, Did I?" He Yibin quickly stood up and was about to walk out. "What are you going to do?" Lu Yi carefully placed Yan Huan's hand under the blanket and saw he Yibin rushing out. "What are you going to do?" He Yibin turned around and rolled his eyes at him resentfully. "I'm going to the toilet. If you don't come back soon, I'm really going to suffocate. Meeting a good friend like you, I really..." He really wanted to slap his face. Why did he agree so readily just now? Even if he did agree, shouldn't he go and solve his personal problems first? He could suffocate anything, but he couldn't, what if he suffocated to death? "Aren't you going?" Lu Yi narrowed his eyes slightly. "Do you want me to kick you and send you there?" "You really have no conscience." He Yibin hurriedly bent his waist and ran to the washroom in an awkward position. Fortunately, there was no one in the hospital at the moment.

Otherwise, with his current state.., he would be laughed out of his teeth. In the ward, Lu Yi gently pulled up his sleeves and wiped the sweat off Yan Huan's head, this time, he had miscalculated. None of them had expected ye Jianguo to suddenly appear, and they did not seem to have received any useful information from Sun Yuhan. This time, it was really not worth it. He placed his hand on his head, not knowing how to explain this injury to Ye Shuyun. The cold liquid was also injected into Yan Huan's blood vessels bit by bit. She was sleeping soundly, but it was not very stable. Lu Yi placed his hand on her glabella, then, he gently helped her smooth out the wrinkles between her brows. After a few times, she could finally sleep soundly. The door outside was pushed open again. He Yibin came back with an inspection report. As he walked, he looked at the inspection report. Then, he walked over and adjusted the needle speed before sitting down,

Chapter 1198: madness

?"En, don't worry. It's fine. There's no concussion. It looks like it's just an external injury. But, how did you get this injury?" He Yibin touched his chin. "Hit by what?" "My grandfather's walking stick." Lu Yi didn't hide anything from he yibin. He knew that he could tell he yibin anything. He Yibin's mouth was very tight. Even if he knew, he wouldn't go around announcing it. "That old man from the Ye family is really fierce. What did you guys do?" He Yibin clicked his tongue. He was indeed fierce, but of course, he was also ruthless. That thing could also be used to smash things. To think that he could also make a move. This was not someone else.., this was Lu Yi. No matter what, Lu Yi still wanted him to call him grandfather. If something really happened, he would see how he would explain things to Ye Shuyun and the Lu family. Besides.., now that their relationship with the Ye family was so cold, what right did he have to hit Lu Yi. "What about her?" He Yibin pointed at Yan Huan again. "What about her?" "My grandfather scolded her." Lu Yi carefully touched Yan Huan's face. "He also scolded Huanhuan's mother." "That's too much." With a slap, he yibin slammed the table hard, waking up his few sleepyheads. Lu Yi turned back to look at him. "When you're excited, can you change places?" "I'm sorry." He Yibin hurriedly raised his hand. He had forgotten that Yan Huan was still here. However, based on Yan Huan's current situation, it was impossible for him to wake up so easily. Even if there was thunder in the sky, she might not be able to hear it, because Yan Huan was currently in a deep sleep, it was impossible for her to hear the sound of him slapping the table. Also, he really felt that ye Jianguo was too much for him. How could he talk about the dead? As doctors, they respected the dead the most. Even at such an old age, he did not know how to do some good for himself, even if he did not do good for himself, he had to do good for his children. Perhaps it was because he had done too many bad things in his life that his daughter had run away from home, and his grandson was currently missing. Living like this was a waste of his age. Of course, he didn't dare to complain in front of Lu Yi. However, he was really angry and unhappy. Looking at the bandage on Lu Yi's head and the still unconscious Yan Huan.., he felt very uncomfortable. "What did you guys do? Why? Did he want to treat you like this?" He Yiji's heart was also burning with anger. "You guys are fine. Why did he hit you guys?" Lu Yi grabbed Yan Huan's hand and placed it in his palm. Then, he covered it with a blanket to prevent her hands from getting cold. "Isn't Ye Xinyu missing?" "Yes, I know about this." He Yibin had heard about it from the start. Lu Yi's affairs had never been hidden from her. Moreover, when he gave Xun Xun's three children vaccinations.., lu Yi and lei qingyi did not avoid it either. He had heard everything they said. Why? What did this have to do with Ye Xinyu? Could it be that they were going to curse ye Xinyu to die and that ye Xinyu could not return home? That was why they were beaten by Ye Jianguo. Of course, this was just a joke. He knew that Lu Yi would not do this. He did not have the leisure to curse ye Xinyu's life and death.

If it were not for the fact that ye Xinyu was the child of the Ye family, the son of Ye Chuji, and was personally raised by Ye Shuyun, Lu Yi would not even want to know who he was, let alone cursing him when he was full. "Huanhuan wanted to pretend to be a ghost to scare Sun Yuhan." Lu Yi touched Yan Huan's somewhat cold face. "It's just a pity that my grandfather came back in the end." "Did you get anything out of him?" He Yibin was also anxious. If he could get anything out of him, even if he had to put a hole in Lu Yi's head, it would not be a loss. However, he was afraid that he would not get anything out of him. In the end, there was still a hole in his head, wouldn't that be a loss. "Soon, but grandfather is back." Lu Yi held his other hand tightly. At that time, ye Jianguo almost beat Yan Huan to death with his crutches. He himself could not bear to scold his Huanhuan. Why should he let others spoil her like that? It would be better if he did not go to the ye family's place in the future. "Sigh..." he yibin sighed. "I don't know what ye Xinyu has done. A bunch of people are worried about him. They are about to turn sea city upside down." Lu Yi still pursed his thin lips tightly. The injury on his head was indescribably shocking. Under the blood-red color, that pair of evil hands didn't seem to let them go. "Don't be afraid, it's fine." Lu Yi carefully held Yan Huan's hand in his large palm. "It's fine, it's fine as long as you wake up." Lu Yi comforted her one by one. On such a fearful night, Yan Huan did not have nightmares. However, she did not have nightmares, but the other person had nightmares. Suddenly, Sun Yuhan shrieked and sat up. "Yuhan, Yuhan, how are you?" When ye Jianguo saw that his granddaughter had woken up, he quickly walked over. "Grandpa, there's a ghost, there's a Ghost..." Sun Yuhan was drenched in water again, and her clothes were covered in sweat. "Grandpa, it's that Yan Huan who came back. She came back to look for me. She said that she has AIDS, and she touched my face." Sun Yuhan grabbed her face hard and suddenly felt that her face was very dirty, she hurriedly asked someone to push her into the bathroom and kept washing her face. It was almost as if she wanted to wash a layer of skin off her face. Sterilize, sterilize. Oh right, she took out another bottle of disinfectant and was about to pour it on her face. If the servant at the side didn't quickly take it, Sun Yuhan might not only wash her face with disinfectant, but also wash her intestines, she might even have to wash her intestines. And her actions also frightened ye Jianguo. "Yuhan, don't be afraid. It's okay, it's okay. It's really okay." Ye Jianguo quickly comforted his granddaughter. "Even if she has AIDS, she won't infect you. That kind of disease is spread by blood." "Really?" Sun Yuhan was still hysterical from fear. She kept feeling that there was something dirty about her body. "Grandpa, get her away. You must get her away. I don't want to see her again. She's a demon. She's really a demon." "Okay, okay." Ye Jianguo quickly promised Sun Yuhan and comforted her. "Don't worry. Grandpa will definitely help you. I won't let her appear in front of you now." Sun Yuhan continued to make trouble for a while, and her whole person seemed to have lost her mind. She kept making trouble like this until the middle of the night, which also kept ye Jianguo awake almost the whole night, it was not until the sky was about to brighten that Sun Yuhan finally fell asleep.

Chapter 1199: if it weren't for her

Ye Jianguo also sighed. However, at this moment, his eyes were covered with a layer of cold frost. It was supposed to be the season of warm spring and blooming flowers, but for some reason, he felt as if he had returned to winter, when the entire room suddenly became quiet, the woman on the bed who was supposed to be sleeping soundly suddenly opened her eyes. In the darkness, her eyes were clear, and behind her clear eyes, there was an unspeakable coldness and resentment. "How Disgusting." She touched her face, as if she had been kissed by the toad she hated the most. It was so disgusting that she wanted to vomit. Yan Huan woke up the next day. "You're Awake?" Lu Yi placed his hand on her forehead. He really felt that she was more delicate than Xun Xun. Xun Xun was often hospitalized with a

fever, and she was the same. Yan Huan opened her eyes, but she felt that her head was hurting a little. She looked at the bandage wrapped around Lu Yi's head and stretched out her hand to him. "Don't worry, I'm fine." Lu Yi smiled and then lowered his head. It was just a small injury, and it would heal after a few days. "Does it hurt?" Yan Huan asked Lu Yi, and her voice sounded uncomfortable. "It doesn't hurt." Lu Yi shook his head. "No matter how much pain I suffer, it's not as much as what you've suffered in your two lifetimes." His huanhuan had suffered for two lifetimes. No matter how painful it was, it was not as painful as being drained of blood by Lu Qin. No matter how painful it was, it was not as painful as her stomach being cut open. However, he actually did not know that Zaidong had not been forcefully drained of blood, it was painful when her bone marrow was extracted. "Don't cry." Lu Yi stretched out his hand to wipe away Yan Huan's tears. He was most afraid that you would cry. Of course, he was also afraid that Xun Xun would cry. If these two women at home cried, he felt that he would be helpless. Alright, Yan Huan did not cry anymore. She smiled, but her smile was quite ugly. But she was after all the best actress Yan. Now that her body was a little better and she had gained some weight, she had returned to her usual appearance. Best Actress Yan was really fat and skinny, she could be white or black. She had dominated the screen for so many years. Her face was not white, so no matter what she looked like, she was still very beautiful. She reached out and wrapped her arms around Lu Yi's neck, burying her face in his neck, she was also absorbing the warmth from his body. All the blessings in her life had followed him, but it had also brought him injuries time and time again. If it weren't for her, if he had married Fang Zhu, there wouldn't have been so many things happening, and he would have been beaten up by Ye Jianguo. "What are you thinking about?" Lu Yi pulled the blanket over and wrapped her in it to prevent her from freezing. "I'm thinking..." Yan Huan's long eyelashes fluttered, and as they fell, the floor was also littered with light leaves. "I'm thinking that if you had married Fang Zhu instead of me, your grandfather wouldn't have broken your head." Lu Yi gently rubbed the top of her head and hugged her even tighter, practically wrapping her in his embrace. "If I had to choose between the life of my previous life and the life of this life that I have yet to finish, I would be willing to suffer even double the amount of injuries." "Look." His Hand had always been placed on Yan Huan's shoulder. He had also used everything he had to provide her with a sky without wind or rain, "Although it was smooth in my previous life, my life is gray." "Father is no longer around. The Lu family has also lost their descendants because of me. Furthermore, they do not have a beautiful wife." "All men like beautiful women, especially the one I've been hiding in my heart. Such a beautiful wife, he loves Yan Huan. The first glance is his appearance, the second glance is his personality, and the third glance is all of them." "Also, our three adorable children." Although he and Yan Huan had experienced too many ups and downs, the heavens were fair. This was because they had three children. Look at who was like him now, having three children and having both children., even his parents could raise their heads and walk. In his previous life, he had seen what they were like. He had never seen them before, but he could imagine what they were like. His father's early death would cause his mother's life to end prematurely. This was his personality. He was not a warm-hearted person. If he married Fang Zhu, he would only treat her with respect like ice, he would not dote on Fang Zhu like he doted on his daughter. This was because Fang Zhu was not Yan Huan. She was so domineering that she was like Grand Preceptor extermination. Even a man who wanted to believe in her would not be able to endure such a woman. In this lifetime, he had followed his heart. He ignored everyone's objections and married her. He loved and doted on her. They had just given birth to those three cute children, allowing the Lu clan to continue on. His parents were not sinners of the Ye clan, and neither was he, Lu Yi. "I want to bask in the Sun." Yan Huan raised his head and looked at the warm sunlight outside. His eyes were so bright that he could not open them. The

sky was exceptionally blue, and there were clusters of white clouds. It had been a long time since Hai City had such good weather. "We'll go back later. There are many people here." Lu Yi did not want her to be exposed. After all, the danger had not been eliminated. "Alright," Yan Huan agreed. She lifted her face from his embrace and smiled at Lu Yi, just like before. It was so simple and pure, just like a child who had never been hurt before. She hugged his neck again and pressed her face against Lu Yi's face. "Lu Yi Hubby, I want to..." "What do you want?" Lu Yi reached out and hugged her even tighter. Although she was skinny now, her figure was still very good. Now, her entire body was tightly pressed against his body. It was impossible to say that she was unmoved. Grand prosecutor Lu had always had a terrifying self-control. But in front of the best actress Yan, she was defeated by a thousand miles. Fang Huan's outstretched hand had already reached into Lu Yi's clothes. Did Mr. Lu not want it? "Didn't it just happen two days ago?" Lu Yi held Yan Huan's messy hand tightly. It was not that he did not want it, but he had never been restrained when he was with Yan Huan. Otherwise, if he had been like Fang Zhu in his previous life, he would not have been able to bite down on it, how could he possibly give birth to a child. Their married life was very harmonious. It was almost the same every night, but it was different now. They were in a hospital. He was the prosecutor of Hai City, and Best Actress Yan was the representative of the entire Hai City. They couldn't afford to lose such a person. Yan Huan scratched his palm. He seemed to like the way grand prosecutor Lu looked when he couldn't do anything to her. Lu Yi let out a soft sigh. Then, he gently held her pale red lips. At this moment, everything seemed to be far away from them, no matter the darkness or the damage. The door outside opened with a bang. Lu Yi looked towards the door. His pair of sharp eyes flashed with a few sharp thorns.

Chapter 1200: Was a pair?

"Well, I didn't see it." He Yubin covered his face with one hand, "Also, Lu Yi, can't you keep an eye on it?" "This isn't any other place. It's a hospital, and it's my office. Who asked you to be unable to control yourself here? If you can't control yourself, you can go back to your own home. It's already fine, so why are you still here? Are you going to anger me to death?" "Let's go." Lu Yi took Yan Huan's shoes and helped her put them on. Yan Huan stood up. Fortunately, she didn't feel so uncomfortable anymore. "Let's go." Lu Yi put an arm around her shoulder and led her out of the hospital. They walked through the special passageway of the hospital, so they didn't meet many people. When they reached the car, Yan Huan yawned. "Are you tired?" Lu Yi parted her hair by her ear. "What's wrong? You've already slept for the entire night. Haven't you slept enough?" "You didn't sleep with me?" Yan Huan yawned again and hugged his waist. Because there wasn't enough heat around her and she didn't have anything to hold on to, she didn't sleep very well. "Let's go back and continue sleeping," Lu Yi coaxed her and forgot about the injury on his head. However, it wasn't much. He only had three stitches and it wasn't as painful as before. Sometimes, when he didn't think about it.., he had also forgotten about it. As for the injury on his head, it was better not to let anyone know about it for the time being. Otherwise, who knew how much trouble would arise. Yan Huan, of course, had the same thought. About three days later, Lu Yi went to He Yubin's place to remove the stitches. It was this hairstyle that made him a little headless. What exactly was wrong with this missing piece? It was gnawed by a dog, wasn't it. "This hairstyle of yours is not bad. It suits you very well." He Yubin admired it for a long time, but in the end, he still gave a pertinent praise. However, I suggest that you get a bald head, because it is really a little disgusting. "Get lost!" Lu Yi directly collapsed. He Yubin clutched his chest. His glass heart was broken. The door outside suddenly rang. He Yubin hurriedly went to open the door, but the moment he saw the people outside, his voice immediately changed. It felt like something. It was like a dog seeing flesh and bones. It was

almost wagging its tail. "What's wrong? Are you not feeling well?" "Nothing. I just caught a cold. I came over to get some medicine from you." "How could you be so careless? You caught a cold again. If you want medicine, give me a call. I'll send it to you." "No need. It would be too troublesome for you. You're so busy." "I'm not busy. I'm very free now." If there were anyone else present, they would roll their eyes at He Yibin's words. As a doctor, how could he be free? How could a doctor be fine? Lu Yi turned around and saw the person standing at the door. It was none other than Luo Lin. At this moment, Luo Lin also noticed Lu Yi. She nodded at him and followed he yibin to get the medicine. "What?" Yan Huan thought that he had heard wrongly. "Luo Lin and he Yibin?" How could the two of them have eyes for each other? If they could really get together, they wouldn't have to wait until today. One had to know that they had known each other for ten years. In ten years, Little Lei Zi had already entered primary school, the three children of the Lu family were already three years old. Weren't their reflexes a little too long? "How do you feel about them?" Lu Yi asked Yan Huan, then fed her the soup. The soup wasn't very tasty, and Yan Huan was a little disgusted with it. So, sometimes, she would drink it while secretly picking up ingredients. It was Lu Yi who discovered this problem of hers, so whenever it was her turn to drink the soup, he would personally feed Yan Huan, even if Yan Huan was lacking, stealing the ingredients wouldn't do. Yan Yi took another sip of the soup and placed his foot on Lu Yi's big foot. He despised it, but he couldn't help but drink the soup. "How is it? It's not something I can say." Rowling was a strong woman, and he Yibin was a man with a good temper. He had been a doctor for more than ten years, so his temper was naturally good. If it wasn't good, would xunxun like him, she was going to treat him as her second father. If the two of them were together, it would be good too. Yan Huan agreed very much. He Yibin, this old bachelor who had lived for ten thousand years, was finally wanted by someone. Rowling would no longer have to be forced into marriage by her family. Moreover, the two of them were both in Hai City, regardless of whether it was from any aspect, they were the most suitable for each other. As for Yan Huan, he was really like the wind and the rain. He directly took out his phone from Lu Yi's pocket and was about to call Rowling. "Soup." Lu Yi placed the soup in front of Yan Huan. It was as if if he didn't want to drink it, he wouldn't be able to do anything else. Yan Huan glanced at him and hardened his heart. He immediately took out the bowl and placed it by his mouth, he drank it all in a few mouthfuls. Only then did Lu Yi take the bowl and enter the kitchen. Yan Huan looked at Lu Yi's back. No matter how he looked at it, he felt that Lu Yi did it on purpose. or could it be that this man was too black-bellied? She had been plotted against by him again, and she took out Lu Yi's phone, she was about to give Rowling a call. If Rowling had the same intention, then that was good. If there was nothing else, they didn't have to worry about them anymore. Lu Yi carried the bowl into the kitchen. Auntie Gu was surprised to see that the bowl was empty. "What's wrong? Did she drink it?" "Yes, she drank it." Lu Yi nodded. His hair was much shorter, but Yan Huan skillfully gave him a good haircut. Now it wasn't so ugly and he could meet people. "It's still Lu Yi who has the idea first." Auntie gu sighed, "Miss Yan is the one who picks this soup the most. She doesn't pick too much of the other soups. She just pinched her nose and drank it. Except for this soup, I don't know how she can be so annoying. She has to divide a bowl of soup into one day to drink." Lu Yi smiled and didn't respond. It was true that Yan Huan's character was still very clear about love and hate. If she loved to eat, she would eat it even if she was stuffed to death. If she didn't like to eat it, she would feel annoyed just by looking at it. Just like that bowl of soup, she had to drink it once a week, and the soup that she drank once was a poison to Yan Huan. It wasn't soup, but poison, a poison that insisted on choking herself to death. There was nothing to say if she could not drink it. If she drank too much, she would vomit. Of course, it was not intentional. It was Yan Huan who disliked the taste. As long as she did not like the taste., her body instinctively

rejected all kinds of things, so she could only force herself to drink it. It was rare for her to be as happy as she was today. At this moment, Yan Huan was lying on the bed, hugging a pillow in her arms. Lu Yi really spoiled her, to the point where there was no justice. A 30-year-old woman didn't have a sense of maturity at all., in front of Lu Yi, she still had a very willful personality. "You actually wanted to call me?" Rowling threw the stack of scripts aside again.
