

Chapter 1381: she was sold

“Doesn’t she have hundreds of millions on her? How could she not have any money?” Lu Qin absolutely did not believe that Yan Huan did not have any money in his hands, what the assistant said was like a scratch on his face, instantly turning his face into a bloody mess, even though his face was as thick as the city wall.

“Mr. Lu, we can’t afford that money. We’re saving it until the end of time,” the assistant said as she looked around. She only dared to say that when there was no one around. She felt that it was quite embarrassing, “Mr. Lu, we still owe you for the medical fees. Can you help us pay for the medical fees first? I don’t even dare to tell Miss Yan that she can’t make ends meet now. When the regular ones come out, you can ask for as much as you want. Our Miss Yan is rich...”

“Hello... Hello... Mr. Lu, are you there?”

“Hang up on me.” The assistant pouted. “Even if I have money, I won’t give it to you.”

“Yes, even if I have money, I won’t give it to you.”

Miss Yan had become smarter.

Yes, Yan Huan had become smarter. He wouldn’t give money to Lu Qin and his mother anymore.

However, there were too many things that she didn’t expect. For example, Lu Qin would actually do something for money.

When the assistant heard this, he was so stunned that he almost spat out a liter of blood.

“Miss Yan, did he sell you?”

“What do you think?” Yan Huan placed his hand on his forehead again. If he did not sell her, what else could it be?

Lu Qin had sold her to Tianyu. It was his own company, and it was also possible that Tianyu and the others could smell the money-making scent on her body. After she rejected all the entertainment companies..., they turned their attention to Lu Qin. Lu Qin couldn’t get money from her, so he sold her to Tianyu.

“Miss Yan, what should we do?” The assistants were anxious. “If we had known earlier, we would have just given him the money. Now, Tianyu insists on signing you. What do you think we should do?”

“What else can we do?” Yan Huan stood up, but he still felt a wave of discomfort in his head. That’s right, what else can we do? We can only sign it. Why Don’t We Sign It? She’s so obedient.

However, why should Lu Qin betray her? who was he to her? What relationship did they have? Did he have to squeeze the last drop of her blood out?

The assistant gulped. “Miss Yan, how about this...” she pointed at Yan Huan’s head, “The Doctor said not to let you move around. If it gets any worse, I’ll be scolded to death by the Doctor, so can we not go?”

“I’ve been betrayed. I can’t help it.”

Yan Huan shrugged. She was smiling, but her smile was a little cold.

In the end, the assistant could only drag the matter out. Perhaps if it dragged on for too long, the matter would be resolved,

it was just that she had underestimated Tianyu’s people.

They took the initiative to call, saying that their people had already arrived and that they wanted to sign it immediately. However, the assistant was not willing at all and felt extremely uncomfortable because Yan Huan was going to be sold to Tianyu, she was going to be sold along with them. Whenever she thought of this, she would want to strangle someone in her heart, and her hands would also want to scratch the wall.

And there were even more outrageous things happening on the other side that made her gnash her teeth in anger.

“Miss Yan, they insist that you go over personally.” Every time the assistant said a word, her heart would tremble.

Yan Huan indifferently raised her eyelashes. There wasn’t much light in her eyes, as if the entire world had been dimmed in front of her.

“Go, why not?” Yan Huan put down her sleeves and also covered the back of her hand, blocking the bruises on the back of her hand. The assistant anxiously chopped off her feet, “Miss Yan, can we not sign this agreement? That company’s people are just like scapegoats. I’ve seen their requirements, and they have lowered their requirements to a very low level, even lower than the previous one.”

The previous time, Yan Huan was so shameless that he wanted to go in. However, the other party looked down on her. What the other party meant was that Yan Huan had already become outdated. In the future, she could only act for others, or she could act as a minor role or something like that. Hence, she looked down on Yan Huan. Even if Yan Huan lowered his requirements to a level that ordinary artistes would not be able to accept, the other party was still unwilling.

In fact, the sarcastic words that he said made people very angry.

Now that Yan Huan’s popularity had risen, he would be able to shoot a few large IP films very soon. As long as these films were shot, Yan Huan’s popularity would return to her peak, and it might even be better.

However, Tian Yu’s people were thinking of signing Yan Huan with the lowest conditions. Did they really think that Yan Huan was so stupid that they would agree to such conditions.

To put it bluntly,.

Last time, I begged to stay, but you didn’t stay.

This time, even if you begged me on your knees, I wouldn’t stay.

If they returned to that place again, they would be blind.

As for whether Yan Huan was blind, it was obvious that she wasn't.

She was blind in the past, but now she could see again. Of course, these assistants didn't know. The assistants thought that Yan Huan insisted on signing, so their faces were always bitter.

"What are the conditions? Tell me."

Yan Huan sat to the side and poured herself a glass of water. Then, she sat down and drank one mouthful at a time. She really wanted to know what the conditions were.

They could make her give up her freedom and sign an unequal treaty with them?

"MHM."The assistant lifted her face and imitated the person in charge at that time.

"They said that Miss Yan will sell it to them for ten years."

Yan Huan continued to drink his water.

"They said that Miss Yan can not reject any decision made by the company."

Yan Huan put down the cup in his hand and placed his fingers on the table. His white fingers were as beautiful as ever, but they were too slender.

"They said that Miss Yan's share with the company is 20-80. They are 80% and Miss Yan is 20% ."

"They also said that if Miss Yan wants to unilaterally terminate the contract, she will have to compensate them with a 200 million termination fee."

Yan Huan propped up his face on the table.

"How thick-skinned does she have to be? Do you think that if she were to tear off her face and turn it into a shield, then it would definitely be impenetrable?"

"Miss Yan, what you mean is..."

The assistant covered her mouth. was Yan Huan going or not? was he going to sign or not.

"Go, why not?"

The assistant's face fell. She felt that Yan Huan was about to eat a wolf's den, and he had to bring her along.

Yan Huan stood up. She opened the wardrobe and changed into a new set of clothes. Then, she put on a fresh set of makeup. Her facial features were good, and she was taking advantage of her. Even in winter, she was dressed so bloated, however, when paired with her small face, she was still extremely beautiful.

She was only 25 years old. How could she allow herself to wither just like that.

Chapter 1382: I will not sign

She wanted to open it up again, just like a wildflower blooming on a mountain. No matter how big the storm was, she would still attract the people.

The assistant really did not want Yan Huan to go. She was afraid that Yan Huan would be bullied. But in reality, would Yan Huan be bullied?

She would never do that again.

She would learn to protect herself and learn to love herself.

To put it bluntly, Tianyu was a second-rate film market company. It was also the company that Lu Qin was in. Although such a company was a little second-rate, it had to be said that.., this company could still produce a good work every year.

It was only because of why Lu Zhu was here. At the beginning, the Lu family did not support Lu Qin to enter the entertainment industry. In Old Master Lu's eyes, this was equivalent to being an actor.

However, Lu Qin liked to leap into the sky like this.

Moreover, he knew very well how much he weighed. To put it bluntly, he had a good face. In terms of learning, he was not very good. In terms of social experience, he did not know what he wanted to do. He also did not know how to do business, he could not be a prosecutor like Lu Yi. He was only suited to selling his face. Selling his face was also the profession that earned the fastest money.

In the beginning, when he wanted to enter the entertainment industry, no one was willing to support him. It was Ji Tianyu who found him. Although he was a second-rate company, they were willing to support him and invest in him. This gradually made him somewhat famous, however, it was still only half-popular. It was only now that he had stepped on Yan Huan for a long time that he began to walk on the path of excellence.

Of course, they did not look at second-rate companies, but they were very shrewd when it came to signing people.

Just like Yan Huan in the past, she was not even worthy of their attention. Perhaps they knew that Yan Huan would continue to walk down this path until he completely disappeared in this tide, and then he would disappear again, in this lifetime, there would never be a day where he would be able to stand out.

However, what they did not expect was that one day, salted fish would also make a comeback.

One day, someone whom they once looked down on and rejected by all means could actually one day stir up a big wave in this circle. Moreover, it did not seem to be something that could not be stopped.

Yes, it was something that could not be stopped.

This was because Yan Huan currently had two international endorsements that hadn't been shot yet. There were also a few major dramas that had already decided to cast her.

The atmosphere in the entertainment circle had always been very strange. Moreover, it was also very sensitive. It seemed that everyone knew who could become famous and who couldn't become famous overnight.

In addition, Yan Huan was already a familiar face.

It could only be said that this salted fish had turned over so beautifully that many people were so shocked that their jaws dropped. Many people also began to regret not catching this salted fish in the first place, perhaps this salted fish would not be a salted fish after a while, but a money tree.

And among these people who regretted it, those from Tianyu Entertainment were among them.

They were still thinking of using Lu Qin's connections to get Yan Huan to sign with them at a cheap price. They also wanted Yan Huan to help them sell their lives for the rest of their lives, right?

However, their plans were good. They did not know that the current Yan Huan was no longer the Yan Huan of the past. She could already kick Lu Qin to the ground. In that case, it would be too late for her to be disgusted by those who were related to Lu Qin, how could she agree to be their cash cow? Furthermore, she was willing to help them shake the tree for ten years for free. Did she think that she was stupid or a fool.

Yan Huan and his assistant arrived at the agreed place. The assistant was stopped. The manager who received Yan Huan was the one who rejected her the last time. This manager sized Yan Huan up for a long time, he really felt that this Yan Huan was indeed pretty. She could be said to be the most beautiful woman in the entertainment industry. As for why she did not sign the contract the last time, thinking about it now, it was probably because she was too tacky, in addition, that fresh and beautiful face was also disgusting. So, at first, they all thought that this woman couldn't be any more popular, but now that they looked at her again, they felt that she was really good looking.

This Yan Huan's looks were indeed very outstanding, especially her camera-like appearance. As long as she was properly groomed, it wouldn't be a problem for her to become Tian Yu's pillar of support in the future.

"Cough..."

The manager coughed. I think Mr. Lu has already told you, right?

Yan Huan only smiled, but he didn't want to say anything.

"Miss Yan, we have already drawn up the contract." The manager didn't think that Yan Huan wouldn't agree. After all, it was only half a year ago, and Yan Huan was still humble. Even if the conditions were so low., he was still willing to join their company. This contract was much better than the conditions she had mentioned last time. Yan Huan probably would not reject it.

Yan Huan took the contract.

The words written on it were exactly the same as what the assistant had said.

Was she playing with an idiot?

"Miss Yan, what do you think of this contract? Is there anything that needs to be changed?" The manager asked Yan Huan again. His attitude was much better than before, but his eyes were still filled with disdain for Yan Huan.

"Although Miss Yan has gained some popularity now, it won't be easy for her to make a comeback. However, don't worry, Miss Yan. As long as you join our company, we guarantee that we will provide

you with the best resources. It will allow you to immediately recover your previous popularity. Not to mention the domestic best actress, even the future international best actress can be obtained.”

“Miss Yan, can you sign it?”

The manager crossed his legs and leaned his back against the table.

Perhaps Miss Yan had some other ideas that you could bring up. As long as it wasn't too excessive, we could discuss it.

Yes, we could, but it wasn't too excessive. And the definition of excessive was there. Anything beyond this contract would be considered too excessive.

“Miss Yan...”the manager urged Yan Huan again. He couldn't help but look at the watch on his wrist.

Usually, there were only three reasons for frequently looking at the watch at this time.

One was to show off the watch.

One was to wait for time.

The other was to wait impatiently.

And obviously, the manager was waiting for the third reason. He was already impatient.

“Miss Yan, if you have no objections to the contract, please hurry up. I still have other things to do, so I can't stay here for too long.”

“I have objections.”Yan Huan glanced at the contract on the table. From the moment she first received it, she only glanced at it briefly and did not move it again.

The smile on the manager's face was a little fake.

“Yes, Miss Yan, please go ahead.”

Yan Huan stood up and took the contract in her hand, then respectfully placed it in front of the manager.

“Sorry, I won't let you sign this contract.”

Chapter 1383: women were all attracted to him

Yan Huan stood up straight, still smiling very simply. There was nothing in her eyes, only clarity and transparency. Although it didn't make others feel inferior., there was an uncomfortable feeling of not hitting a smiling person.

And this manager felt that he had been played.

With a whoosh, he stood up as well.

“Yan Huan, do you really think that you're famous? You're already outdated. In this world, other than us, do you really think that someone would want a outdated shadow like you?”

“I don’t plan on signing with any company or anyone.”The corners of Yan Huan’s lips curled up again. “I already have a lot of money now. It doesn’t matter whether I become a celebrity or not.”

At this moment, she truly felt that she had already stood up straight. From now on, she would be able to stand on solid ground and be upright without looking at anyone’s expression, she also didn’t need to bend her waist in front of anyone.

She turned around and left. She could feel the so-called manager’s gaze on her from behind. It was as if he wanted to eat her up with just a few steps.

Unfortunately, she would never set foot in this place again in this lifetime, and she would never risk her life for such a company.

The assistant was standing in front of her anxiously, waiting. She was pacing back and forth, and the soles of her shoes were almost worn out.

“Miss Yan, um, have you signed it?”When the assistant saw Yan Huan, she hurriedly ran over and asked carefully. It wasn’t too much to ask if they had changed anything, and she was really afraid that Yan Huan would be too muddle-headed., so, she immediately put in her effort and signed that Bullsh * T contract. Then, the two of them would waste ten years of their youth here.

Yan Huan was now twenty-five years old. After ten years, she would be exactly thirty-five years old. This was when she was at her prime. As long as she took good care of herself, she could still act as a young girl when she was thirty-five years old. Ten Years., ten years, ten years of youth. Should she really not contribute to such a trashy company?

Yan Huan walked out and let out a soft laugh,

yan Huan walked out and tightened her clothes.

“Let’s go.”

“Go?”The assistant still could not react. However, when she saw Yan Huan leave, she hurriedly followed.

“Miss Yan, when are we going to report there?”

Yan Huan did not reply, and she did not ask a second time.

Actually, the assistant’s heart was already in despair. She was prepared to leave her ten years of youth here. Although she actually felt that freedom was the best, if she really wanted to dedicate her youth to Tian Yu., then, she could only admit it. What if she didn’t? Would she leave Yan Huan or live on her own? She would never leave Yan Huan for the rest of her life. This was what she had promised sister Yi Ling.

After they returned, Yan Huan didn’t mention whether he had signed a contract or not. The assistant didn’t dare to ask too much. In any case, she would follow Yan Huan wherever he went.

“Return to the production team once. I have something to ask you.”After Lu Qin finished speaking, he hung up the phone. The current Yan Huan was almost out of his control. He didn’t like to think like this. Yan Huan wasn’t like this either.

When Yan Huan arrived, Lu Qin was already standing there.

It was still the same old place. It was a small corner where the cast and crew had the least sense of presence. Every time she met Lu Qin, it was here. Lu Qin saw her here. There was no heat, no tea, no fruit juice, there was no boiled water either.

However, when she went to meet Mengni, she was either in this restaurant or in a high-end coffee shop.

She still said that this place was safe. Could it be that the outside world was also safe, so he could go there every day, but she couldn't see anyone?

"You didn't sign a contract with Tianyu?"

Lu Yi's face darkened. I thought we had an agreement. "Tianyu is mine. It wasn't easy for me to get in touch with you. Why Don't you want them to sign it? You're deliberately making me angry, aren't you?"

Yan Huan placed her hand in the pocket of her coat and held her phone. Her fingertips felt warm as she held it in her hands.

"I didn't agree to it."

Yan Huan raised her head and said calmly, "I remember that you once told me not to disturb your work. Today, I also want to say, please don't Disturb my work. I don't want to sign with any company right now. I want to develop better."

"Yan Huan," Lu Qin's face was getting darker and darker. "Are you taking revenge on me?"

Yan Huan lightly tugged at her red lips. The curve of her lips was slightly mocking, "I don't have time to take revenge on you. I'm still a patient and I still need to recuperate. I Don't care who you're tied up with or who you're going to have a scandal with. But please don't find anyone to control me. Also, I'm very disgusted with this company called Heavenly Yu. I don't want to be stuck in a dead end in the future and I don't want to go to Heavenly Yu anymore."

Yan Huan turned around. She was too lazy to even look at this man again. She was tired of looking at him. There were some things that did not need to be said anymore. If she continued talking, she might break that layer of paper

She was too lazy to say it because it would end sooner or later.

Lu Qin was afraid that he would be at a disadvantage if it ended early. Although there was no profit to be gained from her, he had not really decided if he wanted to get rid of this useless woman, then, he would find a new target.

This was not indecision, but a shrewd plan.

If he could not make this decision, xun 'er, she would help him make this decision, okay?

The faint street lights shone on the road. From time to time, there would be a gust of wind that blew away the fallen leaves in front. The road seemed to be a little white. It was unknown if it was because of the cold moonlight, or the quiet light.

As expected, she was not even willing to be perfunctory now.

It was almost over.

It would be good if it was over.

She really wanted to vomit from looking at someone's face.

Another gust of cold wind blew over and blew past her face, leaving bloody red marks on it. She stopped and reached out to touch it, but her face was completely smooth.

She lifted her face. At this moment, the Moon's clear glow faded with the wind, and her injuries were scattered all over the ground.

Actually, it should be snowing soon.

The assistant lifted his face from the bowl again. He glanced at Yan Huan, then lowered his head again. After eating another bowl of rice, he lifted his face again and glanced at Yan Huan.

It was as if a flower had grown out of Yan Huan's head.

One moment, the flower bloomed.

Another moment, the flower failed.

Another moment, the flower bloomed again.

"What's the matter?" Yan Huan turned around and happened to peel off the pair of rabbit-like eyes of his assistant. "Why? Am I really that good-looking? Even women are attracted to me?"

Chapter 1384: she was stupid

The corner of the assistant's mouth twitched slightly.

"Miss Yan, when are we going to Tianyu to hand over our work? It's already been three days." They had been in the hospital for the past three days, but logically speaking, shouldn't they go to the company first, if they didn't go, it wouldn't make sense. In the first place, people didn't think much of them. If they didn't take the initiative and were disobedient, they might be ostracized again.

If that happened, Yan Huan's life would be even more difficult.

"Why do we have to go to Tianyu?" Yan Fang tilted his head. "Yeah, why do we have to go? What does it have to do with us?"

"Didn't Miss Yan sign a contract with that side?"

The assistant was really worried that Yan Huan had really fallen on his head once, and that was why he fell sick. Why was his reaction getting weirder and weirder now? Did he forget about the contract that he had signed with Tianyu?

"Eat your rice." Yan Huan took out a drumstick from his bowl and placed it in Rielly's bowl.

"But..." the assistant wanted to say something, but in the end, he only picked up a drumstick and began to eat it.

"Don't worry," Yan Huan said as she ate the rice in her bowl. "I didn't sign a contract with Tianyu."

“What?”The assistant was shocked and swallowed a mouthful of chicken. She almost choked to death. In a flurry, she grabbed a cup from the side and began to gulp water into her mouth.

Then, she took a deep breath.

She patted her chest from time to time.

She was alive.

“Miss Yan...”when she was about to ask again, she realized that Yan Huan had gone back to bed after eating. He ate and slept like this. How could he not gain weight from eating.

She could not help but feel happy. Then, she picked up the drumstick and chewed on the meat.

Mm, she didn't have to work for that Tian Yu. That was good. She could do whatever she wanted in the future. Moreover, Yan Huan's movie contracts were endless. was she afraid that there would be no commercials and no movies?

At night, Yan Huan didn't feel sleepy. She took the script and read it for a while. In the end, she couldn't help but put down the script. She took out her phone and placed it on her knees, she deliberately ignored the chat app.

Then, she started to look it up.

The popular Lu Qin and the new flower Mengni seemed to be faking it. The two of them had an intimate meal and it was rumored that something good was about to happen.

Oh, they were so busy that they didn't come to see him. They also didn't have time to find trouble with her. wasn't that just asking for money.

“Jiayi, don't you feel that I was quite stupid in the past?”

Yan Huan asked his assistant who was busy at the side. Recently, she had to study Yan Huan's schedule. She had to arrange the time and order, so she was really quite busy. The assistant tucked her hair behind her back. She turned around and said in a very serious manner.

“Miss Yan is very smart. It's just that she places too much emphasis on feelings.”

Was this a compliment or a compliment.

Yan Huan touched her face. She was sentimental. She was completely heartless. What was she sentimental about? If she was really sentimental, her assistant would not have been the only one by her side up until now.

She was still alone up until now.

She thought, she was not sentimental.

She was stupid.

Yan Huan put his phone to the side and lay down.

“We should go back too. We’ve already been in the hospital for a month. We haven’t finished filming yet, so we can’t stop filming.”

“That’s right.” The assistant used the pen to poke her forehead. She couldn’t wait too long there. She had to go back. However, Miss Yan, is your body okay?

The assistant still felt that Yan Huan should rest for a few more days. After all, she was still receiving injections.

However, Yan Huan was already asleep, so he couldn’t answer her

Forget it, let’s wait for Yan Huan to wake up before answering this question. It was already a month away, so there was no need to rush in these few days.

When Yan Huan woke up, the assistant had already gone out. Recently, she had been very free, but the assistant was very focused. She was busy making arrangements for her future work. Actually, it was fine if it was a little full, but if it was a little full.., she did not have time to think about other things.

She stood up and walked over to the window. Then, she pulled open the curtains and looked out in a daze. She did not know what she was thinking or what she was looking at. This was probably the most time she had ever spent in a hospital, it was probably the most time she had ever spent in a hospital.

In fact, she could not even smile anymore.

She took out her mobile phone and turned it on again. Then, she took a picture of the outside world. There was no scenery. Her heart was desolate, so there was no scenery, especially this kind of night scenery.

“You should be done, right?”

“Congratulations to you. Oh right, you should also congratulate me, right? I am about to be freed. Perhaps I will never see you again in this lifetime.”

She turned off the light. In the darkness, only her eyes were still bright, but there was something missing. She turned on her mobile phone and could not help but open the chat app, but there was nothing inside, suddenly, she covered her mouth and cried.

It was very sad.

It was heartbreaking and sad.

The night was still quiet and cold. It was the same no matter where it was. It was already winter, and in winter, other than being cold, it was cold.

Lu Yi processed the documents in his hands and put them aside.

Perhaps it was really as he yibin had said. Other than his ability to work better than others, even his recovery ability could be said to be terrifying. Now, he could even work with a computer, even though he was still in the hospital, however, his ability to work had not decreased at all.

Who would have known that not long ago, there was a large hole in his chest and a bullet that almost penetrated his heart. The massive bleeding almost killed him.

However, it was only a month or so. Other than the wound that had not healed, he seemed no different from the past. At the very least, it could not be seen from his appearance that he was still a patient.

He placed his finger under the keyboard of the computer. Just as he was about to turn off the phone, he thought of something and clicked on the chat software. It was empty. There was nothing on it.

She had deleted him. Completely deleted him.

He did not know if there was anything else in his memory other than the one that had been deleted here.

He tapped on the keyboard a few more times. That was called Huanhuan or it was still there. Everything had not changed. The profile picture had not changed. The number had not changed.

She was still there.

However, what was she doing? What was she waiting for? What was she doing? was she chatting with someone else again? and that sentence, "You have to accompany me for life. You Can't have a girlfriend anymore."

He retracted his finger and looked at the black profile picture in a daze. From the initial online to offline, he had lost all color.

Chapter 1385: Heartless Woman

He moved his laptop to the front of his eyes and began to type on it again. The blue light from the computer shone on his face. There was an indescribable coldness and a pair of black eyes that were almost frosted, however, it also made people feel that it was even darker and harder to see.

His finger gently pressed the enter button. Behind him, on one of his computers, there was another account. It was not his, but hers. He logged into her account.

The woman in the photo had not changed. She was very thin, and there was nothing on it. It was empty, only him. It was empty.

He guarded an empty account like this. From beginning to end, he did not move at all. His eyes were getting closer and closer to the thick silk.

After an unknown amount of time, he finally put the computer aside. The light on the computer first lit up, and after a long time, it was extinguished. Then, the man lay down, he placed his hand on his chest.

Thump, thump..

"Heartless woman."

He softly muttered. In such a quiet night, he seemed to have come to a sudden realization. Only the computer's light flickered from time to time, and he could tell that he was resting while the computer.., was working tirelessly.

When Yan Huan woke up again, it was on her biological clock, which she had long gotten used to. She took out her phone from under the blanket, only to discover that her phone was switched off. She

hurriedly found a charger and charged her phone.., after that, she went to take a shower and changed her clothes. In a while, she was ready to stretch out her arm and give an injection.

In fact, in such weather, no one was willing to leave the warm blanket. It was only because life forced them to.

As for her, in fact, there was nothing to miss about the warmth. She had always lived like this. She had long been used to her own bed, and she did not even want to think about it, at that time, when Lu Qin shared the bed with her, it seemed that she had always been the one who took the initiative to grab Lu Qin. However, Lu Qin had avoided her.

Was this love?

Those who said love were fools

Those who said they believed, what was that?

A stupid pig?

When she took the phone that was already charged, she found that her chat account was gone.

She hurriedly logged into the chat account on it, and was also scared out of her wits. She heard that many people would steal other people's chat accounts. Although this was not valuable, she inexplicably cherished it, if she really lost it, she did not know what to do

This chat account had been with her for a long time, and she could not bear to part with it.

Even if there was no one on it now, even if she was the only one on it, she still could not bear to part with it. She was hugging it to sleep. Her assistant thought she was hugging her phone, but she was not.., all she wanted was this chat account.

She placed her phone in front of her chest. In that instant, she exhaled a little.

After waiting for a while, the doctor came over and examined her. He then told her some good news. She did not need to receive any injections today. Moreover, if it was possible, she could return to the production team as long as she was not too tired.

She had spoken to the director on the phone. Of course, the director wanted Yan Huan to return. Since they were about to shoot her scene, there were not many scenes left. If Yan Huan could really do it, it would be for the best.

Yan Huan did not hide in the hospital anymore. She still returned to the production team. Just like everyone else, she went to put on makeup and put on a costume.

When she returned, she did not attract anyone's attention. To put it bluntly, she was just a supporting role. Many supporting roles only returned when they were popular. If there were no scenes, she could leave. She just treated it as if she had no scenes and went to the hospital to stroll around.

When it was her turn, she closed her eyes and let out a sigh of relief. Of course, she also memorized the lines by heart

And this scene was the real scene between her and Mengni.

“Get Ready, begin,”the director shouted nervously.

Si Yu gently touched her stomach. There was a satisfied smile on her face. The corners of her lips were smiling, but the corners of her eyes were cold.

“What are you doing here? Who told you to come?”

When Miss Song saw Siyu coming, she immediately pounced on her. Siyu’s face stiffened, and she retreated.

“I’m sorry, Young Madam. I . . . I didn’t mean it... I really didn’t mean it. I didn’t know...”she shook her head, and her face changed as tears began to fall, her voice changed.

“You didn’t know? How could you not know?”Miss song was almost hysterical. She was going to kill this woman, the woman who seduced her husband. She deserved to die. She really deserved to die.

Si Yu suddenly fell to her knees with a plop. “Young madam, I beg you...”she hugged her stomach. “Please don’t hurt the child in my stomach...”

However, Miss Song had already gone mad with anger. She ignored the servants’attempts to stop her and was about to go up to Si Yu,

in the end, there was a ‘cut’

The director shouted for Yan Huan to stop.

Yan Huan was still kneeling, but he did not stay. He just sat on her lap. Meng Ni was stunned. She did not understand why he suddenly called for her to stop. was her acting not good? She was clearly performing very well now.

“Can You Cry?”The director asked Meng Ni.

Meng Ni was stunned. “Do I Need to Cry? I’m a wife who caught her husband cheating on her. Shouldn’t I be so angry that I want to kill him?”

“Miss, this is a republic of China Drama.”The director walked over and squatted in front of Meng Ni, “We have been filming for so long. Don’t you remember that we are filming a Republic of China Drama? The Republic of China drama does not have the mentality of catching a mistress. At this time in the Republic of China, it is very normal for a man to have three wives and four concubines.”

“I came back from overseas,”Meng ni retorted to the director.

“Don’t you know how to Cry When You Come Back from overseas?”

The director asked again.

The others also nodded. They were going to cry. If they didn’t cry, how were they going to film it?

“Okay, I’ll cry.”Meng ni adjusted her clothes. Fine, whatever they said?

However, after thinking for half a day, there was still only her expression and the action of crying. She only stared at her eyes, but there were no tears. She didn’t know how to act in a crying scene.

This for a lot of people, are normal, good acting, but crying drama is very difficult to play, few people can cry out.

Of course, some people are really powerful, as if they can control their facial expression, but also can control how to shed tears?

Want to cry cry, tears want how to flow how to flow, is falling into the grain, is flowing into the line, or flow into the waterfall, it seems to be in a moment, but some people he just can't cry out.

Just like Monique.

In particular, she is still young, she has not experienced the real betrayal, the taste of being cheated on, her growth can also be said to be smooth sailing, has not experienced twists and turns, and this world, very few people or things can make her cry..

Chapter 1386: He wanted the gem

Therefore, the worst part of her life was the experience of life. She didn't have any of these things.

It seemed impossible for her to cry out now because she really couldn't cry out.

This scene had already stopped many times in the middle. Yan Huan squeezed out another tear. The makeup artist at the side hurriedly came over to touch up her makeup. She seemed to have shed too many tears, so much so that she cried until she finished her makeup.

"Director..."Yan Huan was a little impatient. This scene had already been shot five times, and she was still kneeling here. She didn't even get up. What was the point of getting up? She might as well just continue kneeling.

"What's Wrong?"The director had always been amiable to Yan Huan. Filming with her was very smooth. Her acting skills were good, so she naturally got into character quickly. She also got out of the scene quickly and didn't waste time, it was just that working with some people was a little annoying.

"I can't just drink some water. I'm almost dehydrated."Yan Huan propped up his face. It was true. She was almost dehydrated and she was still a patient. In a while, she would have to go back and get an injection.

Yan Huan had just said it out loud.

Only then did Meng Ni's tears truly fall.

Of course, it was not because she was brewing her emotions right. It was because Yan Huan's words had made her feel humiliated, deeply humiliated.

It was just that the timing of the crying wasn't right. The camera wasn't turned on.

Of course, this was only the beginning. Everyone knew how to show off their love in the beginning, but towards the end, it was time for the female lead to show off her acting skills. She cried almost every day, but it was Mengni who.., she wasn't a woman who knew how to act in a crying scene, so she had no choice but to keep her eyes on the screen. This also allowed her to slow down the entire production

team. Of course, she had a lot of scenes now. Because she was the female lead, she could only shoot a few scenes in a day.

Yan Huan's scenes also started to decrease.

Now was the time to abuse the female lead. Of course, it was also the time to work hard to make the female lead's presence clear. It was also the time to let Mengni show off her superb acting skills. Therefore, she was stuck in a stalemate every day, shooting one scene, it was just like squeezing toothpaste. It was no longer as smooth as before. However, this had nothing to do with Yan Huan. She was the female lead, so she did not have that many scenes. She was just trying to make a small presence known, it was all to make the female lead look noble. The male lead was infatuated with her. She was destined to be cannon fodder.

Therefore, this kind of thing was a matter for the male lead, which was also a matter for Lu Qin.

Without her, she did not even need to put on makeup. She just watched others put on an act every day and did nothing.

She closed the door and pulled open the blanket. The Doctor would come over in a while. She was seriously looking for blood now. It was not something that could be replenished by eating, and it was not something that could be taken back by taking medicine. What came with anemia was low blood sugar.

She needed to be transfused once every two days. She did not know when she would be able to return her to a healthy body like before. In fact, she felt that it was impossible for her to be the same as before.

The needle had already pierced into her blood vessels. Sometimes, she actually felt that she had fallen in love with such a time. She could not think about anything and just let the medicine flow into her body drop by drop, and then a day's time, is this way, some do nothing, also how some have nothing to live for.

And the people in the group all knew that she had to have injections from time to time, so they didn't come over to disturb her too much. Moreover, they were still filming, and all the departments were following that Moni, withstanding the sound of director Kaka Kaka again and again.

Even Lu Qin's temper seemed to be getting worse. Not only because of the card games, but most importantly, his finances were now in a very serious crisis, Yan Huan where he is no longer open to ask for, obviously Yan Huan now very hate to mention money.

In addition to these in the yingfu film set, there is Yan Huan's attitude toward him is also getting worse.

He was still thinking of ways to scheme against this woman and that woman. He had already decided that his current target was Meng Ni. As for Yan Huan, he naturally could not let go. There were still some things that he had yet to obtain., and he could not let go either.

Hence, he had to think of some ways. The most important thing now was that he had to obtain that money.

However, he did not have time to think of a way. Yan Huan's scenes were paused again. It was not because of anything else, but because she was in a very bad condition again. She was vomiting and Dizzy.

Of course, she had been hospitalized for an unknown number of times. It seemed that ever since she lost that 1,500 cc of blood, she had been running back and forth to the hospital. She went in and out again, in and out again.

The repeated calls made her feel like she was about to break down.

She took out her phone. The voice on the phone was still wailing and howling. She hung up once, hung up once, hung up twice, and hung up twice. In the end, the phone rang until she was a little annoyed.

She threw her phone out, but it was still wailing and howling. It was so noisy that her head hurt and she wanted to throw up again.

She picked up the phone and placed it beside her ear.

"Yan Huan, why did you only pick it up now?"

"I was doing a checkup just now."

Yan Huan replied indifferently, "What else do you need? I'm in the hospital now. I really can't Help You?"

"I need money urgently." Lu Yi took a long breath. No matter what, there were some things that he had to get his hands on.

"All my money is with my assistant. You just have to ask her for it."

When Yan Huan heard that Lu Qin was asking for money again, she could no longer describe him as shameless. However, she saw how generous he was. He could ask for it as long as he could get his hands on it.

"You can't take out your money right now. You have to save it until the end of time," Lu Yi endured.

"Oh..." Yan Huan propped up his face on his lap.

"My assistant told me that because he was afraid that I would spend money recklessly, he saved some for me on a regular basis."

"If you can't take it out, then you can't take it out. What should I do then?"

"Don't you have a gemstone? Take it out and give it to me. I've already found a buyer."

"I can't sell that." Yan Huan knew that Lu Qin's final idea was that gemstone, "That was given to me by Yi Ling. You know, to me, that's not just a question of how much a gemstone is worth. This is something that Yi Ling left behind for me. It's a thought, a memory. I've never thought of selling it, so I really can't give it to you."

With a snap, Lu Qin had already hung up the phone. His actions were as if he was competing with someone. They were both ruthless.

Yan Huan knew that this time, she was really going to offend Lu Qin completely. However, did she care? Why would she care.

She gently closed her eyes and curled up under the blanket. She did not think about anything else. She was still enduring the pain that came from her head from time to time.

Chapter 1387: If you don't say it, I Won't move

It was the same hospital, and it also smelled like disinfectant. Lu Yi opened his eyes and placed his hand on his chest. It was true. It was the same pain that he felt every time he breathed, every time he breathed, he felt a sudden pain in his heart.

He sat up, picked up his notebook, and placed it on his lap. He placed his finger on it and gently slid it down.

When the Red Flower Mengni's true identity was exposed.

He Yibin walked in and took the medicine for Lu Yi.

"You should take it easy," he said to Lu Yi. No, it was more like a warning. "There's a big hole in your chest. You just came out of the ICU. Why? Do you want to go back in again?"

Lu Yi didn't want to talk because he could feel the pain of breathing while he was talking.

He Yibin knew that Lu Yi didn't like to talk. He leaned over to Lu Yi's notebook and took a quick glance. Then, he burst out laughing,

"You Believe This?"

Yes, Lu Yi also believed in this kind of personnel.

"Some people will believe it." Lu Yi closed his notebook and lay down. He breathed quietly, but even so, he could still feel the pain in his chest. This was the pain of breathing.

Lu Yi suddenly looked at he yibin. His dark eyes were dark and deep, like a black hole. He Yibin had goosebumps all over his body.

"You... What do you want?"

He Yimeng quickly hugged her arm. "Don't look at me like that."

Yes, don't look at him like that. Usually, this was not a good thing. He was afraid

Lu Yi was usually cold, and his words and actions were stiff. In fact, he was very scary, especially when he liked to dig holes for him to jump into.

"Do me a favor," Lu Yi gently exhaled and put his hand on his chest again. The pain was unbearable. He found out that something had happened to her over there. If he was not like this now., he would have gone over himself.

"Alright, Alright..." he Yibin was really afraid of him. He raised his hands, "I'll go, I'll Go, Alright? Just stay here. It wasn't easy to save your life. You Don't know, back then..."

He shut his mouth when he said this. He was almost going to tell him about Lu Yi losing too much blood.

“Thank you.” Lu Yi clenched his hand that was placed in front of his chest. He did not know how long this pain would last. He admitted that he was not a person who was afraid of pain, but it was still very painful.

The pain entered his bone marrow.

Not long after, he Yibin pulled a long face. He was already standing at the film studio.

“Doctor he, this is the place.”

A nurse brought he yibin to the outside of a ward. “Miss Yan is inside.”

“Thank you.” He Yibin gave a gentle smile, which also made the nurse blush.

Obviously, he yibin was in a good mood. He was originally in a bad mood, but when he saw the new nurse, although he was not overjoyed, he did not feel like scolding her anymore. Sigh., it was good that he was not familiar with her. He could even see her blushing.

As for the women in the hospital, all of them were in an uproar. Perhaps it was because this person was too easy to talk to, but no one took him seriously.

He walked in and saw Yan Huan sleeping alone in the hospital. She had been receiving injections the entire time, and her complexion was not too good.

He walked over and placed his hand on Yan Huan’s forehead, but he was sweating profusely.

It was too weak. He took the medical record that Yan Huan had placed aside. There was nothing written on the medical record. It only said that she fell from her horse and suffered a concussion. It was also because of the concussion that she suffered from dizziness and vomiting, however, it did not mention that she had suffered a large amount of bleeding in the past.

Actually, he yibin no longer hated Yan Huan that much.

After all, she did not mention anything. At the very least, she saved Lu Yi’s life. If it were not for her, Lu Yi might have already turned into ashes. At this moment, they should be holding chrysanthemums to pay their respects to him.

Moreover, this was also considered his patient. There was no reason for him to throw away his patient, regardless of whether it was his patient or not.

When Yan Huan woke up, it was already unknown when it happened. She had always had no concept of day and night. The moment she laid her head on the pillow, she would fall asleep. Almost every time she woke up, this was the same feeling.

Therefore, she could only fall asleep and continue to sleep. However, she did not know day and night, nor did she know if she was dead or alive.

She took her phone, but the phone was already turned off.

The corners of her lips suddenly curved. Lu Qin should still be thinking about how to get the GEM. Unfortunately, he could forget about her money in the future, and the gem was even more impossible.., she could not even give him a single cent, because she would not be as stupid as before.

“You’re Awake?”The sudden voice made Yan Huan stunned, because this voice was actually somewhat familiar.

“Yes, you didn’t Mishear. It’s me.”

He Yibin moved closer to his face.

“I knew you had a deep impression of me. I’m so handsome, I have good medical skills, I come from a good family, and I have a good personality. It’s their loss that women don’t remember me.”

“Doctor he?”Yan Huan looked around the room.

Had she transmigrated?

“Why are you here?”Or should she say, why am I here?

“I’ve been transferred here.”He Yibin pulled out the needle for Yan Huan. When he saw the green mark on the back of her hand, he could not help but sigh, “Who pulled out the needle for you? Didn’t I tell you before? When you use the needle, press it and don’t move it randomly. Otherwise, it will easily turn green.”

“I pulled it out myself.”Yan Huan smiled embarrassedly. Most of the time, she pulled it out herself. She had no experience, so the back of her hand was like this.

What else could he yibin say.

And he didn’t mention Lu Qin’s name. It was fine if he didn’t mention the matters of the Lu family. But when he talked about it, it was like scratching his heart.

“In a while, I’ll take you to get a CT scan of the brain. After that, I’ll be more at ease.”

“Okay.”Yan Huan did not mind. She would just do it. She had been feeling extremely dizzy recently. She did not know if it was because her brain had really been damaged from the fall.

He Yibin stood up and took Yan Huan’s medical records to flip through. Yan Huan indeed did not suspect he Yibin’s motive. She really thought that he yibin had just been transferred to work here.

She had never thought that he yibin had come here specifically because of her.

And the reason why he yibin could do this was not because he yibin had a crush on her, but because of another man.

In fact, some fates might have been missed just like that

If you don’t say it, I Won’t move.

And then they would forget each other in the world of martial arts.

Chapter 1388: sympathy for the weak

When we meet again, it may be your death, my old age.

He Yibin took Yan Huan to do a brain CT scan.

He looked carefully, afraid that Yan Huan was constantly vomiting and dizzy because of the congestion in his brain. Fortunately, there was no congestion. The dizziness and vomiting that Yan Huan mentioned.., it was probably not just because of the concussion. It was also caused by the blood transfusion for Lu Yi back in hai city.

This was actually the main reason. His body was severely anemic and his blood was low.

“Okay, it’s okay. Don’t worry.”

He comforted Yan Huan, “It’s just some side effects. Rest well for a few days. You can be discharged soon.”

“Soon?”Yan Huan repeated this sentence over and over again.

“Doctor he, can I stay for a few more days?”

She asked he yibin with a slight request in her voice.

“Sure, it’s not a big deal.”He Yiji suddenly moved closer to her. “Tell me, do you not want to film and want to be lazy?”

“I guess so.”Yan Huan suddenly smiled and let it be.

Actually, she did not want to slack off. She was just avoiding some people.

Right now, she did not have the energy to deal with some hypocritical people. She also did not have the time to look at the faces of some people. She just wanted to sleep quietly for a few days. In fact, it was fine if she slept to death. She did not need to care about so many disputes.

She habitually held her phone tightly. Although the temperature of the phone was not much because there was no longer anyone who gave her the temperature, this was only a habit. This was also a habit that she did not want to change

It was as if holding her like this would bring her back a little.

The throbbing in her heart and the trace of sadness that she had already seen as nothing.

He Yibin took the phone and took a photo of Yan Huan. He saw Yan Huan curled up and fell asleep. She was also holding a red phone in her hand. At this moment, her expression was very quiet, each of her eyes revealed a longing that was like a painting.

It had to be said that this woman was really very good-looking. It was no wonder that Lu Yi, who had never been close to women, was unable to let go of her.

Now, it seemed that Lu Qin was not worthy of this woman.

She was very beautiful, she had a personality, and she was also a fool.

She was suitable for a man who held her in his hands and raised her in a greenhouse. She was not suitable for a man like Lu Qin, who would only destroy her. He would let her wither day by day and grow old.

"Look at how much I sacrificed." He Yibin raised his head and sighed. It was all because of Lu Yi.

At this moment, Lu Yi took the phone and was looking at the photos inside.

She was asleep. She had been holding the phone in her hand the whole time. Her eyebrows and eyes were still the same, but for some reason, they were stained with some sadness that could not be dispelled.

She... wasn't happy, was she?

Lu Yi sat up, but the pain in his chest made him break out in a cold sweat again. However, his eyes never left the phone in her hand.

Yan Huan suddenly grabbed the phone, and his eyes followed suit.

"Miss Yan, I was only covering you with the blanket. I didn't mean to touch your phone."

The assistant hurriedly explained. He was also shocked by Yan Huan's gaze.

What happened? He Yibin walked over and saw Yan Huan's assistant with a bitter expression.

"Were you scolded?"

He asked in amusement. He did not know how Yan Huan still had the strength to scold people. If she had the strength to scold people, that would be good. At the very least, she could still scold people. However..., why did he feel that Yan Huan was not even willing to speak? Why was he still willing to scold people.

He really hoped that she would scold people. However, she was not willing to scold people. What could he do? She was just like an old monk who sat still all day and did not say a word.

The assistant placed his finger on his mouth.

"Shh, don't make too much noise. She's asleep."

"You're really good to her."

He Yibin really felt that this assistant was really too good to Yan Huan. Even family members could only do so much. Yan Huan only had this one assistant by his side. After so many days, not to mention her past..., even now, no one came to visit Yan Huan. Even Lu Qin didn't come. Only this little assistant was around.

She was really good. She could be said to have never left Yan Huan.

"Sister Yi Ling has been kind to me. If it wasn't for her, I wouldn't have become Miss Yan's manager. The assistant said embarrassedly, "Miss Yan is also good to me. My mother fell sick two years ago and had to be hospitalized. She asked for a lot of money. It was Miss Yan who gave me the money. If it wasn't for her, my mother might not even be alive. People should know how to repay gratitude."

“Besides, besides me, there’s no one else by Miss Yan’s side. That Mr. Lu is unreliable.”

This was the first time the assistant had said something wrong about Lu Qin in front of He Yibin.

Of course, Bao Yibin also knew that the Mr. Lu the assistant mentioned was Lu Qin and not Lu Yi.

Logically speaking, Yan Huan and Lu Yi had nothing to do with each other.

“Then what happened to you just now?” He Yibin pointed inside. “How did you really get scolded?”

“No,” the assistant quickly shook his head and pulled He Yibin to a place where there was no one else. It was to prevent Yan Huan from hearing their loud voices.

“Doctor he, you have to be careful not to touch Miss Yan’s phone. I touched her phone just now and was glared at by her. Miss Yan’s glare is very scary.”

“Don’t worry, I know.” He Yibin guaranteed that he would not move his white teeth.

After his assistant left, He Yibin gave Lu Yi a call. Shouldn’t he be more concerned about his patient.

“Brother, how are you today?” He Yibin asked Lu Yi. It had been a few days, so he should be better now. Moreover, with Lu Yi’s terrifying recovery ability, he should be able to recover.

“I won’t die,” Lu Yi said faintly. There was a pile of documents on the nursing table on the bed. Thinking about it, this job was still on him. Even if he really survived the disaster, it still meant.., this man really had a tendency to self-abuse. Even in this state, he still didn’t forget to work.

“How is she?”

Lu Yi put down the pen in his hand and asked He Yibin faintly. His eyes were still dark and bottomless.

“Not bad.” He Yibin walked out of the ward and looked at the woman who was sleeping inside.

“She fell off her horse and suffered a concussion. She just came back from the hospital and came in again. She’s quite pitiful. No one has seen her, not even Lu Qin. Is she the one Lu Qin wants to marry? No matter what, she’s still his future wife.”

Lu Yi didn’t say anything and didn’t want to answer this question.

Actually, from the looks of it, she didn’t really hate him. She was just a little pitiful. He Yibin sighed. He couldn’t help it. People sympathized with the weak. With Yan Huan’s current state, no matter how much he wanted to add insult to injury.., he wanted to say something sarcastic, but he couldn’t seem to say it.

Chapter 1389: He got the key

“What kind of weird habit do you think she has?” He Yibin indeed said it casually. Nowadays, people were sick of cell phones. If they didn’t use a cell phone for a day.., it was as if they couldn’t live.

But he didn’t say it was like Yan Huan.

“Do you know?” He Yibin was quite depressed when he mentioned it, “She sleeps with her phone in her arms all day long. No one can move a muscle. The moment she moves, she wakes up and stares at

people like a wild beast. I've only seen it once. It's as if she's ready to fight to the death with others at any moment."

"It's understandable if she waits for a call, but her phone is clearly switched off."

"It's time for her to fall asleep. She's like a little white rabbit, obedient and well-behaved. But once she wakes up, she won't be a rabbit but a tigress."

Lu Yi put down his phone and placed his hand on his chest. In that instant, his heart ached once more.

Yan Huan lay there, asleep. He didn't interact with anyone and had a special ward. There weren't many scenes left for her on the set, so they could talk about making up scenes in the future. The production team would do whatever they wanted., even if she was missing, it would be the same. No one would remember or pay attention to her.

As time passed, everyone seemed to have forgotten about her as well.

Of course, there were some people who lived happily. For example, Mengni had a suitor. To her, this proved that her feminine charm was not bad, not to mention that she was a young master from a wealthy family who spent a lot of money. Naturally., she was very satisfied in her heart. If he treated her sincerely, then she naturally would not object to the fake drama being real.

Although Lu Qin's popularity was not good, as long as he acted in a few good dramas, he would definitely become popular.

She naturally did not care about anything at the moment. Life was beautiful, life was wonderful, and she could receive surprises from time to time. However, Lu Qin was different.

He was already a little overwhelmed because the money in his bank account was dwindling day by day. However, he didn't have any supplies. His current consumption was far from enough to cover his high consumption expenditure, in particular, he was someone who valued enjoyment, so he didn't have any ideas about saving money or investing

As a result, he had been spendthrift recently. He had almost spent all the money in his bank account. Even the money he had gotten from Qin Xiaoyue was almost insufficient.

Qin Xiaoyue valued money more than her own life. If she wanted it once, she might give it to him. If she wanted it a second time, she might give it to him. But if she wanted it a third time, Qin Xiaoyue might not be willing to give it to him no matter what.

And now, she still could not take out the money from Yan Huan's side. She was not willing to give him that gemstone no matter what.

Lu Qin went straight to the flower shop.

"Sir, do you want to buy flowers?"

The shop assistant in the flower shop asked the fully armed man carefully.

"Yes," Lu Qin replied indifferently.

"What flowers do you want first?"

The shop assistant said again, "I can introduce them to you."

Lu Qin wasn't in a good mood. Especially when he thought about Yan Huan, who seemed to be playing dead, a sense of revenge rose in his heart.

"I'm going to see a dead person. You can wrap one for me."

The shop assistant didn't dare to ask any more questions. Perhaps she was afraid of Lu Qin's voice, so she wrapped a bouquet of chrysanthemums.

He walked into the hospital and directly pushed open the door of Yan Huan's ward. Yan Huan was sitting there with an injection on the back of her hand. She raised her eyes and saw the person outside, there was not even a trace of expression on her face.

It did not make any difference whether she came or not?

"This is for you." Lu Qin directly threw the flower on the table. The yellow and white chrysanthemums were simple and elegant. It was also a little unlucky, especially since they were wrapped in black paper. This was not for the living, but for the dead.

The corner of Yan Huan's lips twitched indifferently.

Yes, it did not matter. In any case, when he was dreaming, Lu Qin had cursed her countless times.

He cursed her to die early, and cursed her to ascend to heaven early. This way, all the assets under her name would be his.

Yan Huan turned his face away. He did not want to speak, and he was too lazy to speak.

What have you thought about the matter of the gem?

Lu Qin stood in front of Yan Huan and reached out to pinch Yan Huan's chin. "I've already said this to me for so many days. What's wrong with you? Are you pretending to be a fool? Or have you hit your head and made a fool of yourself?"

Yan Huan sized Lu Qin up from head to toe.

Her face wasn't big enough, but how could she say such shameless words.

Where did this idiot come from?

"I don't have any money, and I don't want to sell the gemstones either." Yan Huan gently clenched her fists. Then, she raised her face and enunciated each word clearly, "You took all my money. The car I bought was also taken away by your mother. I'm not popular now, so I can only play third-rate and second-rate supporting roles."

"You're in this industry yourself. How could you not know? If you're just a minor supporting role, you know how much you can earn."

Lu Qin narrowed his eyes hard.

Then, the mockery in his eyes receded, and his voice began to soften.

“Didn’t we agree that I need money urgently now? Give me the key to the insurance.”

Lu Qin refused to believe that Yan Huan did not have any trump cards in his hands. He also refused to believe that Yan Huan did not have any money on him. If he did not have money, then why would he sacrifice so much.

Yan Huan turned his face away.

“Where’s the key to the safe? I’ll go get it myself. You should rest well.”

Lu Qin pulled Yan Huan’s face away, but he knew that Yan Huan’s safe was filled with good stuff. Perhaps that piece of royal jewelry, which had a market value of several hundred million, was also inside.

Yan Huan stared at him for a very long time.

It was the first time she had looked at a man’s face so seriously.

Only then did she realize that his looks were so heartless, and she still treated him as a treasure. She didn’t know if Lu Qin had treated her as an idiot, or if she had been too conceited.

“The key is in the fish food.” Yan Huan stared at Lu Qin’s eyes. Her red lips parted slightly, and her voice was a little cold. “The password is 14568.”

“Go and take a look if you want to.”

She slapped Lu Qin’s hand away and lay down. Then, she pulled up the blanket to cover herself. Lu Qin shook his hand and walked out directly.

Only the bouquet of chrysanthemums on the table was still mourning something.

She took out her phone from under the blanket and gently placed it on her face.

MMM, don’t cry.

There’s nothing to cry about, right?

It’s not worth it to cry over a scumbag.

However, she was still sad. It was not about anything else, but the two years she had been gnawing away for the dog.

Also, that bouquet of chrysanthemums was actually quite nice to look at. When she died, she would definitely get someone to buy more chrysanthemums for her to decorate her front.

Lu Qin took a flight back to the Lu family overnight. He immediately stopped the car to draw. He also walked in. Of course, his footsteps were very light. It was as if there was a wind under his feet. He was faster, lighter, and more excited than usual.

Chapter 1390: wished her an early death

When Qin Xiaoyue came out, she happened to meet Lu Qin, who was in a hurry.

“Why Are You Back?”

Qin Xiaoyue hurriedly blocked the door of her room.

"I told you, I don't have any money." In any case, she didn't have it. Even if Lu Qin wanted it, she didn't have it. If she didn't have it, then she didn't have it.

"Mom, I'm your son." Lu Qin couldn't stand Qin Xiaoyue's greed. "As long as I become famous in the future, you won't have any money, no matter how much you want." It was no wonder that she was so petty, they had never been comparable to the big house.

Even when Lu Jing was around, they couldn't compete with him, not to mention that Lu Jing was long gone.

"I wonder when you will become famous?" Qin Xiaoyue would not let Lu Qin take away her money, "The money you spend is more than what you earn back. If I give you the money, it will be like a meat bun beating a dog."

Lu Qin was too lazy to respond to Qin Xiaoyue's vulgarity.

He was really unlucky to have such a mother.

He walked into Yan Huan's room.

Initially, Qin Xiaoyue wanted to go back, but when she saw the situation, she turned back. Could it be that she was taking something?

She followed in as well. She could already smell the scent of money.

Lu Qin walked in front of the three-meter-wide, two-meter-tall fish tank. This fish tank was bought by Yan Huan at a high price. She liked this kind of thing and did not care at all about how much she had spent back then.

What Lu Qin thought was right was not what Yan Huan liked.

Yan Huan was like this, and she had bought it with her own money. No one could say anything about her.

Lu Qin directly opened the cabinet of the fish tank and took out a bucket of fish food. This kind of fish wouldn't die even if it wasn't fed. Therefore, there was almost a bucket of fish food left, and it hadn't been used much, he opened the lid of the fish food and found a bunch of keys inside.

When he walked to the white safe cabinet in the corner of the main hall, the hand holding the keys was trembling with excitement. This was the biggest dividing line between him and Yan Huan, Yan Huan could be said to have given everything to him, even her reputation. However, this safe was the only one that did not have it. It could be said that this was the last guarantee that Yan Huan gave himself. Therefore, until now., her heart was still not completely muddled. As long as there was a trace of clarity, she would not give this safe to anyone else.

Anyone would leave a path of retreat for themselves. Yan Huan was the same,

Lu Qin carefully opened the safe, and then turned the password bit by bit.

Even Qin Xiaoyue squatted down as well. At this moment, she did not even dare to breathe too loudly.

This was Yan Huan's last safe that they didn't know about.

Hundreds of millions of diamonds, countless real estate, luxury cars, and all sorts of real estate.

Qin Xiaoyue was thinking about how many bags she could buy and how she could stomp ye Shuyun under her feet. Meanwhile, Lu Qin was thinking about how he could use this money to climb to a height that no one could reach.

The key to the safe was right, and the password was right. Lu Qin twisted the lock bit by bit.

With a click, the lock was opened.

At this moment, not only Qin Xiaoyue, even Lu Qin held his breath.]

The door of the safe was finally opened, but in front of Lu Qin and his son, it was empty.

The mother and son's faces instantly darkened,

"How can it be empty?"

Qin Xiaoyue screamed, "Where's the Gem? Where's the gem that's worth hundreds of millions of dollars? Where's the real estate disease? Where's the jewelry?"

Lu Qin stood up and kicked the safe hard. He also vented all his anger on the safe, scaring dozens of big-eyed fish to swim to the back of the rockery. Half a day later, they carefully swam over, then, they swam back and forth happily in the water. So, the fish were indeed ruthless.

Because they only had five seconds of memory.

No matter how deep the memory was, it could not escape the fate of being forgotten in the end.

Yan Huan took a pair of scissors and cut off the chrysanthemums one by one. Then, he put them in the vase.

"How did you buy this kind of flower?"

He Yubin walked over and picked up a chrysanthemum from the table.

This was a gift for the dead. How did she get this kind of flower? It was very unlucky. Moreover, Yan Huan was still alive and well. She was learning how to buy it herself, and she was cursing herself to die. Did someone else buy this flower, or did someone else curse her to die early.

What was going on? Did she not want to live anymore, or did someone else not want her to live anymore.

"Lu Qin gave it to me. Does it look good?"

Yan Huan mocked himself at he yubin. No matter how he looked at it, he looked a little silly.

"Do you know what kind of flowers this is?"

He Yubin threw the flowers in his hands onto the table again. In fact, he had the urge to throw these flowers into the trash can and stomp on them with his feet. It would be best if he stomped on them until they turned into pulp.

Yan Huan took another flower and placed it in the vase. He took it out and cut it after it grew longer.

“This is for the dead, but it still feels pretty good.”

“Chrysanthemum tea is quite delicious.”

Yan Huan plucked a petal from the Chrysanthemum and placed it in her mouth. She also tasted a astringent taste. It was really similar to the chrysanthemum tea that she had drunk before.

He Yi felt as if something was stuck in his throat as he tried to explain with some difficulty.

“Maybe he doesn’t know? Men Aren’t women. They aren’t that meticulous.”

Yan Huan smiled but didn’t say anything. There weren’t so many superstitions in this world. If sending a bunch of flowers was enough to curse her to death, then she would have probably died ten or eight times already.

She placed the flowers in the vase one by one, focusing on doing something she liked. In the end, she clapped her hands. In fact, she really felt that she had a pretty good craftsmanship.

Look, there’s something artistic about it.

With this bouquet of chrysanthemums placed here, she would think about it from time to time. She would also remember what Lu Qin looked like when he bought the flowers.

Yan Huan, why don’t You Die?

Yes, Yan Huan, why don’t You Die?

Your mother is dead, and Yi Ling is also dead. Then why is she still alive?

Bao Yibin gently pushed open the door and saw that the person inside was asleep. Only then did he quietly walk in. Then, he reached out and pulled out all the flowers in the vase and threw them into the trash can outside.

Every time he saw these flowers, his heart would ache, so it was better not to see them again.

When Yan Huan woke up again, he immediately realized that his flowers were gone.

“Where are my flowers?”She asked her assistant.

“The flowers are wilting.”The nurse took them out and threw them away. The assistant’s face looked a little hollow. Yan Huan glanced at the vase again. Fine, just throw them away. She didn’t want to stay for long anyway
