

### Chapter 1401: Regret

HMM, the usual place? Yan Huan curled his lips in a mocking manner and conveniently deleted this string of words. What other usual place was there? It was just a corner of a wall. Of course, he was not there to talk about love with her. Lu Qin would never be at a place like the set, talk About Love with her? He would not be at the set and let others find any evidence against him. If he wanted to become famous, he could not let others know that he had already become someone else's husband, even though this husband.., was still Yan Huan's self-proclaimed husband.

Yan Huan sat up and walked. She was wearing a thick outer layer of clothing that covered her entire body. She only revealed her face from the outside

When she opened the door and walked out, the night wind was still mercilessly blowing on her face. It was almost like a knife, cutting her face one cut after another.

She did not know how many times she had foolishly waited for Lu Feng's call, like an obedient dog. She would do whatever he told her to do, destroying herself time and time again.

Now that she thought about it.

She was indeed very stupid.

She tightened her clothes and walked forward. The wind blew the corner of her clothes from time to time. In addition to her thin body that was almost out of shape, in such a night.., she was like a ghost.

Her face was a little gloomy in the cold wind. It was so gloomy that Lu Qin could not help but feel a chill..

Lu Qin might have wanted to say something, but in the end, he wanted to show himself. He seemed to only have the ability to open his mouth, but he could not say anything.

He actually wanted to ask why the safe was empty?

But when he saw Yan Huan's current face, he could not ask any more questions.

He had tried many times to open the topic, but Yan Huan was very cold now. He did not dare to speak to her.

"I just want to ask how you are now. No... It's nothing much. You should go back and rest first. The weather is cold, so put on more clothes. After he finished speaking, he turned around and left. Of course, there were some things that he did not ask.

Yan Huan wrapped her clothes tightly and just stood there coldly. Right now, she just wanted to know if Lu Qin was too confident in her or if he had a guilty conscience. If he turned around to take a look, he would realize.., the cold light on Yan Huan's face and the obvious trace of disdain were slowly gathering in her eyes.

Yan Huan turned around and patted her shoulder. She didn't want to lose her clothes, right? It was disgusting to have someone's breath on her.

When she walked into the room, she instantly felt a lot warmer inside. Even the air coming out of her nose also felt warmer.

She took off her clothes and placed them on a chair at the side. Only then did she wash her face. At this moment, the room was almost quiet. Other than the sound of the wind outside, she could only hear her own heartbeat, thump, thump, thump..

It was also so quiet that it was... terrifying.

She took her phone and wrapped her entire body in the blanket. Then, she rubbed her face against the pillow lightly. Only then was she ready to sleep

She still had to film tomorrow.

Her acting skills would get better day by day. If she did not have the ability, then she should not have acted with her.

This was the consequence of him not coming to her. She would eat whatever she planted. No one could pay for him.

However, just thinking about it, she might have to shoot and get injections at the same time. Even he yibin had said that she did not take her body seriously and had hit her head twice. There was really not much blood on her body, if she bled a little more, someone might really send her chrysanthemums next year when they came to visit her.

She closed her eyes, and the sound of the wind could still be heard outside. It blew from time to time, and it was accompanied by the special dry and cold hair of the north. She curled her body into a ball, but it was still cold.

Until she sat up again, she did not feel sleepy at all that night.

She took out her phone and placed it on her knees. She opened the anti-sky app again and gently clenched her fingers. Unknowingly, she was looking for something. When she moved her hand., she realized that she had found the man's number again.

So what if she found it.

She turned off her phone and laid down again. She was just staring blankly at something. Then, time slowly passed by in front of her eyes and disappeared.

On the other side, Lu Yi's computer rang. He reached out and moved the notebook over. He realized that she had been online for a while, but her phone seemed to be turned off again in a few minutes.

He suddenly clenched his fingers and pushed the computer away. Only that face had lost some of its smile, and the light in its eyes had also disappeared.

The phone beside him rang. He took the phone and saw that it was Fang Zhu's.

He placed the phone by his ear.

His voice was so faint that it was almost impossible to detect any emotion.

“What’s the matter?”

“I . . .” Fang Zhu did not know how to say it. She had hesitated for a month before she decided to call Lu Yi. However, after the call was connected, she did not have the face to say anything.

“I want to... See You.”

“We have nothing to see.”

Lu Yi refused very stiffly. There was nothing to see in the first place. There was no difference between seeing him again and seeing him ten times.

“Lu Yi, I regret it.”

Fang Zhu gripped the phone in her hand tightly, “I really regret it. Can you give us another chance? We have been together for three years. In three years, not everyone can have the same three years.”

On the other side, Lu Yi did not make a sound. He did not say a single word.

“Lu Yi...” Fang Zhu’s voice had already begun to tremble. She was also excited. She had too many things to say to him and too many emotions to express. However, she could not say them out loud.

“I have only just realized that we are the most suitable.” She put down her pride and face. She also lowered her noble head because she did not want to lose this man.

This man was hers to begin with, and it was her, Fang Zhu’s, because she would no longer meet a man who loved her to the point of risking his life. And if she didn’t grasp this kind of man properly, then.., she would really be stupid to the extreme.

Lu Yi’s gaze stopped on his own computer. That no one’s chat app was empty, but even if it was empty, he was still unwilling to let it go.

Because he was such a person.

“Lu Yi,” Fang Zhu’s voice was still ringing through the phone, “You can save me with your life. No matter what, I Won’t Leave You.”

Lu Yi gently caressed the computer screen. The blue light fell on his face, causing his eyes to turn dark.

**Chapter 1402: Was it fun to lie to her** “You’re wrong.” His voice was still as calm as ever. “No matter who it is, I will save them. It’s the same for you, and it’s the same for everyone else.” He did not wait for Fang Zhu to say anything else, he had already pressed the hang-up button. There was no need to say anything else, and he would not start over with her again.

He put down his phone and moved his fingers to his laptop. Did you know that his fingers were slightly cold, but the light in his eyes was clear. “The only person I want to save... Is You.”

He moved his laptop to his front and placed his fingers on the keyboard as well. The shadows cast by his fingers were practically invisible.

Yan Huan opened her eyes and glanced at the needle hanging on the back of her hand. It had already been a night outside, and she had hung the needle for another day. Just like that, a day had passed.

She was really pitiful. She had started hanging the needle again, and now it was almost over. She sighed softly and sat up as well. She couldn't wait for anyone else. She would do it herself. She raised her hand, then, she tore off the tape on the back of her hand and pulled the needle out herself.

Then, she pressed her finger on the back of her hand, and traces of pain came out.

Actually, it was quite painful.

It was already dark outside. She actually did not know what time it was. She only knew that she seemed to have slept for a long time. It was as if she had also had a dream. However, she had forgotten what was in the dream, that's right.

In the dream, there seemed to be someone else.

Did she want to come.

Her finger suddenly touched her phone. Out of habit, she picked up the phone again and placed it in front of her.

She saw that the app was still bare, but she was in a daze.

Her finger gently tapped on the chat app. When the app was opened, her heart could not help but tighten. It actually brought an indescribable pain..

She threw her phone away and lay on top of the blanket. She only twitched her shoulders slightly. Sometimes, she really felt that her tears were not worth much. She had given her tears to work and to the characters in the drama, but.., how many people had seen her true heart? She had hidden her true heart under these fake smiles. She had also given her true heart to a scumbag man.

She sniffed and very quickly, the blanket was soaked with her tears. After half a day, she sat up and pulled up a corner of the blanket. She even foolishly tried to see if she could wring the water. However, very quickly.., she realized that she was actually so childish, to the extreme. Yan Huan, you're not young anymore. Yes, Yan Huan, you're not young anymore. Do you know how old you are.

You're 25 years old.

But she really wanted to be childish for once.

She wanted to be mature only because there was no one in this world that she could be childish with. Life made her force herself to be mature. Reality also made her force herself to grow up so that she could survive in this man-eating entertainment industry, otherwise, she would have long known how many times she had been eaten alive.

She did not have her parents to protect her, nor did she have any siblings to support her. She only had herself.

She took her phone and bit hard on her red lips. She almost bit herself in pain. Why was he still looking for her? He was not going to get married. He was not going to buy a wedding ring. He was not going to take a wedding photo, he was not going to save another woman's life.

She foolishly believed Lei Qingyi's words and thought that he was really protecting her. Otherwise, she would not have grown up so quickly in this entertainment industry. She did not believe it. She did not believe it.

If it was really her, then why did she agree to accompany her for the rest of her life, but in the blink of an eye, she had to buy a wedding ceremony with someone else to Get Married? He was a big liar. He was a bigger liar than Lu Qin.

Lu Qin had cheated her of her money, cheated her of her popularity, cheated her of her career.

But he had cheated her of all her trust, as well as the last bit of her yearning for the good in this world.

He still had the face to come knocking on her door.

Ding! There was a message from the other side.

She did not look, she did not want to look, she did not want to look even if she died. She buried her face in the quilt, just like a timid turtle.

However, in the end, she still sat up.

She picked up her phone, but no one knew that at this moment, her eyes were red from crying. She really could not cry anymore. If she continued to cry, she would definitely become dehydrated. All the water that she had hung up for a day would have been for nothing.

She turned on her phone, and sure enough, it was a message from him.

At this moment, while her heart was aching, she couldn't deny it. This aching heart was beginning to fill up with something. What hurt, what wronged.

Lu Yi: "Does deleting me mean that nothing happened? How much do you hate me? Tell me."

Yan Huan took the phone, but realized that she didn't even type.

Not only did she hate her, she hated all the members of the Lu family. He was a liar, they were all liars.

There was another Ding and another message came.

Lu Yi: "I said that I would accompany you for the rest of your life. I will do it."

Sometimes, a person's heart would be hurt and hurt at this moment. It could also be at this moment that tears started to flow down her face.

She brought her phone to her eyes, but everything started to blur. She wiped her tears with the back of her hand. Her tears were not very pretty, in fact, they were very ugly.

He was the worst man she had ever met in her life, and also the most ruthless man.

She wiped her tears with the back of her hand again,

she wrote the word 'liar' heavily.

Lu Yi frowned hard. After a long while, he received a reply, but it was the word "Liar". He had never been a liar, and he disdained to be a policeman. He was a prosecutor, and he always liked to seek truth

from facts. What he wanted was evidence, proof, and the word “Liar” was strange, it would appear on him for the first time.

And he was the most unlikely person in the entire Lu family to be a liar.

The person who was a liar was Lu Qin, not him, Lu Yi.

He placed his finger on the keyboard.

“Evidence?”

Yan Huan’s heart was aching. It was still very, very painful, so he had forgotten about everything. For example, their identities. For example, she knew that he was Lu Yi, but he might not know that she was Yan Huan, or the Yan Huan that he hated so much

And the word ‘evidence’ started to prick her fingers.

“I saw you buying a wedding ring with someone else. You guys are about to get married, yet you said that you would be with me forever. You even said that you would be with Me Forever?”

She lifted her face again and did not want to cry anymore. However, she could not hold it in anymore. Her nose was sore, and she felt wronged in her heart.

“Is it fun to lie to others? “Why do you still lie to me? You all lie to me. What’s wrong with me? What’s wrong with me? I just want to Live Well, to have a family, to have a family. I have nothing. Why do you all lie to me? Is it fun to lie to me?”

#### **Chapter 1403: I’ll be with you forever**

“Tell me, did you do it on purpose? Did you do it on purpose to take revenge on me?”

At that moment, she began to understand why Yiling had jumped down from more than twenty buildings and ended her young life in such a tragic manner.

At that moment, she actually had the same thought.

Why? Because she had nothing to live for.

Why? Because she had no heart.

Why? Because she did not know how to live anymore.

This was the first time Lu Yi had seen Yan Huan type so many words. He had always felt that she seemed to know that he was Lu Yi. He could guess from the lines between her words. However, there were some things that he had never been able to say.

He had seen it with his own eyes. As expected, she knew that it was his.

“Yan Huan.” Lu Yi typed two words.

The moment Yan Huan saw her name, it was as if a bucket of cold water had been poured over her. He knew, he actually knew. She hurriedly threw her phone to the side and hugged her tightly, she was actually so afraid that her entire body was trembling. It was cold, but it was also afraid.

She was afraid.

With a ding, another message was sent.

She took her phone again. In any case, she treated herself as a cowardly turtle and a timid rabbit. However, in the end, there were some things that she still had to face. She still had to bear with it. She still had to admit it.

“You know who I am, right?” Another message was sent from the other side. It was not a question, not a complaint, but a confirmation.

Yan Huan closed her eyes and threw her phone to the side. She grabbed a laptop from the side and placed it on her lap. Then, she turned on the phone and logged in. Now, typing on the computer was much faster than typing on her phone, it was much faster.

Alright, she acknowledged it. She acknowledged everything.

She did not know whether she did not care anymore, or if she had broken all the rules. In any case, it was already like this. If he wanted to laugh, he would laugh. If he wanted to despise, he would despise. She had already decided to leave the Lu family and would not go back, in the future, the people of the Lu family would have nothing to do with her.

Lu Yi saw the chat app go dark for a moment and thought that she had run away in fear again.

Although she was very brave and irresponsible, running away as she wished, Lu Yi could not bear to part with her. No matter how bad she was, no matter how unbearable, this was his obsession, he would never give up this obsession in his life.

Even if, in the eyes of others, she really had nothing to do.

However, he did not think for long. He thought that the woman who had run away was back.

She had switched from the phone to the computer.

He sighed softly, then thought for a moment. His fingers pressed lightly, and something was turned on.

Yan Huan did not know that the camera on the laptop was turned on. He could see everything she was doing here.

It could be said that her IQ was indeed inferior to Lu Yi's.

Lu Yi leaned his back against the chair behind him and saw an image appear on the computer. It was that familiar face. She had become thinner, very, very thin. She was even thinner than when she was sick in Hai City, only a pair of eyes could be seen on her entire face. Her eyes were also swollen.

Had she cried?

Yan Huan bit her red lips and bit them hard.

She typed clumsily.

“I know your number, so I looked it up. I did it on purpose.”

After she finished speaking, she waited. She waited for Lu Yi to laugh at her. She waited for Lu Yi to laugh her to death. She also waited for him to ridicule her.

Lu Yi reached out his finger and caressed her face through the screen. She was already so thin. Did he eat or not? Was it because he did not urge her to contact him that she really wanted to throw him to the side.

He placed one hand on the keyboard and tapped a few times.

“Actually, I knew it was you the first time.”

Yan Huan pursed her lips. She did not want to speak. She placed her feet on the chair, and her eyes were still swollen and uncomfortable.

“You must be laughing at me, right? Laughing at me finding you, laughing at me for having an affair, laughing at my shamelessness and my fickleness?”

“Are you talking about me?” Lu Yi replied with a few words.

Was it? was he talking about him? He clearly knew who she was, but in the end, he still could not hold back his heart. He even agreed to those ridiculous words that she had said intentionally or unintentionally.

He promised to accompany her for a lifetime, even breaking up with Fang Zhu, all for her sake.

This wasn't something that Lu Yi would do, but he still did it in the end, and he still promised. Of course, he would do it in the future as well. He would guard her for a lifetime, and just like that, no one would know.

Yan Huan leaned on the table, and from here, Lu Yi could hear her crying. And his heart seemed to be rising and falling

She couldn't see Lu Yi, but Lu Yi could see her.

She sat up, her slender fingers almost breaking at the snap of a finger.

“You promised to accompany me for the rest of my life.”

Lu Yi pressed the keyboard.

“Yes,” I promised.

“You promised that you don't have a girlfriend.”

“Yes,” he wouldn't go back on his promise.

“You promised me that you wouldn't marry anyone else.”

“Yes,” he admitted.

“But you went to buy a ring. You're obviously married.”

Lu Yi gently rubbed the space between his eyebrows. Alright, now he finally knew what the crux of the problem was. It turned out that she had always thought that the ring he was buying with Fang Zhu was his wedding ring, was he the one who wanted to get married?

He reached out and turned off the camera. It wasn't that he didn't want to see it, but he just felt that she probably didn't like it.

"She wants to get married to someone else and asked me to help her choose a wedding ring. I broke up with her."

Yan Huan's red lips lightly touched each other. Her heart started to throb, and she felt a slight pain. She clutched her chest. Her heart seemed to be beating a little fast, and it was also beating with a struggle.

"Why?"

She didn't want to guess the reason, nor did she dare to guess.

"What do you think?" Lu Yi kicked the question back to her.

The layer of paper between them should be broken. Everything he did was because of her. He broke up with Fang Zhu because of her. There would be no love between him and Fang Zhu, but if they had to get married.., he could marry Fang Zhu and treat each other with respect like ice for the rest of his life. However, it was because of Yan Huan's words.

He wanted to accompany her for the rest of her life.

Hence, he had agreed.

He would not marry anyone else, but he still had her in his heart.

Yan Huan turned off the computer again.

After that, she lay under the blanket and took out her phone.

What Lu Yi saw was her suddenly going offline and then going online again.

Yan Huan Lay Down, picked up her phone, and curled up into a ball.

"Then, will you stay with Me Forever?"

She sniffed. Could she have another extravagant hope.

Lu Yi closed his eyes and opened them again. His fingers quickly tapped on the keyboard, but he paused for a moment in the middle before continuing.

"If you and Lu Qin are together, I will use the keyboard to accompany you forever."

#### **Chapter 1404: wanted some peace and quiet**

Yan Huan placed her phone on her chest. She would never be together with Lu Qin again. Not in this lifetime.

"What if I break up with him? I'm not married to him. He looks down on me. He hasn't gotten the things behind me. He hasn't sold himself to me."

"I know." How could Lu Yi not know that Lu Qin and Yan Huan were married? He was in the prosecutor's office. These things were very easy to find out. In this world, only an idiot like Yan Huan would believe it, the so-called marriage contract between Lu Qin and her was useful. It could bind a man for his entire life.

In this world, the only thing that could prove a husband and wife relationship, and the only thing that had legal effect, was the marriage certificate. However, Lu Qin did not give it to her.

His fingers paused slightly before he continued typing.

"You and Lu Qin are separated. My people will accompany you for your entire life."

Yan Huan's nose suddenly turned sour again. The grievances she had suffered for so long had all rolled out. She wanted to cry, but she did not dare to cry out loud. All she did was hold onto her phone, then, the pillow under her face was gradually soaked with a lot of water droplets. She was once again shedding tears that were worthless to her.

"You won't have a girlfriend?"

Yan Huan asked again.

"No," Lu Yi went along with her words. No, he was willing to accompany her for a lifetime without a name.

"You don't want to get married either?" Yan Huan held her phone tightly in her palm,

"No, I want to accompany you for a lifetime."

Yan Huan suddenly laughed. However, she was laughing so hard that her chest was hurting.

She covered her chest and shrank her body. Her phone was still in her palm. Just like before, it wasn't her phone that accompanied her to sleep every day, it wasn't the small profile picture that she thought it was. In fact, it was just that man.

Lu Yi placed the documents on the table one by one. Not long after, he saw that Guan Xiang was already in a state of leaving. He knew it.

She had already fallen asleep.

In fact, Yan Huan's daily routine was very regular. As long as she was filming, it was basically a kind of work and rest. Regardless of whether she was filming the next day or not, she would still wake up early. Usually, she would wake up around six o'clock, she would put on her makeup at seven o'clock, and filming would officially start at eight o'clock. However, she had been sleeping late recently, so she had also woken up late.

Lu Yi took out a stack of documents from his desk, and with a small light, he started to work.

He had been in the hospital for two months, and he had fallen behind in his work. Two months of work could not be filled in two months. This was harder to fill than he had expected.

That was why he could not hold on to his work. Otherwise, the end result would be that he would have to work for two months, or even longer, but he would still have time to accompany her.

Yes, that's right. Accompany her for a lifetime.

No girlfriend.

No marriage.

If she didn't, he didn't.

When Yan Huan woke up again, his eyes were in pain. Recently, these disappointing tears of hers were constantly flowing. She cried during filming and after filming, she would also cry. In this way, she might not be able to film anymore.

She sat up and first went to the small washroom. She used a hot towel to apply it to her eyes to see if it could make her eyes feel more comfortable. If it was swollen, it would not be so swollen, not to mention filming.., she didn't even dare to go out.

After a while, she felt that her eyes were much more comfortable. However, when she looked in the mirror, they were still swollen and swollen like goldfish eyes. They were as ugly as they could be.

She had no choice but to lie down on the small wooden bed again and let her eyes rest for a while. Initially, she only wanted to close her eyes for a while. Unexpectedly, she fell asleep directly and was woken up by the cold.

She hugged her arms. Only then did she feel cold. She forgot to cover herself with the blanket, so it was no wonder that she woke up from the cold.

She rubbed her nose and felt that her nose was a little uncomfortable. In the end, she sneezed a few times. When her assistant came over to call her, she realized that Yan Huan was not right again.

Her face was very red from the fever, and she was also a little confused. However, she was still holding the phone in her hand.

She hadn't recovered in the first place. In the end, if it was someone else, it might have been just a few pills, or it might not even be necessary to take the medicine. However, it seemed to be a little more serious for her.

The doctor came over and hung the needles on her hands. However, the back of her hands were pitifully full of needle marks. Ever since her assistant had been with Yan Huan, Yan Huan had always taken great care of his body, although she would sometimes get injured or something like that, she had never been sick for such a long time. Now, she could only go to filming with water on her hands almost every day.

However, the doctor had no other choice. What else could she do other than to hang water on her hands? He even said that she had to pay attention to her rest. How was she supposed to film a scene?

Now that she was better, she had caught a cold and could not move anymore.

Yan Huan wiped his snot. His little face was still red. Now that it was called a little face, it was really a little face. It was almost the size of a palm. He did not even have an adult hand.

"You don't have to act anymore. It's better for you to have a few more days of injections." Yan Huan's assistant covered Yan Huan with the blanket. The love between the two of them could not be filmed.

They were so in love that they were dying. It was filled with love, but when they started filming the crying scene., one or two of them could not cry. One could only open his mouth and howl. The other person had a bitter expression on his face. After watching too many of them, they were getting tired of it.

However, it was fortunate that they were stuck at this point. It was also fortunate that the director was someone who pursued perfection. It could also be said that he was a nitpicker. Although it took a lot of time to film these scenes., however, it also gave Yan Huan some time to rest properly for a few days. With her current body, let alone filming, she had only slept for one night and a small cold had already reached such a serious state, she was already on the verge of recovering and did not need to hang the needle anymore. Forget it, she would have to hang it for a few more days.

“Miss Yan, we have agreed that after this, we really can not get sick again.”

“Are you blaming me?”

Yan Huan asked his assistant, “Do you think I want to get hurt? Do you think I want to get sick? Do you think I want to catch a cold?”

“Then how can you not get hurt, catch a cold, or get sick?”The assistant really wanted to cry.

“I don’t know.”Yan Huan shook his head. “You have to ask the Doctor about this. Or you can ask du Niang. Both are more professional and useful than my answers.”

The assistant was defeated. She wanted to be quiet.

Yan Huan raised her hand. The Needle on the back of her hand was still in her blood vessels. She did not know how many times she had received the injection. In fact, she was really lucky to be able to keep her life.

She was so thin and her weight was so light. That time, she had 1,500 cc of blood, which was almost 25% of her body’s blood. It was no wonder. Even before she donated blood, he Yibin wanted her to sign a blood donation consent form.

### **Chapter 1405: wiring**

She understood that this was the procedure in the hospital, but she still felt a little sad in her heart.

Because everyone’s heart was focused on saving people, but they forgot that this could be a life for a life.

Lu Yi’s life was saved by her.

Even after that time, she had already hung the needles intermittently for two months and was hit twice on the head, but she was still alive. and on the backs of her hands, there were no more needles, she felt that if she continued to hit them, she might not be able to hit the back of her hands, but her feet.

However, she did not regret it at all. If it happened again, if she had to make such a choice again, she thought that her final choice would still be the same.

And the final result would not change.

And she had done it right, right?

The human heart is the flesh long, her heart will ache, but his, will?

She does not know whether Lu Yi's heart will hurt, she is to know, Lu Qin's heart will not hurt.

She did not want to wait any longer, and with that man continue to go on like this, she even feel sick, such a backhanded, hypocritical. To hear him speak out of his mouth as if to endorse the same sweet words, but also to see his fake to the extreme face.

She really couldn't stand it for a moment.

She took out her phone and placed it on the nursing table in front of her. Then, she opened it. She wondered if he was there?

When she saw the profile picture online, her heart actually softened. Even her temper, which had always been a little irritable, began to soften bit by bit, she wondered if they would be able to chat like before, to talk about everything.

She used her left hand to type clumsily.

"Are You There?"

Lu Yi raised his face and tapped a few times on the keyboard with his fingers.

"Why do you still need to say that?"

Yan Huan was stunned. It seemed to be the same as before, just like before. Just like before, when she and she were together, she could ask him many strange requests, and he would always agree.

She raised her finger and sent a few more words.

Huanhuan: "I'm used to it."

Lu Yi: "Why? You're not filming?"

Huanhuan: "No, I'm resting."

Yan Huan looked at the back of her hand that was poked so badly that it was riddled with holes. She did not want to let him know that she was not the kind of woman who would use her weakness to gain sympathy. Of course.., she did not need the pity of others.

She shifted her gaze back to her phone.

"Na, I want you to help me with something. Will you help me?"

Lu Yi: "Yes."

Huanhuan: "You Know Everything?"

Lu Yi: "Yes, I know everything."

This was Lu Yi's promise. As long as he could do it, he would not reject her. She did not need to worry about anything. As long as Yan Huan brought it up, he would agree.

As for Yan Huan, he did not know what to say. Was it because he had agreed too quickly, too casually, and too straightforwardly?

She thought that if she asked him to come to the film city immediately, he would come immediately, right?

That man had always had a lightning-quick personality. When he said it, he always said it. Of course, he could not do it, and he would not make a promise. He was not like Lu Qin, who said that he was delusional, but in reality.., he seemed to have never done anything for her, and he didn't even remember her birthday.

It was said that the day after tomorrow was Mengni's birthday.

Ji Qin definitely wouldn't let go of this opportunity to curry favor with her. Moreover, the two of them had been in the dark for a long time. There were some things that everyone knew. Mengni's current popularity was quite good, moreover, she had a few relatively large films in her hands. Lu Qin had always been a person who would do anything to achieve his goals, even if it meant sacrificing his own sex appeal.

It was impossible for him not to grasp such a good opportunity.

Moreover, she had lifted the back of her hand that was being injected with a needle. It would be another day of injections the next day. If it didn't work, it might be another three days.

What Qin was most afraid of was actually her. Although they had already broken up, they hadn't reached the final step yet, so he wouldn't be too bold.

If she couldn't go out, if she was so sick that she couldn't even leave the room.

Tell her that Lu Qin would let go of such a good opportunity. It was already at the tip of his tongue. Would he let it go and eat a cabbage leaf?

Given Lu Qin's character, he definitely wouldn't.

And she had been waiting for this opportunity for a long time. If she didn't grasp it well this time, she didn't know how long she would have to wait.

And she had laid out the lines for so long. From the hotels they often went to, the routes they often took, and the cakes Lu Qin would buy there, she had also asked around.

So, it should be over soon.

She really did not want to have anything to do with that man. She was annoyed.

"Hiss..."Yan Huan's face scrunched up. The needle pierced into her blood vessels again. Even the doctor could not bear it. Her hand was bruised, but there was no other way. She still had to stab it in.

"Be more careful in the future. Your body can't catch a cold again. It's just a common cold, but with your current body's resistance, you won't be able to get over it. Maybe next time, you'll be hospitalized."

"Thank you, Doctor."Yan Huan put his hand away. It had only hurt for a moment, but it wasn't winter anymore.

“No need to thank me. I’m a doctor.”The Doctor put away his things. He didn’t want to say anything, but he still couldn’t help but ask.

“Miss Yan, you really don’t take your life seriously. You should know that with your weight, it’s not suitable for you to give blood to others. Moreover, you’ve given so much blood at once. If you’re not careful, your life might be in danger. Furthermore, you fell off your horse. You’re a doctor who has to live for a long time, and you ran away. Now that your body has become like this, you have to bear most of the responsibility. The most important one is the doctor who asked you to take your blood.”

Yan Huan only smiled.

No matter how dangerous it was, it was all in the past. Wasn’t he doing well?

Yan Huan did not feel that he had done anything wrong. As for the blood drawn from her back then, it was her own choice. It had nothing to do with anyone else. If she was unwilling, no one could force him, even if Lu Yi had really died there, they could not force him to hold her down and draw her blood out.

1,500 cc of blood, 25% of the blood in her body, half of her life, in exchange for Lu Yi’s life, in exchange for a living Lu Yi, in exchange for a Lu Yi who could chat with her and accompany her for the rest of her life. Such a deal., wasn’t it worth it?

What else could the doctor say? No matter what he said, it was useless. Just as Yan Huan had said, no matter what kind of danger had happened at that time, the current Yan Huan was still alive. She still saved a person’s life.

After the Doctor left, Yan Huan took out her phone and opened the chat panel.

#### **Chapter 1406: likes you**

It was no surprise. He would definitely be there. Yan Huan knew that, especially today. He would definitely be there.

Huanhuan: “Are You Ready?”

Lu Yi: “I’m ready. Also, are you sure? As long as you take this step, you can’t turn back.”

Huanhuan: “I’ve wanted to leave the Lu family for a long time. I’ll take what the Lu family wants. If I don’t take it, I’ll take it too. Of course, there’s nothing that I can miss.”What could she miss? A man who was pretending to be in love with her., a man who only wanted to cheat her of her assets, and a mother-in-law who looked down on her everywhere but always wanted to suck her blood.

Also, it was that shameless man who lived in her uncle’s house.

That was someone else’s property. She wouldn’t take it.

That was someone else’s house. She wouldn’t enter.

She would enter with her head lowered, but she would leave with her head held high. She hadn’t wronged anyone. It was Lu Qin who had wronged her.

The person on the other side was silent for a long time, but he did not reply.

After a long time, Yan Huan thought that he might have gone to work, but another message came.

Lu Yi: "There's nothing there for you to miss?"

Huanhuan: "Yes."

Lu Yi: "Anything."

.....

Yan Huan typed another message in the past, because she really could not think of anything that would make her miss it. Oh right, she liked those fish. Those fish had been transported by someone from thousands of miles away, they had followed her for a very long time. If she wanted to leave, she had to take her fish with her. Otherwise, if she left them there, sooner or later, they would be stewed into fish soup by that Vampire Qin Xiaoyue.

With a ding, another message came from the other side.

Lu Yi said, "If you don't miss them, then..."

"What About Me?"

Yan Huan's heart suddenly turned sour. She gently bit her lips. In that instant, she also bit herself in pain. She could feel a very strange emotion rising in her heart, it was sour and sweet, like a bowl of five flavors soup. She drank it all.

When her finger brushed past that line of words, there seemed to be an electric current rising from her fingertips..

She pressed one word after another, but in the end, she deleted them one by one.

Then, there was a long period of silence.

"I..." She typed one word. Her long eyelashes drooped slightly, and the light in her eyes also flowed gently.

She typed out a word. It was just one word.

Then, it was the second word. These few words seemed to have experienced a reincarnation in the world. Finally, they appeared in front of her and in front of him.

"I... Like you."

Then, she threw her phone to the side. She took the script and began to flip through it. She thought about how long this drama would take. After it was finished, perhaps she could go back.

She flipped through the page, and before she could look at it in detail, the phone that she had thrown to the side rang. This time, it wasn't a message, but a phone call. She picked up the phone and pressed the answer button, but what flashed through her eyes was a hint of a cold smile.

"Darling, it's me."

Calling her darling now was like sending her chrysanthemums, and calling her darling. The next sentence should be, "Darling, why aren't You Dead Yet? If you're dead, I can take over your property."

"Oh, it's you. Why are you free to call me today?" Yan Huan's fingers gently caressed the table. His voice was calm, but his face was cold.

"I have some matters to attend to today. I have to go out for a while." Lu Qin looked at the watch on his wrist. His voice was obviously perfunctory. He thought that Yan Huan wouldn't be able to tell, however, that was only what he thought. He thought that after all he had done, Yan Huan would still forgive him in the end. Then, he would say 'Darling' to him. No matter how big of a face he had, it would be extremely difficult for him to understand how stupid he was.

Lu Qin's voice continued on the phone. It was his usual explanation. Why was it that he was only doing it for work? He was actually very worried about her. However, the current situation allowed it. What about the company.

A mouth full of lies and a body full of hypocrisy.

If she still believed him, she could really knock her own head against the wall.

He was still saying that it was really like an endorsement. Perhaps he was holding a small piece of paper in his hand as he absent-mindedly read it. He was reading his and Yan Huan was thinking about hers. His left ear was close to hers and his right ear was out, she did not know what he said, but she did not respond. She was even disgusted by the half-hearted and hypocritical words he said to her. Impatience also appeared on her face as her fingers scratched the table, again and again, and there was not a trace of a smile in her eyes.

"Alright, I'm hanging up." Lu Qin did not notice that Yan Huan was different. Because of his current thoughts, his heart was filled with Mengni, so how could he talk to Yan Huan? And now, Yan Huan was ignoring him, it was also because she was feeling uncomfortable and jealous. These were nothing. As long as he coaxed her well, it would be fine. And there was not much on her body. As long as he took it off, he could kick her away.

Of course, he knew how Deep Yan Huan's love for him was.

Anyone in this world could leave him, but Yan Huan would not.

Therefore, he could hurt a woman who had brought out her true heart. He could also treat this woman as a fool and enjoy her true heart, her sacrifice, and himself., he could squander everything that this woman had. Everything that she had gained with her blood and tears all these years, as well as a heart that truly treated him.

However, he seemed to have forgotten one thing

In this world, it was impossible for anyone to wait for anyone for their entire life.

In this world, it was also impossible for absolutely impossible things to happen.

And one day, the person whom he thought was most unlikely to leave would turn around and leave. Moreover, she would leave without leaving any feelings behind. Her hatred would be very satisfying. Of course, she would also leave very heartlessly.

When some women fell in love with someone, they could pour out their hearts and lungs. Of course, if they were to be ruthless, they could tear their hearts out.

Yan Huan hung up the phone. She turned on that soft nian again, but that person did not reply. She was a little disappointed.

Was he frightened or something.

Yan Huan originally wanted to ask uncle again, but in the end, he felt that he should just forget about it and stop asking. If he said it, he would say it. If he did not say it, even if he asked, it would just be a blank answer that she would not be able to get.

However, there was no denying that in her heart, there was no reply because of that sentence. She felt a little uncertain.

Her mouth was saying, "No need, it's fine..."

Actually, she needed a reply. She needed his reply. It would be best if he could also give her that sentence.

Yan Huan sat up and touched his heart. Of course, there was also that sentence that she said, "I like you."

But, he did not.

#### **Chapter 1407: She had entered the wrong room**

She let out a soft sigh. She was a little weak, but she was caught in the sound of the wind. The wind seemed to be blowing outside, and the weather was getting colder and colder. It was so cold that she didn't want to move anymore..

When her assistant entered, Yan Huan seemed to have already fallen asleep. Her assistant raised her head to check on the medicine bottle that Yan Huan was hanging a needle in. There was still more than half a bottle left. The drip of the medicine itself was a little slow, so when the medicine was finished.., it would probably take at least another two hours or so.

And now that Yan Huan was asleep, she did not want to wake her up. Recently, there was no drama for her, so she could also take a good rest. But... should she say it? "What's Wrong?" Yan Huan opened her eyes. Actually, she was not sleeping so soundly. She was just a little sleepy, so she wanted to close her eyes and rest. There was still a long time before she fell asleep. Moreover, the needle was still hanging, she was even more unable to fall asleep. She wasn't at ease. Without someone by her side, she didn't dare to fall asleep.

And there were only two people who could make her fall asleep at this time. One was her mother, and the other was Yi Ling. However, she had already lost both of them, so she didn't dare to fall asleep now, no one was protecting her, so she could only protect herself.

She sat up and realized that her assistant was in a difficult position. Did she have something to say?

"Actually, it's nothing much." The assistant still felt that it was better not to let Yan Huan know about these matters. wasn't Yan Huan making her uncomfortable by acting like this?

“Speak, I’m listening. Yan Huan smiled indifferently. Look at me, I’m already like this. What else can I not bear? People are like this sometimes. If they don’t experience something, they will never grow up, and they will never be sensible.”

The assistant hesitated for a long time, but in the end, he could not help it. Of course, he could not control his mouth.

“Miss Yan, Mengni’s manager secretly told me that today is that Mengni’s birthday. I also heard that Mr. Lu is going to celebrate her birthday...”

Yan Huan used his hand that did not have any injections to gently support his chin.

“Do you want to celebrate your birthday too? I’ll Buy You a big one tomorrow...”

The assistant looked up at the ceiling speechlessly. She wanted to be quiet.

However, the moment she raised her head, she did not notice the cold light in Yan Huan’s eyes and the cold smile on her lips.

.....

Lu Qin had indeed prepared a special birthday for Mengni. He had put in a lot of effort, but he was also shrewd in his calculations.

He had made his own cake, a bottle of French red wine, a wonderful candlelit dinner, and a bunch of sweet words that could make a woman live and die for him. Of course, as long as he wanted it., there was really nothing that could escape his hands.

Of course, after using it, he kicked it away like a rubber ball.

He was such a selfish man. He could be deep in love with one woman, and the next second, the Word ‘love’ would be given to another woman. He would coax the woman to be happy, and with this face that could be said to be gentle., a mouth that was always full of lies, bit by bit, led the woman opposite him into the trap that he had long dug out. He watched them struggle, and then he recognized them as dead.

After a few drinks, the two of them had already become bloodthirsty. A man and a woman, the man and the unmarried woman were not married, and they were burning with passion. With the addition of good wine, the atmosphere was too beautiful. The wine was not intoxicating, but the person was already drunk, the two chatted and then went to bed. They rolled and rolled, and then they began to have sex. Just when they were filled with love and unable to part, the wood was about to be lit, and the fire was about to burn.

Suddenly, the door outside was forcefully pushed open, and a few cold winds blew in with a whooshing sound. It also scared the two people who were unable to part inside, and they did not react on the spot.

At this moment, they were still doing whatever they were doing. The Woman’s Fair body could not help but tremble because of the sudden cold air outside the door. She also had goosebumps all over her body, and the man’s buttocks were still exposed, his entire body was completely naked without a single line.

“Stinky Woman, you dare to steal someone for this daddy!” A big man with a beard directly ran into the door, followed by a group of people behind him.

The bearded man shouted at the two of them, “Didn’t you want to steal someone? Fine, I’ll let you steal enough this time.”

Before the men and women inside could scream, the bearded man felt his forehead heat up, and cold sweat rolled down his forehead.

“F \* ck, we’re in the wrong room. Let’s Go...”

These people came and left the same way. They ran in carelessly, and when they left, they disappeared in an instant, as if they had never been here before.

“Lu Qin, what do you mean?” Mengni used the blanket to wrap her body, and now she was in no mood, “Didn’t you say that this place is safe? This isn’t a private apartment, so it’s impossible for anyone to know?”

Lu Qin was also in a daze. He suddenly shivered, and a very bad feeling suddenly flashed through his heart.

At this moment, while they were still blaming each other, the internet was already in an uproar.

Some anonymous person had uploaded some photos, and there was a 30-second video. The live version of the fight between the goblins was clear, and there was no mosaic, one could also see the woman’s chest and a very sexy tattoo on her shoulder, with the man’s big white butt exposed. At that time, the scene was also very popular, and even the sound was heard.

There were also some high-definition photos of the woman and the man’s faces. They said that someone had caught the adulterer, but they went to the wrong place. That was a private residence, what they wanted to catch was in the basement.

However, they caught a pair of wild mandarin ducks.

This pair of Wild Mandarin Ducks was quickly recognized by others.

This was because the pair of wild Mandarin Ducks were none other than Lu Qin and Mengni. Both of them were public figures and their faces were extremely familiar. The tattoo on Mengni’s shoulder was also exactly the same as the photo.

The video and photo had been forwarded countless times within a few minutes. As for this 30-second video, one could still hear the passionate cries of Mengni from the chaotic sounds.

There was also the voice of Lu Qin, especially when it came to the expansion of one’s bloodline. In less than 20 minutes, everyone’s research had been biased to some unknown point.

When they started to research, they wondered how big Lu Qin’s third leg was. Some people were so bored that they started to do professional analysis. As for the results of the analysis, they were simply too varied.

The conclusion they came to was that it would hurt a man’s self-esteem.

Because there were too many things involved, and these were all eye-piercing images, the videos and photos were all deleted in less than half an hour. However, even if they were deleted now., they were not allowed to spread these things privately. However, they were believed to be in the hands of people with good intentions.

### **Chapter 1408: was known throughout the country**

Currently, Lu Qin's studio and Mengni's current entertainment company were also extremely busy. They were thinking about how to put this matter behind them and how to remedy it.

However, the two owners did not know about it. When they found out about it, everyone knew about it.

At this time, it had already spread like wildfire. This was not a scandalous affair. Even if they did not care about anything, they still did not know about it in the end. This was a photo, a video, and it was their kind of photo and video, regardless of whether it was Lu Qin or Mengni, both of them could have been kicked out of the entertainment industry. Mengni was the easiest to be kicked out after talking to herself. Her appearance was good, her image was good, and her acting skills were online, however, now that such a video and photo had been taken, his future was ruined.

The two studios were already in a terrible state. Lu Qin and Mengni were also frightened. What else did the two of them have in mind? If they were to do anything else, they would return to the production team dejectedly, and now, they didn't even dare to go online. They were afraid that they would be drowned by the saliva of others. No one was willing to be photographed and filmed like this.

Moreover, it was seen by the entire country. At this moment, Mengni couldn't even cry. She didn't even dare to reply to the scolding from the company. Now, she was waiting for the storm to pass, however, it would be a problem if it could really pass so easily.

When they came back dejectedly, the people in the production team were still in bed, so no one noticed them, including when they went out, including when they came back.

"Did I really see a Ghost?" Lu Qin directly pounded the table. Who would offend a monk now? To dare to send such a thing out, did they not want to live?

He grabbed his hair with force. He was restless and did not have the mood to sleep.

He thought that he had just gone to the wrong place and was seen. However, he did not expect these people to be so bold. They dared to take his photos and send them to the internet.

Just as he was feeling anxious, his phone rang.

He wasn't in a bad mood to begin with. When he saw the caller ID on his phone, he almost wanted to throw his phone away. However, he held himself back.

"Why aren't you sleeping now?"

.....

Although he had deliberately pretended to be calm, he didn't know that there was an extra firmness and patience in his voice. In the past, he might have been a little perfunctory.., but now, he was not even willing to be perfunctory.

"Lu Qin, come over to my place for a while."

"It's so late. Let's do it tomorrow." Lu Qin refused. He did not want to see anyone right now.

"I want to show you something. It's better for you to come over now." Yan Huan's tone was the same as before. It seemed slow and casual, but he did not want to cross her bottom line.

Lu Qin had known Yan Huan for quite some time, and they had been together for two years. He naturally knew Yan Huan's personality, especially now that Yan Huan was acting so strangely. He was a little afraid.

He used all his strength to pull at his hair, but he didn't even change his clothes. He went to look for Yan Huan.

When he arrived, he heard some strange sounds coming from inside. Even a fool would know what those sounds were.

"Yanhuan!" Lu Qin's eyes were red. No wonder you treated me so indifferently. You actually did such a thing behind my back. Even if this woman wasn't his love or what he wanted, she was just something he used to trample on, but now, she was his woman in name. Now, she actually cheated on him. In an instant, he felt that this woman had planted a head of green fur on his head.

With a bang, he kicked the door open.

"B \* tch..."

But before that person could say it, he was stunned. He thought that he would see a man and a woman, but in the end, there was nothing, nothing.

Yan Huan had one hand on the table, and there was still a needle hanging on it. There was a nursing table in front of her, and on the nursing table was a computer. At this moment, there was still the sound he had heard earlier.

After a while, the voice became more and more intense. It was Lu Qin, who could still hear the woman calling him again and again.

Lu Qin's face turned pale. This voice was extremely familiar. It was him and Mengni.

"Do you want to see?"

Yan Huan pushed the laptop towards him. Then, he picked up the cup with one hand and began to drink it one mouthful at a time. At this moment, the scene on the computer was explosive. Although the light was dim, it could still be seen, who was on it.

There was also the name of Lu Qin that came out of the woman's mouth, as well as Lu Qin's exposed white buttocks and balls.

Lu Qin directly went forward and closed the laptop. In an instant, the voice disappeared.

“I can explain this.”

At this moment, Lu Qin’s face was pale. This was what he was most worried about. He was not afraid of others finding out. After all, who didn’t love a man and a woman? Moreover, this kind of thing would be more harmful to the woman. He was not a woman., therefore, it was not a big deal. Moreover, the videos and photos outside had been deleted. He had never thought that Yan Huan would find out. It was in the middle of the night. How could Yan Huan find out.

Moreover, he was holding on to this kind of luck,

yan Huan was the woman that he had chased for so long and spent the most time to get his hands on. This woman was extremely stupid. She could allow him to rise to the top, not to mention the hundreds of millions of liquid funds in her hands, there was also her popularity and connections. As long as these were in his hands, then whether it was in the Lu family or the entertainment industry, he would have to stand firm,

however, he had yet to completely get his hands on Yan Huan. He was just one step away.

He had yet to get Yan Huan’s money.

It was fine if Yan Huan wanted to give him money, but he had to get the marriage certificate with him. However, he had always been hesitant. He had already decided these past few days that if this stupid woman wanted the certificate, she would get it, at most, he would think of a way to cancel the marriage certificate in the future.

Yes, he had already decided. He had already decided to be more careful. However, he had never thought that Yan Huan would be able to see this thing.

“I happened to be playing online today, so I saw it. Do you want to see it? I downloaded it into the computer, and it’s all there.”Yan Huan put the cup to his lips again. At this moment, the cold smile on her face., it made Lu Qin so embarrassed that he couldn’t even put up a face.

“Lu Qin, now I finally understand the reason why you don’t want to marry me. Don’t forget what was written on the engagement that we signed back then, right?”

#### **Chapter 1409: ended**

Lu Qin’s face turned pale and he was speechless.

“You may not remember, but I do.”Yan Huan’s fingers gently caressed the edge of the cup, and there was a slight warmth in his fingertips.

“If you dare to betray me, then we will never speak to each other again, right?”

“Yan Huan, I can explain.”

Lu Qin hurriedly took a step forward.

With a bang, Yan Huan threw the cup at Lu Qin’s feet. When the assistant outside heard this, she hurriedly ran over and stood in front of Yan Huan, afraid that Lu Qin would make a move against Yan Huan in a while.

When a dog was anxious, it would jump over the wall. When a rabbit was anxious, it would also bite people. But now, Lu Qin was like a rabbit to her. He was like a dog. Perhaps he would make a move soon. No, he would bite people with his mouth.

Yan Huan gently stroked the back of his hand that was being injected. It was still a little cold.

“Lu Qin, let’s end this here. You Cross your own wooden bridge, and I’ll take my own path. In any case, we don’t have any relationship in the first place. If we’re together, then we’ll be together. If we’re not together, then we’ll be separated. I think it’s better for me to give way. I’m disgusted by men who have slept with other women.”

Lu Qin’s body stiffened. He had never thought that Yan Huan would leave. Didn’t she love him to death? wasn’t she unable to live without him?

“You don’t really think that I’ll die if I leave you, do you?”

Yan Huan’s laughter became colder and colder. The gloominess hidden in his eyes also froze.

“It’s very simple for me to choose men. That is, I must be loyal. I remember this. I’ve told you before. I’ve also said that you can tie up sales with them or create scandals. However, don’t cross my bottom line. That is, you can’t fake it with them and do it for real.”

.....

When Lu Qin opened his mouth again, Yan Huan directly interrupted him, “Don’t tell me that you have no choice but to be raped by others. Lu Qin, you took advantage of others and even pushed the blame onto a woman. If you are really so shameless, although I, Yan Huan, am not a virtuous person, I know how to write the word ‘shame’.”

“But do you know? Don’t tell me that a grown man like you wouldn’t dare to admit it?”

She asked Lu Qin in return. You’d better think about how to appease your Mengni.

Yan Huan picked up the cup again. Even the light at the corner of his eyes wasn’t willing to be given to Lu Qin because he was really disgusted by him.

Lu Qin wanted to go forward again, but his assistant stood in front of Lu Qin again and forcefully chased him away, “Mr. Lu, please leave. Our Miss Yan has gained some popularity and fame. Please don’t implicate her. If you love her...”

“Love Her? When have I ever loved her?” Lu Qin’s eyes were red with anger. Yan Huan was adding fuel to the fire in his heart and humiliating him. Therefore, he could not hide his temper, in addition, he was still drunk, so he did not even know what he had said.

The assistant widened his eyes. “Mr. Lu, you were the one who wooed our Miss Yan.”

“Wooing her means you love her?” Lu Qin laughed sarcastically, “If she didn’t have that kind of money, if she didn’t have that kind of popularity, with her status, how could she have entered our Lu Family? And you still want me to marry her? Dream on.”

After throwing a tantrum, as if he had taken revenge, he turned around and left.

However, when the wind from Jia Miscellaneous Xue blew on his face, he suddenly shivered, and he also sobered up.

His face also changed greatly. When he turned around, he only saw the door behind him, and instantly, he felt his scalp go numb

He actually said that sentence.

He wanted to turn around, but he realized that the road ahead had been broken by his own hands. He wanted a way out, but he did not know where the way out was.

Inside, the assistant was also stunned on the spot for a long time. He did not know what was going on.

“Miss Yan...”she finally found her voice. She saw Yan Huan holding a cup and sitting quietly without saying a word. He was also quietly drinking water, but there was no expression on his face.

“Miss Yan, it’s a good thing to leave him now. It’s a good thing that we found out about this kind of person earlier. Otherwise, who knows what kind of harm he will cause us in the future?”

Yan Huan put the cup to his mouth. The water in the cup also began to cool down. When it entered his throat, it was still as cold as ice.

“You can go out. I want to be alone for a while.”She took another sip of water. From the beginning to the end, she didn’t have much of a reaction. However, this kind of silence and silence made her assistant afraid.

She did not know if Miss Yan would commit suicide out of anger. After all, that kind of thing had happened to Yi Ling in the past. If she did not think things through, she would end her life in that manner.

As for Yan Huan, who had grown up with Yi Ling, who could say if she also had that kind of crazy factor in her heart?

She could only carefully retreat out. However, she stood at the door and did not dare to move. She was afraid that Yan Huan would really do something. Because, for Yan Huan, what had happened today..., it certainly didn’t turn her life upside down.

She put everything on the body of Lu Qin, but Lu Qin gave her is zhiming blow.

Inside, Yan Huan put down the cup, suddenly, she curved the corner of her lips, unexpectedly smiled, just this smile or did not fall in the eyes of a few minutes.

It’s good that it’s over.

She took out her phone and opened it. The person on the other end was still there. She thought that there would be many people who would not be able to fall asleep today, like Lu Qin, Mengni, her, and Lu Yi. What about him?

Huanhuan asked, “Can You Fall Asleep Tonight?”

Lu Yi asked, “Why not?”

Yan Huan felt a little uncomfortable and powerless. However, she quickly shook her head again. She really felt that her heart had turned into glass. It had also become a little too sensitive, and she was worried about gains and losses.

She placed her phone on the table and leaned against the pillow behind her.

It was over. Yes, it was really over.

She really did not sleep the entire night. However, she did not disturb that person again. She could not fall asleep, but other people could. Other people had nothing to do with her, right?

"I want to go out for a while," Yan Huan said to her assistant. She wanted to go out to relax. She had not moved for the past few days. She felt a little stuffy. Moreover, it was snowing outside. She had a very long time.., she hadn't properly watched this snowstorm.

Moreover, Lu Qin and Mengni weren't in the film studio right now. They each returned to their studios to think of a way. Because of the indecent videos being posted, their positive image had suffered a serious blow, first of all, it was their endorsements, some advertisements, and a lot of sponsors. Now, they were all frequently making mistakes.

#### **Chapter 1410: looked ahead**

These questions were enough for them to waste some time.

Of course, she didn't have any scenes to shoot.

In that case, she could take a good look at the snow, listen to the wind, and walk for a while.

"Miss Yan, can you not go out?" The assistant stepped on the ground from time to time. "It's too cold here. What's the point of going out in such a cold weather?"

"It's nothing." Yan Huan raised his head and looked at the snowflakes that fluttered outside from time to time. "It's rare to see snow here. The snow in Hai City is not as heavy as it used to be."

"But, you haven't finished your injection yet?" The assistant rubbed his hands. "What if you catch a cold again when you come back?"

"Aren't there still more injections to be done? Just continue the injection when you're sick."

Yan Huan turned around and smiled at her assistant. At this moment, her smile had almost reached her eyes. It had been a long time since her assistant had seen Yan Huan smile like this. It was very simple, very pure, and also very pure, it was just like the snow at this moment. There seemed to be a slight hint of coldness, but it was warm and cold. It was not eye-piercing.

And not long ago, Yan Huan actually did not even recognize her assistant.

In order to Love Lu Qin, she had sacrificed everything that she had, including her intelligence. In fact, Yan Huan had never been a bad person, and her assistant knew that.

She had actually helped many people, but no one knew about it, and she would not explain anything to others. In fact, she should have been able to obtain happiness. Didn't they say that good people would

be rewarded, saving a life was better than building a seven-storied pagoda. Yan Huan should be rewarded well.

Anyone would be good, as long as it was not Lu Qin.

When he thought about what Lu Qin had said last night, all he wanted was Yan Huan's money. However, Yan Huan's fame and connections were limited, and he had never loved her. What he heard made his assistant tremble in fear, no wonder he had been unwilling to marry Yan Huan. It turned out that this was his goal all along. He only wanted money, but he did not want her.

.....

Fortunately, his true colors were finally revealed. Fortunately, Yan Huan's last bit of guarantee was still there. Fortunately, she did not ruin everything for him.

At this moment, Yan Huan had already walked out. It was rare for the production team to have to rest for half a month. However, it could be considered that the production team was unlucky. Such a good scene actually happened, however, it could not be said that they were completely unlucky. After all, after these scandals were exposed, the publicity for this show would be of great help.

Therefore, she really believed that it was said that the show would catch fire before it was broadcast.

She wrapped her clothes tightly and stepped on the snow. After so many years, it had indeed been a long time since she had seen such heavy snow. The snow was extremely heavy and it had already been a night. However, it had not stopped yet, she reached out her hand, and a layer of heavy snow fell from her palm.

Suddenly, she stopped and squatted down. Then, she used her hands to pick up the layer of snow on the ground. The snow was falling, and it was very clean.

What did the snow taste like? It seemed to be ice-cold and also cold.

She lowered her head and put the unmelted snow by her mouth. She bit down like biting cotton candy.

The snow melted when it came into contact with the temperature. She did not taste it. It was cold. It was not marshmallow or porridge. It was just pure snow, because it was not sweet.

At this moment, the phone in her hand rang. It was not a phone, but a voice. It was the voice from the chat app. She took the phone out and her hands were red from the cold. They were also numb from the cold.

"Liren Street."

She found the name of the place on the other side. It was also four words.

Liren Street. Where was this?

She turned around and saw a road sign not far away. The road sign pointed to Liren Street.

She put the phone back into her pocket. Then, she wrapped her clothes and walked to the place he mentioned. The wind blew on her body from time to time with the snow, pieces of ice-cold snow went into her collar.

She quickly pulled her collar tighter and continued to walk forward with her head down.

This street was Liren Street. There were very few pedestrians on the street. Even the snow in front of her had not been stepped on. When she stepped on it, it would leave a deep footprint, it was only after walking for a while that there seemed to be someone else's footprint. She stepped on this footprint and walked forward step by step. The snow was too heavy and she was afraid that her shoes would get wet.

Her cell phone rang again. She took out her cell phone from her pocket and placed it in front of her.

"Look forward."

Yan Huan blinked her eyes. At this moment, the snowflakes hanging on her eyelashes started to melt.

She suddenly raised her head and saw a man standing not far away from her. His body was covered in snow, and his shoulders and hair had also fallen a lot. She did not know how long he had been standing there, and he stood tall and straight like this. No matter how the wind blew and snow fell, he did not move an inch.

He just looked at her indifferently. It was the same for Yan Huan. The snowflakes that fell from time to time also blocked her pupils, as if they had blinded her eyes.

That man walked over.

Step by step, he approached her step by step. The large footprint under her feet was the one she had followed all the way here.

She could not help but take a step back. Both her hands were tightly gripping her phone.

But she never took a step back again.

She had once thought that if one day, he knew that she was Yan Huan, then what would the scene of their meeting be like?

Was he surprised, amazed, disgusted, or called her shameless? In fact, she felt that the most likely scenario was that after he found out who she was, he would leave without looking back.

He didn't know how to scold or hit people, but when he left, he would be very heartless.

Yes, this was Lu Yi.

But now, in front of her, was he still him?

He didn't scold him, nor did he hit her, but he didn't leave either.

She gently trembled her red lips, wanting to say something, but realized that she had lost her voice at this moment.

He suddenly reached out his hand, and Yan Huan hurriedly blocked it, as if afraid that he would hit her.

But he didn't. He only sighed softly, and then placed his big hand on her face. He caressed the droplets of water on her face. He didn't know if it was snow water or her tears, but the cold liquid stained his dry and warm large palm. However, it didn't dry up and flowed more and more.

Yan Huan suddenly put down his hands that were protecting him. Then, she carefully stretched out her hand and gently tugged at his clothes. He didn't dislike it, and he was also calm and even calm.
