

Chapter 1421: I'll wait for you

Lu Yi stood up and asked her to sit properly. He then carefully buttoned up her clothes.

"Wait for me." He lowered his head and gently touched her red lips again. It could be said that he could not stop, and he did not know how long it would take. When they were separated, he gently stroked her face, then, he gently touched her eyelashes.

"Wait for me."

"Alright, I'll wait for you. I'll always be here waiting for you," Yan Huan promised

Lu Yi stood up, took his coat and put it on before walking out. Not long after, he returned. His body carried the cold air of winter, as well as a world of ice and snow, the Frost on his face that had yet to melt completely melted the moment he walked into the house. It also disappeared.

Yan Huan had already pulled away the blanket and stood up. She did not put on her shoes and had already pounced on him. She stretched out her hand and hugged his waist. She also pressed her own against his chest. I miss you.

Her voice sounded a little aggrieved. Actually, she had almost thought that he had left, that he was not coming back, that he did not want her anymore. After that, in this world, she was the only one who had to take one step at a time. She felt aggrieved, she had also left alone.

Fortunately, he was back. Fortunately, he was still here. Fortunately, she could still see him again.

Lu Yi's body was slightly cold. When she hugged him, it seemed to have whitened her cheeks, making her face even more transparent.

"I'm cold." Lu Yi took off his clothes. However, the warmth of his body was always higher than others, so his hands were still dry and warm.

"I'm not afraid of you being cold." Yan Huan still hugged him, as if she was afraid that he would suddenly disappear. She was too worried about gains and losses, and she was also too afraid. After all, it was not as if she had never lost him before.

Lu Yi had no choice but to let her hug him. Then, he arranged the dishes. He had just bought them outside, and the place was close. In addition, he walked quickly, so when the dishes were brought back.., it was still very hot. There were dishes and rice, and there was also a chicken soup.

Yan Huan drank a mouthful of the chicken soup and then didn't want to drink it anymore. "This tastes weird. It doesn't taste good." She was disgusted.

.....

"It replenishes blood. There are some Chinese medicine in it." Lu Yi had asked around. There was a chicken soup here that was brewed using Chinese medicine, so he specially bought it for her to drink. In the end, she was so good that she was actually disgusted by him. Did she even know.., how hard was it

to buy this chicken soup? He rejected all his work and came over a day earlier. He ordered this pot of soup early in the morning. The other party had brewed it for a whole twelve hours before it was ready.

Yan Huan put down the bowl. She didn't want to drink it.

Lu Yi took the bowl, picked up the spoon, scooped up some soup, and placed it by her mouth. He had to finish every drop of soup today. Even if he didn't drink it, he had to pour it down her throat. If he didn't drink it, he would be harming her.., if he didn't pay attention to his own health, when would he be able to get better.

Yan Huan could only open her mouth and drink it one mouthful at a time. Although it didn't taste good, it was fed by grand prosecutor Lu. Even if she cried, she had to finish it.

Yan Huan's cooperation saved Lu Yi some trouble. Otherwise, he would really have thought of how to force it down her throat.

After she finished the bowl of soup, she could no longer eat anything else. Her stomach also filled up, but she felt as if there was a ball of gas walking in her stomach. It was as if even her hands and feet were warm.

She was like a duck. Lu Yi forced a lot of food into her. When she really could not eat, Lu Yi let her go. Then, he ate the leftovers, he didn't have any intention of disliking her.

His upbringing was extremely good. It could be seen from his every word and action. Even if it was to eat, if it was possible, it could actually be said to be pleasing to the eye. He sat very straight and his back was always straight, moreover, when he ate, he wouldn't notice any strange noises.

After he finished eating, the table was also cleaned by Lu Yi. He wasn't an ignorant and incompetent second-generation rich kid. He had always been doing his own things and was very capable of taking care of himself. He washed his clothes and cleaned his room by himself. It was possible.., he would even cook another meal for himself to fill his stomach.

Of course, it was only because of that bowl of noodles that Yan Huan started to change her opinion of him. Of course, it was also the reason why they were the two of them today.

"Let's go take a shower." Lu Yi took a nightgown and handed it to Yan Huan. "This is all we have here. Make do with it."

Yan Huan lowered her head and looked at the bag in her hands. This should not have been bought by Lu Yi in advance. Thinking about it, he had never thought of letting her leave. Just as Yan Huan was about to enter, she walked back. She stood in front of Lu Yi and hugged his waist. "I want to wash with you."

In an instant, she felt a subtle change in Lu Yi's body, but he forcefully suppressed it.

With a bang, Lu Yi closed the door. He stood outside while Yan Huan was in the room.

The cold wind and the snow blew on his face, messing up the fire in his heart and body.

Some women had the ability to drive people crazy, and Yan Huan was born with such a woman. She was clearly seducing you, but she still had to open her big innocent eyes.

He reached out and touched his forehead. He had something to tell her, and of course, he felt sorry for her cold hands and feet. He just didn't expect that he would end up making progress in the cold wind.

He calculated the time. When it was almost time, he walked in. Yan Huan was already lying on the large bed. One could see the redness on her small face,

she finally had some color. She was no longer as white as before.

He took his clothes and walked into the bathroom. The bathroom was very clean. However, there was a very sweet smell. It was a faint floral scent. It was also the scent of Yan Huan's body, because she had always used a kind of shower gel, every time she finished showering, there would be this kind of fragrance on her body. It was very fresh and also very light, but the smell was very good.

He finished showering in a few moments and casually put on a piece of clothing before coming out. He went over again and touched Yan Huan's hair.

It was still slightly wet.

"Why aren't you drying it?"

He used his fingers to gently comb Yan Huan's long hair. She had always had straight hair and usually took care of it. The color of her hair was pure black. Even if it wasn't permed, it wouldn't be dyed any other color, the quality of her hair was very good. Every time she washed it, it would be black and shiny. It seemed that she only had three colors on her body.

Her skin was white, her red lips were bright, and her hair was black.

These were the three extremely beautiful colors on her body. It was also the most iconic color of an oriental woman's surname.

Chapter 1422: placed her in his heart

Lu Yi took a towel and carefully helped her dry her hair. Then, he found a hairdryer and dried her hair bit by bit. If she didn't dry her hair, it would be very easy for her to get sick. Her body's immune system was a little low, if she wasn't careful, others would catch a cold, but she would catch it very easily.

Lu Yi helped her blow dry her hair as he told her what he wanted to say. When Lu Yi finished speaking, Yan Huan was dumbfounded.

"Lu Yi..." Yan Huan called out Lu Yi's name. Her expression was as though she had just met him for the first time.

"En, What's Wrong?" Lu Yi blew dry her hair and gently scratched it. En, it was very hair. Just like that, it spread gently over her shoulders, bringing with it strands of hair fragrance.

He combed her hair with his fingers one strand at a time, then asked Yan Huan seriously.

"Did you hear what I Said?"

"MHM," Yan Huan nodded. "I heard it clearly, word for word. But aren't you being too wronged, being at a disadvantage?"

Yan Huan really felt that Lu Yi was at a disadvantage.

“Then take advantage of me.” Lu Yi didn’t care. “Actually, you’re still at a disadvantage. Your image is probably going to be bad.”

“I don’t have any image to begin with. In front of your family.”

“Actually, I haven’t thought about it either.” Yan Huan sat up and lowered her eyelashes. She habitually gnawed on her fingernails. She was gnawing so hard that it was almost gone, but she still continued to gnaw.

“I’ve already decided that I’m going to be your secret lover in the future. Actually, it doesn’t really matter.”

“A man can’t even give a woman a home. Do you think he still has the right to say the Word ‘love’?”

.....

Yan Huan wanted to laugh, but she couldn’t. She wanted to cry, but she couldn’t. She just didn’t want to give it. Instead, she knew that there were some things that she couldn’t ask for. With her status, she wasn’t worthy of Lu Yi.

“You Little Thing, you don’t mean what you say.” Lu Yi pinched her face, “Don’t tell me you don’t want that marriage certificate? Every woman wants it. This isn’t just a certificate, it’s also a family. It’s a man’s promise. It’s a man’s responsibility.”

Yan Huan put down her hand and hugged her entire body in his arms. “You’ll be beaten to death by your grandfather.”

“Will you die for me?”

Lu Yi gently stroked her hair and the coldness between his brows receded. There was a gentle smile on his face.

“No.” Yan Huan shook her head.

Lu Yi was not angry. His fingers weaved through her hair. It was fine as long as he loved her.

Yan Huan’s long eyelashes fluttered a few times and left two beautiful arcs on her face. Under the light, her face was exceptionally fair and tender.

“If you die, I will live well.” Yan Huan spoke very straightforwardly. His eyes reflected Lu Yi’s polished eyes. He placed his hand on her face and wrapped his other hand around her body.

“I know that you are worried about something. Yan Huan, continue speaking. You are worried about your parents and your grandfather. I will live well and help you fulfill the remaining filial duties. I will not let others bully them and I will not let others hurt them. When necessary, I will become ruthless. I will also let others remember my ruthlessness. I will not let others bully me. What does other people have to do with me?”

Lu Yi’s body trembled slightly. In the end, it turned into a soft sigh that he could not describe.

“Sleep.” He hugged Yan Huan and lay down.

Yan Huan lay on his arm. At this moment, the temperature of his body warmed her entire body, including her hands and feet.

She then pulled herself closer to him.

“Don’t move...” Lu Yi opened his eyes. At this moment, a ball of flame appeared in his eyes. His eyes were extremely thick, and they were almost covered in silk,

Yan Huan naturally sensed the changes in his body.

This man and woman were alone. They were said to be able to do anything and couldn’t help themselves, but nothing had happened between them.

“Say...” Yan Huan buried her face in front of Lu Yi’s. “Am I not giving you an appetite, or are you saying... that you can’t do it?”

Suddenly, she felt a weight on her body as she was pressed under Lu Yi’s body.

At this moment, there was clearly a devil growing in Lu Yi’s eyes. It also stained his already stiff face with a red light that no one else had seen before.

“Lu...”

Before she could say the next word, all of her breath had been taken away.

At this moment, she breathed in his aura. Her lips and teeth were entangled with his. The thin pajamas on her body were about to turn into a rag, revealing her originally fair shoulders.

There were some things that could be triggered at any moment. It could even be a flame that would melt him and her in the end. They could not stop it, nor could they stop it.

They had done what they had to do. Their breathing quickened, and their bodies could no longer be close to each other. However, Lu Yi sighed in the end and sat up, he wrapped her up with the blanket.

It was not the time yet. It was as though he was punishing himself. He had created a chasm between the two of them that no one could cross.

However, he still endured it. After an unknown period of time, the sound of running water could be heard from the bathroom. He would rather take a cold shower and settle it himself than touch her, he had clearly reached such a stage, yet he still adhered to certain things.

Yan Huan was already powerless against this.

She used the blanket to wrap herself up. In reality, she still thought that she did not have much charm and was unable to pique inspector Lu’s interest. Not long after, a male body leaned over, then, he hugged her tightly from behind.

“Huanhuan...”

He was in her ear, calling her by her name. It was such an intimate and heart-stirring name, but Yan Huan was like an electric shock. At this moment, she was completely stunned, there was also his “Huanhuan”..

It was his voice. It was actually his voice.

Her body had been frozen the entire time. The man behind her had already fallen asleep. She could hear his calm breathing. His sleeping posture was excellent. He did not snore, talk in his sleep, or move around randomly, even his breathing was much slower than the average person’s. Actually, it was also because he had learned the Lei family’s ancient martial arts since he was young. His breathing was calm, and he was also calm and at ease.

However, she could not do it. When she slept, she loved to kick the quilt and turn over. They had only shared a bed for two days and he had already discovered it. Therefore, at night, he always had to hug her, every time she woke up, he would also wake up, and every time, the quilt would cover her body properly.

Chapter 1423: was his voice

Whether a man loved you or not, whether he loved you or not, it was not that he said ‘I love you’ many times, but it was to see if he kept you in his heart in life.

Yan Huan turned her body and curled into his embrace.

Lu Yi was clearly asleep, but he still instinctively patted her shoulder gently.

“Huanhuan, Huanhuan...”

Who Was It?

She kept running forward, almost catching something. Almost, almost, almost.

“Huanhuan...”

Lu Yi?

This was Lu Yi’s voice. Yes, this was Lu Yi’s voice. She had always thought that the man who called her Huanhuan was Lu Yi..

Suddenly, a door appeared in front of her. She placed her hand on the door. Just as she was about to open the door, a hand grabbed her wrist..

Her body was suddenly pulled back.

She suddenly opened her eyes again..

She met a pair of dark and obscure black eyes. These black eyes were extremely black, like a black abyss. No matter how she tried to escape, they would eventually suck her into that place and she would never be able to recover, she would never regret never being able to recover.

.....

“Good Morning.” She curved her eyes. If she could get up like this every day, how happy would she be? She would be able to fall into the arms of the man she loved.

Good morning. Lu Yi touched her face. At this moment, no one noticed that there was an unknown complicated look in his eyes.

“What’s Wrong?” Yan Huan blinked. “Is there something on my face?”

What responded to her was that long and deep kiss.

His hand was placed behind her head, deepening the kiss. He wanted to take not only her red lips, but also her soul. The desire between her lips and teeth could not be stopped, and she could not extricate herself from it.

Her hand moved to the man’s chest, touching the scar on his chest. That time, it almost took his life.

“I’m not in pain.” Lu Yi held her face again. “There’s a silly woman who gave me 25% of her blood, so I’m not in pain and I won’t die.”

Yan Huan sniffled. Did he know?

“My Life is yours.” He hugged her tightly again, as if he wanted to merge her entire body into his embrace.

“You are mine too. This life can only be mine. No one can take it away from me.”

“I love you.” He whispered softly into her ear. The breath behind her ear was so hot that it almost burned her.

At this moment, there was some moisture in her eyes. She grabbed his hand and placed it on her chest. “I love you too.”

His hand pressed against her soft body. At that instant, almost all the blood qi surged into his eyes. The only thing that opened the door to the devil world was that sentence, “I love you too.”.

The snow outside was still falling quietly. It also added a special scenery to this ancient city. The four seasons were distinct. Summer was life, but winter was snow.

Rustling, it seemed that she could still hear the sound of snow outside, ringing in her ears from time to time,

she was like a fish out of water, breathing heavily. Even her soul seemed as if it was about to be lost. For the first time, she had this feeling. It was not because of anything else, it was because this man was him.

She curled her body into his embrace and breathed lightly. His large hands were still protecting her.

The sky outside gradually brightened up, but she was so sleepy that she fell asleep again.

No one knew when the snow would stop, but no matter how cold it was outside, he was giving her a warm and safe world inside the house. Lu Yi opened his eyes., he lowered his head and saw the woman sleeping tiredly. Her red lips were slightly swollen, and the corner of the blanket was lifted. It was her fair and flawless body.

He had excellent self-control, but it was useless in front of her. He did not think about what he would do with her now. He respected himself and respected her.

But he did not expect that he would break his technique in the end.

What was going to happen happened, and what was going to be done was done.

"I will not let you leave me." He held her tightly in his arms again. The sky outside was a little brighter, but he did not want to get up.

After indulging, there would be more indulgence and reluctance,

and at this time, he was reluctant to leave, so he would rather indulge in his own time because he could spend more time with her at this moment.

For the first time in his life, prosecutor Lu was lazing in bed. For the first time in his life, he was actually sleeping so contentedly.

When Yan Huan woke up, she felt warm and comfortable like she was holding a big stove. When she opened her eyes, she found that Lu Yi still had something.

"Good Morning." She kissed his face. He was awake and in good spirits.

"You're up?"

Lu Yi pinched her face lightly. "You too, you're going to laze around in bed."

"I've always been like that." Other than getting famous, Yan Huan's favorite thing was to laze around in bed. Of course, she also had to look at the time. Of course, there were prerequisites, just like where the production crew lived, the bed was cold and hard. No matter what she said, she wouldn't laze around for another minute.

She let out a gentle sigh of relief. She was satisfied with her petite body as she snuggled into his embrace and played with his large hands.

"Do you like it?"

She held his fingers. His fingers were very clean and the shape of his hands was quite good-looking. Of course, they were also very warm. He did not have the pampered lifestyle of a young master from an aristocratic family. Instead, there were some calluses on the joints of his fingers, sometimes, when his fingers touched her skin, they were so rough that it was tempting.

"What do you like?" Lu Yi hugged her tightly. Under the blanket, their bodies were so close together. He could feel her body temperature, and she was the same.

Yan Huan placed his fingers on his lips and bit down hard. His eyes were wide open, obviously angry. When she was angry, she looked like a child who was in an awkward situation. She was very innocent, and very cute.

Lu Yi allowed her to bite down. His fingers gently touched the corner of her lips. The thin calluses between his fingers scraped the delicate skin on her face. Then, his hoarse voice carried the unique

magnetism and low tone of a man, there was also the yang steel and sexiness that women could not reject.

“It’s only once. I Can’t experience it. If it happens again, I’ll know.”

Yan Huan’s face instantly turned red. She thought that he was just a piece of wood, and that no matter how hard she tried, he would never be able to understand her feelings. In reality, he wasn’t a piece of wood at all. He was clearly a scheming and shrewd old fox.

And he used his actions to tell her how much he liked her.

How much he liked her, how much he loved her, how much he doted on her..

They stayed here for an entire day. Lu Yi even missed his flight, and in the end, he could only buy the next flight. He only left when it was almost dark yesterday.

Chapter 1424: Getting Things

Yan Huan took out his phone and opened the chat app.

In fact, he didn’t want him to leave. It was just that sometimes, separation was for the sake of the next reunion. Separation was also for the sake of long-term considerations.

Some separation, they had to do it.

The net that had been scattered should have been completely retracted. How could it be retracted halfway?

She squatted down again and gently picked up some snow. The ice-cold snow melted between his fingers, and there was still his body temperature on her fingers. This was the warmth he left for her.

She shook her hands and also shook the snow on the ground. Then, she tightened her coat and walked forward step by step.

Back to the hotel.

Then, she stayed for a few days to recuperate, recover her complexion, and recover her spirit. Then, she went to collect the net.

It was snowing in Hai City, but it was not as big as the movie city. The fine snow that fell also stained her eyelashes and quickly melted.

This was the first time in a long time that Yan Huan had collapsed here. When she returned here after experiencing too much, it was as if a lifetime had passed, and she was about to forget.., what had she done in this place in the past? She had lived here for two years, and what had she gained? It was as if she had gained a lot, and she had lost even more.

She had received mockery, bullying, not knowing what was good for her, and sarcasm.

However, what she had lost was her original self, the kind and polite self that her mother had taught her.

She had lived here for two years, and during those two years, she had thrown away all of her possessions for about 700 days and nights. All she got in return was a lowly, pitiful Yan Huan, who had long lost everything.

.....

When she left this place, she was still that pitiful little girl. When she stepped foot here again, she was the creditor, and the Yan Huan from before was already dead. She only came here to take back everything she had.., and that time when she was bullied for two years.

She walked in with large strides. The moment Qin Xiaoyue saw her, her eyes were not her eyes, and her nose was not her nose. It was as if she had killed her parents and was still his son. She still owed her half a tael of silver.

“What? Your skin is really thick. My son already doesn’t want you, and you actually dare to come back?”

“Take your things and scram far away.” She pointed at the door and bluntly told Yan Huan to scram. Now that she was about to have a powerful daughter-in-law, her son would also be able to rise to the top, as a mother, in the future, if she wanted status, she would also have status. If she wanted money, she would also have money. She would not have to live on hundreds of thousands of dollars every day and still have to depend on this stupid woman’s expression.

Just those jewelry and those few dollars. Who else did she want to send away? A beggar?

Yan Huan walked in. He did not listen to Qin Xiaoyue’s sarcasm. In the past, she might still feel uncomfortable. In the beginning, she would cry secretly, thinking that it was because she did not have a good family background, that was why she was looked down upon and humiliated. But now, she knew that some things were not because of her status, nor was it because of her personality. It was because she was a woman, it was also a product. It was a product that could be scraped from the top.

She opened the wardrobe and took out her clothes. She realized that most of these clothes were bought two years ago. They were more expensive clothes, fur, and the like, in the end, they were taken away by Qin Xiaoyue. Therefore, there were only a few items left in the wardrobe. These few items were not valuable. After all, they were outdated and old, she kept these clothes away. Thinking about it, Lu Qin had really found himself a billionaire, so he did not take a fancy to her worthless things.

The large fish tank was still there. The fish swam left and right from time to time. It seemed that it was because it saw its owner that it felt much happier than before.

Yan Huan put down the things in her hands and opened the cabinet at the side. She took out a box of fish food and fed some to the fish. When the fish saw the fish food, they all swam together, then, they scrambled to eat it.

“Don’t worry.” Yan Huan fed the fish food again, “I won’t forget you guys. Just hold on for a few more days and I’ll send you guys to a good place. In the future, you won’t have to face those disgusting people anymore, and you won’t have to worry about having to boil fish soup with you guys every day.”

She put the fish food back into the cupboard. First, she left the fish here. The fish was the most expensive thing that had been left here. Of course, it was also something that had accompanied her for two years. She wouldn’t forget anything.., and she wouldn’t forget them either.

She kept her clothes and other things properly and then brought them out. Qin Xiaoyue glanced at the leather suitcase and pursed her lips. A pile of rotten clothes still had to be taken. As expected, it was outdated.

Yan Huan didn't stop walking and treated Qin Xiaoyue's words as BULLSH * t. on the contrary, she had a slight cold recently and couldn't smell it.

After Yan Huan walked out, Qin Xiaoyue still pursed her lips. Finally, she chased this poor woman away.

If this kind of woman didn't scam now, she would also tell her to scam.

However, when Yan Huan came again, Qin Xiaoyue couldn't sit still.

"What are you doing here again?" Her voice was filled with disgust.

"I'm here to take my own things. Why? Can't I?"

"Where's your stuff here?" Qin Xiaoyue stood up immediately.

"Of course I'm here to take my clothes." Yan Huan walked over. Qin Xiaoyue's face was as ugly as the bottom of a pot.

The first time, she didn't even look at the things Yan Nan took away. The second time, she felt that Yan Huan was trying to take away her things. Or was he trying to hide all the good things, was he trying to not give them to her?

Well, this woman's heart was really dark.

No wonder she couldn't find anything. It turned out that she was hiding them all. Was she trying to take them away secretly?

No Way.

Even if they got divorced, there would still be a division of property. Not to mention other things, even if it was that piece of gem from another country, Lu Qin could still get half of it, not to mention those properties and famous cars and jewelry.

That was why Yan Huan, that black-hearted woman, had generously given the keys to Lu Qin. Wasn't she just certain that there was nothing in the safe? There was nothing here. Even if you took ten or eight sets of keys, what was the use. She had already planned this in her heart, so she was probably already wary of them.

This scheming B * Stard.

Qin Xiaoyue hurriedly walked in. Yan Huan had just taken out a piece of clothing when he saw Qin Xiaoyue squatting on the ground, rummaging through her suitcase.

Sure, continue rummaging.

Chapter 1425: Things That Don't belong to you

Yan Huan bent down and took out all his clothes before slamming them on Qin Xiaoyue's face.

“What are you doing?”

Qin Xiaoyue screamed as well.

“I’m not doing anything. I’m just collecting my own things. What’s wrong with that? Don’t tell me that your future daughter-in-law, who is rich, can’t even afford to buy clothes anymore? Do you still want the clothes of an ex-wife like me?”

“Are you worthy of Getting Married?”

Qin Xiaoyue sneered, “My son hasn’t married you yet, and you still want to be his ex-wife. Is this ex-wife worthy of a woman like you?”

“If you don’t marry me, do you also want to share my property?”

Yan Huan glanced at Qin Xiaoyue indifferently and saw the greed on Qin Xiaoyue’s face clearly. How could she not know what Qin Xiaoyue was planning? She just wanted her property.., if she didn’t give up now, her face would be like a shield. She wouldn’t be able to fight for it.

However, only husband and wife would have a division of property. Just like what Qin Xiaoyue said, she and Lu Qin were not wives. Qin Xiaoyue didn’t even admit it in her life. In the law, the law didn’t recognize it either, that was why Qin Xiaoyue didn’t care about chasing her out of the house. Lu Qin could gossip with others at any time. He didn’t even care about taking photos like that.

Did they want her to get lost now? Did they want her to move her nest?

Fine, she would move.

Why? Now that she had said that she wanted to get lost, they wanted her to split her assets. What did they want? Half or all?

That was right. Everyone wanted to take a bite of such a big piece of fat meat. Even if they didn’t take too much, they had to at least put oil on their mouths. Let alone Lu Qin and his mother. They were both after money, they didn’t even have any basic morals. How could they let go of this piece of fat meat? Not only did they want the fat meat, they would also cut a big piece of it.

.....

It was just a pity this time.

They had plotted against others and everything, but they hadn’t plotted against the only thing.

Yan Huan wasn’t really a fool. Also, they wouldn’t be able to get a single cent of the hundreds of millions of assets under Yan Huan’s name. However, he would marry a truly wealthy daughter.

The daughter of the CEO of a listed company and the granddaughter of a founding father. Why didn’t they say that she was from the royal family.

Qin Xiaoyue’s chest began to hurt after being tucked in for a while. However, no matter how much it hurt or how angry she was, she still had to stay here. She had to personally watch Yan Huan take something away. Sure, bring it.., in that case, she would be taking all of her things away. However, she would not be taking a single cent of the Lu family’s belongings.

Another box of clothes was stuffed into the suitcase.

When Qin Xiaoyue came out, her face was completely dark. No, she had to look again to see if this woman had really hidden those valuable items. As long as she found them.., then they were hers. No one dared to think of snatching them away.

She was just about to take action when Yan Huan came in again.

“Why are you here again?”

Qin Xiaoyue’s voice became shrill and ear-piercing. It was as if Yan Huan had come from a monster. It had happened once or twice, and there was a third time. Was it ever going to end.

“Why can’t I Come? I haven’t finished collecting my things.”Yan Huan swaggered in again. Of course, she would take every cent of Lu Qin’s things, but her own things.., she wouldn’t leave a single piece here, not even a button.

Her clothes were all here, but they were all old clothes. and she realized that she had spent an unknown amount of money on Lu Qin’s mother and son these past two years.., and in the end, she hadn’t even added a decent piece of clothing for herself. One had to know that she hadn’t bought any new clothes for herself every season, but after these two years.., she was really poor and very down and out. She really did not have a single piece of clothing.

She went back and forth a total of five times before she took away all of her things. Actually, there was not much. It was just her clothes and some of the small things that she put here. There were not many skincare products either, qin Xiaoyue had taken almost all of them. Even if they were still there, they were most likely empty bottles.

Qin Xiaoyue was particular about taking things from her. She was also used to taking things. She didn’t feel that there was anything wrong with taking other people’s things. She didn’t know whether it was because of her temperament or.., she was spoiled by her and Ye Shuyun.

Yan Huan turned around and looked at the fish tank that was almost as tall as a wall. There were also colorful fish swimming inside.

“There’s no rush. I’ll be able to take you guys away very soon. I really can’t take you guys away now. How about I take a washbasin and pack you guys up before I Change Your Home?”Of course, she was only joking, she couldn’t really use a washbasin to take these fish away. Not to mention that there were nearly thirty of them. The most troublesome thing was that these fish had to be kept in a matching fish tank. Otherwise.., they would definitely die if they came out.

She had been keeping these fish for two years and had never seen one of them die. They had always been living very well. It was also because this was an ecological fish tank, which was also a suitable place for these fish to live, there was a tiny ecosystem here, which also maintained the survival of these fish. That was why these fish could live so well. Of course, they would grow, but not too fast, or else the fish tank would not be able to hold them.

What this fish tank could guarantee was that these fish could last for at least twenty years. After twenty years, they might need to change again, not because of anything else, but because these fish might grow up, or they might die. At that time, they would have to re-establish an ecological balance system.

She turned around and walked out, but she didn't leave. Instead, she walked directly into Qin Xiaoyue's room.

"What are you doing?"

Qin Xiaoyue screamed and hurriedly blocked in front of Yan Huan.

"I'm here to take my things."

Yan Huan rolled up his sleeves. "Madam Qin took a lot of my things back then. For example, my clothes. She took a lot of them. I want to take them back now."

She had already said that Lu Qin owed her, and Qin Xiaoyue owed her. She couldn't just leave like that. Then, she would give up her two years of Fame, all of it would be lost to Lu Qin and his mother, but she didn't dare to say a word.

Was that possible? Yes, was it possible?

"There's nothing for you in here." Qin Xiaoyue pushed Yan Huan directly and slammed the door with a bang. Then, she warned him angrily., "Get lost, get lost right now. These things are all mine. If you dare to touch my things, I'll call the police right now." After saying that, she opened the door and went in herself.

Chapter 1426: She would give anything she wanted

Yan Huan stood at the door for half a day. Qin Xiaoyue, on the other hand, knew how to play dumb. She also knew that she had to be a turtle at the right time. If she did not come out, Yan Huan would not be able to enter, of course, she was not so tough that she wanted to break open the door.

She turned around and left as well.

When she came out, there was already a high-end business car parked at the entrance. She knocked on the car door seven times and sat in it. At this moment, her assistant was sitting in the car waiting for her.

"Miss Yan, are you alright? Did you get beaten up?"

The assistant was anxious from waiting. She was afraid that Yan Huan would be bullied like he was in the past. Of course, she held it in until she was a little resentful. She was almost about to rush in to help. wasn't there a kitchen knife in the car that she had stolen?

See? She was so smart. She had even brought her weapon. She was just afraid that Qin Xiaoyue would bully Yan Huan again. It was not the first time Qin Xiaoyue had bullied Yan Huan. Moreover, it was almost infuriating, those words were not spoken by humans. Those things were not done by humans either.

"I'm fine." Yan Huan put down her sleeves. She half-lay down. She was a little tired, but although she was tired, she was very happy.

When the assistant saw that Yan Huan was relaxed, she was relieved. Moreover, she was not injured and her mood was peaceful. Yan Huan should not have suffered a loss.

She really wanted to know what happened inside.

Why? Don't you feel that I'm very happy? Yan Nan raised his eyelids. Look at me, I know that I won't be the one who will die of anger.

"Miss Yan, aren't you very happy?" When the assistant heard this, she felt very happy. They had been bullied by Qin Xiaoyue for two years. Every time they saw Qin Xiaoyue's face, not to mention Yan Huan., even she was extremely disgusted. There were a few times when she wanted to kick someone, but in the end, she gritted her teeth and endured it. It was the same for her and Yan Huan. They had not forgotten that it was not someone else., it was Lu Qin's mother.

Yan Huan loved Lu Qin, so no matter how excessive Lu Qin's mother's actions were, she still endured it in the end. And this time, she endured it for two years.

However, it was difficult for Yan Huan to be straightforward. Did she still need to rush in with the kitchen knife to scare people? After all, she had endured this cowardly anger for a long time and had not left.

.....

"I'll give you a chance next time." Yan Huan closed his eyes. "Mm, it's not over yet."

"Really?" The assistant had been waiting for this opportunity for a long time.

"Yes, you'll see it very soon. There's still another chance later. You have to perform well."

"Okay." The assistant puffed up his chest and also promised Yan Huan

"Miss Yan, don't worry. I will do my best. I will make sure that the shameless mother and son will not be at peace."

That's right. The assistant still did not have the chance to take out the kitchen knife. What were they going to do next.

"Miss Yan, What About Us Now?"

She asked Yan Huan again. Are We Going to leave now?

No, Yan Huan took out his phone and dialed a number. She had not yet made Qin Xiaoyue feel pain. Very soon, she would make her feel pain once. If it hurt once, there would be a next time.

She had to make them suffer. If the pain didn't kill her, then she wouldn't be called Yan Huan. If it didn't kill her, then she would be letting down her two years of being their slave.

"Chief, it's your call," the security guard said to Old Master Lu.

"Who is it?"

Old Master Lu raised his eyelids and asked. In this situation, no one would call him because his makeup was too noisy. who was it that had no sense of judgment and insisted on looking for him at this time.

"She didn't say. It's a woman," the guard answered honestly. He had asked the moment he received the call. The woman didn't say anything and insisted on getting their old chief to pick up the phone.

Old Master Lu walked over and picked up the phone and put it by his ear.

“Hello, who is it?”

This voice was really rude, but it was just old master Lu’s personality. Old Master Lu had always been like this. Don’t expect him to be more friendly to anyone. He was a person who couldn’t be moved, and he wanted to fight and kill, if he didn’t scold or smash, then he would be amiable, and then he would be possessed.

When the guard saw the chief’s face pull down, he couldn’t help but feel his heart twitch. It couldn’t be, who was the one who made the chief angry? The chief’s face was about to pull down into a horse’s face.

“You go to the Lu family’s place once.”

Old Master Lu put down the phone. This voice sounded very calm, but the guard’s heart was already starting to palpitate. In addition to beating the drum, he was also trembling. This wasn’t too good..., the chief was ready to strike. It was going to be thunder soon.

“You go.” Old Master Lu and his son pointed at the door again. Their voice suddenly became louder and they immediately shouted.

“Go and look after Qin Xiaoyue. Yan Huan will let her take whatever she wants. Even if she wants my grandson Lu Yi, you give him to her.”

The guard shivered and hurriedly ran out as if he had seen a ghost. However, he came back after a while and asked again with uncertainty, “Chief, is she really going to let her take everything?”

The first thing the guard thought of was that Lu Qin’s matter had really been overturned.

Of course, he also knew about Lu Qin’s matter.

After all, such a big matter had spread like wildfire. It was likely that the people of the entire country had seen Lu Qin’s exposed white buttocks. That white flower and small buttocks.

“Why aren’t you going?” Father and son Lu seemed to have discovered what the guard was thinking and directly kicked the guard’s buttocks, “If you continue to let your imagination run wild, I’ll throw you out to farm.”

“I’ll go, I’ll go, I’ll go right away.”

The guard hurriedly ran out with his butt in his arms. He was afraid that he would really anger the old chief. It didn’t matter if he kicked him a few more times, but he couldn’t anger the old chief to the point of a stroke.

And his grandson’s butt had been seen by the entire nation. To Old Master Lu, this was definitely a humiliation. It was also a humiliation that he couldn’t wash away. It was also the greatest humiliation of his life.

Therefore, he did not dare to mention Lu Qin’s name in front of the old chief. He did not even dare to mention it. He did not know what good deed that Qin Xiaoyue from the Lu family had done. What was going on..., she had angered the chief to such an extent.

“Knock Knock...” Yan Huan knocked on the door.

With a bang, the door opened.

The moment Qin Xiaoyue saw Yan Huan outside, she immediately roared, "Yan Huan, you're really haunting me. Can't you have some dignity? I've already said it. My son told you to SCRAM. Why aren't you scam? My family doesn't welcome you. Scram immediately," she said, then, she forcefully went to the door.

Yan Huan turned around and smiled at the security officer. This smile was very calm, but the security officer could feel the torrential rain after the calm.

Chapter 1427:

"Sorry to trouble you." She stepped aside to make way for the guard.

"Miss Yan, you're too kind. This is what I should do." The guard laughed dryly. This was like pushing a duck onto the rack. Only now did he know what had happened. It was no wonder that the chief was so angry.

The Lu family had nothing. The people of the Lu family had always been arrogant. None of them liked to take other things for free. However, there was one special existence in the Lu family that had thrown all the people of the Lu family away.

That was Qin Xiaoyue. She didn't have much ability, but her thick skin was the first case that he had ever seen in his life.

He didn't even think about it. Yan Huan was famous and rich at that time. He was the one that Lu Qin had been chasing after. He gave up everything for the sake of a meteoric rise for the both of you. He blocked everything that he had, now that he had found a better and richer one, he wanted to make Yan Huan Scram and make room for the newbies. That was fine. If you wanted to leave, then leave. If you wanted to take something from him for free, you wouldn't give it to him no matter what.

How could all good things in this world be taken by them.

It was no wonder that the chief was so angry. This was a slap in the chief's face.

Just as the chief had said, the Lu family could not afford to lose face. No matter what Yan Huan wanted to take, he would give it to him. Even if he had to compensate his other grandson to the other person, he would agree without a second thought.

The guard placed his hand on the door and began to knock.

A short while later, the door rang.

The guard had just stood up and was about to convey the old chief's intentions when the door opened. A basin of cold water poured onto his face, and with a splash, the guard was drenched in ice-cold water, it was winter, and the water was still so cold. Not only was the guard stunned, but even Yan Huan's skirt was wet.

"Serves you right." Qin Xiaoyue threw the basin to the side. She wanted to scold him, but when she looked up, she saw that the person standing at the door was drenched, the young officer, who was wearing a military uniform, was stunned.

“Xiaosong, why is it you?”

.....

Qin Xiaoyue hurriedly wiped her hands on her body and then greeted him awkwardly.

The guard looked up at the ceiling above his head. He looked like he had nothing to live for.

Was this the so-called fight between gods and mortals?

Also, what kind of water was this? Why was there a stench? Was it foot-washing water or butt-washing water?

Could it be any more disgusting?

However, no matter how pathetic or disgusting it was, this military posture still had to stand properly and stand up straight.

“Second madam, the chief said that Miss Yan can take whatever she wants. Even if she wants to empty this place, it’s all according to her wishes,” of course, there was another sentence that he did not have the time to say.

That was the old chief had still said it. Even if Yan Huan wanted the Lu family to treat Lu Yi as compensation, he would still agree.

Qin Xiaoyue’s face instantly turned ashen.

How could she not listen to Old Master Lu’s words? How could she not dare to listen. Now, their lives were all dependent on old master Lu. Right now, Old Master Lu was still treating them well. If there was a day when old master Lu did not care about them, they would have to get lost from here, what if old master Lu personally told them to get out of here?

Even if they didn’t get out, they still had to get out.

Qin Xiaoyue was so angry that her lungs were hurting. She stood by the side, her entire body trembling. She could only watch as Yan Huan swaggered over and opened her wardrobe, taking out the clothes one by one, they were all extremely high-end, custom-made fur coats of all sorts. Each one was worth hundreds of thousands, or even millions. These clothes were her treasures. Every time she wore them out., she would always receive the envy of many people in the immortal abode. At that time, almost all the attention was on her. However, if she did not have these things, how would she be able to go out in the future? Even if she added a decent set of clothes, she would not have any.

Meanwhile, Qin Xiaoyue struggled, hated, and felt her heart ache. Indeed, she hated and hated that she did not die of anger.

That was why Yan Huan had the word ‘straightforward’. Yes, it was straightforward.

If she was straightforward, of course, Qin Xiaoyue would be in pain,

of course, that wasn’t all, because the pain was still to come.

This was only the beginning. If she thought that this was the end of the script, then Qin Xiaoyue would have underestimated her.

Yan Huan wrapped up the clothes that he took out. These clothes were bought by her personally. She tried them on herself, and she was very clear about a few of them. She swaggered away with these clothes in her arms. The security guard had been standing at the side the whole time, even if her entire body was covered in water.

After Yan Huan left, the security guard saluted Qin Xiaoyue. "Sorry to disturb you, second madam."

Qin Xiaoyue was so angry that she choked on her own throat. She almost choked to death.

When she saw the wardrobe that she had opened, she hugged her head and cried.

Her clothes, the clothes that she loved the most, were all gone. These clothes were not things that she could buy just because she wanted to. They were unique, exclusive, and high-grade custom-made. She did not have money yet. Even if she had money.., she could not bear to invest it in the higher-ups.

When Yan Huan walked out and saw the guard covered in water, he felt very guilty.

"I'm sorry, I've implicated you."

"It's okay."The guard smiled indifferently. He really did not put his own water in his eyes, "Miss Yan, do you have anything else you want? The chief said that as long as Miss Yan wants it, the Lu family will compensate you. The Lu family will not do such an ungrateful thing. First of all, Old Master Lu's old face will not go over. If anyone dares to slap his face, he will definitely kill them."

"Also, I've taken enough for today. Let's do it another day."

Yan Huan still had some things that were there, but they were not things that she could take alone. Let's wait until she found the place.

"In that case, next time, Miss Yan can find the old chief first. That way, no one will dare to stop you."

This was the security guard's suggestion to Yan Huan's family. In other words, if Yan Huan came again, he would still be rejected. Qin Xiaoyue was so shameless that there were many people who knew about it.

"Thank you, I will."Yan Huan would naturally give old master Lu a heads-up. This family was run by that old man, and no one in the Lu family welcomed her. They all wanted her to leave, if she didn't leave, how would Lu Qin Get Away? If she didn't leave, Lu Qin would still want to marry Mengni. If she didn't leave, even if Lu Qin died, he wouldn't be able to marry Mengni.

However, Yan Huan was eager to kick Lu Qin out. It would be even better if someone took over. Of course, she had to take back everything that she had left with Lu Qin.

Chapter 1428: he wanted to marry Mengni

"Also..."the guard assured Yan Huan, "The chief said that as long as Miss Yan wants to take it, he will agree to it. We, Mr. Lu, can compensate you."

“Okay.” Yan Huan was very satisfied with this suggestion. He would give her another one. She was used to living in the Lu family. If she left like this, she was really not used to it.

For some reason, the security guard shivered. He felt that there was something wrong with Yan Huan, but he didn’t know what was wrong,

he only felt that something was wrong, but he didn’t think too much about it. It was only later that he found out that the old chief of his family had sold off his grandson with just this sentence.

Yan Huan took the clothes that he had brought out of the Lu family and picked out some of the more expensive ones. They were all dry-cleaned. She was disgusted by the clothes that Qin Xiaoyue had worn, but even if she despised them.., she wouldn’t let Qin Xiaoyue off so easily.

However, she was so tired that she couldn’t even lift her fingers after making a ruckus today.

The Lu family could be considered a hundred-year-old family clan. Although there wasn’t much population now, in Lu Yi’s generation, there were only Lu Yi and Lu Qin. As the Orthodox members of the Lu family, Lu Yi was actually the only one.

As for Lu Qin, he was actually just an unpresentable person.

Therefore, Lu Qin could be willful, but Lu Yi couldn’t.

Lu Qin could dabble in the entertainment industry, but Lu Yi couldn’t. Lu Qin could marry Yan Huan, but Lu Yi couldn’t.

But no matter who it was in the Lu family, as long as they made a mistake, broke the taboo of the Lu family, and did something shameful to the Lu family, whether it was Lu Qin, Lu Yi, or Lu Jin, it was the same. What they were facing was.., even Old Master Lu’s punishment was almost like a devil’s punishment.

At this moment, Qin Xiaoyue hugged Lu Qin whose entire body was injured by the whip and was practically wailing.

“Dad, stop hitting him. You’ll beat him to death.”

.....

Old Master Lu was holding a whip in his hand. As for the Lu family, which of them had not experienced the power of this whip before? They had never tasted the taste of this whip.

This was passed down from the Lu family’s ancestors. It was to beat up these people who were immoral, inhumane, and unfilial.

And now, Lu Qin deserved these whips.

“Do you think I want to beat you?” Old Master Lu threw the whip in his hand onto the table. “I only hit you three times and you’re already so scared. Are you still a member of the Lu Family?”

“Back then, no matter how many lashes Lu Yi received, no one was as useless as you. Just three lashes and you’re already crying like this.”

Lu Yi stood at the side and just stood straight. Yan Ye Shuyun and Lu Jin also stood at the side and didn't dare to beg for mercy.

Ye Shuyun recalled that Lu Yi chose to enter politics instead of the military. She was so angry that grandfather Lu directly whipped him more than ten times. He thought that it was lashing him until his skin split open. Lu Yi also endured it and didn't shout, he did not cry or cry. He just silently endured the pain in his body.

Now, it was Lu Qin's turn. However, after three lashes, Lu Qin was already crying for his parents and started rolling on the ground. He was a pampered young master and his body was soft and tender, he had always been delicate and delicate since he was young and had never suffered any hardships. He was not like Lu Yi, who had thick skin and had learned martial arts since he was young. He was thrown into the army and even served as a soldier for a few years.

At this moment, Lu Qin and his mother were hugging each other. The man who cried was not a man, but the woman was like a pig.

Old Master Lu was so angry that he did not want to fight anymore. Usually, he would only get fiercer and fiercer the more he fought. The more he fought, the fiercer he became. This was the first time that he had fought until the end. He could not fight anymore.

It was not because of his heartache.

It was because Lu Qin's useless appearance made him feel disgusted.

The Lu family was a responsible person. How could there be such a useless descendant? How was this different from those good-for-nothing profligate sons from the outside world.

Now, they even lied to him. They lied to an old man who was about to step into a coffin. Needless to say, they even lied about getting married. They really thought that Yan Huan was a woman who was easy to provoke. She just took the things and was really going to leave, just wait and see. That woman had never been weak.

Lu Qin and his mother were really naive. Old Master Lu glanced at the mother and son who were kneeling on the ground and did not even bother to speak.

"What? Do you want to settle the matter like this? You said to let them come, so you let them come. You took their things, spent their money, borrowed their name, and cheated them of their feelings. You said you didn't want them, so you didn't want them. You said you were going to kick them out?"

"Lu Qin, who do you think you are?"

"Old Master, my Lu Qin didn't cheat on you. He didn't have a happy ending..."

"Shut Up!"

Old Master Lu was annoyed when he saw Qin Xiaoyue's face with tears streaming down her face. It was all because of Qin Xiaoyue's mother who had taught Lu Qin wrong. Not only was he not capable, he even wanted to use a woman's reputation.

The Lu family did not have such a descendant.

Qin Xiaoyue quickly shut her mouth, but she was still not convinced. Her Lu Qin did not do anything wrong. What did he do wrong? Lu Yi had Lu Jin and ye Shuyun, but who else did Lu Qin have? He could only rely on his own efforts, was this also a mistake?

“Lu Qin, what are you going to do?”

Old Master Lu did not even look at Qin Xiaoyue. “What? Do you really think that she would be fooled by you for two years so easily? And then you told her to get lost, and she really got lost?”

Lu Qin was in so much pain that his whole body was covered in cold sweat. He looked at Lu Yi’s side and saw that Lu Yi was still standing there. There was no emotion in his cold eyes.

“Grandpa, I want to marry Mengni.”

Yes, he wanted to marry Mengni. He couldn’t not marry Mengni. First of all, Mengni was not an ordinary person who had a family. They had put pressure on him, and he had no way out. Moreover, if he really didn’t marry.., he didn’t need to act anymore in the future, so he had to marry Mengni for the sake of his two stars.

“Oh, marry?” Old Master Lu glanced at her.

“Aren’t you already married? How are you going to marry her?”

“Old Master, our Lu Qin didn’t marry that actress.”

“Is Lu Qin not an actress?” Old Master Lu interrupted qin xiaoyue directly, “The one he wants to marry now isn’t an actress either?”

Qin Xiaoyue choked, almost choked to death by Old Master Lu.

Lu Qin moved, and his clothes were almost covered with cold sweat.

“Grandpa, this time, I have to marry Mengni.” He knew that he couldn’t afford to offend Mengni’s family. He knew his status in the Lu family, but he wasn’t liked by his grandpa, he didn’t have any real abilities either.

If this had happened to Lu Yi, Lu Yi would have solved it with one finger. Unfortunately, he wasn’t Lu Yi, he was Lu Qin.

Chapter 1429: What Do You Take Me For

Lu Yi would never help him. Of course, Lu Yi would never make such a stupid mistake.

What about Yan Huan? Old Master Lu asked, “Are you going to kick her out of the Lu Family?”

Lu Qin opened his mouth, but he didn’t dare to say this.

“Sure.” Old Master Lu couldn’t control him anymore.

“Master Qin, You’re my grandfather. What do you want? Just do it. Don’t drag our Lu family down with you. Our Lu family can’t afford to lose face. If Yan Huan spits nonsense outside, my old face will be gone.”

The words 'Grandpa Qin' made Lu Qin fall to the ground.

"Grandpa, you have to help me."

Yes, Old Master Lu had to help him. If even he didn't help him, what would he do? His future was going to be ruined. Don't think that Yan Huan was easy to bully. In fact., she was the hardest to bully. Back then, Yan Huan's assistant had committed suicide by jumping off a building. It wasn't like he didn't know how Yan Huan dealt with that man.

She had ruined that man's reputation and caused that man's family to be unable to rest in peace. His family had been destroyed in just a few steps. If she were to go all out, no one knew what she would do. No one knew what she would do.

"Alright, I'll help you." Old Master Lu laughed coldly.

"Isn't she here? Tell her yourself. It's considered your ability if you say it's a success. If it's not, you'll have to bear it yourself. Don't even think of making me bear this black pot for you. Don't even think of making the Lu family bear it."

"Even if you die, you have to get the hell out of here and die."

When Lu Qin heard these words, cold sweat rolled down his forehead. A series of high heels sounded in his ears, and this sound was too familiar. This was Yan Huan's footsteps.

.....

Yan Huan had always walked like this. Her steps were very small, and every time her heels touched the ground, they would make this kind of tapping sound.

Lu Qin slowly turned his head and saw that woman walking in. She was wearing a mink coat, and the hat of the coat was also wrapped around a fair and almost transparent little face. That face was extremely beautiful., but her eyes were also extremely cold.

She lifted the hat, revealing her exquisite yet bloodless face.

There was no smile on her face. When she looked at Lu Qin, it was as cold as ice.

Don't treat her as a fool. No one in this world is a fool.

She walked over and stood in front of Lu Qin. She looked down at Lu Qin who was beaten up like a dog. Once again, she felt very happy, very happy.

"You want to marry Mengni?"

She asked Lu Qin lightly.

"My Son..." Qin Xiaoyue was about to interrupt, but Yan Huan coldly threw her a sentence.

"Shut up, I'm not talking to you."

"You..." Qin Xiaoyue pointed at Yan Huan. How dare you talk to me like that.

“Why wouldn’t I Dare?” Yan Huan didn’t even want to see Qin Xiaoyue. We’ll settle our accounts later. Don’t worry, you won’t be missing. When your son and I settle our accounts, don’t think that I took the clothes.., there was nothing to worry about. There were many things to deal with, so she wasn’t in a hurry to settle them one by one.

Qin Xiaoyue’s throat suddenly choked up. It was as if someone had fed her some kind of mute medicine. In an instant, she couldn’t even open her mouth.

Yan Huan lowered his head again and looked at the man who was sitting on the ground. His entire body was covered in blood.

“You want to marry Mengni?”

She asked again.

The corner of Lu Qin’s lips twitched. Then, he gritted his teeth. It seemed that he had already torn his face, so there was nothing more to hide.

“Yes, I want to marry Mengni.”

With a slap, Yan Huan directly threw a hand on Lu Qin’s face. Qin Xiaoyue stood up, ready to fight Yan Huan to the death.

“Get lost!” Fang Huan raised his foot and directly kicked Qin Xiaoyue’s shoulder. It also kicked Qin Xiaoyue until she screamed in pain. Like a rubber ball, she was kicked a few meters away.

Although Yan Huan had never practiced martial arts, she was not weak. When she kicked someone, she was quite solid.

At this moment, Lu Yi’s family did not stop her. This was the second brother’s family’s affair and had nothing to do with them. No matter how much the first uncle’s family had to do, they could not interfere with the second brother’s family’s affairs.

Ye Shuyun shook Lu Jin’s hand. Why was she so nervous? It was like watching a gunfight. She was even watching it with relish. When she saw the nervousness, she even pinched Lu Jin’s arm. Lu Jin could only endure it.

Ye Shuyun knew that this was not good, but in the end, it was because Yan Huan kicked Qin Xiaoyue. She was actually very happy.

Qin Xiaoyue was also stunned by the kick for a long time. She got up. Originally, she was going to appear again, but in the end, she received a warning from old master Lu.

After Yan Huan kicked Qin Xiaoyue, he looked down at Lu Qin’s face. Then, he raised his wide leg, which was in high heels, and directly stepped on Lu Qin’s shoulder.

“Lu Qin, what do you take me for?” Yes, what do I take her for? She hadn’t even agreed to the end, yet she wanted to dump him. Was there such a thing as letting him off so easily?

At this moment, Lu Qin was really like a dog. He had been beaten half to death, but now, he couldn’t even catch his breath. The wounds on his body were painful, so there was no need for him to retaliate.

“Why? Do you want to kick me away?”

Yan Huan stomped down on Lu Qin’s body again. Old Master Lu immediately turned his face to the side. It had nothing to do with them who was going to bear the consequences of his sins. He deserved to be trampled to death.

Yan Huan stomped down again, and Lu Qin was almost trampled to the ground. At this moment, Lu Qin was not just a dog, he was a drowning dog.

“I’ve told you before, Don’t lie to me. Otherwise, you won’t be able to endure it.” Yan Huan’s voice was extremely soft, but every word he said caused Lu Qin’s body to tremble. Yan Huan was ruthless., clearly, he had already remembered. While he was enjoying everything that Yan Huan had brought him, he had forgotten that this woman, Yan Huan, wasn’t kind. She could be stupid, but she could also be ruthless.

Yan Huan squatted down and reached out his hand to slap Lu Qin’s face as if he was insulting him, “Lu Qin, don’t overestimate yourself. When I loved you, You Were My Heaven and My Earth. I will give you whatever you want. If you want money, I will give it to you. If you want my name, I will give it to you. If you want my reputation, I will give it to you. Even if you want me to act for you and deliberately make yourself look bad, I am willing. Even your vampire mother, I will tolerate it. You want me to be a parasite in someone else’s home with your family. I will tolerate it too. I eat other people’s food and live in other people’s homes. I even take it for granted. I look down on myself. I lack food, flowers, and drinks. I can not buy anything. I can not buy anything. But in the end, I still tolerate it.”

Chapter 1430: conditions

“In front of the parasites in other people’s homes, I, like all of you, take it for granted. However, Lu Qin, don’t forget that under the premise of everything I’ve done, I love you. However, when I don’t love you, this face of yours, your person, she once again slapped Lu Qin’s face. Everything About You is trash to me.”

“What?” She lightly patted Lu Qin’s face again and then slapped him hard, “If you want to use it, then use it. If you want to throw it away, then throw it away. Do you think there’s such a cheap thing in this world? I, Yan Huan, have no relatives, no parents, no family, and no friends. But you, Lu Qin, are different. You have a home, a mother, and a home, so don’t think of confronting me head-on.”

“You can’t get it up.”

Lu Qin’s eyes widened, and a surge of blood surged up from his chest.

“Don’t forget...” Yan Huan lowered his voice again. At this moment, she was very beautiful, so beautiful that it was gorgeous, and so beautiful that it was piercing. I know many things about the Lu family, and these are all secrets., if others knew, guess what would happen.

With a slap, Old Master Lu slammed the table hard. “Lu Qin, you actually told her about the Lu Family?”

“I didn’t...”

Lu Qin opened his mouth. His mouth was hurting. He wanted to explain, but he didn’t say anything. How could he tell Yan Huan about these things? These things were not secrets of the Lu family, and only the

people of the Lu family could know about them, if these things were known by someone with good intentions, then the Lu family would be in danger, and the foundation of the Lu family might be shaken.

Not to mention Yan Huan, there were some things that even Lu Qin himself didn't know, let alone through his mouth and into Yan Huan's ears.

But if he said that he didn't, Old Master Lu wouldn't believe it, and no one would believe it either.

Old Master Lu directly picked up the Teacup on the table and smashed it towards Lu Qin's head. He was so angry that he almost didn't pick up the chair and Smash Lu Qin to death.

"Tell me, what do you want?" Old Master Lu asked Yan Huan, but he still didn't have any good expression towards Yan Huan. Even if Yan Huan had saved his life, he still didn't like her, especially now, perhaps even more so., no one liked to have their weaknesses grasped by others, especially when it came to such a big weakness of the family. This made old master Lu not only want to strangle Lu Qin, but he also wanted to strangle Yan Huan.

"Old master's question is straightforward and direct, but how do you want me to say it?" Yan Huan boldly turned his body around and sat on the only chair inside? Ye Shuyun broke out in cold sweat as she thought to herself, this is really too bold. No one dares to sit in old master's place. Can't you see that they're all standing?

.....

Old Master Lu rolled his eyes at her. "Do you think I'm Stupid? If you can say it, you must have a backup plan. Tell me, what do you want? You Want Lu Qin not to marry that woman. Fine, I Promise You."

"But I don't want him anymore." Yan Huan propped up her face. Old Master Lu also picked up a glass of water and put it to his lips. He was calm, but it was clear that he wanted to strangle someone, or he wanted to strangle someone to death.

"You don't Want Him?" Old Master Lu really didn't believe it. "Didn't you throw away your face for him back then?"

Why did Yan Huan's heart hurt when she heard this.

However, she was still smiling on the surface. Her smile was quite innocent. However, when she thought about how powerful and black-hearted she was under this innocent look, she believed that no one would like her. She wasn't a woman at all. She was a demoness, she was a debt collector.

Yan Huan also poured herself a cup of tea. One rolled on the ground and there were even a bunch of people standing on the side. They were really nice. It was you who drank the cup, and I drank the tea one cup at a time.

"What? You Really Don't want him? Don't pretend for me. I'm disgusted." Old Master Lu didn't believe it. Not long ago, he had treated Lu Qin like a treasure. He didn't want her just because he said so. A woman wasn't a man. If a woman fell in love with him, she could give up anything, including her face.

What do I want him for? Yan Huan Glanced at Lu Qin who was lying on the ground with his face swollen like a pig's head.

“His buttocks and balls have been seen by the entire country.”

With a puff, old master Lu spat out the tea in his mouth, and then all of it onto Lu Qin’s pig face.

Lu Qin was stunned, and then he was dumbfounded. Useless, tears fell from his eyes. Was he still a man? Other than being a man in terms of calculation, was he still a man now, he was a pig.

“Then what do you want?” Old Master Lu wiped his mouth. “You Want Money?”

“I have it.” Yan Huan raised his eyes. Wasn’t he interested in my money? Yes, Yan Huan was rich. Her endorsement fees were quite high in the past. Couldn’t she earn 500 million? As long as she was willing, with her popularity now that she was back., it wouldn’t be a problem to earn 100 million a year in the future. Therefore, she would be short of money.

“You want a house?” Elder Lu and his son asked again.

“I have money.”

Yan Huan said the same thing. With money, she could buy a house anywhere. Even in the most expensive area of Hai City, an ordinary person might not be able to buy a house of one square meter in their lifetime. She could still afford it.

“You Want Power?” Grandfather Lu frowned. “Why? Do you still want to play politics?”

“I have money.”

Yan Huan said these three words again. Yes, she had money. If she had money, she would not be afraid of power. Moreover, she was a good citizen who abided by the law. She did not break the law. Moreover, she did not have much ambition to become an official, she knew very well how much she weighed.

“Then what do you want?” Old Master Lu slammed the cup onto the table. You said, as long as you want something, if you dare to take it, I dare to give it to you.

Yan Huan’s gaze stopped on Lu Qin’s pig-like face. The hatred in the corner of her eyes could be felt by anyone.

“I’m not a bad person. Everything about me is easy to talk about. It’s just that...” her sudden smile was beautiful. Of course, it was so beautiful that it pierced people.

“I hate it the most when people not only lie to me, but also want to use me and treat me like a fool.” However, she picked up the cup on the table. “I’m also a good person. I’ve always known what it means to fulfill one’s wish.”

“Isn’t he going to marry Mengni? Then why not?”

Yan Huan stood up again and walked to Lu Qin’s side. She stretched out her foot and stepped on Lu Qin. He had treated her as a fool, but now, she treated him like a dog.

She walked to the front of Lu Yi again. Lu Yi still had a calm expression on his face, but his eyes seemed to be suppressing something. That cold and self-contained look of his made Yan Huan really want to take a bite out of him.

She walked back again and placed the cup by her lips. She continued to speak, fulfilling someone else's wish. I felt uncomfortable in my heart, and the Lu family was also living quite comfortably. I really wanted to take a look., the man who had left me, how could he continue to climb up the ladder.
