

Chapter 1431: was to be made public or not

“So, I’ve decided.” She threw the cup away, lifted her chin, and looked provocatively at Lu Yi.

“I’m not leaving. How about we have two girls as a couple? If we want to embarrass ourselves, we’ll do it together. You’ve already said it, I’m embarrassed. I’m embarrassed anyway. I’m not afraid of being even more embarrassed.”

She stood up and casually flicked the corner of her shirt. “I’m tired today. You guys should think about it. I’ll come back tomorrow.”

She then walked in front of Lu Qin and looked down at the dead pig-like man on the ground.

“Lu Qin, you begged me to come back. You didn’t think that I could fulfill your wish so easily. Actually, she squatted down with a smile on her red lips. She really doesn’t want to leave you...”

She couldn’t bear to kill you, she added in her heart.

Lu Qin stared at her like Yan Huan was a monster. She wouldn’t leave even if she was beaten to death. She even wanted to perform a battle between her ex and the current one, she just didn’t know who would tear who apart in the end.

Then, Lu Qin became famous overnight.

Then, the Lu family became the laughingstock of the entire hai city.

Yan Huan swaggered out. She was tired, so she would come back tomorrow.

If she didn’t turn the Lu family upside down, her name wouldn’t be Yan Huan.

If she didn’t turn Lu Qin into a life-and-death situation, she wouldn’t be Yan Huan.

The people of the Lu family were also shocked by Yan Huan’s irrational behavior. The matter was resolved, but Yan Huan didn’t leave. In fact, she even felt like she was in a life-and-death situation.

.....

Could it be that the Lu family’s zero-point Lu Yi had always been humiliated by Old Master Lu?

Ye Shuyun hurriedly pulled her son and husband away. They still had to stir up this mess.

However, it seemed that leaving was not the solution. They were still surnamed Lu.

At this moment, everyone stopped at Fang Nan’s words. The two women were in the middle of a husband, and they did not come back to their senses. Of course, no one agreed. The faint smile on Lu Yi’s face was quickly replaced by his calmness, soon, it was replaced by calmness.

The next day, Yan Huan came over again. She was wearing a red coat today, and her legs were exposed. The curve of her calves was very beautiful. From the way she walked., the curves of her legs could be seen. They were thin and did not reveal their bones. They were fair and clean. As if she was not afraid of

the cold, she generously exposed her calves. Her red lips suddenly curved, in an instant, it was as if a woman had arrived, and she was full of vigor.

It was as if she was not looking for trouble, but walking the red carpet.

She strode over and threw her bag on the table. She did not care about a bag that cost more than 10,000 yuan. If she threw it, so be it. If she said, "Stupid people have a lot of money."

She indifferently swept her gaze over everyone in front of her, and finally, her gaze stopped on Lu Qin.

"Lu Qin, have you thought about it? What do you think of my suggestion? In any case, you won't lose out. Two women serving you at the same time, your luck with women isn't shallow." When that time came, it would also make your house uneasy, if your family was destroyed, you wouldn't be able to turn into a lunatic. Come and look for me.

Yan Huan smiled. She was clearly looking at Lu Qin, but there wasn't even a hint of warmth in her eyes. Her cold and ice-cold eyes were also stiff.

Yan Huan did not ask anyone. She only asked Lu Qin if he had thought about it and made a decision?

"Yan Huan, what do you want?" Lu Qin's face was dark. The so-called expression, the so-called love, the so-called pursuit, from now on, it would completely disappear.

He did not love her, and she did not love him.

He wanted to kick her away, but she was not willing.

She wanted to stay and take revenge on him, and he was even more unwilling.

They had already made it very clear, but now they had to ask if some people were willing to take such a solution, and if they were willing to be deceived for two years, and even two years, they would lose everything.

Lu Qin was very smart, but Yan Huan was not stupid.

He treated others as fools, but others might not be willing to be fools.

He wanted to settle the matter peacefully, he wanted them to scram, he wanted Mengni.

But Yan Huan wanted to destroy everything, right? Yes, that was what she was showing now.

And all the mistakes were because of Lu Qin. Yan Huan wanted the hard work she had put into Lu Qin during these two years.

Was she stupid to want to send her away like that?

And what Lu Qin was asking was, what did Yan Huan want?

Yan Huan's gaze fell on Lu Qin. She lifted her red lips slightly, showing a hint of cuteness.

"Publicly announce your relationship with me."

"No." Before Lu Qin could say anything, Qin Xiaoyue stood up. "What relationship do you have with us, Lu Qin?"

“What’s Your Relationship? Don’t you know it very well?”

Yan Huan sat on the sofa and propped up his face. “Do I have to be so clear?”

Yan Huan asked Qin Xiaoyue with a half-smile, “We’re not outsiders here. I think Madam Qin should know what I am and what I am.

“Although I can’t beat you, I can rest assured about your old master’s character.”

If Old Man Lu, who was still in the garden, heard this, he would probably pat himself on the chest proudly. His character was well-known.

This was also the reason why Yan Huan dared to come over once, twice, and thrice.

Because she had the guts to go against someone from the same family. It was also because she wasn’t facing Lu Yi, but Lu Qin.

So what? She looked down on Lu Qin, and she looked down on Qin Xiaoyue. If she wasn’t convinced, why didn’t she come over and beat her up?

Qin Xiaoyue’s face turned red from her words. Now that they were going to publicly announce Yan Huan’s relationship, how could they do that? How could they do that? Lu Qin and Yan Huan had been living together for two years, and the two of them had already reached the point of discussing marriage prices, the future mother-in-law would eat and drink her daughter-in-law’s food. Yueyue would force her daughter-in-law to give her living expenses. Lu Qin would use Yan Huan’s fame to climb up step by step. He would even stretch out his hand to ask Yan Huan for money every day. But even so., there were still endless scandals. Today and tomorrow, that small celebrity would be that small supporting role again. After that, she would be the daughter of some rich and powerful corporation. Her name was something called Mengni.

The entire country knew about the naked appearance of the two of them. This could not be denied. This was something that could not be denied. The evidence was there. What was going on? Did he still want to push everything onto Mengni?

Could he push it?

Regardless of whether he could push it or not, he could not afford to believe it. If he dared to admit to Yan Huan...

Then Lu Qin’s reputation would be ruined for the rest of his life. He would become the representative of the biggest scum of this century. Did he still want to enter the entertainment industry? Did he still want to continue filming? Did he still want to continue becoming famous?

Not Just Lu Qin, even everyone in the Lu family could not escape such a scandal.

Chapter 1432: selling grandchildren

Yan Huan did not want to listen to any nonsense. What nonsense was this? What was there to stir up emotions? Don’t tell her that she did not want any feelings from the past. Who would have feelings for them.

Lu Qin stood up. He really did not want to face Yan Huan's aggressiveness now. "What do you want? Just say it." Alright, since they had already said so much, they might as well just tear off their faces, however, before they could tear each other apart, they had already torn each other apart.

"I can't be with you anymore. I'm definitely going to marry Mengni. As long as you dare to have her, the Lu family will be able to afford it."

Lu Jin's face darkened.

Since when did he, Lu Qin, represent the Lu Family? How could the Lu family listen to him? He said that he was going to gift the Lu family's belongings to someone else. Could it be that if someone wanted his son, Lu Yi, he would be able to gift it to them as well?

And now, everything here belonged to him, Lu Qin?

"I've lived here for two years." Yan Huan looked around. "I've almost spent my entire life here. I'm not willing to leave now."

"Then go marry Lu Yi."

Qin xiaoyue shouted at Yan Huan. Yes, marry Lu Yi. As long as he didn't Pester Lu Qin.

"Isn't Lu Yi also surnamed Lu? You can still live here. You can still see my son and Mengni living happily together. You can still be the young mistress of a wealthy family."

"Oh..." Yan Huan turned around and looked at Lu Yi, who didn't have much expression, as if he was really thinking about something?

After a while, she suddenly smiled and stood in front of Lu Yi. Her eyes seemed to be a little sad, as if she was in pain.

"This is indeed a good idea, isn't it?" "I can still be the young mistress of a wealthy family, and I can also personally see how the adulterous couple will die. Lu Qin, she will face Lu Qin once again. You have to think carefully. If I choose someone else, I will never turn back for the rest of my life. I will give my love, my feelings, and my money to others. If one day, you regret it, then I'm sorry. If you want to marry two more women, then it will be impossible."

.....

"Don't worry." Lu Qin smiled. He was as emotionless as he could be, "I will never look for you again. In any case, I have never loved you. You can love whoever you want. You can give it to whoever you want. If I, Lu Qin, want to go back and eat your fruit, then I, Lu Qin, will not be able to get anything in this lifetime or the next."

Yan Huan's Red Lips moved, and her expression was vivid. It was as if she had lost her heart and broken those feelings. However, most of the time, she was still unwilling. As for what she was unwilling to do, who knew?

Ye Shuyun did not even want to watch the show. Their fight had nothing to do with their boss. Giving her son to Yan Huan? In her dreams, unless she died.

She pulled Lu Jin back and pulled a long face.

Yan Huan walked back and sat down on the sofa. In any case, old master Lu would be here in the afternoon. As for how the matter would be resolved, the dust would settle today.

In the afternoon, old master Lu indeed came over. Of course, his face was always dark, especially when he saw Yan Huan. His expression was as if he wanted to eat a piece of Yan Huan's flesh.

"Do you still have any sense of shame? There are no men in this world, do you really have to be a scum?"

This sentence of 'scum' made Lu Qin's pig-like face even darker.

Was this still his biological grandfather?

"It's fine even if you don't want him."

Yan Huan smoothed the corner of his shirt and seemed to be a little absent-minded. "It was Madam Qin who reminded me. I have a good idea."

The sentence 'Ms. Qin' made ye Shuyun's brain tighten. This woman didn't want..

Yan Huan slowly stood up and pointed at Lu Yi. "I don't want anything now. I want him."

Lu Yi frowned but didn't have any reaction.

The Teacup in Lu father and son's hands fell on the table with a clang. He couldn't pick it up.

Ye Shuyun looked at Yan Huan and then at Lu Jin.

"Lu Jin, I'm Dizzy." She placed her hand on her forehead. She really felt dizzy. Lu Jin quickly helped her to sit on the side, but ye Shuyun wasn't dizzy. What was Fang Yaowu talking about just now, she wanted her son to marry her, but how could this be possible? How could she marry Lu Qin and then be with Lu Yi.

How could such a thing happen?

"What if I don't agree?" Old Master Lu was instantly enraged. "You want to marry my grandson?"

"What else?" Yan Huan's skin was thick enough. In any case, old master Lu had scolded her many times. She was already tired from listening to him.

"Do you want to fight to the death?" Yan Huan started playing with her phone. "I'm alone anyway. I can afford to risk my life. You have to be able to afford your Lu family too."

"Yan Huan, in your dreams," Old Master Lu and his son directly shouted.

"Old Master, you promised yourself," Yan Huan coldly interrupted old master Lu, "You said that even if I wanted Lu Yi, you would give it to me. Now that Madam Qin has reminded me, this is a good idea. If you don't agree, your Lu family will soon become famous."

Old Master Lu clenched his teeth so hard that they hurt. He glared at Yan Huan, but Yan Huan couldn't see him.

“Old Master, you promised. You told your guards that even if Yan Nan wanted to escape, you would give it to him. I heard it with my own ears.” Before anyone else could say anything, Qin Xiaoyue started to cry, “Whether our Lu Qin can live to be filial in the future will depend on your words.”

“Miss Yan wants Lu Yi now. Otherwise, our Lu family’s reputation will be ruined.”

Her crying was because she wanted to push Fang Huan to Lu Yi. In any case, as long as she didn’t have this little slut, it was fine as long as this woman didn’t pester her son. It was fine as long as she didn’t stop her son from getting rich. Her son wanted to marry the daughter of a rich family. In the future, the Lu family would all belong to her son, it would also belong to her, Qin Xiaoyue.

Old Master Lu glared at Yan Huan fiercely, as if he wanted to peel off layers of Yan Huan’s skin.

Yan Huan ignored him and continued to lower her eyelids. She had decided just like that. Yes, she had made such a happy decision. Even if they killed her, she would still make the same decision, if she could not hold on anymore, then tell her what else she could hold on to and what else she could support.

“Lu Qin, what do you mean?”

Old Master Lu asked Lu Qin. ‘that woman used to be your woman. Are you willing to let her follow someone else and leave everything to someone else?’.

“Grandfather, she has never been my woman.” Lu Qin’s words were extremely hurtful and sharp, “At most, we are only in a cooperative relationship. She provides me with her resources while I provide her with the Lu family’s glory.”

Chapter 1433: had really been sold

“And this honor is not something that only I can give. Big Brother is much more outstanding than me. I wish them all the best.”

This was really shameless.

Even Old Master Lu was blushing because of Lu Qin’s words. Not only was he blushing, but he was also blushing.

In the Lu family, only Lu Qin could say such shameless words.

“Lu Yi, what about you?” Old Master Lu was a little embarrassed to face this eldest grandson. This matter was really something that he had promised and also something that he had agreed to. At that time, he had only casually said it, but now, his words had come true, even if he wanted to slap his own face now, he could not take back the meaning of his words in the end.

The arrow was already in the bow, he had no choice but to shoot it.

Lu Yi lowered his head and glanced at Yan Huan

“Grandfather, I refuse, and you want me to refuse?”

Lu Yi asked old master Lu back.

Old Master Lu steeled his heart and didn't answer. How could he have it both ways? In the end, it seemed like this was the only way to have it both ways.

Lu Qin couldn't be with Yan Huan as a husband because there was still Mengni and public opinion between them. Neither of them could run away from each other. Therefore, Lu Qin could only marry Mengni in the end, as for Yan Huan, she could not let the Lu family off so easily. In that case, Lu Yi would have to bear the blame in the end. He would have to sell off his own grandson just like that. If he said anything, he would swallow it himself.

"Okay, I agree." Lu Yi took a step forward and walked in front of Lu Qin.

The person Lu Qin did not want to face the most was Lu Yi. Lu Yi gave him too much pressure. Sometimes, the pressure was so great that it was difficult for him to breathe. However, it just so happened that he had to face it every day. At times, he also had to face it.

.....

"I promise to take the blame for you." Lu Yi placed his hand in front of Lu Qin and tugged lightly.

Lu Qin felt his neck lighten, and his voice seemed to be stuck. He couldn't say a word.

"Then pay attention to your identity in the future. Lu Yi's fingers tighten again. If you dare to say anything more to her, believe me, I will definitely pinch you to death. You can marry your woman, but don't cuckold me."

Lu Qin hurriedly shook off Lu Yi's hand and panted heavily.

"Big Brother, you can rest assured. There was nothing between me and that woman in the past. There's nothing now, and there won't be anything in the future. Besides, I'm about to get married. Naturally, I won't be stupid enough to do such a thing."

Lu Yi turned around and stopped beside Yan Huan.

"Yan Huan, have you decided?" He lowered his head and asked Yan Huan.

Yan Huan hesitated for a moment. Maybe she was thinking, or maybe she could say it, or maybe she would go back on her word in the next second.

She raised her face and reached out to pull on his clothes. "Yes, I've decided. I don't want a scumbag in the Lu family, so I'll take you. Don't worry." She smiled abnormally brightly at Lu Yi, but in the eyes of others, it might be a forced smile, the curve of her red lips was surprisingly beautiful. "Although I'm not a good person, I have my own principles. I also have my own bottom line. Don't worry, I won't cheat on you."

"If you work harder and she tugs at the corner of Lu Yi's clothes, I might fall in love with you and be completely devoted to you."

"Also..." Yan Huan turned around and asked Old Master Lu.

"I want to marry him first. I've done something stupid once, so I won't do it again. I have no use for the Lu family's trust here."

Old Master Lu was about to regret it. He was still unwilling to sell his grandson, but he was directly angered by Yan Huan and exploded.

“Lu Yi,” old master Lu called out Lu Yi’s name.

“Marry her immediately.” She pointed at Yan Huan with trembling fingers. “Marry him immediately and get married to her. Let him give birth to our Lu family’s child. Only this face can be seen. treat her like a pig.”

This was the first time Yan Huan felt that old master Lu’s style was so humorous.

However, as soon as Old Master Lu finished speaking, he also reacted. What did he say just now? Did he sell his grandson?

He really sold it.

Sold it?

Sold it?

Sold it..

And Lu Yi’s mother... really fainted.

Old Master Lu was so angry that his face twitched, but there was nothing he could do. He could only snort, snort, snort, snort, snort, Snort. Even if he had 10,000 unwillingness in his heart, even if he rolled his eyes and killed Yan Huan.., in the end, Yan Huan still had to become the daughter-in-law of his most valued grandson, which was also his granddaughter-in-law. And this grandson was sold by him.

“That’s good.” Yan Huan pulled Lu Yi’s sleeve.

“Let’s Go and get the certificate now.” When she walked in front of Lu Qin, she smiled smugly. “Lu Qin, remember, you have to call me sister-in-law in the future.”

Lu Qin’s face was cold, but he did not reply

At this moment, the way he looked at Yan Huan was as if Yan Huan had come from somewhere stupid. That kind of stupid, that kind of idiot.

Yan Huan also looked back at him with a look of provocation as if he was an idiot. He pulled Lu Yi and left. As for how to deal with the matters inside, that was their business. After her business was done, she would leave with success.

After they sat in Lu Yi’s car, Yan Huan and Lu Yi stared at each other for a long time.

Lu Yi also turned his head. The two of them stared at each other for a long time. Suddenly, Yan Huan reached out and hugged Lu Yi’s neck.

“Did I act well? Did I make you, a woman who was abandoned, sound like flesh and blood? It makes people feel uncomfortable and cry when they hear it. Don’t you think you should give me a small Golden Man Award?”

Lu Yi helped her fasten her seatbelt and then removed her arm from her neck.

“Sit properly. Be careful not to bump your head.”

Yan Huan could only sit properly. She had been acting as a resentful woman in the palace for a few days, and she felt that her face was going to be stiff. Moreover, she had to face Lu Qin’s pig-like face every day, as if she would die if she left him. How should she put this feeling? She had not eaten properly these past few days. She must have lost weight.

“Where are we going now?” Yan Huan asked Lu Yi. She came out immediately and did not return.

“To take photos.” Lu Yi had already started the car and brought Yan Huan away.

“Take photos? What Photos?” Yan Huan blinked her eyes, not understanding.

“Take a photo and get the certificate.”

Yan Huan suddenly thought of something and hugged Lu Yi’s arm. “We really have to go.”

“Yes.” Lu Yi suddenly focused on driving again. At the same time, there was an empty space for her to adjust her hair. “Sit properly. We’ll be there in a while.”

Yan Huan sat down and took her bag. Then, she took out a powder box from her bag and looked at herself in the small mirror for half a day. “It seems alright. Do you want to put on some makeup?”

Chapter 1434: her poor son

She turned around and asked Lu Yi, “Can you put on makeup for a photo?”

“Yes,” Lu Yi had hired a professional to take the photo. Not to mention putting on makeup, even if she turned into a ghost, she could still be photographed. Of course, it was impossible for best actress Yan to turn into a ghost, best Actress Yan always paid attention to her image no matter what. Of course, it was also what others called her smelly beauty. Although she was outdated, she could still be called best actress Yan.

Many people knew that the best actress Yan loved to be beautiful. Moreover, the best actress Yan was very beautiful. This was something that many people knew.

Lu Yi brought Yan Huan to a special studio.

When they saw Yan Huan, they were indeed very amazed. However, in the end, they still greeted him in a very cultured manner. They did not drool like a flower addict.

Instead, they took photos of them seriously.

The photos came out very quickly. They could almost get their hands on them on the spot.

Yan Huan took the photos and looked at them for a long time. Yes, the photos were really well taken. The men were handsome, the women were beautiful, the combination of handsome men and beautiful women. In the future, the children’s genes would definitely be very strong.

Lu Yi brought her to another place. Then, those people asked them a few questions.

Yan Huan answered them very seriously.

After that, they sat for a while. Yan Huan also wrote down her name on the things that she had to sign. Later on, the Red Book came out.

It was so fast. Yan Huan took the marriage certificate and flipped through it one by one. The red book was so festive.

“Let’s go.” Lu Qin held Yan Huan’s hand tightly. Who said he wasn’t excited? Of course he was excited because his palms were sweaty.

.....

Yan Huan put the marriage certificate in his bag.

Both of his hands held Lu Yi’s hands. “Where are we going to celebrate?”

“We’re going home to apologize.”

Lu Yi turned around and reached out to knock Yan Huan’s forehead. “Continue acting.”

“I’m not acting.” Yan Huan didn’t agree that she was acting. “I’m being sincere. I’m using my life to explain my life.”

“Okay, using your life to explain your life.”

Lu Yi went along with her words. If she said that she was explaining her life, then she was explaining her life.

As for the Lu family, when Ye Shuyun slowly woke up, they had already lost all hope in life.

Especially when she heard that old master Lu had already agreed, she fainted again.

Life was cooked rice, wood was already a boat, and the daylily had also gone cold. Her son had been sold.

“Where is he?” She asked Lu Qin.

“He went to cultivate his feelings, right?”

Lu Jin did not know what to say, so he could only sigh.

Their son still walked on this path empty-handed.

This path was sold by his biological grandfather.

Who did he offend?

Ye Shuyun started crying on the quilt. The more she thought about it, the more she cried, the more upset she became. The more she cried, the more upset she felt. It was as if she wanted to strangle Lu Jin to death.

“It’s all your fault. It’s all your fault.”

Ye Shuyun pounced on Lu Jin. Her hands were really on Lu Jin's neck, "It's all your fault. If your father didn't sell my son, would my son be able to marry someone else now? Why would he sell himself to a woman like this?"

"My Lu Yi, my son..."

She cried so hard that the people outside couldn't bear to look at her.

"Cry." Lu Jin reached out and stroked Ye Shuyun's hair. "You have to smile when you see them in the future. Your son is already in pain now. Don't rub salt on his wounds anymore."

Ye Shuyun thought of her son's miserable life for the rest of his life. She lay on the quilt and cried for her son who had been schemed against by her grandfather.

Her poor son.

However, the poor son she was talking about was the wife who had received her marriage certificate. At this moment, when the light from the outside fell on his body, one could feel the warmth.

Who said that this wasn't Good? How could this not be good? It couldn't be any better.

This was the third time Yan Huan had come here. Of course, it was also what Lu Yi had said. In a show, one had to act the whole thing. But here she was again. She sat on the sofa of the Lu family and looked around indifferently, because Yan Huan had taken away the clothes and furs, Qin Xiaoyue had forced her son to be beaten by the old man. Now, she looked at Yan Huan as if he was her enemy, she wanted nothing more than to burn a hole in her body.

Yan Huan nonchalantly picked up the cup on the table and placed it by his lips. He also took a light sip. On his finger was an extremely large diamond ring. And this ring., made Qin Xiaoyue extremely envious.

She thought to herself, this little B * Tch really hid it well. She had already bought a ring. She didn't just buy it recently, right? She had bought it in the past, but she didn't want her to know about it. She just wasn't willing to give it to her, right?

Calling her a B * Tch was really a B * TCH.

Yan Huan's gaze also swept over Qin Xiaoyue indifferently. Naturally, he also noticed Qin Xiaoyue's gaze that was glued to his ring. It was so obvious. It was as if she was eating someone. Why., did he think that she would give all of this to him unconditionally like in the past?

In the past, she loved Lu Qin. But now, Lu Qin was trash in front of her. And she, Qin Xiaoyue, was naturally trash amongst trash.

On the other hand, Yan Huan deliberately revealed the ring on his finger. The bet was to show it to Qin Xiaoyue. It was also to make Qin Xiaoyue jealous.

"Why? Don't you have anything to say?" Yan Huan turned to Lu Qin.

"What else is there to say?" Qin Xiaoyue immediately stood up. "Didn't old master give Lu Yi to you? Take whatever you want."

When Ye Shuyun and Lu Jin heard this, their faces turned ugly.

Old Master Lu took Lu Yi to pay off Lu Qin's debt because he was afraid that Yan Huan would make it so that the net would be broken and there would be no end to it. They were not very willing to do so in the first place, but it was good that Qin Xiaoyue had said such a big thing in front of them.

This was not a slap to their faces, but a stab to their hearts.

This kind of pain almost made ye Shuyun want to divorce Lu Jin and leave this place with her son, how could second brother's child make a mistake and compensate the eldest brother's child to someone else.

First, he had followed his cousin, and now, he had followed his cousin. If this was known by others, where would they put their face? No, they would have lost their face long ago.

But this was what the old master had said. The Old Master had sold his own grandson.

At this moment, ye Shuyun found Yan Huan more and more unpleasant. In the past, she did not feel that hateful, but she had been led astray by Qin Xiaoyue. But now, she was not being led astray, but was trying to destroy her son.

Lu Jin held her hand tightly and shook his head at her. He was afraid that her temper would flare up. What if he went up and hit her?

To put it bluntly, there was nothing wrong with Yan Huan.

Chapter 1435: creating a sense of existence

Was Lu Qin good at deceiving people? He had spent their money and cheated people of their popularity. Now, he wanted to kick them away and marry someone else. Shouldn't he compensate them?

However, no matter how much he compensated them, it should be their second brother's family's matter. What did it have to do with their eldest brother's family? How could he compensate them for his son.

However, no matter how angry they were, how resentful they were, and how unwilling they were, they could not beat him out here.

Otherwise, if Yan Huan really said something, then their Lu family's hopes might be damaged. If it was serious, then their Lu family's hundred-year-old foundation would be destroyed here.

How could they not know how much harm people said to a person? The more famous a person was, the greater the fatal blow they would face if there was a scandal.

Old Master Lu couldn't afford to lose this reputation. Could it be that Lu Jin could afford to lose it? Lu Jin's reputation, which he had worked hard for his entire life in the army, was about to be lost. Lu Yi, on the other hand, could afford to lose it. He was a prosecutor.

He was extremely famous in this line of work. The more famous he was, the more people he offended.

If he was schemed against in his work because of Lu Qin's scandal, then who was to blame? who was to blame if something happened.

Yan Huan put down the Cup and stood up again. Alright, she had enough of her presence. She would continue tomorrow. She gently brushed her hair, "My temper isn't good right now. Maybe it's because my menopause is about to change, and my patience is also very limited. Lu Qin, you better wipe your butt clean. I don't want anyone to know anything when I come here again. It doesn't matter to you, but think about your Mengni."

She took her bag and walked out. This was obviously to anger Qin Xiaoyue and Lu Qin. Of course, she was also telling ye Shuyun this cruel truth. She would still be in the Lu family, but she would change her identity.., of course, there were some things that they had to keep their mouths shut. Otherwise, she wouldn't be at a disadvantage.

Of course, she wasn't afraid that the Lu family would go back on their words. The rice had already been cooked.

What she wanted was for Lu Qin and Qin Xiaoyue to keep their mouths shut. It was also to recognize her current identity. She was still Yan Huan, but she was Lu Yi's woman, not Lu Qin's. And now, of course, they had to get used to it first, they did not want to give her any more clues.

She was used to losing face, but she did not want Lu Yi to lose face with her.

.....

Of course, she wasn't afraid that the Lu family would kill her now and eliminate any future troubles.

She had to have this bit of confidence. Otherwise, she wouldn't have been so bold as to swagger in and out of the Lu family.

Qin Xiaoyue was going to scold him when she saw him leave, but when she saw the face of her boss's family, she didn't dare to say anything anymore. She quickly left with her tail between her legs.

"Lu Qin, you're the one who found me. You Settle it yourself."

Lu Jin directly threw out a sentence. It was impossible for him to make his son take the blame for this crime. His son would definitely not marry Yan Huan. It was just that he didn't know people. His son was really too obedient.., lu Cai did whatever grandfather Lu said. After getting the certificate and getting married, he became someone else's.

As for Lu Qin, when he heard Lu Jin's words, he was immediately stunned. Even his shoulders were a little stiff. How was he going to resolve this.

When Lu Yi returned, there didn't seem to be anything special. Just like before, he went to work as usual and left work as usual. Compared to the other people in the Lu family, he was obviously much simpler.

"Lu Yi, come with me for a moment."

Lu Jin called out Lu Yi's name and turned around to enter the study room.

Lu Yi put down his briefcase and followed him. He closed the door and saw Lu Jin sitting there. It had been a long time since he had had time to be so strict.

"What are you going to do?"

Lu Jin asked Lu Yi, "Your grandfather said that he was going to compensate your grandson to him. Your mother and I have no idea what to do now. Think of a way to escape yourself."

"Then compensate him." Lu Yi found a place for himself to sit. It turned out that he had prepared this long conversation with Lu Jin.

"Compensate?" Lu Jin's eyes widened. "Who do you think I'm going to compensate? I'm going to compensate you, Lu Yi. Your Grandfather sold you out."

"Who else am I going to compensate?" Lu Yi asked Lu Jin indifferently.

"Compensate Lu Qin?"

"Yan Huan can take a fancy to him now, unless her brain is stuck in a door."

"Compensate Qin Xiaoyue." Lu Jin casually crossed his legs.

"What do you want her to do?" Lu Jin felt that Fang Yanhuan was not a fool. "What do you want Qin Xiaoyue to do? She can eat, play, and be a servant."

"Kick her."

Lu Yi thought through Yan Huan thoroughly. Yes, she wanted Qin Xiaoyue. What did she want to do? Kick her. She would kick her every day. She could even be a punching bag. What else could Qin Xiaoyue do besides that?

With her old skin and old face, even if she sold it, no one would want it.

"Enough." Lu Jin didn't want to say these useless words to Lu Yi.

"Your mother can't think things through right now. If things really get to that point, you should persuade your mother."

"Okay, I got it." Lu Yi stood up, pulled open the door, and left.

"Lu Yi..." Lu Jin suddenly called out Lu Yi's name. "Don't you have anything to say, nothing to stop me, nothing to refute?"

"What does dad think I Can Do?" Lu Yi asked Lu Jin in return. "What if this is what she wants in the end?"

Lu Jin was unable to answer.

"Dad, I don't think I'll get married in the future."

Lu Yi turned around. This was probably the first time he had said something like this to Lu Jin, "Fang Zhu and I have been together for more than three years. You know very well how we get along. Maybe I'll get married to Fang Zhu in the future, but in the end, we still treat each other like ice. I'm already thirty years old. Dad thinks that I'll still casually marry a woman in the morning, or treat myself like a stallion, just to have a child."

"That's what you should do." Lu Jin's face turned green when he heard that his son didn't plan to get married. Was he planning to make the Lu family have no children. He dared. If he really dared, he would kill this son right now so that he wouldn't anger the whole family to death in the end.

Lu Yi had already walked out at this time.

Lu Jin had nowhere to vent his anger. He wanted to strangle Lu Qin to death, but he wanted to strangle his son even more.

“How is it?” Ye Shuyun saw that Lu Jin had returned and hurriedly pulled his sleeve, “Have you told Lu Yi yet? But you can’t make him agree to his grandfather’s proposal. Although the old man said it, as long as he is unwilling, no one can force him, right? “Right now, this is the only way we can go.”

“Then he won’t get married for the rest of his life. Won’t he have children?”

Lu Jin turned around and asked Ye Shuyun. His tone couldn’t be more serious.

Chapter 1436: Intrepid

“Ah!” Ye Shuyun blinked.

“Does this have anything to do with it?”

“Shuyun...” Lu Jin had given Ye Shuyun a warning in advance. “If things really develop to that stage in the end, we’ll have to think things through.”

“Then, let my son really marry Yan Huan?”

Ye Shuyun understood Lu Jin’s meaning.

“Yes.” Lu Jin nodded, “Let him marry then. The raw rice is already boiled in the pot and is almost cooked. At the very least, he didn’t force it. Your son has already said that he can marry whoever he wants. It’s fine even if he doesn’t marry. You don’t have to worry about him suffering in his heart.”

“At worst, he can just leave it at home and pretend that you didn’t see it.”

Ye Shuyun’s eyes were still wide open.

Actually, Ye Shuyun really didn’t think too much about it, nor did she think too deeply about it. She just thought that. This was because the people of the Lu family wanted to push her son into the pit of fire. Now, they made her give up and let her accept it. This meant that she had to marry him even if she didn’t want to.

Ye Shuyun almost felt her vision go black. This time, she didn’t even want to say anything.

She only had one feeling, and that was that her son had been sold. There was no hope of struggling anymore.

When Lu Jin saw his wife like this, he didn’t know if he should continue explaining. It was a mess now. What was the point of explaining anymore? Moreover, things were already like this now. They didn’t need to struggle anymore, the raw rice was about to be cooked.

Yan Huan came on time to make himself felt more presentable. Lu Qin and Qin Xiaoyue were much more obedient this time. They sat there and looked at him as if they did not know Yan Huan.

.....

The change in status was not bad, and her thoughts were more aware than yesterday.

Even Ye Shuyun had a black face the entire time.

Yan Huan could only guarantee that he could not do anything about it. This was a path that she had to take. Fortunately, she was not alone. She would have a strong backing, and she believed that he would definitely help her.

Qin Xiaoyue turned her face away. Her hand was also placed on her neck unconsciously. It was as if she was touching something. Was she showing off or was she doing something?

Yan Chun suddenly raised the corner of his lips. Then, she stood up and walked to Qin Xiaoyue. She bent her body slightly and placed her hand on her knees.

She didn't want to spend her time with Qin Xiaoyue. After all, she couldn't afford to pay them back. There was also Lu Qin. It was even more impossible for her to pay them back. She didn't want to think that old master Lu would take on the debt for them, of course, Lu Jin couldn't help pay them back, so she just took it as these things. She raised two dogs that could bite people. She used two hundred million in two years to see the two of them clearly. It was worth it.

But..

She suddenly reached out and grabbed the things on Qin Xiaoyue's neck.

"Do you still want to keep my things forever?"

"I want to take back my things one by one. In the past two years, you've taken everything from me, stolen, and robbed me. There are more than a hundred million of them. You have to spit them out for me. If one of them is missing, I'll kick your son."

As she spoke, she raised her foot and kicked the unresponsive Lu Qin in the face.

This time, it was all his advantage. In the past two years, the popularity that she had worked so hard to accumulate, her everything, her cleanliness, and her sincerity had all been eaten by a dog.

Just one kick was not enough. Ten kicks were shallow, and a hundred kicks would still hurt her feet.

However, she would not give any of her things to Qin Xiaoyue.

"My necklace..."

Qin Xiaoyue was about to grab it when Yan Huan slapped her again.

"This is to thank you for hitting me in the past. I'll return it to you now. You have nothing to do with me now, I'm the one who hit you."

Lu Jin reached out to cover his face. That's right, he would not admit that he was smiling.

Even Ye Shuyun was dumbstruck. In her impression, no, in all her impressions, Yan Huan was a young lady. She was noble and beautiful, in particular, she created many beautiful figures, many of which couldn't be surpassed by others. And this was the first time she saw Yan Huan like this. He kept calling her 'mother', but she was actually so Intrepid.

“Your hands are dirty.” Yan Huan shook her hands and swaggered over to stand in front of Lu Yi, “Let’s go. Let’s talk about our matters. It’s not useful to run away. I Won’t Let Your Lu family off easily.” Then, she turned around and left. Lu Yi waited for a while before following her.

No one could tell what she looked like. It was either anger, disgust, or something else. No one could guess.

With a bang, the door to the room was slammed shut. Just when everyone thought that it would soon be a world of ice and snow, Yan Huan was pressed against the door by Lu Yi. In that instant, her red lips were sealed, a light sigh escaped from her mouth.

“Did I perform well?” She leaned against Lu Yi’s neck and begged him to be obedient.

There was no awkwardness to be seen. Lu Yi carried her up and let her sit on his lap. Then, he took off her high heels and touched her face. It was still quite cold. Was this woman a cold-blooded animal, why had he never seen her body warm before.

“Why don’t you wear warm shoes on such a cold day? Why do you have to show your feet?”

“Warm shoes don’t have any aura.” Yan Huan shook her feet. “And warm shoes don’t hurt when you step on them. She made me suffer so badly. If I don’t hurt them, how can I let my feet down?”

Her feet were as cold as ice. Beauty came at a price, and revenge came at a price.

“I feel like your grandfather knows something.” Yan Huan leaned on Lu Yi’s shoulder and put her hand on his chest. She also reached into his clothes and warmed her fingers. They had only played for a while, her hand turned cold. Otherwise, she would have wanted to play for a while more.

“Whether he knows or not, he has already agreed.” Lu Yi held Yan Huan’s other foot. After this foot warmed up, there would be another one later.

“Are you coming over to accompany me tonight?” Yan Huan pretended to be pitiful. “I’m living alone in the cold.”

“I can’t do it recently.” Lu Yi pinched her face. “Bear with it for a few days. Wait for the matters here to be settled. Also, best actress Yan has to memorize the entire set of acting notes. Be More Professional.”

“I got it.” Yan Huan rubbed his face against his chest again in satisfaction. She had already acted enough. It was because she missed him, and she had not told her that she would not be staying here for a few days. She might have to return to the production team again, she still had to return to shoot that movie. No matter what, she had to finish it. After this movie was finished, she still had to clear her name.

She leaned on Lu Yi’s shoulder and closed her eyes for a while. Lu Yi did not disturb her and just hugged her quietly. He coaxed her and accompanied her.

“Okay, come over later. Remember to bring the list.”

Chapter 1437: Getting Things

“Okay, Miss Yan, I got it.” The assistant hung up the phone and found a list in the cabinet. It was Yan Huan’s jewelry, and it was very neat and tidy.

When Yan Huan was at the Lu family, Qin Xiaoyue had taken all her jewelry. Yan Huan might not remember how many pieces she had, but the assistant was smart enough to remember every piece clearly, this was because all of Yan Huan's items were extremely expensive. She was in charge of Yan Huan's financial records. Therefore, she had records of all these jewelry, including their color, brand, and characteristics.

In the afternoon, her assistant came over.

Qin Xiaoyue was currently serving her son at home. Lu Qin had been beaten up worse than a pig. His entire face was now swollen, and the wounds on his body were all torn and bloody.

If Old Master Lu attacked, he would really beat him up. Not to mention Lu Qin, even his favorite grandson, Lu Yi, had been whipped many times. Every time, his skin was badly mutilated, and the surface of the whip was covered with barbs, not only did the whip leave a bloody wound, but some flesh and blood had also been taken out by the Whip. It was as painful as cutting flesh and blood, not to mention Yan Huan had even kicked him a few times. Initially, it was better, but after being kicked, he lay down again.

In the past, she was still thinking about how old master Lu could have beaten Lu Yi to death, but when it came to her son, she could not smile anymore. She did not know how long it would take for his wounds to heal, also, her son was an actor. He relied on his livelihood. If his face was damaged, what would he do in the future? How would he continue to Act? How would he become a best actor?

She had asked the doctor more than once if Lu Qin's face would be fine and if his face would be disfigured.

The doctor told her that it was his back and not his face. Naturally, his face would not be damaged. Although his face was swollen, it did not have any external injuries. As long as the swelling subsided, he would be fine, it was impossible for his face to be swollen all the time.

Lu Qin was also in terrible pain. He had always been delicate and delicate since he was young. He did not need to suffer such serious injuries. He did not even have any minor injuries. He loved himself the most. How could he let himself get hurt.

Even when he was filming, he could always use a stunt double. Every part of his body was delicate and tender. The injuries on his body might not even be as severe as Yan Huan's. Yan Huan's injuries were the real thing, she had never used a stunt double in filming. She had to do everything herself. Otherwise, how could she have grown so quickly? In just a few short years, she had started filming when she was nineteen years old. By the time she was twenty-two years old., she had already filmed more than five television dramas. Almost all of them had been shot with her life.

Moreover, the viewership ratings were quite high. That was why she had won the Best Actress award in China at such a young age. If she had not met Lu Qin, she would have wasted her career., in the past two years, she had not acted properly. She had also not protected her image well. She had taken on some lousy films, making others think that she was outdated. Otherwise, if she had expanded, the 25-year-old her., perhaps her career was at its peak now. It was a pity that this cabbage that could not be considered good had been taken over by that pig, Lu Qin.

Suddenly, a flurry of footsteps came from outside.

Qin Xiaoyue hurriedly came out and saw that it was Yan Huan's assistant. He was taking something outside, and it was in her room.

.....

"What are you guys trying to do?" Qin Xiaoyue suddenly screamed.

She was about to push them away, but two staff members had already pulled her up.

"I'm sorry, Ms. Qin. I'm here to take Miss Yan's things." She took out a list and threw it in front of Qin Xiaoyue, "These are the things you took out from my Miss Yan. Their market value is over 100 million."

"Miss Yan will have to take back all of these things. Oh right, these furniture were also bought by Miss Yan with her own money." "Miss Yan said that even if these were lost, she didn't want to stay here."

After saying that, the assistant opened the drawer of the dressing table. Qin Xiaoyue had this hobby. She was different from others. Others wished that they could hide these things because they were too expensive. They were afraid of losing them, afraid of bad things.., they were afraid of being stolen.

However, Qin Xiaoyue was different. She wanted the others to know what she had. Therefore, those expensive things were placed on the surface. She would also put them on her dressing table.

She would take a look at them every day and carry them with her. Only by looking at these things every day would she be able to fall asleep.

Of course, Yan Huan also knew about this. Otherwise, she might not know how much effort she had to put in to get her things back. If she couldn't find a place to hide them, Qin Xiaoyue's greedy personality.., if this thing was in her hands, how could she possibly get it back.

It had to be said that after two years of living, Yan Huan had roughly grasped Qin Xiaoyue's personality. However, Qin Xiaoyue might not know Yan Huan very well. To be honest, this woman, Yan Huan, was not a good person, moreover, she had never been soft-hearted towards her enemies.

The assistant searched through the list one by one. Almost all of Yan Huan's things had been taken. Yan Huan liked these things very much, so he loved to buy them, perhaps every woman could not resist the temptation of jewelry. Therefore, whenever Yan Huan went to a place in the past, she would buy these things for herself. She was not too keen on branded clothes, however, she liked these things. Therefore, other than the fixed deposit in the bank, her family's assets were these jewelry. Except for the ones she had hidden in the safe later on.., almost half of them were with Qin Xiaoyue.

Her assistant took them one by one, and every time she took them out, Qin Xiaoyue's heart was bleeding.

"This is mine, mine..." she was almost rolling and crawling, not letting anyone touch her precious jewelry. She had saved all these with great difficulty. After Lu Jing was gone, she didn't even have a house, it was not easy for her to raise Lu Qin by herself. Now that she had saved so much furniture, these were her life.

"This is robbery! This is robbery!" Her eyes were red, and she was on the verge of breaking her teeth. Her mouth was also wailing.

The assistant counted the items one by one.

“Miss Qin, you don’t have to worry.” She was still very polite, and her smile was sweet. However, it was enough to make Qin Xiaoyue vomit blood from anger.

“I just put Miss Yan here. I Won’t touch anything else. You can trust the financial resources behind Miss Yan. She Won’t take a fancy to your inferior products.”

Qin Xiaoyue’s throat was stuffy, and her mouth was also howling.

Chapter 1438: Accept Your Fate

The assistant was overjoyed. No one knew that every time she found out that Qin Xiaoyue had taken Yan Huan’s things as her own and brought them into her room, she was so angry that she wanted to vomit blood. Every time she took them.., she wanted to vomit blood. If this continued, if the gemstone was taken away, she thought that she would definitely vomit blood and die.

Now, she could finally raise her head and vomit blood. Even if she did not raise her head and exhale, she could still raise her head and puffed out her chest.

Right, she walked into another room and saw a man who looked like a pig’s head lying inside. He was sleeping like a dead pig. What do you want to do to my son? Qin Xiaoyue ran over as if she had gone mad, she directly pressed on Lu Qin’s body. As a result, Lu Qin’s face turned green. His face also turned green. The assistant’s gaze fell on the place where Qin Xiaoyue was pressing on.

Was this mother going to press her son until his roots were broken?

Carry this away carefully.

The assistant commanded the people at the side to carry the three-meter-long fish tank carefully. This was an ecological fish tank. Even water was not needed to be changed, and the fish in it did not exist in the first place. The species of fish was very unique, it was impossible to see it on the market. There were also beautiful ones with big eyes. Even the fish tank was military-grade. Even if you smashed it with a hammer, you would not be able to break it open. It was a completely enclosed design, yan Huan had spent a high price to buy this fish tank back then. Even the fish were transported back by air. Don’t look at these few fish tanks. There was also such a broken fish tank. The market price was tens of millions.

It was not that the Lu family did not have money. It was just that the Lu family would not spend so much money on a few fish. However, Yan Huan was different. She liked these things. In the past, she did not dare to buy anything because she was poor. Later on, after she became famous, she liked to make these things. This fish tank was one of them. It was Yan Huan’s favorite thing.

These fish were also good. They had never raised a dead fish and were still alive. Of course, they were very smart in breeding fish. They blinked their big eyes and were very good at acting cute. They had a special sense of humor, people could not help but laugh.

Not long after, Ye Shuyun and Lu Jin sat together and watched as the assistant moved in one thing after another.

The assistant placed a box of jewelry on the table,

“Miss Yan asked me to send this to Mrs. Lu. Miss Yan said that this was used by Qin Xiaoyue. She dislikes it. If Mrs. Lu wants it, you can keep it. If you don’t like it, you can throw it away.” Ye Shuyun’s face was stiff, she liked jewelry, but how could she accept such expensive jewelry? She was afraid that she might accidentally break her hand?

And she was still angry. She didn’t want these at all. These were all bribes. She had sold her son to get them. She didn’t want them.

“And these,” the assistant said. They were all vases that Yan Huan had collected.

.....

“Mr. Lu, if you like them, you can put them on display. If you don’t like them, you can use them to grow flowers.”

The corner of Lu Jin’s eyes twitched. Of course, he wanted to use antiques to grow flowers. However, when he saw Ye Shuyun’s cold face, he did not dare to move.

It had to be said that Yan Huan was indeed rich and generous. He had always been very willing to spend money. However, the members of the Lu family kept a low profile. Under normal circumstances, they would not buy these things.

In the union, the assistant carried a three-meter-long large fish tank in.

“This is Miss Yan’s favorite fish,” the assistant touched the fish tank, “However, Miss Yan said that she doesn’t want to keep this fish in the future, but she can’t bear to part with it. No matter what, it’s still a life. She doesn’t want Qin Xiaoyue to boil it into fish soup, so she let the two of you keep it first. If you don’t want to keep it, you can boil it into fish soup.”

“Also...” the assistant took a box from a staff member.

“There are ten sets of cosmetics here. They were given by the company when Miss Fang was endorsing last time. Miss Yan doesn’t need these. Madam can use them as a favor. If you don’t use them, you can just throw them in a box and smash the fish with them.”

As soon as she died, the fish in the fish tank hid in the rockery with a whoosh. Therefore, Yan Huan always felt that these fish had become smart. These fish had become smart, one by one, one by one, they became smarter than the other.

When the assistant left, Ye Shuyun looked at this and then at that. Then, she asked Lu Jin, pursing her lips. There was still some sarcasm in her words. “What should we do? has your future wife made friends with us?”

“I like this.” Lu Jin touched a few vases and this. It suited his taste.

Ye Shuyun’s face grew longer. “Lu Jin, listen carefully. If you dare to be bought over so easily, I’ll make you pay.”

“What do you think I Can Do?” Lu Jin was also helpless, “The old man personally agreed, so I can still object. Do you not want to live anymore? It’s been a long time since I’ve been beaten up by my old man. Besides, look at me, I’m so old. Even if I flatter you, do I still have any face?”

Lu Jin really liked these things. He wanted to keep flowers for himself.

“Besides,” he turned around and placed his hand on Ye Shuyun’s shoulder, patting her gently.

“Don’t you know Lu Yi’s personality? “It’s already good enough that he can marry a wife with that kind of personality. Back then, when Fang Zhu looked like that, you didn’t dislike her at all. Fang Zhu was that kind of person, and he even said that he would give birth after thirty years old. What if he can’t give birth? Look, how are you going to carry a grandson? No matter how Yan Huan is, he’s at least young and beautiful. The children he will give birth to in the future will definitely be beautiful too.”

“But the old man forced him to do it.”

Ye Shuyun thought of her son and hated him in her heart. What kind of grandfather would force his grandson to marry a woman like that.

“Sigh...” Lu Jin sighed. “You think too little of your son. If he’s unwilling, there’s no one in this world who can force him to do it.”

He also wanted to add in his heart that a hero couldn’t overcome a beauty. It turned out that it wasn’t that Lu Yi didn’t like women, but that he liked beautiful women.

Of course, he didn’t dare to say that.

Ye Shuyun wouldn’t listen to him no matter what. Of course, Lu Jin wouldn’t say anything nice about Yan Huan to her. Ye Shuyun was a tolerant woman, and of course, she was also a protective person. As long as Yan Huan was a member of their family in the future.., no matter what, she wouldn’t give Yan Huan any face. Instead, she would protect her

Ye Shuyun was currently thinking about her son. Just like what Lu Jin said, with just a single order from Old Master Lu, raw rice was cooked. Moreover, thinking about it, what Lu Jin said wasn’t unreasonable.

Yan Huan was very young, only 25 years old. Fang Zhu was already 30 years old, and they had grown up together. She really didn’t dislike him. Naturally, she wouldn’t dislike Yan Huan’s appearance. It was just that she still couldn’t get past her.

Chapter 1439: The 1353rd Octopus had become a third wheel

Perhaps in the future, if Yan Huan really gave birth to a grandson for her, she would be able to treat her a little better.

No, she shook her head. She would never like Yan Huan in her lifetime.

Meanwhile, she narrowed her eyes.

Then, she pointed at the big fish tank in front of her and asked, “What should we do with this?”

“There are tens of millions of fish tanks. What if Qin Xiaoyue can’t get over it and breaks the fish tank?”

Although she didn’t like that woman, she felt that the fish was quite cute. She couldn’t bear to part with the fish.

Lu Jin was also worried about this. This was something that Qin Xiaoyue would definitely do. That woman was eager for others to not share her misery.

“Send it to the Liuyuan Garden.”

Lu Jin thought about it. It was indeed not good to stay here. If these things were sent to the old master, the old master would probably like them.

On the same day, Lu Jin found a big truck and nailed the three-meter-long fish tank onto the wooden frame to prevent it from being knocked over. The fish in the tank were also filled with water. It was a natural scenery, no matter what, it would not be messed up. Therefore, the fish tank was expensive. Naturally, there was a reason why it was expensive.

However, it was too exhausting to pull it. Because it was too heavy, people could not lift it up. In the end, they had to let the crane come over. They had to be very careful. Only then did they move it onto the truck. Of course, when they moved it down, it would be the same trouble.

In the end, the fish tank was safely sent to the Liuyuan Garden.

When the huge fish tank was carefully carried out from the truck and placed in the Liuyuan Garden, a large wall occupied a few stations. The big-eyed fish inside might have been replaced by a new landlord, in an instant, he swam around happily. After a while, he got used to it and began to spit bubbles as if there was no one else around.

.....

“Dad, I’ll leave it with you first.”

Lu Jin touched the fish tank. He actually liked it too. He just didn’t dare to leave it with his family. He was afraid that it would be smashed and the fish would be eaten.

“Leave it with Me First?” Old Master Lu raised his eyelids. “What do you mean by leave it with Me First? Do you think I’m a trash can where everything is thrown away?”

“Dad, this is fate after all. Although Yanhuan is annoying, the fish are innocent, right? Just leave it here for a few days,” Lu Qin continued to explain. He was afraid that old master Lu would be unwilling and he would have to find a place to put it.

Old Master Lu snorted. “Fine, I’ll let it go. But this will be mine from now on. If you want to take it away again, no way.”

This was a robbery. Lu Jin couldn’t help but laugh bitterly. “Dad, this is Yan Huan’s.”

“So What? I like it.” Old Master Lu finally stopped pretending. He teased the fish through the glass. Surprisingly, the fish were not afraid of him at all. They all swam towards him, they were very friendly. In fact, he had heard of them from the beginning.

Yan Huan kept dozens of extremely expensive fish, and these fish were intelligent and very smart.

He didn’t believe it in the past, but after seeing it today, it was true. These fish were all smart, and he liked them very much. If they weren’t smart, he would have scooped one out and boiled it for soup.

The fish continued to spit bubbles. Old Master Lu looked at the fish with a smile and even talked to them. Finally, some living things came to the house.

“Actually, that girl isn’t bad either.” Old Master Lu spoke without any personal feelings. Although he hated Yan Huan, the fact was that he couldn’t defame her, but he would still raise her up, perhaps he had taken her mercy. At least, he could put in a few good words for her.

“Lu Yi marrying her isn’t bad either. At the very least, he has a wife. In this era, it’s already good enough to be able to marry a wife. You should be more open-minded.”

“Dad, you’re right,” Lu Jin quickly replied and also flattered the old man, “The salt you eat is more than the rice we eat. Is this going to work? Your eyes are bright. If you say it’s going to work, it’s definitely going to work. You say that a good child is a good child.”

As expected, the old man still needed to be coaxed. He was immediately happy and went to talk to the fish again. The fish on this side of the wall had big, colorful eyes and their bodies were glowing. They were really beautiful and tight.

Old Man Lu only found out about some things at night. Of course, it was also a surprise.

“Chief, your fish...”

The security guards ran over hurriedly. They were all frightened.

What’s wrong with my fish? The old man quickly stood up from the recliner and ran out without even putting on his shoes.

“What’s wrong with my fish? Is My Fish Dead? Do you want to drink fish soup? “Kill my fish. If one of my fish dies, I’ll fight you to the death. I’ve counted 27 fish in total.”

However, when he arrived at the living room, he was shocked.

Inside the large fish tank that occupied almost half of the wall, it was so beautiful that it felt like a dream. It was simply a mysterious ocean.

The big-eyed fish in the tank seemed to be glowing. Wherever they swam, the light would go. They even swam to the bottom of the fish tank for further study, they could also see the fine sand and smooth stones on the bottom of the fish tank.

At this moment, the lights in the living room were not turned on, but the entire living room was illuminated as if it was daytime.

“Chief, your fish...” the guard pointed at the fish. “Look, the fish has become a light bulb...”

“What’s wrong with Dad?” Ye Shuyun was quite nervous. “Are you asking us to go there in the middle of the night?”

“I don’t know,” Lu Jin comforted Ye Shuyun, then said to his son who was driving in front, “Lu Yi, drive faster. By the way, have you contacted Yi Bin? If your grandfather is really unwell, tell him to get ready as soon as possible.”

"I've already contacted him." Lu Yi had just returned from work. Before he could even contact Yan Huan, his parents pulled him over and asked him to bring them to the detention center. They told him that something had happened there.

"I think we should contact the cemetery. We have to get the burial clothes ready."

Lu Jin was a little overwhelmed. Oh right, his father was definitely going to be buried. He would just bury him at the detention center. Since the detention center was a big place, it was fine to bury him there.

The corner of Ye Shuyun's eyes twitched.

Was he still a son?

Why did people want their father to live? He was so good that he began to think about the old man's funeral.

When they arrived, they saw old master Lu sitting in the living room. Even the guards were standing quietly at the side.

Old Master Lu looked ruddy and energetic. He was also holding a teacup and sipping tea quietly.

"Oh, you're here." Grandfather Lu pointed to the seat next to him. "Take a seat first."

Lu Jin was about to ask something, but Ye Shuyun quickly tugged at his sleeve to shut him up. If he didn't say something to him later, dad, if he was cremated or buried.., she believed that grandfather Lu would throw the Teacup at him later.

Chapter 1440: could not be taken away at all

"Is this fish good-looking?"

The father and son raised their chin and pointed at the three-meter-long fish tank. It was a whole wall, and the fish inside were swimming happily.

"Is it good-looking?" He asked again,

"Yes," Lu Jin naturally gave his father face. This fish was really good-looking. If he was not afraid that Qin Xiaoyue would smash it, he really did not want to send it over. It was a loss for Yan Huan to be able to buy such a big fish tank. When he came over, he was envious but didn't dare to buy it. If he bought it, his father would definitely beat him to death.

"It looks good." Ye Shuyun was a little fascinated by it. Each of these fish was unique and the color was new and bright, just like jewelry.

"En." Lu Yi was not stingy with his praise, but his grace was already an affirmation of the fish in the past few days. Yan Huan's taste had always been very good, to the extreme, she herself was very profitable, so she had always been willing to part with it. She had said at that time that she would definitely get the fish back.

She just didn't expect that the fish would be sent to her grandfather.

It could be considered unintentional, but her grandfather liked it very much.

The old man poured a cup of tea for his own fish. My fish is really good-looking.

In his heart, Lu Jin really wanted to say that his father was really too shameless. It was clearly him who sent the fish here, but it wasn't old man Lu's fish.., this was Yan Huan sending off his future father-in-law, okay?

But in the middle of the night, he didn't let them sleep and called them all here. Could it be that old master Lu was on a whim and asked them to come over to see the fish.

They had all seen the fish.

What was there to see?

.....

Old Master Lu gave the guard a look, and the guard immediately understood. He directly reached out his hand and pressed on the light switch, and then with a bang.., when the entire living room fell into darkness, almost everyone was shocked.

"Oh my God, this is too good-looking!"

Ye Shuyun hurriedly ran over and pressed her face against the glass. This was the first time I saw a fish that could emit light. When I looked at it during the day, I knew that this fish was good-looking, but when I looked at it at night.., it was simply too magical. It was like a fairytale world.

"Dad..."Lu Jin regretted it. He really regretted it. "Can I take this back tomorrow?"

Old Master Lu rolled his eyes at him. Did he dare?

Lu Jin immediately cowered. He didn't dare. How could he dare? He was snatching food from Old Master Lu's mouth.

"Then can you give me one?"

Lu Jin discussed with his father again if he could only have one. Then, he could make a small fish tank. That night, he only watched over this one fish.

"Dad, these fish live in groups,"Lu Yi reminded Lu Jin, "They're not easy to raise. They can only be raised with this special full-ecological fish tank. The temperature inside is constant. The fish tank itself is a system. There aren't many fish, but there are many. Therefore, these fish have been living in the Lu family for two years, and none of them have died. If you want to take one back now, by tomorrow, the fish will die."

When Lu Jin heard that he was going to die if he took it back, he didn't dare to take it anymore.

Although he was really envious of the three-meter-long fish tank and so many fish, it was a scene at night, and he actually gave it to someone else. Yes, someone else, even his father, or someone else.

The fish were good, and the tank was good, but they had to be paired together. Either they took the tank and the fish away, or they didn't take anything.

When they went back, Lu Jin felt very uncomfortable.

“Lu Yi, what do you think we should do to get the fish tank back?”

If he didn't know that the fish would glow at night, he wouldn't have given it away even if he was beaten to death.

But when he found out, he began to miss it. When he thought of the fish, his heart ached. And when he thought of how he had personally given the fish to the old master, he was already in so much pain.

“Yes.” Lu Yi continued to drive. He needed to understand Yan Huan's taste once again. How could it be difficult? She liked shiny things like this.

“What method?” When Lu Jin heard that there was another way, he hurriedly asked.

“This fish is very delicious,” Lu Yi said indifferently. Of course, he wasn't joking, “This is a type of tropical fish that lives near a volcano. Fish are very smart. Other than the beautiful color and the fact that it's hard to feed, there's another point. This type of fish is very delicious. The quality of the meat is good. Dad, you can try it.”

This time, it was Lu Jin's turn to twitch his lips.

Eat, a fish worth millions. Just like that, it was enough for the soldiers in the army to eat how many fish.

Moreover, he didn't dare to have any thoughts about the old man's fish. He had heard from the guards that the old man had treated these dozens of fish as his own life and counted every single one of them, moreover, there were a few fish that were more recognizable now. The old man had even given their names, yet he still dared to eat the father and son's fish. This fish was like the old man's son now, on the same level as him, if he dared to eat fish, what was the difference between eating his own brothers and sisters?

Therefore, whether he ate fish or not, he could only tell his fish brothers and sister Yu that he would often go home to take a look.

Furthermore, there were so many things placed at home together. He really felt that Yan Huan was too good at making money. It was also a loss for Lu Qin back then. No matter what, he had to bring Yan Huan back to the Lu family, he even did not hesitate to lie to the old man. They were already married. Who would not be moved by a living mountain of gold.

It was a pity that they were too smart and had neglected the hearts of people. The hearts of people were made of flesh. When the two of them got along, the mother and son did not treat Yan Huan as a family member, but as a tool, in the end, who could be blamed for the situation? Lu Qin could only blame himself. He had brought this upon himself.

“Lu Yi.”

Lu Jin called out his son's name again.

“Yes, Dad.”

Lu Yi drove steadily. There were not many pedestrians on the road, and his speed was also faster than usual. However, when he encountered traffic lights, he also stopped.

Lu Jin glanced at his son who was sitting in front of him. At thirty years old, he had inherited the Lu family's excellent looks and intelligence. At long last, he was going to get married.

No matter how Yan Huan married him, whether he was willing or not, once he entered the Lu family's door, he would treat her better in the future.

"Dad, I understand," Lu Yi agreed. The corners of his lips could not help but curve upwards. How could he not treat her well? She was the woman he had loved for five years. She was more important than his life.
