

Sweet Wife 1441

Chapter 1441: White and tender

By the time he got home, it was already three o'clock in the morning.

Lu Yi hugged his computer. On the chat app, she was still there.

The moment he went online, a message had already been sent

“Are You There?”

Lu Yi replied with a few words.

“What time is it? Aren't you going to sleep?”

“I'm jet-lagged.” Yan Huan had just arrived at the film studio. She still had to continue filming. Now that Mengni and Lu Qin's marriage had been announced, the headlines that they had made were replaced by someone else's, so, they were going to return to filming soon.

As for the current Lu Qin, although he had been beaten until his skin and flesh were split open, it was said that the swelling on his face had already subsided and he was now acting like a dog. Therefore, her hand strength was not too great, to be able to smash a person's face so badly, it would at most be swollen for a few days. This was already good enough.

It was just that she came over a little too hastily and did not bid farewell to Lu Yi. She had already boarded the plane and left. Right now, she was also here, in that small room of hers.

Yan Huan held his phone and turned his body sideways. Now, he was thinking about the temperature of his body. Sometimes, it was really easy to get addicted to being by a person's side, just like how she felt about Lu Yi.,

Lu Yi was her addiction, an addiction that she hadn't given up for years.

“Go to sleep, it's very late.” Lu Yi typed a few words and looked at the time. It was almost 3:30 pm. If he didn't go to sleep now, how could he get up tomorrow? Even if he had to adjust the time difference., in the middle of the night, he still had to sleep. Even if he couldn't sleep, he still had to sleep. Moreover, they were all in the same country, so how big of a time difference could it be

Actually, it was more like a change of soil and water.

.....

Who asked Fang Chun's body to be like this? If it was another place, it would take a long time to adapt. When she returned to Hai City from here, she felt uncomfortable for a few days. During those few days, when she wanted to settle accounts with Lu Qin and his mother, she had to endure it, she hadn't adapted for a few days, but she had to change again.

Yan Huan's finger gently brushed past Lu Yi's most primitive statue and then sent a message to the higher-ups.

“Long night, no sleep in my mind.”

Then, she placed her phone together. When she thought about that night with them, her heart skipped a beat. She thought about it, and her body also thought about it.

Lu Yi was the same. He suddenly felt a surge of blood and energy. Then, he shook his head, stood up, and walked into the bathroom. Even now, he still had to take a cold shower, only then could he forcefully suppress this blood and energy.

He had always heard that young people were full of vigor.

He was already 30 years old. Why, did this blood and energy still need Fang gang for a few years.

He placed the notebook in front of his eyes again, only to realize that the status of the software had left. She must have fallen asleep. She had slept just like that. How could she just run away after teasing her.

Lu Yi shook his head. Perhaps in this lifetime, he was really going to fall for this woman.

Yan Huan only woke up at around nine in the morning. She slept too late last night and only fell asleep at around four in the morning. When it was nine in the morning, she actually didn't wake up too late.

She got up, washed her face, brushed her teeth, and then went to the production team's office to wait for a meeting. The production team would only be able to restart the production tomorrow and finish shooting the part that was about to be produced.

Meanwhile, the production had already been suspended for more than a month. Due to a series of events in the middle, it had seriously affected the progress of the filming. It was now two months late. If they did not start filming again.., they might not be able to get a good schedule.

Therefore, no matter what, they had to finish filming before the New Year. Of course, she also wanted to finish filming earlier so that she could return to hai city and accompany Lu Yi. She did not have to say that it would be a long night.., she didn't have the heart to sleep.

When she arrived there, she was still the earliest.

"You're in pretty good condition,"the director said to Yan Huan with a smile.

Yan Huan touched his face. He knew that he had been raised recently. Although he still couldn't compare to the past, his memory was indeed much better. At the very least, his horse had some color, there was no need to be in constant need of water.

The director had a good evaluation of Yan Huan. She had entered the scene very quickly, and she was even faster out of it. Of course, she was also an actress with a lot of spirit. In terms of acting skills, she was also very well-versed. She was almost able to do it with a single point, of course, her acting skills were also very good. Furthermore, her portrayal of Si Yu in this drama was very successful. This was different from some famous actresses who only had a superficial appearance.

Yan Huan was a real talent, and he was also someone who was not afraid of fire. However, others might not be. For example, that newcomer in the acting world, Meng Ni, who had just become popular recently, was far from being as good as Yan Huan. Her acting skills were so good that it made people want to cry.

Therefore, there were some things that needed to be seen to be true. As one listened and listened, one would believe that it was true. When one saw it, one would be disappointed.

Gradually, everyone arrived. The last to arrive were Meng Ni and Lu Qin. Now that the two of them had come together openly, of course, they did not hide their love for each other.

However, this made many people involuntarily recall that Lu Qin's two white buttocks were fair and tender. They were even better looking than women. They were even fairer than women, and they were also more tender than women.

Yan Huan smiled at them, and a hint of resentment appeared in Lu Qin's eyes. Yan Huan still smiled, and her eyes turned to look at Meng Ni. Lu Qin's body stiffened as he recalled something, at this moment, there was no more expression on his face. Therefore, it had to be said that he could be considered a good actor. He could say love to a woman he did not love for two years, he could say love to another woman he didn't love, and this woman was his future wife.

However, the fans were much more tolerant now. They could accept the marriage of their idol, unlike before. However, everyone probably cared about Lu Qin's two white buttocks the most.

When the director saw that everyone was here, he just casually said a few words. Then, the next morning, he was ready to start filming.

However, the atmosphere in the production crew was still a little awkward. There were even whispers of discussion.

"I wonder who sent the video of the couple doing something. Do their artistes have any privacy?"

"Celebrities don't have privacy." It could only be said that they were too famous, "But we are all public figures, so we have to pay more attention to our image. Sometimes, when we do something wrong, it's too late to run away."

"Have you seen it?" Another actor came over.

Chapter 1442: was remembered

"Of course I read it." That person revealed a meaningful smile

"Let's not talk about Mengni. Actually, I can't tell what she looks like, but her body shouldn't be much different. As for Lu Qin, I saw Lu Qin's butt. It's quite perky. Not only is it perky, it's also very white."

No one knew what everyone was thinking about, but they couldn't help but laugh.

Lu Qin just happened to hear all these discussions. He lowered his head and clenched his fingers. He resisted the urge to go up and flatter people. What he hated the most right now was people mentioning the word 'butt' in front of him.

Who Didn't have a butt? When they were talking about other people's Butts, could it be that they didn't know that they also had a butt?

When Lu Qin left with big strides, Yan Huan and her assistant walked out from the side.

"Miss Yan, there's still one thing I haven't told you."

The assistant actually didn't want to say it, but she just couldn't help it

"Okay, go ahead." Yan Huan leaned against a big tree and grabbed the corner of her clothes to play with them. When she saw Lu Qin's dusty face, she felt happy.

The Angrier Lu Qin was, the happier she would be. Of course, it was better to be in a worse state.

The assistant looked around and saw that there was no one around. Then, she leaned over to Yan Huan's ear and whispered something.

"Are you sure?" Why did Yan Huan not know that there was such a thing.

"Yes," the assistant nodded his head vigorously. "When I was moving the things, I saw it. When I went there, I heard from the Doctor that his place was crushed. It's hard to say if he will recover in the future."

.....

"Also..." the assistant thought for a moment, "Didn't the television say that after that thing breaks, it will become more and more like a woman? So, Miss Yan, do you really not feel that the current him is becoming more and more like a woman?"

"You're thinking too much." Yan Huan stood up and prepared to return to her room to rest.

As for whether Lu Qin was like a woman or not, it had nothing to do with her. As long as she didn't see him again, she would call him every time she saw him.

She returned to her room, took out her phone, and chatted with Lu Yi. It was fortunate that Lu Yi was here to accompany her. Otherwise, she really didn't know how she would be able to live through day after day.

That's right, she still had to stay here for a very long time. She did not know how long it would be after she finished filming.

Early the next morning, she went over. Yueran carefully observed Yan Huan's face. "What's wrong? Have you had any good news recently?"

"Have I?" Yan Huan smiled and kept quiet about the things that she had done. Although Yueran was a good friend, there were some things that could not be known by others right now. When he could find out..., naturally, he would find out.

"Yes." Yueran combed her hair. "Not long ago, you were still miserable." He pointed at Yan Huan's eyes. "Your eyes can talk. This is what many people have said before."

Yan Huan smiled faintly and did not say anything. Yueran continued to do her styling for her.

"Now, you look much more relaxed. If you continue to develop like this, I believe that you will get better and better. A girl who loves to smile will not be too unlucky."

"Do your best." Yueran patted Yan Huan's shoulder to encourage her.

“Thank you.” Yan Huan stood up and tidied up her clothes. It had been a long time since she had worn a costume. Her appearance today was quite stunning. She was dressed in a royal blue qipao, her hair was also very delicate and her makeup was thicker than when she was a maid. It was also because she had lost weight recently that her eyes were large. Yueran had placed all her focus on eye makeup, her makeup might look a little thick now, but when she reached the upper stage, it would be much lighter than it was now.

Yan Huan took out her phone and took a photo of herself. This was definitely a beauty from the era of the Republic of China.

She walked out and casually sent it to Lu Yi.

Very quickly, she received a reply.

“You look very beautiful in a qipao.”

Yan Huan stopped and when she saw that there was no one around, she quickly sent another message over. After sending this message, she turned off her phone and prepared to start filming. However.., at this moment, there was an additional flush on her face. It was as if she had used too much rouge. She had almost become a monkey’s butt.

However, after waiting for a while, she returned to normal. She was absolutely unwilling to admit that she had molested da Lu. Then, why did it feel like she had molested herself as well.

That’s right, she had molested herself.

She touched her face, but she remembered that there was makeup on her face, so she quickly moved her hand away. She did not want her makeup to be ruined after a while. However, she did not know that the distance between her eyes had stunned many people.

She had been gentle for many years, and she had also stunned many people. However, she had never noticed it before.

At this moment, Lu Yi placed his finger on his forehead and tapped it lightly from time to time. On the computer was a beautiful young girl from the Republic of China, and the following sentence could be said to be teasing him.

“Do you feel that I look the best without clothes on?”

Lu Yi reached out and closed the computer. He could only walk into the bathroom and take a cold shower.

Alright, he would remember it all. He would get it back from her in the future.

When Yan Huan arrived at the set, she really stunned everyone with a glance.

Her skin was originally white, especially under the royal blue qipao. Her few stops were so white that they were completely transparent. Moreover, her every frown and smile had a kind of charm that others did not have, she really looked like a woman who had walked out of the Republic of China. Her entire body was filled with the allure of Night Shanghai. In fact, Yan Huan herself was not too sure. She only knew that when she put on this qipao.., she did not know where it came from, but she had a feeling that

something familiar had already broken out of the ground and was beginning to melt into her flesh bit by bit.

She gently raised her eyes and her red lips curled up. In that instant, there seemed to be an indescribable charm. It was just like the qipao on her body, almost perfectly fusing with her.

She did not know whether it was her acting skills that were too good or Lu Qin's acting skills that were too awkward. After a few times, she was always crushed by Yan Huan's acting skills to a point where it was almost impossible to look straight at her.

Yan Huan's aura was too powerful. If she did not restrain herself, Lu Qin's second-rate acting skills would not be enough to suppress her.

In the camera, Si Yu was still wearing that sapphire blue qipao. She placed her hand on the child's mouth, and her eyes were also staring at the child's pure and clean eyes. Her fingers gently moved away by half.

Chapter 1443: unable to cry

The child suddenly smiled at her and moved his little body, as if he had recognized his mother.

He extended his two little chubby hands to Si Yu for her to hug.

However, when Si Yu extended her hands to hug her son, the child suddenly pursed his lips and was about to cry.

The child's refusal made Si Yu's softened heart stiffen once again.

"I'm sorry..." she muttered. A tear rolled down her cheeks and dripped onto the back of her hand. She forcefully covered the child's small mouth and turned her face away, her body trembled and the corner of her lips trembled. However, she did not cry.

"Child, endure it. If you endure any longer, mother will definitely accompany you well in the future."

"But the two of us, mother and son, are going to get married together and will never be separated again."

The child was still struggling at first, but after a while, it stopped moving.

Only then did Si Yu let go of her hand. Then, she gritted her teeth and jumped out of the window. At this moment, there was only the smell of the child's milk and the child's closed eyes, at that moment, there was a small face that was covered in ash.

When Miss Song returned, there was not a single person in the room. When she saw the child inside, she did not want to care too much. She thought of the old lady's unpleasant words today, it was as if she had vomited something in her heart. She almost wanted to blow herself up.

In the open and in the dark, she wanted her husband to go to Si Yu's place. She did not want to be alone with her. Yes, she wanted to say, what was she doing guarding a hen that could not lay eggs? It was just that she could not give birth, whose fault was it.

If it was not for Si Yu, how could she have lost her child? Thus, she would not be able to hold onto her child. Whose fault was this? Whose fault was this.

The more she thought about it, the more difficult it became in her heart. Lying on the bed, she began to cry. As she cried, the child inside did not even make a sound.

.....

Mrs. Bai just so happened to miss her grandson, so she asked her mother to come over and carry the child. The child was Mrs. Bai's lifeline. In her heart, this child was unrivaled, there was only one child in the entire family, and this was her eldest grandson. With this eldest grandson, even if she died in the future, she would be able to answer to the Dead Master Bai.

"Mommy, Go and take a look. The young master is still sleeping in the house."

Miss Song sat up and wiped the tears off her face, but her eyes were dry and there were no tears. Then the camera stopped here, and it was the director's cut.

"Can you really cry until your eyes are swollen?"

The director asked Mengni, "How is this heartbreaking? Can you show more expression on your face? There are no traces of crying. Is this still filming?"

"I'm swallowing my tears."

Mengni was embarrassed to answer.

"Who can see it?"

The director was a little annoyed by her pestering. It was the same every time. Could they still film properly? Their filming was for the public to see. How many audience members would think about where your tears were flowing, what they were looking at was the visual perception of the eyes, not the underlying meaning of your actions. What was the use of having the underlying meaning without acting skills? If you had the underlying meaning, then go give a speech. Then why did you come to film a television drama?

The next few scenes had originally required the female lead to spend her time in tears. However, every time, Mengni could not cry. She also needed some eye drops. How many bottles of eye drops had passed before they were filmed to this point, it seemed that today's scene would require some eye drops to complete.

Mother walked in and wanted to hug the young master. The young master was good-looking and loved to smile. He was especially like the young master from back then. He was practically Mrs. Bai's darling, Mrs. Bai really wanted to carry the child to her side, but she couldn't win against her son. Even Miss Song was really disappointing. She really didn't understand a single thing about being a wife. The Bai family's incense offerings... was something that young master Bai had to inherit. If he didn't let his other great-aunt have a child now, how could he bear a child in the future? She didn't want her grandson to have no younger siblings in the future.

When her mother was about to carry the child, she realized that something was wrong.

Song Xiao wiped her tears again. In the end, she saw her mother running out from inside with a child in her arms.

Miss Song wanted to go over, but the mother had already run out with the child in her arms.

When young master Bai returned, he had a big fight with Miss Song. He said that Miss Song had a vicious heart and couldn't even tolerate a child. He said that the child had a fever and didn't know how to ask for a doctor.

This time, the child was too seriously ill. He almost lost his breath. The doctor saved him for several hours before he was revived. However, he couldn't eat anything and just kept crying.

"Madam..." Si Yu ran over and knelt in front of madam Bai with a thump. "Let me see young master..." "I beg Madam..." she kowtowed hard on the ground, almost breaking her own head.

"Give it to her." Seeing Si Yu like this, Madam Bai's heart softened. Of course, the one she felt the most heartache for was her grandson. She thought that with this mother around, perhaps the child would be better, wasn't it said that mother and son were linked by heart.

Only then did the mother hand the child over to Si Yu. Si Yu hugged the child and cried as she unbuttoned her clothes to feed the child. When no one was paying attention, she pinched the child's calf hard, the child opened his mouth in pain and was about to cry. In the end, when he opened his mouth, he drank the sweet breast milk. Very quickly, he began to suck. He was obedient and coincidental. His small fingers were still holding onto the laurel branch's clothes. This small appearance.., he was really obedient and adorable.

Mrs. Bai sighed. "It seems that mother still loves the child a little more. This isn't her own child. How can it be painful? If she can't give birth to it herself, she can't wait for me to have no grandchildren, right?"

When Mrs. Bai said this, her voice became louder. Of course, this was also directed at the people outside.

When Miss Song heard her mother-in-law's scolding, she instantly..

She had to use eye drops again.

Recently, after the crying scene started, it was difficult for Mengni to get into character. It was just like how Yan Huan didn't like to act as a bad person, and she wasn't good at bitter scenes. Therefore, the more she filmed, the more she felt nothing. The more she felt nothing.., the more she couldn't cry.

Therefore, every time she filmed until this point, she had to shed tears. Only then could she look like she was crying.

She could not even get into character, so how could she cry.

The more she filmed until the end, the more uncomfortable Mengni felt. The more she acted, the worse her acting was. Every day, she would go up and up. She was so frustrated that she would shed tears every day. This drop was too much.., her eyes were tearing up at the sight of romance, but they couldn't be used for filming. She couldn't let the director use a fan to cry at her

Chapter 1444: was finished

If that was really the case, she thought, she might not be able to cry, but she might be able to laugh.

Finally, more than two months later, the movie was finished. At this time, Li Mengni's eyes were red and swollen. It was also because of her eyes, so she did not look for trouble with Yan Huan. She could not care about her own, who else could she find trouble with.

After the shooting of the movie, Lu Qin, her fiancé, was of some use. He hurriedly brought Mengni back to sea city to look at her eyes.

"I'll go back tomorrow," Yan Huan typed on the computer. As she typed, she supported her face with her hand and opened the video. It was that man. He was indeed working, recently, he had been busy for half a day. It could also be because of the New Year's Eve. However, it was also because he was too busy that Yan Huan had been quiet recently. He didn't make too much noise and made her insist on chatting with him.

Therefore, she was very satisfied when she watched him like this most of the time.

"I'll pick you up," Lu Yi took the time to reply her.

"No need," Yan Huan typed another string of words. "You do your thing. I can go back by myself. Anyway, I'm going back to the Lu family. I still have to swagger back."

Lu Yi reached out and lightly touched the computer screen. "What's wrong? Are you still holding a grudge?"

"No." Yan Huan blinked her eyes. It was as if she could imagine the feeling of his fingers on her face. It was dry and warm.

"I just wanted to see you earlier. I missed you." She lay on the table, eager to see him.

She wanted his hug, and she also wanted his kiss. She wanted to do the most intimate thing with him.

She covered her face with her hand, and her face turned red as she stood there. Her originally cold little face was now slightly hot.

At this moment, her phone rang.

.....

She took the phone and saw that it was a call. She lifted her face. Seeing that Lu Yi had already placed the phone by her ear, she did not do anything.

Yan Huan hurriedly stood up and hid in a place where he could not see her.

"Why are you calling me?" She placed her left foot on her right foot and rubbed it gently.

"What were you thinking about just now?"

The Man's voice was still the same, making her blush and her heart race. Yan Huan never knew that one day, just the voice of a man could make her heart race, then, she thought about him like that.

"HM?" Seeing that she did not answer, Lu Yi asked again

"I wasn't thinking about anything?" Yan Huan pretended to be dumb, but she did not say anything anyway.

"You Miss Me?"

The man's voice sounded sexy again. Yan Huan used her head to lightly hit the wall. She had to hold on, she had to hold on. No matter what, she couldn't let Lu Yi know what she was thinking, otherwise, it would be very embarrassing.

"I'm going to sleep." She still had to get up tomorrow to catch the plane. Yan Huan hung up the phone. When she turned around, she saw the man in the computer smiling faintly.

What happened to being calm? What happened to being cold? What happened to abstinence?

Why was it all gone.

Yan Huan closed the computer and went to sleep. She lay down and hugged the blanket. However, she could not help but think of all the good things he had done for her. How did it feel like they were together? It was as if she had waited for so long., all she wanted was this day and this scene.

"Huanhuan..."

Lu Yi?

Yan Huan suddenly opened her eyes. She had actually entered the Liuyuan Garden again.

"Huanhuan, look, the sun is really nice today. Let's go out and bask in the Sun, okay?"

"Okay," she agreed, her face also smiling. However, when she suddenly saw the new green outside, she was stunned.

New Green.

Green?

Green..

But that wasn't right. It wasn't snowing. It was winter. It was almost the new year. ..

"Huanhuan, do you think the weather is good today?"

There was a man squatting outside as if he was talking to someone.

"Lu Yi, I'm here."

Yan Huan opened her mouth. She wanted to speak, but she realized that no matter what, she could not make a sound,

"Huanhuan, I know that you like this place the most. It's just that it's been half a year since you woke up."

Yan Huan's legs moved forward. The man squatting on the ground was Lu Yi. It was clearly Lu Yi. He had been calling out for Huanhuan the whole time, but Huanhuan was her. She was Huanhuan..

Her gaze moved forward again, but there was an inexplicable injury on her heart. It was like a man's face facing the warm sun, but she could see the pain in his warm eyes.

"Lu Yi, I'm here, I'm here..."

She ran forward, and with a bang, her head hit something, causing a burst of pain.

She opened her eyes, and her hand was on the wall. Her forehead was on the wall, and it hurt when it came into contact with the wall.

She hit the wall, sat up, and gently touched the big bump on her forehead. and..

She touched her face.

Why was she crying?

She didn't know, she really didn't know.

She took out her phone. It was only around five o'clock. The flight was at eight o'clock. In fact, she should have gotten up already.

She let out a soft sigh. She felt that she was thinking too much. wasn't Lu Yi in Hai City? He was waiting for her in Hai City.

She braced herself and focused on packing up her things. There weren't many things. Other than a few clothes, the skincare products she used, and the laptop, there weren't many.

When she was done packing, her assistant ran in as well.

"Sorry, I woke up late." Her assistant's hair was still dry. "Miss Yan, is there anything else you need to do?"

"There's no need." Yan Huan pointed at her suitcase. "I've already packed everything."

Her assistant had a bitter expression on her face. She really felt that her most useless assistant, Yan Huan, could always take care of herself very well. She didn't need too much help from others.

She was a very easy to get along with and wasn't a troublesome artiste. However, it was precisely because of the benefits that her assistant felt that she was somewhat useless.

It was also a pity that Yan Huan hadn't said that he would replace her yet.

Therefore, she had to be more diligent in the future. Otherwise, she would lose her job. It would be great if sister Yi Ling was here. At that time, she was already a gold medal manager. If she was here, at the very least., yan Huan would not know Lu Qin, and he would not be fooled by Lu Qin. He would not let Lu Qin and his mother lie to him for more than two years. If not, his future would be ruined.

Chapter 1445: you win

Yan Huan pulled her suitcase and arrived at the airport. Initially, she had already noticed that there were people following her. She generously smiled at that person. That person might have also felt awkward and picked up his camera to run away.

“Miss Yan, we can leave now.”

The assistant hurriedly stood beside Yan Huan and protected her as she left. Yan Huan lowered her head. This was the helplessness of being a celebrity. No matter where she went, it was the same.

Perhaps one day, when she stopped filming and walked in the crowd, not many people would notice her. Or perhaps, very soon, she would be able to live that kind of life.

After alighting from the plane, Yan Huan told his assistant to go back while she went straight to the Lu residence. When she got out of the car, there was no one else in the Lu residence, this was also the reason why no one had ever discovered that she was actually in the Lu family all along.

It was because no matter if it was the Lu family or the Liuyuan Garden, those who were able to enter were not ordinary people. Moreover, the matters in the Lu family were not something that could be reported by others.

However, she did not return to the Lu family. Instead, she returned to her apartment. She needed to rest well before she prepared for the battle. Her current fighting strength was full. In the future, the Lu family would be a large-scale battlefield, she needed to properly deal with it.

She took off her clothes and fell asleep in a daze.

When a soft blanket covered her body, she opened her eyes and saw that Lu Yi had arrived at some unknown time. When she had arrived, she had told Lu Yi that he had really come.

“You’re Awake?” Lu Yi placed his hand on Yan Huan’s forehead. Fortunately, she did not have a fever. Recently, this woman’s body had been too weak, and he had not had a moment of peace.

Yan Huan turned over and curled her body into his embrace. After a while, she sat up again and hugged Lu Yi’s neck. “Sleep with me for a while.”

“Okay.” Lu Yi took off his outer clothes. He knew what Yan Huan had to hug to sleep, or else she would be afraid of the cold. Her fear of the cold might be better in summer, her Qi and blood were too weak and it was very difficult to recover. In winter, the weather was cold and people did not like to move. Hence, the circulation of her blood was not very good. When it was summer, it might be better, as long as she took good care of herself, she would definitely be fine.

Lu Yi pulled away the blanket and lay down. Then, he hugged Yan Huan into his embrace. In an instant, he could feel that her body temperature was much lower than ordinary people.

.....

Yan Huan liked to hug him the most. It was very warm, just like her little sun and her little stove.

“You said that Mengni entered your house. Is it going to be very lively in the future?”

“Alright, don’t talk for now. Sleep obediently.” Lu Yi covered her eyes. He was still meddling with other people’s matters now. He had to rest well first.

“You, when are you leaving?” Yan Huan yawned. She did not want to talk about anything else. Now that she was sleepy, she really wanted to sleep. However, even if she squeezed her eyes, she did not dare to sleep. She was afraid that he would leave after sleeping for a while.

She buried her face in Lu Yi’s neck. She felt very wronged. She had just returned and couldn’t stay with her any longer.

“Sleep.” Lu Yi kissed her forehead. “I have nothing to do today. I’ll stay here with you.”

Only then did Yan Huan happily tuck her entire body into Lu Yi’s embrace. She closed her eyes and prepared to sleep.

After a while, she woke up again because she thought of that dream. She didn’t know if she would do it again.

“Don’t you want to sleep?” A man’s unique cold voice came from the top of her head. It made her body feel as if an electric current had passed through it. It was sour and numb.

“Yes, I want to sleep.” Yan Huan placed her hand on Lu Yi’s chest and reached into her clothes. Her fingers gently caressed the scar on his chest. It must be very painful.

“I said it won’t hurt.” Lu Yi held her hand tightly. “Just go over.”

Yan Huan held his big palm tightly and then half of his hand was placed in front of her. His hand was really big, much bigger than hers. Moreover, his hand was not like Lu Qin’s, Lu Qin was a rich second generation who did not know the suffering of the human world. He did not know anything and only knew how to act and lie to women. However, Lu Yi was different.

He had been in the army and had trained in martial arts. He was now a prosecutor and had real skills. He was also a very developed right brain and a highly intelligent technological talent. As long as he was willing, even if he did not become a prosecutor, he could still find his own world. This was because he already had the most high-end things in this era.

She placed his finger in her mouth and bit it hard.

She also left a bite mark,

“Mm, this is an injury from work.”

This was the mark she left on his body, and she was the only one who could leave it..

“I’ll let you bite mine too.” Yan Huan placed her finger on Lu Yi’s mouth.

“Oh, if you don’t want this, then where are you going to bite?”

Yan Huan Thought for a moment. “Here.” She pointed at her shoulder, and Lu Yi’s eyes suddenly warmed up.

Yan Huan gently bit her red lips. HMM, biting here should be quite painful. However, she still placed her hand on her shoulder and pulled down her clothes. “Alright, bite.”

She turned over and gave her shoulder to Lu Yi. Even if he wanted to bite off a piece of her flesh, she wasn't afraid. She let him bite.

Not long after, she felt a scorching stream of air spray onto her shoulder, and her body involuntarily trembled slightly.

The man's warm breath was already imprinted on her shoulder, but it didn't hurt. It was the kind of numbness, tingling, and comfort.

She clutched at the clothes on her chest, still thinking if she should take the initiative. It seemed like Lu Yi was a little slow, and didn't seem to like such things very much.

Just as she was thinking about it, the blanket had already covered her body, and it also wrapped her very tightly.

See, she knew that he wasn't too willing.

"Do you not like me?" Yan Huan raised his head and asked Lu Yi.

"Why would you ask that?"

Lu Yi placed his hand under her eyes, also covering her eyes.

"Is it because my figure isn't Good? You Don't like people like me, or do you like people like Yan Zhu who don't have breasts?"

Fang Zhu's figure was dry and had no curves.

Lu Yi suddenly let out a breath.

"Yan Huan, what do you take me for?"

"The person I love the most."

Yan Huan pulled his hand down and pressed her red lips against his thin lips. "The person I love also wants you to love me more. I want to be with you, but I'm afraid that I won't be able to arouse your interest."

The man didn't seem to move at first. He just let her kiss his lips.

She wasn't a lustful person. When she was with Lu Qin, there weren't many times between the two of them. However, she liked Lu Yi. She liked everything about him, and she liked to see that he was different from her past self.

Suddenly, the man's lips had seized the initiative and started to conquer the city. It also took away all of her feelings once again. The remaining people's body temperature increased with each other.

"Alright, you win."

Chapter 1446: identification

She heard him muttering in her ear, as well as the beast that ran out of his body, and the other side of prosecutor Lu. She was like a small boat in the ocean.

In the midst of the surging waves, she was like a fish that had left the water. She began to look for the breath that had been taken away from her.

And on this night, prosecutor Lu told her not to easily flirt with a man who might have been abstinent for more than ten years, because this was not something she could afford, of course, she also did not want to casually challenge a man's bottom line, and she also did not want to think that his self-control was really good, because the two of them were the so-called fish and water.

With one less, they would face the crisis of water shortage.

"Do you want to leave?" Yan Huan was very reluctant to part with her. She was like a child, trapped in his arms and did not want to leave. Her eyes were like a deer, ready to cry at any time.

It was like this again.

And Lu Yi simply could not refuse. Her behavior was almost shameless.

That was why the older generation had once said, "A hero can not overcome a beauty. A hero's breath is short, and love is long. No matter how strong a man is, after meeting a woman..." In the end, they were all willing to be gentle for her.

Lu Yi was no exception.

He had loved her for five years. In the past, he could not get her, but now, she was by his side. They had become the most intimate people. Neither of them wanted to be apart from each other. They wanted to be a pair of conjoined twins, they would never want to be apart for the rest of their lives.

No, Yan Huan was being unreasonable right now. He insisted on hugging her and not letting go.

What else could Lu Yi do? He couldn't just abandon such a delicate woman. He could go back to work. If he really dared to do this, Yan Huan would definitely cry for him.

This woman was used to filming. She would cry whenever she wanted. There was no need for her to gather any emotions. He also couldn't bear to see her cry. Even if it was fake, he couldn't bear to see her cry.

Alright, he picked up his phone and made a call. "Alright, that's it. I'll go to work tomorrow. I won't be going today."

When he put down the phone, he realized that Yan Huan's eyes were bright and beautiful. However, there were no signs of crying. As expected, she was able to control her tears freely, however, he still couldn't do anything to her.

"Just this once. It won't happen again." Lu Yi pinched her face. If it happened a few more times, he wouldn't have any reputation as a prosecutor anymore.

"Okay." Yan Huan curled his body into her embrace. It would be fine if it happened once. In fact, she wasn't such an insensible woman. She would definitely not make things difficult for him in the future.

As for the matter between Lu Qin and Mengni, it naturally became a foregone conclusion. Lu Qin and Qin Xiaoyue were satisfied. After all, Mengni's family background was there, so their wedding date had also been set. In fact., in order to appease the public and to clear their name, the two of them also wanted to increase their popularity. Therefore, they had already announced the wedding date verbally.

Of course, as long as this was set, it was impossible to change it easily. Otherwise, it would be a kind of injury to their rising popularity. It was possible that as long as one of them went back on their word., it would ruin their careers.

So, of course, the two of them would not go back on their word.

On this day, Lu Qin brought Mengni to the Lu family. When they entered the Lu family's door, although Mengni pretended to not care at all, as if she lived in a private villa like this., therefore, she didn't feel anything.

This place was originally in the center of Hai City. Not to mention such a large private area, even if a 30-year-tall building were to work hard to buy a piece of land., it was probably something that an ordinary family could only buy if they didn't eat or drink for several lifetimes.

The housing prices in Hai City were so high that they were ranked among the top in the country. However, the Lu family was really good. They actually had such a large independent manor, and this place was also a famous wealthy area in Hai City.

Mengni walked in. The Lu family was not considered to be splendid. Because they were more low-key, the decoration here was very clean and simple. Of course, it was very beautiful, it made people fall in love with it at a glance.

Of course, Lu Qin was very confident in the Lu family. He could not tell Mengni that this was not his real home, but his uncle's. If he did not tell her, Mengni would not know, and Lu Jin's family wouldn't tell Mengni this either.

"From now on, we'll stay here." Lu Qin brought her to the room that Yan Huan had once stayed in. Yan Huan was a very particular woman, so let's not talk about how particular she was, the decorations she made for her room all had a special taste. Lu Qin had to say, to a certain extent, this woman of Yan Huan's had her own taste.

Moreover, her taste was extremely high. Even though she had taken everything, she couldn't possibly tear down the walls. She couldn't possibly tear down the wallpaper. The beds and furniture had also been fixed back then, so she didn't take them away. Now, she could see people, of course, she wouldn't embarrass him.

When Mengni entered the room, her eyes lit up. Inside were pure European-style white furniture. The curtains were also made of tiny crystal beads.

"Didn't you say that there was a very beautiful fish?"

Mengni searched for a long time, but she still couldn't find the fish. Where was the fish that Lu Qin mentioned? It was still the kind that would glow at night.

Lu Qin coughed. "The fish is somewhere else. After all, you need to decorate it according to your idea. When it's done, we'll talk about the fish."

Of course, Mengni didn't doubt such a reason and didn't think too much about it.

When Mengni came out, she saw a middle-aged couple sitting on the sofa watching TV. Both of their faces were young and magnanimous. The woman looked noble and generous, while the man looked middle-aged, but he also had an extraordinary bearing

These must be Lu Qin's parents, right? She was also calculating in her heart. Sure enough, everyone came out. They were different from others. The two of them had extraordinary bearing. She could see their identities.

Lu Qin happened to be in the bathroom, and she was still waiting here alone. She could not enter now, nor could she not enter. Moreover, it seemed that the other party had also noticed her. She could not help but adjust her hair, there was an indescribable sense of awkwardness.

In the end, she braced herself and walked over to stand in front of the two people.

"Uncle, Auntie, Hello, I'm Mengni."

"Oh, Hello." Ye Shuyun smiled out of habit, but her smile was somewhat insincere. She was still in a bad mood because of her son's betrayal. As for who this Mengni was, of course, she knew.

Chapter 1447: had mistaken her for someone else

After all, everyone in the country had seen that video. Not only did they see Lu Qin's big white buttocks, but they also saw the woman's face clearly. Who would have thought.., she looked innocent and well-behaved on the outside, but how could she be so bold and unrestrained.

Ye Shuyun pinched Lu Jin. "Say Hello."

Lu Jin nodded. This could be considered a greeting. He used to treat Yan Huan like this. Otherwise, what else could he do? He smiled like a fool.

Mengni couldn't help but feel a little awkward. She wondered if Lu Qin's parents didn't like her because of that video. And when she thought of those videos again, her heart started to scratch, she didn't know how many sets of clothes she was going to tear.

"Did you come here with Lu Qin?"

Ye Shuyun asked Mengni. As for Lu Jin, she didn't need to think about it. Lu Jin was the same as Old Master Lu. In fact, he had some prejudice against women who were filming, whether it was Yan Huan or Mengni, obviously, Yan Huan was fine. After all, no matter what she was, it didn't have much to do with them. However, this Mengni had become a third party. Regardless of whether she was aware of it or innocent, when it came to Lu Jin.., she was a third party, and Lu Jin naturally wouldn't give her a good look. Moreover, living with such a woman, Lu Jin might even feel a little disgusted.

"Lu Qin went to the bathroom."

Yuan ni answered obediently, then smiled and said, "No wonder Lu Qin is so good-looking. Aunty is so beautiful. Otherwise, she wouldn't have given birth to a handsome son like Lu Qin."

Ye Shuyun's expression froze for a moment. Lu Jin turned around and glanced at her. "I think my son is much more handsome than Lu Qinshun."

"I think so too." Ye Shuyun didn't know whether to laugh or cry. She didn't know whether to laugh or cry. Why didn't she do her homework when she came here?

When Yan Huan first came to the Lu family, he already knew their identities. Although Yan Huan wasn't likable, she was still a more down-to-earth woman.

It was not that Yan Huan was brainless, but she did not like to beat around the bush. It was also obvious that she liked or disliked him.

It was impossible for her to smile and call him an idiot behind his back when she clearly did not like him.

.....

Therefore, Ye Shuyun actually admired Yan Huan a little more on this point,

compared to Yan Huan, she still felt that Yan Huan was pleasing to the eye. Of course, compared to this Meng Ni, she was at least genuine and not hypocritical.

However, Lu Qin's actions were really unscrupulous. It was a loss that even the old man was alarmed last time. He said that he would compensate her whatever she wanted. Fine, now he was going to compensate her Lu Yi as well.

When she thought of this matter, her face darkened again. Her son was still ruined by Lu Qin, so she did not have a good look towards Meng Ni.

Ye Shuyun obviously didn't want to talk to anyone. As for Lu Jin, he didn't think about anything at all, so he just let Mengni do whatever she wanted. Looking at this and then looking at that, he felt awkward no matter what.

"Dad, Mom, I'm back."

At this moment, a voice came from the door. It also eased the slightly awkward atmosphere.

"Son, you're back."

Ye Shuyun hurriedly stood up and walked to Lu Yiyi's side. She stared at Lu Yi's face for a long time

"What's wrong, Mom? What's wrong with me?"

Lu Yi frowned. He had already shaved his face in the morning, and he had shaved his beard. He wouldn't be too sloppy, right?

"Lu Yi, tell mom honestly. What did you do last night? Why didn't You Come Back Last Night?"

Lu Yi was about to explain, but ye Shuyun interrupted him again. "You don't have to find any excuses. You weren't at the prosecutor's office, Lei Qingyi's place, or anywhere else."

“Tell me, are you with that woman?” She lifted her son’s sleeve and sniffed it again. It seemed to be the scent of some woman’s body.

“Lu Yi, are you trying to anger your mother to death?” She was indeed angry. As long as she thought of Yan Huan, she was so angry that she wanted to strangle him. However, her hand had already strangled him, pinching Lu Jin’s body.

Lu Yi tapped the space between his eyebrows. He really felt a headache coming on.

“Mom, I’m going up to rest.” He did not want to answer this question. Raw Rice had already become cooked rice. Could it be that there was still a need to put acid in the rice?

Ye Shuyun originally wanted to drag her son into the conversation, but when she remembered that there were outsiders here, and the Outsiders were still dumbstruck, she was too embarrassed to say anything more.

It was their own family’s business. If they wanted to beat or scold, it was their business. They couldn’t let the second brother’s family see a joke.

Ye Shuyun once again sat down and became a proper noblewoman.

“Auntie, that is...”

Meng ni finally knew what was wrong.

Didn’t Lu Qin say that he was an only child? But this woman clearly called that person her son just now.

“He is my son. His name is Lu Yi,” ye Shuyun said with a smile. She was still very cultured and polite, even though she was about to go crazy.

He’s Lu Yi?

No matter how stupid Mengni was, she knew that she had made a mistake. However, why was Lu Yi Here? This was Lu Qin’s home. Why were they here.

“May I ask who you are...”

She asked with difficulty. It was also because she had recognized the wrong person, but she was a little embarrassed.

“We are Lu Qin’s uncle and aunt.”

Meng Ni’s smile became more and more awkward. At this time, Lu Qin came over. He also called them uncle and aunt. However, Lu Jin didn’t seem to like Lu Qin very much, so he nodded indifferently, this also made Lu Qin seem to have hit a nail that was neither cold nor hard.

When Meng Ni came out, she complained to Lu Qin, “Why didn’t you tell me that your uncle’s family is still at home? It turns out that the eldest and the second live together, but is there such a way to live?”

It seemed that there really was such a way to live. In a big family like the Lu family, it didn’t seem strange to live together like this. Many people also lived together like this.

However, Lu Qin didn't tell her about it, so she wasn't mentally prepared. She even mistook him for someone else.

She thought that he was Lu Qin's parents and made such a big joke. Also, it seemed that Lu Qin's uncle and aunt didn't like Lu Qin very much.

"Don't your uncle and Aunt Like You?"

Mengni asked tentatively.

"Do they look like they like me?"

Chapter 1448: How could she be Shameless

Lu Qin threw the question to Mengni and let her think on her own. As long as she had a brain and eyes, she wouldn't be able to see through it. If she couldn't figure it out, then Lu Jin's family wouldn't have any intention of liking him.

If she still couldn't see through it so obviously, then she was really blind.

"Then your parents... why didn't they see uncle and aunt?"

The main reason Mengni came this time was to ask for Lu Qin's parents. She had even bought a present, but why? weren't they here.

"You can see them then." Lu Qin didn't like to talk about this topic. Of course, he was Mengni, so he could see them very soon. He specifically sent Qin Xiaoyue away today because he was afraid that Qin Xiaoyue would ruin his plans, as for Lu Jing, Mengni would also see him in the future. wasn't there still a photo? Even if Lu Jing was no longer around, as long as the photo was there, it was fine.

As expected, Mengni was smart enough to not ask further. As for Lu Qin, he curled his lips slightly. This place would be his in the future. As for Lu Jin's family, they would also be kicked out of the Lu family by him.

As for Meng Ni, she soon met Lu Qin's mother. However, she never dreamed that Lu Qin's mother would be such a woman. She didn't look like a rich lady, but a nouveau riche. This was too different from what she had imagined, in her eyes, Lu Qin's parents should be Lu Jin and ye Shuyun. However, no, Lu Qin's mother was called Qin Xiaoyue, and his father was gone.

At this moment, she sat awkwardly, and even the cup on the table didn't dare to move.

The door outside suddenly rang, and a woman walked in. She was still holding her things, but when she saw the person inside, she smiled.

Oh, they're all here.

And this person was none other than Yan Huan.

Yan Huan was also surprised, and quite surprised. She really didn't expect that she would run into an acquaintance just because she came over to make a presence.

Lu Qin's body stiffened. No one knew what he was afraid of. Qin Xiaoyue, who was just about to build a good relationship with her future daughter-in-law, also shut her mouth. However, no one could tell., her eyes were staring at the necklace on Mengni's neck.

.....

Didn't everyone say that Mengni's family background was not bad? It seemed that the jewelry was not bad either. She was her future mother-in-law. She would probably be satisfied with such a small favor.

That was when Yan Huan was her wife. It was like this. She only needed to take a glance at him to know what she wanted. Even if she couldn't bear to part with it, it still ended up in her hands.

She glared at Yan Huan again. That kind of hatred was almost as if she wanted to eat a piece of her flesh and drink a mouthful of her blood. However, she was beaten up by Yan Huan. There were some things that she didn't dare to do.

She had so many pieces of jewelry. She loved them the most, she was the most valuable, she was the envy of others, but in the end, they were all taken away by someone. What was the difference between this and taking her life?

If she did not have some new jewelry to add to her appearance, how would she be able to go out in the future? How would she be able to live? No, no matter what, she had to get more.

Her gaze fell on Mengni's neck again. That gaze was so direct and obvious that even a fool could see what she wanted.

Qin Xiaoyue was only thinking about the thing hanging on Mengni's neck, but she forgot about Yan Huan who was standing at the door.

"Why are you here?" Mengni still didn't know why Yan Huan was here. This was the Lu family, not some other place. Lu Qin's fingers by his side clenched tightly, his heart seemed to be beating a little faster and tighter.

Don't say it, don't say it.

He kept screaming in his heart, but he could not say a single word.

Yan Huan was not in the mood to watch this family of three put on an act. However, he began to sympathize with Meng Ni. She did not know if this was another Yan Huan, but she felt that it was impossible. After all, there was no one more stupid than her in this world, she had given everything to others, but she would not save anything for herself. Others could see that she was perfunctory, but she could not see it. She did not know where her eyes had gone blind.

She had just turned around when she saw Lu Yi standing not far away. His hands were naturally hanging down. His body was also standing very straight. His white uniform appeared very steady, and he also had a very imposing manner, yan Huan walked over and his high heels kicked the ground, occasionally making a clicking sound.

She stretched out her hand and wrapped it around Lu Yi's neck. "Are you here to pick me up?"

She was obviously very pleased with herself and there was a slight smile on her face. Even this smile carried a trace of coldness.

However, only Lu Yi knew that Yan Huan had an expression on his face but he secretly winked at him. He was asking him to cooperate with her.

Why? After playing for so long, was it still not enough?

“When did you come back?” Lu Yi asked indifferently as he pulled her hand down. To outsiders, it seemed like he was rejecting her. However, Yan Huan knew that when his large palm was holding her hand.., he was clearly holding her hand so hard that it hurt her.

“I just came back.”

Yan Huan hung her body on Lu Yi’s neck again. It was as if he didn’t want her to get close to him, but she had to get close to him.

Qin Xiaoyue saw this and immediately pursed her lips. “You can do such a thing in public. You really don’t have any upbringing at all. You’re just a fickle girl.”

Lu Yi’s face darkened, and that cold glare also caused Qin Xiaobai to immediately shut his mouth.

Yan Huan was not angry. She was still hanging around Lu Yi’s neck. This was the man she had snatched for herself. So what if her methods were not honorable? The Lu family had protected their reputation, so they wanted to compensate Lu Yi to her.

And she wanted everyone to know that this was her man, Yan Huan’s man.

“Yan Huan, you are Shameless.”

Lu Qin suddenly stood up. At that moment, the flesh on his face began to tremble. It was as if some veins were popping on his forehead. Perhaps to a man, it was one thing for him to not want a woman.., however, this woman must be faithful to him. Otherwise, to this man, it would be his failure and humiliation. Just like Lu Qin now, the woman in his past had followed another man.., she was still kissing each other in front of him. Moreover, she did not take him seriously. He still did not know how long he had been wearing this green hat. This green hat... No, this was not a green hat.., this was simply a patch of green hair growing on his head.

“I’m Shameless?” Yan Huan didn’t feel that he was shameless at all.

Chapter 1449: wanted her things

“Miss Meng, May I ask what I have done to prove that I am Shameless?”

Yan Huan blinked her eyes. If it was acting, who else could act better than Yan Huan? Look at her delicate little face, as innocent as she could be, there were also skinny bodies that could be lifted up. She was almost as obedient as a doll. How was she shameless? This was not the ancient times. She could not be hugged, was it not normal for men and women to hug each other now.

Mengni tugged at the corner of Lu Qin’s shirt.

“Lu Qin, what about her? What does it have to do with you?” She felt her face burning up. She also felt uncomfortable. Lu Qin had clearly said that Yan Huan was Lu Yi’s woman, what was wrong with her being intimate? Why was it like he was holding his wife against the wall?

Lu Qin also realized that he had said something wrong. He sat up, but there seemed to be another green-furred bastard crawling in the middle of this green-furred head.

Yan Huan leaned her body against Lu Qin’s shoulder.

“He said I was Shameless.”

“Mm,” Lu Yi only said one word.

Yan Huan wrapped his arm around his neck. “You are the master of this family. Of course, so am I. I can do whatever I want.”

Lu Qin and Qin Xiaoyue’s faces turned ugly when they heard this.

“If I’m Shameless, then some people are even more shameless.”

“At least I’m much better than some people. Some People’s butts are still exposed, and the people of the whole country have seen them.”

Lu Qin’s face was completely black.

.....

Qin Xiaoyue’s face was completely green.

Meanwhile, Mengni’s face was completely burned.

Yan Huan had kicked off his high heels. She was just so casual. who could do anything to her? You carry her away, but I won’t walk.

She acted like a little girl, acting coquettishly and shamelessly. She was just showing off their love and infuriating others to death.

Lu Yi lowered his head. The light in his eyes seemed cold, but in fact, there was a hint of an indescribable smile.

He bent his body slightly and placed a hand on the crook of Yan Huan’s leg. Just like that, he gently lifted Yan Huan up. He carried Yan Huan very easily because Yan Huan was very light now, he probably didn’t even weigh 80 pounds anymore.

Lu Qin’s heart felt like it was being scratched by a cat at this moment. It was painful to scratch him, and then he scratched himself. It was painful, and then it was painful to the point that he wished he was dead.

It was not because of love. He did not like to talk. He only loved money and his future. However, he could not stand being betrayed, and he could not stand being a green-furred turtle.

Qin Xiaoyue did not care about whether she was talking or not. After all, it was boss's business. Although she was angry and uncomfortable, she could not do anything to him, it was better for her to explain to her rich daughter-in-law.

This necklace was so beautiful.

However, what was going on with this Mengni? She had already expressed it so clearly. What was going on? was she not going to take off her necklace and give it to her future mother-in-law?

Mengni felt extremely uncomfortable under Qin Xiaoyue's gaze that seemed to be about to devour her. She sat up straight and could not help but move her neck. She also touched the connection on her neck, she even slipped the necklace into her clothes without leaving a trace.

It was the first time she came to meet Lu Qin's parents today. Of course, the last time did not count. Naturally, she had to bring her best outfit. This necklace was her treasure. She usually could not bear to wear it because she was afraid that it would be dirty, or was it broken or something like that.

Lu Qin's mother had made it so obvious. She was not a fool. How could she not see what she meant?

What, did she still want her things,

in the minds of the Chinese people, wasn't it the elders who wanted to give gifts to the younger generation? Why did her future mother-in-law suddenly forget about her things.

Didn't they say that the Lu family was a famous family in Hai City? When she came in, it was indeed not bad. This house was extremely beautiful, just like a palace. If she were to live here in the future, she thought that she would be quite satisfied. Even if she were to live with her uncle's family, it wouldn't be a big deal, after all, they would not interfere with each other's business.

Moreover, she heard that Lu Yi was also living here. That would be even better. Lu Yi had a very good relationship with the Sarft. If she were to act in the future, she would probably get better resources.

She let out a gentle breath. Sitting here, she also lifted her face. Of course, she also pretended not to see Qin Xiaoyue's shameless gaze.

In any case, it was impossible for her to get what she wanted.

This was the first time Mengni met Lu Qin's mother. She did not receive anything from Qin Xiaoyue and did not receive any gifts.

When she came, she had heard that in such a family, as long as it was a junior, they would give a lot of gifts. Why was it that she did not receive any.

As she sat there, she felt uncomfortable and her expression became even more uncomfortable.

Not long after, a middle-aged couple came in from outside. It was none other than Lu Jin and ye Shuyun, whom Meng Ni had met before.

One was noble, and the other was elegant. This was noble, and to Qin Xiaoyue, she was a country bumpkin.

Lu Qin stood up and called out to his uncle and aunt. He was very polite, but his face was a little stiff.

Meng ni also quickly stood up. From this couple, she felt like she had entered a wealthy family.

Ye Shuyun sized up Meng Ni for half a day. In fact, she really did not come out. This woman was not as good as Yan Huan. Although she hated Yan Huan, she had to admit that this woman was not as beautiful as Yan Huan, it was as if her temperament didn't dare to be.

She touched her body for a long time and then thought about it. She didn't know what to give her, so she seemed to be a little embarrassed. This was because Qin Xiaoyue also didn't say that she would come today. Last time, she was already embarrassed, this time, she couldn't be embarrassed.

Although the two families were separated, they were elders after all. It seemed a little embarrassing not to give her a gift.

"Have you eaten?" Ye Shuyun asked Mengni. It was not a big deal to just sit there like this. What was wrong with Qin Xiaoyue? Didn't she think about preparing food and entertaining her future daughter-in-law?

"How are we going to eat if you don't come back?"

Qin Xiaoyue snorted. She was already at odds with Ye Shuyun. Now, because of Yan Huan, everything was even more wrong. However, she and Lu Qin seemed to have forgotten that ye Shuyun's family was the real culprit who hung up the phone.

Who did their eldest son offend? When the second son caused trouble, it was their eldest son who had to bear the responsibility in the end. Even Lu Yi was sold off by Old Master Lu without receiving a single cent.

Ye Shuyun didn't want to quarrel with Qin Xiaoyue here because there were outsiders. Even if she was Lu Qin's fiancée in the future, she hadn't entered the Lu family yet. That meant that she was an outsider, and the Lu family's face., she couldn't lose face here.

Chapter 1450: Fawning on mother-in-law

"Have a seat first." Ye Shuyun smiled at Mengni. "I'll get someone to prepare. I didn't expect you to come today, so I didn't prepare much."

She apologized. Indeed, she was very proud and comfortable when it came to receiving gifts. Of course, she didn't forget about the things that Mengni was carrying.

Because Mengni had also discovered that the jewelry on Aunt Lu Qin's body could be said to be of the highest quality. The jade bracelet on her wrist could also be seen. The quality of the Jade was very good. It was all made of glass.

Mengni was quite observant about this.

When Ye Shuyun saw the high heels on the ground, she was also surprised.

"She's Back?"

Lu Jin nodded. "She should be back."

“Where is she?” Ye Shuyun asked. “Where did she go when she came back?” Of course, she wasn’t worried about Yan Huan, she was just annoyed.

Lu Jin looked up at a certain room and didn’t say anything. Instead, he changed the topic and said that he had to prepare food and serve the guests. As expected, Ye Shuyun didn’t want to talk about Yan Huan anymore, she still had to think about how to prepare a gift for MENGNI.

“What kind of gift do you think I should prepare for her?”

Ye Shuyun asked Lu Jin, “What should I give her so that she won’t lose face?”

“You Mean Yan Huan?” Lu Jin thought that ye Shuyun had thought it through.

“She’s Dreaming.” Ye Shuyun pulled a long face. “It’s the one outside.”

.....

“Oh, it’s her. She’s not your daughter-in-law. Why Are You So Serious? Haven’t you prepared anything for your daughter-in-law?” Lu Jin reminded ye Shuyun not to be too biased.

“Don’t even think about it.”

Ye Shuyun snorted.

Alright, Lu Jin didn’t say anything. Of course, he didn’t dare to add fuel to the fire for ye Shuyun so that she wouldn’t burn herself to death.

And indeed, Ye Shuyun could not be blamed. No one could accept the fact that Yan Huan wanted to marry their son.

In fact, he did not dislike Yan Huan. As long as Lu Yi was willing, it would be fine. Moreover, it was not easy to get a wife nowadays. Just like Lei Qingyi, she was still single, she could be a bachelor for the rest of her life.

Therefore, his family’s Lu Yi was still considered good. It was just that ye Shuyun couldn’t figure it out. However, it was still a long time, so she would eventually figure it out.

Ye Shuyun opened the drawer and continued to prepare gifts for Mengni. Of course, Yan Huan didn’t want to say anything to her.

She began to rummage around in the room, insisting on giving a gift that didn’t lose face.

At this moment, Yan Huanmin was already extremely sleepy in Lu Yi’s room. She was lying on Lu Yi’s arm, both of their breaths were a little hurried, and there was a very clingy smell in the air, almost all of them felt like they were being seduced.

As for what the two of them had done just now, it was probably self-evident.

“I want to sleep for a while.” Yan Huan lazily buried his face in Lu Yi’s arms. “Call me again when we eat later.”

“Okay.” Lu Yi gently patted her shoulder and hugged her even tighter.

He lowered his head and looked at the woman in his arms who was extremely sleepy. He knew what kind of poison this woman had poisoned him. His self-control was extremely strong, he had never been very passionate about the relationship between a man and a woman. However, this time, it was good. This time, it was almost impossible to stop the surging desire in his chest.

Therefore, it made her tired. In fact, she was really tired. She had just gotten off the plane and her body was not in good condition.

After Yan Huan fell asleep, Lu Yi carefully sat up.

He also opened the door and walked out.

He also walked into his parents' room. When he opened the door, he saw that it was a mess inside. There was no place for him to stand.

"Dad, Mom, what are you doing here?"

Lu Yi walked in and could only stand at the door.

Lu Jin smiled bitterly. What else could he do? He was just looking for gifts.

"Looking for a gift."

Lu Yi raised his eyebrows. "What Gift?"

Lu Jin whispered to his son. Of course, he was also avoiding ye Shuyun.

"I originally wanted to give it to Mengni, but in the end, I gave it to your wife. She's like that. She has a sharp tongue but a soft heart. Don't worry, Yan Huan will have her share."

"Mom, just give her the necklace on her neck."

Lu Yi suggested.

Ye Shuyun stood up and touched the necklace on her neck. Then, she snorted, "Why should I give it to her?"

"This is a birthday present from dad to Mom. It's also mom's favorite." Lu Yi walked over and picked up the things on the ground and placed them on the table. Otherwise, there would really be no place to stand.

Ye Shuyun snorted. Even her son didn't want to bother with her anymore.

Also, she put her hand on her waist. It didn't seem easy for her to decide what to give to Lu Qin.

"Give this to me." Lu Yi placed the bag in his hand on the table. What she gave you was for you to give to her.

Although ye Shuyun was unwilling, she still took the bag and took out a box from inside. When she opened the box, there was an extremely beautiful brooch inside. And this brooch., seemed to be exactly the same as the one she had lost.

This was a gift from Lu Jin last year, but she had not brought it with her once before it suddenly disappeared. She and the nanny had searched the entire house, but they could not find the brooch.

She was also embarrassed to accuse the others, so in the end, this matter was not known.

In fact, she knew who did this. In the whole family, only Qin Xiaoyue was dirty. The servants in the house did not dare to touch her things. Moreover, she did not want to say that there was a surveillance camera at the door, at that time, she checked the surveillance camera and knew that it was Qin Xiaoyue who did it.

And she did not expose this matter from the beginning to the end because she felt embarrassed. No matter how Qin Xiaoyue said it, she was still a member of the Lu family. If this matter was known by others, not only would Qin Xiaoyue be embarrassed., she would also be embarrassed.

Therefore, she forcefully endured the matter of the brooch. Until now, she didn't tell anyone about it.

And now, this was for her to give away?

"You want to give this away?" Ye Shuyun took out the brooch. Of course, she knew that this wasn't the one she lost because her brooch had a number on it and her name was on it, this was the one that Lu Jin had written her name on when he had custom-made the brooch, but this one was not hers, so it was not hers.

Lu Yi glanced at the brooch in Ye Shuyun's hand indifferently.

"She saw this brooch at second aunt's place once and knew at that time that it was given to you by Dad. Although she was a little confused at that time, she knew what it meant to steal and what it meant to be a thief."
