

Sweet Wife 1451

Chapter 1451: spoke well of her

“There are some things that are not concepts. She knows it herself. Mom, she’s not as bad as you think. Mom, it’s not difficult for you to try to accept her. You Can’t treat her as your enemy and treat me as your enemy as well.”

Ye Shuyun wanted to say a few more words, but in the end, she shut her mouth and forcefully endured her unhappiness.

What could she do about it.

She also remembered that a few days after she lost the brooch, Yan Huan gave her something on a whim.

She still remembered that day, when Yan Huan came in from the outside, he still looked indifferent when he saw her.

And she was holding something in her hand to celebrate ye Shuyun’s birthday.

“It seems that I want to give something to aunt for her birthday. Anyway, I have a lot of money, so aunt can keep it for herself.”

After saying that, she put the thing in Ye Shuyun’s arms and turned around to leave.

It was a pair of earrings made of jade. Although ye Shuyun had never worn them before, she had always kept them.

“I told you, she finally figured it out. Why did she want to give me something back then? She didn’t pay attention to me in the past, so she probably didn’t want to compensate me. She couldn’t return the brooch to me because Qin Xiaoyue stole it, so she gave it to her for something else.” Now that she thought about it., actually, Yan Huan wasn’t really that annoying. Otherwise, she would really try to accept it. What else could she do if she didn’t accept it? She would hate each other for the rest of her life. She wasn’t punishing herself, but her own son.

“Yes.” Lu Yi nodded.

“Mom, she’s actually very good. She’s just a little silly. Some things aren’t her fault. She’s just led astray.”

When Lu Yi said this, he would think of Yan Huan’s foolishness. She was really silly. She could sacrifice her entire life for a man who didn’t love her, but she had never loved herself properly.

.....

Therefore, she was really not bad. It All depended on who she met and how it affected her.

Ye Shuyun looked at the brooch in her hand. She thought that Qin Xiaoyue should remember this brooch because it happened last year. Qin Xiaoyue couldn’t have such a bad memory and forget about last year.

Especially about her favorite jewelry. Her jewelry was put together and she had to look at it and count it every day. Taking it out seemed to relieve her anger.

Ye Shuyun put the brooch away. "Did she buy it on Purpose?"

"Yes," Lu Yi nodded, "She happened to see it outside, so she bought it. She said that some people just need to use these things to tip others so that others won't miss your things. Of course, Mom will also take revenge."

Ye Shuyun put away the brooch and closed the box. Then, she snorted and felt uncomfortable. Qin Xiaoyue could take anything from her, and she could take anything, however, this was the birthday present that Lu Jin had prepared for her for a long time. Her name was on it, so this was what made her uncomfortable.

Alright, I'll give this away. I want to see where Qin Xiaoyue's face will be in a while. And now that I think about it, Yan Huan isn't too annoying. Alright, I'll try to accept it, I don't want to make my son look bad.

"By the way, where is she?"

Ye Shuyun asked Lu Yi, "I saw the shoes outside. Is she back?"

"Yes, she's back. She's sleeping..."

When Lu Yi mentioned her, his stiff facial features suddenly softened. Ye Shuyun had never met such a Lu Yi before.

Ye Shuyun suddenly shivered and leaned on Lu Jin's shoulder.

"Lu Yi, are you and her already..."

Ye Shuyun was embarrassed to say this. Even if it was her own son, she couldn't say it out loud. Didn't he say that he didn't care about women? She was worried that her son might have a problem with that. What was going on.., they were already so..

Lu Yi coughed.

"Mom, you should go check the kitchen. She'll be hungry when she wakes up. She's not feeling well now. The last time I was shot, she was the one who gave me 1,500 cc of blood. She almost died. Mom, I owe her my life. Now that Grandpa has given me to her, I'm not at a loss."

Ye Shuyun was stunned again. "She gave you the blood transfusion?"

How did she not know about this? No one had told them before. They only knew that Lu Yi was indeed in danger when he was shot the last time because the place where he was shot was right next to his heart, therefore, he lost a lot of blood and Lu Yi's blood type was very special. What they were most afraid of was not having any blood in reserve. In the end, there was no shortage of Lu Yi's blood type that day. They probably knew.., Lu Yi had indeed lost 1,500 CC of blood. It was also that blood that saved Lu Yi's life.

To be honest, Ye Shuyun, who was initially reluctant, seemed to have really accepted Yan Huan this time. Yan Huan's position in her heart also became higher, of course, she also spoke up for Yan Huan. She also found an excuse for her to clear her name.

Actually, that woman was not bad.

She was pretty and her character was not bad. She had saved the old man and Lu Yi before.

Other than being Lu Qin's wife, she was the perfect daughter-in-law.

However, who in this world had not made a mistake? As long as they changed it, it would be fine.

Yes, as long as they changed it.

Moreover, just like what Lu Jin said, with her son's character, it would be fine if there were women to marry. She did not accept Fang Zhu's appearance. Therefore, she did not have as much resistance as before.

It could also be said that she had accepted her fate.

Lu Yi gave his woman a sense of presence in front of her parents and left. He had only walked a few steps when he met Lu Qin. When Lu Qin saw Lu Yi, he was almost smiling strangely.

"Big Brother, why? How does my ex-woman taste? Although she is a little stupid, her performance in bed is very good." At this moment.., when he was talking about this, he did not realize that the almost completely green fur in his words had grown a little more.

Lu Yi walked over and stood in front of Lu Qin. Lu Qin had been afraid of Lu Yi since he was young. Lu Yi was taller and stronger than him, and he was also better at fighting than him. If they were to really fight.., a white-faced scholar like him could not even be compared to a single finger of Lu Yi.

He couldn't help but take a few steps back, especially the coldness in Lu Yi's dark eyes, which also shocked him.

Lu Yi stretched out his hand and placed it on Lu Qin's shoulder. Lu Qin's body couldn't help but shrink a little. This feeling was like being bitten by a poisonous snake. He instinctively wanted to scream, wanted to scream.., he also wanted to escape, but his pride as a man made him endure it.

Chapter 1452: Warning

Lu Qin's face turned pale as cold sweat dripped down his forehead.

"If you say such vulgar words again, I will make you get out of the entertainment industry. You Won't be able to receive any films in the future. You can try my bottom line." Lu Yi let go of his hand and patted Lu Qin's shoulder. Lu Qin, you'd better remember that no matter what her previous identity is, she is your sister-in-law from the moment she is my woman. Don't forget, you know my character."

Lu Qin closed his colorless lips. At this moment, he finally knew what was the difference between him and Lu Yi?

If Lu Yi was willing, he only needed one finger to kill him. However, Lu Qin didn't even have the slightest authority over Lu Yi.

“What’s wrong with you?” When Meng Ni saw Lu Qin, she quickly walked over. She had been waiting for Lu Qin for half a day. Why did he look like a fool? He had been standing there the whole time and hadn’t moved at all.

It was nothing. Lu Qin turned around and smiled at Mengni. It was this smile that made Mengni feel strange in her heart. She always felt that it was a little fake.

Lu Yi opened the door. When he entered, he saw that Yan Huan was still asleep. She was too tired, and her breathing could be heard.

He walked over and carefully covered her with the blanket. Just like that, he quietly accompanied her and accompanied her.

Yan Huan suddenly reached out and tugged at the corner of his shirt.

Lu Yi lowered his head and happened to meet her eyes when she opened them. However, her eyes were still sleepy.

She tugged at his sleeve again and moved to the side.

“I got it.” Lu Yi touched her forehead and felt the warmth on her body. It was still warm and cool. Only then did he feel relieved. He took off his coat and lay down as well. He stretched out his hand and carried her into his arms.

Out of habit, Yan Huan held tightly onto the clothes on his chest and pressed her face against his chest. Soon, she fell asleep again.

.....

She furrowed her delicate brows uncomfortably and saw that she was currently barefoot. At this moment, she seemed to have entered the garden of detention. However, the garden of detention seemed to be a little different from what she remembered, in her impression, the garden of detention was filled with stiffness. However, it was different now. It had started to become softer and even the color of the walls had also become brighter.

She took another step forward. The television in the living room was ringing, and there were three children sitting on the sofa. The three children were sitting there quietly, each of them revealed their fair and tender little feet.

She walked over and squatted in front of them. The two boys looked exactly the same, and there was a little girl sitting in the middle. The little girl’s Little Hand had always been holding the hands of the two boys. She was obedient, cute, and very beautiful.

Just like her when she was young.

She stretched out her hand and gently caressed the child’s little face as if she was separated from the air.

The child seemed to have noticed something, and his eyes also looked in her direction. Then, he tilted his little head. Perhaps it wasn’t because he didn’t quite understand, but he continued to watch cartoons on television.

Yan Huan turned to the other child. This was Xiao Guang, and the other child was Xiao Qi. These two were twins. They clearly looked exactly the same, but there was no light in Xiao Guang's eyes, he was like a beautiful doll as he sat motionlessly. His little hand was being pulled by his sister, and he never let go.

Suddenly, the gravitational force pulled her back again. She could only see a man walking towards her. She could not see his face clearly, so she could only see him. He hugged the little girl, and the little girl suddenly stretched out her little finger in her direction. The man rubbed the little girl's hair, but he did not turn around. The man hugged Xiao Guang again, and at this moment, all Yan Huan could see was that his figure was actually very familiar..

Suddenly, the suction force became stronger. Her body also trembled. When she opened her eyes, she saw Lu Yi's pair of dark eyes that were difficult to see. However, there were some rays of light hidden in his eyes that she did not understand.

The moment she woke up, it also turned into a kind of emptiness.

"You're awake."

"I'm not." Yan Huan was just like a child. She curled her body into his embrace. I don't want to wake up.

"Then continue sleeping." Lu Yi hugged her a little tighter, so tightly that Yan Huan almost felt pain.

However, Yan Huan liked this kind of strength. She liked the warmth on his fingers and also liked his strong physique. He also had a lot more strength than the average person. He could easily carry her up, and she was not afraid of crushing him. Unlike Lu Qin, who was a weak scholar, thinking about it now made her want to beat him up.

Yan Huan thought about that matter again. That matter couldn't be true, right?

Lu Yi flipped over and pressed her under his body. "Don't get distracted."

Yan Huan wrapped her arms around his neck and took the initiative to kiss his thin lips. Then, she buried her little face above his neck. "My assistant told me something, but I don't know if it's true or false."

"What is it?" Lu Yi sat up again and let her sit on his lap. Then, he wrapped her up with the blanket.

Yan Huan actually felt that it was difficult to say it out loud, but in the end, he still whispered it into Lu Yi's ear.

Lu Yi was surprised, but he only ruffled Yan Huan's hair. "It's not our business. What they want is his business."

"Okay, I got it." Yan Huan clung onto him, not wanting to leave.

"I don't want to eat anymore," she mumbled.

"I still want to eat." Lu Yi looked at the time, then pulled the blanket off her and helped her put on her clothes.

Prosecutor Lu's fingers were very flexible, and his fingers moved with an indescribable grace,

“Have you ever helped Fang Zhu put on clothes before?” Yan Huan pursed her lips. This feeling was so familiar.

“Little vinegar jar.” Lu Yi pinched her face. “You’re the first, of course...” he placed his fingers on Yan Huan’s waist, “If you don’t want to wear them, I can help you take them off.” The fiery look in his eyes made Yan Huan’s heart skip a beat. Then, he rubbed his fair and smooth legs.

“No, I want to sleep again soon.”

It had already happened once. If she did it again, she might really have to sleep until the next day.

Lu Yi’s stamina was astonishing, and his endurance was also strong. She felt that her body was somewhat unable to deal with him.

Chapter 1453: Troubled Matters

“I know,” a chuckle came from above her head. Yan Huan knew that Lu Yi was laughing at her. She reached out and gently patted Lu Yi’s shoulder, causing him to hug her tighter.

At this moment, the atmosphere was quiet and beautiful.

However, in the end, they still went to eat. After all, there were outsiders around. As for outsiders, Mengni, others might not know how to be polite, but they needed her.

When Ye Shuyun gave the brooch to Mengni, Qin Xiaoyue’s face was completely black. As for Yan Huan, Ye Shuyun really gave her her necklace. It looked like a charity, but in fact, Yan Huan was already very touched.

She knew that Ye Shuyun was beginning to accept her. However, she still had to continue working hard to succeed.

At the very least, she was already developing in a good direction, right?

As for Mengni and Lu Qin, their wedding was definitely going to happen.

This day could be considered Mengni’s wedding night, but it didn’t seem to be perfect. There was no Chinese wedding, and of course, there was no western-style wedding either. There were no guests’ blessings, and there was no celebration from the circle. Everything was simple, in fact, she wanted a cross-country wedding, but there wasn’t one. Of course, there wasn’t the beautiful wedding dress that she wanted to fly back from abroad.

Only now did she know that the Lu family wasn’t as peaceful as she had imagined.

And what kind of status did Lu Qin have in the Lu family. Her mother-in-law, Qin Xiaoyue, was a nouveau riche and was rude. She treated people differently than Ye Shuyun. As for her father-in-law, he was just a photo.

His father-in-law had passed away when Lu Qin was very young. Before he passed away, he had sold all the family assets. Therefore, this house belonged to the Lu family, Lu Shi, and Lu Yi in the future, however, it did not have much to do with Lu Qin.

As for Mengni, Lu Qin knew that he had been cheated. He had calculated everything and spent so much money and time. Not only did he lose Yan Huan., he had also lost his butt. In the end, he also knew that she was a liar. What was the daughter of the CEO of a multinational company? What was the granddaughter of a founding father.

Yes, Mengni's grandfather had fought in the war, but he was just an ordinary soldier, an unknown soldier. When Old Man Lu was young, he was the one who had truly ridden a horse and fought in the war. He was the founding father., but he had already retired.

.....

But Mengni's grandfather was some founding father. To put it bluntly, he was nothing but an old Red Army soldier who fought against the Japanese. As for the daughter of the boss of that multinational corporation.

That was even more ridiculous. could a small shop be considered a corporation?

They each had some reservations, and these reservations were the greatest crisis between the two of them. They still couldn't feel it now, but as time passed and they retired., when their bright outer appearances disappeared, what they had to face was their true selves. It was like a woman taking off her makeup, like a man taking off his noble suit.

And the last thing they had to accept was the promises they had made, and what they had hidden.

Once Mengni entered the new room, she was a little dissatisfied. Everything here had not changed, and the cabinets had not changed either. But because they had not changed, she was happy, were they not going to change the furniture?

Were the things not arranged properly?

Also, didn't Lu Qin say that he would bring the fish tank back? What about the fish? Where did the tank go.

Lu Qin walked over and sat down as well. Of course, he also noticed that Mengni was obviously not too happy.

"I want that fish tank. Didn't you give me a surprise? When will I be able to see it? I want to be able to see the fish in the room. Then I must be in a good mood every day, right?"Tens of millions of fish., she had never seen it before. How could she not see it?

"It's not good-looking."Lu Qin was still smiling, but the smile reached his eyes. Only he himself knew.

Yes, it was not good-looking. Since it was not good-looking, then what was the point of having it.

"If you like it, you can change it to another one."

When Mengni heard this, she was a little unwilling.

Why did she have to change it? Why didn't Lu Qin change it for her? He was her husband. Couldn't he just give her a stable life? She just wanted a fish tank, and Lu Qin himself had promised., he had even

taken a picture of the fish tank for her to see. He even said that he wanted to give it to her, but now he didn't want it no matter what. Did he really have to discuss it with her.

If there was a problem with the fish, she wouldn't have said that she had to stay here.

And now, he was saying that he wanted her to pay for it herself.

And the two of them didn't realize that from this moment on, they were already suspicious even before they enjoyed their wedding.

Compared to them, it was obvious that Lu Yi and Yan Huan's relationship was getting better and better. Of course, Ye Shuyun could also be considered to have gotten over it. From the beginning, she wasn't willing to pay attention to Yan Huan, but now, she was neither too cold nor too warm, recently, she seemed to be willing to talk.

Recently, Yan Huan had a troublesome matter that needed her to deal with.

It was also quite troublesome. Moreover, with her character, it was actually not suitable for her to deal with these matters.

Of course, Yan Huan did not isolate himself now. He thought that he was truly isolated from the world or something. He could observe from afar and not be touched. She was not very aloof, and she was also not as aloof as others. To put it bluntly.., no matter how high and mighty she was, could it be that she did not eat, drink water, or use the toilet? She was just a person, an ordinary woman.

If one were to ask her what she loved the most right now...

Only one.

She loved Lu Yi.

That was why sometimes it was said that Yan Huan's IQ was not too high, but her EQ was really not bad.

However, it did not matter if her IQ was low. With a person with a high IQ like Lu Yi, in the end, she would not be deceived by others,

after staying with smart people for a long time, she would naturally become smart.

After spending a long time with high-quality people, her quality would naturally improve.

This was also why, during her two years in the Lu family, she became more and more like Qin Xiaoyue. Now that she thought about it, she did not dare to recall. At that time, she was actually so selfish, mean, and ugly. She liked to expose people's shortcomings and also liked to kick them when they were down.

She liked to find other people's shortcomings more and more, but she didn't think that she was becoming more and more unbearable and unreasonable.

Now, she even felt that she would become another Qin Xiaoyue soon. Everyone hated her, and everyone hated her.

Lu Yi sat down and clenched Yan Huan's hands, then placed them on his knees

In a while, Lu Jin and ye Shuyun is also over.

Chapter 1454: on National Treasures

Ye Shuyun looked at this and then looked at that. She really couldn't figure out why Yan Huan asked them to come here.

But in the end, they still sat down,

Lu Yi took out a milk candy from his pocket and fed it to Yan Huan. Yan Huan's blood sugar was very low now, so when he was free, Lu Yi's pocket was filled with candy too, whenever he thought about it, he would let her eat one. Otherwise, if she sat there for too long, she might feel dizzy.

"Can you give me one too?" Ye Shuyun looked at the candy with her eyes wide open. Then, she glared at Lu Jin. Her small eyes were filled with resentment, and her meaning was very clear. Why was her son so considerate, but her husband was not.

"Mom, Huanhuan's blood sugar is low, but yours is high."

Lu Yi was really helpless about this.

Yan Huan's blood sugar was low. She needed to eat food, but how could Ye Shuyun Eat Sugar? was her blood sugar going to rise?

Oh, OH, Ye Shuyun understood. How could she have forgotten about this? She couldn't eat sugar.

Oh, right, what were they doing here?

The family of four sat as if they were in a meeting. Lu Jin, her, her son still had Yan Huan.

But now, Ye Shuyun found Yan Huan more and more pleasing to the eye. Of course, she also became more and more amiable. With her son, they were a perfect match. Lu Yi was extremely handsome, he wasn't some fresh meat, of course, he wasn't at the uncle level either.

He was very masculine. His entire body also had a strong and vigorous aura. He had the air of a soldier. He was also a soldier. His personality was upright and upright, but it was precisely because of his personality.., that was why it made people feel that it was difficult to get close to him.

However, Lu Yi's looks were indeed not bad. It was just that there seemed to be a deviation in the aesthetic standards of women nowadays. He was clearly such a pure man, yet he liked Sissies.

.....

Now that she saw that Lu Yi was still chatting happily, she was initially worried about her son and felt uncomfortable. It was because her son was choking on a woman. He would be living a life worse than death and might not be willing to go home in the future, he also understood his son's character. If he really married her, regardless of whether someone forced it on him or whether he liked it or not, he would be loyal to his daughter for the rest of his life. The men of the Lu family were all like this, moreover, the people of the Lu family did not marry easily. If they were married, then they were not allowed to divorce. If they wanted a divorce, they could just get out of the Lu family.

Yan Huan was not the daughter-in-law she wanted. She wanted Fang Zhu. She felt that a daughter like that was a match for her son. Their personalities were so close, but only today did she know.

So it turned out that his son liked to be beautiful.

In the past, Lu Yi and Fang Zhu treated each other like ice. The two of them did not seem to be in a relationship, but more like they were doing business. But now, looking at the way he and Yan Huan interacted, it was clear that it was not that they did not know how to love each other, it was because their personalities were too close to each other. It was as if they were replicating their other selves. Instead, they could not get very close to each other.

As for Yan Huan, she was different. It could be said that she was very brave. Lu Yi's face was very serious in the eyes of others, and it was also very frightening. On the other hand, Yan Huan had even dared to pluck fur from a tiger's mouth. This was not the first or second time.

Of course, there were some things that were the interests of a husband and wife. Of course, it was impossible for them to be ostentatious to everyone.

Right, Ye Shuyun turned her head again and glanced at Lu Jin. Why did she ask them to come?

Lu Jin shook his head. He did not know either, but he did not ask. He knew everything that he needed to know in a while.

Yan Huan took out a velvet box and placed it on the table. It was an exquisite red box. She opened the box and there was an extremely large sapphire inside,

wasn't this that piece?

Ye Shuyun recognized it at a glance. Yes, it was that piece.

Ye Shuyun knew that after Yan Huan and Lu Yi received their certificates, they were both filled with hatred and anger. She was really angered to the point that her lungs hurt, but in the end, she endured it and accepted it.

Of course, she also returned everything that Lu Yi gave her back to Yan Huan. She wasn't Qin Xiaoyue, so she wouldn't scheme against Yan Huan's things. These weren't hers. After she kept them by her side, she hadn't been able to sleep well, it was the same for Lu Jin. The two of them had been worried for months, and they had finally returned all these things.

This was the piece of gemstone on the crown of a certain country. Occasionally, it would fall into Yan Huan's hands. Yi Ling had gotten it back. Back then, she had spent tens of millions, but Yan Huan liked it very much, so she had kept it, she did not sell it because it was also a memory of Yi Ling's death.

In fact, even she did not know that this gem was actually the national treasure of a certain country. It was also the country's noble quest. Later on, they wanted to buy it back from Yan Huan, but Yan Huan was not willing, and they gave her 300 million. Yan Huan did not lack money back then. In addition to Yi Ling's death, she was in a very bad mood. Later on, she did not have any intention of selling it. Later on, she broke up with Lu Qin, she had completely forgotten about this gemstone.

It was not until not long ago that those people suddenly found her again. Because of the loss of the national treasure, it was actually a very shameful thing for a country. Therefore, they did not make a big fuss about contacting Yan Yue, and they wanted to buy back their national treasure from Yan Huan at a high price.

“This, that country’s people want to buy it back.”

Yan Huan had never thought that the gemstone that Yi Ling had given to her would become someone else’s national treasure in the end. Now, he still wanted to buy it back from her, but could she not sell it.

“You don’t want to sell it?” Lu Yi asked her. He could see the reluctance in Yan Huan’s eyes. Of course, it was not because she liked it so much. Other than the fact that it was given to her by Yi Ling, she also had a little bit of stubbornness in her personality, perhaps it was because she couldn’t accept other people’s forceful buying and selling, which was why she didn’t like it too much

“I feel that it’s not because I don’t want to sell it.” Yan Huan placed the gem in her heart. She had once thought of using this gem to make a necklace. After cutting it open, she could even make a set, however, looking at it now, she still couldn’t keep it in her hands in the end.

“This is someone else’s national treasure.” Lu Yi took out the gemstone from Yan Huan’s hands and placed it in his palm. Although it wouldn’t break, it was still better to be careful.

“As for National Treasures, no matter how big or small the country is, how many people and how much money it has, to a country, this is a matter of the country’s face and national prestige.”

“No country will allow their national treasure to be in other places, not to mention that it is on the crown of their country. If you don’t really like it, it’s better to return it to them.”

Chapter 1455: the huge sum of money

Of course, this wasn’t really a repayment. This gemstone was bought by Yan Huan with real money. It wasn’t stolen or snatched back. If the other party wanted it, he could just buy it with money.

“I think so too.” Yan Huan understood very well, so she also decided to sell it.

There were some things that one should know when to stop. It was not a good thing to take advantage of others too much, so she did not bargain with them or stubbornly refused to sell.

“They must take it back this time?”

Lu Yi guessed it.

“Yeah,” Yan Huan admitted. “They contacted me again.” Although this matter was her matter, she still had to inform Lu Yi’s parents.

Because they were a family.

Moreover, this matter might require Lu Jin’s influence. After all, they were not clear about what would happen during the transaction process, so it was better to be prepared.

“How much are they prepared to buy?”

Lu Yi asked Yan Huan.

“700 million,” Yan Huan sighed and reported a number.

Ye Shuyun drank a mouthful of water. Yes, it was quite a lot. At first, it was said to be 300 million, but now it was 700 million. Actually, it was not considered a lot in terms of national treasures. Moreover,

with the speed at which Yan Huan was earning money, if she had made more films back then.., if it was luck now, she might have earned back the money in a few years. Therefore, it could not be said that it was more than 700 million, but it was definitely not less.

7 was already a billionaire. He could live his entire life without having to worry about food and drink. He could squander whatever he wanted

.....

Yan Huan raised her head to look at everyone again. Finally, her gaze returned to Lu Yi. She gave him a beating and even made herself sound as if she had been wronged.

“It’s 700 million USD.”

There was a PFFT.

Ye Shuyun directly spat out the water that she had just drunk. Coincidentally, Lu Jin also turned his face away. In the end, he gave Lu Shi a bath.

The corner of Lu Jin’s eyes twitched. Then, he took out a tissue from the table and silently began to wipe his face. This was probably not the first time. He had forgotten about it. Why didn’t he cover his face, and he had also forgotten that when ye Shuyun drank the water, she would directly spit out the water.

“I’m sorry.”Ye Shuyun put down the cup and coughed. I didn’t do it on purpose. I was just a little too excited.

Yes, too excited. I was really too excited.

She felt that 700 million was unbelievable.

What did Yan Huan Say Just Now? 700 million? USD?

“How much did you say just now?”Ye Shuyun asked again. How much was it exactly? Did she hear wrongly?

“It’s 700 million USD.”Yan Huan said very seriously. Of course, this was also the truth. It was because there was too much. Was it tens of thousands, not hundreds of thousands, tens of millions, but billions, this was not something that Yan Huan could afford. Hence, she called the whole family together to discuss this matter.

This was because this gem was definitely going to be sold. It was how it was going to be sold and how it was going to be traded. Of course, she had to let ye Shuyun and Lu Jin know that their family would suddenly have so much money.

Of course, Yan Huan wasn’t afraid that Lu Jin and ye Shuyun would think about this. They would be envious, and they would take the money for themselves.

Lu Jin and ye Shuyun only had one son, Lu Yi. Everything they had in the future belonged to Lu Yi. Moreover, if they wanted this, they wouldn’t have returned it to her in the end.

Moreover, the money was handed over to Lu Yi in the end. It wasn't convenient for them to invest in other things, but they could invest in other things. Every year, they would earn tens of millions. It was enough for the whole family to live a good life.

"Sell it." Lu Jin looked at the velvet box again. "It's so valuable. It's dangerous no matter where you put it."

Ye Shuyun quickly nodded. It was dangerous. How could it not be dangerous? When it was worth 300 million, she could no longer sleep at night. She always felt that someone would enter her room. Even if it was locked in the safe, it was not that safe, if someone carried away the safe, if someone carried away the house, it would not be safe anywhere. It would not be safe anywhere.

Therefore, it was better to sell it. If it was sold, there would be one less potential danger. There was also second brother's family. If they knew that this item could be sold for so much, they would be anxious. Who knew what they would do because of this money.

"I'll contact the people over there later to confirm the method of handover."

Lu Yi held Yan Huan's hand tightly. He was very appreciative of her attitude in handling this matter. This was because she did not exclude his parents. She also let his parents participate in this matter and did not isolate herself.

This was the right way.

Yan Huan raised her chin. She was still quite arrogant.

Lu Yi pinched her face. "Yi bin will come over in a while and get him to help you check your body."

"You're going to draw blood again?" Yan Huan thought of the monthly check-ups and felt a headache coming on. Could she not do it so frequently? Other people carried out physical examinations once a year and a half, but she was doing well. She did it once a month.

"I can't draw much blood." Lu Yi was helpless about this. Yan Huan had lost too much blood and hurt her body. No one could say how much she could recover.

There could not be a lack of monthly physical examinations, and it was he yibin who came to serve her. What was there to be afraid of?

Yan Huan's face was still full of resentment. She was not too happy, and she wanted to pull off the button at the corner of Lu Yi's sleeve

Suddenly, she raised her hand and placed it in front of Lu Yi's eyes.

"I dropped it."

As expected, there was an extra button in her palm.

"Mm, very good." Lu Yi patted Yan Huan's shoulder. "You've once again tested the truth of whether this button is sturdy or not. Next time, sew the button tightly so that it won't be impolite on important occasions."

"I'll go back and help you sew it."

Yan Huan was elated by Lu Yi's praise. In a while, she would go to work on the sewing that she didn't like.

The conversation between the couple was actually a little incoherent, but the two of them could understand it. As for the others, whether they understood it or not was up to them.

Ye Shuyun and Lu Jin looked at each other. Both of them saw a sense of satisfaction in each other's eyes. Yes, satisfaction, it was satisfaction. Finally, it was satisfaction. Wasn't it satisfaction.

Ye Shuyun changed into another set of clothes, but she seemed to wake up in a while. She pulled Lu Jin, but she didn't want him to sleep,

"What?" Lu Jin was lying there, and he didn't want to wake up at all.

"I just came back. I haven't slept for a few days. Can you let me sleep for a while first, and then talk about other things?"

"No," ye Shuyun was excited. She sat down and sat on Lu Jin's feet. Lu Jin looked at his feet, which were under ye Shuyun's buttocks, and could only accept his fate and sit up.

Chapter 1456: was not a sacrifice

"Alright, go ahead."

He knew that if ye Shuyun did not let him speak clearly and let her say enough, he would not be able to sleep.

What do you think about our Lu Yi and that Yan Huan? How are things between them.

Ye Shuyun had been holding it in for a long time. If she did not speak out, she would die.

Ever since Lu Yi married Yan Huan, she had always been like this. She was worried about this and that. She couldn't help but worry. If Old Master Lu hadn't forced a wife like Yan Huan into her hands...

She had never really thought of letting her son marry her.

Although she used to like Yan Huan's TV series and didn't hate him too much, that was only because he was someone else. If he became her daughter-in-law, he would eventually.., she was still not very happy. Although she had changed a little and didn't hate Yan Huan Too Much, perhaps she had accepted her fate, she was still unhappy.

"You're thinking too much. That's their own business. Why? Do you still want to interfere in their private affairs?" Lu Jin lay down again, "It's already good enough that your son's stubborn character can get a wife. Who cares if it's a second marriage or what kind of character he has? Look at those two. Do they seem to quarrel every day? "Look at your son's face. He even wants to go home more than before. He even smiles more. So, the woman who can make him smile won't be bad. In the end, she's better than the Fang Zhu You picked. Have you seen your son smile when he's with that Fang Zhu?"

Ye Shuyun shook her head. "Their personalities are close."

"Their personalities are close, but they don't necessarily have to be suitable. Sometimes, the two of them have to complement each other." Lu Jin was not speaking up for Yan Huan, he was just stating the

facts, "And didn't you realize that your son actually likes to be beautiful? Only you can see Fang Zhu looking like that. Aren't you afraid that your son will be depressed when he sees him every day?"

"How is that possible?" Ye Shuyun refused to admit it. "Fang Zhu is a nice person."

"He's nice. Your son didn't say that he wanted to marry her."

Lu Jin impolitely poked at Ye Shuyun's self-righteousness.

"Alright, just trust me this once." Lu Jin pulled the quilt for himself again. "I'm really going to sleep. Remember not to disturb me again. I'm really too tired."

He yawned. As soon as his head touched the pillow, he immediately wanted to sleep. He had not slept well in the past few years. It was not easy for him to take a vacation, and the vacation this time was quite long, he wanted to sleep until the next morning and not wake up.

"You can't sleep." Ye Shuyun directly pulled Lu Jin's arm. "Get up. You Can't sleep. What will I do if you sleep?"

Lu Jin raised his eyelids. Sigh, if you want to pull, then pull. If you want to pull, then just pull. Anyway, he was asleep.

As for Lu Jin and Yan Huan, anyone with a discerning eye could tell that they definitely wouldn't have a bad life. Since they wouldn't have a bad life, then what was the point of them talking about this here.

In the end, they had to live their own lives and manage their own lives. Other people wouldn't be able to help them live their lives and smooth things over.

The Man of the Lu family could not get a divorce. Naturally, he wished for his son to be well.

Moreover, Yan Huan really did not have much to choose from. Other than the matter of him being with Lu Qin, the Lu family was in the wrong. They had deceived a good girl.

He had no parents. If he had parents, would he be bullied like this? If he wanted his daughter, he would have broken Lu Qin's legs. How could he let Lu Qin and Qin Xiaoyue off so easily.

Of course, this was also because old master Lu sacrificed Lu Yi in the end. That was why it was so easy to let things pass.

As for whether it was a sacrifice or not, it was good as long as Lu Yi knew it in his heart.

His son was naturally not a vegetarian, so he did not have to worry.

"Lu Jin, Get Up!" Ye Shuyun still held onto Lu Jin's arm and refused to let go. She had to pull Lu Jin up.

Lu Jin refused to get up.

"I don't believe that I can't pull you up."

Ye Shuyun rolled up her sleeves and placed one of her feet on the bed. She pulled Lu Jin down forcefully. Lu Jin was sleeping very soundly, so what was ye Shuyun doing, for a man who was extremely tired, he really couldn't feel it. Moreover, Lu Jin was no longer the middle-aged man he used to be.

Then, he heard a bang.

Ye Shu was stunned. Even Lu Jin, who was lying on the ground, was stunned. Why did his head, which was knocked on the floor, hurt so much.

“Did you hear something?” At this moment, Yan Huan was leaning against the pillow behind her and helping Lu Yi sew buttons. Her sewing skills had been rising rapidly recently, and it wasn’t because of anything else, it was because she had to sew on Lu Yi’s buttons from time to time, and most of Lu Yi’s buttons were broken by her own hands. As for the sins that she had committed, she would deal with them herself.

“No.” Lu Yi was in contact with the people from that country, preparing to sell the gemstone immediately. It was to prevent the long nights at home from having more troubles, and also to make ye Shuyun’s nerves weaken daily.

“No?” Yan Huan thought about it. HMM, maybe she heard it wrong. There really wasn’t any sound.

She quickly sewed the buttons, and she even sewed every button properly. This way, she wouldn’t be able to tear them off no matter how hard she pulled.

“Do you think I sewed well?” She leaned on Lu Yi’s back and showed off the clothes to him as if she was presenting a treasure.

Lu Yi took the clothes and tugged at the buttons on the clothes. “Every single one of them has been sewn well. Yan Zhinu’s sewing skills have improved.”

“Of course, every single one of them is very strong.” Yan Huan still leaned on Lu Yi’s shoulder. “So I’m a good wife and mother, right?”

“Yes, I’m very competent.”

Lu Yi turned around, pinched her face, and praised her again.

“Then what’s the reward?” Yan Huan moved her face closer. Seeing how she was such a good wife and mother, didn’t prosecutor Lu have any reaction at all?

“What do you think?” Lu Yi rubbed her head in amusement. It was as if he was treating a child. He doted on her and spoiled her.

Yan Huan rolled her eyes and leaned against his ear, saying something to him. Her voice was sweet and soft, and her breath was in his ear, causing Lu Yi to be slightly distracted, very quickly, the little monster in his body started to stir.

“Is that okay?” Yan Huan asked him. At this moment, she was also blushing. After all, this request was very bold.

“Okay.” Lu Yi placed his hand behind her head and pressed his thin lips against hers. “Don’t wait until tomorrow night. I can promise you now.”

Chapter 1457: this was not a wealthy family

Yan Huan was stunned. Why did she feel as though she had lifted a stone and smashed her own foot? As for what she said and what Lu Yi had agreed to, only they themselves would know.

Of course, this was also a private conversation between the husband and wife. After closing the door, whatever they wanted to do was their own business.

The next morning, Lu Yi held Yan Huan's hand and helped her tidy up her clothes before coming over for dinner. However, Yan Huan seemed to be quite tired. She rubbed her eyes from time to time, and Lu Yi seemed to be in good spirits, of course, one could also tell that there was a small smile in his eyes.

However, when he smiled, Yan Huan Cried. She had indeed lifted a rock and smashed her own foot, but it still hurt a lot.

Lu Yi let Yan Huan sit down. There was a big table. Not only his family, but also Lu Qin's family. Since Lu Qin was not around, he had gone to film. In any case, it was normal for him to be like this. Sometimes, he would spend the entire year outside.

It was just right that he did not come back. When the old and new lovers were added together, he did not know whether he should be proud or ashamed. Sometimes, it was not so easy to enjoy the happiness of being together.

Lu Qin wasn't the emperor, so he couldn't openly embrace each other. If he wanted to make a name for himself, he had to give up one of them. Therefore, he gave up the one that was useless to him and kept the one that was useful to him, however, the one that he thought was useless now had a better life than being by his side. and the one that he thought could help him make a meteoric rise, now he had to rely on him to support him.

"Dad, What's wrong with your head?" Yan Huan took a mouthful of rice and stole a glance at Lu Jin's head. In the end, he couldn't help but ask, "Why is there a big bump on your head?"

"Nothing, nothing." Lu Jin touched his head and smiled awkwardly. Of course, he didn't want to talk about such a shameful thing.

Could it be that he wanted to say that he was pulled out of bed by his old wife and his head hit the ground? To the army chief, this was simply too uncouth.

Yan Huan pulled Lu Yi's hand and then leaned on Lu Yi's shoulder in a low voice, "Your father and your mother are really close. I told you that I heard something last night, but you still said that I didn't. Are they too much?"

"Ahem..." Ye Shuyun choked on her rice. What too much? How old were she and Lu Yi? How could they still do that kind of thing? Fine, she admitted it. Sometimes, on a whim..., there would be one or two times, but when she said this to a young man, she really felt her face turn red.

And a girl like her was indirectly admitting that they were too intense, so the two of them directly fell off the bed.

"Don't talk nonsense." Ye Shuyun took out a tissue again and elegantly wiped the corner of her mouth. "He fell off the bed."

"How did he fall off?" Yan Huan was now curious. He had to break the lid.

"I pulled him down."

After Ye Shuyun said that, she turned back to look at Lu Jin and saw him smiling awkwardly.

"So that's how it is. Isn't it more exciting to be on the ground?" Yan Huan thought in her heart. Then, she turned back to look at her man again, and Lu Yi met her eyes, a Ray of light seemed to pierce straight into her eyes.

At this moment, his gaze seemed to be saying, 'do you want to give it a try?'

Yan Huan hurriedly buried her face in the bowl and began to eat.

Meanwhile, the whole family was chatting and laughing. Then, they were discussing things with each other. The atmosphere was pretty good, unlike Qin Xiaoyue and Mengni. The two of them didn't really care about each other anymore, even though they were now mother-in-law and daughter-in-law, they didn't like each other, and they didn't like each other.

"Our Lu Qin is now..."

Qin Xiaoyue thought of the movie that Lu Qin was filming. Just as she was about to show off, Yan Huan stood up. Lu Yi put down his chopsticks and held her hand again, "Mom, I'll send her back to her room. She's tired."

Yan Huan rubbed her eyes. She was indeed tired. She was extremely tired, so she wanted to sleep and rest. She didn't want to listen to other people's nonsense. She was as annoyed as a fly.

"Good, I'm going back too." Ye Shuyun also stood up. She could eat by herself, but if she heard someone's voice, she would lose her appetite.

"Do you still want to eat?"

Ye Shuyun asked Lu Jin who was still sitting steadily on the chair.

What? He still wanted to eat? He had not eaten enough. He could still eat with these two people. If it were in the past, Lu Jin would usually be the first to leave.

"Go, of course," Lu Jin stood up. Sure enough, he did not have the mood to eat. No, it was not that he did not have the mood, but even his appetite was gone.

When the family of four had left, Qin Xiaoyue's words were right on the tip of her tongue.

"Our Lu Qin..." she still wanted to talk about it, but when she saw Mengni sitting on the opposite side, she could not say it out loud. She thought that Mengni, as a wife, knew more about Lu Qin than Qin Xiaoyue, but she knew more than Qin Xiaoyue.

"Eat, you only know how to eat." Qin Xiaoyue threw her chopsticks. She wasn't in the mood to eat anymore. "You don't even work every day. Do you expect our family to support you?"

At this moment, Mengni didn't know how to eat. She could only bite her chopsticks and eat to Qin Xiaoyue's sarcasm. However, she couldn't say anything, couldn't refute, and couldn't explain anything for herself.

That's right, she didn't go to film.

How was she going to film? It was all because of Lu Qin. After those videos were broadcasted, there were very few people who would look for her to film anymore. Her popularity had dropped drastically, and she was even worse than Yan Huan back then, after all, Yan Huan had been famous for three years back then, and he had left behind many good works. However, what did she leave behind? She didn't leave anything behind, just those few lousy films that weren't famous.

Moreover, there was one big difference between her and Yan Huan. No matter what, no matter how bad Yan Huan's popularity was, no matter how bad the movies she took later on were, at the very least, her character was still there, she was stunned that no one had filmed such a video, and no one in the entire country had seen such an unbearable scene.

And it was this unbearable scene that would cause her to be unable to rise up for the rest of her life. In addition to that, her so-called background was also exposed.

She was also not the son or daughter of some multinational company's president. She did not have a grandfather who was a founding father. She was just a girl who was born in an ordinary family. She was able to reach this stage by relying on her own hard work.

That's right. She had married into a wealthy family. Everyone might also think that she had married into a wealthy family. However, what kind of wealthy family was this

Chapter 1458: She could not bear to part with it

She lived in her uncle's house, ate his food and drank his wine.

A mother-in-law without any taste. Every day, she would miss the things in her hands. Her money, her jewelry, even her clothes,

if she did not give it to her, she would either be sarcastic or all sorts of sarcastic. It was fine if she did not give it to her, but she still had to sneak into her room to take it. Every day, she would stare at the necklace on her neck, if she hadn't protected this well, it might have been taken away long ago.

Yes, Qin Xiaoyue wanted to ask for it, but this was with Mengni. Was this called taking? This was clearly stealing.

This was a crime.

But what could she say? Could she refute it loudly? Was she calling Qin Xiaoyue a thief?

In this family, she didn't even have a bit of status now.

Just like what Qin Xiaoyue said, she was eating at home, living at home, and drinking at home. However, it was impossible for them not to know the reason for her eating at home and living at home. It was all because of Lu Qin.

If she hadn't met Lu Qin..,

could she be like this? She didn't even have an endorsement, and she didn't even have an advertisement.

“Look at Yan Huan. Last month, he even gave ye Shuyun a million yuan in living expenses. Did you give it to me? Last month, he bought an aerial garden for ye Shuyun so that she could grow flowers and grass. If you have the ability, why don’t you buy one for your mother-in-law?”

With a smack, Mengni threw the chopsticks on the table.

“If you like Yan Huan, ask your son to marry her.”

Qin Xiaoyue looked at the chopsticks on the table and the words that came out of her mouth were even more fierce. “If it wasn’t for you, my son would have married her long ago.”

Mengni turned around and left. Lu Qin and Lu Yi stood together. Even a fool knew who to choose. Other than Lu Qin’s face, what else could he do? As for Lu Yi.

Even if Yan Huan really did nothing, Lu Yi could still afford to support his wife.

It was the same every time they ate. They had to make the whole family uneasy, and the whole family would not be able to eat well.

On the other hand, Yan Huan could not be bothered to watch the final tit-for-tat between them. Every day, they would bicker and bicker. It was all about these trivial matters, and in the end, it was all about money.

“How much money do you think they need?”

Yan Huan didn’t understand. Even if they had nothing at home and ate, slept, and ate every day, it was impossible for them to starve to death. Old Master Lu gave them a monthly living allowance of 100,000 yuan each. 100,000 yuan a month. Sometimes, even a family couldn’t earn that much in a year. What else did they want to do? How were they going to spend it.

Moreover, how did she realize that Qin Xiaoyue had always been short of money and clothes? How could she be short of money? She had always been the boss of everything she ate and drank. What else could she spend? Moreover, in those two years., in total, she and Lu Qin could spend around 100,000,000 Yuan of Yan Huan’s money. Yan Huan really did not understand where they had spent the money. Even if they ate, they would probably be stuffed to death.

Lu Yi covered Yan Huan with the blanket and let her rest. However, he suddenly thought of this matter again. As for Qin Xiaoyue’s matter, he knew about it.

“Qin Xiaoyue spent all her money on her own family. She is very smart and has her own family business outside. It has nothing to do with the Lu family.”

“En, she is indeed not stupid.”Yan Huan also nodded. She was still quite smart.

However, it was understandable. Qin Xiaoyue always had to make plans for herself. In her heart, she couldn’t rely on her boss’s family, Old Master Lu, and even Lu Qin, only she could be relied on. Therefore, she always kept a close eye on the money in her hands. She could go in, but it was even harder for her to take it out.

“Alright, stop asking so many questions. Go to sleep,”Lu Yi hugged Yan Huan tightly and placed his hand on her eyes. He was just rubbing his eyes to sleep earlier, but why was he feeling better now.

"I can't sleep," Yan Huan tugged at the buttons on Lu Yi's body again. She really couldn't sleep. What should she do if she was feeling energetic again?

"Even if I can't sleep, I have to sleep."

Lu Yi pressed Yan Huan's head into his embrace. Then, he gently patted her shoulder and coaxed her again and again. Just like that, he coaxed her like he was coaxing a child. Finally, he managed to coax her to sleep.

Chief prosecutor Lu had sacrificed a lot. He sacrificed his working time just to accompany her to sleep.

Lu Yi sighed softly

"Let's just do this, alright? Let's just live our lives peacefully without any harm, alright?"

No one heard him mumbling to himself, including Yan Huan.

The sky outside gradually darkened. Yan Huan curled her body into Lu Yi's embrace and slept very peacefully. It had been a long time since she had had that dream.

Moreover, she did not have any dreams.

Was it because she had been too tired recently, or was it because the dream was already far away from her.

The air faintly flowed as if it was separated by a long river of time. After that, in a place that they could not reach, the same person, the same thing, would be a different time.

"She hasn't been doing well recently." He Yibin did not want to say some things, but he could not say them because these things were a little cruel to Yan Huan and Lu Yi, "I found that her brain waves seem to be declining recently."

"Do you understand what I mean?"

He Yibin asked Lu Yi. He believed that Lu Yi could understand, but he could not accept it, and he could not admit it. Although this was not the outcome they wanted, it was something that they could have predicted.

A vegetative state might not be able to continue living forever. There might be other reasons that could lead to the premature end of life. There were many reasons that medical science could not achieve, but.., life itself was not eternal. It depended on whether Lu Yi could accept it or not.

And now that Yan Huan was like this, it was obvious that her body was starting to weaken. Day by day, she was getting worse and worse. Day by day, she was getting closer and closer to death.

And at this moment, the woman lying on the bed was still breathing lightly. She did not seem to have changed at all. It was as if she had fallen asleep. She was the same person at that time.

"Huanhuan, Huanhuan..."

Who was calling her?

"Huanhuan..."

Yan Huan suddenly sat up, and the wind blew the curtains up many times. She stepped on the ground barefooted, then walked to the window and pulled it open.

Then, she looked ahead in a daze, but there was no focus in her eyes. It was as though she had lost something very important, and if she lost it, she would not be able to retrieve it.

And she could not bear to part with it.

“What’s wrong? Lu Yi hugged her from behind. What are you thinking about?”

Chapter 1459: was originally hers

It was nothing.., yan Huan lowered his head and held his hand tightly. Her red lips gently touched it, but something that could not be said slowly dissipated in her eyes.

Lu Yi placed his chin on top of her head. His body temperature was also warming her bit by bit, as if he wanted her to pull back from the abyss hidden in her eyes, where the sun could not be seen.., it was also where the sun could not be seen.

And where the real sun was, under the sky outside, or rather, in everyone’s hearts.

Not long after, the people from the country that Lu Yi had contacted had arrived. When they came, they were very low-key, and there was only one man throughout the whole process. There was also a bodyguard who came. They took a special plane to arrive here, and they also solemnly welcomed back the treasures that belonged to their country.

They came with high-tech items. From the acceptance, they also had to carry out a series of instrument tests. Of course, the 700 million USD had been transferred into Yan Huan’s account without a single cent missing.

These people came without anyone noticing. When they left, they also left without anyone noticing. Therefore, even Lu Jin did not know where the person who came today was dressed in black. Where did he come from, they stayed for less than an hour before they left again.

However, Qin Xiaoyue was a shrewd person. She guessed that it was Yan Huan who sold the National Treasure. Back then, he asked for 300 million yuan. She heard it with her own ears. Of course, Yan Huan did not sell it, instead, he hid the 300 million yuan worth of gemstone in the safe cabinet. She had tried to open it several times, but in the end, she did not have the courage. Finally.., the safe was opened in front of her, but there was nothing inside. It was empty. It was completely empty.

At that time, she was so angry that she smashed the safe.

Regardless of whether it was her or Lu Qin, they both felt that they had been set up by Yan Huan. Yan Huan had already moved those things in advance. or could it be that she had never thought of giving them this thing.

Qin Xiaoyue was so angry that she called Lu Qin,

“Do you think you were stupid back then or something? So what if you just signed a fake marriage certificate with her? Tell her to take those things out as soon as possible. Today, a strange person came to the house and went directly to look for boss. I saw that person’s appearance. He’s not an easterner.

He looks like a foreigner. Moreover, he's a foreigner with a darker complexion. He's even carrying a small box in his hand. We live with a big house every day. Don't tell me that you don't know about Boss's matters? With Boss's identity, no matter how good his relationship is with foreigners, he can't possibly lure them all to his house, right?"

"I think it was that gemstone that was sold. If that gemstone were to land in our hands now, it would be worth hundreds of millions. No matter what you want to do, it would be enough. We would be able to stand out."

The more Qin Xiaoyue thought about it, the angrier she became. The angrier she became, the more she complained. When she thought about the hundreds of millions that she had missed out on, her heart ached. Fortunately, she didn't know... the last piece of the gemstone was sold for more than seven hundred million dollars. Otherwise, she might have really pissed herself to death.

That was because the seven hundred million dollars was hers to begin with.

But now, it had become the boss's. The boss was getting richer and richer, and the people of the boss were getting more and more respectable. The people of the boss were living a peaceful and beautiful life, but their family... why was it that the more they crossed the line, the more they went back.

In the past, she could still save some private money for herself and then invest it. She still had a lot of pocket money on her. When she went out with her sisters, she was also generous and could buy whatever she wanted. But now, she still dared to go out... she was afraid that if she really went out, she wouldn't even have the money to drink tea.

Look at the woman you married.

When Qin Xiaoyue talked about Mengni, her heart was filled with anger again, "She eats and drinks at home. What else can she do besides eating and drinking all day? Can't she go out to work or go to the movies? If she doesn't go out every day, how can she earn money in the future? "She even hid a broken necklace. Does she really think I haven't seen the world?"

"Mom, I still have something to do. I'll hang up first."

Lu Qin stopped listening to these things. The more he listened, the worse his mood became.

It wasn't like he didn't know about Mengni.

After Mengni was filmed, the company didn't allow her to appear again. They only thought that this matter would be forgotten by others first, and then they would talk about refilming.

However, if they changed their thoughts, if that matter was forgotten by others, then one day, even Meng Ni herself would be forgotten.

And now, Meng Ni's career was on the decline, and it was the same for him.

In the past, Yan Huan had taken care of him and could point out his problems. But now, who cared about him? There was no woman like Yan Huan to act for him. His acting skills were not good to begin with, and his grasp of the role was always lacking, just like what others said, he only knew how to act cool and only knew how to act cool. He admitted that he really did not have any acting skills, and now that these shortcomings were exposed, his scenes were unusually difficult to shoot.

He slammed his phone down hard, and his face twisted as well. It was really a waste of his pretty face. Soon, he would have to go back, but he did not want to do it at all.

The more he passed, the more Huan came back.

Lu Qin's filming had not been good either. As for Mengni, she had not gone out for a few months, but Yan Huan had received several endorsements, and he would be filming a few of them.

As for the Big House, it was clear that the recent days were like what Qin Xiaoyue had said. It could be seen that the more he passed, the better he was. He was smiling more and more.

The food outside was already prepared. It was time to eat. Of course, how could Qin Xiaoyue miss the meal? She was always the first to come, and she had already stuck her butt to the stool. She was getting impatient from waiting.

"Why are you still not picking up? Are you trying to starve us to death?" She said rudely, and by 'You', she was referring to Ye Shuyun and the others.

"Your own son is back. If you want to celebrate, that's your family's business. If you want to fire another shot, no one will stop you."

Ye Shuyun said indifferently. Sometimes, face was not given to you, but you had to keep it for yourself.

"If you think we are too slow, you can go eat by yourself. We like to eat late."

Ye Shuyun was not going to give Qin Xiaoyue any face now. Let them carry the burden of their own family's matters. Although they were living well now, they still could not resist the sinister intentions of this second brother's family.

Chapter 1460: was a must

Qin Xiaoyue choked on her words. She was furious and wanted to flip the table over. However, she didn't have the courage to do so because Lu Jin had already given her a warning.

At this moment, Lu Qin and Yu Mengni also came over. The two of them came one after the other. In short, there was a lack of intimacy between them. It didn't seem like they were newlyweds. They were both married., however, there was something missing.

"Sorry, we're late."

A laughter came from behind. Yan Huan wore a white dress as he walked over. He was also wearing a pair of flats. Although he was not as tall as she was when she was wearing the high heels, when he walked beside Lu Yi., he was also shorter than him by a head. However, he appeared as young as a high school student.

She was not old to begin with, and she was only 25 years old this year.

She held Lu Yi's hand. Lu Yi's face was expressionless, but his cold, dark eyes swept past the second brother's family. Even Qin Xiaoyue shrunk her neck, she lifted her chin to the side, and no one knew what she was saying.

Yan Huan turned around and smiled at Lu Yi. That smile was very pure, and it did not contain any trickery. It had to be said that she was really very beautiful, and there was no makeup on her face. But even so, she was still much prettier than Mengni, in addition, Mengni was originally in a bad mood, and her life in the Lu family was not going well. Her complexion was bad, and she also felt much more ordinary. She was suddenly compared to the ground, this time, even Lu Qin's complexion did not look too good.

Yan Huan sat on the chair and did not let go of Lu Yi's hand the entire time. Even if it was an ordinary glance with Lu Yi, it was still uncomfortable for Lu Qin and Qin Xiaoyue, it was also almost like slapping their swollen faces. This was also the reason why Lu Qin did not want to come back, because he would feel like he was being cuckolded, even though he was the one who put the blame on himself.

Yan Huan ate quite well during this meal. She was already very hungry, so when she ate, she only cared about her own stomach and did not care about anything else.

However, when Lu Qin came back, it seemed that the others found it even more difficult to swallow these dishes.

Mengni sat expressionlessly and did not eat much. Qin Xiaoyue and Lu Qin were filled with anger when they remembered that the hundreds of millions were not in their hands. How could they still be able to eat like pigs.

Qin Xiaoyue's face suddenly turned. She kept staring at the necklace on Mengni's neck. Her face also turned gloomy. She had hinted so many times. How long had she been married to their family, until now, she still hadn't expressed anything to her mother-in-law?

Now that she had such an obvious intention, Mengni was still pretending to be stupid.

"Sigh, this neck is empty. It's just a little uncomfortable."

Qin Xiaoyue touched her neck. It was indeed uncomfortable because she didn't have anything to take with her. The jewelry that she liked the most in the past, Yan Huan, that B * TCH, had all been taken away. As for the rest, it wasn't too bad. She had taken it from Ye Shuyun. No matter which one it was, it was impossible for her to take it out.

Mengni continued to eat, pretending not to hear anything. Anyway, she didn't know what Qin Xiaoyue was thinking about, but she wouldn't give her things.

Lu Qin warned Qin Xiaoyue, telling her to restrain herself. In front of so many people, wasn't it embarrassing? It wasn't easy for him to come back, so could he not mention these things.

However, Qin Xiaoyue, who always got what she wanted, couldn't give up when she didn't get what she wanted. Otherwise, she wouldn't bring it up and insult Mengni.

Qin Xiaoyue looked at the necklace on Mengni's neck again.

"Mengni, aren't you tired of wearing this every day?"

"It's okay." Mengni touched the necklace on her neck. "This is my favorite. Of course, I can't get tired of wearing it."

Qin Xiaoyue choked for a moment. She was so angry that her face turned green again.

Lu Yi scooped a bowl of soup and placed it in front of Yan Huan.

Yan Huan took the soup and took a sip happily. Then, he smiled at Lu Yi. If there weren't so many people here, she would definitely let prosecutor Lu feed her. Only then would they look like a couple.

Qin Xiaoyue, who was opposite her, was still unwilling to give up. She said, "I see that the color of your necklace is not bad, but it's a little old-fashioned for you. It should be suitable for people of our age," in front of her son.., this MENGNI should be on the right track. Qin Xiaoyue thought so. Otherwise, she would not have brought up the necklace again.

"I feel okay." Mengni had learned how to go in one ear and out the other, but her eyes were filled with impatience. She had made it very clear whether this was over or not, she did not want to give this necklace to anyone. She had rejected it so many times. If she still wanted it, would she have any face?

Lu Qin stood up and left immediately. His face was also filled with disgust and embarrassment. He did not want to lose face in front of Yan Huan the most. However, he had lost everyone now, it was not that he did not want to come back in the future.

Yan Huan suddenly sniffed. She felt wronged. She had been wronged for two years.

Just thinking about it made her heart ache.

"What's wrong? Lu Yi put down his chopsticks. He's fine. Why are you unhappy again?"

Yan Huan raised her face. "You can't bully me in the future."

What else could Lu Yi say? What had he ever bullied her?

"In any case, I just can't," Yan Huan said as he thought of his past.

"Then..." Lu Yi listened to her.

"You can't let others bully me," Yan Huan began to push his luck. He was clearly angry at someone.

"Okay," Lu Yi agreed. Of course, he also played along with Yan Huan's thoughts.

"If others don't bully me, you have to let others bully me too. Then, help me bully them back."

Yan Huan reached out and tugged at his sleeve.

Ye Shuyun raised his face, suddenly, puff, the soup on the spot so that Qin Xiaoyue spray face.

Ye Shuyun Leng, Qin Xiaoyue is also Leng.

Even Yan Huan was the same, not to mention Mengni who sat beside Qin Xiaoyue. Of course, although Mengni didn't like Qin Xiaoyue, the matter on the surface still had to pass. She pulled out a tissue, in front of Qin Xiaoyue,

"Mom, Wipe Your Face First."

Just a PA, Qin Xiaoyue directly raised a hand to swing over, that slap also so on Mengni's face.

Mengni this time is really hit blindfold, her eye corner is twitching, face is also burning pain

And Qin Xiaoyue also didn't apologize, what else could she apologize for? She grabbed a bunch of tissue paper, randomly wiped her face, and then glared at Mengni, her eyes were staring at the necklace on Mengni's neck.
